INDOOR WIRED / DJ SERIES

Product	Description	Retail Price
	<p><b>AKG® K 181 DJ</b>  <i>MADE TO DJ SPECS.</i>                      The goal was to create the ultimate tool for professional DJs. Therefore, we teamed up with DJs to design the AKG k 181 dj. The target was obvious: to find the ultimate tool for professional DJs – high performance closed-back headphones with the best possible sound, and maximum SPL that should be exceptionally rugged and easy to bend or fold into any listening position, and provide a switchable bass boost. The k 181 dj have been designed in cooperation with leading international DJs. Their distinguishing features include 3D-Axis professional folding mechanism, high-sound pressure level, closed-back earphones, stereo/mono selector, bass-boost switch, frequency range from 5Hz to 30kHz, detachable cable, and rubberized finish.                      Pump up the volume!                      SAP: K 181 DJ <span style="float: right;">EAN: 9002761016055</span></p>	640
	<p><b>AKG® K518DJ</b>  <i>FEEL THE MUSIC!</i>                      Great sound for small venues. The K 181 DJ's little brother is playing it big at small clubs and private parties. Obviously, informal parties deserve the same kind of professional sound quality as large-scale events do. Semi-professional DJs need dependable equipment too. The K 518 DJ headphones fit the bill perfectly. These closed-back earphones provide optimum isolation from ambient noise and easily with stand heavy usage. Their high SPL capability ensures excellent sound quality, and their comfort level is as impressive as their powerful low end and accurate imaging.
