New Tree Will Beautify Barnes School Grounds

An Arbor Day and Bicentennial Liberty Tree planting, sponsored by The Woods Beautification Commission, was recently conducted at Barnes School. Gathered around the new Columnar Maple are MRS. IRENE LOWTHER, (rear, standing), and members of her first and second grade classes, who participated in the ceremony.

Swim Teams Granted Use of New Woods Pool

Decision on Request of Fitzgerald Swim Club and North High Varsity Reached Following Special Meeting

By Roger A. Waha

A request from the Fitzgerald Swim Club for the use of the new 50-meter competitive pool at the Lake Front Park for training was approved by The Woods Council via a 4-3 vote at a special meeting Thursday, May 20. Action on the plea was tabled on Thursday, May 13, so the Citizens Recreation Commission could meet to explore the matter and give the council its recommendation.

The commission met with the petitioners on Tuesday, May 18. The result was the group's concurrence with a Committee of the Whole, (C.W.), recommendation to approve the request.

On Monday, May 10, the council sitting as the C.W. unanimously recommended approval of the club's bid for the use of the pool by club members and the North High School swim team for a period from June 1-30, not to exceed five days a week during the hours of 6-8 a.m. at a cost of \$25 per day.

Must Obey Rules
That motion also stipulated that the program be coordinated with Parks and Recreation Director Donald J. Hallmann and the office of City Administrator Chester E. Petersen, plus the fact that the city retains the right to terminate the activity at any time.

This was the motion acted upon by the council on the 20th. Voting for the bid's approval were Mayor Benjamin W. Pinkos and Councilmen George S. Freeman, Ronald R. Kelgen and George C. Custer. Nixing the motion were Councilwoman Joan M. Mullan and Councilmen John Sabol and Conrad A. Naegel.

At the same time, Mr. Hallmann told the council the club will have to follow certain rules and regulations which his department prepared. (The commission also recommended that the council accept such rules pertaining to the joint use of the pool by the club and North varsity swimmers.)

The entire discussion which transpired on the 20th appeared enveloped in an aura of concern and uncertainty. Concern because of liability questions and the possibility of pool-related problems, and uncertainty because no one specifically knows at this time the denouement of this first ever type of request.

Regarding the latter point, (Continued on Page 4)

Wrong Head; Right Policy
The May 13 edition of the NEWS carried a story on the Grosse Pointe Unitarian Church and the swearing in of new officers.

Unfortunately, the headline read, "GP Methodist Picks Officers." Perhaps this is one of the few occasions in which Unitarians became instant Methodists. In any case, the headline was incorrect.

Loss Is Down
At the same time, Mr. Petersen indicated that a water loss factor, e.g., via the breaking of a main, seepage, et al, isn't included in the rate increase for residents.

"Our water loss, (of between five and seven percent), is probably one of the smallest to be found because we have good metering equipment," he said, while noting most cities suffer an estimated loss of 10-15 percent.

The ordinance says that for water consumed, a rate of \$2.895 per 1,000 cubic feet will be charged. Computation will be made in units of 100 cubic feet; provided that fractions of 100 cubic feet (Continued on Page 2)

\$1,850,000 Needed for Next Year

Residents Face Tax Hike of .74 of a Mill; Financial Condition Called "Basically Sound"

By Susan McDonald

The Grosse Pointe City Council approved a \$1,850,000 budget and a tax increase of .74 of a mill to finance it at its Monday, May 24, meeting.

The tax increase, .72 of a mill operating tax and .02 of a mill debt administration, now brings the council up to its legal, 20-mill limit on the general tax.

Combined with an average 5.7 percent increase in State Equalized Valuation of Grosse Pointe property, City residents now face a 9.4 percent increase in taxes.

The 21.84 mills, (one mill equals one dollar for each \$1,000 of assessed valuation), will cost an average home owner with a house valued at \$25,000, (one-half its market value), about \$246 per year.

Offers Warning

The total budget includes an increase in expenditures of \$142,830, or 8.3 percent, with jumps in every category except the contingency and unemployment compensation funds.

City Manager Thomas Kressbach described the municipality's financial condition as "basically sound" for this year, but added a warning for future years.

"The general fund is admittedly balanced, and requires careful consideration and execution," he said, adding that he sees a real "financial pinch" in The City's future.

"Wage settlements are exceeding our ability to absorb the increased costs. As a result of compulsory arbitration, fire and police wage settlements are in the 'double digit' percentages.

"With a 'single digit' tax growth, such increases were met this year only because of the sound financial condition."

Increases Cited

The pressure to keep costs down is apparent in this year's City negotiations with its unions. For the first time in each department's history, both police and fire contracts will apparently be settled by State arbitration, after both two-party negotiation and State mediation routes were exhausted to no avail.

The firefighters' award, handed down last month, included a 13 percent pay boost, according to union president Lt. Tim Champine. It cost The City \$28,000, according to Mr. Kressbach.

Other personnel-related factors also figure largely in The City's "adroitly balanced" general fund. Health insurance costs alone increased a whopping 20 percent this year. Mr. Kressbach estimates another 29-34 percent jump for next year.

A U.S. Supreme Court decision on a 1974 Fair Labor Standard Act amendment could also boost The City's fire protection bill.

If upheld, the amendment would reduce a firefighter's straight-time work week to 54 hours. City firefighters are now on a 56-hour schedule and Mr. Kressbach estimates the extra overtime (Continued on Page 2)

The display and classified advertising departments suggest an effort be made to submit all copy by 5 p.m. on the 28th.

City, Police In Dispute Over Pact

Arbitration on Horizon for Both Parties; Would Be First Time for Such Action

By Susan McDonald

The Grosse Pointe City police officers' 1975-76 contract will apparently have to be settled by a State arbitrator for the first time in the department's history.

The patrolmen, represented by Teamsters Local 214, unanimously voted to reject The City's last offer, arrived at through State mediation, on Thursday, May 13, according to local president, Patrolman David Teolis.

City Manager Thomas Kressbach said he would be very disappointed if the groups go into arbitration because of the great deal of time and effort which both sides put into the last package over the past year of negotiations.

Unhappy with Situation
Patrolman Teolis identified the major areas of dispute to be City proposals on sick pay and clothing allowances.

"They are trying to take things away from us that other city workers already have," he said. "I feel that we are being discriminated against by the city. I don't know if it's because we went with the Teamsters or what."

The officers now receive a \$225 yearly cash allowance for clothing requirements and work under an unlimited sick leave policy.

The City's last offer, according to Patrolman Teolis, called for the establishment of a bank account from which (Continued on Page 6)

Japanese Ambassadors Of Good Will Pay Visit To Their Sister City

American Newcomers Receive Warm Greetings from Farms Officials; Municipality Is One of Many Stops in 36,000 Mile Car Trip

By Tom Greenwood

The "Japanese Connection" hit The Pointe last week. Half-way through their nine month tour of the U.S. this Bicentennial year, Katsuoshi Suzuki and Hideaki Fujii, of Tokyo, exchanged greetings and gifts with Farms City Manager Andrew Bremer, on behalf of Imazu-cho, The Farms' sister city in Japan.

After the ceremonies, the two young tourists strolled down Kerby road, stopping to chat and take photos of nearby homes. Talking with Dr. and Mrs. Edward Dorsey, the newcomers to America presented gifts of flags and silk scarves to their new friends.

As part of the "Buffalo Team," the two men will drive more than 36,000 miles criss-crossing the U.S. to visit 200 American cities with sister cities in Japan.

Their car, a green 1976 Toyota, is plastered with posters, bumper stickers, slogans and city seals from the different municipalities they have visited so far.

The hood of their car features an American eagle and a buffalo. The trunk reads "Japan Salutes America - 200 Years Young."

"That's a pretty gracious thing to say, coming from a country which has a 2,600 year history," said Dr. Dorsey.

Sponsored by numerous business and corporations in Japan, the slender ambassadors of good will explained that they called themselves the "Buffalo Team" because "200 years ago, the (Continued on Page 6)

GP Woods Increases Water Bills

Council Approves Hike of Around 27 Cents Per Month Because of Detroit's Action

Woods residents will be paying a round 27 cents more per month on their water bills as the council unanimously approved an ordinance amending the city code, providing for a new schedule of fees for water service rates.

This action was taken at a special meeting Thursday, May 20.

Last December, the Detroit Metro Water Department announced that the water rate would be increased by 39 percent. The Detroit City Council approved this month a rate hike of 55 cents per 1,000 cubic feet, effective Saturday, May 1, with water used in April being billed in May at the new rate.

Add Same Total
City Comptroller-Assessor Frederick G. Hornfisher recommended that The Woods increase its water rate by 55 cents per 1,000 cubic feet, effective Tuesday, June 1. He said this will raise the minimum bill from \$7.31 to \$8.13 or .2733 cents per month.

With the sewage disposal rate of \$2.525 per 1,000 cubic feet remaining unchanged, the old rate, (including the water rate of \$2.345), totaled \$4.870. The new water rate now jumps to \$2.895 with the 55 cent boost and, when added to the sewage rate, reaches \$5.420.

Mayor Benjamin W. Pinkos said there's no additional overhead or burden to residents with the new hike, while City Administrator Chester E. Petersen emphasized, "We're adding exactly the 39 percent increase that Detroit delivered to us."

Loss Is Down
At the same time, Mr. Petersen indicated that a water loss factor, e.g., via the breaking of a main, seepage, et al, isn't included in the rate increase for residents.

"Our water loss, (of between five and seven percent), is probably one of the smallest to be found because we have good metering equipment," he said, while noting most cities suffer an estimated loss of 10-15 percent.

Farms Toughens Program To Improve Bike Safety

In an effort to reduce bicycle safety hazards, Farms Police Chief Robert K. Ferber has announced that The Farms will initiate a three-month bicycle enforcement program during the summer.

"The enforcement program will emphasize 'enforcement' as opposed to 'warning,'" said Chief Ferber. "This strict approach is initiated because of the almost total failure of past efforts involving education, engineering and less severe enforcement practices."

Statistics compiled by The Farms Police Department show that in 71 percent of all bicycle accidents, the cyclists were at fault. Police statistics also show-

ed that boys in the 13-14 year-old age group are the most likely to become involved in a bicycle accident. "Ironically, almost 64 percent of the bicycle accidents occur during daylight hours," said Chief Ferber.

The most frequent hazardous actions of bicyclists resulting in accidents were careless riding, riding through stop signs or red lights, riding on the wrong side of the roadway, (over the center line), and improper turning movements.

Law enforcement action to be initiated against juvenile bicycle traffic law offenders will include verbal warnings, contact cards mailed to parents, bicycles confiscated (Continued on Page 2)

Pointe Offices Closed Monday

All five of the Pointe's municipal offices will be closed on Monday, May 31, in observance of Memorial Day.

Although the municipal parks opened earlier this month, they will officially open for the holiday weekend, beginning Saturday, May 29.

All departments, except police and fire, also will be closed.

The hero of today is often the has-been of tomorrow. It takes little to satisfy those who are self-satisfied.

MEMORANDUM

To: GROSSE POINTE CITIZENS

From: JOHN R. KIRKPATRICK, M.D.

Subject: GROSSE POINTE SCHOOL BOARD ELECTION

Park Views Street Lighting, Water Rate Hikes

(Continued from Page 1) of Detroit's customers, including The Park and Woods, are challenging the increase in court because it's felt the hike in rates is not being handled properly.

He said the rate to each of Detroit's customers varies, depending on how far away the community is and the length of the pipe lines used to service the community. All the challengers contend that the increase is not justified, the city attorney said.

Hike Explored
City Manager Robert Stone said that The Park has one thing that other cities do not have, and that is water meter service. There's a charge of \$3 a year for reading of small meters, and \$6 a year for reading large meters. The cost is passed on to the city's consumers.

City Clerk-Comptroller Nunzio Ortisi said that the water rate increase will not affect sewage disposal rates, which were hiked 75 cents last October 1.

It was pointed out by Mr.

Ortisi that under the present water costs, billed quarterly, city customers are paying \$1.89 per 1,000 cubic feet, and \$1.86 per 1,000 cubic feet for sewage disposal, for a total of \$3.75 per 1,000 cubic feet.

Under the new rate, the cost is \$2.49, an increase of 60 cents, per 1,000 cubic feet of water, and sewage disposal rate remains the same, \$1.86, for a total of \$4.35 per 1,000 cubic feet.

The current selling price to the city is \$1.40 per 1,000 cubic feet of water, and 89 cents per 1,000 cubic feet for sewage disposal for a total of \$2.29. The new rate upped the cost of water to \$1.95 per 1,000 cubic feet, whereas, sewage disposal costs remain the same, making the total \$2.84.

Mr. Ortisi said that actually the increase imposed by Detroit amounts to only about 16 percent to Park households.

Views Edison Case
In his report to the council Monday night, Mr. Rohr noted that the city recently

appropriated \$1,200 for the purpose of participation in the opposition to Edison's request.

He said Edison, for the first time, agreed to seek a percentage increase no greater than that received from all customers and for the first time the firm has limited its request for street lighting.

Edison had asked for new revenue of \$178 million a year, equal to an 18.7 percent increase and a similar increase for street lighting, the city attorney said.

On an overall basis, the new revenue of \$62.3 million granted by the PSC is equal to 6.4 percent. For street lighting, a hike of 5.8 percent was granted, he added.

Mr. Rohr informed the council that prior to the increase, the annual bill was \$188,590, with the new cost raising the annual bill to \$199,257, an increase of \$10,667, or about 5.7 percent. The 18.5 percent requested by the firm would have added about \$35,000 to the city's annual bill, he added.

"This increase is the first since February 1975," the city attorney said, "and will remain in effect until Detroit Edison's next rate case, which will probably be filed shortly, but which will not be completed until early in 1977."

"Edison had also sought a fuel cost escalator clause for street lighting, which has never been imposed. We opposed it on the ground that fuel burned during street lighting hours is generally the cheapest, with a heavy concentration of coal. The commission denied the fuel clause.

"The commission's order actually gave street lighting the lowest percentage increase of any class other than the domestic customers, and the lowest for street lighting in five years."

To illustrate how the cost of street lighting has gone up through the years, Mr. Ortisi disclosed, (in round figures), that in 1966 and 1967 the city was paying Edison \$64,000 a year up to 1970, at which time it went up to \$67,000.

In 1971 the annual cost went up to \$110,000. A small adjustment was made in 1973, which upped the annual cost to \$144,000; in 1974, this was hiked to \$160,000; in 1975, \$175,000; 1976, \$190,000; and for the coming fiscal year, \$200,000, which has already been fixed into the new budget beginning July 1.

The \$13.8 million increase granted by the court will raise The Park's annual bill another \$2,500, Mr. Ortisi said.

City Approves Budget

(Continued from Page 1) payments would come to \$18,200.

Possible Relief
A six-year cost comparison of other major general fund categories shows an increase of 274 percent in refuse disposal costs, 131 percent in medical insurance, 91 percent in street lighting and 82 percent in social security.

Mr. Kressbach sees a possible form of relief from escalating labor costs in the consolidation of police and fire departments. The council has commissioned a \$3,000 feasibility study of such a move by the Citizens Research Council of Michigan. It is expected to be completed within a few weeks.

The budget calls for a \$22,000, (15 percent), reduction in allocations to the public improvement fund, which finances general improvement and maintenance of The City's capital assets.

A Federal Revenue Sharing appropriation makes up \$28,000 of this fund, with the rest coming out of the general fund.

Included is \$85,000 for street resurfacing, \$25,000 for equipment replacement and \$8,000 for general projects. This is about one-half of last year's general project budget.

Improvement Projects
A list, totaling almost \$300,000 of possible public improvements projects is recommended for the budget year. Many of the items also are included in The City's request for a Federal Community Block Grant, which netted them \$26,000 last year.

Included on the project list is a new roof for the Neff Park bathhouse, remodeling of police and fire facilities for centralized radio dispatch, a radar unit and street, storm sewer and lighting renovations.

The budget also directs most of the Federal Revenue Sharing funds, which total around \$30,000, to go to street resurfacing projects, (an estimated \$26,000). The City could lose about half the funds, though, if the Federal General Revenue Sharing Bill is not approved by Congress.

Although Mr. Kressbach maintains that State and Federal Revenue Sharing have greatly assisted his government in recent years, he views such increased State controls as compulsory arbitration and various Michigan Occupational Safety and Health Act requirements as definite hindrances.

"The primary initiative for keeping The City on an even financial keel now and in the future remains at the local level," he said.

Try to Cope
With that in mind he recommended several alternatives to the council for coping with the impending "financial pinch" including the following:

- Adoption of a rubbish collection tax, (limited by State law to three mills).
- Increases in marina and traffic violation charges.
- Reduction of park and recreation services.
- Institution of curb-side trash collections.
- Political consolidation.

Adult penalties include verbal warnings, written warnings, violations, \$10 payable at the violation bureau, and mandatory court appearances and arrest warrants issued by the municipal court for persons failing to pay or appear in such court to answer charges of violations.

"While The Farms Police Department will continue enforcement and educational programs during 1976, I believe no headway in bicycle safety will be achieved until people realize that bicycles and bicycling may be the nation's leading cause of accidental injury," said Chief Ferber.

"That's why we're going to be tough on careless bicyclers this summer."

Water Bills

(Continued from Page 1) will be computed to the nearest 100 cubic feet unit.

Added on the water bill is a charge of \$2.525 for each 1,000 cubic feet of water consumed. This charge is levied to cover the costs of sewage disposal and to maintain and improve the sewerage system. The computation remains the same.

Includes Penalty
The measure notes a minimum combined water-sewerage service charge of 1,500 cubic feet of water consumed per quarter will be made.

All water and sewage disposal bills will be rendered quarterly by the Department of Public Works' Division of Water Service. Bills will be due and payable on the 15th day of the month following the end of the quarter. A 10 percent penalty of the amount of the bill will be added in the event it isn't paid on or before the due date.

Finally, it says the Division of Water Service will have the right and power to shut off the supply of water to any property where the payment of the water bill is delinquent.

Caught Driving Sans License

A black painted over front license plate made it appear that a car driven by Kevin C. Clarey, of 1 Elmsleigh lane, had no plate. He was stopped by a Shores officer and found himself in trouble.

Cpl. Daniel Fronczak said he was on radar watch on southbound Lakeshore road on Saturday, May 22, at 7:55 p.m., when he observed Clarey approach in a vehicle without a radiator grill and what appeared to be no license plate in front.

The corporal checked the front of the auto and found that the plate wasn't only covered with black paint, but was bent under the exposed radiator. Clarey told the officer the vehicle was being repaired and he wasn't aware the plate had been painted.

Cpl. Fronczak radioed his station for information regarding Clarey. A request for Clarey's record was placed on the Law Enforcement Information Network, (LEIN), machine. The return answer disclosed that the man was driving on a suspended license.

Clarey was arrested and taken to the station where he was issued a violation ticket for an improperly displayed license plate and driving while his license was suspended. He was released after posting a \$150 bond and is scheduled to appear in court Wednesday, June 23.

Volunteers Play Big Role In Spotting Tornadoes

By George Polgar Jr.
The next time a tornado warning sends you scurrying to the basement, you'll know who to thank. Thank nature for the tornado and a group of volunteer spotters for the warning.

The volunteers are ham radio operators who are organized by the Wayne County Civil Defense service to man the "Skywatch" early warning system.

Three Woods ham operators, Everett M. Hawley, Clifford Heldt and Theodore H. Stahl are taking part in the program from such spotting stations as Bon Secours Hospital and Bishop Gallagher High School.

Each of the volunteer spotters has received three hours of training from the National Weather Service to learn to differentiate between certain funnel and rolling clouds, which are often mistakenly identified as tornadoes, and the real thing.

The "Skywatch" system may be put to the test in the

coming weeks as the peak of the tornado season approaches. Since 1953, 222 Michigan residents have died in tornadoes, according to the National Weather Service.

