Workfare instead of Welfare

by Edwin Feulner

Welfare expenditures have been rising at an alarming rate over the last two decades.

In 1960 the federal government spent about \$37 billion on Social Security, unemployment compensation, and general welfare programs - primarily Aid to Families with Dependent Children (AFDC) and Supplemental Security Income. In 1980 these same programs were costing \$153.5 billion, about five times more. Likewise, in 1960 about \$2.4 billion was being spent on medical care, infants' and children's programs, housing, food stamps and other non-cash welfare programs. By 1980 these programs were costing \$75.2 billion.

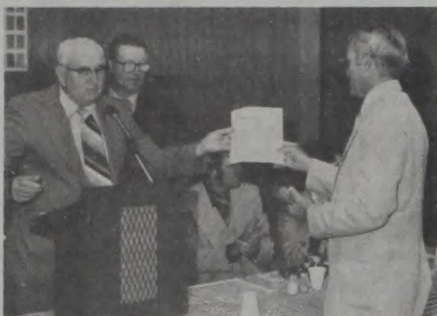

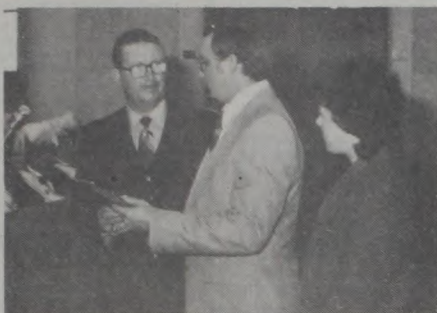

According to social scientist Charles Murray, the explosion in welfare expenditures can be directly traced to the welfare "reforms" which took place during Lyndon Johnson's Great Society binge - reforms which eliminated the stigma of taking handouts, and created a generation - and now a second generation - with little real incentive to work. While the social engineers of the 1960s didn't intend it that way, says Murray, dependence begot more dependence, instead of paving the way for a higher standard of living.

The Reagan administration, like previous administrations, is trying to do something about the problem. (Jimmy Carter's ill-fated welfare reform program, you will recall, would have nearly doubled welfare costs. Congress deep-sixed the proposal when it got wind of the pricetag.) Under the Reagan formula, welfare would give way to "workfare," which would require able-bodied recipients of public assistance to perform some public service in return for their welfare benefits. Its objective is two-fold: first, to promote financial independence by giving people greater incentives to seek out unsubsidized employment; second to get needed work done that the community otherwise can't afford. Such a work requirement, many believe, is crucial for successful welfare reform because it is the most effective way to offset the work disincentives created by the present system.

The workfare alternative widely known as Community Work Experience Programs (CWEP) would be for AFDC beneficiaries. The administration estimates that the AFDC caseload would be reduced by more than 150,000 through a mandatory national job search program.

Just what are the advantages of the workfare concept? As economist Peter Germanis notes, the community would receive something in exchange for its assistance. All communities have work that needs doing but has been ignored because of budgetary constraints. Some of the workfare jobs could be maintenance, custodial, day care and library services

In the top photo, KC Grand Knight Ben Fleitman, Jr. presents a plaque to Waylen Poole, Scoutmaster of Troop 664, when he was named the KC Good Neighbor of 1982. Poole's wife Ann was also called forward for the ceremony. In the lower photo, Wilfred Bindel, committee chairman presents the Family of the Month award to Virgil Henscheid. A Holy Family plaque was presented earlier to his family.

KCs name Waylen Poole Good Neighbor of 1982

Waylen Poole was the choice of Muenster Knights of Columbus for this year's Good Neighbor award, which honors someone of another faith in keeping with a Christian spirit of friendship and harmony among the denominations.

Robert Knauf presented the handsome plaque following the 9 a.m. Mass Sunday in Sacred Heart Church. He recalled Poole's busy career as a key man in the community since coming here to live in 1977, adding that Poole soon became involved in the Boy Scout program, served one year as assistant scoutmaster, and as scoutmaster since then. He has earned the Order of the Arrow award and the Wood Badge for Scout leadership. He is a graduate of Austin College, an employee of Triad Oil Field Service Inc., a member of the Muenster Volunteer Firemen, a faithful worker in school and community activities.

Another feature of the special centennial Mass was the participation of a group of deaf CCD students sponsored by Fort Worth KC

Council No. 759. The youngsters, uniformly dressed in black, joined the choir in deaf sign language during songs of the liturgy. Their leader and director was Mrs. Tommy Farrell.

Also an event of the anniversary Mass was a short talk on the KCs by Wayne Klement. He recalled the order's origin as a fraternal society, an aid to the parish program and is originator of an insurance program for survivors of deceased persons. The organization has grown substantially, now numbering about 1.4 million persons, and has an excellent record of service to state and church in all of the Americas. On the local level the knights participate in the national and state program and contributes to parish projects and community youth programs.

Persons in the processional of the anniversary Mass were the celebrant, Father Denis Soerries, Fourth Degree KCs, Boy Scouts as banner bearers, and the deaf students. The parish men's choir sang.

