

WD Sentinel™ DX4000

Small Office Storage Server

Connect.
Protect.
Collaborate.

Easy set up. Easy management.

Comprehensive data protection.

Built-in secure remote access.

WD Sentinel is easy to install and provides secure centralized storage, complete data protection and data access for your employees, clients or vendors while in the office or working remotely from anywhere. Featuring hardware and software from industry leaders, it delivers a reliable, cost effective and easy-to-manage storage server designed for small office environments.

PUT YOUR LIFE ON IT®

WD Sentinel DX4000

Small Office Storage Server

Product Features

Plug-and-play installation

The easy set up process allows you to integrate WD Sentinel into your office network like a pro. The administration dashboard quickly guides you through the process of adding users, setting up data access, creating shared folders and scheduling backups.

Easy administration

The LCD display panel on the front of the device allows you to monitor the system status and critical alerts. Ongoing maintenance is minimal and the dashboard provides a full view into the health of the system.

Low cost of ownership

WD Sentinel offers cost effective, data protection for your small office environment. It includes the software you need to protect up to 25 client computers in your network and unlike other products in this category, you don't need to purchase additional backup software licenses for each additional computer.

Comprehensive data protection

WD Sentinel offers comprehensive data protection for your small office network with WD's enterprise-class WD RE drives, RAID levels 1 or 5, automatic backup and restore, dual gigabit-ethernet ports, an optional backup power supply and optional off-site disaster recovery services.

User serviceable

To replace or add a drive, just open the door and swap out the drives. WD Sentinel does the rest. It seamlessly migrates the server to the appropriate RAID level and automatically expands the server's storage capacity with no down time. As your business grows you can also increase your storage capacity without requiring any technical know-how.

Partnerships with industry leaders

WD Sentinel combines hardware and software from industry leaders. It features enterprise-class RAID edition hard drives from WD and an Intel® Atom® dual core processor, and it's powered by Windows® Storage Server 2008 R2 Essentials software to deliver a reliable, secure and easy-to-manage storage server for small office environments.

Leading-edge performance

The ultra-fast Gigabit Ethernet interface delivers read and write speeds up to 85 MB/s. That's three times faster than a typical NAS solution*.

**Performance of a typical NAS solution is 30MB/s.*

Secure remote access

With built-in secure remote access, employees, clients or vendors can access the files on the WD Sentinel from any computer with an Internet connection.

Built-in DLNA media server

The built-in DLNA media server enables you to stream your shared media library and digital signage within your office network or over the Internet.

Customer support

If you need a little help from an expert, we'll take care of you! WD Guardian Services provides free customer support to all WD Sentinel owners. We also offer additional levels of affordable, hassle-free technical support and extended warranty plans.

See www.WDGuardian.com for complete details.

Product Specifications

CAPACITIES AND MODELS

4 TB WDBLGT0040KBK
6 TB¹ WDBLGT0060KBK
8 TB WDBLGT0080KBK
12 TB¹ WDBLGT0120KBK

4 TB & 6 TB DIMENSIONS

Height: 8.10 in (208 mm)
Depth: 8.80 in (223 mm)
Width: 6.30 in (160 mm)
Weight: 10.7 lb (4.88 kg)

8 TB & 12 TB DIMENSIONS

Height: 8.10 in (208 mm)
Depth: 8.80 in (223 mm)
Width: 6.30 in (160mm)
Weight: 14 lbs (6.35 kg)

LIMITED WARRANTY

3 years Worldwide

INTERFACE

Gigabit Ethernet (2 ports)
USB 3.0 (2 ports)

OPERATING SPECIFICATIONS

Operating temperature 5°C to 35°C
Non-op. temperature -40°C to 65°C

CLIENT OS COMPATIBILITY

Windows XP with service pack 3, 32-bit versions only

Windows Vista® with service pack 2, all 32-bit or 64-bit platforms

Windows 7, all 32-bit or 64-bit platforms

File sharing support for Mac OS® X 10.5.x, Mac OS X 10.6.x, Linux®/Unix

PACKAGE CONTENTS

Small office storage server
RJ45 Ethernet cable
AC adapter with power cord
Quick install guide

RAID

2-drive systems, Pre-configured RAID1
4-drive systems, Pre-configured RAID5

As used for storage capacity, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.