In a single year the service estimates as many as 1,100 tornadoes will touch down across the country, causing as many as 90 deaths.

Mr. Hawley, whose spotting station is on the roof of Bon Secours Hospital, explained the reporting procedure and the importance of the look-outs.

"These spotting stations are located at about five square mile intervals and, given good visibility around the station, you can see the tornado coming in plenty of time," said Mr. Hawley. He explained further that tornadoes do not show up on radar until they touch down and start tearing things up, so spotters are the only effective means of warning.

"Each spotter has a mobile radio unit and if he spots a tornado, he calls it into Civil Defense headquarters located at Wayne County General Hospital," said Mr. Hawley.

This information is then forwarded to the National Weather Service at Metro Airport. Civil Defense notifies radio and TV stations and police in areas in the path of the twister.

The Civil Defense service, which was designed to keep the public informed in case of atomic attack, has now become an important part of our defense against nature's ravages.

SHS Musicians Offer Album

"Music in America" albums, featuring 150 South High School Symphony and A Cappella Choir students, are now on sale from the school and six local businesses.

The students' tribute to the Bicentennial was recorded in March in Christ Church, under the direction of Leonard Riccinto and Russell Reed, with organ accompaniment on four of the cuts from the church choirmaster Frederic DeHaven.

A variety of styles, from "Amazing Grace," to "This Land Is Your Land," to "America the Beautiful," are featured on the 12-song album. It may be purchased for \$5 from any choir or orchestra member or at Fishers Gift Shop, The Arrangement, Kent's Drug Store, Schettlers, Champion Realty or the Christ Church Book Store.

The project was entirely financed by the students and Delta Record Co. Student proceeds from the album will go to scholarship and travel funds for the musicians.

The last album done by the group, for Christmas 1970, netted \$3,000 for choir blazers.

Woods Accepts Resignations

Two resignations from the Senior Citizens Commission were unanimously accepted with regret by The Woods Council at its regular meeting Thursday, May 13.

In accepting the resignation from Hedy Cassel, Councilman Ronald R. Kefgen said she was a tremendous asset to the community as a former city employe and as a member of the commission.

"The last two years as a member of the Senior Citizens Commission have been very pleasant and rewarding," she wrote the council.

"I have enjoyed this membership and hope that my efforts have been helpful. However, I do feel that it is now time for me to step down and give someone else a chance to serve."

In her communication, Rose J. Blaskay said, "I

have enjoyed working on this commission immensely, but in view of the fact that I have served a two-year term I feel that I should relinquish this position to another member of the Senior Citizens Commission."

With the pair of resignations, the commission now has seven members.

Poll Workers Get Pay Hike

In accordance with minimum wage laws, The Farms Council on Monday, May 17, approved an increase in the hourly wage rate for Election Inspectors. The rate was raised from \$2 per hour to \$2.20 per hour. The increase went into effect Tuesday, May 18, the day of Michigan's presidential primary election.

We are happy to announce that Mr. John E. Pierce of our staff recently passed the Michigan State Brokers Test. Mr. Pierce has been with R. G. Edgar & Associates for three years. In 1975 he attained the distinction of being admitted to the Million Dollar Sales Club. Beginning June 1, he will assume along with his sales duties, the position of Director of Training for apprenticing sales agents.

Mr. Pierce is also a licensed builder adding to the services Edgar & Associates can provide its clients, especially true in the area of the City Certification Ordinances recently enacted in Grosse Pointe Park and Grosse Pointe City, and being considered by the other Pointe communities.

If you have considered entering the real estate profession, contact Mr. Pierce. He has the experience and qualifications to discuss with you the necessary procedures to enter this exciting and expanding industry.

Woods Grants Swim Teams Use of New Pool

(Continued from Page 1)
 a pressing time element problem also played a role as the club had to have a "yes" or "no" answer before June 1 in order to make necessary preparations.

Sees No Problem
 On the liability question, City Attorney George Catlin told the council the municipality is covered under its general liability policy. If someone is injured and if a claim was made against the city, the municipality would be protected.

Mr. Catlin said he didn't foresee any problems on the liability front with the way the plan currently stands. (In relation to this, the council okayed the referral of this entire matter to the city's Insurance Commission with a report back to the solons).

Mr. Pinkos stressed the council's approval of the request isn't a carte blanche agreement. He said this matter could be cancelled immediately if necessary, (e.g., if a problem with the filtering of the pool appears, the disobeying of rules and regulations by the club, et al.).

The request originated from Jack Shook, vice-president of the swim club who's also masters swim chairman for the Michigan AAU, and Tom Teetaert, head swim coach at North.

Mr. Shook had previously said if the request failed to pass, the swimmers might have to use Brennan Pools in Detroit. However, this pool isn't heated, thus making it difficult for swimmers in the early part of the long course season and reducing their chances to qualify for the Olympic Trials and U. S. Nationals, he said.

Clubs Concerns
 He also stated the proposal shouldn't conflict with any recreation or city usage, while adding Fitzgerald swimmers could supply the recreation department with necessary waivers that have been used in the AAU to relieve the city of any liability.

Around 30 of the swimmers involved would be from The Pointe, (some 60 percent of the total), he said. The swimming group would reportedly be comprised of approximately 50 percent Pointe varsity swimmers and 50 percent Fitzgerald Swim Club members.

The club will pay \$25 a day with the monies being used to cover the use of additional personnel, e.g., a gate-man and locker room attendant who will have to report for duty some one and a half hours earlier the days the pool is used. The only citizen who spoke against the bid was Bob Hopkins, who felt the city should have something definite in black and white regarding this request. He felt there was "more than meets the eye in the whole operation," while saying may be other clubs would also like to use the pool in a similar manner. This of course, is an ongoing proposition.

He also expressed a concern over any costs to taxpayers in such a bid. While the club is paying the \$25 fee for personnel, probable water and heating costs, costs for insurance coverage and principal and interest on the bonds for the new facility are paid by taxpayers.

Makes Several Points
 Mr. Kefgen, who's chairman of the Parks and Rec-

reation Committee, wanted to make several points regarding the council's approval. One was the fact that the bid was a joint request between the club and North's competitive swimming program. "The North High School people weren't included, (in the bid), as an afterthought," he stressed. Another factor was the fact the agreement is on a day-to-day basis, not to exceed June 30, (despite the commission saying the council could consider offering the group the opportunity for continuing the use of the pool beyond 30 days providing no problems arise and Mr. Hallmann and Mr. Petersen approve).

Mr. Kefgen emphasized there will be no expense to citizens regarding payment to personnel for the earlier hours and saw no potential conflicts regarding the exclusion of residents during the 6-8 a.m. hour. In fact, the pool doesn't open for citizens until 10 a.m.

He also said The Woods swim team in the past has used the pool during the hours of 8-10 a.m., not exclusively to the detriment of anyone else.

Noting that all the swimmers are advanced, he stated, "I think the city owes a responsibility to the swim club within bounds to provide them with the additional facility as long as the general public isn't excluded," while adding that North High is within city boundaries.

No Precedent
 At the same time, he said this was an excellent opportunity for North swimmers to improve, while noting no high hopes are held in making the Olympics. "They realize that the goal is to improve themselves."

For his part, Mr. Kefgen feels there's no liability problem as the club carries its own insurance, backed by the AAU, and the city carries its own.

Asked if he sees similar requests from other swim clubs in the future, and if a precedent has been set, he strongly replied, "No." He stressed if similar requests for such usage were made during the day, for instance, and there was a chance Woods citizens would be excluded, (even if some city residents were members of a club), there would be no approval.

Council concern over the overall matter was reflected in the close vote.

Explaining the reasons for her "no" vote, Mrs. Mullan said more time should have been taken before the decision was made. Noting it would be emotionally difficult to turn down the athletes, she stated more time was necessary to think the entire request through re-

garding any potential problems and other possible ramifications.

Received Calls
 Mr. Sabol said he voted against the request because of his feeling that the basic structure of the club included outside swimmers and non-residents, plus his view that Woods residents were "latched on" to provide leverage for the request's approval. He also used the term, "camouflage," as did Mr. Hopkins, over the entire situation.

Mr. Naegel, meanwhile, felt this was a case where the facility would be used by non-residents. "I don't believe we should use our facility for people outside of our area," he said, while stating he personally received calls from citizens complaining over this point, plus one personal visit.

"I'm here to represent them and listen to their views," he added.

Finally, Mr. Hallmann listed 22 rules and regulations which must be observed by swimmers and non-swimmers from the club.

They include the following:
 • The submission of a list of names, addresses, phone numbers, ages, cities and zip codes, to the parks and recreation director prior to use of the pool.
 • Swimmers must stop at the gate for identification prior to entering the park.
 • Only swimmers and parents will be permitted in the park.

• After workout, swimmers and parents will leave the park.
 • Coaches will be held responsible for the actions of swimmers and their families.
 • The Fitzgerald Swim Club will be responsible for

damages caused by their swimmers and parents that occur within the park facility.

• The diving well is off limits to the club.
 • Locker rooms may be used by swimmers and locks must be provided by the swimmers and removed at the end of practice.

• The city will not be responsible for articles lost or stolen.
 • Parents or friends that drive swimmers may not use the park facilities.

• If drivers wish to wait for swimmers, they will be required to wait in the main lobby of the bathhouse.

• Prior to June 1, a copy of the insurance policies and waivers for each of the club members who will be using the pool must be given to Mr. Hallmann.

• The club will pay \$25 per day of pool use, or \$125 on each Friday preceding the use of the pool. Payments will be made on May 28, June 4, June 11, June 18 and June 25 to the city, through the office of City Comptroller-Assessor Frederick G. Hornfisher.

Available days and times for the use of the pool are Sunday, Tuesday, Wednesday, Thursday and Saturday between 6-8 a.m. unless otherwise notified.

It also was noted that other guidelines may be added to the list in the future.

SPORTS HIGHLIGHTS

by Tom Seiter

Skating on rollers demands special skill and training. The earliest models of roller skates were cumbersome and crude, and restricted movement considerably. Perhaps the best breakthrough in roller skating history was accomplished by an opera. In his opera THE PROPHET, composed and performed in Paris in 1849, Meyerbeer included a skating scene. Since ice was impossible, the actors and singers used skates on rollers instead. As the opera surged to success and the skating scene became its most famous part, the use of roller skates became a topic of world-wide discussion.

Convicted Youth Sent to Prison

Park authorities received information on Monday, May 24, that David Owens, 19, of 1228 Newport, Detroit, had been sentenced to 7½-15 years in Jackson Prison by Wayne County Circuit Court Judge Robert J. Colombo.

Owens pled guilty to and was convicted on charges of burglary and robbery not armed. His alleged companion-in-crime, Loren A. Etter, 18, 4869 Gray, Detroit, who's still free on \$3,000 bond, is awaiting trial on similar charges. The pair were arrested on March 17.

Owens and Etter went to a home in Berkshire road and rang the bell. When a maid answered the front door the two men asked about washing windows of the house. Before the maid could answer, the duo forced their way into the home. The maid's scream brought the elderly woman owner to the front of the building, and she, too, began to scream, police said.

Owens and Etter attempted to muffle the screams with their hands. The noise attracted the elderly woman's daughter, who was on the second floor. As she came down the stairs, Owens and Etter grabbed an Oriental rug from a hallway wall and fled to a parked car.

Two young men in another auto saw the pair speeding from the area and followed them, jotting down the license plate number and make of car. Then, the young men, whose names were not given, were mistakenly ar-

rested by Park police officers who responded to the alarm.

After identifying themselves, the young men gave police the license number and make of the suspects' car. This was broadcast over the police radio.

Farms Cpl. Otto Glanert, who was in the vicinity, saw the wanted men and the car at Kercheval and Newport, and with the aid of Park officers, arrested Etter.

Owens had made good his escape on foot, the rug still clutched in his hands. A short time later, Park police, with the aid of special operations officers of Detroit's Jefferson Avenue Fifth Precinct, went to Owens' home, arrested him and recovered the rug.

Man Charged In City Ruckus

Willard L. Ayers, of 4344 Lakepointe, Detroit, was charged with assault and battery in City Municipal Court and released on \$100 cash bond on Saturday, April 15, after he allegedly attacked a man with a seven-inch screwdriver in the parking lot of the Ram's Horn restaurant, 17410 Mack avenue, nue.

The restaurant's night manager, Steve Scandalis, and another witness, George Buteracas, of Farmbrook road, both told police that Ayers attacked John Apostolou, of Roseville, with a red screwdriver after Ayers had been asked to leave the restaurant by the manager.

Mr. Scandalis told police he asked Ayers to leave because he was using "loud, obscene language." Witnesses said that Ayers then told Mr. Scandalis he was "going to get a gun" but returned from his truck with the screwdriver instead, and attacked Mr. Apostolou.

When City police officers arrived on the scene, at about 2:45 a.m., they said about 30 people were involved in the ruckus, some fighting, some holding others back.

Mr. Apostolou suffered only minor cuts to his neck. Ayers is scheduled to appear in court on Wednesday, June 9, for his hearing.

How Pointe Cast Votes In Primary

President Ford and Morris Udall Lambaste Competition in All Five Municipalities

President Gerald Ford and Arizona Democrat Morris Udall ran well ahead of their competition in last week's presidential primary among Pointe voters.

For local posts, Shores voters re-elected five incumbents who ran unopposed: Gerald Schroeder, village president, 708 votes; trustees, C. B. Lundy Jr., 627; Carl F. Hedeon, 557; and Robert C. Palmer, 643; and Edmund Brady Jr., village clerk, 706.

The millage proposal for a new Wayne County jail facility was overwhelmingly approved in all of the Pointes.

In The City, Udall polled 267 to Jimmy Carter's 108 votes. George Wallace finished third in the field of seven.

On the Republican side, President Ford collected 1,365 votes compared to Ronald Reagan's 391. Proposition A was approved 1,397-391.

In The Farms, Udall led the Democratic field in garnering 411 to Carter's 184 votes. Third place went to Wallace with 27 votes.

Ford beat Reagan in The Farms, 2,891-766. The millage passed by a vote of 2,492-1,256.

Shores voters gave Udall 70 votes to Carter's 49, while Wallace took third place with 10.

Ford polled 656 to Reagan's 256 in The Shores. The millage was approved by 540-206.

In The Park, Udall defeated Carter by a 641-359 margin. Wallace got 49 votes for third place.

Ford beat Reagan, 2,370-828, and the millage passed, 2,794-822.

The Woods gave Udall, 929, and Carter, 430. Wallace made his strongest third place showing in The Woods, picking up 109 votes.

On the Republican side, Ford defeated Reagan, 3,923-1,488. The millage was approved by 4,285-1,675 margin.

Kids' Theater Plays 'Winnie'

The Grosse Pointe Children's Theater will present "Winnie The Pooh's Birthday Party" on Saturday, May 28, at 11 a.m. and 2 p.m., in the Crystal Ballroom of the War Memorial.

The plan is being directed by Sally Reynolds, who's assisted by Tom Wisely.

There are two separate casts for each show. The players include Teresa Trombley and Cathy Truog as Winnie The Pooh, Lynn Pellerito and Audrey Stewart as Piglet, Marie Trombley and Cindy Wallace as Kanga and Jeney York and Amy Quarters as Roo.

More are Sylvia Mabarak and Cammie Dionne as Rabbit, Ian Forrest and Duke York as Christopher Robin, Liz Johnson and Julia Healy as Owl, Karen Alpert and David Gottfriedson as Eeyore and Russell Brunke as The Voice.

Patti Donlon, Jenny Marshall, David James, Lisa Mills and Sheila St. Amour play Forest Friends.

For ticket information contact the War Memorial at 881-7511 or call 886-1926 or 885-1157. Group rates are available for 20 or more.

Free autographed Winnie The Pooh books will be given to children celebrating their birthdays.

Woods Nixes County Tax Agreement

The Woods Council, based upon the recommendation of City Administrator Chester E. Petersen, unanimously declined to participate in a delinquent tax pre-payment agreement via Wayne County at its special meeting Thursday, May 20.

A communication from Wayne County Treasurer Louis H. Funk revealed the County Board of Commissioners recently approved the establishment of the "1975 Delinquent Tax Revolving Fund." This fund would allow the county treasurer to borrow money to pay each taxing entity for the delinquent real property taxes that are returned this March 1. The query invited the city

to participate in this fund and receive 100 percent of its delinquent real property taxes at the time of settlement with the county treasurer.

However, Mr. Petersen told the council it wouldn't be to the city's advantage to become involved. "We have

such a small amount, (\$12,000-\$15,000 a year), that we wouldn't gain anything by having the county pay the amount in advance," he stated.

At the same time, he noted the city would lose the penalty, interest and one percent collection fee.

The center of Ohio's wine industry is at Sandusky, which is located at the southern shore of Lake Erie. The district stretches from Port Clinton in the west to Vermilion in the east, and includes the Bass Islands off the lake shore. The predominant grape is the Catawba but the concord and some hybrids are also used. The largest company is Meiers, who make a wide variety of wines ranging from still wines to vermouths, sparkling and dessert wines. Other companies worthy of note are Engels, Krudwig, and George Lonz.

And from still wines to sparkling wines and dessert wines, PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 has the right wine for your taste and budget; we will be happy to discuss the proper selection, preparation and serving of wine with you. Your complete party shoppe, we can meet all your party needs for the holiday weekend ahead. Hours: 10-10 Mon.-Thur.; 10-11 Fri., Sat; noon-10 Sun.

WINE WISDOM:

When you are buying large amounts of wine, remember that a parcel consists of three or four dozen bottles so you need to have somewhere to store that amount.

New Friends Get Acquainted in Farms

Photo by Tom Greenwood

East met West last week, as HIDEAHI FUJII, (second from left), and KATSUOSHI SUZUKI, (far right), exchanged gifts and photos with DR. and MRS. EDWARD DORSEY, of Kerby road. The two Tokyo-based journalists are on a nine-month, 36,000 mile Bicentennial tour of the U.S. on behalf of 200 cities in Japan with sister cities in America. Earlier, the two driving ambassadors presented proclamations at The Farms City Hall, on behalf of Imazu-cho, the municipality's sister city in Japan.

Millage

(Continued from Page 1) of about \$1 million for the coming year after the March 29 millage defeat.

Included was the dismissal of 153 teachers, the reduction of one school hour per day from secondary schedules and the elimination of many enrichment courses and extra curricular clubs and sports.

In the libraries, the cutbacks will force a reduction of all branch hours. Two librarians also have been laid off.

Most of the reductions in programs and staff would be restored if additional millage proposals are passed on June 14, according to the Board.

Among factors contributing to the system's financial bind this year are a loss of about \$250,000 due to the single business tax law's elimination of inventory from local tax bases, a loss of over \$350,000 in promised State aid and a drastic increase in unemployment compensation liabilities due to a change in State law.

General fund needs for the coming year have been estimated by the school administration at \$19,894,675, an increase of about six percent.

Making up for some of the losses, however, was an average 5.7 percent increase in the State Equalized Valuation of Grosse Pointe property. That increase will bring in funds equivalent to 1.56 mills, according to the administration.

Those who cannot attend the June 3 forum, but wish to have additional information about the upcoming millage election, may call Board offices at 885-2000, extensions 56, 57, 58 and 59.

Dispute

(Continued from Page 1) the officers would draw for clothing funds, rather than cash payments.

Mr. Kressbach described The City's proposal for sick leave as an attempt to formalize a procedure, allowing for what he called a "very liberal" policy of one sick day per month with unused days going into a bank.

Formalize Policy

The policy is necessary. Mr. Kressbach added, because "there has been a dramatic increase in sick leave use during the last few years and it varies greatly between individuals on the force."

"The proposal is aimed at formalizing a policy and establishing management's right to limit such leave if it is abused."

The Teamsters' request that a State arbitrator be appointed will probably be honored within a few weeks. There's a possibility that the arbitrator will direct the two sides back into one last round of negotiations if he feels they're close enough to a settlement, thereby averting a full-length arbitration session.