The second part of the ob-

servance took place after Mass in a breakfast at the KC hall. It was highlighted by presentation of Family of the Month awards to Virgil Henscheid, Don Hess and Eddie Fleitman. As each is selected for the honor, he receives a certificate of local recognition and his name is submitted to the Supreme Council as an entry in a nation-wide drawing. Henscheid was one of the lucky 100 winners and a plaque to him was sent by the supreme council. It was presented Sunday by Wilfred Bindel, chairman of the local program. Hess and Fleitman were selected for local honors for July and August. They received certificates and their names were entered for the national drawing.

Another breakfast event was the presentation of new historical volumes on the KCs to libraries of the city and both schools. The new book relates the story of the order from its origin and through its growth to the present membership, with emphasis on difficulties and achievements and a proud

record of service to church and state.

A specially popular feature was a performance of song and dance by the deaf visitors directed by Mrs. Farrell. The songs followed word and tune with graceful sign language in unison. The dance presented coordinated steps and body movements in harmony with recorded tunes.

Father Denis Soerries, speaking briefly after the show, praised the young set for artistic achievement and especially for their patience and hard work. Regarding Virgil Henscheid's plaque, he said it served as a fitting recognition for years of free service in coaching the Sacred Heart Tigers. Considering an average coaching salary and his length of service, the contribution adds to many thousands, he said.

Still another event followed the breakfast. It was a 15 minute radio address by Supreme Knight Virgil Dechant, starting at noon on the Gainesville station and sponsored jointly by Muenster and Gainesville KC councils.

C of C pledges \$2,000 for ambulance service

Members of the Muenster Chamber of Commerce, at their regular session Tuesday, agreed to contribute \$2,000 toward renovating facilities for per-

sonnel and equipment now being provided to locate one unit of the county ambulance service in Muenster. A former residence plus a shelter for that purpose is

located across Oak Street from the KC Hall.

Discussion brought out the fact that the project estimate is \$2600, also that Jaycees will donate money as well as work in the program whereby the city makes the place available to the county for the ambulance unit and personnel.

Mrs. Mary Luke, 86, dies

Funeral service for Mrs. Ben (Mary) Luke, 86 was held Tuesday morning at 10 in Sacred Heart Church with her son, Father Eugene Luke, officiating at a Mass of Christian Burial while seven other priests celebrated. They were Abbot Raphael DeSalvo, and Fathers Placidus Eckart, Denis Soerries, Cletus Post, Victor Gillespie, Bartholomew Landwermer and Harry Fisher.

Mrs. Luke died Saturday night in St. Richard's Villa ending extensive illness at home, in the hospital and in the convalescent home.

A rosary service for her was held Monday at 4 and a wake service at 8 in the chapel of Nick Miller Funeral Home.

Father Eugene in his funeral homily described his mother as one who lived by her understanding of the word of God, who made no concession to expediency and did not abandon her convictions, who was dedicated to church and family.

Among others taking part in the Mass were the Sacred Heart Choral Group and the Sacred Heart Men's Choir; Carolyn and Frank Luke in

"Edelweiss", her favorite; Dorothy Mae Denny and Gene Luke in scripture readings; Abbot DeSalvo in presenting petitions; and David and Pam Fette in presenting offertory gifts.

Burial was in Sacred Heart Cemetery directed by Nick Miller Funeral Home. Pallbearers were grandsons, Daniel Fette, Melvin Luke, Chris Luke, Damian Luke, Robert Luke and Stephen Luke.

Mrs. Luke was the former Mary Herr, a native of Muenster born June 22,

Another item on the agenda was a possible arrangement in which a person would become available to represent the Chamber officially in administrative details and initial contacts, relieving directors of such chores. It was suggested that this be a part-time job with a title like office manager or executive director. A three-person committee was asked to consider the subject and recommend at the next meeting.

Regarding a proposal to assist in locating business or industry here, the response was cool. Members were cautious about precedent, saying that helping one firm could be understood as a commitment to help all, but the Chamber is not willing to obligate itself. Muenster Industrial Foundation was named as a possible answer in this matter.

A reminder to the membership: Christmas Parade is dated for December 4, and still needs a chairman. Deb Klement was praised for a great job as chairman for the best Harvest Hoedown ever.

Kirk Klement, Eagle Scout honored at the Eagle Award Ceremony Saturday night in Sacred Heart Church is pictured with his parents Edna and Marty Klement.

Kirk Klement earns Scouting highest rank

Kirk Klement, son of Mr. and Mrs. Martin Klement, reached the highest rank of Scouting Saturday night when he was formally received as an Eagle Scout.

The ceremony following the 7:30 Mass in Sacred Heart Church took place before a background of flags carried by Jason Gehrig, Ryan Bayer and Keith Vogel. It opened with a narration by John Walterscheid, assistant scoutmaster, tracing Kirk's progress through five stages before becoming an Eagle.

Each stage recalled special ideals, goals, activities and skills, of the rank concerned; also the joys of camp

recreation, the satisfaction of merit badges and promotions, the practice of respect to God, country and family.

Fellow scouts in uniform of stages concerned signified progress through the stages. Roen Serna was a tenderfoot; Kevin Wolf a second class scout, Alan Hudspeh, first class, Bryan Hoening, a star scout and Craig Stoffels, a life scout.

In the award formality Steven Vogel and Duane Walterscheid were Eagle escorts and Drue Bynum was emblem bearer.

