THE APOLLO 15 ASTRO-
NAUTS rocketed out of lunar orbit and started for home Wednesday, bringing ancient rocks and new photos from man's greatest exploration of the moon. Astronauts David R. Scott, James B. Irwin and Alfred M. Worden fired a powerful burst with their main rocket engine to break out of the moon's gravity and start the 250,000-mile voyage to a splashdown in the Pacific Ocean Saturday.

WORKING WITH SURPRIS-
ING speed and ease, astronaut Alfred M. Worden wrapped up Apollo 15's spectacular lunar expedition in high style Thursday with man's first walk in deep space to retrieve precious films of the moon. Beginning his 20-minute space walk when Apollo 15 was 196,000 miles above earth, Worden completed three 36-foot round trips along the moonship's handrails in about the time he had made two in practice before the 12-day flight.

THE ADMINISTRATION
estimated Friday that environmental cleanup would cost \$105 billion over six years and said factories should have to pay for polluting as much as they pay for electricity and gas. The \$105 billion represents an average of \$525 for every man, woman and child. President Nixon, in a letter to Congress accompanying the annual report of his Council on Environmental Quality, cautioned against pollution controls so strict that they would risk "bankrupting the very taxpayer enterprises which must pay for the social advances the nation seeks." The council said that pollution at its present level costs more than the programs to curtail it.

AMERICA'S TRIUMPHANT
A P O L O 15 explorers splashed down safely but with a teeth-jarring lilt in the Pacific Saturday, ending a 12-day journey to the moon acclaimed by scientists as "unprecedentedly successful." After David R. Scott, James B. Irwin and Alfred M. Worden made their fiery plunge into the earth's atmosphere at 24,545 miles per hour, one of the three main parachutes collapsed suddenly above the Endeavour spacecraft in braking its final descent. The recovery carrier Okinawa radioed at 3:45 p.m. Detroit time that there would be a hard impact. A half-minute later the Endeavour hit the water with a tremendous splash, only a little more than six miles off its target, 316 miles north of the Hawaiian island of Oahu, with all aboard in good shape.

THE MICHIGAN DEPART-
MENT of Natural Resources warned Sunday that continued commercial lake trout fishing by Michigan Indians will wipe out the state's entire supply of lake trout within a five month period. "At the present level of Indian fishing, I predict that the lake trout stocks will be completely depleted by the end of December," said John Scott, director of the Great Lakes Fisheries Section for the DNR. He added that unless something is done immediately a decade of trout stocking will go right down the drain.

In Northern Ireland British troops and rampaging Irish Republicans battled with guns and bombs through Monday night and into Tuesday in angry bouts of sniping and rioting that took 13 lives and wounded at least 17. The violence, which rocked the capital of Belfast, was touched off in a dawn crackdown Monday in which more than 300 suspected terrorists were rounded up.

Two Million Candlepower Beacon Helps Boaters

MRS. WILLIAM C. MILLER, widow of the owner of the first marina on Lake St. Clair, throws the switch to illuminate the two-million candlepower revolving beacon named in honor of her husband. CLAIR CRAWFORD (left), chairman of the beacon fund-raising committee, and veteran Coast Guard Auxiliary member, holds the switch. At left, the

Road Commission To Do Temporary Street Repair Job

Agrees to Mend Chuckholes on East Jefferson, Lake Shore and Moross Now; Repaving Will Be Started Next Year

By Pepper Whitelaw
Ervin A. Steiner, Jr., County Commissioner for the Third District, and chairman of the Wayne County Public Works Committee, has proved that if you are persistent enough and have enough good hard logic behind what you are insisting upon, results will be assured.

For months now, Mr. Steiner has been writing, calling and meeting with representatives of the Wayne County Road Commission in an attempt to get the commission to pave Jefferson Avenue from Wayburn to Fisher and Lake Shore and Moross roads. The councils of Grosse Pointe Park, City and Farms have also petitioned the commission for action.

Following a tour of said areas, Mr. Steiner once again wrote letters to Michael Berry, chairman of the WCRB and Mitchell Zolik, assistant managing director, outlining the inconveniences created by the "deplorable conditions of these roads."

No Money Available
The commission agreed to do the needed paving but indicated that due to financial stresses could not begin work until 1972 and that when they did so they expected financial assistance from the three cities. Mr. Steiner voiced his objection to local cities participating in the financing of this venture as the state collects weight and gasoline taxes on these roads. Representatives of The City, The Farms and The Park told the NEWS that they have their own problems in stretching the weight and gasoline tax they collect to repair city roads and fully expect the state to handle county roads.

Following more correspondence, Mr. Steiner then suggested that as an intermediate step, the county should repair the chuck holes on the roads. Both Mr. Berry and Mr. Zolik responded last week to Mr. Steiner's request by assuring him that repairs will be sent out immediately and will work until August 31 on repairing existing roads in order to make the use of those roads more tolerable pending a scheduling determination of reconstruction and resurfacing.

Mayors Will Check
Mr. Steiner told the NEWS that the mayors of the three cities will act as liaison with the county crews to see that the job of temporary repairs is done to the satisfaction of the residents who use these three main arteries.

Mr. Steiner told the NEWS that he still objects to the commission's stand on financing of the reconstruction and resurfacing and indicated his feelings to Mr. Berry who explained why the commission was asking cities to financially participate in the improvement of county roads in their communities.

Mr. Berry said, "When the (Continued on Page 4)

Their Opinions Could Sway Government in Decision on Important Federal Grant

By Pepper Whitelaw
The Woods Council, which has delayed approval of participation by that city in the Southeastern Michigan Transportation Authorities' (SEMTA) plan to purchase the Lake Shore Bus Lines, Inc., approved the agreement on Wednesday, August 4, at a special meeting, by a vote of 4-3 with Mayor Kenneth McLeod and Councilmen Marvin Boutin, Benjamin Pinkos and George Freeman voting for participation and Councilmen Kenneth Boerner, Rodger Graef and Conrade Naegel opposing participation.

For about a month, the Woods Council has openly opposed the method by which the subsidy would be assessed to the six cities. It felt financial participation should be based on ridership exclusive of the school buses whereas the other participating cities and SEMTA had based participation on population using the bus service. It was imperative that the Woods participate since terms of the other cities' participation agreements were contingent upon the fact that all six communities participate.

Farms, Park Approve
The Farms and Park councils both approved the agreement with SEMTA at their regular council meetings on Monday, August 9. The City of Grosse Pointe, St. Clair Shores and Grosse Pointe Shores had previously approved the agreement.

With the Woods now committed and The Park's and Farms' approval, the way is clear for SEMTA to file final application for the federal grant of \$156,000. SEMTA's comptroller, Don Edmondson told the NEWS that there are still a number of details to be ironed out but he admitted that the consent to approve the agreement was by far the most difficult obstacle to date. He said he was relieved that it was settled.

Sign With Union
He said SEMTA and The International Amalgamated Transit Union signed their agreement on Monday also. Now SEMTA awaits final approval on its request for the federal grant from the Urban Mass Transit Administration. SEMTA's representatives have informed UMTA that they are working against a September 1 deadline (this is the date set to provide Walter Schwelkert, busline owner with the funds for purchase of the line), and the date SEMTA is to take over bus operation.

Some \$150,000 will be paid to Mr. Schwelkert for the line and another \$17,000 will be spent for the purchase of buses from the Detroit Street Railway. The rest of the funds will be used to refurbish existing buses.

SCHOOL DAMAGE
Ten windows on the second floor of the north and west side of the Defer Elementary School were broken by rocks that had been thrown from the playground. Principal Jesse Lawher reported the damage Monday, August 2, to Park police.

BIKE STOLEN
Mrs. Frank Dupont, of 25 Willow Tree place, reported the theft of her bicycle, a green 20-inch girl's Schwinn, from the Shores park on Saturday, July 30.

Farms Plans To Increase Parking Fine

New Schedule of Fees Becomes Effective September 9; To Remove Orange Canisters

The Grosse Pointe Farms Council on Monday, August 9, unanimously approved a change in parking violation fees effective September 9.

The new parking meter fine schedule will be one dollar if paid within five days of issuance; two dollars after five days; two dollars after five days of issuance until the court date; and five dollars after court date.

Currently the rates are 50 cents if paid within a 24-hour period and two dollars if paid after 24 hours.

Other parking violations will cost five dollars if paid by the court date and \$10 if paid after the court date.

The fines must be paid within the times specified, in person or by mail, at the City Hall. The Traffic Engineer is authorized to provide envelopes to violators for convenience of payment. The postmark on the envelope will be considered the date paid.

Until the Farms has the payment envelopes printed, violators will have to provide their own, according to Chief Robert Ferber.

The orange canisters formerly used in the payment of parking fines will all be removed before September 9.

GPEA Members Discuss Contract Ratification At Meeting At Parcels

Mail Balloting on Two-Year Contract Negotiated by GPEA Representatives and Board of Education Will Be Concluded on Thursday

Members of the Grosse Pointe Education Association met at Parcels Middle School Monday night to discuss the ratification of a two-year contract negotiated by their representatives and representatives of the Grosse Pointe Board of Education.

Rita Cary, president of the association, and Jim Selmo, chief negotiator for the association, expressed an optimistic reaction to the meeting which attracted over 120 voting members.

Miss Cary noted that there cannot be a contract which is totally satisfactory to all those it affects. "This contract is one which was responsibly negotiated at a period in our school history when the reduction of staff and a reduction of program were vital considerations of our members," stated Miss Cary.

Similar Reactions
Dick Kay, chief negotiator for the Board of Education, voiced similar reactions to the settlement. He indicated that the welfare of the 13,000 children in the school district was of primary concern to both sides. Kay indicated that only 26 districts in the six-county area of Southeastern Michigan have contracts for the 1971-72 year, 10 of them the second of two-year agreements. Only three settlements have been ratified since the first of July.

