LOWEST PRICE GUARANTEE

Our guarantee is simple! You always get the BEST QUALITY parts at the BEST PRICE! Here's how it works - show us the same brand part/item and style advertised in any current magazine, catalog or web site and we'll match their current price, simple as that! This offer is available only at the time of purchase and applies only to stocked merchandise. This offer cannot be combined with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts and shipping and handling charges are excluded.

TECHNICAL ASSISTANCE

Our staff is composed of El Camino experts who will gladly assist you in any way possible to make your El Camino restoration project or repair proceed smoothly. The El Camino Store will gladly provide you with our years of experience and first hand knowledge concerning our products and their use.

THE BEST PARTS AT THE BEST PRICE

More than just a slogan, the El Camino Store is committed to providing only the highest quality parts at competitive prices. We select your parts exclusively from the world's leading brand name manufacturers to provide you technically correct parts of the very best quality. Whether you need a single repair part or are undertaking a major restoration project, all parts are selected for quality and technical correctness.

YOUR SATISFACTION GUARANTEED

Part of our commitment to you:

If for any reason you are not completely satisfied with any product, simply return it for a full refund, credit or exchange, your choice. No hassles.

SAME DAY PROCESSING ONLY \$3.95

The El Camino Store's standard order processing time for U.S. orders is 24 hours. If you need your U.S. order processed same day, CALL us Monday thru Friday before 1:00 p.m. (EST) and request same day processing. For just \$3.95 we'll provide same day processing of all in-stock parts through the warehouse same day. Next day delivery is available, ask your Sales Representative for details.

1959-'73 Loop Carpet Kits — These quality carpet kits are manufactured by Auto Custom Carpets. ACC is officially licensed by General Motors and produces the highest quality carpet on the market. The loop carpet kits are molded to the exact dimensions of the floor pan. Every 1959-'73 carpet kit is made with the original-type 80% rayon / 20% nylon blend loop carpet. Kits come complete with the original-style 36 ounce jute padding attached to the underside of the carpet and a correct, color-keyed reproduction of the original heel pad, dielectrically heat sealed to the carpet. Please specify when ordering if your car is a four-speed manual or an automatic transmission. See page 21 for year, model and color applications.

						
5-883 Aqua	9-009 Medium Blue	2-005 Red	20-022 Gold	22-893 Gunmetal Gray	19-020 Fawn	45-1970 Dark Green

			<p>If you're replacing your carpet, be sure to inspect the floor pans for rust. You may need to replace the floor pans or apply a rust preventative.</p> 			
1-003 Black	31-6364 Saddle	17-001 Bright Blue				

