FOR  
INDUSTRY

HISTORY OF AGI INDUSTRIES

AGI Industries was founded in 1968 as Al George Inc., a fluid power service and repair company. The company expanded to include pump distribution, packaged pumps systems and the manufacture of high pressure triplex pumps and related components. The company formally became AGI Industries in 1998. Today AGI Industries consists of three divisions, AGI Industries, AGI Packaged Pump Systems and Hydroplex. AGI Industries is expanding in a controlled manner that allows us to recruit, train and retain the best employees in the industry. AGI Industries' corporate office is located in Lafayette, Louisiana with branches in Lake Charles, Marrero, Baton Rouge and Houston, Texas.

MARKETS SERVED

- Food and Beverage
  - Sugar and Syrup Mills
  - Canning and Processing
  - Bottling
- Process Industries
  - HPI – Hydrocarbon Processing Industries
  - CPI – Chemical Processing Industries
  - Bio Fuels
- Oil and Gas
  - Production
  - Transmission
  - Terminals
- Marine
- Pulp, Paper and Wood Products
- Industrial Manufacturing Plants
- Metals and Materials
- General Industrial

QUALITY PRODUCTS

CUSTOMER SERVICE

SERVICE & REPAIR

INVENTORY

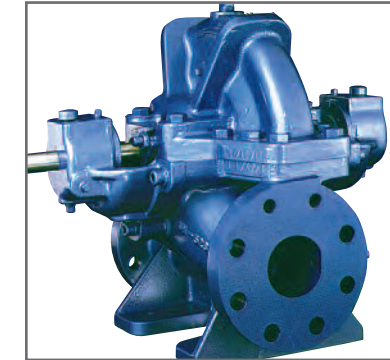

TECHNICAL SUPPORT

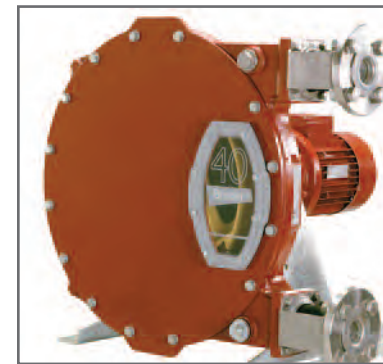

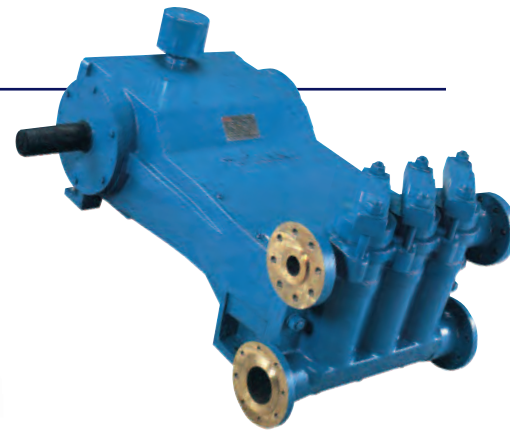

CENTRIFUGAL PUMPS

- ANSI
- API 610
- General Industrial
- Multistage
- Submersible
- Sump
- Vertical Turbine