"We are delighted to think that we have a two-year agreement which hopefully will be ratified by both sides, and allow us to get on with the business of teaching children. The quality of our program

will be served by this new contract in many ways, and the absence of contractual strife and concern for at least two years should allow our energies to be channeled in a more productive direction," said Kay.

The net increase applied to budgeted salaries for teachers is 6.3 percent. The second year of the contract provides a cost of living adjustment attached to the Consumer Price Index.

Includes Trial Program
One of the features of the agreement now being considered for ratification includes a trial program of evaluation and orientation of the ultimate authority remains with the Board to perform evaluative functions, the teaching profession will now assume a share in the contractual responsibility of assisting new teachers in their difficult first two years. Accountability of teaching performance has long been a matter of concern and this part of the new agreement should contribute to the positive efforts to achieve good performance.

In the new school calendar, teachers will report to duty before Labor Day to prepare for the students' return on September 7. Teachers will have three more days with their students in order to provide a stronger program. Both teams believe the new calendar is educationally sound.

Specific details of the total contract will be made public following the ratification votes of the Association and the Board. The mail balloting by the Association is scheduled to be concluded by Thursday, August 12 and the Board will act upon ratification at its special meeting on Monday, August 16.

Meat Theft Leads Trio Into Trouble

One Lands in Jail on Narcotics Paraphernalia Possession Charge After Shoplifting

A simple larceny from Wrigley's Super Market, at 19231 Mack avenue on Sunday, August 8, at 2:58 p.m., resulted in the arrest of one of the suspects for possession of narcotic paraphernalia.

Charged with larceny from a building and possession of narcotic paraphernalia was Dorothy James, 1631 Pennsylvania, Detroit.

Her companions, Juanita Harris, 3001 Crain and Willie Jeff Solomon, 3609 Concord, both of Detroit, were arrested for larceny from a building after a Wrigley's employee informed police that an unknown customer had observed James and Harris take meat, place it in a handbag and transport it to Solomon's 1962 Chevrolet station wagon.

Had Previous Warrant
Woods officer Lentz and Farms officer Belanger stopped the vehicle as it proceeded north on Moross road. A routine warrant check on Miss James revealed a "larceny" warrant under \$100 from Detroit's 12th precinct.

After searching the station wagon, the officers found \$72.68 worth of meat but the occupants could produce only one sales receipt amounting to 59 cents. The suspects stated that they had thrown out the other receipt. They were then arrested and charged with "larceny from a building."

A routine search of Miss James revealed one eye dropper, one syringe and one bottle cap with a shower curtain handle in the subject's purse. The subject was informed by the officers that she was being charged with (Continued on Page 4)

School Board Meets Monday

The Grosse Pointe Board of Education has scheduled a special meeting for 8 p.m. on Monday, August 16, in the Board Room of the school system's Administration building, 389 St. Clair avenue.

Agenda items include the opening of bids on tax anticipation notes for the operation of the public schools and the probable ratification of the contract between the Board of Education and the Grosse Pointe Education Association, bargaining agent for the district's teachers.

Earth Lovers Functioning After Temporary Closing

By Pepper Whitelaw
Earth Lovers, a local ecology group which collects bottles for recycling, was temporarily closed Saturday, August 7, after local residents complained to City police about excessive noise. Earth Lovers are located in the parking lot behind the Grosse Pointe Unitarian Church, Maudslayi at Neff.

Thomas Kressbach, City manager, expressed regret over having to take such action. He said, "We share the concern of our citizens with ecology and many of today's projects for preserving and improving our environment; this includes the recycling of glass bottles, cans and other forms of waste." "During the past weekend, we asked the Earth Lovers to stop their operations. "This was because the smashing of bottles was being carried on out-of-doors and bottles were being dropped in 55-gallon metal drums very close to the backyards of adjacent neighbors. We advised the group that they must modify the operation to eliminate the noise if they wish to continue operating at this location. The NEWS spoke with Jerry Thomas of Earth Lovers who said the organization will make every effort to keep the noise down. He added that they will no longer break the bottles out-of-doors. He said they have acquired more 55-gallon drums which should also help the situation. He reminds residents that the members of Earth Lovers will be at their posts on Saturdays between 10 a.m. and 4 p.m., and reminds them to remove all metal rings from bottles before submitting them for recycling.

HELMET TAKEN

Harold Chyz, 708 Perrien Place, reported to Woods police that while he was out on an unknown person removed a metal blue Buco motorcycle helmet valued at \$25, from his garage. The garage had been left open. A witness said he saw a boy dropped off by a car, go to the garage and return carrying the helmet and leave in the car that had been circling the block. He couldn't identify the boy.

City Asking Cooperation For Refuse Collections

City residents are being asked by Public Works Director Douglas Collinson and City Manager Thomas Kressbach to cooperate with the Public Works Department in improving City refuse collection practices.

The biggest problem at present is the placing of rubbish at the curb after the regular collection day and on week-ends. This results in the rubbish setting out at the curb over the weekend until regular collection the following week. Mr. Collinson and Mr. Kressbach say this is happening in a limited number of cases, but the effect is discouraging to neighbors who keep their yards neat and it also spoils the attractiveness of many streets in the City.

Mr. Collinson asked that residents comply with the following guidelines:

1. Household rubbish (sweepings, paper, tin, glass containers, etc.) will be picked up once weekly at a rear or side yard location. Yard rubbish (grass, leaves, trimmings, etc.) will be picked up at the same time and at same location provided it is placed in bushel baskets, plastic bags, or other proper containers. Such containers should not exceed 24 gallons in size nor 50 pounds in weight when loaded.
2. Pickup of yard rubbish (grass, leaves, trimmings, etc.) at the side or rear yard location will be limited to not more than three containers. If you have a larger number of (Continued on Page 2)

MR. INDOOR COMFORT

Will Homes Not Air Conditioned Be Out Of Date In Few Years?

by **ROBERT A. "Doc" WILLIAMS**

A friend once remarked that in our business, we had him "coming and going." In a way he's right, for no matter what time of year it is, there's always something that influences the comfort and health of everyone indoors.

During the heating season, it's a proper amount of balanced heat, with an adequate supply of moisture in the air. During the warmer months, air conditioning acts to cool the air and lower the humidity. And during all months of the year, properly filtered air keeps down harmful dust, dirt and pollen.

Because there is a need for equipment for every month of the year, we have urged many people to buy all four forms of comfort equipment for their home. Heating, humidification, air conditioning, and electronic cleaning systems, (all induced by different forms of equipment), can easily be engineered and installed in most homes in a compact, space-saving space in the basement.

These separate, yet inter-related systems, automatically operate to give your home the right amount of humidity, the proper temperature, and clean air in a constantly maintained indoor climate that is the dream of most homeowners.

A Carrier heating system, may be the start for most people, for when it comes, time to replace that worn-out furnace, it can be adapted for the addition of Carrier: central air conditioning, a Carrier humidifier, and a

Carrier electronic cleaner. They can be installed all at once, or added one at a time.

The new Carrier heating system offers draft-free heat for all parts of the house. A Carrier humidifier adds the proper amount of moisture during the heating season, preventing harmful dry air. A Carrier electronic cleaner filters out harmful particles in the air and keeps a home fresh and healthy. Carrier Central air conditioning cools during the warm months and keeps moisture levels down when it becomes too humid.

If you are interested in year-round comfort, we will be glad to assist you in designing a comfort system. Our engineering and installation staffs are specialists, and will specify every detail of equipment, design, and installation in order to give you complete satisfaction.

This entire year-round system of indoor climate can be installed by Williams for less than what you would expect to pay for most new cars. We'll bet that you spend more time indoors than you do in a new car.

Why not call TU 6-4848 for that free survey of your home today? There's absolutely no obligation.

For a FREE SURVEY of your home, or information about Carrier central air conditioning, call "Doc" Williams at Williams Refrigeration & Heating at TU 6-4848—14711 Harper Ave.

yard rubbish containers, they should be placed between the curb and sidewalk for pickup on the same day as your regular household rubbish pickup.

3. All yard rubbish, and branches and limbs, to be picked up at curbside should not be placed out at the curb before 4 p.m. on the day preceding regular pickup nor after the rubbish crews have made your pickup on the regular day. All empty containers should be removed from curbside by evening of the day on which they are collected. The use of plastic bags eliminates the need for residents to remove empty containers after pickup.

4. Bulky items such as stoves, dryers, television sets and play apparatus, should be placed out at the curb for pickup on Thursdays only. The resident should also call the City Offices (885-5800) to request a bulky item pickup. No other types of rubbish such as household or yard rubbish should be placed out for pickup on Thursdays or Fridays.

5. Contractors (and residents employing same) are responsible for private removal of all commercial landscape, tree trimming and building materials.

Anyone having questions on refuse collection procedures should contact the City Offices.

Mr. Collinson and Mr. Kressbach expressed confidence that cooperation by residents in following these guidelines would improve the City's collection procedures. They indicated the City was currently working on formal pickup regulations and revising certain rubbish routes.

CHIMNEY FIRE

Park firemen were called to extinguish a chimney fire at the home of Robert Pattyn, 1035 Lakepointe, Wednesday afternoon, August 4. A furnace repair man who was checking and servicing the oil furnace apparently turned on the ignition that ignited carbon that was in the smoke pipe and in the chimney.

Lewis Telethon Slated Sept. 5, 6

Representatives of clubs and civic organizations in the Pointe are being invited to appear in person on locally televised segments of the 1971 Jerry Lewis Telethon for Muscular Dystrophy.

The 20-hour, star-studded show, emanating live from New York, will be carried locally by WKBD-TV, Channel 50, on Sunday, September 5, and Monday, September 6.

WKBD will "cut away" from the Lewis show for 10 minutes each hour to feature local club leasers making "on camera" contributions to MD patients in Channel 50's Southfield studios.

The local segments will be hosted by area disc jockeys, TV personalities, and sports figures.