The board of review which approved Kirk for the honor consisted of Henry

Weinzapfel, chairman, David Bright and Butch Fisher, members, David Fette and James Bright, voices of the Eagle. Also Scoutmaster J.W. Poole administered the Eagle pledge, Hank Richroath, asst. district commissioner, administered the Eagle charge, and Father Victor Gillespie gave closing remarks and led a closing prayer.

Special liturgy featured the Mass preceding Eagle ceremonies. Father Denis Soerries was the celebrant; servers in scout uniform and red beret were Ronnie Walterscheid, Jason Gehrig, Keith Vogel, Mike Mangum

Good News

John 6: 25-29

When the people found Jesus on the other side of the lake, they said to him, "Teacher, when did you get here?"

Jesus answered, "I am telling you the truth: you are looking for me because you ate the bread and had all you wanted, not because you understood my miracles. Do not work for food that spoils; instead, work for the food that lasts for eternal life. This is the food which the Son of Man will give you, because God, the Father, has put his mark of approval on him."

So they asked him, "What can we do in order to do what God wants us to do?" Jesus answered, "What God wants you to do is to believe in the one he sent."

Give blood for others Bloodmobile needs You!

It's blood collection time again in Muenster. David Bright program coordinator, announced this week that the Bloodmobile of the Wichita Falls Red Cross blood center is scheduled to make its regular appearance Wednesday, October 20, 2 to 7 p.m. in the K of C hall. The quota is set at the customary figure of 100 pints, which is a third of the quantity usually needed in a year of normal use.

A wide area of North Texas and South Oklahoma is participating in the Wichita blood program whereby fresh blood is always available to all and all in their turn collect for all of the area.

COMMENT

Looking Ahead

by Dr. George S. Benson President

NATIONAL EDUCATION PROGRAM
Searcy, Arkansas

IT WAS PLANNED THAT WAY

We often hear the question: "Why haven't we been told these things before?" The answer is: "Because it was planned that way!"

It was planned to keep the American people ignorant of the true nature of Communism. They were led to believe that "liberalism" was good, while "conservatism" was bad. They were programmed to accept the fallacy that Socialism—government ownership or control of business enterprises would benefit the people, while private enterprise exploits the little people for the benefit of the wealthy few.

Americans have been subjected to this manipulation by a large segment of the clergy, by many high ranking government officials over the years, by academicians from the colleges and universities, by labor leaders, and most important of all, by the news media.

It is not our concern here to attempt to answer the question, "Why?" We're not concerned

with motivation, only with the facts concerning methods and consequences. Until the American people understand these facts, they will not have the means for sorting out the truth from fiction and will have no realization how they have been manipulated.

For over twenty years we have been subjected to a skillful, calculated campaign which used every aspect of opinion-molding techniques, including radio and television, motion pictures, and all facets of the publishing industry.

The overall objective was to destroy the conservative, anti-Communist movement in America by convincing the public:

- (1) that there is no serious threat to U.S. security posed by the Soviet Union;
- (2) that there is no Communist or subversive internal security threat;
- (3) that the conservative, "right-wing" is the major threat to the civil liberties of the American people.

Consider the successes of this anti-anti-Communist, anti-conservative campaign:

(1) Our entire internal security program has been dismantled, security and intelligence files have been indiscriminately destroyed nationwide; the F.B.I. no longer investigates subversive individuals, organizations or publications; the Attorney General's list of such organizations and publications has been discontinued.

(2) The congressional committees which investigated subversive activities have been eliminated.

(3) Many conservative, anti-Communist commentators have been driven off the air and off the pages of newspapers and magazines.

(4) Military officers have been "muzzled," are no longer permitted to share their knowledge of Communism and subversive activities with the public.

(5) Motion pictures and television programs seldom deal with anti-Communist themes, often depict businessmen in a highly unfavorable light.

(6) We have signed the Nuclear Test Ban and SALT I treaties which the Soviets have violated at will; as a consequence, they have created vastly superior global nuclear forces.

America—you've been set up for the kill! Are you going to take this sitting down, anesthetized by the "boob tube"? Or are you going to accept the challenge as American patriots always have? Everything depends upon your choice!

and assistance to police and emergency medical personnel. Existing workers would not be displaced since workfare projects would not otherwise have been performed.

Secondly, participants in the program may find that their attractiveness to potential employers is enhanced through their exposure to a working environment.

While the jobs may provide little in the way of training, they would at least familiarize people with the discipline of work. This has been a tremendous problem, particularly with inner city youths who obtain jobs but can't hold onto them because they don't realize that basics like showing up on time are important.

Thirdly, establishing a work requirement would give employable recipients an incentive to seek other, more attractive means of support when they realize that their benefits are no longer free.

Critics say the proposal is unrealistic because most AFDC recipients are mothers with small children who are unable to work. Yet, Germanis notes, the 1980 Census Report indicates that over one half of American mothers already are at work. Because of the flexibility that states are given in setting up their workfare programs, many potential problems could be solved by employing AFDC mothers as day-care aides - where they could watch their own children as well as those

of the other workfare mothers.

Workfare has been tried in several states with good results. Perhaps our "compassionate" legislators would do more for the morale of our nation's needy by stopping the rhetoric about cutbacks in welfare and lining up behind the workfare alternative.