The City's firefighters also broke tradition this year by taking their 1975-76 contract negotiations to State arbitration. Their award, handed down in April, contained a better than 10 percent pay boost.

City Okays Two Payments

The Grosse Pointe City Council approved its last payments for emergency ice storm damage service to two companies at its Monday,

May 24, meeting. Payments went to Davey Tree Expert Co., \$3,222.99, and Shock Brothers, Inc., \$2,039.

Robbers Given Prison Terms

Two Detroit men were sentenced to terms in Jackson Prison after pleading guilty to a charge of attempted armed robbery, reported Park Police Lt. Gordon Duncan on Monday, May 24.

Sentenced to 3-15 years for the March 22 hold-up of the Fairfax Market, Fairfax and Beaconsfield, were John Mesby Jr., 24, of 19640 Fourteenth street, and Lee Earl Cox, 22, of 19640 Riverview. The pair were convicted following a hearing before Wayne County Circuit Court Judge Robert J. Columbo, who imposed the sentences.

Park authorities said during the hold-up, Mesby pistol whipped the market owner, Costas Kouparis of The Woods, who narrowly missed being shot when the weapon went off as Mesby was striking him. The convicted men were arrested and originally

charged with armed robbery and felonious assault.

Mosby and Cox entered the store through the front door. Mosby drew a .357 magnum revolver and ordered Mr. Kouparis, a male employee and a lone customer to lay face down on the floor.

Police said when Mr. Kouparis did not move fast enough, Mosby began beating him about the head with the gun, and the weapon discharged. It's not known whether this was accidental or deliberate.

Mosby and Cox then opened the cash register and took all its contents, mostly checks, and fled to a waiting car with a third man behind the wheel. When the car failed to start, all three men jumped out of the vehicle and fled the area on foot.

Cox was arrested by Park police officers, with the aid of officers from The City and Farms, in an alley south of Jefferson, between Nottingham and Beaconsfield. A small revolver was confiscated after the man was searched and the weapon was found in his pocket.

Mosby was arrested at Wayburn and Jefferson by Park Det. Sgt. James LaPratt and Det. William Furtaw and disarmed.

The third man, the driver, escaped capture.

\$1,000 Bond Won by Essay

Robin Reinowski, a 16-year-old South High School student, was recently awarded a \$1,000 savings bond by the Police Officers Association of Michigan, (POAM), for her first-place essay on "A Student View of Today's Police Officer in Our Bicentennial Year."

The contest is sponsored each year in order to make students aware of the problems facing police and the role police play in today's society, according to the association. In all \$3,450 in bonds was awarded to seven top winners across the State.

The awards were presented at POAM's annual delegates meeting at the Northfield Hilton in Troy. Special guest speaker at the luncheon was Oakland County Prosecutor L. Brooks Patterson.

Distinguished Services Of Pair Earn Citations

Two Grosse Pointe residents were cited for distinguished service in their communities at a special joint session of the legislature in Lansing on Wednesday, May 12.

Alvan Macauley Jr., of The Farms, and Charles Thorne Murphy, of The Park, were among 10 Michigan residents honored with Michigan Week Volunteer Leadership Awards.

The awards were presented by Lt. Gov. James J. Damman. He commended Mr. Macauley for his contribution of time and effort to several philanthropic organizations in the Detroit area.

Mr. Murphy was credited with playing a leading role in popularizing skiing in Michigan.

A Yale graduate, Mr. Macauley has served in an official capacity as a state banking commissioner and as commissioner of the Port of Detroit.

He also served as president of the Detroit Chapter of the American Red Cross and the Founders Society of the Detroit Institute of Arts.

Mr. Macauley has been a board member of Children's Hospital, Detroit Round Table of Catholics, and Jews and Protestants and is currently serving on the YMCA boards at both state and local levels.

With the founding of the Vanderbilt Ski Club in 1937, Mr. Murphy opened the door for the development of more than 80 other full facility ski areas in Michigan, along with the growth of skiing as one of the state's most popular sports.

A Yale graduate, class of 1919, Mr. Murphy opened another ski area, the Ostego Ski Club at Gaylord.

Lt. Gov. Damman noted that Mr. Murphy's pioneering work had provided healthful recreation for thousands and strengthened Michigan's economy through the growth of the winter resort industry.

Gives Report on Brys Drive

A total of 54 traffic citations were issued by the Woods Department of Public Safety on Brys drive west of Mack avenue and on East Eight Mile road during April, said Public Safety Director Henry Marchand in his monthly report to the council.

This communication was unanimously received and placed on file at the regular meeting Thursday, May 13.

Leading the violations list was disobeying a stop sign with 40 citations issued for this offense. Only two speeding violations were reported.

"An accident involving a drinking driver striking a parked car, (in front of a Brys residence), which occurred on April 10 . . . was inadvertently included in the March report," said Director Marchand.

tor Marchand. "The traffic accident count for the area still remains at one reported accident in 2 1/2 years."

This communication along with several others submitted the first part of the year stems from council directive, wherein the director was asked to report on a 30-day basis as to the status of Brys traffic conditions. Citizens had earlier appeared before the council on several occasions seeking relief from what they said was heavy vehicular traffic on their streets.

Pressure Tests Pay Dividends

About one-third of the 1,000 people who participated in Bon Secours Hospital's free blood pressure tests had high blood pressure, and were referred to their physician for follow-up care, according to hospital officials.

The screening project was planned by the hospital's education and staff development department in recognition of National Hospital Week and Hidden Hypertension Month.

Nurses from the hospital volunteered to perform the tests on their own time.

Reuther Named Center Prexy

Grosse Pointe resident Alfred R. Reuther, Jr., of Lewiston road, has recently been elected president of the Board of Directors of the Children's Center of Wayne County.

Mr. Reuther, who is treasurer of the Michigan Consolidated Gas Company, has previously held the positions of secretary and vice-president of the Children's Center Board.

The immediate past president George N. Monro III, of Woodland place, has been named chairman of the board, a newly created post to assure continuity of direction and easy availability of past experience.

Mrs. Edward T. Gushoe, of Muir road, and Mrs. Joseph J. Marshall, of Harbor Hill, are among nine new trustees elected to the Children's Center Board. The former will be active on the volunteer committee and the latter has accepted the responsibility for public relations and press contacts.

Children's Center was founded as a Child Guidance Clinic in 1930, one of the first of its kind in the United States. It has assumed a leadership role since that time in the Detroit metropolitan area in the development of prevention services, out-patient services and day treatment programs for emotionally disturbed and otherwise troubled youngsters.

The headquarters of the Children's Center is housed in a handsome contemporary building, whose construction was in large part made possible by gifts from the D. M. Ferry Foundation, which is located in the Medical Center area of Detroit.

"There is great need in the central city for the kinds of help Children's Center can offer," says Mr. Reuther. "It is more effective to spend money on children with problems than to wait until they become adults and treatment is more costly to the country and to the state."

Other members of the Children's Center Board of Directors who live in the Grosse Pointe area are Richard G. Frost, M.D., Max L. Gardner, M.D., Richard E. Hinks, Donald E. McKnight, Mrs. Jack Pickering and Mrs. Perry Tewart.

Students Win Prizes in Art

Five North High School students recently received prizes in the Bicentennial art contest sponsored by the Detroit Science Center.

The subject of the contest was "A Tribute to America's Scientific Genius," and the students were required to submit drawings or paintings of famous Americans in the field of science along with an essay discussing each one's outstanding achievements.

The second place prize of a \$75 U.S. Savings Bond went to Ann Lepley, 17, of The Woods, for her picture and essay on Linus Pauling. Melinda Murphy, 15, also of The Woods, took third place for her picture and essay on Alexander Graham Bell. Her prize was a \$50 U.S. Savings Bond.

The fourth place prize of a \$25 U.S. Savings Bond went to Mary Kay Orlisi, 18, of Harper Woods, for her work on Robert Fulton. Carole Devos, 17, of The Woods, received a cash prize of \$10 and an honorable mention award for her work on Gilbert Lewis.

Another honorable mention and a \$10 prize went to Cynthia D. Jevons, 17, of The Woods, for her work on Albert Einstein.

The submissions were judged on the basis of artistic quality and scientific correctness. Professors of art and science from Wayne State University and the Center for Creative Studies selected the winners.

All 57 entries in the contest will be on display at the Detroit Science Center until Wednesday, June 30. They will then tour public buildings throughout the metropolitan Detroit area.

Named to SHS Honor Society

South High School recently elected 32 new students to its National Honor Society.

Selection for the honor is based on grade point average, character, leadership and service. Students are rated by their counselors, administrators, teachers and activity sponsors.

The society is an active fund-raiser for an orphanage in India, helps in tutoring fellow students and also conducts blood drives for the Red Cross.

Seniors elected to the society include Martha A. Boyle, Joann F. Brady, Steven A. Chrypinski, G. Thomas Doyal III, Mary Eileen Driscoll, Catherine M. Gray and Bradley T. Hanpeter.

More seniors are Karen A. Hopp, Patricia J. Kurtz,

Also recently Mr. Zoufal, Sr. testified before the Subcommittee on Energy and Power of the House Interstate and Foreign Commerce Committee concerning the marketing segment of the Petroleum Industry.

ULS Net Team Boosts Record

The University Liggett varsity tennis team won the Class C-D Tennis Regional last weekend by defeating a very good Detroit Country Day School team, 22-16. In doing so, Liggett qualified two doubles teams and a singles player for the State Championship in Kalamazoo Sunday-Monday, June 4-5.

Peter and Jeff Logan defeated teammates Jim Manning and Paul VanWallegem 6-4, 6-0, for the Regional Doubles Championship. University Liggett junior Ibor Debyrn, defeated Mark Mollison of Country Day, 6-0, 5-1 for the Regional Singles Championship.

During the past week Debyrn has defeated Steve Winsor, East Grand Rapids number one player, 6-1, 6-2, Scott King, Cranbrook's number one player, 6-0, 6-0, in addition to Mollison.

(All of these players incidentally, have western rankings).

The season helps to prepare them for the Regionals and State Championships. To date, no one can argue with the results: 10 Regional Championships and seven State Championships in the past 11 years.

During that same time, the tennis program has produced a regular season record of 158-44.

Hosbein Cited By GP Theater

North High School senior Bill Hosbein has been awarded the annual \$500 Theater Scholarship granted by the Grosse Pointe Community Theater, according to principal G. Bruce Feighner.

The award is made on the recommendation of drama director Gael Barr, who has made a fine contribution as an actor and a technician to the drama program at North.

Bill has appeared in eight North productions, starring in "A Midsummer Night's Dream," "Detective Story," "Star Spangled Girl," for which he received the 1975 Best Actor Award, and "Cyrano De Bergerac" for which he's nominated as the 1976 Best Actor.

In addition, he was the student technical director in charge of construction in 1973 and 1974.

"Bill is the most talented actor and the most versatile stage technician I have had in the eight seasons and some 33 plays I have produced and directed at North since it opened in 1968," said Mr. Barr.

Bill will be attending Albion College in the fall, where he will be pursuing his interests in theater, speech and communication arts.

'Magicians' Visit Schools

The Interlochen "Magicians" visited the Pointe last week, performing their one-act musical children's drama for students at four elementary schools.

The visit is part of the group's "Interlochen Outreach" tour of Michigan, sponsored by the Michigan Council for the Arts.

"The Magicians" played at Poupard, Mason and Ferry schools on Thursday, May 13, and Trombly on Friday, May 14, before moving on to a host of Detroit performances.

The show, written expressly for Interlochen by Harold Kock and Ronnie B. Baker, is an adaptation of "The Bremen Town Musicians." It features music, magic, dance and a cast of cats, donkeys, robbers and a mute called Flower.

No high school tennis player has encountered the competition that Debyrn has this year. This all fits in with coach Robert Wood's philosophy. He feels that all of his tennis players want the best competition he can find for them.

In addition to playing in four tournaments, ULS has played Ann Arbor Pioneer, Detroit Country Day, Cranbrook, East Grand Rapids, South and North High Schools, Dearborn and Dearborn Edsel Ford.

Coach Wood feels the competition his players face during the season.

Motorist Hits Girl on Bike

A 12-year-old Hawthorne road girl suffered cuts and bruises to her body, plus an injury to her left knee, after being struck by an auto while on her bike, reported Woods police.

The incident happened Friday morning, May 21.

While waiting to cross the street at Fairford and Morningside, the girl was hit, and knocked to the ground, by a gold, two-door car.

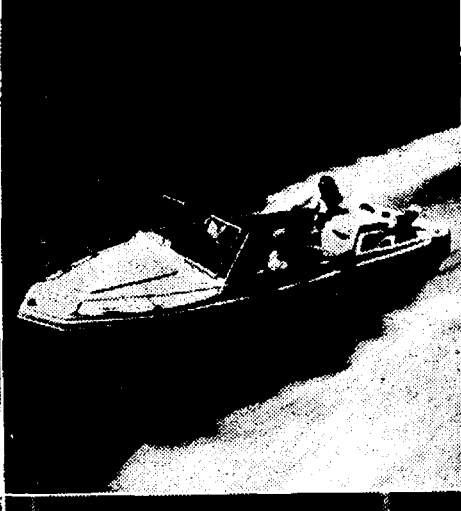

The girl said the driver stopped, exited the vehicle and yelled at her for being in the middle of the street. However, the complainant and witnesses said the girl was at the curb on her bike.

After the woman yelled at the girl, she entered her car and drove away without identifying herself. Witnesses reported, besides the driver, the car contained three children.

Police added the girl was taken to the hospital by her mother for treatment.

Hot Bats Carry SH to Two Wins

By Lisa Roumell
South High School's baseball team completed two games, both in league competition during the week ending Saturday, May 22. The Devils won both contests and now stand at 11-11 overall and 4-7 in EML play.

On Tuesday, May 18, South defeated Roseville, 7-6, in 11 innings. John Beebe pitched the first four innings but, after giving up seven walks and four runs, he was relieved by Rick Thomas. Thomas, (2-2), pitched the next seven innings and got the victory with a two-hit performance.

Devil bats connected for nine hits. Bob Gough had three hits, a triple and two singles. Paul Genter got two RBIs, including the one that won the game. Bob Glass rapped a single which extended his hitting streak to nine games.

South played good ball, making only two errors. From the seventh inning on, with the exception of one walk, Roseville batters were set down in order.

Then, South trounced Mount Clemens, 9-3, on Thursday, May 20. The Devils collected 10 hits and made only two errors in this well played game.

Glass, (3-4), pitched the entire contest, striking out six and walking one. Jack Brabb accounted for three RBIs with a double and two singles and Genter also had three hits, all singles.

On Saturday, May 29, South, which drew a bye in the first round, plays the winner of the South Lake-Osborn game in the second round of district playoffs.

The Devils are now batting .277 overall. Individual leaders are Glass, .370; Abraham, .349; and Brabb, .322.

Brownell Sets Pizza Dinner

The Brownell Middle School PTO and Student Council have scheduled a family pizza dinner for Thursday, June 3, from 5:30-7:30 p.m. in the school cafeteria.

Tickets are \$1.25 if bought early and \$1.50 at the door. They are available from Brownell homeroom classes at 8:45 a.m. daily or at Barnes, Monteith, Kerby and Richard Schools on Thursday-Friday, May 27-28.

The dinner also will include salad, pop or coffee and cookies.

Elementary parents are encouraged to attend to acquaint themselves with the school.

Serving on the committee for the dinner are chairman Mrs. Ronald Birgbauer, Robert Lees, Tom Neil and the Mesdames Raymond Chown, Muir Snow, George Reindel, John Wood, John Bradford, Lawrence Kelly, Rees McFarlane and Paul Youngblood.

JET AGE

Youngsters Brush Up on Shakespeare

Swathed in togas and munching pomegranates, these Mason School third graders have taken on the amazingly ambitious production of nothing less than Shakespeare's "Midsummer Night's Dream" for two June performances. Part of the 25-member cast includes, (from left

to right in background), TODD KNEISEL, DENISE LeBEAU, ED BANCE, STEVE QUARELLA and REED VESEY, (kneeling), JEFF SWEET, and, (sitting in foreground), MICHELLE PREVOT and KIM MARSHALL.

Pointe Golfers Take Tourney

Lochmoor Club professional Jim Picard topped a field of 16 of the area's leading golf pros to capture first prize money Tuesday, May 18, in the 18-hole professional/amateur tournament marking the official opening of the Brookwood Golf Club, part of the Brookwood Cluster Home complex.

The Lochmoor Club added more laurels in the team event of the tourney by tying foursomes from Orchard Lake Country Club and Pine Lake Country Club for the team title. All three teams fired scores of 12-under-par 58.

Mr. Picard cruised the course in two-under 66 fashion to beat out George Bayer of the Detroit Golf Club, (69), and Pine Lake Country Club's Timo Kilpelainen, (73).

In addition to Mr. Picard, members of the Lochmoor team were Buss Smith, Hillary Van Hollebak and Russ Beaupre.

In spite of the cold weather, a good crowd of spectators showed up to watch the teams battle par over the 2,700-yard layout, nestled among a cluster of condominiums on Tienken road, between Adams and Livernois, Rochester.

JC Auxiliary Plans Auction

The Grosse Pointe Jaycee Auxiliary will hold an art exhibit and auction Wednesday, June 7, at the Gabriel Richard Knights of Columbus Hall, 18000 East Warren, Detroit.

Refreshments and previews will be held from 7:30-8:30 p.m. with the auction immediately following.

This auxiliary fund raiser will feature an art collection from the Gallery Art Center, Berkley, Mich. The donation is \$1.50 per person.

For further information on the event and tickets, contact Mrs. Jack Chivas at 885-2560.

Seniors End Bowling Year

Woods senior citizens recently completed their second successful bowling season, climaxing the year with a dinner at the Roostertail and the presentation of trophies and certificates.

High single game honors for the ladies went to Inez Zale with a 187 effort, while Esther Stewart, cited as the most improved bowler and honored for her perfect attendance, finished second with a 180. Hedy Cassel was third with a 175 game.

Roy Dettmer with a 214 game led the men. George Rapp was second with a 199 effort, while Hans Hillberger and Eugene Kirsammer each bowled 192 games.

Kate Kirsammer had the ladies' high series, a 527. He was followed by Mr. Hillberger with a 526 and Mr. Dettmer with a 512.

Others being cited include Irene Berno, a sub, who was awarded a certificate as the most improved bowler of the sub group, Madeline Lade, who received a certificate for a bowling ball donated by Grosse Pointe Woods Recreation, and Mrs. Kirsammer, who won a floral center piece donated by Genevieve Fitch.

Mrs. Ryder, event chairman, added the group's 1976-77 keg season will begin on September 17 at Woods Recreation.

CITY OF

Grosse Pointe Farms

MICHIGAN

Summary of The Minutes May 17, 1976

The meeting was called to order at 8:00 p.m. Present on Roll Call: Mayor Pro-Tem W. James Mast, Councilmen Harry R. Fruehauf, Jr., Jack M. Cudlip, Nancy J. Waugaman, Joseph L. Fromm and Lloyd A. Semple.

Those Absent Were: Mayor James H. Dingeman. Mayor Pro-Tem W. James Mast presided at the meeting. Mayor Dingeman was excused from attending the meeting.

The Minutes of the Regular Meeting which was held on May 3, 1976, were accepted as corrected.

A Public Hearing was held concerning the clearing of vacant lots within the City of Grosse Pointe Farms, following which the Council approved the establishment of a Special Assessment District consisting of those vacant lots within the City which were published in the Grosse Pointe News, issue of May 6, 1976, and which property owners were notified via First-Class Mail.

Following a Public Hearing concerning the matter, the Council adopted a resolution approving the proposed Budget Document for the fiscal year 1976-1977, beginning July 1, 1976 and ending June 30, 1977; the total General Fund Budget being \$3,123,518. The Council adopted a further resolution establishing the rate for the fiscal year 1976-1977, at \$16.50 per \$1,000 of state equalized value, resulting in a tax levy of \$1,990,208.

