To streamline this process, SBBC has partnered with EXIGIS Risk Management Services to collect and verify insurance documentation. (b) As part of such compliance, VENDOR shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall VENDOR retaliate against any person for reporting instances of such discrimination. VENDOR shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the SBBC's relevant

marketplace. VENDOR understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in SBBC Agreements, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

2.14 **Annual Appropriation.** The performance and obligations of SBBC under this Agreement shall be contingent upon an annual budgetary appropriation by its governing body. If SBBC does not allocate funds for the payment of services or products to be provided under this Agreement, this Agreement may be terminated by SBBC at the end of the period for which funds have been allocated. SBBC shall notify the other party at the earliest possible time before such termination. ARTICLE 3 – GENERAL CONDITIONS

3.01 **No Waiver of Sovereign Immunity.** Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

3.02 **No Third Party Beneficiaries.** The parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the parties intend to directly or substantially benefit a third party by this Agreement. The parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against any of the parties based upon this Agreement. Nothing herein shall be construed as consent by an agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of any Agreement.

3.03 **Independent Contractor.** The parties to this Agreement shall at all times be acting in the capacity of independent contractors and not as an officer, employee or agent of one another. Neither party or its respective agents, employees, subcontractors or assignees shall represent to others that it has the authority to bind the other party unless specifically authorized in writing to do so. No right to SBBC retirement, leave benefits or any other benefits of SBBC employees shall exist as a result of the performance of any duties or responsibilities under this Agreement. SBBC shall not be responsible for social security, withholding taxes, contributions to unemployment compensation funds or insurance for the other party or the other party's officers, employees, agents, subcontractors or assignees.

3.04 **Default.** The parties agree that, if either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party (30) calendar

days written notice to cure the default. However, if said default cannot be cured within said thirty (30) calendar day period and the defaulting party is diligently attempting in good faith to cure same, the time period shall be reasonably extended to allow the defaulting party additional cure time. Upon the occurrence of a default that is not cured during the applicable cure period, this Agreement may be terminated by the non-defaulting party upon thirty (30) calendar days notice. This remedy is not intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or future exercise thereof. Nothing in this section shall be construed to preclude termination for convenience pursuant to section 3.05.

3.05 **Termination.** This Agreement may be canceled with or without cause by SBBC during the term hereof upon thirty (30) calendar days written notice to the other parties of its desire to terminate this Agreement. In the event of such termination, SBBC shall be entitled to a *pro rata* refund of any pre-paid amounts for any services scheduled to be delivered after the effective date of such termination. SBBC shall have no liability for any property left on SBBC's property by any party to this Agreement after the termination of this Agreement. Any party contracting with SBBC under this Agreement agrees that any of its property placed upon SBBC's facilities pursuant to this Agreement shall be removed within ten (10) business days following the termination, conclusion or cancellation of this Agreement and that any such property remaining upon SBBC's facilities after that time shall be deemed to be abandoned, title to such property shall pass to SBBC, and SBBC may use or dispose of such property as SBBC deems fit and appropriate.

3.06 **Compliance with Laws.** Each party shall comply with all applicable federal, state and local laws, SBBC policies, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

3.07 **Place of Performance.** All obligations of SBBC under the terms of this Agreement are reasonably susceptible of being performed in Broward County, Florida and shall be payable and performable in Broward County, Florida.

3.08 **Governing Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted exclusively to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida or to the jurisdiction of the United States District Court for the Southern District of Florida. Each party agrees and admits that the state courts of the Seventeenth Judicial Circuit of Broward County, Florida or the United States District Court for the Southern District of Florida shall have jurisdiction over it for any dispute arising under this Agreement.

3.09 **Entirety of Agreement.** This document incorporates and includes all prior negotiations, correspondence, conversations, agreements and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

3.10 **Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

3.11 **Assignment.** Neither this Agreement nor any interest herein may be assigned, transferred or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement including, without limitation, the partial assignment of any right to receive payments from SBBC.

3.12 **Captions.** The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way affect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

3.13 **Severability.** In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

3.14 **Preparation of Agreement.** The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

3.15 **Amendments.** No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

3.16 **Waiver.** The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

3.17 **Force Majeure.** Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented by fire, hurricane, earthquake, explosion, wars, sabotage, accident, flood, acts of God, strikes, or other labor disputes, riot or civil commotions, epidemics, pandemics, government regulations, and the issuance or extension of existing government orders of the United States, the State of Florida, or local county and municipal governing bodies, or by reason of any other matter or condition beyond the control of either party, and which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall lack of funds on the part of either party be deemed Force Majeure.

3.18 **Survival.** All representations and warranties made herein, indemnification obligations, obligations to reimburse SBBC, obligations to maintain and allow inspection and audit of records and property, obligations to maintain the confidentiality of records, reporting

requirements, and obligations to return public funds shall survive the termination of this Agreement.

3.19 **Agreement Administration.** SBBC has delegated authority to the Superintendent of Schools or his/her designee to take any actions necessary to implement and administer this Agreement.