Richard J. Miller, president of Muscular Dystrophy's Greater Detroit-Southeastern Michigan chapter, said that the local TV segments will "finally give recognition to area organizations who traditionally work so hard for the benefit of their communities."

A special brochure "Put Yourself in the Picture" is available free of charge to local clubs and organizations wishing to appear on the Telethon. Brochures may be obtained by calling 883-3100, or writing Jerry Lewis Telethon, 400 West Marshall, Ferndale, Michigan 48220.

Burglars Visit Salon in Woods

By Nannetta Singer
Peter Morri Salon, 20902 Mack avenue, was the scene of a breaking and entering on Sunday, August 8. Jaime Carreiro, 25333 Downey court, Mt. Clemens, the salon's janitor, reported to Woods police at 5:34 p.m. that he had been cleaning there that afternoon until 3.
When he exited from the building, he left the door he usually enters, unlocked until he returned again at 5:30 p.m. He then found that in his absence several plastic bags had been filled with new clothing, false eye-lashes, wigs, etc. and that the culprit(s) had forced open a coke machine leaving the coin box undisturbed.
Woods officer Baum and Lt. Patterson checked the building and found pry-marks in the salon's office. Police at this printing are not sure if the marks were fresh. The patrolmen also found that a sliding window wall upstairs on the northwest corner of the building had been left open approximately six inches and that the wooden sliding window stop was out of place. No force marks were apparent.
Police reported that several drawers in the grill and the downstairs area had been opened, but at this time it is doubtful that anything had been stolen.
However, the officers also found that two drawers had been forced open in the front reception desk, one of which contained the cash box. Mrs. Moori told Woods Officer Plumb that she believes that an unknown number of bills were taken from the box. Only a small amount of change was left by the culprit(s).
The burglar(s) also apparently emptied the front clothes display rack and two display racks at the north end of the lobby. However, the clothes were found by police in the building.
The Woods department is now checking a screw driver that was found in a curler box, a waste basket which had been handled by the culprit(s) in the area of the entered coke machine, and a wig box cover that was found on the floor of the coat room, for fingerprints. The plastic bags which contained clothes, a pair of scissors and one plastic glove are also being checked for prints.
The only other possible clue that police have to the burglar(s) identities was given by a witness who said that he observed a black and white, 1963 Olds 98 convertible driven by a white male at approximately 3:15 to 3:30 p.m. on the said date. The witness stated that he saw the man driving toward the salon's rear parking lot from Hampton road three times, back up twice, until a tall woman with long black hair appeared from the area of the salon.
He stated that the vehicle then proceeded to drive around the lot's parking meters the wrong way, pick up the woman and drive off.

BATTERY STOLEN
Maurice Victor DeLoof, 4014 Devonshire, reported to Woods police that between 12:45 and 1:15 p.m., Thursday, August 5, when his motorcycle was parked at a meter in front of The Nude, 20758 Mack, someone stole the battery from it.

Saloon Nuisance Discussed Again

By Pepper Whitesaw
The Grosse Pointe Park Council on Monday, August 9, once again discussed the nuisance petition filed by residents living near the Crazy Horse Saloon, 15016 Mack, which was originally presented to the Council on July 26. Residents stated in their complaint that they were being harassed by bar patrons who were breaking beer bottles, smashing and breaking windows, damaging antennas on cars, and racing motorcycles up and down residential streets at all hours of the night and early morning.
At that meeting the Council asked the Police Chief, Gerard Kesteloot to conduct a surveillance of the saloon and report his findings to the Council, which he did on Monday.
Chief Kesteloot told of three different occasions when nuisances occurred. The first on July 27, when officers heard some excessive noises emanating from the saloon. The Chief told Council members that when officers informed the owners of the excessive noise they were most cooperative. The second incident occurred on August 4 when loud singing was emanating from the building. Once again the officers spoke with the owners who muted the music. The third incident was that of a motorcycle parked on the sidewalk on July 29. The chief said that during his two weeks surveillance, officers checked the saloon every hour.
Mayor Matthew Patterson said that there are some 44 nuisances covered under The Park's nuisance ordinance and that he was determined to clear up this situation. He added that Park citizens need not stand any abuse. Robert Stone, city manager, said that his meeting with the owners convinced him that they were attempting to carry out the mandate of the Council.
The owners, who were present at Monday's meeting and who were represented by counsel, told Council members that they now have eliminated all bottled beer in an effort to eliminate the breaking of bottles which the residents had complained about. They also said that they have indicated to their customers that they will not tolerate abusive conduct in and around the premises.
They said they will cooperate in any way possible with the residents and Council. They added that they will keep their saloon door closed at all

Woods Reports Bicycle Thefts

A rash of stolen bicycles was reported to Woods police over the weekend. David Palmer, of 311 Stephens road, reported that his light blue, 10-speed Schwinn Varsity bicycle was stolen from the Grosse Pointe Woods Recreation Center at 20422 Mack avenue after he entered the building to get a drink of water on August 7 at 2:50 p.m.
Blairmoor court was the scene of three bicycle thefts on August 7 and 8. Raymond Biernann, of 1217 Blairmoor court, reported that between 10 p.m. on August 5 and 9 a.m. on August 7, a purple Schwinn 10-speed racer was stolen from his unlocked side garage door.
Patrick Fox, of 545 Blairmoor, reported that at 2:54 p.m. on August 7 his green 10-speed Schwinn bicycle was taken from his driveway. During the night of August 8, according to Gary Hill, of 1304 Blairmoor, an unknown person or persons stole his 10-speed purple Schwinn racer from his garage. The bike was valued at \$70.
Cindy Hill, of 563 Rosedale court, reported that during the same night her brown Schwinn tandem valued at \$110 was stolen from the family garage.
Barton Huthwaite, of 1600 Hampton road, got an exchange for his bicycle. Barton reported that his babysitter, Linda Burkman, of 706 Hampton, borrowed his green 10-speed Schwinn bicycle and parked it next door to her home at 10 p.m. on August 3. When she returned at 10 a.m. on August 4 to reclaim the bike she found a beat-up, 5-speed green Collegiate Schwinn racer with no fenders left in its place. The complainant said that he will keep the bike that was left in exchange unless someone reclaims it.

Juvenile Charged as Disorderly Person

City police received a report of a prowler on Saturday, August 7, from a Lakeland avenue resident. She told officers

that she saw a white male about 16 years of age, wearing a blue jacket, dark pants, with curly hair, about 5 feet 7 inches tall, weighing about 150 pounds, loitering alongside her house.

She said the youth, who was riding a girl's bicycle, then got off the bike and walked to the southwest window and tried to look in. He then head-

ed to the rear of the house but stopped at the rear gate. Officers searched the area and radioed a description of the youth. Patrolman Gordon Evans, of The Farms police picked up a suspect fitting that description on Mack near Neff. The youth was riding a blue, three-speed bike, which had been reported stolen on that date. He was taken to the station then to Lakeland avenue, where he was identified by the complainant.

Officers then put him in the police car, as they did so, the youth began shouting threats at his identifier. Police then handcuffed the youth. He was charged as a disorderly person, window peeping, prowling on private property, threatening a person with physical violence and possession of a stolen bike. His parents were notified. The youth was released to his father and informed that his son would be filed on in juvenile court.

Being able to take things as they come, and live with them is another form of success.

Meat Theft

(Continued from Page 1)
 possession of narcotic paraphernalia.

Searches by Police
 Miss James was then taken to the Woods police station and after being searched by Dispatcher Gough a suspicious white substance was found by Officers Treppa and Gekiere on the floor of the holding room.

The same substance was also found in an open box of "Argo" laundry starch on the floor of the police conference room where Miss Harris and Solomon were sitting. More of the same substance was found in an ash tray on the conference room table.

Miss James was taken to the Wayne County Jail when unable to post the \$100 bond for Grosse Pointe Woods or the \$100 bond for Detroit. Miss Harris and Solomon were charged with larceny from a building.

To Repair Bad Streets

(Continued from Page 1)
 Motor Vehicle Fund was established in 1951 the Legislature determined the formula for the distribution of the fund to the Michigan Department of State Highways, the county road commissions and cities and villages.

"In the ensuing years the Motor Vehicle Fund did not keep pace with total road construction requirements but

more particularly so with regard to the county road system. (The most recent study of highway and road needs for Michigan indicates that requirements in counties far exceed those of the state highways and the cities and that there needs to be an adjustment in the distribution formula in favor of the county road system.)

Adopts New Policy
 "In the face of the former circumstance, this board, in an attempt to stretch the Motor Vehicle Fund dollar, adopted a policy several years ago requiring financial participation from incorporated communities on construction or reconstruction projects of county roads within those communities. We agree that the Legislature must make the changes that will provide for each of our needs. As a result of the highway needs study the Legislature will be considering this fall an increase in the gas tax and a more equitable distribution of those funds."

Mr. Steiner told Mr. Berry that he was aware of the bind because of the high cost of road repairs that the commission is facing but added that he still did not feel that there should be an additional tax placed upon residents of these cities. He said certain revenues have been placed aside strictly for the road commission and he felt it was the responsibility of the commission to see that these roads are maintained.

He told the NEWS that he was satisfied that the commission is taking some immediate action to alleviate the problems the condition of these roads has created for residents and that the matter of financing the major work slated for 1972 will be discussed further at a later date.

Richard Scales Takes Command

Two Pointe families are mighty proud these days . . . the John G. Scales, of Washington road, and the Ralph B. Nettings, (he's the former mayor of The City of Grosse Pointe), of Lincoln road. Their son and son-in-law, Commander Richard H. Scales, USN, has just taken over command of the nuclear powered fast attack submarine, USS Haddo.

The change of command ceremony, a time-honored tradition which formally restates to the officers and personnel of the command the continuity of the authority of command, was held Saturday, July 24, in Grotton, Conn. It is a formal ritual conducted before the assembled company of the command.