The Council granted the appeal of Mr. T. Bruce [Name] whereby authorizing the issuance of a Permit for the construction of a six-foot stockade fence running parallel with Charlevoix Avenue, on his property located at 252 McMillan Road.

The Council adopted a resolution to table the appeal of Mr. Ted Pongracz, from the denial of the Building Department to issue a Permit for the construction of an eight-foot brick wall along the side lot line of his property located at 150 Kercheval Avenue, for reason that such appeal was made in connection with the proposed conversion of the garage into a family room which would require a determination by the Zoning Board of Appeals regarding the proposed conversion.

The Council adopted a resolution scheduling a Public Hearing before the Zoning Board of Appeals at 8:00 p.m. on June 7, 1976, for the purpose of hearing the appeal of Mr. James Taylor of 281 Merriweather Road, from the denial of the Building Department to issue a Permit for the construction of a family room addition, in replacement of the existing family room, at the rear of his home located at the foregoing address.

The Council adopted a resolution granting permission to the Hill Association to place tables and chairs on the sidewalk, to offer free street parking by covering the parking meters, to offer non-alcoholic refreshments for patrons, and to conduct sidewalk sales during their "Kercheval-On-The-Hill Festival" on May 21 and 22, 1976.

The Council adopted a resolution granting permission to the Grosse Pointe War Memorial Association to utilize the Hill parking lot, with the exception of the first row, for patron parking from which point they would be bussed to a fund-raising benefit party at Rose Terrace on Wednesday evening, June 2, 1976.

The Council adopted a resolution granting permission to Stalker and Boos, Incorporated, to conduct an auction event at Rose Terrace on June 3 through 9, 1976.

The Council adopted a resolution increasing the hourly wage rate for Election Inspectors from \$2.00 per hour to \$2.20 per hour.

The Council approved the low bid of C and P Construction Company, Incorporated, in the unit amount of 83c per square foot, for the necessary work to be done in the 1976 Sidewalk Replacement Program.

The Council approved the low bid of the Michigan Mutual Liability Insurance Company, in the total amount of \$9,199.00, for fleet insurance coverage for a one-year period.

The following Reports were received by the Council and ordered placed on file:

A. Fire Department Report for the month of April, 1976.

B. Police Department Report for the month of April, 1976.

The Council adopted a resolution authorizing the Salvatore Company to replace a portion of the sewer along Harbor Hill; such replacement work not to exceed the cost of \$35,000.

The Council adopted a resolution requiring Superior Lake Enterprises to post a demolition bond in the full amount of the demolition costs of razing Rose Terrace, prior to commencement of such demolition.

The Council confirmed Mayor Pro-Tem Mast's appointment on behalf of Mayor Dingeman, of the City Manager, Mr. Andrew Bremer, Jr., the City Clerk, Mr. Richard G. Solak, and the City Controller, Mr. Carrol C. Lock, to the Grosse Pointe Farms Building Authority Commission.

The Council adopted a resolution authorizing the Mayor to send a communication to the City's elected State officials, expressing their strong objection to any legislation which would take away the City's right to maintain its own Unemployment Compensation System.

Upon proper motion made, supported and carried, the meeting adjourned at 10:45 p.m.

W. James Mast Mayor Pro-Tem Carrol C. Lock Deputy City Clerk Published: Grosse Pointe News, issue of May 27, 1976.

Club Sponsors Camp Weekend

The Neighborhood Club will sponsor a canoe-camping weekend Friday-Sunday, June 18-20, as a part of its teen outdoor program.

Participating teens will canoe the south branch of the Ausable River near Roscommon. The Ausable is famous for its beautiful, easy canoeing, and is well suited for the beginning canoeist.

For experienced campers, the trip will afford an opportunity to dust off equipment and get muscles in shape for the summer.

The weekend fee of \$25 includes transportation, food, canoes and tent shelter. A current Neighborhood Club membership also is required. Since space is limited to 16 participants, early registration is advised.

The trip leaders will be Betz Johnson and John Shaheen.

The Indians, with a 7-1 record, took a half game lead over the Tigers following three impressive wins last week. The Tigers dropped into second place with a 7-2 record after a loss to the Red Legs which broke up the Tigers' six-game winning streak.

The Red Legs and Pirates are tied for third place with 4-4 records. The Yankees, after dropping seven games, came back with two wins to

move into fifth place with a 2-7 record. The Phils are 1-7.

The Indians defeated the Yankees, 19-10, on Tuesday, May 18, as Rob Carr led the Indian offense by driving in four runs with a triple and a double. Gregg Restrum picked up three hits and Peter Keane doubled and singled for the Indians. Richard Pastoria picked up three hits for the Yankees.

Craig Haase notched his second win of the season and was helped by Steve Kornmeier who cut down three Yankee runners at the plate with perfect throws from deep center.

Gregg Restrum recorded his third victory as the Indians downed the Red Legs, 13-6, on Friday, May 21, to break up a four-game Red Leg win streak. Craig Haase drove in five runs with a homer, double and single for the Indians. Brian Augsburger tripled and David Snow doubled for the Red Legs.

The Indians made it four straight with a 19-10 win

over the Pirates on Saturday, May 22. John Keane picked up his second win. Robert Warner homered for the Pirates.

Paul Guttwald picked up his third win as the Tigers defeated the Pirates, 14-8, on Monday, May 17.

The Tigers overwhelmed the Phils, 24-2, on May 21 as Todd Ciavola hit a grand slam home run. John Murphy also homered and picked up the win for his second of the season.

The Red Legs broke up the Tigers' six-game win streak with a seven-inning, 7-6, victory on Wednesday, May 19. Brian Augsburger was the winning pitcher and provided the winning runs with a two-run homer in the seventh.

The Yankees picked up their first victory with an 8-5 win over the Pirates on Thursday, May 20. Mike Kelly drove in three runs with a bases-loaded double. John Kulka was the winning pitcher.

The Yankees won their second in a row with an exciting 15-14 win over the Phils on May 22. The Yankees took a 11-0 lead but the Phils fought back to take a 13-11 lead in the fourth.

The Yankees bounced back with four runs in the top of the sixth as Rich Suhrheinrich drove in the winning run. John Pastoria was the winning pitcher. Pat McKee tripled and doubled for the Yankees, while Peter Ruwart homered and doubled for the Phils.

(Continued from Page 11) shut-out of the season allowing only one hit, walking one and striking out 12. MSU "connected" with a triple and double by Chris Ross, two doubles by Tim Lyon and a double from Mike MacMichael. AF's only hit was a double by John Saad. Michigan State came out on top again with a May 20 win over the Marines, 21-5. Chris Ross hit a homer in the third inning, tripled in the fifth and had two exciting force outs in the game. Teammate Dave Brooks made two good stops in the fifth inning. Tim Lyon doubled for State and pitched the full six innings. Air Force fought back on May 20 and beat Illinois, 8-2. Navy came from behind to stop Notre Dame, 11-10, scoring nine runs in the fifth inning. E. J. Olde grand slammed for ND, while Rob Sparling homered for Navy. Army whipped Notre Dame, 14-1, on May 22. Minor Leaguers saw Michigan take Purdue on May 17, 12-4. Previously undefeated, the "Blues" went down to

Ohio State, 9-8. Joe Sharp of Michigan homered in the sixth with two on. Ohio State creamed Minnesota, 17-4 on May 17. Robert Stakov homered for Ohio State. Northwestern nipped Minnesota by one run on May 19, 18-17. Minnesota's Alan Kronk homered with two men on. National League Majors teams have yet to stop the undefeated Pirates. In the May 18 match with the Cards, Tom Emmerich hit a fifth inning homer in a 14-1 win. On May 20, the Red Legs got zonked, 26-2. Mike Lyon homered for the Pirates in the first and fifth. The "Black Hats" were hot for doubles in this game as Dan Levitt and Tom Emmerich had two and Charles Janson, Tom Wilson and John Kline, one each. The Braves held them to a "mere" six runs on May 22 but got only one for themselves. The Giants took the Braves, 8-5, on May 18 in spite of Tony Alfonso's first inning homer, and doubles by Harry Constant Jr. and

Shawn Whelan. John Forbes had a homer in the fourth for the victors. The Red Legs beat the Dodgers, 9-4, on May 18. P. J. Driscoll, Mike Noel and Alex Posada all hit Red doubles in the win. Then, the Dodgers ran away with a May 20 win over the Giants, 14-4. The Dodgers' Mark Schneider grand slammed in the first inning while Joe Yott homered in the second with two on and hurled the win. The Giants' Tony Tocco doubled twice. That same day, the Braves edged the Cards, 9-8. Alfonso hit two home runs in this game — one in the second with one on and another in the fourth. Joe Leto doubled twice. Dave Goulet was the winning pitcher. The Cards went down to the Dodgers on May 22, 13-2. Yott clobbered another home run and Schneider had three doubles. Later in the afternoon, the Giants topped the Red Legs, 4-1. The American League Majors saw an upset when the Indians grabbed a 2-1 win from the undefeated Orioles on May 19. Larry Bauer homered and doubled for the Indians. On May 17, the Athletics bombed the Yankees, 10-1. Rob Zimmerman banged two homers and John Astifalk had one for the A's. The Yankees blanked the Senators, 6-0, on May 19, but were nipped 3-2 by the Orioles on May 21. Mark Walker hit a perfect bunt in the sixth inning to score the winning run. Dan Shine pitched a full six for the Yanks and struck out 11. The White Sox were defeated May 19 by the A's, 11-3, and May 21 by the Indians, 24-9. Karl Stronski of the Sox had a home run in each game. Zimmerman had one for the Athletics against the Sox. On May 21 the A's zapped the Senators, 11-6. John Trece tried hard for the Senators with a double in the fourth and a homer in the sixth. The Major League standings in the American loop show the Orioles 7-1; Athletics, 6-2; Indians 4-4; Senators 4-4; Yankees 2-6; and the White Sox 1-7. National League action shows the Pirates 8-0; Giants 5-3; Dodgers 4-4; Red Legs 3-5; Braves 2-6; and the Cardinals 2-8.

the defense of Pete Dettlinger, Bill Hoey and Jim Thompson that held the Cardinals at bay. In minor league games, the Pirates moved into a first place tie with the Senators by winning, 14-9. Rusty Jones homered and doubles were chipped in by Dave McRea, Kevin Roberts and Emery Audretsch. It took the Yankees and Indians a while to decide who was going to win in the continuation of a May 8 game that was tied 9-9. On May 22 the Yankees erupted for five runs in the first extra inning to win 14-10. Walter Connolly had the only hit in the inning. Then the same two teams battled to a 10-10 tie in a May 22 game. The Senators, after losing to the Pirates, still had solace in a 9-7 win over the Phillies. Leading hitters were Jim Brabb with three, including a triple, Brian Colinson with two singles and Marty Bedell with a double. The Indians slid by the Orioles, 10-9, on May 19 — after the Orioles had led 9-2 on the hitting by Matt Lane and Jim Joliet. The Orioles came back on May 22 to beat the Mets, 24-4, on a pair of grand slammers by Rick Roberts.

The world is a bank into which every life is deposited to the account of future generations.

G. P. CITY By Ralph Gray Two wins over the Cubs have given the Braves the major league lead, by a slim, one game margin. First the Braves shutout the Cubs, 7-0, on May 17 and then squeezed out a 6-5 victory in the second game two days later. Rick Richner pitched a no-hitter in the opener, facing just 21 Cub batters. He walked two while the Cubs failed to get the ball out of the infield. Rick struck out 14 and helped his own cause with three hits. Ned Sparrow hit for a trio and additional offensive support came from Paul Martinelli, Brad and Stark Langs, Kurt Maunz and Tom Persing. In the second contest, John Hurley was the winning pitcher, allowing just four hits while walking six. Stark Langs and Kurt Maunz each had two hits apiece. The winning run came in when John Zerweck scored on a sharp ground ball by pinch hitter Ned Sparrow. Elsewhere in the Majors, the Dodgers topped the Cardinals twice, 14-11 on May 18 and 7-6 on May 20. John Conway and Alex Draper scored three each in the first game but the hitting highlight was a grand slammer by John Strabel and a three-run home run by Jim Thompson. In the second game, it was

Austin Netmen Continue to Win; Set Sights on State Finals

By Donald J. Schmid
Continuing their winning ways, the Austin varsity tennis team captured the Class B regional title by defeating Cranbrook, 18-16, on Saturday, May 22. It was Austin's fourth consecutive Regional championship in tennis. In the singles' match finals, Austin's All-American Ken Thomas defeated teammate Frank Willard, 6-3, 6-1. It was Thomas' 62nd straight

victory. In an upset, Cranbrook's doubles team of Scott King and Mike Stone defeated Austin's team of Joe Ficara and Brian Murray, 2-6, 7-5, 6-2. Commenting on his team's victory in the regionals, varsity head coach Edward Knuth said, "I am extremely proud of the team's performance and win in the regionals, considering Cranbrook is one of the toughest teams

in the entire State." Currently the Friars are 6-0 in the Catholic Tennis League and have a winning streak of 60 consecutive league wins. The team began its winning streak on April 21, 1972, by defeating Bishop Borgess. The Friars have won the Catholic League Championship for the last three years and coach Knuth said he hopes the same thing occurs this year.

Currently the team is preparing for the State Finals which will be held on Saturday, June 5, at Stowe Stadium, Kalamazoo. In 1973, Austin was runner-up in the State Finals and in 1974 they were Class A State Champions. The team was runner-up in the Class B State Finals in 1975 and is favored to go all the way

City of Grosse Pointe

(Note: Following is the text of Ordinance No. 181 adopted by the Council of the City of Grosse Pointe on May 24, 1976 to become effective June 1, 1976.)

ORDINANCE NO. 181

AN ORDINANCE TO AMEND THE CODE OF THE CITY OF GROSSE POINTE BY ADDING A NEW CHAPTER, WHICH NEW CHAPTER SHALL BE DESIGNATED AS CHAPTER 55 OF TITLE V OF THE CODE OF THE CITY OF GROSSE POINTE.

THE CITY OF GROSSE POINTE ORDAINS:

CHAPTER 55 CITY PLANNING COMMISSION

5.260 **CITY PLANNING COMMISSION.** The City Planning Commission is hereby created for the City pursuant to Section 11A of the Grosse Pointe City Charter and Act 285 of the Public Acts of 1931, as amended.

5.261 **MEMBERS, NUMBER, TERM, COMPENSATION.** The Planning Commission members shall be the members of the City Council, consisting of the Mayor and six (6) councilmen. The terms of members shall correspond to their respective official tenures. All members of the Commission shall serve as such without compensation.

5.262 **CHAIRMEN, MEETING, RULES, RECORDS.** The Mayor shall serve as Chairman of the Commission. In the absence or disability of the Chairman, the Commission shall appoint, by simple majority of the members present, one of its members to act as chairman for the duration of such absence or disability. The City Manager shall act as secretary and administrative officer to the Commission. The Commission may from among its members create and fill such other offices as it may determine. The Commission shall hold at least four (4) meetings each year. A majority of the members of the Commission shall be a quorum for the transaction of business. The Commission may adopt rules for transaction of business and shall keep a record of its resolutions, transactions, and determinations, which record shall be a public record.

5.263 **EMPLOYEES, CONTRACTS FOR SPECIAL SERVICES, SOURCES AND LIMIT OF EXPENDITURES.** The Commission may appoint such employees as it may deem necessary for its work, and may also contract with community planners, engineers, architects and other consultants for such services as it may require. The expenditures of the Commission, exclusive of gifts, shall be within the amounts appropriated for the purpose by the City Council, which shall provide the funds, equipment and accommodations necessary for the Commission's work.

5.264 **MASTER PLAN FOR PHYSICAL DEVELOPMENT OF MUNICIPALITY: ADOPTION, CONTENTS, PUBLICATION, ALTERATION.** It shall be the function and duty of the Commission to make and adopt a master plan for the physical development of the municipality, including any areas outside of its boundaries which, in the Commission's judgment, bear relation to the planning of the municipality. Such plan, with the accompanying maps, plat, charts, and descriptive matter shall show the Commission's recommendations for the development of said territory, including among other things, the general location, character, and extent of street, viaducts, subways, bridges, waterways, waterfronts, boulevards, parkways, playgrounds, and open spaces, the general location of public buildings and other public property, and the general location and extent of public utilities and terminals, whether publicly or privately owned or operated, for water, light, sanitation, transportation, communication, power and other purposes; also the removal, relocation, widening, narrowing, vacating, abandonment, change of use or extension of any of the foregoing, ways, grounds, open spaces, buildings, property, utilities or terminals; as well as a zoning plan for the control of the height, area, bulk, location and use of buildings and premises. As the work of making the whole master plan progresses, the Commission may from time to time adopt and publish a part or parts thereof, any such part to cover one or more of the aforesaid or other functional matters to be included in the plan. The Commission may from time to time amend and extend, or add to the Plan.

5.265 **SURVEYS FOR BASIS, AND PURPOSES.** In the preparation of such plan the Commission shall make careful and comprehensive surveys and studies of present conditions and future growth of the municipality with due regard to its relation to the neighboring territory. The plan shall be made with the general purpose of guiding and accomplishing a co-ordinated, adjusted, and harmonious development of the municipality and its environs, which will, in accordance with present and future needs, best promote health, safety, morals, order, convenience, property and general welfare, as well as efficiency and economy in the process of development; including among other things adequate provisions for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the promotion of good civic design and arrangement, wise and efficient expenditures of public funds, and the adequate provision of public utilities and other public requirements.

5.266 **ADOPTION OF WHOLE OR PARTS BY RESOLUTION OF PLANNING COMMISSION, HEARING; CERTIFICATES TO CITY COUNCIL AND WAYNE COUNTY REGISTER OF DEEDS.** The Planning Commission may adopt the plan as a whole by a single resolution, or by successive resolutions adopt successive parts of the plan, said parts corresponding with major geographical sections of divisions of the municipality or with functional subdivisions of the subject matter of the plan, and may adopt any amendment, extension thereof, or addition thereto. Before the adoption of the plan, or any such part, amendment, extension or addition, the Commission shall hold at least one public hearing thereon, notice of the time and place of which shall be given by one publication in a newspaper of general circulation in the municipality. The adoption of the plan or of any such part or amendment or extension or addition shall be by

resolution of the Commission carried by the affirmative vote or not less than five (5) members of the Commission. The Resolution shall refer expressly to the maps and descriptive and other matter intended by the Commission to form the whole or part of the plan, and the action taken shall be recorded on the map and plan and descriptive matter by the identifying signature of the chairman and/or secretary of the Commission. An attested copy of the plan, or part thereof, shall be certified to the City Council and to the Wayne County Register of Deeds.

5.267 **PUBLIC WORKS; APPROVAL BY COMMISSION AND CITY COUNCIL OR BODY HAVING JURISDICTION; PLANS FOR FUTURE.** Whenever the Commission shall have adopted the master plan of the municipality or of one or more major sections or districts thereof, no street, square, park or other public way, ground or open space, or public buildings or structures shall be constructed or authorized in the municipality or in such planned section and district, until the location, character and extent thereof shall have been submitted to and approved by the Commission; provided, that in case of disapproval the Commission shall communicate its reasons to the City Council which shall have the power to overrule such disapproval by a recorded vote of not less than two-thirds (2/3) of its entire membership; provided, however, that if the public way, ground, space, building, structure or utility be one the authorization of financing of which does not under the law or charter provisions governing same, fall within the province of the City Council, then the submission to the Planning Commission shall be by the board, commission, or body having such jurisdiction, and the Planning Commission, disapproval may be overruled by said board, commission or body by a vote of not less than two-thirds (2/3) of its membership. The failure of the Commission to act within sixty (60) days from and after the date of official submission to the Commission shall be deemed approval. For the purpose of furthering the desirable future development of the City, the Commission shall annually prepare a program for the ensuing six (6) years which shall show those structures and improvements in the general order of their priority, which, in the Commission's judgment, will be needed or desirable and to be undertaken within the (6) year period. The above mentioned programs shall be based upon the requirements of the community for all types of public improvements and to that end each agency or department of such municipality concerned with such improvements shall upon request furnish the Commission with lists, plans and estimates of time and cost of public structures and improvements within the purview of such department.