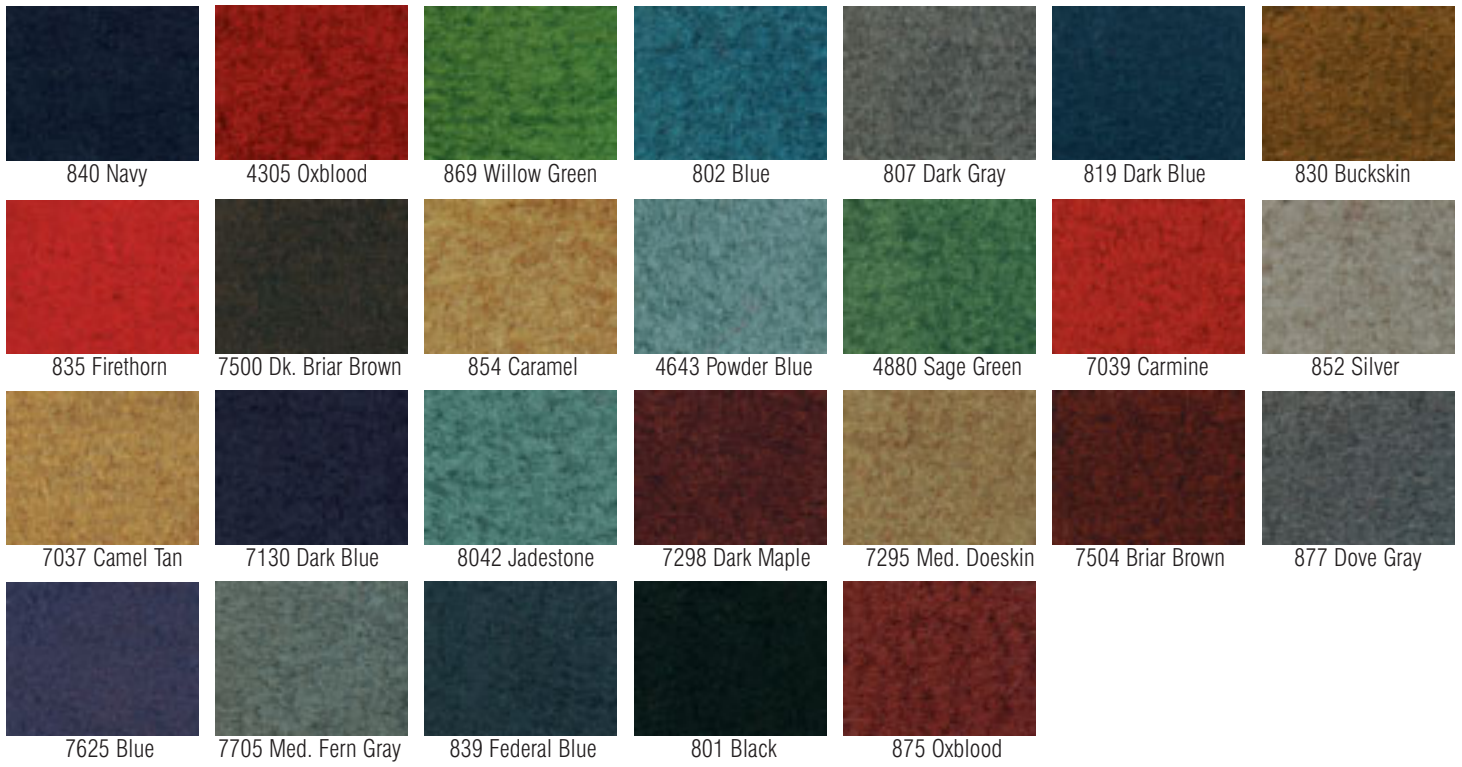

Tuxedo Colors — Our loop carpet kits are available in Tuxedo colors for an additional charge of \$50 per set.

					
D-4 Tux Blue	H-8 Tux Grey	983 Tux Olive	A-1 Tux Olive Black	C-3 Tux Red	B-2 Tux Turquoise

DashTop™ Plastic Dash Covers — These DashTop™ covers fit over your existing dash and are glued in place. All DashTop™ covers come with silicone adhesive and complete instructions for installation. See page 17 for year and model applications. Note: These colors are NOT OEM colors and are not an exact match to a stock interior. Inquire with a sales representative for the best color for your interior or consider purchasing our vinyl dyes which will give you an exact match.

1974-'87 Cut-Pile Carpet Kits — These quality carpet kits are manufactured by Auto Custom Carpets. ACC is officially licensed by General Motors and produces the highest quality carpet on the market. The cut-pile carpet kits are molded to the exact dimensions of the floor pan. Every 1974-'87 carpet kit is made with the original-type 100% nylon cut-pile carpet. Kits come complete with the original-style 36 ounce jute padding attached to the underside of the carpet and a correct, color-keyed reproduction of the original heel pad, dielectrically heat sealed to the carpet. On 1974-'77 cars, please specify whether your car is a four-speed manual or an automatic transmission. See page 21 for year, model and color applications.

Carpeted Dash Covers — Protect your dash from the damaging rays of the sun with these quality carpet dash covers. Choose from cut-pile (CP) or velour (V) fabric. Each one is made to exacting specifications to fit your El Camino perfectly. See page 17 for year and model applications.