The change of command a naval unit/activity is nearly unique in the world today; it is a transfer of total responsibility, authority and accountability from one individual to another. Commander Scales takes over for Commander Gerald W. Muench, who has been at the helm of the Haddo since September of 1967, and who has been assigned commander of Submarine Division Fifty-two.

Describes Emotions
 Commander Scales described his dominant emotions at the time of the ceremony as those of pride, humility, determination and gratitude.

Commander Scales is 37 years old and a native of Ridgewood, N.J. He was graduated from Grosse Pointe High School. He attended Cornell University for one year before he received an appointment to the Naval Academy at Annapolis in 1953. He was graduated with the class of 1957 and received his commission as Ensign.

His first tour of duty was in the USS Isherwood, after which he attended submarine school. He was next assigned to the USS Harder.

Gets Nuclear Training
 In 1960, he was selected for the Nuclear Power Training School. Following this he reported to the precommissioning crew for the USS Tinosa. Subsequent to commissioning of Tinosa in September 1964, he was ordered to relieve as Engineer Officer on board and served in that capacity until December of 1960 when he was ordered to report as prospective executive officer for the USS Narwhal precommissioning unit.

Prior to reporting to the Haddo, Commander Scales attended prospective commanding officer training school at New London and the division of naval reactors, atomic energy commission, in Washington, D.C.

Commander Scales is married to the former Cynthia Nettling. They reside in Gales Ferry, Conn., with their three sons, Bradford, Breton and Todd.

Television Set, Pennies Stolen

Farms police received a report of a breaking and entry at the Richard Shannon residence, 237 McMillan road, on Thursday, August 5.

Officers were told by Mrs. Shannon that a 10-inch portable GE television set in a beige case had been stolen from a table in the upstairs bedroom as well as a jar containing some \$17 worth of pennies.

She said that when she returned home from shopping at 5 o'clock, she found the screen door to the drive to the family room open. She did not discover the theft until 10 p.m. that evening when she was ready to retire. The television set is valued at \$80.

A check with the neighbors revealed that a white, rusty car was in the Shannon drive around 2 p.m. that afternoon. The said a white male drove the car back in the area where the door was found open.

Police are investigating.

CHEMICAL BURNS

And provide direly needed financial support for Grosse Pointe High School South's activities!

"South," as you are probably aware if you are a parent, has come upon hard times. Recent millage defeats preclude needed physical renovation — and a great many activities that should be a part of a student and a school's life.

So, while we can't raise the money for South's renovation, we can do something about providing financial support for those activities.

To this end, the Dad's Club of GPHSS, is sponsoring the sale of season tickets good for admission to all GPHSS "home" games and athletic meets. At \$10.00 per season ticket, you'll be able to attend 44 athletic events, with all proceeds being used for GPHSS activities.

Come to the games and get stirred up!

If you've attended GPHSS games in the past you know they're exciting — that you can rapidly become a howling partisan. If you haven't been attending, you're due for a surprise — and a treat when you come. Our GPHSS kids put more college try, and some times more expertise, into the competition than many a college team. (And you can enjoy the same kind of hot dogs at our football games, that you'd enjoy while watching the Lions.)

ard, 4015 Bedford avenue, was driving east on Vernier road on August 3 when a car driven by Guy G. Minnella, 27926 Greater Mack, St. Clair Shores, failed to yield the right of way at the Vernor-Wayburn intersection.

Minnella, proceeding south-bound across Vernor, accelerated after coming to a stop at the intersection. In an attempt to swerve out of Minnella's way, Miss Howard's car struck the front of Minnella's sending the woman into the front of a home at 1300 Wayburn avenue.

Miss Howard was taken to Bon Secours Hospital where she was treated for injuries to her head and her right knee. Patrolman Michael C. Kortas witnessed the accident in which Minnella was charged with failure to yield the right of way.

Tuesday morning, August 3, Mrs. Audrey Hogan, 969 Beechwood, East Detroit, was bent over in her car to pick up an object off the floor while she was driving east on Jefferson near Berkshire. Her car left the paved road and struck an Edison pole. No damage was done to the pole and there were no injuries.

Mrs. Hogan received a violation for driving without due care and caution and leaving a roadway.

Eva Szymanski, 5751 Newport, Detroit, was issued a violation Wednesday, August 4, for entering an intersection without due care and caution. She had stopped at a stop sign on Three Mile drive at Kercheval, then proceeded into the intersection across the path of the car driven by Reid Sutherland Wilson, 706 Rivard, who struck the right side of the Szymanski car, which then struck a tree.

WALLET TAKEN
Katherine Jones, 115 Stephens road, called Farms police on Thursday, August 5, to report the theft of her wallet from the counter near the phones at the Farms Pier on that date. The white leather wallet contained between \$35 and \$40, credit cards, keys and sunglasses, valued at \$5.

Purse Fishing New Gimmick

Farms police received a report on Saturday, August 7, of a new breed of purse snatchers, from Ann M. Donahue, 253 McKinley, who almost fell victim to the culprits.

On that date, she was riding her bicycle south on McKinley near Charlevoix when a purple Plymouth duster began to pass her slowly. As it passed, a passenger in the car stuck out a long stick with a hook on the end of it, then hooked her purse, which was in the basket of the bicycle.

When she saw what was happening, she shouted and the would-be-thieves fled south on McKinley to Charlevoix and west on Charlevoix. The passenger dropped the stick in his haste. It was taken to the Farms Police Station as evidence.

Tires Stolen In The Farms

Farms police received four reports of tire thefts in a two-day period. The first report came from Mrs. C. E. Reichert, 255 Cloverly, on Wednesday, August 4. She told officer Gordon Evans the spare tire was stolen from her husband's station wagon on that date from the parking area in the rear of 18700 Mack. The tire was valued at \$80.

The second report came from Mrs. Havy Carender, 258 Merriweather, who told officer Sam Cardella, that her '71 station wagon was parked in the drive of her home from 5:30 p.m., August 4 until 11 a.m. August 5. When she went to the car Thursday morning she found the right rear door open and a \$75 whitewall tire missing.

On that same date Donald Sullivan, 386 McKinley, reported the theft of his whitewall spare tire from a '71 station wagon parked in his driveway between 7 p.m. on Wednesday, August 4, and the morning of Thursday, August 5.

Also on Thursday, August 5, Bruce Carey, 251 Moran, reported the theft of a whitewall spare tire from the tirewell of his station wagon which was parked in the closed garage the previous night. Police are investigating.

Window Peeper Tries Burglary

A window peeping incident at the Earl H. Allard residence on Edshire road, at 1:39 a.m. on August 8, may be related to an attempted breaking and entry at 19779 Edshire road at 4:02 a.m. on the same date, according to Woods police.

Mrs. Marie Massie, of 21207 Beechwood, East Detroit, was babysitting at 19792 Edshire road when she saw an unknown male on the garage roof of the Allard residence at 19806 Edshire. Police checked the area and found no one. However, they did find a ladder propped up against the wood fence near the Allard garage enabling someone to climb up onto the roof and look into the bedroom windows. The residents were unaware of a prowler.

Mrs. Marilee Schultz, of 19779 Edshire, reported to police that she was sleeping downstairs in the family room

when she was awakened by a noise which sounded like someone cutting the screen at the rear of her home. The complainant then turned on the rear light and reported seeing a white male approximately 5'10" fleeing through her rear yard and then running north on Edshire.

The subject cut an 8" slit in the rear door screen, but entry was not gained.

Cabin Crafts Makes the Carpet That Makes the Home

is good taste a dangerous thing?

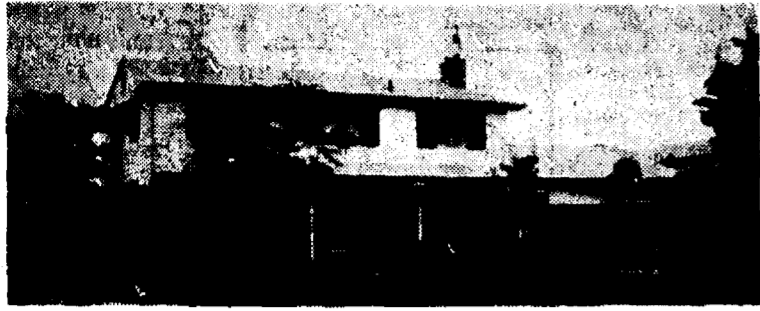

Maybe so . . . because some folks have our line pegged as purely decorative, not down-to-earth. They don't see the fact for the frou-frou. The fact is . . . Cabin Crafts stresses Beauty and the Basics. We have Wild Ones . . . and Safe Ones. Sensationals . . . and Staples like "National Velvet." So why settle for one or the other when you can have both . . . Beauty and the Basics . . . with Cabin Crafts.

Cars In Woods Vandalized

George A. Sibilsky, 885 Vernier road, reported to the Woods police that one or more persons entered his garage through his back, unlocked door at an unknown time during the night of Saturday, August 7, and damaged his 1969 yellow Mercury and 1960 beige BMW.

Drain oil was poured over the roof, the hood and the right side of the Mercury, according to police. Red paint was also splattered on the Mercury's roof and antenna.

Damage to the BMW included oil and red, white and yellow paint over most of the body, obscenities printed in red paint on the hood of the car and a swastika painted on the passenger door window.

One tube of rubber cement valued at \$1.25, one tube-up kit valued at \$3.00, one tube of plastic aluminum valued at \$1.25 and one tube of weather strip firm valued at \$1.25 were taken from the garage according to Sibilsky.

He also reported that two partial cans of red primer paint, one small can of white and one small can of yellow paint, 15 quarts of his new motor oil and 10 quarts of drain motor oil were taken from his garage and used in the malicious damage.

Police found four empty cans of Sears motor oil, one can of Ajax and one packet of Bugler cigaret papers, which are being checked for fingerprints.

