THE ROUTE TO EXCELLENCE—

WORLD LEADING DESIGN, EXCEPTIONAL ENGINEERING AND EXTRAORDINARY CRAFTSMANSHIP ARE CENTRAL TO ASTON MARTIN'S ETHOS OF POWER, BEAUTY AND SOUL AND EACH AND EVERY ASTON MARTIN IS AN EXPRESSION OF THIS.

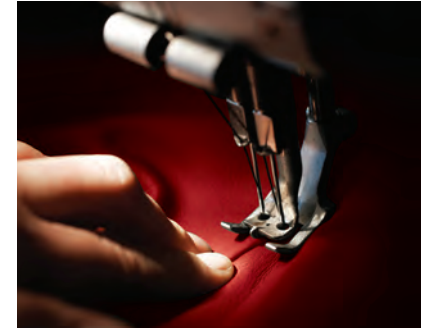

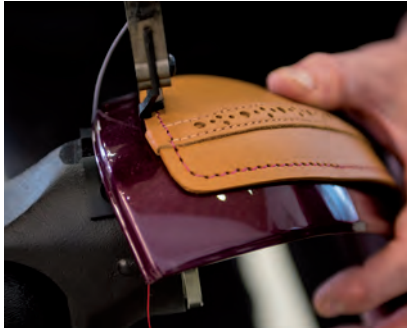

Perfectly proportioned, flowing bodywork and cossetting interiors that epitomise the marriage of form, function and genuine materials. An Aston Martin combines power and sporting ability with refinement, luxury and exceptional beauty.

The quality of exterior and interior detailing has always marked out Aston Martin from its rivals. Each of our cars is painted and finished by hand, receiving up to nine applications of paint — a process that takes more than 50 man-hours.

The exterior colours are perfectly complemented by a wide choice of leather trims and finishes. Crafted from the finest materials, these add elegance and luxury to an interior that is supremely comfortable and rewarding to use. Achieving such uncompromised quality is a time-intensive process: it takes more than 40 man-hours to trim each car. Everything you see and touch is of the highest quality. Above all it's unmistakably Aston Martin.

Vanquish Volante
Ocellus Teal.

A WORLD OF ARTISTRY, LUXURY AND CHOICE —

AN EXTENSIVE PALETTE OF EXTERIOR PAINT AND INTERIOR LEATHER AND TRIM COLOURS HAS BEEN CREATED TO MEET THE REQUIREMENTS OF OUR MOST DISCERNING CUSTOMERS. OUR PAINT AND TRIM OPTIONS ARE DIVIDED INTO THREE CATEGORIES — FAST TRACK, CONTEMPORARY AND SPECIAL COLOURS.

FAST TRACK

An effortless colour palette ranging from solids through to metallics. Our Fast Track range comprises the colours that best represent the core Aston Martin values of technical excellence, supreme confidence, understatement and elegance. As their title suggests, they are the swiftest through our production facility.

CONTEMPORARY COLOURS

Our largest range of exterior colours, where paint technology and trends merge to create both eye catching and subtle visual effects. Stylish, sleek and bold use of metallic and xyrallics are blended resulting in a stunning palette.

SPECIAL COLOURS

Our Special colour range offers a more intimate palette of specialist technologies including true Pearls, tri-coats and tinted clear-coats, where the bespoke application at Aston Martin is vital to the production of these extraordinary colours. Whether colours are intensified or neutrals become silky yet rich, the impact of their individual technology pushes the boundaries of paint to create truly striking exteriors.

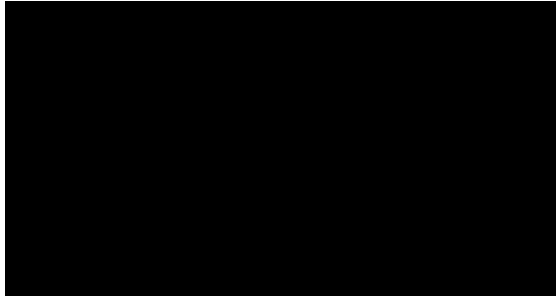

Of course, your Aston Martin can be finished in any colour you wish, perhaps even a unique colour created to your own specification. To explore the full array of colour and material combinations offered by Aston Martin, please visit your preferred dealership or visit www.astonmartin.com/colour-trim for more information.