The

Owner's Manual

by Larry Tisdale DVM

Unfortunately many people live a life of deceit; they pretend to be somebody they are not in order to impress other people. They use excuses in order to rationalize their actions of failing to do that which the Lord would want them to do.

The following article taken from "Pulpit Helps," published by ANG International Chattanooga, Tennessee, illustrates this point.

When a man says he can't keep awake during a twenty minute sermon and stays home with his 700 column newspaper, who is he kidding?

When a man says Sunday is his only day of rest and gets up at 4:30 a.m. to spend the day fishing, who is he kidding?

When a man says the church pews are too hard and uncomfortable, then goes some Saturday to sit on a bleacher for hours in a drizzling rain to watch 22 men push back and forth across a mud lot, who is he kidding?

When a man says he can't afford to tithes but lives in a comfortable home, drives a good car, eats well, clothes his family well and makes payment on a home, who is he kidding?

He is not kidding God—that's for sure!

I would regard someone who acts in this manner as foolish. In regards to foolish men, Ephesians 5:17 states, "So then do not be foolish, but understand what the will of the Lord is." Whereas man may judge us by our actions, God also knows our inner thoughts. Therefore, we are encouraged to seek first the will of God, and then to do it. Sometimes knowing the will of God in certain areas of our life can be difficult, but the Bible makes it clear that if we put God first in our life, that other things will then fall in place. It doesn't mean that we will not have any troubles, but that in the midst of troubles we can have the peace of God which passeth all understanding.

Happy Birthday to Marcie Wilde

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

This week (October 10-16) is National Newspaper Week. I would like to join my friends in the press as they observe the occasion with the theme "A Free Press -- Your Key to Freedom."

A free press is guaranteed in the First Amendment of our Bill of Rights. The founders of our nation believed that it was an essential right -- not for newspapers or their editors -- but rather for the people. They realized that it was impossible for even the best-informed citizen to know firsthand of everything that happened in government. Only through newspapers, and later other forms of mass media, was it possible for citizens to keep track of their representatives and their government. It was essential that the press be free of government control if it was to perform this function.

Newspapers thus have a proud heritage as guardians of democracy. Our entire system of government rests on the premise that an informed electorate will make decisions that lead to good government. Government officials have a primary obligation to keep their constituents informed, but must depend upon the press as the primary vehicle through which to meet that obligation.

Throughout my 21 years in the U.S. Senate, I have been proud of my association with Texas newspapers. They have not always agreed with my actions. They have not always written stories the way I would like to have seen them written. But, by and large, they have been fair and have served their readers well. That is all that any public servant can ask.

I would also like to say a word about community journalism. As communication and transportation have improved during this century, the world seems to have grown smaller. National news networks, nationally circulated magazines, easier travel and commuting have brought us closer together as a people. This has made us a stronger nation. Yet, we have lost some of our roots, our sense of community, in the process.

Community newspapers serve a special role in helping people feel a part of their town as well as their nation. As I travel throughout the state, I see many towns in which the newspaper is a substantial factor in the preservation of a community's sense of identity. This is a valuable service, particularly in Texas where diversity is one of our great resources.

So as a reader and a public servant, I would like to use the occasion of National Newspaper Week to thank the newspapers in Texas for their outstanding service, and for their unceasing dedication to their role in preserving our traditions of freedom and democracy.

Senator Glasgow on the proposed amendments

Herewith is another article by Senator Bob Glasgow outlining pros and cons on constitutional amendments which will appear on the Nov. 2 election ballot.

Amendment No. 2. "The constitutional amendment to authorize the legislature to provide by law for assistance grants, medical care, and services to needy persons."

This proposed amendment would raise the welfare ceiling limit in Texas for aid to dependent children recipients. This raise would be from the limit of \$80 million annually paid out for AFDC recipients to a ceiling of \$160 million for the 1982 and 1983 biennium. Thereafter the limit would be one percent of the state budget each year (the annual state budget presently is about thirteen to fourteen billion dollars).

The \$80 million ceiling was enacted in 1969. With the increase in population and the affects of inflation, the ceiling causes the average payment for a dependent child to be \$34 a month. The Legislature felt

that this was too low and chose to submit the amendment to the voters for their review to raise the ceiling.

Additionally, the present loan requires matching federal funds before the State can make assistance grants.

Presently, negotiations are being conducted between representatives of the Reagan Administration, members of congress and state officials concerning the "swap" in which the Federal government would assume the responsibility for Medicaid, while the States would assume full responsibility for AFDC.

Although the likelihood of this trade being made is not as great as it once was, if the swap did take place and the Federal aid was cut out, it would be a violation of the Texas Constitution for Texas to place any funds into AFDC. If the Federal matching funds were reduced drastically, the level of allowable State funds might be inadequate to meet the needs of the truly needy children.

Springer talks to C of C as candidate for Legislature

Drew Springer, candidate for State Representative, District 63 spoke to the Muenster Chamber of Commerce, Tuesday.

Springer stated "The challenges facing the 68th legislature must be met by

strong leaders who are interested in the people of their district. To the people of Cooke County the number one problem is jobs.

Springer went on to state "I am serving as president of the Weatherford In-

The first thing I am going to do as your representative is help get new businesses into Cooke County so that anyone who is willing to work has an opportunity to make a good living."