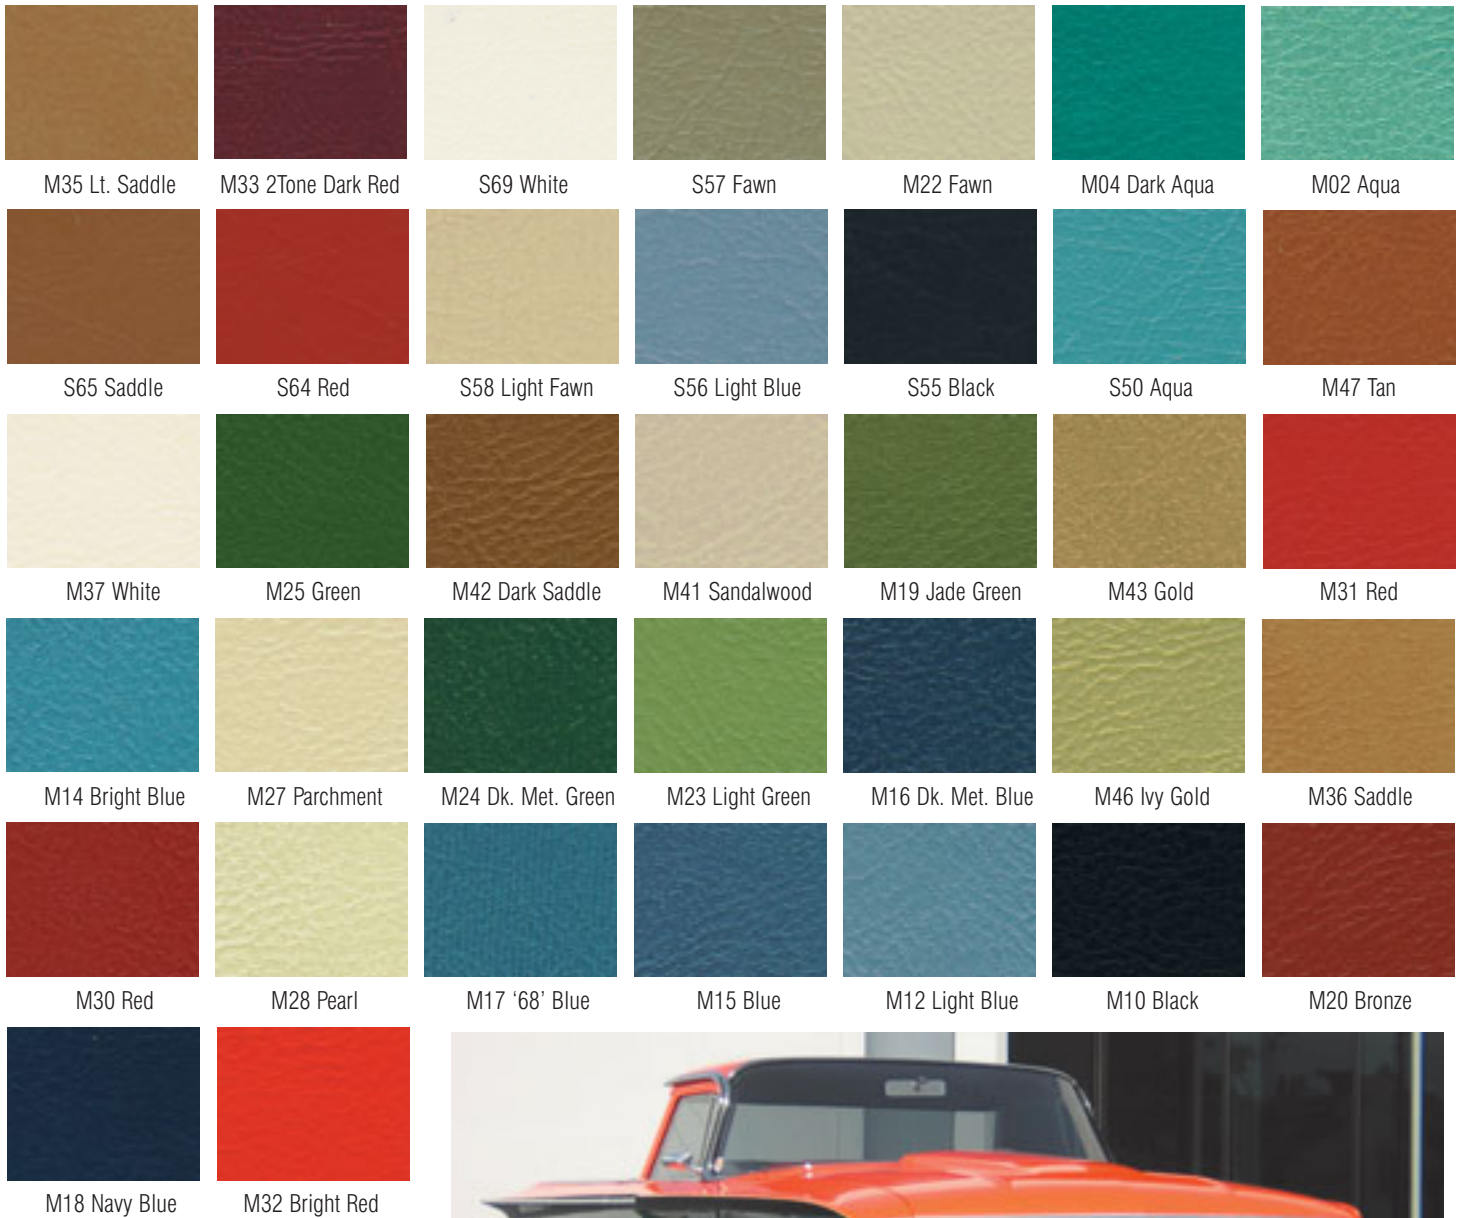

PLEASE NOTE: Due to the limitations of the four-color printing process, some samples shown in this catalog may differ slightly in color from actual products. For questions regarding exact color matches, please contact us.

Interior

01

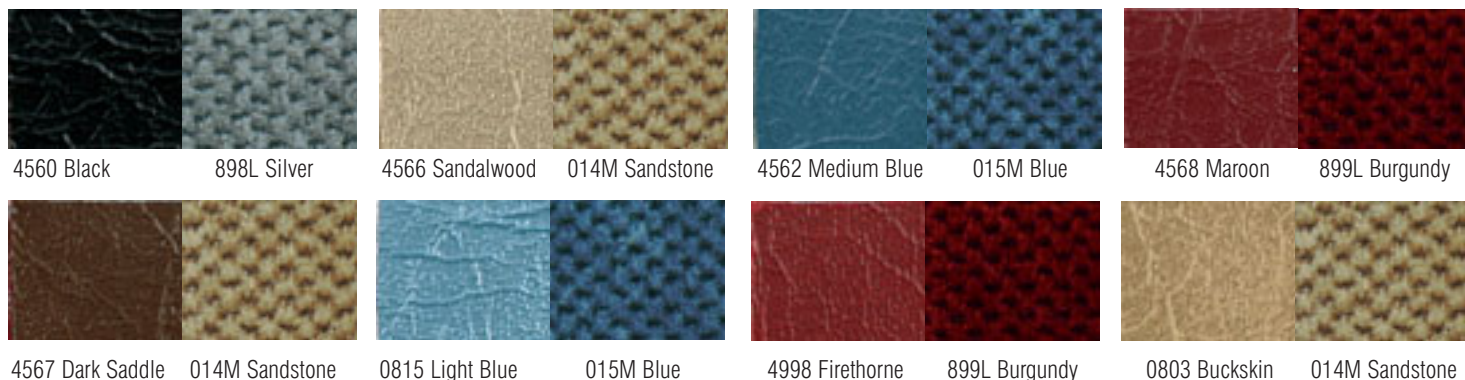

1964-'77 Door Panel and Seat Cover Kits — Superior craftsmanship and a two year warranty make our door panels and seat covers the best you can buy. Made using the correct colors, vinyl grains, cloth stitching and fine details inherent in the originals, these covers are a great value. The panels are ready to install, complete with correct mylar top rail stripes, bottom door pleating, mylar on white extruded vinyl door bottom, die-cut cardboard, mounting nails and door edge metal. The 1968-'72 door panels have a strong metal top rail as well as the inner window felt. See page 10 for year, model and color applications. All door panel kits are subject to Oversize 2 shipping charges.

Wondering what to do about the chrome strip that is peeling off your 1978-'87 door panels? Some folks buy mylar tape and apply that to replace the peeling strip. Others, who are steady with the hand, use chrome paint and a fine paint brush to paint the strip back in place.