3.20 **Counterparts and Multiple Originals.** This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Agreement.

3.21 **Authority.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the date first above written.

A. SOURCEWELL

Sourcewell is a State of Minnesota local government agency and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ members across the United States and Canada. Sourcewell's solicitation process complies with Minnesota law and policies, and results in cooperative contracting solutions from which Sourcewell's members procure equipment, products, and services.

Cooperative contracting provides members and vendors increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted vendors potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. MEMBERS AND USE OF RESULTING CONTRACTS

Membership in Sourcewell is open to government and non-profit entities across the United States and Canada; such as municipal, state/province, K-12 and higher education, tribal government, and other public entities. Access to contracted equipment, products, or services by Members is typically through a purchase order issued directly to the applicable vendor. A Member may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Members retain the right to obtain similar equipment, products, or services from other sources.

To meet Members' needs, public notice of this RFP has been broadly published, including notification to each state-level procurement department for possible re-posting. As required by certain states, an Appendix of Members is included in this RFP and can be found in the Sourcewell Procurement Portal. Proof of publication will be available at the conclusion of the solicitation process.

For Canadian entities: This RFP is intended to include municipalities and publicly-funded academic institutions, school boards, health authorities, and social services (MASH sectors); including members of the Rural Municipalities of Alberta (RMA), and their represented Associations: Saskatchewan Association of Rural Municipalities (SARM), Saskatchewan Urban Municipalities Association (SUMA), and Association of Manitoba Municipalities (AMM).

II. EQUIPMENT, PRODUCTS, AND SERVICES

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that Proposers offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Office Supply Catalog Solutions, to include a complete electronic catalog system permitting Sourcewell and Sourcewell Members to make web-based purchases, and receive delivery of:
 - a. Office supplies and equipment, including, but not limited to, paper or writing products, refills and consumables, boxes and storage supplies, packaging and shipping products, cleaning and facility supplies, organizers and boards, books and forms, measurement and calculation tools or devices, fasteners, tapes and adhesives, mats, and similar or related products;
 - b. Breakroom supplies, including paper or tissue products and cleaners;
 - c. School and classroom supplies;
 - d. Warehouse and materials handling supplies;
 - e. First aid and safety supplies;
 - f. Office food service ware and supplies;
 - g. Promotional products and supplies;
 - h. Technology-related supplies, equipment, or accessories, including toner and ink, memory media, batteries or power supplies, laptops, Chromebooks, MFPs, printers, cords, headsets, keyboards and mice, and similar or related products; and,
 - i. Customer support or assessment services related to the purchase of the supplies or products described in subparts a – h above.
2. Proposers may also include furniture, seating, and storage equipment solutions complementary to the office supplies described in Sections 1. a. – g. above.

The catalog must be designed to populate with the Sourcewell and Sourcewell Member pricing offered by Proposer. To the extent that Proposer includes sales through retail store locations, the system must be capable of providing Sourcewell and Sourcewell Member pricing for purchases at Proposer's retail store locations.

The primary focus of this solicitation is the offering of a web-based office supply catalog, but alternate forms of transaction (e.g., PO and invoice transactions) are a permissible ancillary service method.

This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:

- a. RFP#091719 Event Seating and Staging Solutions with Related Accessories and Services;
- b. RFP#121919 Furniture Solutions with Related Accessories and Services; and,
- c. RFP #010920 Industrial and Workplace Storage Systems with Related Accessories

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Sourcewell Members are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Sourcewell Members possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation those equipment/products being proposed.

Sourcewell prefers vendors that provide a sole source of responsibility for the products and services provided under a resulting contract. If Proposer requires the use of dealers, resellers, or subcontractors to provide the products or services, the Proposal should address how the products or services will be provided to Members and describe the network of dealers, resellers, and/or subcontractors that will be available to serve Sourcewell Members under a resulting contract.

Sourcewell desires the broadest possible selection of products/equipment and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and potential Members.

C. REQUIREMENTS

It is expected that Proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Members.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.

2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, Proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the Proposal, equipment and products must be delivered to the Member as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four (4) years. An extension may be offered based on the best interests of Sourcewell and its members.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$500 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Members. The Proposer's Marketing Plan should demonstrate Proposer's ability to deploy a sales force or dealer network to Members, as well as Proposer's sales and service capabilities. It is expected that Proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to Proposers able to best meet the need of Members. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal. Sourcewell cannot consider information that is not provided in the Proposal. Sourcewell reserves the right to verify Proposer's information and may request clarification from a Proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the

requested equipment, products, or services to Members. Awards may be based on a subcategory.

4. A Proposer's documented negative past performance with Sourcwell or its Members occurring under a previously awarded Sourcwell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
 - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the Vendor's published "List Price," as well as the "Contract Price."
 - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcwell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.
2. The Proposer's ceiling price (Ceiling price means that the proposed pricing will be considered as the highest price for which equipment, products, or services may be billed to a Member). However, it is permissible for vendors to sell at a price that is lower than the contracted price;
3. Stated in U.S., and Canadian dollars for Proposers intending to sell in Canada (as applicable); and
4. Clearly understood, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Member's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the Proposer. Additionally, Proposers should clearly describe any unique distribution and/or delivery methods or options offered in the Proposal.