Springer further stated that "Bill Coody does not represent District 63. In the primary Coody received 89% of his donations from outside the District. And as of October 4, Coody received 85% of his donations from outside interests." Springer went on to say that "on the other hand 91% of my money has come from the people of District 63, while only 9% came from outside the District."

Drive starts for United Way \$6,000 goal

With a goal of \$6000, the United Way committee of Muenster, headed by Sharon Wolf as chairperson, is busy this week on a quickie drive which hopefully will be closed out this weekend.

Helpers of the campaign are Virgil Henscheid, Kenneth Selby, D.J. Hellman, Larry Kinard and Monica Hess. They received worker packets last week and are

making contacts this week. Mrs. Wolf said the Muenster unit is following its custom of the past several years in taking on a goal higher than its previous collection. The total given here in 1981 was \$5,111.50.

She also pointed out that the \$6,000 quota is still less than the community is due to receive from several funds which will be provided by

United Way. Included are Muenster Youth Council, 4-H and FFA, Boy Scouts Campfire Girls and Red Cross.

Eleven organizations will participate in the United Way Program, which has set its county goal at \$115,000. The participants and amounts budgeted to each are listed as follows.

Boy Scouts	8,700
Camp Fire Girls	20,000
Council on Alcoholism	500

Falling tank kills Pete Hellinger, sr.

An accident Monday was fatal to Pete Hellinger, Sr., 77, of Lindsay. He was crushed by a wooden water storage tank which fell while he and another person were leveling it on the J.C. Schmidkofer place north of Lindsay, near Marysville.

As told by Chief Deputy John Aston, the two men were in the process of leveling the tank when the supporting legs fell out from under it, causing the tank to fall.

Funeral service for Pete Hellinger was held at 10 a.m. Wednesday in St. Peter's Church with Father Cletus Post officiating at a Mass of Christian Burial. Interment was in the Lindsay Cemetery directed by Geo. J. Carroll Funeral Home, and pallbearers were Mark Hellinger, Tommy Hellinger, Raymond Hellinger, Kenneth Fleitman, George Rosson and Larry Knabe.

He was a native of Lindsay, a son of Galaske and Pete Hellinger. He was married to Agnes Krebs on Nov. 25, 1935, and was a painting contractor.

A First Texas 80's Report: On Investments.

"Knowing how to deal with today's unpredictable interest rates means knowing all your options."

Will interest rates go up? Or will they fall? These days, nobody knows for sure. But one thing you can be sure of is your options. First Texas has just the right plan, no matter what you think interest rates will do in the future.

Plan One: New Escalating-Rate Money Maker Security. Invest up to 89 days.

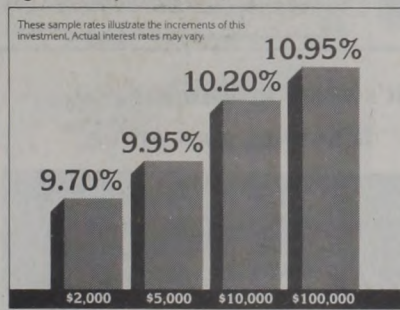

If you think interest rates will climb, First Texas has a great new short-term investment, their Escalating-Rate Money Maker Security. It's escalating, because the more you invest, the higher your interest rate.

For a minimum deposit of \$2,000, you can buy a Security for 89 days with a daily or fixed rate. Or for a minimum of \$20,000, you can buy a 30- or 60-day fixed-rate Security.

These Securities have continually outperformed the money market funds, plus they beat inflation by a wide margin.

The more you invest, the higher your interest.

This new Money Maker Security is escalating. The sample rates in the chart illustrate how

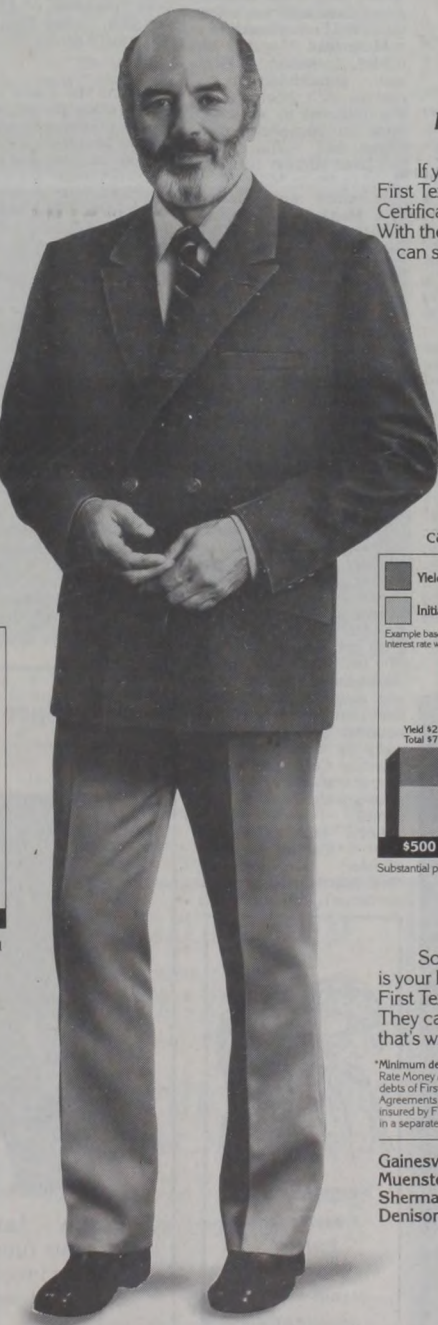

the rate changes to your advantage the more you invest. And for amounts of \$100,000 or more, you'll find that the rates are comparable to other investment certificates.

