

2011 NISSAN
VERSA

IT'S A WHOLE NEW WAY TO MOVE.

Can we give you a lift? It's time to take things to the next level in a car designed with you in mind from the start. Like the Nissan Versa[®], with room to spare and power to go. Hungry for fun – not fuel. With advanced technology like an available touch-screen navigation system putting your world within a finger's reach. At Nissan, we make cars better to make your life better. It's a whole new way to move through the world. And you're invited.

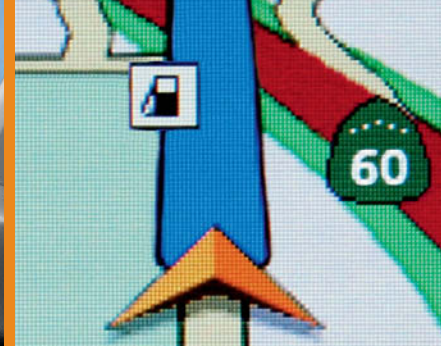

Nissan Versa 1.8 SL Hatchback shown in Matador Red with Sport Package.

Nissan Versa 1.6 S Sedan shown in Airstream.

VERSA → → →

**It's smart, reliable, efficient, roomy, practical,
fun, versatile, economical, generous, everything.**

Space comes easy in Versa.

Say hello to roomy and inviting. There's real stretch-out room for five, including space for real people in the back, thanks to the most rear leg room in its class.¹ By pushing the wheels to the corners, the suspension moves out and away from the cabin, creating room a linebacker could love. Impressive, no matter how you look at it.

¹WardsAuto.com's Lower Small segment, January 2010. 2011 Versa 1.8 vs. 2010 competitors.

Nissan Versa 1.8 SL Hatchback shown in Charcoal Sport Cloth. Navigation Package not available with Charcoal Sport Cloth on Canadian models.

When life is big, you need generous accommodations.

Versa's got solutions to your cargo problem. A 60/40 split rear seat and plenty of flexible space accommodate people and stuff. From an oversize glove compartment – sectioned off to keep you organized – to a hidden space above the stereo, the options are plentiful. Even the side door pockets are big enough to swallow items whole. So bring it, Versa's ready to make it fit.

Cargo shown for display purposes only. Nissan recommends that all loose items be secured when transported. Cargo and load capacity limited by weight and distribution.

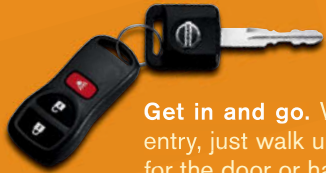

Nissan Versa 1.8 SL Hatchback shown in Ebony with Sport Package.

Convenience. Now yours.

This is technology you can use, day in and day out. So wherever your world takes you, Versa has the ability to make you feel at home and keep life easy. Helping to open doors and connect you with friends. Meet technology that's not only smart, but friendly too.

¹Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.

Get in and go. With the available remote keyless entry, just walk up and tap the button on the keyfob for the door or hatch to unlock.

Keep up your connections. An available Bluetooth® Hands-Free Phone System makes it easy to speak up. You can keep your hands on the wheel while listening to calls through the speakers!

Nissan Versa 1.8 SL Hatchback shown in Charcoal Sport Cloth. U.S. model shown. Navigation Package not available with Charcoal Sport Cloth on Canadian models.

Where will you go?

With an available Nissan Navigation System, you'll get around like never before. The 127 mm (5") QVGA touch-screen display is built into the dash and offers 3-D perspective map viewing, plenty of points of interest and displays incoming Bluetooth® calls and MP3/WMA song info. An available USB input plug lets you connect your iPod® or USB flash drive.^{1,2}

3-D Perspective Mapping

¹Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road conditions. See Specifications section for availability. ²Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jack while driving. ³Always give your full attention to driving. Avoid operating your iPod® in such a way that

Technology that's customizable.

Inside a Versa, the advanced features are all yours, to choose exactly what you need. A little or a lot, from music to maps, this is innovation you won't want to be without.

Your music, your way.

No matter how you like to listen to your favourites, Versa makes it happen.

USB Input Plug in either your USB flash drive, iPod® or other MP3 player and navigate tracks through the audio system with this available option.²

iPod® Connectivity An available Interface System for iPod® lets you select your music through the steering-wheel-mounted controls and view song info on the dash display.³

AUX

Auxiliary Input An available auxiliary audio input jack lets you easily connect your audio device, opening up a vast world of entertainment.²

MP3/WMA This available playback capability makes it easy, so grab your MP3/WMA discs and all your favourites come along.

Key Points of Interest

Incoming Phone Calls

+5000

durability tests.

It's all about the numbers.

And these are sure to impress. Starting with extreme tests that simulate years of abuse, we put every Nissan through over 5000 of them. Stay in the green with only 5.7 L/100 km¹. Get up to 877 kilometres between fill-ups.¹ Sounds good, right? Wait, there's more. Versa Hatchback's bold horsepower (122) and torque (127 lb-ft) prove it really is the small car built to take you farther.

5.7

L/100 KM¹

Nissan Versa 1.6 S Sedan shown in Blueberry.