A neighbor of Sibilsky reported to police that he and his family heard a noise coming from the Sibilsky garage at approximately 1 a.m. that sounded like metal falling. The witness reported that he could see no one but that the noise lasted for about 20 minutes.

Woman Driver Gets Jail Term

Mrs. Mildren Cunningham, 35, of 3045 Algonquin, Detroit, was looking for a television repair shop recently and two hours later, she was sentenced to three days in the Detroit House of Correction.

According to information in the Park police files, Mrs. Cunningham was driving east on Jefferson, with a television set in the rear of her car, looking for a repair shop.

At Jefferson and Harvard, she stopped a woman to inquire the location of the nearest shop. Mrs. Cunningham got out of the vehicle, leaving it in gear, to talk to the other lady.

The auto crept forward slowly, went over the curb and hit a tree. There was no damage to either the car or tree, it was said.

However, two boys, one 12 years old and the other 14 years old, had seen Mrs. Cunningham driving the vehicle, and witnessed the minor collision and called Park authorities.

When officers arrived at the scene, they asked the woman for her operator's license, and when she failed to produce it, the policemen checked with their station and found that her license had been suspended about a year ago.

At 5 p.m., Mrs. Cunningham was arraigned before Park Municipal Judge William E. Speer, who sentenced her to a mandatory three days in jail.

TREE DOWNED

Mrs. Michael Birch, 569 Perrien place, reported to Woods police that sometime between 11 p.m. Sunday, August 1, and 8 a.m. Monday, August 2, a vehicle drove over the lawn and knocked down a tree that had been planted by the city.

Public Schools in Focus

What are the characteristics of a "good" teacher?

In a recent nationwide poll one high school student said, "My best teacher was one I hated. She sure knew how to teach English, though. I learned."

The data gathered recently in the "youthpoll" sponsored by the American College Testing Program which surveyed a cross section of a million students who took ACT tests last year show that the terms "demanding" and "caring" are the two characteristics mentioned most often as typical of a "best" teacher.

What else does the survey reveal?

- Three out of four students were critical of their high school experience, with only one in four reporting a "fine experience" in high school.
- College bound students say they want to be made to work harder.
- Students consistently rated

their "best" teacher as the one who worked them the hardest.

4. The survey found that students were sensitive to the treatment given by a teacher to all their classmates, not just themselves.

5. The high school students said that they liked teachers to treat students of varying ability alike — from the brightest to the slowest.

6. The age of a teacher does not appear to be a factor in the effectiveness of teaching. The individual counts more than the chronological age.

7. The respondents indicated that discipline is necessary. "Worst" teachers were too easy on discipline.

The students said that if they could run their own high schools they would teach more about today's problems, offer a three year program, be wary of cheating, and not be too "liberal."

The complete study is contained in WHEN YOU LISTEN, THIS IS WHAT YOU CAN HEAR (\$3 from ACT Publications, P. O. Box 168, Iowa City, Iowa 52240).

Letters to the Editor

Dear Sir: We moved here three months ago and I am looking forward to moving away... the sooner the better.

I have tried to live with speeding cars, loud motorcycles, insolent kids, my six-year-old being beaten up by a 12-year-old gang, and an apathetic group of citizens, but when two bicycles are stolen from my home my blood pressure ascends rapidly. I was under the "illusion" that my taxes "protect" me from the above. What a joke! Too bad I can't laugh.

My husband and I grew up in Grosse Pointe and we're amazed at the changes. What has happened to the nice community?

I hope all of you who read this wise the smug look off your face and take a good look at yourselves and your neighbors.

I don't want to receive "hate" mail" or take the chance the neighbors will use my children to get back at me for criticizing their illustrious area, to please don't print my name.

DREAM FIND

Miss Shirley Damm, 1740 Hollywood, reported to Woods police that her sister, Gerry, 14, had found a brown paper bag laying in a small hole at the rear of her home containing an undisclosed amount of money.

What Goes On at Your Library

By Virginia Leonard

I am one who does not believe that all Best Sellers are necessarily good books. I am one who frequently examines the listing of these selections, wondering how much depends on publicity, how much depends on the author, how much depends on the popularity of the subject matter; there are so many factors, so many imponderables to be considered. I am one who, after all these considerations, am often amazed at some of the titles on this list. But the study is always worthwhile, interesting, and makes one reflect a bit on one's fellow man.

Why all this philosophy right now? I just finished reading the Number 1 choice on the fiction list — THE EXORCIST by William Blatty (author of TWINKLE, TWINKLE, KILLER KANE). Shades of ROSEMARY'S BABY — here is a book I would not advise reading late at night (I did, that's why I'm not advising it.) Here we have a girl of twelve, gradually possessed by the devil; a murder; the involvement of doctors, psychiatrists, Jesuit priests; a chilling exorcise (especially if you're reading it at midnight) and a tragic denouement. It's to be made into a movie, but I don't think I want to see it; However, it was quite an experience to read.

At the other end of the scale is the Number 1 selection in non-fiction, BURY MY HEART AT WOUNDED KNEE by Dee Brown. This book came out in January so has taken a while to climb to the top. It is an account of frontier wars against the American Indian, the scope dealing almost exclusively with the fate of the Cheyenne and the Sioux between 1860 and 1890. Although amply researched, the narrative is excessively anecdotal. The Indian warriors are all noble and pathetic souls, with the American generals being butchers and sadists.

The second entry on the fiction list, currently, is PASSIONS OF THE MIND by Irving Stone. Since I reviewed this book in a previous column, at the time I read it, I shan't go into detail. It deals with the life of Freud, and because it is such a long book, I am impressed that it has stayed on the list for 19 weeks.

Another book on the fiction list is James Michener's THE DRIFTERS. Here, six young characters are thrown together by chance in the wide-open Spanish resort town, Torremolinos. One is a bearded, long-haired boy from California who is against the war in Vietnam and is fleeing the draft; another, a girl, is from Norway; still another is a black militant honor student — and so it goes. All seem to

be revolting and escaping. Michener appears as the sixty year old George Fairbanks who seems to be the interpreter, the reasoner, the narrator. I've only barely dipped into this book but what I've read I've liked.

In the non-fiction category, the number 2 place is taken by Germaine Greer's THE FEMALE EUNUCH. Since most of you have by now seen this author on television, or heard her on the radio, and since I've already mentioned this title in a previous column, I will only remind you that this is one more contribution to the literature on Women's Lib.

The Number 3 slot is taken by AMERICA INC. by Mintz and Cohen. The subtitle is: "Who owns and operates the United States," and is a run-down on private power as abused by big corporations and abetted by the American government, with the emphasis on "big." Listed are the top 200 companies and their injuries to our health, wealth, safety, and exercise of choice.

A newcomer is THE GIFT HORSE by Hildegard Knef, an autobiography of one who fled Germany, escaped the Russians and a prison camp, fled to America, has had a career as an actress, and, in the book, ends up in Switzerland to start a new life.

Life within THE BELL JAR by Sylvia Plath is our next choice. Here we are dealing with a breakdown and suicide attempt, institutionalization. "To the person in the bell jar, blank and stopped as a dead baby, the world itself is the bad dream."

A change of pace is BOSS by Mike Royko — the story of Richard J. Daley. According to one reviewer, it gives a sharp picture of the Mayor, his policies and methods, and tells us a good deal about Chicago. The author, one of Chicago's best-known columnists, has a host of anonymous privy information, and thus the picture is built, beginning with Daley's youth. This book has been on the non-fiction Best Seller list for 18 weeks.

The rest will have to go unmentioned — and changes are constantly made as time passes. What really goes into the hopper to produce a best seller? As you can see, it's virtually impossible to answer that question, and that is what makes the list fascinating, as one studies it from week to week.

The Grosse Pointe Garden Center Board has Great News: On Wednesday, September 22, from 1 until 5 o'clock, the mansion belonging to the late Mrs. Anna Thomson Dodge will be opened to neighbors and friends of the Garden Center and the Grosse Pointe War Memorial.

This special, magnificent treat takes the place of the fall House Tour the Garden Center has sponsored so profitably for about 18 years. This year it's one house only — but what a house! . . . The fabulous Rose Terrace, the villa everyone wants to see before it is either sold or torn down.

Details, (how and where to get tickets), will follow in a later column.

Used Books Needed For AAUW Fall Sale

A Call to Mrs. Thomas Arndt Will Arrange Pick-Up of All Donations; Sheet Music, Magazines and Records Also Wanted

Many members of the Grosse Pointe Branch of the American Association of University Women have a special summer project: Marking and sorting donations for their annual Used Book Sale, to be presented October 12 through 15 at the Grosse Pointe Unitarian Church Annex.

Children's and cook books are especially desirable, but all types of books are welcomed by the sorter-marker-sellers, who ask Pointers to check their shelves, NOW, for books no longer wanted or needed, and donate them to the sale.

Mrs. John Moran, 1971 Sale chairman, has announced that Mrs. Thomas Arndt is in charge of book collection.

Arrangements may be made for pick-up of donations by contacting Mrs. Arndt at 882-8587. She'll send someone out to collect everything from a handful of paperbacks to cartons of hardcovers: Novels, biographies, reference works and texts.

Magazines are gratefully accepted too, (the decoupage-

snap these up the very first Sale day), and so is sheet music.

Mrs. Arndt's summer sorter-marker staff includes Mrs. Jack Fielach, Mrs. Clark Lawrence, Mrs. John Fox, Mrs. George Montle, Mrs. Gordon Cameron, Mrs. Robert Nicholson, Mrs. Richard Landgraaf and Mrs. John Bayne.

Profits from the Sale help provide scholarships to outstanding young women for continuation of their educational pursuits. And the Sale serves the community as a source of inexpensive, good-condition reading material—listening material too, since records are among its most popular items.

Miss Coyle Speaks Vows in St. Pauls

Same Priest Who Officiated at Parents' Wedding Conducts Ceremony for Their Daughter and Robert Rickerd Thompson

An antique white peau d'ange gown accented at the waist with two bows marking the beginning of Brussels lace panels was Julie Irene Coyle's choice for her Saturday, August 7, wedding to Robert Rickerd Thompson.