Safer than money market funds.

The First Texas Escalating-Rate Money Maker Security is a safer investment than most money market funds. That's because both your principal and interest, even on investments over \$100,000, are backed by the strength of First Texas and a trust arrangement.* With most funds, your entire principal is at risk.

Also, at First Texas, you have immediate access to your money with these Securities. And with our daily-rate Security there's no penalty for early withdrawal.

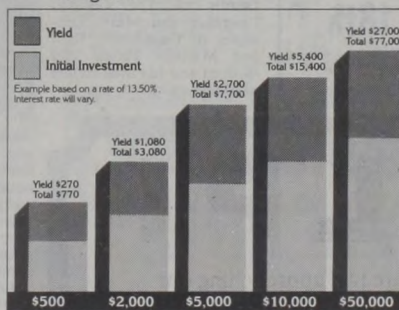

Plan Two: New Long-Term Money Market Certificates. Invest for 48 months.

If you think interest rates will fall in the future, First Texas has a new long-term Money Market Certificate—a long-term fixed-rate investment. With the long-term Money Market Certificate, you can safely lock up a high interest rate now.

A safe way to lock up your financial future.

You can start with a deposit as small as \$500. Plus, you know your investment is safe, because these Money Market Certificates are insured by the FSLIC.

The term of the Money Market Certificate is now at 48-months. A variable rate, 42-month plan is also available. Check the example chart to see just how large your initial investment can grow.

Long- or short-term? The choice is yours.

So whether you decide long- or short-term is your best option, now's the time to invest and First Texas is the right place to go. First Texas. They can make the most of your money. And that's what beating the 80's is all about.

*Minimum deposit: \$2,000 (89 days) or \$20,000 (30 or 60 days). Escalating-Rate Money Maker Securities are Repurchase Agreements which are secured debts of First Texas, collateralized by government securities. These Repurchase Agreements (obligations) are not deposits or savings accounts. Although not insured by FSLIC, First Texas has set aside government securities with a trustee in a separate trust account to protect the purchaser against loss.

Forestburg News

by Myrt Denham

Mrs. Morrison of Henrietta, mother of Glen Morrison, school superintendent at Forestburg, was buried Sunday, the 10th at Henrietta. Services were in the Davis Funeral Chapel. Friends attending from the Forestburg area were Mr. and Mrs. Jack Carter, Lester Boyd, Faith Sandusky, Casey Jones, Mr. and Mrs. Dan Hamric, Mr. and Mrs. Gordon Wade and Mr. and Mrs. Johnnie Mosley.

On the way home they spent the night in Wichita Falls with the Harold Phillips and attended the "Westward to Wichita" Pageant. On Sunday they pitched a packed suitcase in the car and headed to Eureka Springs, Ark. and on to Silver Dollar city, Missouri returning back home Friday the 8th.

Mrs. Carolyn Wood and son Clifford Ray of Wichita Falls spent Friday night with Doyle Lynchs. Clifford Ray

was on his return trip home after spending a week in the Swiss Ave. hospital in Dallas.

Knowing the danger of injuring the elbow while patting one's self on the back - we take the risk, and report with pride, that both the gold star boy and girl this year, are from Forestburg 4-H club. They received the honor and a pair of Nocona boots, at the banquet in Nocona, last Tuesday night. Jackie Farrell was the gold star girl, and Douglas Edwards was the boy winner. All parents are to be commended for permitting and encouraging their children to participate in 4-H. We have two fine, active and dedicated county agents, who help us very much, Mrs. Imogene Evans, and Mr. Rayford Pullem. We also owe a great big thank you to Cooke County Co-op for sponsoring our banquet event this year.

Mr. and Mrs. Charles Edwards and children visited Mr. and Mrs. J.P. Embury, Sunday Oct. 10.

Mr. and Mrs. Hal Walling of Wichita Falls, visited with Mrs. Walling's sisters, Mrs. Ross Littell and Mrs. Gretel Fanning, Sunday, Oct. 10.

Mr. Royal Jackson of Amarillo, Texas visited with his cousin and wife, Mr. and Mrs. Ted Jackson, from Fri. the 8th to Sun. Oct. 10. This was his first visit to Forestburg, and he was really impressed with all the beautiful fishing lakes in the area.

Mrs. Cleo Lanier, Jeff and Tracy Lanier attended the Alford Centennial Celebration, Sat. Oct. 9.

Mr. and Mrs. Johnny Brogdon of Pampa, Tx. visited their parents here, Mr. and Mrs. Barner Brogdon and Mr. and Mrs. Ted Jackson.

Mrs. Laura Baumgarther and daughters, Jennifer and Monica of Dallas visited her sister and family, Mr. and Mrs. Travis Landers and Pam, at their home here over the weekend.