5.268 **RESCINDING ACTION BY LEGISLATIVE BODY, PROCEDURE.** Whenever the City Council shall have ordered the opening, widening or extension of any street, avenue or boulevard, or whenever the City Council shall have ordered that proceedings be instituted for the acquisition or enlargement of any park, playground, playfield or other public open space, such resolution shall not be rescinded until after the matter has been referred back to the Planning Commission for a report, and until after a public hearing shall have been held. The City Council shall have power to overrule the recommendation of the Planning Commission by a vote of not less than two-thirds (2/3) of its entire membership.

5.269 **CITY PLANNING COMMISSION; PUBLICITY AND EDUCATION, RECOMMENDATION, GIFTS, CO-OPERATION FROM PUBLIC OFFICIALS.** The Planning Commission shall have the power to promote public interest and understanding of the plan and to that end may publish and distribute copies of the plan or of any report and may employ such other means of publicity and education as it may determine. Members of the Planning Commission when duly authorized by the Commission, may attend municipal planning conferences or meetings of municipal planning institutes or hearings upon municipal planning legislation, and the Commission may, by resolution, spread upon its minutes, pay the reasonable traveling expenses incident to such attendance. The commission shall from time to time recommend to the appropriate public officials programs for public structures and improvements and for the financing thereof. It shall be part of its duties to consult and advise with public officials and agencies, public utility companies, civic, educational, professional and other organizations, and with citizens relative to protecting or carrying out the plan. The Commission shall have the right to accept and upon request, furnish to the Commission, within a reasonable time, such available information as it may require for its work. The Commission, its members, officers and employees, in the performance of their functions, may enter upon any land and make examinations and surveys and place and maintain necessary monuments and marks thereon. In general, the Commission shall have such powers as may be necessary to enable it to fulfill its functions, promote municipal planning or carry out the purposes of this Chapter and the purposes of Public Acts No. 285 of 1931, as amended.

5.270 **SUCCESSION TO ZONING COMMISSION.** The Commission shall have all the powers heretofore granted by law to zoning commissions under Act 207 of the Public Acts of 1921, as amended.

5.271 **NECESSITY FOR APPROVAL OF PLATS; STREET SYSTEM.** Whenever the Planning Commission shall have adopted that sort of a

5.272 **REGULATIONS COVERING SUBDIVISION OF LAND; BOND TO SECURE IMPROVEMENTS; PUBLICATION OF REGULATIONS.** Before exercising the powers referred to in section 5.271 the Planning Commission shall adopt regulations governing the subdivision of land within its jurisdiction. Such regulations may provide for the proper arrangements of streets, in relation to other existing or planned streets and to the master plan, for adequate and convenient open spaces for traffic, utilities, areas of firefighting apparatus, recreation, light and air, and for the avoidance of congestion of population, including minimum width and area of lots. Such regulations may include provisions as to the extent to which streets and other ways shall be graded and improved and to which water and sewer and other utility mains, piping, or other facilities shall be installed as a condition precedent to the approval of the plat. The regulations or practice of the Commission may provide for a tentative approval of the plat previous to such installation; but any such tentative approval shall be revocable and shall not be entered on the plat. In lieu of the completion of such improvements and utilities prior to the final approval of the plat, the Commission may accept a bond with surety to secure the municipality the actual construction and installation of such improvements or utilities at a time and place according to the specifications fixed by or in accordance with the regulations of the Commission. The municipality is hereby granted the power to enforce such bond by all appropriate legal and equitable remedies. All such regulations shall be published as provided by law for the publication or ordinance, and before adoption, a public hearing shall be held thereon. A copy thereof shall be certified by the Commission to the recorder of Wayne County. All requirements of the Subdivision Control Act, Act 288 of the Public Acts of 1967, as amended, shall apply to plat processing and approval by the City.

5.273 **APPROVAL OR DISAPPROVAL OF PLATS, PROCEDURE.** The Planning Commission shall approve, modify or disapprove a plat within 60 days after the submission thereof to it: Otherwise such plat shall be deemed to have been approved and a certificate to that effect shall be issued by the commission on demand; pro-

vided, however, that the applicant for the commission's approval may waive this requirement and consent to an extension of such period. The ground of disapproval shall be stated upon the records of the Commission. Any plat submitted to the Commission shall contain the name and address of a person to whom notice of hearing shall be sent, and no plat shall be acted on by the Commission without affording a hearing thereon. Notice shall be sent by certified mail of the time and place of said hearing to the applicant not less than five (5) days before the date fixed thereof. Similar notice shall be mailed by first class mail to the owners of land immediately adjoining the platted land as their names appear upon the plats in the Wayne County Auditor's Office, and their addresses appear in the Directory of the City or on the current assessment roll of the City. Every plat approved by the Commission, shall, by virtue of such approval, be deemed to be an amendment of or an addition to or a detail of the Master Plan and a part thereof. Approval of a plat shall not be deemed to constitute or effect an acceptance by the people of any street or other open space shown upon the plat. The Commission may, from time to time, recommend to the City Council amendments of the City Zoning Ordinance or map or additions thereto to conform to the Commission's recommendations for the zoning regulations of the area comprised within approved subdivisions. The Commission shall have the power to agree with the applicant upon use, height, area or bulk requirements or restrictions governing buildings, and premises within the subdivision, provided such requirements or restrictions do not authorize the violation of the then effective Zoning Ordinance of the City. Such requirements or restrictions shall be stated upon the plat prior to the approval and recording thereof, and shall have the same force of law and be enforceable in the same manner and with the same sanctions and penalties and subject to the same power of amendment or repeal as though set out as a part of the Zoning Ordinance or map of the City.

5.274 **DEFINITION OF TERMS.** For the purpose of this Chapter certain terms are defined as provided in this section. Wherever appropriate, the singular includes the plural and the plural includes the singular. "Municipality" and "Municipal" includes or relates to the City of Grosse Pointe, County of Wayne, State of Michigan. "Streets" means streets, avenues, boulevards, roads, lane, alleys, viaducts and other ways. The within Ordinance shall become effective June 1, 1976.

DYC Holds Annual Regatta

By C. G. Eugenides
The Detroit Yacht Club held its 60th annual Memorial Regatta on Saturday, May 22, on Lake St. Clair. The winds were out of the northeast, moderate, then light, and with numerous oscillations. The course was shortened due to the light winds, and the "A" course yachts sailed nine miles rather than the usual 15. Due to an unfortunate error in addition the J. T. Wing trophy was awarded to the wrong boat. The yacht with the best corrected time in Class A, B, C and D and winner of the J. T. Wing Cup was Ricochet, skippered by Henry Burkhard. In Class A, the first three

boats were Ricochet, Aggressive II and Leading Edge, all of whom were awarded trophies. Ripple, Roulette, Yahoo, Sassy and Windhover finished as listed above. Class B winners were Piet Hien, Hot Spur and Checkmate, which is the smallest boat in the class. Checkmate is only 33 feet long. The balance of the finishers were Devastator, Han Dynasty, Moonraker, The World Is Mad, Azteca and Tangerine bringing up the rear. The one-ton class was won by Taleria II, which also took first place last week. She was followed by Razzia, last year's season champion, Goldbug, Pendragon, Blue Jacket and Hustler. Since

there were only six starters, only two flags were awarded. There were nine yachts competing in the 1/4 ton class. The flag winners were TNT, Quicksilver and Rage. The rest of the pack were Menagerie, Arbitrage, Treble Clef IV, Rogue, Psyche and Summer Wind. Class C had only five yachts starting and the two which took trophies were Whiskers and Easterly. Bee-line, Yellow Bird and Wolverine comprised the balance of the group. In Class D, Hot Flash lived up to its name and came in 22 minutes ahead of Chaka, which was second. Cheers, last week's winner, came in third. Hot Flash demonstrated tremendous boat speed in the light and moderate winds.

A 19-year-old Harper Woods youth, who fled from Woods police after being stopped for a traffic violation, was subsequently apprehended after a foot chase involving several officers Thursday evening, May 20. In the incident, the suspect, Thomas Jerome Maier, received a fractured left wrist, apparently from a fall sustained during the chase, and two Woods officers, Michael Makowski and John Harwood, received minor injuries. Officer Makowski hurt both his knees and received treatment at the station, while Officer Harwood said he pulled a thigh muscle during the chase. The latter's injury was diagnosed as a muscle strain with a spasm. While on patrol, Officer Makowski said the suspect, who was driving along Mack avenue, failed to stop for a stop sign at Huntington road. After going along Huntington, he entered Mack at a high rate of speed and swerved in front of traffic, police said. He was stopped on Dorthen, east of Mack, advised of the violation and asked to produce his license and registration. The officer said he failed to produce either but identified himself. A Law Enforcement Information Network, (LEIN), check revealed that his license was suspended, along with a bench warrant for a moving traffic violation with the Hazel Park Police Department. After exiting the car, the suspect stood at the rear of the vehicle. When Officers Makowski and Harwood came to within 10 feet of the suspect, he started to run across Mack toward Manchester, according to the report.

Officer Makowski stated he had one hand on the suspect in the middle of Mack but fell, injuring his left leg. The impact of the fall caused his revolver to topple from his holster into the street. The suspect also fell but immediately got up and continued running. The officer went to retrieve his gun while Officer Harwood continued pursuing the man. Police said the suspect went west on Manchester, north through the alley and west through some yards between Manchester and Huntington. A broadcast was put out on the suspect and the direction of his flight as both officers continued the pursuit along Huntington towards Bramcaster.

The suspect was spotted running west through Ghesquiere Park. There, Officer Makowski was joined by Officer Robert Kwiatkowski and the search continued. At this time, two Harper Woods officers and Woods Officer Michael Giffer broadcast that the suspect was in custody at Huntington, west of Bramcaster. After being taken to the station, Maier complained of an injury to his left wrist. He was immediately transported to Saint John Hospital, where X-rays revealed the fracture, and he was given some medication. He was issued citations for escaping, driving while his operator's license was suspended and failing to stop

for a stop sign, all having a Wednesday, June 16, court date. Maier was released after posting a \$100 bond on the suspended license charge, plus a \$200 bond for Hazel Park.

Plays Big Role in Jury System

Wayne County's One Day/One Trial Jury System, a project coordinated by David E. Kasunic, of Trombley road, was officially adopted last month by the Wayne County Circuit Court, after the successful conclusion and evaluation of a six month pilot study which was inaugurated last September 22, according to a Circuit Court news release. The streamlined jury system, under which jurors serve for only one day or the duration of one trial, has been in operation in Wayne County Circuit, Common Pleas, Probate and Juvenile Courts. District Courts in Livonia, Wayne, Dearborn Heights and Westland also have implemented the system to date. Earlier in the week, presiding Circuit Court Judge James N. Canham had reviewed a comprehensive report of the pilot study prepared by Mr. Kasunic. "The results indicate that this is one of the most efficient and effective jury systems yet devised," said Judge Canham. "The Jury Reorganization project was designed to test the feasibility of more limited jury service in order to increase citizen participation and diversify the cross-section of jurors, to make jury duty a more pleasant experience for Wayne County

jurors and to effect cost savings." Mr. Kasunic stated, "We believe we have met all of our objectives and have had collateral benefits as well. During the six months pilot period under the One Day/One Trial system, 9,975 citizens have been involved as jurors, compared to 1,348 for the same period in the year prior, a seven-fold increase. "In the matter of juror costs, the Court has realized a savings of \$66,085 and also has benefitted from more efficient juror management, with 102 more jury trials heard, using 1,290 fewer jurors than during a comparable period in 1974-75." Judge Canham added that since the new system clearly alleviates the personal and economic burdens imposed by the former 30-day jury service term, the number of citizens requesting excuse from jury duty has reached a low of 1.3 percent of summoned jurors requesting that they be excused. "The problem under the 30-day term was that it imposed hardship on students, people with jobs or professional commitments, along with domestic responsibilities and vacation plans. It was difficult for many people to arrange their schedules to meet the demands of a month's service," he continued. Jurors, questioned about their reaction to the One Day/One Trial system on a survey form distributed at the close of their jury service, have indicated an overwhelming 92.3 percent approval of the new system. Mr. Kasunic added many jurors seem to come away from their jury service with an improved regard for the work of the Court and an increased awareness of its problems. Currently the pilot program is under consideration for possible Exemplary Project status by the U.S. Department of Justice. The award is bestowed for outstanding achievement and contribution of grant projects under the Law Enforcement Assistance Administration, which funded the Wayne County pilot study.

The rest of the class finished about a half hour later and consisted of Hyperbole, Candor, Kukla and Yabsou. Wolfhound sailed the wrong course and was DNF. About two years ago a Modified IOR rule was developed to enable boats that were designed prior to December 31, 1969, to race among themselves. To date no one has been able to come up with a rule that will properly rate new and old boats, and the best solution was to form the modified IOR classes. Modified A had 10 finishers with trophies going to Wind Toy, Windtime and Gretch III. They were closely followed by Tigress, Tortue, Asamara, Sapphire, Great Lakes, Fanello, Sea Wolf II and Nomad. Modified B yachts that were awarded flags were Sea Hawk, Alida and Rhogee II. Hypothesis, Yare, Old Bear, Columbia III, Irish Mist and Highlander comprised the nine boats that finished in the order listed above. Modified C had a total of 10 starters with Brandy, Prestor John and Eagle picking up the trophies. The balance came in as follows: Pot O Gold, Sunshine, Loch Moigh, Hobo, Bressen Thru, Willy Wispe and Little Yankee IV. Next week Bayview Yacht Club will sponsor its spring regatta. Instead of using the fixed marks of the DRVA course, code flags will give a compass course to the first mark. This technique should guarantee a full windward start. On Wednesday, May 19, the Offshore Racing Club of Detroit officers and skippers of Class A had a meeting to discuss the problem of newly designed two-ton yachts constantly placing at the top of the class. The decision was made that for Offshore Season Trophies there would be flags for Class A Racing and Class A Cruising category with the newer designed boats in the racing category. The yachts will start together but will have different finishes.

Farms Slates Bike Inspection

The Farms Police Department has announced a bicycle inspection program for four area schools. Inspections started at the Grosse Pointe Academy, Gabriel Richard, Kerby and Saint Paul Schools Tuesday, May 25, and will run through Friday, June 2. Bicycles will be inspected for their equipment and safety features including brakes, chains, pedals, hand grips, handle bars, seats, spokes, tires and licenses. All students participating and passing the inspection, will have their names submitted in a drawing for a bicycle and other bicycle equipment prizes.

Jurors, questioned about their reaction to the One Day/One Trial system on a survey form distributed at the close of their jury service, have indicated an overwhelming 92.3 percent approval of the new system. Mr. Kasunic added many jurors seem to come away from their jury service with an improved regard for the work of the Court and an increased awareness of its problems. Letters to the Editor

To the Editor:

Robert Oppenheimer quoted from the Bhagavad Gita, "I am become death, the shatterer of worlds" as he saw the terrible mushroom cloud for the first time ascending over the desert. All his scientific brilliance and mathematical genius had not brought life, but death.

These realities ought to be pondered seriously when we make choices in our children's education. I don't think we can afford to shrink those programs that have some soul forces still in them. I am speaking of music, the arts, languages.

As leaders in the community, the school administrators and the Board of Education have the awesome task of setting priorities and therefore really directing our children's values. We can train the intellect with the best and the latest scientific information, but without wisdom and the heart it can be worse than no training at all.

That great American architect Frank Lloyd Wright made one requirement regarding his children's education. That was simply to learn to play one musical instrument well. Through this discipline of the soul and mind, he perceived, something of value could grow within the character of the individual.

And who considers himself well educated who knows but one language? Why then, when we cut down, is it in music, the arts and languages? When we are short on funds are we also short on values? Where are our

priorities? Where are our goals? Where is real openness and integrity with the people in this community? I truly believe the ideals and the generosity of the people in this community can be inspired for great opportunities in education if its leaders will demonstrate vision and a total openness, integrity and dignity.

Then the day when "pink slips" are dropped in the darkness at the doors of dedicated teachers of music, language and the arts will be some sort of weird nightmare from the past.

Mildred Willison,
of Heather Lane,

Dear Sir:

The Grosse Pointe Branch of the American Association of University Women has voted to support all four propositions in the June 14 millage election.

Composed of approximately 400 college educated women, the branch felt it imperative to go on record as supporting all four propositions. All four must be passed to maintain our school system and library system at their present levels.

As concerned citizens, taxpayers, parents and grandparents we do not wish a reduction in the school and library program but wish to preserve a system in which our community can take pride.

Sincerely,
Frances L. Schonenberg,
President,

NHS Track Team Blasts Roseville, Wins Regionals

By Diane Marsteller

Continuing their swimming ways on Tuesday, May 18, the North High School track team beat Roseville Braltec, 98-33. North won 13 of 16 events, including the 440-yard relay at 45.7, the 880-yard relay at 1:34.2 and the mile relay at 3:43.5.

However, the real highlight of the week was on Saturday, May 22, at Detroit Central High School when the Norsemen thincads won the State Regionals. The Norsemen finished with 48 1/2 points, followed by Cass Tech with 43 points.

High points of the Roseville met were double winner Don Wollenzin in the shot put, 52' 6", and the discus, 139', Ken Humes in the high jump at 6' 4" and Gary Berchem in the low hurdles at 21.7.

Other winners were Phil Humes in the high hurdles at 16.2, Dave Lewis in the mile run at 4:38 and Karl

Tech in the 440-yard dash at 53.3.

Joe Claravino at 2:05.4 and Rick Quinones at 2:06.8 finished first and second, respectively in the 880-yard run. There was a three-way tie for the first in the two-mile run with Greg Kopacka, Don Ford and Dale Savage all finishing at 11:31.6. Rich Nancy won the pole vault at 12' 3".

In regional action Wollenzin won both the shot put at 53' 11" and the discus at 143'. Beck won the 880-yard run at 1:57.0, followed by Claravino in third at 2:00.1.

Bill Weidenbach finished first in the mile at 4:19.3, while Lewis finished second in the two mile at 9:13.7, as Sam James of Highland Park, at 9:13.5, took first. Ed Hammer was fourth at 9:41.9 and Mark Kennedy was fifth at 9:47.0.

Nancy finished second in the pole vault at 12' 8" and Ken Humes finished second in the high jump at 6' 4". Phil Humes tied for third at 6' 4" and Dave Vroom was fifth at 6' 2".

Phil Humes finished fifth in the high hurdles with a time of 15.0, while Bob Roberts finished the 220-yard dash in fifth place at 23.0. The mile relay team finished fifth in 3:31.4.

The Norsemen will be competing against South High School Tuesday, June 1, at North.

ULS Sweeps Track Meet

The University Liggett School track team captured eight first and five second place finishes to defeat Lutheran North and Harper Woods High Schools in a triangular meet held Thursday, May 20, at ULS.

Sophomores Will Hummel, Jim Catchings and John Engel led the Knights with a combined point total of 39.

Hummel won both the 100- and 220-yard dashes and tied for first in the long jump.

Catchings won both the 120 high and 180 low hurdles, while Engel tied for first in the long jump and placed second in the 40-yard dash.

These three, combined with junior sprinter Dave McKenney, formed the winning 440-yard relay team.

Senior weight man Bill Wood took a first in the shotput and a second in the discus. Kevin Shea took a second in the shotput, and junior Mark Gulgas breezed to victory in the mile run.

For the past several years, the ULS trackmen haven't been known for their proficiency on the cinders. But with 15 of their 19 man roster composed of sophomores and freshmen, it would seem their future looks very bright.

Schools Slate Concert, Social

Tchaikovsky's 1812 Overture complete with cannons, will open the annual Outdoor Band Concert and Ice Cream Social on Friday, May 28, at 7 p.m. on South High School's front lawn.