The lace formed a high neckline and cap sleeves falling into a caplet at the back of the gown. The former Miss Coyle's Cathedral length veil of heirloom Brussels lace extending beyond the long circular train of her gown had been worn by a succession of brides in the Coyle family, including the bride's mother.

The bride carried clusters of white rosebuds, stephanotis and orange blossoms on top of her white silk prayer book. Tiny sprays of forget-me-nots were fastened to the lace bows

of her slippers. She is the daughter of Dr. and Mrs. James E. Coyle, of Beacon Hill. The Joseph P. Thompsons, of Radnor circle, are the bridegroom's parents. Saint Paul's-on-the-Lakeshore was the setting for the 11 o'clock service at which the Right Reverend Monsignor Frank J. McPhillips presided. Monsignor McPhillips also officiated at the wedding of the bride's parents.

Lector was the bride's brother, James Coyle, Jr.

Following a reception at the Country Club of Detroit the newlyweds are vacationing in the west.

Mrs. Robert R. Thompson

Wed to Mr. Thompson, son of Mr. and Mrs. Joseph P. Thompson, of Radnor circle, in Saint Paul's-on-the-Lakeshore Saturday morning, August 7, was JULIE IRENE COYLE, daughter of Dr. and Mrs. James E. Coyle, of Beacon Hill.

The bride's sister, Mary Beth Coyle, was maid of honor and bridesmaids were Angela Cody, Sara King, Susan Bar-tush, Molly Walker and Kath-

leen Thompson, sister of the bridegroom. Short-sleeved, floor length gowns of white eyelet were worn by the bride's attendants. Bands of sapphire velvet accented the frocks, encircling high necklines and waists. Bows of matching velvet ending in streamers, pinned to the attendants' hair, flowed to their hemlines.

Each carried an Edwardian bouquet of cornflowers. Joseph P. Thompson, Jr., the bridegroom's brother, acted as best man. Ushers were Thomas Coyle, brother of the bride, Richard Mitchell, Stephen Schafer, William Opyke and Norman Merollis. Mrs. Coyle chose a street length princess style gown of woodrose organza with appliqued silk flower petals in soft shades of white, yellow and pink.

The bridegroom's mother selected a turquoise print cotton brocade ensemble with a short jacket.

Engaged

The engagement of ELIZABETH BOYDELL WOOD to John Stewart Dalrymple, III, has been announced by her parents, Mr. and Mrs. H. Gordon Wood, of Touraine road. Miss Wood was graduated from Grosse Pointe University School and now attends Briar-cliff College, Briarcliff Manor, N.Y. She made her debut during the June season of 1969 and is a member of Sigma

Gamma Association. Mr. Dalrymple, son of Mr. and Mrs. John Stewart Dalrymple, was graduated from St. Paul's School and Yale University and is now doing graduate work at Cornell University.

The wedding will take place in late December. MELISSA COURY, South High 10th grader, and SCOTT RENIUS, North High 11th grader, were named to their respective Honor Rolls.

Peter Rausch, Jr. To Claim Bride

Mr. and Mrs. Robert L. Johnson, of Cranford, N.J., are announcing the engagement of their daughter, Carol Ann, to Peter M. Rausch, Jr., son of Mr. and Mrs. Peter M. Rausch, of Van Antwerp road. Miss Johnson is a graduate of Cranford High School and a June graduate of Wagner College, Staten Island, N.Y., where she earned her Bachelor of Science degree in Education. She will be teaching this fall in the Cranford School System. Mr. Rausch is a computer systems analyst in New York City. He is a 1968 graduate of the University of Michigan where he received his Bachelor of Science degree in Engineering. He was a member of Chi Phi fraternity. A November wedding is planned.

The Reverend John K. Kjoillar, St. Andrew's pastor, presided at the ceremony which was followed by a garden reception at the South Salem, N.Y., home of the bride's grandparents, Mr. and Mrs. Frank Richardson Oates.

Given in marriage by her parents, the former Miss Donnell wore a redingote appliqued with peau d'ange lace over a sleeveless peau de soie gown. Her cathedral length veil of ivory Rosepointe lace is a family heirloom, and she carried white roses, stephanotis and ivy.

Mrs. Herbert M. Kithcart, of Kaiserslautern, West Germany, was her sister's matron of honor. Bridesmaids were Mrs. Glenn E. Shaw, the bridegroom's sister, of Lectonia, O., Elizabeth Gormley, of Oregon,

III., and Mrs. Rudolph R. Povirk, Jr., of Bedford, O.

They wore jewel-toned Empire frocks of green, yellow, deep pink and blue shantung with matching headpieces of velvet ribbon and roses, and carried bouquets of pink and white roses accented with sprigs of delphinium.

Acting as his brother's best man was Peter Fink. The bride's brothers, Captain Alton P. Donnell, Jr., and L. Alexander Donnell, Glenn E. Shaw and Captain Herbert M. Kithcart ushered.

DBC Dock Daze Date Is Aug. 18

The Women's Committee of the Detroit Boat Club will stage its Dock Daze IV luncheon next Wednesday, August 18. The party gets underway with cocktails on the Club lawn at 11:30 o'clock, after which guests will be "piped aboard" one of the host boats for lunch.

For those who prefer terra firma tables will be set at the poolside bandshell.

The atmosphere will be nautical with red, white and blue pennants flying overhead and casual dress — slacks, shorts, shifts — is the order of the day while those in-the-know will sport topsiders for coming aboard.

Later in the afternoon guests will gather on the lawn for prize time. A marine-minded committee has selected gifts to delight hostesses whether they entertain aboard ship or at home.

Co-chairmen for this popular annual affair are Mrs. Ross S. Campbell, Jr., who will welcome guests aboard the Holly Lynne, and Mrs. Kenneth P. Locke.

Members of their committee are the Mesdames Herbert Cook, Harold Davis, Philip Dickinson, Theodore Feldman, Edward Harrigan, Kenneth Kimmel, Earl Merritt, Sean Schaffner, Lawrence Sweet and Russell White.

Committee members acting as hostesses and their crafts are the Mesdames Ralph M. Burke, The Shamrock VI; Walter B. Drolet, Boxer II; and Arthur O. A. Schmidt, whose new craft is as yet to be named.

Members also playing hostesses for the day with their boats include the Mesdames Duane W. Bacon, Jr., The Glory B.; Joseph T. Brennan, Quo Vadis III; Sheldon L. Drennan, Nan-Ru-Shel II; Robert S. From Another Pointe of View

(Continued from Page 9)
 supplement the contents of the Rose Terrace Music Room bequeathed to the museum by Mrs. Dodge, (she also gave the Art Institute \$1,000,000).

There too were Mr. and Mrs. George W. Menold, of Hampton road. The Detroit Bank and Trust is one of the executors of Mrs. Dodge's will and Mr. Menold, a vice-president, is handling the estate. So he, naturally, went to the auction. And he asked Caroline if she'd like to come along . . . Who wouldn't!!!

A Fascinating Experience

"We were guests of honor," Caroline reminisces, "at a formal dinner at the home of J. A. Floyd, executive vice-president of Christie's, along with some very well-known people in London Art Circles."

After cocktails and dinner the party attended a formal Champagne Preview in the Christie Gallery. People were "queued up," as they say in England, to gain admission at 8 o'clock, and did not leave until after midnight. The auction seats were sold out each day far in advance. Even standing room was at a premium.

"For me," says Caroline, "the most exciting day was when the paintings — the Bouchers, the Fragonards, the famous Titian 'Death of Actaeon' — were sold."

The Titian was sold to Julius Weitzner, an American dealer based in London, for \$4,032,000, and later sold to J. Paul Getty for an undisclosed sum.

Another exciting time for Caroline was when Mrs. Dodge's porcelain-design Louis XVI bureau was sold. "The Detroit Institute of Arts bid as high as it could, but lost out to an Eastern collector who was seated with his wife — and the last \$100,000 in bidding was the result of her elbow nudging him in the ribs." The bureau went for \$416,000.

Many Treasures Left

Although a plane-load of choice furniture, silver and paintings crossed the Atlantic for the auction, there are still many treasures left in Rose Terrace. Christie's will sell the balance of the late Mrs. Dodge's porcelain, jade, silver, paintings and furniture at her beautiful Lakeshore road estate Monday, Tuesday and Wednesday, September 27 through 29. There's a three-day Preview scheduled too, for Thursday, Friday and Saturday, September 23 through 25.

A Private Cause For Celebration

George and Caroline, Menold celebrated their 40th wedding anniversary June 23, during the week of the auction, and were invited for cocktails and dinner at the home of Christie partner Anthony Cole-ridge and his charming Spanish wife.

Among the guests were MaryAnn and Bob Petz, who brought Caroline a corsage, George a bottle of champagne, "and helped," says Mrs. M., "make the evening and our anniversary a delightful and festive occasion."

On To The Continent

After their week in London the Menolds flew to Milan and then to Bellagio, Lago di Como, Italy, which Caroline, a past visitor, considers one of the most beautiful places in the world.

One evening they were invited for dinner at the Villa Serbelloni, home of the late Princess Ella Della Torre e Tasso, a granddaughter of Hiram Walker. Inasmuch as Mr. Menold and the Bank were executors of her estate, the Menolds had had a keen interest in the Villa, given to the Rockefeller Foundation by the Princess, along with \$2,000,000, with specifications that it be used for the promotion of international understanding.

The Menolds arrived to find the Villa, under the directorship of Dr. William Olson, former Dean of Columbia University, completely occupied with guests from around the world for a conference on race relations, all of whom thoroughly enjoyed an impromptu "entertainment" courtesy of Caroline Menold and Dr. Napier, chaplain of Stanford University.