B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcwell an administrative fee in exchange for Sourcwell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage

of the total sales to Members for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell. Only those modifications the Proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in a proposal being disqualified from further review and evaluation.

To request a modification to the Contract terms, conditions, or specifications, a Proposer must complete and submit an Exceptions to Terms, Conditions, or Specifications Form, with all requested modifications, through the Sourcewell Procurement Portal at the time of submitting the Proposer's response.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted on page one of this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that requested a copy of this RFP through the Sourcewell Procurement Portal. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

Questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a Proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the Proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential Proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the Proposer by checking the box for each addendum. It is the responsibility of the Proposer to check for any addenda that may have been issued up to the time for solicitation closing.

If an addendum is issued after a Proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the Proposer's proposal status to INCOMPLETE. The Proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The Proposer is solely responsible to:

- i) make any required adjustments to its proposal;
- ii) acknowledge the addenda; and
- iii) Ensure the re-submitted proposal is RECEIVED through the Sourcewell Procurement Portal no later than the closing time and date shown in the Solicitation Schedule.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Only complete proposals that are timely submitted through the Sourcewell Procurement Portal will be considered. Late proposals will not be considered.** It is the Proposer's sole responsibility to ensure that the proposal is received on time.

All proposals must be received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time noted in the Solicitation Schedule above. It is recommended that Proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The closing time and date is determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to twenty-four (24) hours to respond to certain issues.

Upon successful submission of a proposal, the Portal will automatically generate a confirmation email to the Proposer. If the Proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the Proposer has obtained this solicitation document from a third party, the onus is on the

Proposer to create a Sourcewell Procurement Portal Vendor Account and register for this solicitation opportunity.

All proposals must be acknowledged digitally by an authorized representative of the Proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, Proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the Proposer to remedies available by law.

E. GENERAL PROPOSAL REQUIREMENTS

- In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
- Complete. A proposal will be rejected if it is conditional or incomplete.

Using this innovative tool, the Staples Facilities Specialist can take pictures of various areas and have a conversation with the facility manager about their recommendations for enhancing current assets. Later, a report is generated that includes those pictures as well as a written description of the recommendation and rationale behind it. Then, the Staples Facilities Specialist shares a customized presentation translating our findings into a straightforward, impactful current versus future state comparison. SMARTSIZE PACKAGING™ Order delivery is a major area of Staples' and our customers shared environmental footprint. Staples has rolled out award-winning SmartSize technology to most of our U.S. fulfillment centers that tailors box sizes to the exact size of the order. In addition to utilizing about 20% less corrugate, SmartSize lessens our use of air pillows by approximately 60%. In addition, it not only reduces packaging waste, but helps optimize the available space of our courier vehicles. ROBOTIC MATERIAL HANDLING SOLUTION Staples recently developed a cutting-edge robotic material handling solution for our fulfillment centers. Unlike other systems in the market today, the automated robotic storage and retrieval system incorporates two types of automated guided vehicles into a unified system that brings both high and low cubic velocity items to a single pick and pack station. This unique robotic material handling solution provides a more efficient and flexible warehousing operation that improves service to our customers. This solution is live in four of our fulfillment centers and is rolling out across our remaining fulfillment centers in the months to come. We are also exploring other potential applications for our groundbreaking technology outside of our fulfillment centers. E-COMMERCE Staples' new strategy is driven by the company's commitment to helping professionals make their workplaces more productive and connected, and to provide products and services designed to help inspire colleagues to do their best, most creative work. Central to our reimagined brand is an upcoming new, interactive digital experience to make it easier for customers to build a workplace that makes every employee's Worklife fulfilling and collaborative. The future online experience will connect customers to products and solutions in a variety of ways, from intelligent content and peer recommendations, to intuitive shopping and buying tools. Recent enhancements include making it easier to find and reorder product, improving basic ordering features and adding more self-service features. PRINT Technological advances are critical to our corporate strategy. Within print, new direct-to-plate, electronic proofing, digital presses, and electronic pre-press are constantly evolving. The internet has changed and improved many business processes. Electronic forms of varying complexities continue to improve overall business processes. The communications infrastructure required to successfully integrate these technologies is also improving. All these technologies, and more, are changing the printing industry. MANAGED PRINT SERVICES Patrol box is a device hardware, firmware and server application that was developed by DEX Imaging's internal R&D department. 50	Describe any performance standards or guarantees that apply to your services (back-orders, retired products, substitutions, order delays or problems, metrics, etc.).	<p>Delivering your order complete, correct, undamaged and on-time is as important to us as it is to you. Our Supply Chain Quality Assurance team partners cross-functionally within the Staples organization to drive an outstanding customer experience. This means we strive for orders to be picked complete and correct, delivered on-time to the correct location, without damages or defects, every day. The Staples' Supply Chain Quality Program includes:</p> <ul style="list-style-type: none"> • Quality Assurance Supervisors and Leads located in each of our fulfillment centers to drive process improvements • A central Supply Chain Quality Assurance team that develops tools and processes to help local Quality Assurance teams identify and address defects within the order fulfillment process • Conducting weekly interactive and cross-functional collaboration forums to share best demonstrated practices and trends within the business • Tracking key metrics on a daily, weekly and monthly basis <p>THE PROOF IS IN THE NUMBERS</p> <p>We track a variety of metrics to measure quality and service throughout our fulfillment and delivery operations.</p> <ul style="list-style-type: none"> • Fill Rate – Calculated as the percentage of in-stock items shipped from your primary fulfillment center. Our fill rate for 2018 was 97.1%. • Missing & Wrong Rate – Calculated as the percentage of total orders with an error. We count each issue within one order as separate errors. Our missing and wrong rate for 2018 was 0.37%. • Returns Rate – Calculated as the percentage of returns placed. When returns occur, we have processes in place to credit you quickly. Our returns rate for 2018 was 1.45%. • Delivered by Date Confirmed – Calculated as the percent of fulfilled shipments (excluding dropship) where all cartons were delivered on or before the date promised at order confirmation. Our delivered by date confirmed rate for 2018 was 92%. <p>If quality levels fall below expectations, we use a combination of root cause analysis and process improvement techniques to identify and resolve the problem. Our continuous improvement processes have resulted in year-over-year quality level improvement.</p> <p>BACKORDERS</p> <p>Staples goes to great lengths to stock the right assortment of products to meet our customers' needs. We use sophisticated inventory models to ensure that items are stocked in the right fulfillment centers and in the right quantities. We continuously gather customer input to determine which products to include in future stocking models, including the slower moving but necessary ones.</p> <p>Staples' fulfillment logic can source an item from the next closest fulfillment center or a wholesaler when an item is temporarily out of stock. This platform technology allows Staples to fulfill a high percentage of orders immediately. Orders filled by wholesalers are married up with your Staples orders for seamless, on-time delivery. During the implementation process, Staples can work with participating Members to eliminate wholesale items from your core list to offer the best selection of items at the optimal price.</p> <p>Users on StaplesAdvantage.com can also confirm that an item will be delivered the next business day by viewing the Expected Delivery Date notification which automatically displays per item during check out. The checkout page displays a banner when there's an out of stock item. This provides the end user with the opportunity to choose a replacement the item, if preferred.</p> <p>When backorder situations occur, customers receive an email notification alerting them of the delay and of the expected delivery date.</p>

