Recommended Xerox Materials List for - WorkCentre® 7120/7125 (Europe)

Version 1.1 - July 2011
This supersedes any previous Recommended Materials for Xerox WorkCentre 7120/7125

Important Notes:
All media is listed by product, paper type, paper tray settings - image quality, weight (standard gsm), reorder number, size, tray runnability, and integrated office finisher runnability. The additional information column is for hints and tips on how to run certain media applications.

Machine reliability specifications may be affected by increased usage of all Cardstock, Glossy and special media modes. In addition, variances in machine reliability may occur due to extended use of some media types. Your Xerox service representative can advise you on the use of all Cardstocks, Glossy or special application media types for long duration copy/print runs

Environmental conditions may require that Glossy, Glossy Cardstock and HW Glossy Cardstock papers be fed one sheet at a time to avoid jams.   Relative Humidity greater than 40 % could cause multifeeds.

For Manual Duplex, it may be helpful to manually remove curl after printing side 1 before reloading sheets into feeder for side 2.

The Integrated Office "A" Finisher is capable of stapling at maximum; (maximum number will decrease if paper weight is greater than 24lb / 90 gsm):
50 Sheets of Letter (8.5 x 11" / A4), Executive (7.25 x 10.5), in Long Edge Feed (LEF); or of Letter in Short Edge Feed (SEF)
30 Sheets of Tabloid/Ledger (11 x 17" / A3), Legal (8.5 x 14"), or 8.5 x 13"

The Office Finisher LX (SB) is capable of stapling at maximum; (maximum number will decrease if paper weight is greater than 24lb / 90 gsm):
50 Sheets of Paper up to the size of 11 x 17" / A3 Short Edge Feed (SEF)

For the latest line of Xerox supplies contact your local Xerox representative or a recommended distributor. For the most recent version of this list visit www.xerox.com/europaper

Trays 1,2, TTM, MSI & HCF

Plain / Bond / Recycled (64 - 105 gsm)	
Transparency	
Labels	
Glossy (106 - 169 gsm)	
Glossy Cardstock (170 - 216 gsm)	
HW Glossy Cardstock (217 - 256 gsm)	
Lightweight Cardstock (106 - 169 gsm)	
Cardstock (170 - 216 gsm)	
Heavyweight Cardstock (217 - 256 gsm)	

Paper Types are selected when Paper Tray is closed

Simplex / Duplex Capabilities
A = Auto Duplex
S = Simplex Only
M = Manual Duplex

Finisher Capabilities
- Capable of Stacking
♦ Capable of Stapling
n = not supported
