SPECIFICATIONS

Page 24

The Freelander 2 is designed and engineered to take whatever life throws at it. With Land Rover DNA at its heart, its eminent capability has been proven without question. Whether you're chasing the surf, in town or cruising down a motorway, the Freelander 2 is a fully formed SUV in a more compact form.

A glance at the vehicle's purposeful stance and contemporary looks tell you its design cues are of the moment. Sleek lines and sophisticated styling combine to create an exciting profile and silhouette.

TCN 488

FREELANDER 2

SD4 HSE

The Freelander 2 has been tested beyond the limitations of most. It has performed in temperatures ranging from -40° to $+50^{\circ}$. It has been driven at altitudes of up to 14,000 feet. And it benefits from excellent approach and departure angles, coupled with generous ground clearance to tackle the toughest of terrains.

If the Freelander 2 was born to perform in the most challenging conditions, it was also created to do so on the most challenging terrains. All-terrain technologies featured in the Freelander 2 include Hill Descent Control that takes the strain out of negotiating those difficult slopes and the renowned Terrain Response® which automatically optimises traction and driveability by adapting to the demands of the terrain.

The Freelander 2 is equally at home on road as it is off it. Whether you're heading down a winding coastal highway or negotiating traffic in town, the drive is responsive, controlled and sure. Terrain Response® proves its worth on tarmac in just the same way it does on gravel or sand. Ensuring you arrive at your destination in the most unruffled and relaxed way.

The Freelander 2 enjoys exceptional performance no matter what powertrain is utilised, whether that's one of the two-turbocharged diesel power units available or Land Rover's renowned Si4 GTDi petrol engine.

The interior of the Freelander 2 has been created to provide a light and airy space that is both comfortable and understated, with simple flowing lines and intuitively placed controls. A range of trim options and personal touches help emphasise individual tastes.

The Freelander 2's Command Driving Position greatly improves the view of the road ahead and provides better visibility of the vehicle's corners. The driver's seat is optimised for comfort and support with six-way adjustment so it proves even more invaluable on those longer journeys. Settle into the cockpit and you'll soon see why being above other traffic has distinct advantages.

The Freelander 2 naturally accommodates five adults with ease. Everyone benefits from generous leg, head and shoulder room. They can all enjoy the view too as the rear passengers sit in Stadium Seating that is 50mm higher than those in the front. Added to which, the loadspace is as generous as it is versatile. With a metre between the rear wheel arches and rear seats which are configured in a 60:40 split that can be adjusted with ease, it's large enough to take you and everything you need.

MODE

If you want to get closer to the music, you'll love the sound system in the Freelander 2. There are three to choose from including the premium Meridian™ Surround Sound Audio System with 17 speakers and a thundering 825W of power. Naturally, MP3 connectivity comes as standard.

The Freelander 2 is also available with a rear view camera which displays images from behind the vehicle on the centre console screen, helping you to park and manoeuvre more easily.

With a raft of sophisticated safety systems, the Freelander 2 has been built to take almost anything life throws at it. Firstly, its strong monocoque body and inner body cell, both of which are protected by crumple zones, are designed to absorb energy on impact.

Then, high-strength steel has been used in the build of the body and dual-phase steel is found in key components such as the front windscreen pillars and lower side sills. Such technologies help to create a safety cell providing improved protection.

Key Features Page 46 Dimensions and Capabilities Page 50 Technical Specifications Page 51 Performance and Key Data Page 51 Accessories Page 52

Step 1

Choose your engine

You can select from a powerful range of petrol or diesel engines.

Step 2

Choose your model

Compare the standard features on each model.

Step 3

Choose your colour

There's a wide range on offer to enable you to express yourself.

Step 4

Choose your wheels

There's a range of styles, each one designed to complement the bold exterior.

Step 5

Choose your interior

Carefully selected colours complemented by facia inserts. You can personalise your own interior space.

Step 6

Choose your accessories

Additional accessories can enhance your personal requirements.

Another level of individuality. The Freelander 2 allows you to personalise your vehicle however you wish. The following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your engine and model to exterior and interior colours, wheels, facia inserts and those detailed touches that define your style.

If you'd like more information or to try our online configurator, go to landrover.com.au

STEP 1 CHOOSE YOUR ENGINE

DRIVELINE, ENGINE PERFORMANCE AND FUEL ECONOMY

The Freelander 2 enjoys exceptional performance no matter what powertrain is deployed. Whether you choose one of the two diesel variants or the petrol engine, you can be sure of a smooth delivery of power, improved fuel efficiencies and improved CO₂ emissions.

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Low fuel warning at 9 litres approximately.

STEP 2 CHOOSE YOUR MODEL – CHOICES

Each model has a choice of unique features. This guide will help you to select your ideal Freelander 2. On the following pages you'll see the standard features for each model.