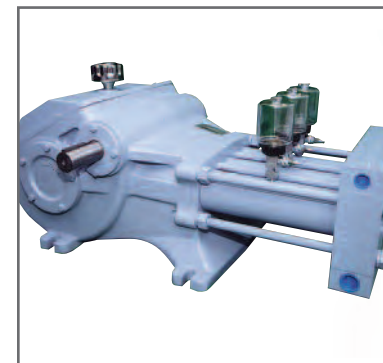

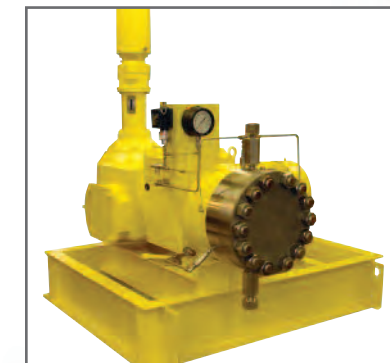

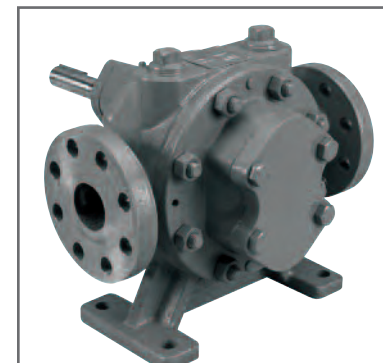

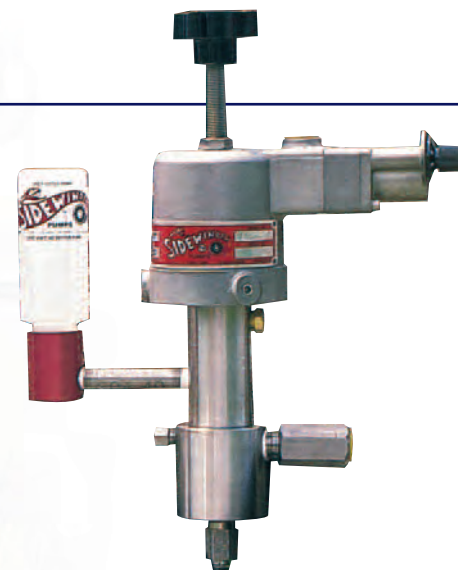

POSITIVE DISPLACEMENT PUMPS

- Diaphragm
- Peristaltic
- Piston
- Plunger
- Progressive Cavity
- Rotary Gear
- Two Screw
- Three Screw