This second-time-around at the Princess's Concert Grand piano, (she gave a great performance there the last time she was at the Villa), confirmed Caroline's

Sharon Mary Vogel Married Saturday

Sharon Mary Vogel became the bride of Earl Walrath Duignan, son of Mr. and Mrs. F. S. Duignan, of Sandusky, O., at a morning ceremony in Our Lady Queen of Peace Church Saturday, August 7. The former Miss Vogel is the daughter of Mr. and Mrs. Earl S. Vogel, of Allard avenue.

She chose a candlelight ivory wedding gown of silk organdy and Alencon lace with a high-rise neckline, Empire waist and puff sleeves. Her bouffant silk illusion veil fell from a dome bonnet of matching lace.

Lochmoor Wins Swim Crowns

Lochmoor Club retained its title as champion of the Michigan Inter-Club Swim Association for the fourth consecutive year.

Coached by Roy Poiouit and Tom Teetaert, the Lochmoor mites not only compiled 720 1/2 points to win the "big one" but some of her water spites showed championship style by setting new Inter-Club records.

Newcomer Karin Mikula broke the 50-meter breast-stroke record in the girls' 10 and under division with a 44.0 and veteran Dave Wyborski won the same honor in the boys' 11 and 12 division with a 37.5.

Double winners were Mike Bernard, Tom Filgo, Pam Hallmann, Karin Mikula and Dave Wyborski. Other gold medalists were Tom Matthews and Cheryl Stoyka.

The boys' age group freestyle relay also clinched a first, and the most exciting event of the meet proved to be the girls' age group medley relay. Behind by a substantial margin after the first three legs of the relay were swam.

Last year Lochmoor retired some of her most sensational swimmers and envisioned a squeaker of a season but was somehow blessed with an overwhelming victory which all goes to prove the real credit belongs to the "kids and the coaches".

He holds the rank of Ambassador and was able to intrigue his audience with his understanding of the morality of diplomacy.

Dr. John A. Hannah, a former president of Michigan State University, and now Administrator, Agency for International Development, succinctly presented the facts about aid granted to some of the less developed countries. He pointed out that in most instances this is in fact aid, not charity, and in most cases involves a seven dollar investment on the part of the receiving country and a one dollar investment from the United States.

He further explained that we have a great deal to do in the area of education for the people in the less developed countries where the educational needs are more oriented to the vocational aspirations of the people than to the general education with little or no occupational orientation.

The meeting was closed by presentations made by William Ingla, Director, Office of Volunteer Placement, Peace Corps, and by Joseph J. Sisco, Assistant Secretary of State for Near Eastern and South Asian Affairs. Mr. Sisco spoke from a background of governmental service, which dates back to 1950 when he was involved in United States policy on every major political issue that arose in the United Nations.

The general attitude of educators who attended this conference was that the dissemination of such information and the availability of such experts in question were encouraged and answered) portends good things for the future in that the lines of communication are open.

Mr. Feighner was able to bring many publications back from Washington, D.C. and hopes to be able to aid the Social Studies Department of North High School, and in fact, both high schools, through the experience and honor he has been afforded.

Schools Okay \$10 Assessment

At the regular monthly meeting of the Grosse Pointe Board of Education, held Monday, August 9, the trustees approved assessment of a \$10 per student books and materials fee effective with the opening of the 1971-72 year.

Authorization of the deposit has grown out of the system's experience since the Supreme Court ruling of July, 1970. School officials hope the deposit will eliminate what they consider to be an excessive amount of time and energy spent in the collection of system-owned books and materials at the end of the year. The bookstore staff will assume the responsibility for collecting deposits, issuing receipts, and assessing fines.

School officials indicated that on the basis of last year's experience, they will not request the Board to approve a book and materials deposit at the elementary and middle school levels.

Honduras Group Performs Here

Eighteen young musicians from British Honduras (Belize) performed a "Mass in Blues" at Our Lady Star of the Sea church recently.

The group, which calls itself the "Mission Singers", was led by Frankie Reneau, 17-year-old writer of the Mass and director of the group. It concluded a two-week tour of Michigan with that service. Father Ralph Barton celebrated the Mass.

The Michigan Partners of the Americas of which Robert Vieweg of Lincoln road is a vice-president made arrangements for the tour. Jack Brown arranged for their appearance here. Following the Mass a garden reception was held at the Deeplands road home of Dr. Bonnie Wolfgram.

88 Kercheval 886-3080

OPEN SUNDAY 2:30 till 5

A NEWER OFFERING at 1156 Yorkshire, just south of Kercheval should be of interest to all those seriously thinking of making the move into a large, four bedroom with two extra rooms on the first floor. The super kitchen and enormous family room with a corner fireplace make a serious look inside a must.

FIRST TIME OFFERED

A SNAPPY DUTCH colonial painted a bright yellow offers three bedrooms, a large remodeled bathroom, kitchen with built-ins and that all important first floor den. French doors to the gigantic screened and covered porch give the owner of this one another "room" six months of the year.

SAVE THIS ONE for last ON MERRIWEATHER because you'll want to stay long enough to take in every detail of this magnificent Georgian House at 300 Lincoln Road. Your first view from the curb is just a hint of the meticulous care which has gone into turning this mansion into a "new house." Once inside the large foyer your eyes will take in the sweep of the gracious staircase, and the first of two living rooms will be on your left. There is a formal dining room large enough for state dinners, a quaint bar room which opens into a secluded patio and a paneled formal living room. Each of four large bedrooms has its own bath and the master suite has its own sitting room and fireplace.

IT IS QUITE possibly the charm of a deadend street which leads to the lake, or perhaps the eye appeal of a center entrance colonial with a New Orleans grill halustrade across the front which should attract your attention to this first offering. The house is a large, four bedroom, with a family room 28 feet long. A first floor utility room serves as laundry, mud room, access to the attached garage and receiver of wet bathing suits from those fresh from the heated swimming pool. Why not take the plunge and call us for the unveiling.

DEADEND STREETS with a natural arch of mature trees have always aroused the interest of those looking for a house in a quiet, out of the way setting. Many have a penchant for white colonials with attached garages and large family rooms and two, full second floor baths. We've come up with one in the Farms which meets all these qualifications and priced it at \$44,500.

CENTRAL AIR conditioning is standard equipment in this single floor listing which features a combination living room and family room which are over 46 feet long. The three bedrooms are serviced by two baths and a lavatory in the full basement. By far the best ranch house buy in the neighborhood and at \$52,900. You name your terms.

VACANT LOT in Grosse Pointe Park on Trombly. Zoned for two-family dwelling. \$12,500.

"Come back again to the homes of men on the cool green hills of earth".

Narcotics Arrests Climax Traffic Warning to Pair

Two Farms police officers stopped to warn two men about the law of double parking and blocking streets, and climaxed the warning by arresting the pair on narcotic charges.

Patrolmen Gerald Deburghraeve and Thomas Kelly said they were on routine patrol on Grosse Pointe boulevard, at 11:50 p.m., on Thursday, July 22, when they observed two cars alongside each other, just west of Moran. As the officers approached, the driver in the outside lane, identified as Keith D. McCaughrin, 23, of 472 Lakeland, pulled in front of the other vehicle, occupied by Harding H. MacDona, Jr., 22, of 730 North Shore drive, St. Clair Shores.

The officers stopped to talk to McCaughrin, who had gotten out of his auto and was standing next to MacDona's vehicle, and warned him about blocking the lane against traffic.

As he was talking to McCaughrin, Deburghraeve

said, he noticed that the man had a plastic bag in his hand and was trying to hide it. The officer got out of the scout car and approached. McCaughrin tossed the bag under MacDona's car.

When questioned by the policeman regarding what he had thrown under the auto, McCaughrin said nothing. Deburghraeve reached under the vehicle and retrieved the bag, which contained what appeared to be two pieces of substance looking like hashish. The man was placed under arrest, and Kelly was called to assist.

While Kelly was searching McCaughrin, his partner went to MacDona and asked for his operator's license.

As MacDona was reaching for his wallet to produce the license, Deburghraeve said he spotted a wooden, hashish pipe in the man's upper left shirt pocket. MacDona was arrested, and the policemen called their station for assistance. Cpl. Otto Glanert and Patrolman Sam Cardella responded and aided in taking the pair to the station.

Det. Earl Field was called from his home, and the substance in the bag and the pipe were turned over to him for tests. The detective said that the tests proved that the contents of the bag and the residue in the pipe were definitely hashish.

He said that warrants were approved by the Wayne County Prosecutor's office, charging MacDona with possession of narcotic paraphernalia, and McCaughrin with possession of hashish.

Louisell Still Awaits Sentence

Gregory D. Louisell, 17, of 1013 Three Mile drive, who was charged with trespassing and causing willful and malicious damage to the golf course at the Country Club of Detroit on Saturday, April 17, is still awaiting sentencing.

On that date, Louisell was accused of racing a borrowed car registered to Delphine Petz, 160 Touraine road, over the greens of the Club causing some \$800 damage. Farms patrolman Vincent Peters who was dispatched to the club grounds saw a car racing on the greens and fairways. In checking the area he found that the trap at the right side of the 15th green had been damaged, as was the bank of the 15th green, the 13th fairway, the 4th and 16th greens and fairways.

Louisell was stopped while exiting the course at Provençal road, by Shores policeman Sgt. William Marshall and patrolmen Harry Hamilton and John Trevillian. The Shores officers assisted Peters in taking Louisell and his six passengers all 17 years of age, to the Farms station. The passengers were released without charge after questioning, but Louisell was charged with malicious destruction. He admitted driving the car.

Louisell appeared before Judge William Speer in Farms Municipal Court on April 23 at which time he pled not guilty and the case was adjourned.

He then appeared before Judge Robert Pytell with counsel on June 16, and changed his plea to guilty.

Pointe Boys Win Detroit Crown

The baseball league organized by the Detroit Parks and Recreation department had a championship with a twist this year. It was won not by a team of Detroit boys, but by eleven 14-year-olds from The Pointe.