FREELANDER 2 TD4

- Grille bars in Brunel with Brunel grille surround
- Side fender vents in Brunel
- Matt Black door handles
- Halogen headlamps
- Front fog lamps.

FREELANDER 2 SE

- Grille bars in Silver with Black grille surround
- Side fender vents in Silver
- Body-coloured door handles, mirror caps, headlamp powerwash jets and rear bumper valance
- Body-coloured sill covers
- Halogen headlamps with LED signature
- Front fog lamps.

FREELANDER 2 HSE

- Grille bars in Silver with Black grille surround
- Side fender vents in Silver
- Body-coloured door handles, mirror caps, headlamp powerwash jets and rear bumper valance
- Body-coloured sill covers
- Automatic Xenon headlamps with Automatic Headlamp Levelling and LED signature
- Front fog lamps
- Rain sensing windscreen wipers.

FREELANDER 2 HSE LUX

- Grille bars in Silver with Black grille surround
- Side fender vents in Silver
- Body-coloured door handles, mirror caps, headlamp powerwash jets and rear bumper valance
- Body-coloured sill covers
- Automatic Xenon headlamps with Automatic Headlamp Levelling and LED signature
- Front fog lamps
- Rain sensing windscreen wipers.

HSE and HSE LUX images above show optional 19 inch ten-spoke Diamond Turned alloy wheels with contrast paint and optional privacy glass.

KEY FEATURES

Loadspace

The versatile rear loadspace can be expanded by folding the 60:40 split rear seats to provide a flat load floor, and up to 1,670 litres of space. With one metre between the wheel arches there's always room for more awkward loads.

Climate Control

As well as the standard air-conditioning system, optional dual-zone climate control, with pollen filter, humidity sensor and air quality control system, can be specified maintaining fresh air in the cabin, keeping you and your passengers comfortable whatever the weather.

Centre Console Storage

The rear of the centre console features an additional storage box for small items, an audio socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

Steering Wheel Controls

Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system and hands-free telephone operation. Freelander 2 is Bluetooth® connectivity enabled so you'll be able to make and take telephone calls via the vehicle's audio system (subject to telephone compatibility).

Trim Materials

Elegant, high quality materials are used throughout the cabin. Choose from facings in premium Windsor Leather^, Grained Leather^ or Cloth with colour co-ordinated door casing inserts. The front seats provide excellent support and have the option of electric control and seat memory.

Convenience features

Life with the Freelander 2 is so practical thanks to thoughtful technology. Available features include: an electrochromatic rear view mirror for automatically minimising the dazzle of headlamps at night. There are rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under license.

^ Grained Leather and Premium Windsor Leather seats/interiors include some non-leather materials on certain high-impact surfaces. Please consult your local Land Rover dealer for details.

KEY FEATURES

Panoramic Sunroof

The optional panoramic sunroof – with a fixed rear section and electric tilting/sliding front section – adds to the feeling of lightness and airiness within the cabin. The glass is specially formulated to filter the sun's infrared rays, providing light without unpleasant heat. Both sections also include a convenient blind.

Terrain Response®

Land Rover's renowned Terrain Response system adds to the Freelander 2's breadth of capability. Any of the four programmes – General Driving, Grass/Gravel/Snow, Mud and Ruts or Sand – can be easily selected. In addition all vehicles with Terrain Response are also fitted with Hill Descent Control and Land Rover's Gradient Release Control systems.

Remote Control Key

The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of alarm.

Satellite Navigation

The optional satellite navigation system, with a seven inch colour Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible.

Rear View Camera

The Rear View Camera helps reversing by displaying a wide-angled rearward view from the vehicle on the centre console screen. To aid manoeuvrability, lines representing the vehicle's predicted path are superimposed on the image. Standard on SE and HSE.

In-Car Entertainment

An outstanding choice of in-car entertainment systems: Meridian™ is the ultimate audio specialist and creates sound just as the artist intended by benchmarking acoustic performance against real musical instruments. The Meridian Surround Sound System provides a perfect stereo image for each occupant and produces a natural, enveloping concert-like experience.

Passive Start and Start/Stop Button

The convenient Passive Start system automatically detects the close proximity of the key, allowing use of the Start/Stop button without the key being docked in the vehicle.

CommandShift®

The six-speed automatic transmission with CommandShift is standard on Si4 petrol and SD4 diesel models and optional on TD4 diesel models. CommandShift provides manual sequential gear changes and Sport mode for an even livelier performance.

Performance with Efficiency

The Si4 2.0 litre petrol engine provides state-of-the-art turbocharged efficiency with refinement and performance and improved CO₂ emissions. The 2.2 litre turbo diesel engines, available in power outputs of 110kW and 140kW, come with common rail diesel technology which aids fuel economy and refinement and a variable nozzle turbocharger helping to deliver exceptional torque.