¹Based on fuel consumption estimates for 2011 Versa Hatchback 1.8 SL with CVT. Actual mileage may vary with driving conditions – use for comparison only.

1.8-litre 4-cylinder Engine

It's efficient and it's fun. For no-nonsense acceleration and dynamic performance from an engine that's up for anything.

Variable Valve Timing

Versa continuously adjusts its engine timing to give outstanding power when you need it, without a big, thirsty engine.

Friction-reducing Microfinishing

Critical engine components in Versa have been honed to an ultra-smooth surface for quicker response.

877 kilometres
between
fill-ups¹

Nissan Versa 1.8 SL Hatchback shown in Daytona Blue with Sport Package.

Our best thinking comes standard.

Versa scores with an available virtually “gearless” transmission for a seamless flow of power and suspension technologies developed for premium luxury sedans and sports cars. It’s responsive performance and absolute smoothness, all in one forward-thinking car for you.

Intelligent CVT (Continuously Variable Transmission) This single, flexible belt does away with fixed-gear ratios. Just put your Versa into “Drive” and glide away. (Available on 1.8 SL Hatchback only.)

Nissan Versa 1.8 SL Hatchback shown in Matador Red with Sport Package.

Manual or Automatic? The choice is yours. Both proven performers, and always ready to take on your day no matter what it brings or where it takes you.

Rebound Springs A rebound spring helps control how fast and far the shock extends after a bump, for a smoother ride and flatter, more secure cornering.

Ripple-control Shock Absorber A ripple-control shock absorber helps damp out unwanted motions and vibrations, giving you a smoother, quieter, more-controlled ride.

Normal Shock Absorber

Ripple-control Shock Absorber

Versa safety's got you covered.

6
standard airbags

The Nissan Advanced Airbag System (AABS) includes dual-stage supplemental front airbags with seat belt sensors and an occupant-classification sensor. The inflation rate of these dual-stage airbags adjusts depending on crash severity and seat belt usage. If the front passenger seat is empty, a sensor will deactivate the airbag!¹ For even more protection, standard side-impact supplemental airbags are built into the front seats, so they move with you when you adjust your seating position.¹ Plus standard roof-mounted curtain side-impact supplemental airbags, to help provide enhanced head protection for front- and rear-seat outboard occupants.¹

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only. Actual airbags deflate after deployment. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.

Front-seat Active Head Restraints move up and forward during a rear-end collision, helping reduce the chances of whiplash-type injuries to front-seat passengers.

Available advanced safety technologies

Vehicle Dynamic Control (VDC) helps to keep you on your steered path, if Versa begins to oversteer or understeer, by reducing engine power and/or applying brake pressure to specific wheels.²

Anti-lock Braking System (ABS) Versa's available advanced ABS system gives confident, secure braking when you need it most.

Electronic Brake force Distribution (EBD) adjusts brake proportioning to compensate for added weight from passengers or cargo. It even adjusts as fuel is consumed.

Brake Assist "reads" how quickly Versa's brakes are engaged and immediately applies maximum available power boost for braking.

Zone Body construction

Every Versa starts with a high-strength cabin structure with crossmembers and reinforcements. Crumple zones help absorb impact energy before it reaches the passenger compartment. Energy-absorbing steering column compresses during certain frontal impacts to help reduce the likelihood of injury. And finally, side door beams reinforce door structure and help protect occupants in the event of a side-impact collision.

Protecting the little ones

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at nissan.ca/owners/en

LATCH System The Versa LATCH System (Lower Anchors and Tethers for CHildren) lets you secure LATCH-compatible restraints in the rear seat without having to use seat belts or a locking clip.

Finance Options Through Nissan Canada Finance, we offer many attractive purchase and lease programs, all with competitive rates and terms. With our flexible finance options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2011 Nissan is covered by a 3 year/60,000 km³ Comprehensive New Vehicle Warranty, a 5 year/100,000 km³ Powertrain Warranty, an 8 year/130,000 km³ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Nissan's philosophy toward the environment, "Seeking a symbiosis of people, vehicles and nature", describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically.

²See your Nissan Dealership and read the actual limited warranty. ³Whichever comes first.

10 REASONS TO CHOOSE VERSA®

OF COURSE, NISSAN QUALITY ALWAYS COMES ALONG FOR THE RIDE.

The **most horse-power and torque** in its class.¹ Perfect for quick getaways.

5.7 L/100 km (50 mpg) and **877 kilometres between fill-ups.**² You'll need a pit stop before it does.

An **advanced suspension** for a smooth ride. Fear no bump.

The **most rear leg room** in its class.¹ Now you can bring your tall friends too.

An available premium audio and **Interface System for iPod.**^{3,3} Rock on.

An available **in-dash navigation system.**⁴ Great for on-time arrivals.

Available **Bluetooth**⁵ compatibility.⁵ Fumbling for a cell phone is a thing of the past.

Available **Vehicle Dynamic Control (VDC)** to help keep you on course⁶ and hugging the curves.

Peace of mind. The **Nissan Advanced Airbag System** features six standard airbags.⁷

An available **USB input for iPod**[®] and other mobile media devices.^{3,8} Just plug and play.