CHEMICAL METERING PUMPS

- Diaphragm
- Electric
- Plunger
- Pneumatic

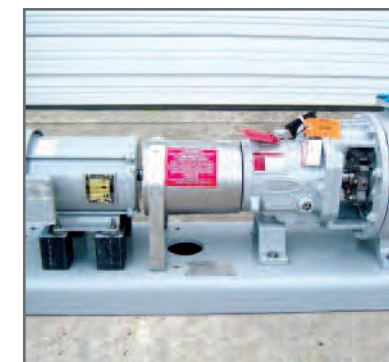

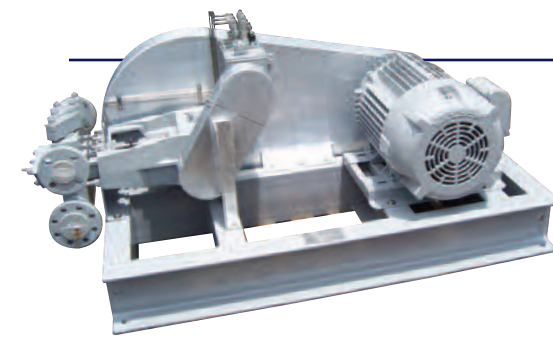

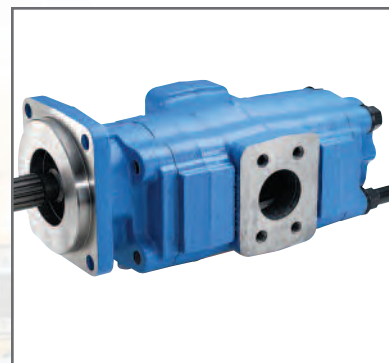

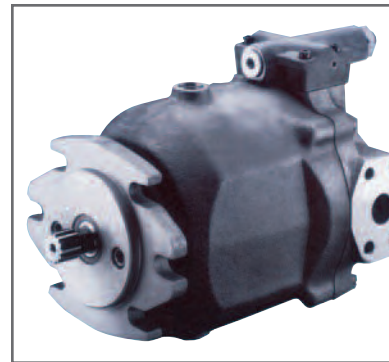

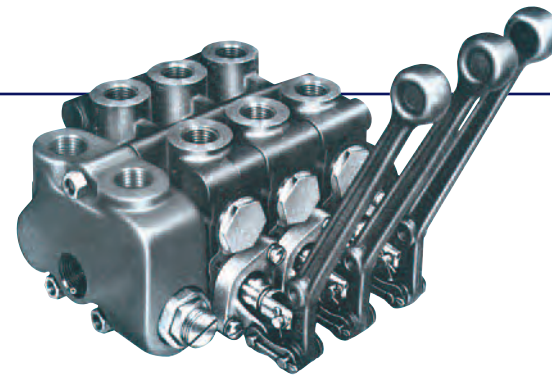

HYDRAULICS

- Coolers
- Cylinders
- Filters
- Fittings
- Hose
- Motors
- Power Units

- Pumps
- Valves

BASIC PUMP UNITS

- Centrifugal
- Reciprocating
- Machined Baseplate
- Retrofits
- Belt-Driven
- Engine Driven
- Gear-Box

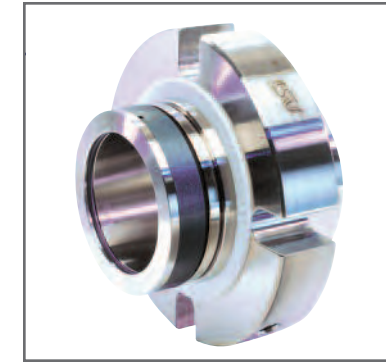

PACKAGED PUMP SYSTEMS

- Methanol Injection
- Chemical Injection
- Fire Water
- Hydraulic Power Units
- Hydrostatic Test
- Pipe Handling
- Pipeline
- Potable Water
- Process Packages
- Salt Water Disposal
- Washdown

FABRICATION CAPABILITIES

- 3D CAD Drafting and Design
- 20,000 sq. ft. Manufacturing Facility
- 130,000 lbs. Lifting Capacity
- 45' x 20' Packages
- Certified Welders – Pipe and Structural
- Instrumentation and Tubing
- Engineering

RELATED PRODUCTS

- Tank Mixers
- Static Mixers
- Chemical Injection Valves
- Chemical Gauging Equipment
- Lubrication Systems
- Mechanical Seals & Systems
- Suction & Pulsation Dampening/Surge Control

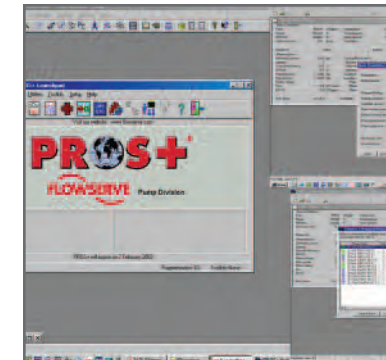

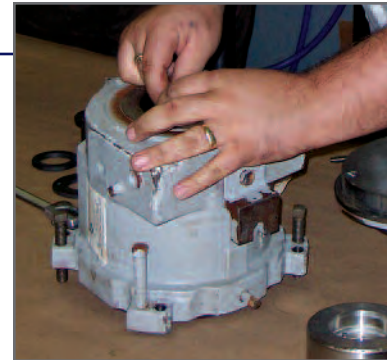

CAPABILITIES

Our repairs are done to factory, A.N.S.I. or A.P.I. standards and can be customized per customer's written request.

- Factory Authorized Repair Center
- Field Services – Offshore/Onshore/International
- Laser Alignment
- Clean Room for Final Assembly
- Quality Assurance Inspection with Documentation
- Hydro-Testing of Pump Rebuilds and Seal Installation with Test Results
- Pump Grouting and Installation
- Hydraulic Pump Repair and Systems Inspection
- Start-Up Services
- System Analysis
- Troubleshooting
- Root Cause Failure Analysis
- NPSH Analysis

ENGINEERING SERVICE

- Field Flow Testing
- NPSH Evaluation
- Product Development
- Staff Professional Engineers
- System Analysis
- Training
- Structural Calculations
- Pump Sizing and Selection

TRAINED, SKILLED & EXPERIENCED CRAFTSMAN

Total customer satisfaction depends upon the performance of our people. AGI Industries has a wealth of experience backed by training and certifications (depending on the craft involved) ranging from the operation of machinery such as cranes and forklifts to water survival training to OSHA certifications to drug awareness and on-and-on.

The depth of training, range of experience and dedication to safety of AGI Industries employees are focused on providing you our customer, solutions to your problems.