Safety

High-strength steel is used to construct a strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. There are separate driver and front passenger airbags for head and chest protection as well as side airbags for side impact protection. Full-length curtain airbags are designed to provide head impact and rollover ejection protection for all occupants. The Freelander 2 also features a driver's inflatable knee airbag for additional lower body protection.

Stability Control Systems

The Freelander 2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Braking System (ABS), Electronic Brake-force Distribution (EBD), Emergency Brake Assist (EBA), Cornering Brake Control (CBC), Electronic Traction Control (ETC), Dynamic Stability Control (DSC), Trailer Stability Assist (TSA) and Roll Stability Control (RSC).

Headlamps

Three types of headlamp are available: Halogen headlamps with impact-resistant polycarbonate lenses; automatic Halogen headlamps with a signature LED light design; automatic Xenon headlamps with automatic headlamp levelling and a signature LED light design.

ACCESSORIES

Aqua Sports Carrier¹
VPLGR0107

Tilts to facilitate easy loading and unloading. Carries one surfboard, kiteboard or sailboard and mast, or one canoe or kayak. Load capacity 45kg².

Luggage Box¹
VPLVR0062

Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 1,750mm long, 820mm wide, 450mm high. Volume 410 litres. Maximum payload 75kg³.

Ski/Snowboard Holder¹
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 36kg³.

Luggage Rack¹
LR006848

Load capacity 57kg² on roof rails and cross bar³.

Raised Roof Rails and Cross Brace Kit¹
Panoramic Sunroof vehicles – LR007220
Non Panoramic Sunroof vehicles – LR006608

Maximum payload 75kg³. Vehicle height when fitted 1,830mm. Crossbars not included.

Cross Bars¹
LR002417

Easily removed when not in use. Vehicle height when fitted 1,852mm. Maximum payload 71.8kg³. Vehicle must have accessory Raised Roof Rails and Cross Brace Kit fitted. Shown above, sold separately.

Roof Mounted Bike Carrier
VPLFR0091

Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit will accommodate up to three bike carriers¹. Load capacity 20kg².

¹Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

²Load capacity is minus roof mounted accessory weight. ³Maximum payload equals the load capacity of the roof mounted accessory.

Uppers – VUB503880MMM
Lowers – LR003905

19 inch ten-spoke Shadow Chrome
LR002804

Rim only. Centre caps available separately.
For the full range of accessory wheels visit landrover.com.au

¹Fitment compatible with certain derivatives, please speak to your local Land Rover Dealer

²Adhesive required (STC50551).

ACCESSORIES

Dog Divider
LR002522

Separates luggage space into two protected sections. Lockable outer gate on one side. Must be fitted with Dog Barrier (LR002521).

Dog Barrier
LR002521

Dog Barrier – Half Height
VPLFS0146 – (not shown)

Rigid Loadspace Protector
LR002424

Semi-rigid protector. Black plastic loadspace protector. May be used in conjunction with cargo barriers.

Loadspace Rubber Mat
LR002516

Waterproof with retaining lip and non-slip surface.

Rear Bumper Protector Cover
VPLVS0179

Protects the rear bumper from scuffs and scratches when loading.

Flexible Loadspace Protector
VPLFS0244

Heavy duty fabric protects loadspace up to window height. Covers loadspace floor with second row seats folded.

Luggage Net
LR003852

Secured to rear of second row seating.

Load Retention Net
VUB503130

Utilises loadspace tie down points. Includes floor net and two ratchet straps. Strap length approximately two metres.

13 Pin Towing Electrics¹
Petrol – VPLFT0106
Diesel – VPLFT077

Not compatible with the lighting board (STC8153).

'N' and 'S' Type Towing Electrics¹
VPLFT0105

Compatible with the lighting board.

Ratchet Strap
CAR500010

Nylon tie strap for securing items to the Crossbars and Luggage Carrier. Five metres long, 20mm wide. Supplied individually.

Lighting Board¹
STC8153

Four metre cable plugs into 'N' Type Towing Electrics socket.

Towing Mirror Extension
VPLVT0080

Electric Cool Bag
VUP100140L

Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surface. Height 380mm, length 380mm, width 220mm. Volume 14 litres.

Collapsible Luggage Carrier
VPLVS0175

The collapsible Luggage Carrier keeps items from shifting during transport with two durable straps.

Front Screen Shade
VPLFY0067

Reflects the sun's rays and helps to keep the interior of your vehicle cool.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. This brochure should be used in conjunction with the accompanying model specifications guide for specific vehicle standard features and optional equipment. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres (whichever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer. Distributors and dealerships are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

This brochure should be used in conjunction with the Freelander 2 2014 Model Specifications Guide supplied with this brochure for local specifications.