More than 300 youngsters, including alumni and North and South High students, will participate in the program.

Ice cream, strawberries and coffee will be sold during and after intermission.

The concert is free and open to the public. In case of rain, the program will be held in South's gymnasium.

Some folks can't see the error of their ways because of their habit of looking at others.

Jewels & gems

African look jewelry is popular today as never before. Most popular are rope necklaces made of stacked glazed clay discs. Bangles at the wrist may be made of natural pulp or colorfully woven straw. Bracelets of natural woods are graceful and very popular. Most of this type of jewelry uses symbolic African motifs used in a wide range of really natural-look materials. Wood is most popular, but clay, antique glass, beaten silver, terra cotta, jade, coral, abalone shells are also part of this new movement in American jewelry.

If you are a buyer of unique items, come in to VALENTE JEWELRY, 16601 East Warren at Kensington, Detroit, 881-4800, and see the antique jewelry and object of art left with us on consignment by their owners. If you are looking for something truly different, we have a wide variety of one-of-a-kind items on display. We can also help you discreetly dispose of old or unwanted jewelry.

One View from the Capitol

By William Bryant

Bills which would allow the State limited right to license group homes in residential areas passed the House recently over my objection. The legislation, principally House Bill 4898, is now in the Senate.

I ask you to help defeat it by writing the three State Senators representing the Pointes and demanding they vote "no" on the bill.

In fact if someone really wants to find out their view is, or mine,—(as I have told you before in this column), one way is to write pretending to be for the bill.

Always, when you want a response from a legislator, State or Federal, specifically ask for their view on the basic thrust and effect of the legislation.

In this case, the effect of the bill in question would be to allow group homes for mentally ill and others from anywhere in Wayne, Oakland, Macomb, Washtenaw or Monroe County to be licensed in a residential area of Grosse Pointe or any other city.

I have told our local governmental units we must be willing to find places for group homes for our own former residents. They are our responsibility as a community. We cannot house them all either in huge institutions or in group homes in Detroit surrounded by crime and squalor.

I protest, however, when the bill says that we must be

prepared to take anyone from any surrounding county. That may be fine for Chippewa County, since Lucas and MacKinnon Counties bordering Chippewa probably have less than 50 residents in any group home, but in Wayne County it means Grosse Pointe could be told to accept hundreds of people from anywhere in the metropolitan Detroit area.

Please write your State Senator. The three are Sen. John Hertel, Sen. William Fitzgerald and Sen. Joseph Snyder. At least two out of the three will probably vote for the bill unless you can convince them to vote against it.

Yanks Hold 1st in Ruth Loop

The Metropolitan Club Indians shut out the Midwest Steel Phillies, 8-0, behind the two-hit pitching of Kevin Chown in Babe Ruth League play Tuesday, May 18.

John Cammett and Lenny Bartoszewicz had doubles and Jim Miller, three hits. Mike Smith, Dan Mikessel and Kevin Chown each had two hits. Dave Thill took the loss for the Phillies.

The Indians topped the Park Police Officers Association Giants, 4-2, on Wednesday, May 19. Len Bartoszewicz got the win. Big hitters for the Indians were John Cammett, John Baldyga and Jim Miller. Gary Belfore went three-for-four for the Giants.

In a continuation of a previously protested game, the Indians came back to win, 8-6, over the Emily's Cleaners Cardinals. Tom McHugh rapped a triple and Len Bartoszewicz and Jim Miller each had three hits. Scott Ricard had three hits for the Cards.

A brilliant pitching duel between Kevin Rinke and Joe Kanan was broken open in the ninth inning as the Burger Chef White Sox committed four errors. As a result, the Nohdurft Red Sox broke a 2-2 tie and went on to win, 7-3.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

The 1976 National Book Awards, the first to be held under the auspices of the National Institute of Arts and Letters, were presented last month in New York City. Six awards were given for the categories of Arts and Letters, Children's Literature, Contemporary Affairs, Fiction, History and Biography and Poetry.

Here are extracts of the winning authors' comments from the press conference held just prior to the awards ceremony.

Paul Fussell, winner in Arts and Letters with THE GREAT WAR AND MODERN MEMORY, (Oxford University Press), said his book had been "a private personal project" ever since 1947, when he was recalling his own experiences in World War II, "and I knew I would have to write such a book in as personal a way as possible."

He sees the book, a study of how World War I affected the writers of that generation, as "a combination of history, literary criticism, elegy and essay." He felt that at present the public was receptive to an emotional treatment of war, because no emotional involvement with "our most recent war" had been possible.

Walter D. Edmonds, winner in Children's Literature with BERT BREEN'S BARN, (Little, Brown), was by far the oldest of the winners at 73 and, beginning in 1928, has a much larger body of work behind him, including such notable books as DRUMS ALONG THE MOHAWK.

He stressed that although 13 or 14 of his books were regarded as children's titles, most of his work was originally written for adults. "I doubt that there is really such a thing as a children's book. Most of the children's classics are equally good for adults."

As for his book's setting, in upstate New York, "It is a place that has possessed me," and the story itself is based on something that actually happened when he was about five years old.

Michael Arlen, winner in Contemporary Affairs for

PASSAGE TO ARARAT, (Farrar, Straus and Giroux), said that the ritual of a return to one's roots, as he has done in his book, could be "an unsettling experience, with some ugly things in it."

In his book he has tried to indicate some of this difficulty. It is a more personal book than his previous ones, and he received a strong response from readers—"I got about 100 letters, which is overwhelming for a writer." He has a new book of his TV pieces for the "New Yorker" coming out in the fall — though this sort of writing is only a sometime thing. He is also working on a new novel.

William Gaddis, Fiction winner with JB, (Knopf), is a private person who lives by the credo that "a writer should be read and not heard, let alone seen."

About his new book he stated, "I started making notes for it 15 years ago or more, but I have put it aside several times to work on other things I haven't published yet."

He takes notes on snatches of conversation he overhears, things he reads in the papers. "It's a piecemeal way to live," he commented. It can be "frustrating" when readers find his work difficult — and he confessed his surprise that so many seem to.

David Brion Davis, winner in History and Biography for THE PROBLEM OF SLAVERY IN THE AGE OF REVOLUTION: 1770-1823, (Cornell University Press), explained that the genesis of his book, (a sequel to an earlier work, "THE PROBLEM OF SLAVERY IN WESTERN CULTURE"), went back to his experience at graduate school.

"It seemed to me that so much of social and cultural history is presented in the abstract, and I felt it would be more fruitful to examine a concrete problem and its implications."

Setting to work originally to write a history of abolitionism, he found there was very little written about contemporary attitudes toward slavery, and this theme took over what eventually became two books.

John Ashbery, winner in Poetry with SELF-PORTRAIT IN A CONVEX MIRROR, (Viking), said he didn't intend his work to be difficult. "It's complicated, perhaps, but life is complicated."

Asked whether he thought critics paid sufficient attention to contemporary poetry, in view of the considerable success of poetry readings, he said he felt that perhaps readings were rather a superficial aspect of the real poetry audience.

"The actual readership of poetry has always been small, with probably more people writing it than regularly reading it, and poets have to reconcile themselves to that fact."

Ashbery has published earlier work with smaller presses and had gone virtually unreviewed; his winning book was in fact the first to receive much attention.

PWP to Hear Psychologist

The Grosse Pointe Chapter of Parents Without Partners, (PWP), will hold its next general meeting Friday, May 28, at the War Memorial, 32 Lakeshore Road.

Following the coffee and social hour at 7:30 p.m., Dr. Douglas McClellan, associate of the Grosse Pointe Psychological Center, will answer questions from the floor on the problems of the single parent.

Dr. McClellan also is associated with Dr. Aaron Rutledge, Ph.D., author of the column "Men and Women" which appears on alternate days in the "Detroit News." Members and eligible guests are invited to attend.

Brecht Picked for U.S. Team

Wayne State University has nominated its full complement of permissible entries for the 1976 College Sports Information Directors of America, (COSIDA), College Division Academic All-American Team, according to head coach Chris Petrouleas.

VACATION PLANS
Naturally every penny counts, but the voice of the dollar is emphatic just at present.

The Tartars have nominated senior catcher Greg Brecht. An Austin graduate, Brecht is the lone repeater and was awarded an Honorable Mention last year. Brecht is climbing Tartar lists in a dozen categories and holds marks for homers, (15), doubles, (23), RBIs, (82), total bases, (191), and sacrifice flies, (9), while rapping in at bats, hits, runs, games played, extra base hits and batting average. He has a .306 career norm.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Seventy-five years ago, four Detroit school girls decided to start a club which they thought would cement their already deep friendship and allow them, as a group, to do something for others.

Eloise Jenks Webber, Hilda Meigs Davock, Marian Stinchfield Hopkins and Margaret Sanger Snow named their club Tau Beta, and set about formulating its purpose and goals.

The Tau Beta Diamond Jubilee dinner scheduled for Wednesday, June 16, at the Grosse Pointe War Memorial is a tribute to their 1901 good planning and aspirations.

Today, Tau Beta's more than 900 members are as active and interested in the Detroit community as were the Founding Four. Tau Beta's tradition of service remains unbroken since its first commitment in 1902 to the operation of a Soup Kitchen supervised by the Visiting Nurse Association.

The club's contributions to Detroit have been continual, changing as the times changed but main- (Continued on Page 18)

LINC to Sponsor City Fair in June

Rummage Sale, Auction of Celebrity Lunches and Special Events Scheduled for Next Thursday and Friday on Kern Block

Operation LINC will sponsor its third annual City Fair on the Kern Block in downtown Detroit next Thursday and Friday, June 3 and 4, from 9:30 to 4:30 o'clock both days, with an old-fashioned rummage sale of clothes, costume jewelry, household items, books and plants—all at down-to-earth prices—once again serving as the pivotal event.

There'll be prizes and additional attractions, including an auction of celebrity box lunches donated by such local luminaries as Henry Ford, II, G. Mennen Williams, Hal Youngblood and Dick Purtan.

There'll be entertainment by high school bands and performances by international dancers. There'll be typical "outdoor" refreshments: hot dogs, ice cream, fruit and beverages.

Operation LINC, (Linking Individuals to Needs in the Community), is a project sponsored by the Junior League of Detroit to give assistance to non-profit community organizations in the form of donated goods and equipment.

LINC helps agencies and grass roots organizations, primarily in the inner city, to secure such items as office furniture, toys and recreational items, household furniture and appliances. Over 100 organizations have received LINC assistance in the past year.

Anyone who would like to volunteer his/her services, or goods that would be use-

ful to a group, may call Catherine Bicknell, 331-6700, LINC coordinator, for further information.

Donations may be dropped off at 15222 East Jefferson avenue. All donated items are tax deductible.

The purpose of the City Fair is two-fold: to provide a festive time for all Detroiters on the Kern Block, and to help raise a portion of LINC's operating expenses.

Working on the Fair are Junior League volunteers, members of Operation LINC and community volunteers, including Mrs. David Fuger, chairman; Mrs. John Youngblood, secretary; Mrs. Charles Kinnaird, administrator; and Mrs. William Monro, treasurer.

Mrs. B. Thomas Willson is in charge of publicity, Mrs. Herbert Gabehart of volunteers.

Acquisitions chairmen are Mrs. Arthur Judson and Mrs. Robert Michalk. Mrs. Wallace G. Harper heads the marketing committee. Mrs. Michael Disser and Mrs. Roy Leinweber are coordinating special events.

Mrs. Allen Merrell arranged the kick-off party.

Miss O'Leary Wed To Mr. Lindemann

Chicago Will Be Their Home after Vacation in England and Ireland; Mrs. Frederic Kotcher Is Honor Matron for Her Sister

At a noon ceremony Saturday, May 22, in Saint Paul's-on-the-Lakeshore, Linda Suzanne O'Leary spoke her marriage vows to Ned Walter Lindemann. Monsignor Francis X. Canfield presided at the rites, which were followed by a reception at the Country Club of Detroit.

The bride is the daughter of Mr. and Mrs. Edwin Daniel O'Leary, of Oxford road, the bridegroom the son of Mr. and Mrs. Walter

Lindemann, of Janesville, Wis.

The newlyweds are vacationing in London, England, and in Ireland. They will return to make their home in Chicago.

A gown of ivory point d'esprit and re-embroidered Alencon lace was the former Miss O'Leary's choice for her midday marriage. Her A-line skirt featured three scalloped tiers of lace, dipping in back into a short, sweep train.

A picture hat of matching lace and scattered ivory flowers completed her ensemble. She carried phalaenopsis orchids.

Mrs. Frederic S. Kotcher, honor matron for her sister, and bridesmaids Nancy Sheehan, of Chicago, and Mrs. Lee George were in Grecian style frocks of white chiffon with slim, tiered skirts.

They wore matching picture hats and carried bouquets of mixed blue and yellow flowers.

Best man was Richard McMillan, of Chicago, where the bridegroom has been making his home.

Ushering were Robert Murkin and Charles Walther, both of Chicago, and the bride's brothers, Daniel and Jack O'Leary.

Susan Wormer Wed in West

Susan Shurly Wormer, daughter of former Pointers Mr. and Mrs. Clarkson Wormer, who now reside in Fort Lauderdale, Fla., was married Monday, May 17, in Las Vegas, Nev., to John William Heseltin, son of Mr. and Mrs. Francis Peterson, of Braintree, Mass.

Trowel, Error Club to Meet

Mrs. Jon Cook, assisted by co-hostess Mrs. Ned Kegler, will open her Prestwick road home today, Thursday, May 27, to members of the Trowel and Error Garden Club, each of whom has fashioned a flower arrangement to be judged by fellow member Mrs. Roland Postel, who has her National Council of State Garden Clubs' life certificate as a judge of flower shows.

Engaged

The engagement of JULIE FAIR O'BRIEN and Thomas Robert Morrell has been announced by her parents, Mr. and Mrs. Eugene G. O'Brien, of Washington road. An August 28 wedding is planned.

The bride-elect was graduated from Grosse Pointe South High School and received her Bachelor of Science degree from Western Michigan University, where she was a member of the Western Michigan University Dancers.

Mr. Morrell, son of the Robert L. Morrells, of Plainwell, was graduated from Plainwell High School and received his Bachelor of Science degree in Education from WMU. He was a member of the Western Michigan University Repertory Dance Company.

Mrs. Ned Lindemann

In Saint Paul's-on-the-Lakeshore Saturday, May 22, LINDA SUZANNE O'LEARY, daughter of Mr. and Mrs. Edwin Daniel O'Leary, of Oxford road, spoke her marriage vows to Mr. Lindemann, son of the Walter Lindemanns, of Janesville, Wis.

August Bride

Planning an August 6 wedding are ELLEN ELLWOOD ERIKSON and Christopher Cooper, whose engagement was announced by her parents, Mr. and Mrs. Erik E. Erikson, at a small dinner party in their North Oxford road home.

The bride-elect was graduated from The Liggett School and received her Bachelor of Arts degree in Music Education from Hillsdale College. She is currently teaching in the South Lake School District.

Her fiance, son of Dr. Robert L. Cooper, of Tequesta, Fla., formerly of Shaker Heights, O., and the late Katherine Paterson Cooper, received his Bachelor of Science degree in Biology from Kalamazoo College.

Bride-Elect

The engagement of WENDY SUE BURLINGAME, of Beaconsfield avenue, and Robert Thomas Centala has been announced by her parents, Dr. and Mrs. Donald Burlingame, of St. Clair Shores.

The bride-elect was graduated from Grosse Pointe North High School. Her fiance, son of Mr. and Mrs. Thomas Centala, of Alpena, is a 1973 Alpena High School graduate.

An August 12 wedding is planned.

Betrothed

Mr. and Mrs. Allan Wear, of Saddle lane, are announcing the engagement of their daughter ALISON JANE to Bruce Dennis Herman, son of Mr. and Mrs. Richard H. Herman, of Lima, O.

Alison, a Grosse Pointe North High School graduate, received her Bachelor of Arts degree in Economics and French this May from Hope College, where Bruce is a Computer Science major.

A May wedding is planned for next year.

Tau Beta raised money for Detroit's first tuberculosis center. It later became Herman Kiefer Hospital. Tau Beta Community House opened to the people of Hamtramck, a unique town situated in the center of Detroit and populated by 30,000 Polish immigrants, in 1928.

Later, Tau Beta was instrumental in forming the Neighborhood Service Organization, which continues as a vital metropolitan agency.

For more than 40 years, Tau Beta has maintained a camp in Columbiaville, Mich., that has served a succession of organizations, aiding both the economically and the physically handicapped. Camp Tau Beta is currently used for educational seminars and individual training for newly-diagnosed diabetics, under the direction of the Michigan Diabetic Association.

The 75th Anniversary Dinner will draw many non-resident Tau Betas back to The Pointe. Mrs. Herbert J. Woodall is coming from Palm Beach, Mrs. William P. Hodgkins, Jr., from Grand Rapids. Mrs. George A. Armstrong will be here from Chevy Chase, Md., Mrs. Karen Von Reis Gomboly from Greensboro, N.C., Mrs. Stuart B. Sutphin, Jr., and Mrs. Dorothy Bachus Lunken from Cincinnati, Mrs. John R. Lee from Winnetka, Ill.

Deborah P. Johnson is coming from Austin, Tex., Mrs. Edward Clark from Washington, D.C., Mrs. Rex Lamb, Jr., from Mount Vernon, O., Mrs. Robert G. Donnelly from Alexandria, Va., Mrs. H. Earl Conrad from Indianapolis . . . and Mrs. Victor H. Taylor will be driving down from Oxford.

Jubilee chairman Mrs. Theodore R. Buttrick, Jr., isn't giving away any details, but says, "There will be music, entertainment, nostalgia and joyous reunions."

"There'll be pride, too, for as Mrs. Buttrick adds, "We are proud of our organization, and others like it, which add a certain spirit of personal concern to cities throughout the country."

Honorary chairmen sharing this sentiment are Tau Beta founder Mrs. Richard H. Webber, Mrs. Edsel B. Ford and Mrs. Allan Shelden.

Swedish King Says 'Thanks'

Arvid Lundell, of Duval road, was honored by His Majesty Carl XVI Gustaf, King of Sweden, Wednesday, May 19, at a Detroit Athletic Club luncheon hosted by Swedish Consul Marvin R. Anderson, of South Deeplands road.

The King designated Mr. Lundell as recipient of The Royal Order of the North Star, Knight first class.

The award was presented by Karl Henrik Andersson, Consul General of Sweden in Chicago, who came to Detroit especially for the presentation, and to bring greetings on behalf of His Majesty, and thanks to committee members who were in charge of the King's Detroit visit in April.

Consul General Andersson, Mrs. Oscar A. Lundin, chairman of the Welcoming committee, and Consul Anderson presented a medal in sterling silver, commemorating the Bicentennial, to each committee member during Detroit Swedish Council's annual meeting at Oakland Hills Country Club.

On one side of the medal is a raised profile of the King, on the other side the dates 1776-1976.

The medal was also presented to Mrs. Nils R. Johanson, of Lake court. Consul General Andersson and Consul Anderson called on her personally to make the presentation.

At the annual meeting, Karl Gunnar Aronsson, of Bloomfield Hills, was elected president of the Detroit Swedish Council. William E. Hoglund will serve as treasurer. Elected as a new vice-president is Wesley R. Johnson, of Ridge road, joining re-elected vice-presidents Mrs. W. W. Wood and Mrs. Ata Berker. Mrs. Signe Karlstrom continues as secretary.

Mr. Lundell served for many years as treasurer, for two years as president of Detroit Swedish Council.

This year's annual meeting closed with a short film covering King Carl Gustaf's visit to Detroit. Out-going president E. Jan Hartmann and Mrs. Hartmann entertained members at cocktails at the club.

Once Upon a Time, at Versailles . . .