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
51	What are your payment terms (e.g., net 10, net 30)?	<p>Staples' standard payment terms are Net 30 days. Each participating Member will remit all invoice payments, including all taxes on its product purchases to Staples in thirty (30) calendar days from receipt of invoice, unless otherwise agreed to in writing by Staples and Member. In the event a participating Member fails to comply in any material respect with the foregoing payment terms, Staples may, at its sole discretion and in addition to any other right or remedy available under applicable law or in equity, immediately suspend all deliveries to such Member's location(s) by written notice to such participating Member and to Sourcewell.</p>

52	Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?	Staples is flexible and utilizes multiple third-party leasing sources for eligible Staples customers. Participating Members may have an existing relationship with their own choice of leasing providers, and we may work with that provider if mutually agreed to. Leasing terms and conditions vary by lease provider and the requirements of the acquisition and are determined as the solution is developed and the leasing source is finalized. Our broad range of leasing options is flexible so that you can tailor the length, acquisition type and amount of your payments to meet your business' needs. Lease options include capital or operating lease options, giving you end of term options to keep (own), upgrade or return assets. Leases may allow for certain soft expenses like service, software and accessories to be include in the monthly payments for an asset acquired under lease. Staples can work with your organization to help finalize the option that best suits your needs.	*
53	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell Members' purchase orders.	Staples operates as a reseller/distributor and does not have a dealer network. Our key business goals center on helping our customers simplify the ordering process, eliminating hidden costs in the procurement process and enhancing delivery accuracy. We offer a variety of ordering methods to achieve these goals: <ul style="list-style-type: none"> • Online via StaplesAdvantage.com • Mobile App • Electronic Data Interchange (EDI) • Third-party interface • Buy Online, Pick Up in Store • Telephone (toll-free number) ORDER FULFILLMENT PROCESS <ol style="list-style-type: none"> 1) Order Placement – Once Staples receive the participating Member's order, it is entered into our order management system. Our system manages customer requirements and validates each order as it is placed. 2) Order Sourcing & Routing – Once in our system, the order goes through a standardized process that determines how to fill the order. The system chooses the best location to source the item, either from the primary or secondary fulfillment center or from a wholesaler — whichever will provide the shortest delivery time for the customer. 3) Box Creation – Next, the warehouse management system creates the optimal box size for each order. Our system analyzes the dimension and weight of each product to ensure their order is protected against damages without excess packaging material. Each carton receives a unique barcode to track it throughout the order cycle in our package tracking system. 4) Order Picking & Quality Control – Fulfillment associates pick orders, inspect for quality and pack orders for shipment. Methods for picking orders include pick-to-light, robotic picking and system-generated tasks to pick everything from a full pallet of paper to an individual toner cartridge. Sophisticated conveyor systems direct cartons through the required pick zones, through Quality Control for final inspection and then finally onto the correct truck for delivery. We perform regular analysis to ensure every order is a complete order — delivered the next business day, without substitutions or damaged, wrong or missing items. 5) Delivery – Once the source for an order is determined, our order management system determines the best method for delivery. Package tracking information uploads into our system once the fulfillment center processes the order for shipping. This tracking system reduces delays, errors and provides visibility to Customer Service Representatives and delivery associates. Customers can check the status of their orders through package tracking on our e-commerce site without contacting customer service. QUARTERLY REPORTING TO SOURCEWELL Staples understands this requirement and has the ability to provide quarterly reporting as requested. However, further discussion is requested on the distribution methods for reporting due to the size and scope of the metrics and transactions to be included.	*
54	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell Members for using this process?	Yes. Procurement Cards (P-Cards) represented by one of the major credit cards (Visa, MasterCard, American Express and Discover) may be used at the time of purchase. However, P-cards may not be used to pay invoices.	*

