

# Colotech+ Coated

## Gloss, Silk & Supergloss Papers

The Colotech + Coated range is a fully coated paper specifically for use in Xerox colour copiers and digital printers. Available in Gloss and Silk coated 2 sides and Supergloss (Cast Coated 1 side) in a wide range of grammages and sizes, with a guaranteed performance on digital colour copiers and printers. See product list below.

**Gloss** – The glossy ultra-smooth surface brings near offset quality to your digital colour documents.

**Silk** – This silky matt finished paper enhances text without compromising on image impact.

**Supergloss** – Supergloss is a one sided cast coated paper with ultra high gloss levels and is ideal for producing photo quality, high impact images

### Product Specification

The Colotech + Coated range is manufactured from Elemental Chlorine Free pulp which is harvested from sustainably managed plantations and forests. The mill is accredited with ISO14001 (Environmental Protection) and ISO9002 (Quality Control) ensuring an environmentally friendly, quality paper. Colotech+ Coated also qualifies for ISO9706 (Permanent Paper) and is acid free, allowing archival storage of your documents for up to 200 years.

	Gloss & Silk	Supergloss
CIE Whiteness:	130	108
GSM:	120 – 350gsm	160 – 275gsm

### 100% Quality Guarantee

The Colotech + Coated Range is 100 % guaranteed for Xerox Colour copiers and digital printers. This means that if you are not 100 % satisfied, we will exchange it for you. *NB: Please check your Colour machines specifications and/or "approved materials listing" for suitable stock weights and machine capabilities.*