Once upon a time, at Versailles, the ladies and gentlemen danced for Marie Antoinette's pleasure. MIREILLE and WARREN WILKINSON, of Woodland place, led the French Festival Menuet Dancers in classical figures to the strains of the Mozart Menuet 17th Movement KV334 Saturday, May 22, for the pleasure of party-goers at Hutzel Hospital's dinner dance at the Detroit Athletic

Club. It was the first public appearance for the dancers, who have made their costumes, authentic 18th Century French reproductions, and will be donning them again this summer, for the troupe is scheduled to play a prominent role in Detroit's Bicentennial celebrations. Half of its 10 members, the Wilkinsons, Pierre Augier, Mrs. Karl Bertram and Mrs. George Mikhail, are Pointers.

Rose Terrace to Host a Final Supper

Guests at the Finale Farewell Supper at Rose Terrace, a benefit to augment the Grosse Pointe War Memorial's Operating and Maintenance Fund, scheduled for next Wednesday evening, June 2, have been strictly limited to 1,000.

The party starts at 7 o'clock. Party-goers are reminded NOT to drive to either the War Memorial or Rose Terrace, but to park, (coming as many to a car as possible), in the "Hill" lot, behind the NEWS, from where shuttle bus service will be provided every 15 minutes, from 7 to 9:30 o'clock.

Cocktails and the supper will be served at Rose Terrace, NOT the War Memorial. The plate supper is included in the ticket price. Drinks are up to individual guests. Service will be on the terrace weather permitting, inside or

Party to Raise Funds For Earthquake Relief

A dinner dance benefit for the Italian Earthquake Relief Fund has been scheduled for Monday, May 31, at the Club Venetian in Madison Heights.

Monies raised will be donated to a committee, headed by Father Dominic Rossi, of the P.I.M.E. Missionaries, and representatives of many metropolitan area Italian Clubs, which will distribute funds by contacting the parish priests of each town affected by the May 6 quake in Italy's Venetian district, and obtaining a list of needy parish families. Donations may be sent to the Italian Earthquake Relief Fund, c/o Father Rossi, 9800 Oakland, Detroit, Michigan 48211.

in the auction tent in case of rain. Chairs will be provided, but there will be no tables.

Guests may tour the first and second floors of the mansion, furnished with items Stalker and Boos will sell at auction later in the week, and may place bids on the items. Stalker and Boos will execute the bids if bidders are unable to attend the auction. Descriptive catalogs will also be available for purchase.

Guests are advised to wear or carry wraps and dress

warmly, as the season so far has been unreasonably cool and Rose Terrace is no longer heated. While there is still water in the mansion, the facilities are not working, but several "Johnny on the Spots" will be provided in an adjacent area.

Ticket information, (\$15 per person, \$10 tax deductible), may be obtained by contacting the War Memorial.

Rose Terrace, home of the late Anna Thomson Dodge, is scheduled for demolition this summer.

Present Exhibit of Constructivist Polish Art

Honorary chairman of the preview-reception celebrating the opening of "Constructivism in Poland, 1923-1936," at the Detroit Institute of Arts, scheduled for Friday evening, June 4, is Mrs. Vincent Chrypski, of Trombley road, president of the Friends of Polish Art.

Guests will include the Friends of Polish Art and the museum's Friends of Modern Art.

The exhibition of contributions by the "Polish avant garde to modern art history was organized by the Museum of Modern Art, New York, (where it opened in January to enthusiastic reviews), and Buffalo's Albright-Knox Gallery. It is presented in Detroit through a

grant from the National Endowment for the Arts.

Its 100 examples of sculpture, painting, photography and graphic design, survivors of World War II destruction, all loaned by the Museum Sztuki in Lodz, Poland, will be open to the public, free of charge, Wednesday, June 2, through Sunday, July 11, in North Wing galleries 256-257 during regular museum hours: Wednesday, Thursday, Saturday and Sunday from 9:30 to 5:30 o'clock, and Fridays from 1 to 9 in the evening.

"These rare works provide a missing chapter in the continuity of contemporary art," says Dr. John Hallmark Neff, the DIA's curator of Modern Art.

"In the 1920's and 30's, Poland was the home of some of the most active and advanced artists in Europe. Sharing certain ideas with other vanguard artists in Russia, Germany, Holland and France, Polish Constructivists evolved a distinctive approach to the issue of how best to unify artistic and social ends within an organic whole appropriate to the realities of 20th century industrial society."

Their solution was an ideology of geometric order visible in the exhibition's "constructions" and paintings, and meant to be applied ultimately to functional ends: architecture, typography, posters and theater design.

Dominating the show are works by Katarzyna Kobro, (1898-1951), and her husband, Wladyslaw Strzeminski, (1893-1952). Kobro is represented by more than a dozen compositions and constructions of metal, wood, plastic and glass. Strzeminski by 15 oil paintings, archi-

tectural and unistic compositions.

Both were leaders of the Constructive Movement: theorists, writers, teachers and organizers of exhibitions and schools.

Other artists represented include Karol Hiller, (1891-1939), who called his photographs without a camera "heliographic compositions," and Henryk Stazewski, now in his 80's, who continues to paint in his native Warsaw.

In addition to the paintings, sculpture and photographs, examples of books and periodicals written and designed by the Polish constructivists show extraordinary inventiveness in typography and design.

Wedding in April For Janet Hooper

Joe Douglas Pietrangolos Vacation in Florida after April 30 Rites; to Make Home in Country Club Drive

An ivory silk organza gown, Empire-waisted and styled with long sleeves and a scoop neckline accented with beaded re-embroidered lace motifs, was Janet Louise Hooper's choice for her Friday, April 30, marriage to Joel Douglas Pietrangelo.

A ruffled flounce of lace and silk outlined her train, and a Juliet cap of matching beaded lace held her English silk illusion mantilla edged with lace appliques.

She carried an arrangement of phalaenopsis orchids

and, in keeping with family tradition, clasped the delicate gold and diamond lavaliere worn by her great-grandmother, grandmother and mother on their wedding days around her neck.

The former Miss Hooper is the daughter of Mr. and Mrs. L. George Hooper, of Ste-

Mrs. Garrett Cochran Comes from Reston, Va., to Serve As Her Sister's Honor Attendant; County Club Reception Follows Rites

Planning to make their home in Harcourt road are Mr. and Mrs. Richard Duane Ray, vacationing in northern Michigan following their wedding Saturday, May 15, in Grosse Pointe Memorial Church.

Mrs. Ray is the former Clarinda Dorrington Old, daughter of Mr. and Mrs. Forrest Robert Old, of Yorkshire road.

Mr. Ray is the son of Mrs. Richard William Ray, of Vernier road, and the late Mr. Ray.

The 2:30 o'clock rites with The Reverend John L. McCreight presiding were followed by a reception at the Country Club of Detroit. Ivory satin and scattered, beaded "love blossoms" trimmed the skirt, train, shoulders and high neck of the bride's white organza gown. Her illusion veil was full length, and she carried Eucharis lilies, stephanotis and camellia foliage. Carrying rubrum lilies and (Continued on Page 21)

Kiely presiding, were followed by a reception at the Gourmet House, after which the newlyweds left to vacation in Fort Meyers, Fla.

They will make their home in Country Club drive, Harper Woods. In frocks of pale yellow organza, Empire-waisted and long-skirted, their long sleeves trimmed in ivory lace, were honor maid Betz Johnson and bridesmaids Judith Hooper, sister of the bride, Mrs. Leonard G. Hooper, Jr., Frances Vaughn, of Lansing, and Nancy Kibet, cousin of the bridegroom.

Cattleya orchids and baby's-breath formed their bouquets. Five-year-old Tricia Hooper, in a floor length dress of yellow dotted swiss, carrying a basket filled with yellow roses, daisies and baby's-breath, was her aunt's flower girl. Best man was Robert Durant, Anthony Pietrangelo, the bridegroom's brother, Anthony Mocerri and the bride's

brothers, Leonard G. Hooper, Jr., and James F. Hooper, ushered. Seven-year-old Sean Owens, son of Mr. and Mrs. Tom Owens, was ring bearer. Mrs. Hooper's pale yellow, floor length gown featured a matching beaded jacket. Orchids formed her corsage. The bridegroom's mother accented her long-sleeved, floor length gown of blue chiffon with a corsage of cymbidium orchids.

Gemini June Awaits DRC

June is ruled by the Gemini twins, so it's fitting that Detroit Review Club should plan TWO gala events for the month in which it begins its 85th season. The first, DRC's annual June luncheon, is scheduled for Tuesday, June 8. Members and their guests will travel to the Village Woman's Club in Bloomfield Hills for a day planned by Mrs. Phillip Flanders, (nee Reinie

Hetzelt), chairman, assisted by Mrs. Joseph Gauthier and the Club's Art committee. The party begins with cocktails at 11:30 o'clock. Lawrence DuMouchelle is post-luncheon speaker. Acting as official hostess will be Miss Vera Brown, DRC's re-elected president. New officers, directors and committee chairmen will be introduced. Reservation deadline is Saturday, May 29.

Mid-Century Member Competes in Indiana

Mid-Century Toastmistress Club treasurer Lillian Stark will be in Indiana Saturday, June 12 participating in the Great Lakes Region International Toastmistress Clubs' speech contest scheduled for 7 o'clock at the Indianapolis Hilton Inn. Mrs. Stark won Mid-Century's speech contest, then went on to win the Council Four contest, making her eligible for regional competition. The regional winner, representing the Great Lakes Region's nine councils, will

compete at the highest level at International Toastmistress Clubs convention in Los Angeles in July. Lillian is a legal secretary who also serves as a volunteer missionary Spanish translator for Grosse Pointe Memorial Church. Her volunteer work has taken her as far as Guatemala. She is past-president of the Grosse Pointe Spanish Club and belongs to an advanced Spanish Club whose members play scrabble in Spanish.

For Sale: A Gracious Tradition

In the tradition of old Grosse Pointe, we proudly offer *The Manor House*, a truly classic mansion built by Senator James Couzens in 1924. Located on nearly five acres of rolling wooded terrain north of Long Lake Road and west of Franklin Road, this gracious jewel, with a magnificent view and its own frontage on beautiful Wabeek Lake, dominates a distinguished community that bears its name, Wabeek of Bloomfield Hills. It has 6 luxurious bedrooms on the second floor and a large master suite on the third floor, 10 baths, 4 lavatories, a powder room, living room, library, dining room, kitchen, pantry and finished basement. Six marble fireplaces, a beautifully hand-carved staircase leading from the foyer to the second floor, and decorative vaulted ceilings reflect the European hand craftsmanship that went into its building and add to its charm and elegance. Servants' quarters consist of 6 bedrooms, with additional chauffeur's quarters above a 4-car attached garage with electric door openers. Additional touches are a solarium and a broad patio overlooking the lake and its lawn approach. There are over 11,000 square feet of living area on the 1st and 2nd floors alone. Shown by appointment only. Offered at \$550,000.

DIA Volunteer Group to Meet

The 484-member Volunteer committee of the Founders Society Detroit Institute of Arts will hold its 14th annual meeting and luncheon at the museum next Thursday, June 3.

Mrs. Henry Krystal will complete her term as Volunteer committee chairman when she presides at the 9:30 o'clock business session. Men and women who contribute more than 40,000 hours of service annually to the DIA will receive awards, hear brief annual reports and elect their officers for the coming year.

Mrs. Charles E. Johnston is chairman of the annual meeting committee. Her corps of assistants includes Pointer Mrs. Hillary Micou. Guest speaker Robert Bishop, museum editor and consulting curator of furniture at Greenfield Village/Henry Ford Museum, will talk on American folk art.

Mr. Bishop's publication credits include numerous magazine articles and museum catalogs. "A Gallery of Amish Quilts—Design Diversity from a Plain People," his latest book, is scheduled for fall publication.

All members of the Founders Society are invited to share the rewarding experience of volunteering in Art to the Schools, Decorations, Docents, Gallery Aides, Information Centers, Museum Shops, Staff Aides and other service capacities.

Children with Learning Defects Are Topic

The East Side Branch of the Detroit Chapter of the Michigan Association for Children with Learning Disabilities has scheduled a meeting for Wednesday, June 2, at 7:30 in the evening at Peace Lutheran Church, East Warren avenue at Balfour road.

Guest speaker is Ernestine Rosemond, Ph.D. The program is free and open to the public.

Florence's True Lamp

MRS. RICHARD P. JOY, III, a volunteer at Cottage Hospital, holds a replica of the lamp carried by Florence Nightingale during the Crimean War. It will be on exhibit at Cottage until the middle of July. The public is invited to view it in the Hospital lobby.

It is the only copy of the original lamp in this country.

Mrs. Joy's mother, Audrey Bishop, one of the administrators of the Malcolm Sargent Cancer Fund for Children in London, England, made arrangements for the lamp to be loaned to Cottage by the Fund. It is called a Turkish candle lantern, and is unlike the Grecian-style lamps shown in paintings of Florence Nightingale, "for artists incorrectly depicted her lamp for nearly a hundred years," says Mrs. Bishop.

The original Nightingale lamp was brought to England from Turkey by the late Admiral Sir Howard Kelly. It is in safekeeping at St. Thomas' Hospital in London.

'Best in Show' For Rosemary

Rosemary Sylvie, midnight switchboard operator and admitting clerk at Cottage Hospital, took the "Best in Show" trophy for her crocheted bedspread in the Hospital's annual employe arts and crafts exhibit.

Judging entries in 11 different categories, plus a miscellaneous grouping, was a three-man panel consisting of Margaret Pankhurst, Pointer artist and teacher, Dale Northrup, instructor in Fine Arts at St. Clair Community College, and Arnold R. Jones, administrator of Michigan Blue Cross-Blue Shield's audio-visual department.

Ceramics and Sculpture winners were Kathy Stanislawski, (soap sculpture), first place; Pat Kenning, second place; and Elizabeth Kincaid, third place; with an honorable mention going to James Stauder for ceramics.

First place in Jewelry went to Dolores Luffy, second place to Mildren Welch and third place to Mary Brake.

First place in Needlepoint went to Melissa Haring, second place to Madonna Lauth and third place to Brenda Fisher, with Margaret Smith receiving honorable mention. Hooked rugs, (one ribbon

Sell Rummage For Boys Clubs

Plans for a rummage sale to be held next Thursday, June 3, from 10 until 2 o'clock at the Holden Building, 20100 Schoenherr highway, were announced by Mrs. John H. Posselius, of Irvine lane, at the Women's Association for the Boys Clubs of Metropolitan Detroit's annual meeting.

Among the wagonloads of clothing and household items one particularly appropriate June bargain: a brand-new wedding dress!

The Boys Club Women held their first annual meeting Wednesday, May 19, at the Detroit Boat Club. The slate of officers for the coming year was presented, with Mrs. Robert Eife, of Bloomfield Hills, succeeding Mrs. Jack A. Tompkins, of Tonawanda, as president.

Mrs. Tompkins was gifted with a gold medallion, thank-you for her efforts in organizing the Women's Association and serving as its first president.

Vice-presidents for 1976-77 include a pair of Pointers, Mrs. Victor W. Werts and Mrs. Robert N. Lynch, and Mrs. Gene A. White, of Bloomfield. Pointer Mrs. Harry D. Anderson will serve as corresponding secretary.

Recording secretary is Mrs. Joseph Juett, treasurer Mrs. Kenneth G. Edwards.

Mrs. Lynch outlined plans for Boys Club Day on the Kern Block this summer. "Christmas in July" is set for Wednesday, July 21, and will feature lunch, a bake sale, games, arts and crafts, music and appearances by local celebrities.

Ghost Plant Takes Neglect

Some people kill their houseplants with kindness. They give the poor things too much water, too much fertilizer or too much sun — and ZAP! the plants are dead.

Other people tend to neglect their plants, forgetting to water them for days at a time.

People in this second group would be wise to grow things like the ghost plant, (*Graptopetalum paraguayense*), also called mother-of-pearl plant, a hardy, long-lived succulent with trailing, rat-tail-like stems and rosettes of brittle, pointed, silver-gray leaves.

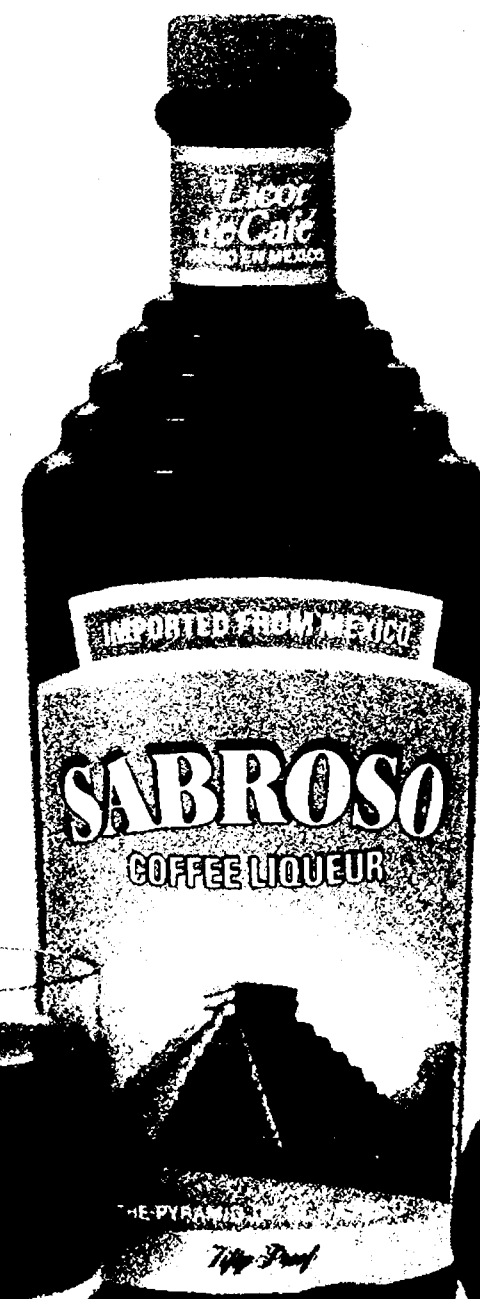

This native of Mexico should be grown in full sun and allowed to dry out between waterings.

Plant the ghost plant in a general houseplant mix or a potting mixture for succulents. Make sure the pot has good drainage.

Introducing Sabroso.

"Savory, delicious, palatable, tasty, pleasant, delightful..."

—Appleton's New Spanish-English Dictionary.

Who are we to quarrel with noted authorities?

After all, we make Sabroso Imported Coffee Liqueur to be the richest, smoothest coffee liqueur you can buy.

Some say it's the world's richest coffee liqueur. They can go on saying it.

We gather the finest coffee beans in all of Mexico to make Sabroso. They provide the flavor, the body, the coffee-ness that extracts just do not have.

Try it straight. On the rocks. Or in a mixed drink. After dinner — or after anything. You'll see why we insist on making Sabroso from scratch.

Yet at \$6.10, this rich liqueur is many pesos less than the leading brand.

Our liqueur is so rich, we had to call it "Sabroso" — Spanish for "savory, delicious, palatable," etc. That's why of all the coffee liqueurs, we get rave reviews in every Spanish-English dictionary.

© 1976 Mexican Coffee Liqueur. 50 Proof Imported by United International Brands, N.Y., N.Y.

We call our coffee liqueur Sabroso. In Mexico they call it delicious.

Let's Talk Real Estate

by John E. Brink

Back in 1940 I remember my Dad bought a Ford convertible for \$700.00. Ten years later people were in shock over the same model car costing \$1800.00! Today a comparable car sells for around \$6500.00! Inflation . . .

Other things are going up with inflation, some call it appreciating and that's real estate. In 1947 a 3BR house in G.P. sold for \$15,000.00 Today the same house is selling for \$50,000.00. The interesting thing about this is to consider how you can take advantage of inflation for your personal gain.