Mr. and Mrs. Olin Merritt, Mr. and Mrs. Ross Littell, Mr. and Mrs. Blake Freeman and Mrs. Cleo Lanier attended funeral services for Mr. Allen Taylor, in Sunset, Sat. Oct. 9.

Lecia Lynch of Arlington spent the weekend with her parents Mr. and Mrs. Doyle Lynch and sister Rayanne.

Visitors in the Glen Lynch home Sunday, the 10th were their sons Gordy and wife; daughter Kelly, Doyle and wife; daughters Lecia and Rayanne. Mrs. Dave Ray of Bowie. Imogene fixed a birthday feast in honor of Glen's birthday. How many??? Mrs. Robbie Lynch and daughter of Fort Worth visited with them Sunday morning.

Mr. and Mrs. Clifford Hudspeth attended the funeral of Burk Miller, a cousin of Clifford's in Fletcher, Okla. Friday Oct. 1.

Mr. and Mrs. Gorton Taylor had as guests over the weekend her sister and husband, Mr. and Mrs. Brownie Birdwell, of Clayton, N. Mex.

Visiting Mrs. Attrass Sledge were Mr. and Mrs. Raymond Volkman of Ft. Worth and Mr. and Mrs. Donald Roe Sledge of Nocona.

Mrs. Vera Mae McGee talked by phone, Sunday with Mrs. Nell Gilliland. She is at the home of her daughter, Mrs. Jeanette McGee, in Amarillo now and says she is doing fine.

Mrs. Juanita Bailey was honored with a birthday party, in the home of Mr. and Mrs. Howard Sockwell, Monday, Oct. 11. Friends present were Lucille Littell, Vesta Carter, Millie Reynolds, Cleta Reynolds, Betty Reynolds, Shirley Lanier, Cleo Lanier, Velma Freeman, and the Hostess Marion Sockwell.

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.
The natural gas industry has an excellent safety record. The fact that you can smell natural gas is because we add a harmless chemical to it as a safety feature. Otherwise, it would be completely odorless.
If you are outdoors and smell gas, call your local Lone Star Gas office.
If you are indoors and detect faint whiffs of what you think may be gas, investigate. It may be that a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.
If your equipment seems to be working properly and the odor persists or intensifies, please follow these precautions:
1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it is safe for you to return to the house.
You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

MHS and Bells deadlock at 6-6

Muenster Hornets were lucky to break even 6 to 6 at Bells last week after being held to the short end of the statistics in a tough defensive struggle. Muenster trailed 5 to 9 in first downs and 76 to 150 in rushing yardage but led 48 to 29 in passing gains.

Both teams failed in their effort to get the vital winning point after touchdown. Bells tried for a pass which would have increased its count to 8, but did not connect. Muenster chose to kick for a single bonus point but a bad snap from center spoiled the effort. Felderhoff then tried for a pass which also failed.

Technically Muenster was declared the winner on the basis of penetrations, just in case the game should later have a bearing on the district title. Regardless of eventual result, however, the decision in Muenster's favor was ironic. It was awarded because the Hornets had two penetrations of the 10 yard line whereas the Panthers had one, a fact which can be explained as Bells scoring on its first effort and Muenster needing two efforts.

From the beginning the trend leaned in the Pirates' favor. They advanced the ball once on first possession, after which each team had to punt twice, and then they turned on the power featuring the footwork of Eichler, Condor and Neal. The drive went for 70 yards in five plays. Eichler accounted for 44, Condor added 19 and Neal scored from the 5 in the second play of the second quarter.

The second period revived the struggle, about the only

breaks in the deadlock being another first down for Bells and an interception for the Hornets, by Wayne Carroll.

Finally Muenster got the upper hand in the third. The drive started with Kevin Felderhoff's 21 yard pass to Carroll and gained 13 more by rushing until it stalled on the 7.

After being stopped on its next series, Bells kicked and the Hornets were back in possession on the 35. Fisher made 2 and another pass to Carroll plus a good job of tight rope running almost finished the job. Officials ruled that he touched the line at the 9.

Three plays gained only 3 and fate then smiled on MHS as an interference ruling allowed four more

tries from the 1. On third play of the series and second play of the fourth quarter Felderhoff evened the score.

Bells came back strong in the last quarter but could not put a drive together for the winning score. The effort started at the 13 gained two first downs and was interrupted by an exchange of kicks. Then each team moved the markers once and exchanged kicks again, and finally Bells got two more first downs to the MHS 36.

Hornets will host Eagles in vital district contest

Football at Muenster High keeps getting tougher. After meeting Bells last week in their most rugged encounter to date, the Hornets are expecting an even bigger challenge this week as they meet the Eagles of Valley View.

As Coach Peters sees it, the game is vital and Valley

Adam Wolf heads Golf Association

With a score of 65, the team including Ola Roberg, Kenny Felderhoff, Ricky Cloud and Ed Schneider was Number 1 in the Muenster Golf Association's tournament at Gainesville Municipal Course Sunday.

Three teams tied at 67 for the next high honor. Members of those teams were Kenny Hartman, Kim Nix, Kim Walterscheid and Ray Voth; also Bill Reed, Brent Hess, Claude Klement and Dale Schilling; also Earl Fisher, Danny Walterscheid, Adam Wolf, Dorothy Endres and Tim Schneider.

