

Epson SureColor SC-S70610 (10C)

DATASHEET

The Epson SureColor SC-S70610 is Epson's first 64-inch (162.6cm) printer to support white and metallic ink simultaneously, enabling creative print makers, specialist sign makers and professional display printers to expand their service portfolios.

High-quality prints are assured with the combination of Epson's UltraChrome GSX Ink and proven Micro Piezo TFP printhead, which delivers clarity, fine detailing and smooth blends at resolutions of up to 1440 x 1440dpi.

The UltraChrome GSX ink-set, featuring light magenta, light cyan, light black and orange as well as CMYK, gives the 8-colour SC-S70610 the widest colour gamut of Epson's SureColor range. The 10-colour model includes white and metallic inks to increase versatility. Both models achieve ultra-smooth tonal gradations thanks to the use of light inks, including light black ink for enhanced, neutral greyscales.

Users can cost-effectively print vivid colours, solid whites and special metallic effects on clear film, vinyl, canvas, photographic paper and a range of popular banner substrates, all at up to 64-inch (162.6cm) width. Prints are lightfast for up to three years outdoors without lamination*.

When using 8 colours, the SC-S70610 prints at up to 26.8m²/hour (high-speed mode), and at up to 4.0m²/hour with metallic ink enabled.

Thanks to a jack system at the rear, loading a new roll is a one-person job. Users can make feed adjustments while printing to optimise quality and reduce downtime.

Epson's UltraChrome GSX Ink is odourless and nickel-free.

KEY FEATURES

- **High-quality**
Micro Piezo TFP printhead
- **Wide gamut**
8/10-colour ink-set
- **Light black ink**
Enhanced greyscales
- **Easy media loading**
One-person jack system

Epson SureColor SC-S70610 (10C)

PRODUCT SPECIFICATIONS

TECHNOLOGY

Printing Method	MicroPiezo TFP print head
Printing Resolution	1,440 x 1,440 dpi
Ink Technology	Ultrachrome® GSX

PRINT

Printing Speed ISO/IEC 24734	13.2 m ² /h
maximum printing speed	27 m ² /h
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour
Colours	Black, Light Black, Cyan, Light Cyan, Yellow, Magenta, Light Magenta, Orange, White

For detailed information on printing speeds please visit <http://www.epson.eu/testing>.

CONNECTIVITY

Interfaces	USB, Ethernet
------------	---------------

PAPER / MEDIA HANDLING

Duplex	No
Paper Formats	64 " (162.6 cm)
Print Margins Roll Media	Mode 1: 5 mm (top), 3 mm (right), 5 mm (bottom), 3 mm (left)
Compatible Paper Thickness	0.1 mm - 1,000 mm

GENERAL

Noise Level	Operation: 59 dB (A) - standby: 7.4 dB (A)
Product weight	229 kg
Energy Use	800 W, 580 W (economy), 12 W (standby)
LCD screen	Type: Color, Smart-navigation touch-panel, Diagonal: 6.3 cm
Supply Voltage	AC 100 V - 240 V, 50 Hz - 60 Hz
Compatible Operating Systems	Mac OS 10.4+, Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64
Product dimensions	2,620 x 1,259 x 1,311 mm (Width x Depth x Height)

LOGISTICS INFORMATION

SKU	C11CC20401A1
Barcode	8715946522517
Dimensions Single Carton	1035 x 1280 x 785 mm
Carton Weight	120.08 Kg
Multiple Order Quantity	1 Units
Country of Origin	China
Pallet Size Euro	1 Units (1 x 2)

1. Estimate based on Epson test standards: ISO18930. Does not constitute a guarantee or warranty to the longevity of printed images. Longevity of printed images may vary significantly depending on substrates, application and environmental conditions. The estimate does not include prints made using Orange, White or Metallic Silver inks. Orange/white/metallic inks will be considerably less durable in outdoor conditions. Epson accepts no liability of any kind for fading or any other change in a print no matter how it is displayed.
