

Synthetic Media

DuraPaper Labels

DuraPaper Label is a digitally optimised synthetic label, ideal for outdoor applications where weather resistance and durability are paramount. It is chemical resistant and waterproof, lending itself to a variety of applications in the harshest environments.

DuraPaper Labels are a self-adhesive tear-resistant synthetic product specifically designed for colour digital printing. The aggressive adhesive ensures your messages stay put.

Part Number	Items/Sheet	Width Label	Length Label	Colour	Surface Finishing	Adhesive	Items/Unit	List Price
003R97344	1	210 mm	297 mm	White	Matt	Permanent	50	£ 35.00
003R98645	1	297 mm	420 mm	White	Matt	Permanent	150	£ 210.00

- Outdoor notices and signage
- Use on oil and chemical drums
- Health and safety signs
- Use in clean environments
e.g. kitchens, hospitals
- Product labelling outdoors
e.g. plant labelling
- Labelling of machinery or spares
- White goods labelling

DuraDocument Paper

Xerox DuraDocument Paper is an advanced digital print media made from a tri-laminate construction. A thin layer of polyester is sandwiched between two layers of paper resulting in a print media which looks like paper but is totally tear resistant.

This Product is ideal for applications which require a durable solution - like luggage tags or quality clothing tags, and high value concert tickets...the possibilities are endless!

DuraDocument Paper 135 µm