In an election of officers preceding the tournament, Adam Wolf was chosen for president of the coming year; John Schneider is secretary-treasurer; and Craig Walterscheid, Brent Hess and Kim Nix are the tournament directors. They named Sunday, Nov. 7 as the next tournament date.

View is good. It's the last chance for both teams to continue as a title contender. Present standings are 2-0-1 for the Hornets and 2-1-0 for the Eagles. A loss by either would eliminate it from contention with Lindsay, which enjoys the lead position and a record of 3-0.

It's not only that the chips are down, but Valley View looms as a formidable foe, judged by the Hornet boss as the best so far on the MHS schedule, including the bunch of Panthers at Bells last week.

Though Bells dominated the action, the Hornets gave a good account of themselves, especially in view of the fact that Bells was loaded with experience, muscle and speed. It all added to a full time strain, which the MHS coaches consider as a sample of what's coming this week.

Physically the Hornets are in good condition, waiting for kick off at 7:30 on the MHS field.

Muenster Juniors lose 14-8 to Bells

The drought continued last week for junior high youngsters of Muenster Public School in a 14-8 loss to the kids of Bells.

The future Hornets made their points on a short run by Shawn Flusche which had been set up by a 30 yard pass from Ryan Klement to Damian Hellman. The TD plus the 2-point PAT matched an earlier effort of the visitors, knotting the count at 8-8.

However the tie was shattered on the very next play as Bells received the Muenster kickoff and rambled all the way to pay dirt.

Tigers play Trinity Valley next

After last week's open date, Sacred Heart's Tigers are rarin' to take on the Trojans of Trinity Valley Friday, 7:30 at Fort Worth.

As seen by Coach Virgil Henscheid they have a real challenge waiting for them in a team that is actually hotter than its present 2-4 record indicates. It has been competitive in 2A and 3A company. Last week, for instance it lost 26-0 to Boyd, which is rated as one of the powers in the state.

The team has a hefty line with four members topping the 200 mark and a good backfield featuring real talent in punting and place kicking. Sturdy backs average 175 pounds and their speed is average, not exceptional. Everything considered, it is a good, solid team, Henscheid said.

The Tigers, now standing at 4-11 have every intention to keep the good work going. They have spent the past two weeks at shar-

pening their game and also have the good fortune to be at full strength. Mike Bar-tush, who was injured before the season started, will be ready for his first game.

For the benefit of Tiger fans, the following is a suggested route to the game. Continue on I-35 to South Fort Worth and exit right on Highway 20. Follow H-20 to McCart, and follow McCart about 5 blocks to the game.

SH-Pilot Point Jv teams tie 8-8

Junior Varsity teams of Sacred Heart and Pilot Point had to settle for an 8 to 8 tie in their get together last Thursday night. The game was about as close as the score, the Tigers losing possession on five turnovers and the Bearkittens by 6.

Sacred Heart appeared to take over on the first play of its first possession when John Nasche broke away on a 47 yard touchdown gallop. Kyle Walterscheid followed with a run for a 2-point PAT giving the Tigers an 8-0 lead after less than two minutes.

But that was the end of Tiger success. Turnovers were epidemic through most of four periods while each team, on only one occasion, made consecutive first downs.

Pilot Point finally made its points on three consecutive successful series following an interception. Four tries made 85 yards the big gains being for 22 and 42 and the score going for 21. A run added 2 tying the count with only 1:27 remaining.

Lindsay demolishes Gunter 38-6

Lindsay Knights went on a rampage last week, crushing Gunter's Tigers 38 to 6 in the process of improving its season record to 5-1 and the district record to 3-0. The big night included an advantage of almost 4 to 1 in rushing yardage while lagging behind 79 to 10 in passing gains. However, the important point was that the Knights seemed to make good gains whenever they wished.

They started on the very first play as Gary Weims returned the kickoff 95 yards for a TD. Leonard Fuhrmann kicked a bonus point fiving Lindsay 7 points before the first minute ended.

The Tiger got close to tying the score later in the quarter but could not crack the Knight defense. Their ef-

fort was halted a yard short of the goal before Lindsay took possession and moved the other way. A sustained drive ended in a 5 yard TD by Weims, who scored five of Lindsay's touchdowns. Fuhrmann's kick upped the count to 14-0.

The next Knight score started with John Dieter's interception on the 35 and four more plays finished the job. Fuhrmann's kick failed leaving the count at 20-0.

In the third period the Knights moved again. With 42 to go they did their job in six plays and led with 26-0 at 8:39 in the third. Just at the end of the third Lindsay struck again. Dieter did it after a fumble recovery on the 3, and a missed kick left the count at 32-0.

Finally, it was Gunter's turn. Hunter passed to

Arrington for 26 and to Tolbert for 8 and Pitts finished the quickie drive from the 25.

Again in the last quarter an interception sparked a scoring drive. Anderle nabbed the ball on Gunter's 46, and Weims gained 26 but the next series failed, and a kick was in order. Then a penalty for roughing the kicker set up an automatic first down on the 25, from where Weims romped to his last TD.

Lindsay's next action is at Era Friday at 7:30.