Consider this. If you purchase a \$100,000.00 home now and hold onto it until the year 2000 you should have a home worth \$350,000.00. In as much as there probably is no other commodity that can give you such positive and solid appreciation — it would seem that your personal home can also be one of your most important hedges against inflation. There are a lot of stock brokers and insurance men who will find fault with this heavy analysis and we won't debate the issue. One thing we do know — and history will prove us out, that Real Estate — for the past thirty years has been unbeatable.

The people at Grosse Pointe Real Estate Co., 882-0087 are experts on real-estate wants and needs and they invite you to call for an interview. They also are the only company in Grosse Pointe that can offer you a one year warranty on your next home. Put it simply — you can purchase with confidence that most of the working parts of your next house will work and continue to work — at least for the next year.

DSO Will Play Final Series Concerts

Alexander Gibson, music director of the Scottish National Orchestra, returns to the Detroit Symphony Orchestra podium as guest conductor for the first time since 1969 to conduct a pair of concerts Friday morning and Saturday evening, May 28 and 29, in Ford Auditorium.

Guest soloist will be pianist Leonard Pennario, in his first Ford Auditorium appearance since 1970.

The programs mark the end of the DSO's regular subscription season, and conclude the series of make-up concerts scheduled to replace those postponed last October and November.

Friday morning's concert, make-up for the "Coffee II" concert of November 21, is an NBD Coffee Concert presented in cooperation with National Bank of Detroit. It begins at 10:45, with doors opening at 9:30 for complimentary pre-concert coffee.

Saturday evening's concert, make-up for the "Elite" and "Impresario" series of October 18, will begin at 8:30 o'clock.

The program for both concerts consists of three works: the Prelude to Wagner's comic opera "Die Meistersinger von Nuernberg," Liszt's Piano Concerto No. 2 and the Symphony No. 9 of Franz Schubert, (the "Great C-major symphony").

Alexander Gibson made his United States debut with the DSO in Ford Auditorium in November, 1969, conducting four weeks of subscription concerts.

He is music director of the Scottish National Orchestra, (whose Chorus he is currently conducting on an American Bicentennial tour), and founder of the Scottish Opera.

Born in Motherwell, Scotland, he studied at the Royal College of Music, London, and began his career as assistant conductor of the BBC Scottish Orchestra.

He was music director of Sadler's Wells Opera from 1957 to 59; then, at 33, named music director of the SNO.

Leonard Pennario first performed with the DSO in 1958. He has returned on four subsequent occasions, most recently in 1973 at Meadow Brook.

Born in Buffalo, he made his professional debut at 12 with the Dallas Symphony—after learning the Grieg Concerto in six days.

He has played recitals all over the world and made scores of highly-praised recordings.

Group discounts for Friday morning's NBD Coffee Concert are available at 100 NBD branches. SEMTA buses provide round-trip transportation from many suburban locations.

NBD officials also have arranged for five downtown restaurants to accept special post-concert luncheon reservations from Coffee Concertgoers; the restaurants are Top of the Flame, Bourbon Street Bistro, Chin-Tiki, Eastman's Gaslight Room and Russell's Steak House.

Tickets for both concerts are available at Ford Auditorium Box Office, 961-0700, all Hudson's and Montgomery Ward ticket outlets.

Tickets dated November 21 will be accepted for the same seat locations at the May 28 concert.

Tickets dated October 18 will be accepted for the same seat locations at the May 29 concert.

A limited number of tickets for students and senior citizens at \$1.75 is available at the Box Office from 7:30 o'clock on Saturday night.

Name Pointers To DSO Board

Among five new members named to the board of the Detroit Symphony Orchestra, Inc., at its recent annual meeting in Ford Auditorium are a pair of Pointers: Thomas H. Jeffs, II, and Donald S. Young.

Harper Woods Lodge Ladies Sell Rummage

The Ladies Auxiliary of Harper Woods Lodge Number 585 F&AM will hold a rummage sale Saturday and Sunday, June 12 and 13, from 10 in the morning to 3 in the afternoon at 21553 Sunset in Warren.

Happy Anniversary!

Several key officials gathered recently for a small celebration as Wayne State University marked its 20th anniversary as a state institution. ARTHUR NEEF, (left), of Lincoln road, dean emeritus of the WSU Law School, (he was given additional duties as provost in 1953 and played an integral role in WSU's transition from Detroit Board of Education auspices to state university status), and Michigan Supreme Court Justice G. MENNEN WILLIAMS, (center), of Tonawanda place, who signed Public Act 183 on April 22, 1956, while serving as Michigan's governor, bringing Wayne University into the state system and renaming it Wayne State, are joined by WSU President GEORGE E. GULLEN, JR., in slicing the anniversary cake. In the past 20 years, WSU has grown from 21,693 to more than 38,000 students — second largest enrollment on a single campus in Michigan—and has graduated nearly 95,000.

Pointers Work for Girl Scouts

The election of Mrs. Charles R. Kinnaird, of Moran road, to the office of secretary of the Girl Scouts of Metropolitan Detroit highlighted the business portion of GSMD's recent annual meeting at the St. Regis Hotel.

Susan Kinnaird is a current GSMD board member and troop leader, a former GSMD nominating committee chairman. Her active volunteer service includes the presidencies of Women for the United Foundation and the Grosse Pointe League of Women Voters.

She's been welcomed to the boards of League-Goodwill, Operation LINC and the Junior League of Detroit. She is a Christ Church, Grosse Pointe, teacher and coordinator, and a WJR "Call for Action" member-volunteer.

She has worked for the Northeast Guidance Center and the Women's Auxiliary to Cottage Hospital.

Her term as GSMD secretary is for one year.

Directors, including a pair of Pointers, Mrs. Robert L. Bowen and Mrs. Joseph M. Graham, and Council nominating committee members were also elected at the 1976 annual meeting.

Virginia Bowen, named to the board for a two-year term, is an active member of the Grosse Pointe Theater and the League of Catholic Women, secretary of the Scarab Club and former member of Barat House and the Opera Board of Detroit.

turned for a three-year term, has handled many Scout volunteer assignments. Principal of Detroit's St. John Berchman School, she is a member of the Archdiocesan Committee for Girl Scouting, Operation LINC and the University of Detroit Alumni Association.

Another highlight of the meeting was the presentation of Thanks Badges—Girl Scouting's highest honor for adult members—to eight outstanding volunteers, including Pointers Mrs. Charles Ebner and Mrs. Robert Martin.

Guest speaker Dr. Gloria D. Scott, national president of the Girl Scouts of the U.S.A., discussed the progress of the Girl Scout organization through the years, with particular emphasis on its future development, in "Girl Scouting — A Movement Extending its Heritage."

This was Dr. Scott's first visit to Detroit since her election to a three-year term as national Girl Scout president in October, 1975. She received the Key to the City from Deputy Mayor William Beckham, and was interviewed on several local radio and television programs.

More than 400 Scouts, parents, leaders and other GSMD Council volunteers attended the meeting.

Member of the Ferris State College Concert Choir, which recently performed in four Michigan high schools, is MARIE GRIMAUDDO, of Fairway drive.

Set Friendship Service June 6

The annual Canadian-American Friendship Service will be held Sunday afternoon, June 6, at 4 o'clock at the Cathedral Church of St. Paul, Detroit, with Dean Leslie G. Warren officiating and Major General Bruce J. Legge, The Major General Reserves, Canadian Militia, as principal speaker.

Lessons will be read by His Honour Lieutenant Colonel Bruce J. S. Macdonald, Judge of the Essex County Court, and by The Right Reverend Harold F. Appleyard, Bishop Ordinary to the Canadian Forces.

Singing at the Service will be led by the Choristers of Saint Columba and Saint Mark's Episcopal Churches, Detroit, and Saint Michael's in Sunningdale Park, with Lois Crisan, organist at Saint Michael's, as guest organist.

The three Units of the Windsor Militia District, the Windsor Regiment, the Essex and Kent Scottish and Windsor Service Battalion, and the Naval Reserves of HMCS Hunter, led by Lieutenant Colonel Garnet Ryan, of the Windsor Militia District Headquarters, will parade on Woodward avenue and participate in the Service.

They will pass the reviewing stand in front of Hannan House, (between Hancock and Forest), where the salute will be taken by Major General Chester M. McKeen, Jr., Commanding General of the United States Army Tank Automotive Command, at 3:10 in the afternoon.

The Windsor District Military Band and the Essex and Kent Scottish "Pipes and Drums" will parade and play at the Service.

The British Consul General and the Consul of Canada at Detroit will read short messages from their respective Ambassadors to the United States.

Further information may be obtained by contacting St. Paul's Cathedral Special Services Committee members Berrien Eaton, 882-3511, or Robert B. Vokac, 271-2300.

'Pops' Theme Is Americana

Detroit Symphony Orchestra Principal Pops Conductor Richard Hayman, the Austin-Moro Band, a world premier performance and lots of popular American music will be featured at a special Memorial Day Weekender Pops concert by the DSO May 30, at 3:30 in the afternoon in Ford Auditorium.

"A Bicentennial Salute to America" is the last in a series of make-up concerts scheduled to replace those postponed last fall; Sunday's concert is the make-up for the Weekender Pops of November 23.

The Austin-Moro Band will make its debut appearance with the DSO, performing in the world premier of Jeffrey Steinberg's "A New Sound of Freedom" for jazz band and orchestra.

Mr. Steinberg, a native Detroit, will conduct his

own work. "A New Sound of Freedom" was commissioned by a grant from the National Endowment for the Arts on the recommendation of DSO executive director Marshall W. Turkin.

Other works on the program include Morton Gould's "American Salute," some favorite songs of George M. Cohan, an "American Suite" of well-known tunes arranged by Hayman and the Detroit premier of a work called "Patrick Henry" by Rene G. Varley, narrated by Detroit actor Thomas M. Suda.

Scattered seating is available for the concert from the Ford Auditorium Box Office, 961-0700.

DSO tickets dated November 23 will be accepted for the same seat locations at this May 30 concert.

OPEN SUNDAY UNTIL 6
HOLDING POLE POSITION and our pick to receive the checkered flag for selling in record time . . . is this excellent starter house at 597 Fisher Road. John Pierce will be happy to show you the insides and outsides of a three bedroom English. If you have been waiting for a house to come on the market in the City with a den and first floor lavatory, yet must stay in the price range below 45,000, then this should be considered.
NOW YOU SEE IT, NOW IT'S GONE. Don't exhaust yourself chasing the leaders who always seem to come away with the winners. At 551 Oxford Road we are sponsoring a two-story French home with a first floor which includes a living room, formal dining room, den and family room. The kitchen has every built-in imaginable and there are two first floor lavatories. Don't just sit there spinning your wheels, come see Norm Cassube on Sunday.
JUST OFF MACK AVENUE near Georgian East you should pit stop at SHOREPOINTE where you'll have a choice from twelve townhouse condominiums! All have either attached garages or carports. These are centrally air conditioned and come available with a multitude of options. See our six model apartments, then pick one to decorate yourself.
FIFTY-FOUR ALREADY SOLD. The one remaining is a three bedroom townhouse with spanking new kitchen and decorated with colors and carpeting of your choice. In the Grosse Pointe School District and centrally air conditioned with a first floor lavatory and ready for immediate occupancy. See our model apartment at 19986 Vernier, one block east of Eastland shopping.

AVAILABLE BY APPOINTMENT
BEEN SEARCHING for a four bedroom colonial with a large family room with fireplace and an attached garage? We can offer you a selection of three such houses from which to choose. All three are presently under construction and will be ready for summer occupancy. Two houses are on a deadend street which leads to the lake. The other is on Oxford Road in the Woods.
WE ARE OFFERING YOU the ultimate in fine living: An elegant Country Manor House on beautiful Provençal Road which has been recently restored, updated and tastefully decorated. This home has a paneled foyer, living room and library. Four family bedrooms each with a marble bath; and as an extra bonus there is a two bedroom apartment over the two car garage.
IN THE WOODBRIDGE Condominium complex we have a two bedroom townhouse which has just been completely decorated with carpeting and new kitchen appliances. Our owner is moving out of State so has allowed us to place the realistic price of \$39,900 on this like-new apartment.

13—REAL ESTATE FOR SALE

Grosse Pointe Real Estate CO.

7,397 ACRES — 149 PARCELS
AVAILABLE IMMEDIATELY

Owner desires to sell entire real estate holdings which are spread over Michigan in parcels averaging 40 acres each. All of the acreage is listed under the commercial forest reserve act. This means that taxes are only 15 cents per acre!

Owner will consider land contract. He is also willing to accept a price considerably lower than the actual value. This makes this property an excellent investment which could be immediately put on the open market through a program we already have prepared.

The Walton-Pierce buyers are back from New York with orders placed for beautiful fall fashions. They also sent by air charming long dresses for parties right now. One favorite is a delicate multi-striped chiffon with a pointed capelet effect. The market has a classic look. Still strong is Ultra Suede in green, plum, rust, honey and brown for dresses, coats, jackets, jumpers, pants and skirts. Camel and gray are important... alone or in combination. Waistlines are natural for the most part and hems are below the knee. In the collections you'll find a few slender tunics over pants, smart three piece suits and lovely light wool prints. There are a few surprises like the balalaika look. It features a dramatic print dress with billowing sleeves, a dancing skirt and a sleeveless Ultra Suede bolero. But really, there is very little "costume" dressing. The sports separates are great for fall and will give you a chance to hand-pick pieces to coordinate and update your wardrobe. We visited the jewelry and accessories market and it was interesting to see all the "go with" pieces in gray, brown, plum and green. Watch for the fashion news coming from Walton-Pierce including an early Posh Showing of fall styles... coming in July.

It Looks Like... The Jefferson Apartments, 17111 East Jefferson, will be one and only truly luxury new condominium in the Grosse Pointe area with security systems, a twenty four hour doorman and a resident manager. Spacious floor plans and interiors of Condominium Homes at the Jefferson Apartments feature 9-foot ceilings, individual gas heating and cooling, top of the line G.E. kitchen, with icemaker and washer-dryer. A wet bar is conveniently located for entertainment. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplace. There are three separate elevators and approximately 1,000 square feet of private storage. Exterior maintenance, gardening and snow removal are arranged for a monthly fee. Sales and management by Michigan Condominium Corporation.

MR. AND MRS. JOHN B. VANDERZEE II, OF LEWISTON ROAD

"Something for everyone"—from puppets and rides for the kids to an international cafe, flea market, and chic boutiques for their parents: that's what Grosse Pointers John and Jane Vanderzee are creating this year for the 28th annual University Liggett Fair.

John, an automotive advertising executive, and Jane, an almost lifetime Grosse Pointer, who was graduated from Grosse Pointe Country Day School, are chairmen of this year's annual scholarship fund raser to be held Friday and Saturday, June 4 and 5, on the School's athletic complex across from the University Liggett main campus in Cook road.

"Exciting, colorful, international in flavor, but most of all, fun for everybody—that's what this year's Fair is all about," affirms pert and vivacious Mrs. Vanderzee, herself an art collector, shell artisan and former Art student who lived in Paris after graduating from Vassar.

The Vanderzee daughters, Lisa, a University Liggett School sophomore and member of the school's tennis team, and Trina, 14, an eighth grader at the school, share their parents' determination to add an international touch to the Fair... a la boutiques, exotic foods and special entertainment for all age groups.

Both girls are class representatives for the Fair's scholarship ticket sales, this year offering everything from \$3,000 toward a new car to His and Hers Citizen Band radios, a party at the Strohaus, skis, a tennis racket, color photographs and gourmet foods.

Besides the girls' deep involvement with the Fair's ticket sales, both are active in University Liggett School activities. Lisa, with nine tennis trophies to her credit, also plays field hockey and is the sophomore representative to the Upper School Student Council.

Trina played "Martha" in a recent University Liggett School production of "Arsenic and Old Lace." She is vice-president of the Middle School Student Council, and besides that sings and plays the guitar.

"Planning this year's Fair started the day last year's ended," said Mrs. Vanderzee in a recent interview. "We wanted to keep it a Fair rather than a Carnival, but expand the format and offer more variety."

For more than 20 years, the annual event featured rides, a midway and a general Carnival-type atmosphere. "It was big and fun but expensive, so a couple of years ago we decided there had to be another way. Something just as exciting, but perhaps a bit more creative, less expensive, and more likely to generate more funds for scholarships."

In November, John and Jane handpicked their committee of 90 and began work on the massive project which will culminate the first Friday and Saturday in June. In charge of the student scholarship ticket sales are University Liggett School seniors Bill Gilbride and Amy Woodhouse.

The adult co-chairman of ticket sales is Karyn French, and the alumni advisor is Betty Campau. The School's chaplain, George Andrews, is the Fair's faculty liaison. Pub-

be partially carpeted with a Bicentennial red, white and blue motif, and elaborately decorated.

Inside, Fair-goers may shop, sip coffee, eat crepes, watch a puppet show, have a caricature painted, learn a needlepoint or buy travel tickets. "The weather simply won't matter this year—because there'll be plenty to do for everyone, rain or shine."

All prizes to the Fair are donated. Nearly all of the manpower is provided by the School's extensive Alumni and Parents' Association, plus the School's student body and faculty.

Have 1,200 Volunteers In all, some 1,200 volunteers will be working from 4 to 10 o'clock June 4, and 10 to 10 June 5 "on what we hope will be the best Fair ever—not just for the kids or the school but for everybody."

The gate fee is 50c for students, \$1 for adults. "As a family, we're deeply committed to this project. It means a lot to a fine school, to Grosse Pointe and the entire Detroit area," Mrs. Vanderzee concluded.

"To all the volunteers I can only say thank you. To the rest, please come and have fun. We've got a lot to offer everyone."

From Another Pointe of View

(Continued from Page 18) the Academy of the Sacred Heart has become the Grosse Pointe Academy, and the Sacred Heart nuns, no longer semi-cloistered, (limited, unless given special permission, to the physical grounds of their convents and schools), have moved out into the world.

Those of us who knew them when know the world will never be the same.

One thing you could always say about the RSCJ's: when they moved, THEY MOVED! Sister Harmon has been moving right along. She's leaving her position as a staff member of the diocesan schools in Albany, N.Y., to become Superintendent of Schools for the Roman Catholic Archdiocese of Detroit, effective July 1.

She's the first woman to be named Superintendent of Schools in the Detroit Archdiocese.

Those of us who knew her when know that figures.

Right on, Maryellen!

Recording for the Blind Cites Scholar Achievers

Okay, we goofed... and about the ONLY thing right in last week's "From Another Pointe of View" item on Bill Dennes' trip to Washington was his name. Herewith follows the true story of what went on at the White House, and why, with our apologies to Bill!

On May 13, William J. Dennes of Fisher road, attended a ceremony at the White House in Washington, D.C. This was in honor of the 1976 Scholastic Achievement Award Winners of the Recording for the Blind program.

Mrs. Gerald R. Ford presented the awards to three outstanding college seniors, then presided at a tea to honor the students, their families and representatives of Recording for the Blind.

This was followed by a conducted tour of the White House.

The honored students were: Joanne T. Callahan, 22, from Brooklyn, N.Y., blind since birth, graduated from Radcliffe College of Harvard University with a Bachelor of Arts degree in Latin American History and Literature.

Steven R. Blow, 22, from Waverly, N.Y., blind since birth, graduated from Hamilton College, Clinton, N.Y., with a Bachelor of Arts degree in Economics.

Receiving degrees in May from Indiana University, Bloomington, were Pointers KATHLEEN LOU CROSEN, Master of Science in Education, and JOHN RICHARD KNOFF, Master of Public Affairs.

Our Lady Star of the Sea High School student MARGARET ELLEN PETERS has been chosen to participate in the Center for Foreign Study's Language program in Nice, France.

GORDON MORLAN, chairman of Grosse Pointe

North High School's Science Department, has accepted an appointment to the Science Education Referent committee of the Michigan Department of Education.

NADEEN KIEREN, of Anita avenue, has completed her term as vice-president of the Ferris State College Associated Student Government.

G. BOLT MOORE, of Colonial road, has received a Bachelor of Arts degree from Hope College, where he majored in Oceanography.