The boys, who missed the excitement of the games after the regular Babe Ruth Baseball season had ended, contacted the Detroit organization and were told they could form a Grosse Pointe league and compete.

They organized, managed and coached themselves — with no help from adults — and all this independence, plus a lot of practicing, paid off when they won the championship.

The only trouble was they couldn't keep the trophy because they didn't live in Detroit.

Members of the winning team are Whit Boyd, George Champagne, Joe Carolan, Tom Fuller, Mark Isley, Tom McCubbin, Chris Montague, Chad Morris, Jim Neville, Mike Wade and Jeff Welcher.

BIKE RECOVERED

Farms Submits Building Report

The Farms building report for July, 1971, shows a permit issued for construction of one new residence, at 33 Preston place. There was no new commercial building that month. The report, submitted by Director of Public Service John A. Defoe, also shows that only six permits for miscellaneous building, (additions, garage), were applied for during July.

In July of 1970, there was no new residential or commercial building, although there were eight permits issued for miscellaneous construction.

There was no building of non-assessable property in July of either year, the report shows. There hasn't been any so far in 1971, but last year there was one application.

The value of the new residence was \$55,000, bringing the total cost of the year's residential construction to \$88,000.

The cost of miscellaneous building last month was

\$63,874. In July, 1970, \$82,700 was spent on that.

Total building costs for July, 1971, came to \$118,874, and for the year thus far have been \$484,974. The July, 1970 total was \$82,700 and that year's total was \$373,700.

Erratic Driver Nabbed in City

Some free-wheeling antics led to the arrest of Buckley Morris Byers, 29, of 2 Rathbone place on Friday, August 6. On that date, Buckley nearly ran head on into a police car driven by officer Ronald Pryor north on St. Clair. He then headed south on St. Clair forcing Pryor to the curb.

Pryor immediately turned his scout car around and pursued Byers to St. Clair and Mack where he stopped him and ordered him to pull over to the curb. Undaunted, Byers continued on, pulling out into traffic east on Mack causing several cars to brake suddenly. Several cars to brake suddenly. Mack, took a left through the island between Neff and Lakeland. He was finally stopped at Neff and Mack.

Byers was taken to the City station where he refused a breath test. He was released on \$100 bond and given a court date of Tuesday, August 24.

Vacations leave many in the pink and everybody in the red.

Pointer of Interest

DENNIS FEDORUK, OF CADIEUX ROAD

By Janet Mueller

He hated films. He hated film-making. He didn't much like Mrs. Alma Fleming, teacher of "Art of the Film," a one-semester course at Grosse Pointe South High School, either. Stills now . . . THEY were a different matter: Dennis had been doing stills since the sixth grade. Dennis liked stills.

He hated films.

What happened was this: In the second semester of his junior year at South High—that's six months or so ago—Dennis found himself with two Study Hall periods. He didn't want two Study Halls.

So he spoke to his counselor, who suggested, knowing Dennis' interest in photography, that "Art of the Film" might be a good Study Hall substitute. Dennis thought so too. He sat down until the time he got up on his first "Art of the Film" class.

Second class . . . Dennis still hated films.

Third class . . .

Interest Takes Root

In spite of himself, Dennis began to get interested. More interested. More THAN interested.

The course demanded one completed original movie "short," or its equivalent, from each student. Dennis did three shorts. No equivalents.

Actually he made four film shorts, but the first one, with an anti-pollution theme, he'd just as soon forget. "I think I totally botched it up," he says.

Maybe . . . but all those viewers who liked it can't be wrong.

The other three, "Beautiful People," "Game" and "Dandelions," he admits to being proud of. For various reasons.

It's Pure Delight

"Beautiful People" is a delight, a collage of happy, healthy teenagers and children "doing their thing," rejoicing in being. It's a loving, sunshine film, a celebration of the goodness of life.

"Game" is subtle, the encounter of two children, anywhere, everywhere, a recognition, a confrontation that ends in death.

"Dandelions" is just plain fun, quirky, gimmicky, Dennis Fedoruk playing with his camera, playing with his theme. When the lights go on at the end of "Dandelions," the audience is smiling.

Dennis likes "Game" best. It's his fourth film, and he considers it his most successful. "In the others, the sound track was dominant over the film. That's wrong: I wanted it to be the other way around."

In "Game," for the first time, he got it the other way around.

An Hour A Minute

"Game" runs four minutes. Dennis shot four hours of film for those four minutes, and that's just the beginning of time spent on this single short: He then had to evaluate his footage, edit, synchronize his sound track . . .

Film-making is not for the impatient.

Nor is it for the poor.

"Dandelions," made by Dennis for his own satisfaction, just for fun, because he wanted to, cost \$25. When you're 16 and a high school student, that's a pretty costly "fun" project.

Dennis has a job this summer at the Standard Station at the corner of Charlevoix and Kercheval avenues. He's saving up for a Super 8 film

the service station sends him on a road call.

His Own Best Critic

He's an enthusiast but not a dilettante. If he starts a project he keeps at it until it's finished and then, critical, evaluates what he's done.

"What I need to improve most on," he notes, considering his four completed shorts, "is the film technique itself. Synchronization is the hardest thing."

He's awash in ideas for films. He wants to take simple things and SHOW them, "rain," for instance—that's a theme that could be done beautifully in a short film.

He could care less about most commercial movies. "David and Lisa" he liked, and "2001" because of its dazzling photography, but "most of what I like has been from the film library at school."

"There's a good one called 'Ark,' on pollution. There are lots of good little ones, including student films, just floating around."

He hated "Love Story."

To Enter Contest

He plans to enter "Dandelions" and "Game" in the Kodak Teenage Movie Awards Contest.

Grand prize is six weeks' training in Hollywood. And how Dennis Fedoruk would love that . . . but he's realistic. Maybe he won't win. This year. "I can keep on entering until I'm 19."

With two other students from South High and three from North, he presented a film program at the Grosse Pointe Hunt Club for the Points Cinema League. He showed "Beautiful People" and "Dandelions."

"Dandelions" was again his choice for a Film Festival at South High. Dennis coordinated the Festival, spending about 12 hours getting it all together, and then, released the films over and over again for audience after audience, emerging finally at 4 in the afternoon, (he'd been at it since 7 in the morning).

What A Reversal!

This, remember, is the young man who hated films and film-making.

He's definitely made up his mind that he's going to an Art college, and will make "anything in photography" his career. The college must be out-of-state "even if it takes more money. I'll make more money." It must be on the East Coast. "NO Californial! I've been out west too much with my parents."

Before college, though, he has a plan.

"Next summer, I want to take a three-month vacation. I'll buy a little car, and I'll go down the East Coast, from Nova Scotia to Florida.

"I want to stop in small towns—no big cities!—and get to know people, maybe get a job in a gas station for a while. Then I'll move on . . ."

Will his movie camera go with him?

SURE it will!

MR. and MRS. GEORGE R. MORSE, of Harvey, Ill., were guests last week of her brother-in-law and sister, MR. and MRS. RALPH R. RANNEY, of South Rensau road. Highlighting their visit was a trip to the Detroit Institute of Arts Monday afternoon, where staff member WILLIAM K. SPRINGETT conducted the quartet to the American Wing to view the oil "Hannah Loring" by John Singleton Copley. Hannah was a cousin of Mrs. Morse's and Mrs. Ranney's great-great grandfather, EZEKIEL HOWE LORING, of Sudbury, Mass., and Rising Sun, Ind.

who, where and whatnot

By Whoosit

Hopscoching around . . . the Grosse Pointe Public Schools, we found creativity abounding everywhere last year . . . Here are some samples, original compositions by Pointe boys and girls, that might make our readers pause . . . and laugh . . . and think . . .

PEOPLE

People are funny things,
They run around and bump
into things.
They bump and jump,
And get angry and furry,
People are funny things,
They play with guns,
And shoot things with wings,
And then the good,
Who understood,
Discovered a law to protect
Things with wings
From dying out.

—By Scott George Pinson

That first poem . . . is the work of a Trombly School fourth grader and shows, we think, quite a developing social consciousness.

Second graders are more concerned with what effects THEM, right NOW, like this Trombly second grader who wonders: "Who Likes School?"

Who likes school?
Fishes like school.
They have school
In the swimming pool.

—By Barbara Kennedy

Second graders . . . seem to love EVERYTHING. Here's a young lady, pupil at Ferry School, who finds inspiration in that lowliest of creatures: "The Worm":

One day I saw a worm,
A squiggly little thing!
He sounded like he could sing,
Sing in the sand.
Too bad he couldn't stand,
If only he could talk!
Or climb up a bean stalk!
My darling little worm!

—By Susan Gwillin

What's more fun . . . than a limerick? Back to Trombly School again, and to a fourth grader with a VERY well-developed sense of rhythm:

There was an old man named Pete,
He went to McDonald's to eat,
He ate a cheeseburger
With too much limburger,
And could hardly taste any meat.

—By Bob Dice

We certainly don't mean . . . to slight the third grade. Especially when Defer School's third grade is represented by such clever verse as "My Invention":

I've been reading about Wilber
and Orville Wright.
Then I decided to fly my kite.
But I thought I'd make a glider
instead.
I thought I'd make the plans in bed:
I'll make a propeller
That goes round and round;
I'll make it lightweight so it will
get off the ground.
I'll make a control panel
With buttons to push;
I'll get ready for take-off—
Then SWOOSH!
I'll be up in the air,
I can look everywhere,
I'll have so much fun I could
shout . . .
But the thing is: How will I figure
it out?

—By Jill McGraw

For our final verse . . . we return to Ferry School, and a second grader who grapples with the problem of identity in "Me, Myself and I":

You know, my mommy said,
I'm me, myself and I.
Humm! I just don't understand.
And my daddy said it too.
Humm! I just don't understand.
Maybe I'm too little though.
Maybe I am
Me,
Myself and
I
