General Information

Media observations made in this publication are based on tests conducted using standard images with moderate to heavy image area coverage. Test machines are maintained within specifications defined by user documentation.

Suggested machine adjustments as well as Best Practices for Operation are included where applicable in order to optimize media performance.

Customers should inquire directly of their paper distributor or manufacturer for any guarantees they may offer. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to ensure their expectations are met.

Xerox® Iridesse™ Digital Production Press - Recommended Media List - Europe - V3 - October 2018

The Recommended Media List contains Xerox® paper and specialty media, digitally optimized, designed from stringent specifications and manufactured for optimal and constant image quality performance .

Xerox® branded paper and specialty media have undergone rigorous testing by Xerox®.

Any paper and print media that is featured on the Recommended Media List for a specific Xerox® printer or digital press will give optimum performance.

This is how Antalis can offer 100% Performance Guaranteed.