For purposes of contract management, Staples may provide to Sourcewell an updated report no more than once a calendar quarter, which shall identify the SKU numbers and prices for the new items that Staples and Sourcewell have added, as well as SKU numbers for items that have been removed from the from the Core List. 57	Describe any quantity or volume discounts or rebate programs that you offer.	Our proposal reflects updated attributes related to pricing, rebates and incentives based on our experience with Sourcewell participating Members' behaviors and desires, as well as market conditions. Staples may offer additional pricing discounts and/or incentives to an individual participating Member based upon commitments and variables that may include, but not limited to, Member size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements. Members receiving custom pricing or incentives may be required to sign a Participation Agreement with Staples.	*
58	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Staples customers frequently request we source goods and services on their behalf that could be non-stock or custom in nature and are within the scope of our sourcing and distribution capabilities. Staples will also facilitate access to these "Sourced Goods" and services to Sourcewell and its participating Members. Despite having hundreds of thousands of items available through our e-commerce site, Staples customers often have unique product sourcing needs that range from forklifts to industry-specific proprietary items. To fulfill these unique requests for our customers, Staples maintains a highly specialized non-stock procurement team available to assist our customers with these unique requests. Users can submit special order requests directly through our e-commerce site or through your Staples Account Manager. The non-stock procurement team works diligently to fulfill your product needs quickly and at the lowest possible cost. The prices for Sourced Goods shall be those prices that appear on the ordering platform at time of order, or as otherwise established between Staples and the applicable participating Member at the time the order is placed. Sourced Goods may include additional delivery or handling charges that would be the responsibility of the ordering Member.	*
59	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	There may be additional services available which are associated with certain products, including, but not limited to: furniture, facilities, technology, or water/coffee dispensers, etc. which at the option of the Member may be purchased or leased at the time of order/agreement. The costs for such services shall be paid to Staples by the Sourcewell Member. Additionally, there may be some items, typically furniture, where there may be an additional fee charge by the manufacturers that will be passed along to the ordering participating Member.	*
60	If freight, delivery, or shipping is an additional cost to the Sourcewell Member, describe in detail the complete freight, shipping, and delivery program.	Staples does not apply additional charges or fees for standard delivery. However, there are some special exceptions where a delivery or special handling fee may apply. 62 Describe any unique distribution and/or delivery methods or options offered in your proposal.

Staples delivers an average of 675,000 cartons per day. Our delivery experience, combined with our advanced distribution network, makes us the industry leader. We recently increased the square footage across our 24 strategically located fulfillment centers, ensuring we have more product in stock for next-business-day deliveries. Staples uses a combination of our own fleet, national delivery services, Staples-exclusive carriers and third-party couriers to ensure the fastest, most efficient delivery options for our customers. Our third-party couriers undergo a rigorous evaluation process and we require them to meet our customers' service level agreements. Staples couriers are selected based on the caliber of their management and delivery drivers, their equipment and, more specifically, their ability to provide timely and excellent customer service.

PREMIUM DELIVERY OPTIONS

As part of each participating Member's account setup, we may meet to discuss the individual needs and develop delivery protocols that make it easy to do business with Staples. Our normal delivery hours are 8:00 a.m. to 5:00 p.m. local time, Monday through Friday. Requests for premium delivery service are vetted by our internal transportation team prior to approval. Examples of delivery service exceptions we have approved in the past include:

- Specific delivery windows (before noon, after 10:00 a.m., etc.)
- Desktop delivery (desk to desk)
- Inside delivery (specific floor)
- Mailroom delivery (by floor)
- Delivery to copy areas (where we leave a fixed number of cases of paper per mailroom, in some cases, stocking the shelves)
- Loading boxes through an X-ray machine prior to making delivery

Additional costs may apply for premium services and is customized based on each participating Member's specific requirements.

