## Connect the office to a wired or wireless MFP with vibrant color printing and scanning features.

Easily print how you want, where you want. Across the office or on the go, printing to this MFP is simple and direct—even without a network—using Ethernet, wireless options, or touch-to-print technology.[1, 2]

Capture scans in a single pass and send them quickly to their next destination—email, network folders, or the cloud.[4] Help boost productivity with fast, secure sign-on and advanced processing, routing, and retrieval tools.

Make copying and scanning more hands free, with a 50-page automatic document feeder and automatic two-sided printing. Let your fingers fly through tasks at the touchscreen. The easy-access USB makes it simple to walk up and print.

1 . Wireless direct printing is standard on the HP Color LaserJet Pro MFP M476nw and dw only. This feature can be enabled with separate purchase and installation of the HP NFC/Wireless 1200w Mobile Print Accessory for the HP Color LaserJet Pro MFP M476dn. Mobile device needs to be connected directly to the WiFi network of a wireless direct-capable printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the printer.

2 . Touch-to-print capability is standard on the HP Color LaserJet Pro MFP M476 dw only. This feature can be enabled with separate purchase and installation of the HP NFC/Wireless 1200w Mobile Print Accessory for the HP Color LaserJet Pro MFP M476dn and nw. Mobile device must support near field communications–enabled printing. For a list of supported devices, see http://www.hp.com/go/businessmobileprinting.

3 . Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area.  See http://www.hp.com/go/businessmobileprinting for more details.  Mopria-certified devices adhere to a common standard that enables easy mobile printing with little or no set up.

4 . Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see http://www.hpconnected.com.

5 . Introductory cartridges: average continuous composite cyan/yellow/magenta cartridge yield 1,400 pages and average continuous black cartridge yield 1,400 pages. Actual yields vary considerably based on images printed and other factors. For details see http://www.hp.com/go/learnaboutsupplies

6 . Measured using ISO/IEC 24734, excludes first set of test documents. For more information see http://www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver and document complexity.

7 . Based on standard ITU-T test image #1 at standard resolution. More complicated pages or higher resolution will take longer and use more memory.

8 . Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.

9 . HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

10 . Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty.
