## USB Headset H530

### Hear the details

- **Laser-tuned drivers. USB connection.**
- **Super wideband audio**
- **On-ear audio controls**
- **Plush headband and ear cups**
- **Noise-cancelling microphone**

The Logitech® USB Headset H530. Hear the details. Laser-tuned drivers and a pure digital USB connection provide clear audio for voice and video calls, as well as music, movies and games. When you make voice and video calls with Logitech Vid™, Skype™ 4.0 for Windows® or later, and Skype 2.8 for Mac® or later, you'll enjoy sound so clear it's like you're in the same room as the people you call. On-ear audio controls allow you to optimise your audio, whether you're talking, listening to music or playing games. A padded foam headband and cushioned ear cups give you a comfortable fit. And a noise-cancelling microphone reduces annoying background noise and rotates out of the way when you're not using it.

### SYSTEM REQUIREMENTS

- Windows® or Mac OS®
- USB port
- Super wideband audio supported in Logitech Vid™, Skype™ 4.0 for Windows or later, and Skype 2.8 for Mac or later.

Logitech®

# USB Headset H530