SAME-DAY DELIVERIES

Same-business-day delivery can be investigated as a possibility by contacting Staples Customer Service. To ensure all appropriate process checks are completed, we recommend a cut-off time of 11:30 a.m. local time. To account for added transportation costs and courier fees incurred on our end, we do require a separate charge for same-business-day requests.

Our industry-leading network of U.S. stores gives participating Members easy same-day purchasing solutions. Your employees can make in-store purchases and receive your customer pricing for both office supplies and a full range of print and marketing solutions. Or, use our Buy Online, Pick Up in Store option, and your items will be available for pickup in less than one hour.

There are some exceptions to same-day delivery service. The delivery location must be within 50 miles of a Staples fulfillment center. Further, the fulfillment center must have the capacity to handle the request that day. In addition, the following items cannot be delivered same day:

- Furniture
- HAZMAT items (this includes items that contain Lithium batteries)
- Liquid
- Food and beverage items
- Custom items
- Drop ship or special-order items
- Orders containing more than six SKUs

BUY ONLINE, PICK UP IN STORE

Participating Members can purchase a wide variety of items on StaplesAdvantage.com and pick their items up in one hour or less at any of our U.S. retail stores. This allows your users to buy within your established purchasing program, with your contract rules and pricing, for same-day purchases. Users can even filter by Pick Up in Store to make those emergency purchases quicker.

PRINT TO STORE

Participating Members can also use Staples' Print to Store option to print directly from their computer to any Staples retail location for pickup. From black & white or color printing to binding and booklet options, Print to Store offers more than 2,000 finishing configurations for your employees' printing needs. Print to Store bills directly to your Staples account, ensuring compliance and more robust tracking while providing easy, on-the-go printing services for your remote and traveling employees.

Participating Members can upload and reconfigure their documents, save their files for future reordering and proof all orders online before submitting. At any time, they can submit their orders right from their desktop to Staples, with delivery to any Staples retail location.

STAPLES PROMOTIONAL PRODUCTS

Staples Promotional Products has a 500,000 square foot contract decoration and distribution center in Orange City, IA. This facility does embroidery, screen print, laser engraving, digital heat transfer, and more. We have pick-to-voice technology and use a pack-right shipping system to cut boxes to the order size. Our facility is centrally located for distribution throughout the U.S. We also use FedEx as our preferred shipper but can utilize any major carrier service. As of 2019, it's also moved to achieve zero waste to landfill status.

As a result, while pricing may vary, Staples feels that its proposal provides competitive pricing and exceptionally strong value-added attributes.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
64	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell.	<p>At Staples, we take our national contract obligations seriously. We have a long history of providing accurate pricing and conducting compliance audits with Sourcwell and its participating Members. To maintain contract compliance, we continually verify our pricing data and hold ourselves accountable to the highest internal pricing standards. As such, we have multiple processes in place to ensure pricing accuracy and consistency. For example, national contract pricing is managed and maintained by a single, knowledgeable and experienced pricing team. This ensures that all pricing is consistent with the contract terms and requirements. We also review pricing on a regular basis and compare it to the contract pricing requirements. This further guarantees that your participating Members receive pricing that is consistent.</p> <p>Staples may also work with manufacturers to frequently spot-check and audit pricing and discounts that are applied to customer orders. Additional audits and periodic pricing checks may be conducted randomly throughout the term of the contract to add an extra level of protection and audit control as deemed necessary to maintain our pricing integrity.</p>
65	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	<p>Unless otherwise mutually agreed to in writing by Sourcwell and Staples, and except as stated below, Staples will pay Sourcwell an administrative fee of one and half percent (1.5%) of the Members' aggregate Net Sales during each calendar quarter, which have been timely paid, to be paid within forty five (45) days after the end of each calendar quarter.</p> <p>An exception to the above 1.5% admin fee would be that Staples will pay Sourcwell one half of one percent (0.5%) administrative fee for participating Members' aggregate Net Sales under the managed print services ("MPS") program of the Contract and one quarter of one percent (0.25%) on technology product Net Sales.</p> <p>Net Sales. Net Sales will be defined as the gross sales price of the applicable products sold pursuant to this Contract, less shipping costs (including freight charges and insurance), taxes, duties, any rebates actually paid, discounts and allowances actually taken, rejections and returns to the extent credit is given or paid, and also excluding purchases made via staples.com, or any Staples retail channel.</p>

Table 15: Industry Specific Questions

Line Item	Question	Response *
79	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Some internal metrics used to measure success with the contract include number of participating Members under the contract, geographic distribution of participating Members, sales and number of orders by participating Member and year over year sales growth. Additionally, success metrics can be mutually established and measured in scheduled business reviews between Staples and Sourcewell. Having serviced Sourcewell participating Members for many years, we know that we need to continually raise the bar in our national contract performance. As a current Sourcewell awarded supplier, we commit to increasing our overall value with the built-in flexibility to accommodate the evolving needs of your participating Members.

<p>80</p>	<p>If you are a dealer, distributor, or reseller, describe your capabilities for verification of product authenticity, quality control, and documentation of custody in your supply chain.</p>	<p>Staples is committed to providing high quality products that last, leading to fewer returns, fewer reorders and less frustration for our customers. To uphold this commitment, we capture reporting and regularly audit the quality of the products we source from suppliers, as well as from Staples-exclusive products. Staples' strict product sourcing process assures that products offered are genuine by sourcing products only from OEMs and authorized resellers to mitigate the risk of cloned, fake or counterfeit products that could potentially put Sourcewell Members at risk.</p> <p>ANNUAL VENDOR REVIEWS</p> <p>We only source from the most trusted and reputable suppliers in our industry, including leading wholesalers and brands such as 3M, HP, Avery and HON. We conduct annual vendor contract reviews to measure our suppliers' quality performance. We evaluate the number of returns placed on their products as well as general customer satisfaction survey feedback. At 1.45%, our low product-return rate is a testament to our relentless focus on quality.</p> <p>PAPER & WOOD-BASED PRODUCT SOURCING POLICY</p> <p>We also actively work with our key paper suppliers to ensure transparency into their sourcing and production methods with respect to environmental and social responsibility. The majority of our paper suppliers have achieved chain of custody certification with one or more programs, including the Forest Stewardship Council (FSC) and Sustainable Forestry Initiative (SFI). Approximately 90% of the paper products we sell by weight in the U.S. are manufactured and/or distributed by vendors with FSC chain of custody certification, including brands like Domtar, International Paper, Georgia Pacific, Kimberly Clark, 3M, Esselte, Fellowes, Marcal and others. Our Paper and Wood Based Product Sourcing Policy forms the foundation of our commitment to ensure the paper products we sell are sourced in an environmentally and socially responsible manner. It also defines our expectations for suppliers of paper-based products. The policy focuses on four key areas:</p> <ul style="list-style-type: none"> • Protecting forest resources and communities by seeking to source certified products • Reducing demand for virgin wood fiber • Sourcing from suppliers committed to environmental excellence • Promoting responsibly sourced paper and wood products to our customers <p>PROGRAMS & PARTNERSHIPS</p> <p>We collaborate with a few key non-profits to help us improve paper and wood product sustainability. This includes partnerships with the Rainforest Alliance on the Appalachian Woodlands Alliance and various projects with the Forest Products Working Group (FPWG), an initiative of GreenBlue.</p> <p>PRODUCT BRANDS EXCLUSIVE TO STAPLES QUALITY ASSURANCE</p> <p>Product brands exclusive to Staples are subject to a comprehensive Quality Assurance program that includes:</p> <ul style="list-style-type: none"> • Product Design – Product brands exclusive to Staples are designed to meet or exceed national brand equivalent specifications. • Factory Certification – Production facilities in developing countries undergo third-party audits to uphold our standards for social responsibility and to guarantee practices are in place to deliver quality products. • Rigorous Testing & Inspection – All products are engineer-tested for quality in leading independent labs. Inspectors pull samples from the production line to confirm that products are manufactured to our exact specifications before they ship to our warehouses. • Continuous Monitoring – Throughout a product's lifecycle, inspectors pull samples for follow-up lab testing to certify that the product still meets our specifications. <p>MONITORING PRODUCT QUALITY</p> <p>On the rare occasion that a product fails to meet a Member's satisfaction, we offer fast and easy resolution methods:</p> <ul style="list-style-type: none"> • Purchasers can return any item using our no-hassle online returns process or by contacting Customer Service. • We arrange driver pickup for all product returns at no cost to participating Members. <p>We thoroughly analyze damaged or defective items and ensure our manufacturers address the underlying quality issue. Your Staples Account Manager will share corrective actions and report on progress during regular business reviews.</p>

This is a significant subset of our total assortment of nearly 15,000 products with environmental features, which includes products with recycled content or other design features like solar powered, rechargeable and refillable. The certifications and standards we track include:</p> <ul style="list-style-type: none"> • AP certified non-toxic • Bluesign certified clothing product • BPI compostable • Cradle to Cradle certified • EcoLogo certified • ENERGY STAR qualified • EPA Comprehensive Procurement Guidelines • EPA Design for the Environment (DfE) for Pesticides registered • EPA Safer Choice registered • EPA WaterSense certified • EPEAT qualified • EWG verified • Fair Trade certified • Food Alliance certified • Forest Stewardship Council (FSC) certified • GREENGUARD certified • Green Seal certified • Indoor Advantage certified • Level certified • Made by a Certified B Corporation • Made Safe certified • PMA non-toxic • Rainforest Alliance certified • Roundtable on Sustainable Palm Oil (RSPO) certified • Sustainable Forestry Initiative (SFI) certified • USDA Certified Biobased Product • USDA Organic <p>We are continually improving our ability to capture and track products with environmental certifications in our systems, as well as increase the number of products that meet credible third-party environmental certifications.</p> <p>PACKAGING OPTIMIZATION</p> <p>To help reduce waste at Members' facilities, Staples has engineered our order fulfillment process to minimize packaging and shipping materials on supply deliveries. Simultaneously, we ensure that all deliveries are properly protected in order to arrive to you intact.</p> <ul style="list-style-type: none"> • SmartSize™ – Staples has rolled out award-winning technology to the majority of our U.S. distribution centers that tailors box sizes to the exact size of the order, reducing use of corrugate and air pillows. To further reduce the environmental impact of our delivery process, we use boxes made from 35% to 100% recycled material. This approach to packaging results in an annual carbon footprint reduction of more than 30,200 tons, equivalent to 120,000 trees. • Box Logic – Our warehouse management system uses a series of algorithms that automatically choose the smallest delivery box from eight standard sizes, based on the combined dimensions of items in the order, reducing packaging waste. • Wholesaler Initiatives – As part of our fulfillment process, Staples utilizes three national wholesalers to support our product requirements. We work diligently with these suppliers to confirm they are reducing shipping materials for our customers. The products shipped by our wholesalers undergo similar sizing analysis by their computer systems. <p>Reducing packaging waste is important to our commitment to help the environment. In addition to the internal initiatives above, we're actively working with customers to minimize packaging waste by reducing the frequency of small orders through order consolidation. These initiatives have reduced packaging and shipping materials by up to 20% for some customers.</p> <p>PACKAGE PROTECTION</p> <p>Staples has invested in air pillow dunnage technology to safeguard the product we ship. These air pillows:</p> <ul style="list-style-type: none"> • Are designed to provide maximum protection with a minimum use of material, reducing the amount of packaging required • Can be re-used • Can be deflated prior to disposal, reducing original volume by over 90% • Can be recycled when given to your delivery driver or sent back when making a return • May be returned for recycling to local Sealed Air sites by calling the Sealed Air phone number on the cushion or may be recycled commercially as #4 plastic • Provide high BTU energy contents in municipal incineration

<p>83</p>	<p>Describe your capabilities or limitations related to ordering and/or deliveries (minimum order requirements, order consolidation, expedited shipping/delivery, etc.)</p>	<p>According to industry research, employees making purchases outside a procurement program can increase operating costs by anywhere from 25% to 45%. Reducing maverick spend can dramatically impact the effectiveness of your procurement program. Staples uses multiple strategies to keep program compliance high and costs low.</p> <p>MINIMUM ORDER SIZE Unless otherwise mutually agreed to by Staples and a Sourcewell participating Member, Sourcewell and its Members shall have a minimum order size of \$35.00 per order.</p> <p>ORDER CONSOLIDATION: REDUCING SMALL, INEFFICIENT ORDERS Industry statistics show the average cost for processing a single order transaction can be as high as hundreds of dollars depending on the organization and payment processing systems. Placing small, frequent orders incurs these costs with each order, which can be significantly reduced by order consolidation. We'll educate your end users to adopt more efficient behaviors, such as:</p> <ul style="list-style-type: none"> • Ordering bi-weekly or monthly, instead of weekly or daily • Coordinating ordering with other departments • Determining frequently ordered items and ordering enough for a week • Anticipating projects that may require more supplies than usual and consolidating these supplies within regularly scheduled orders <p>Benefits of order consolidation include:</p> <ul style="list-style-type: none"> • Reduced order processing costs • Fewer deliveries and invoices to process • Less packaging, label and invoicing paper waste • CO2 savings from fewer truck deliveries <p>INCREASING MEMBERS' ONLINE ORDERS The most efficient way for end users to order from Staples is through our e-commerce site or their e-procurement system. An order placed by phone costs Members significantly more than an order placed electronically. We'll educate participating Member's end users on online order placement.</p> <p>Benefits include:</p> <ul style="list-style-type: none"> • Reduced order processing costs • Faster and easier ordering • Fewer ordering mistakes - fewer product returns • Real-time tracking of product delivery status <p>Staples can communicate ordering best practices to their end users during the implementation process and on a continuous basis through client-approved customized flyers, newsletters and emails.</p> <p>ONLINE COMPLIANCE CONTROLS StaplesAdvantage.com also drives program compliance with features like:</p> <ul style="list-style-type: none"> • The ability to customize their home page with messaging to communicate key program rules (such as minimum order requirements) and guide purchasers to preferred-item shopping lists • Shared or personal shopping lists populated with commonly ordered or preferred core items • Optional spending and approval controls that eliminate inefficient and costly small orders <p>RETAIL PURCHASING PROGRAM & IN-STORE PURCHASING Today, customers can use the Buy Online, Pick Up in Store option and Print-to-Store to get what they need, when they need it for same day purchases. Or, they can take advantage of our Retail Purchasing Program, which ensures customers can shop in stores to receive their custom pricing or in-store sale price, whichever is lowest at the time of purchase, in any Staples store throughout the U.S.</p>