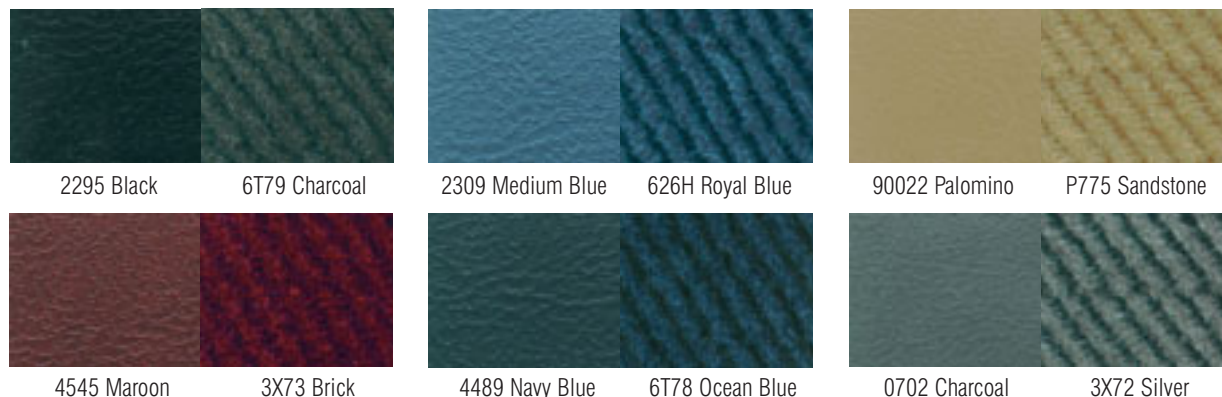

Need 'How-To' help with your interior? See page 172 for our *Auto Upholstery Handbook* for dozens of handy tips and techniques for installation.

1973-'77 Custom Seat Cover Kits — These seat covers are made from top-quality Oxen grain vinyl and when applicable, Regal velour cloth. Whether you have bucket or bench seats, there are several options to choose from. Each seat cover set includes hog rings and hog ring pliers for installation. See page 12 for details and pricing. Seats can be ordered in all Oxen grain vinyl or with custom Regal velour cloth insert. Each color group shows the vinyl color on the left and the available velour cloth on the right. Colors cannot be mixed. Please inquire with one of our sales representatives if you need samples or further clarification.

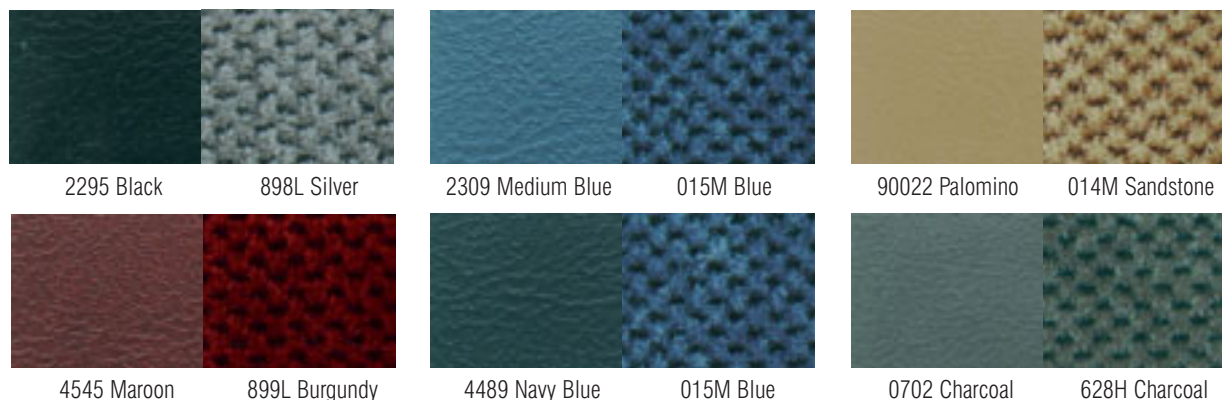

PLEASE NOTE Due to the limitations of the four-color printing process, some samples shown in this catalog may differ slightly in color from actual products. For questions regarding exact color matches, please contact us.

1978-'80 Custom Seat Cover Kits — These bench seat covers are one of the newest additions to our catalog. They are made from top-quality Madrid grain vinyl and when applicable, Madrid velour cloth. Whether you have a straight bench, a split bench or center armrests, there are several different seat options to choose from. Please inquire with one of our sales representatives if you need further clarification. Each seat cover set includes hog rings and hog ring pliers for installation. See page 12 for details and pricing. Seats can be ordered in all Madrid grain vinyl or with custom Madrid velour cloth insert. Each color group shows the vinyl color on the left and the available velour cloth color on the right. Colors cannot be mixed.

1981-'87 Custom Seat Cover Kits — See page 12 for details and pricing. Seats can be ordered in all Madrid grain vinyl or with custom Madrid velour cloth insert. Each color group shows the vinyl color on the left and the available velour cloth color on the right. Colors cannot be mixed.

Interior

1978-'87 Door Panel and Seat Cover Kits — Superior craftsmanship and a two year warranty make these OEM style door panels and seat covers the best you can buy. Manufactured by PUI Interiors, a manufacturer of quality automotive interior restoration components for over 25 years. PUI takes great pains to reproduce upholstery in the exact material grains, colors and patterns as the original. The panels are ready to install and include inner window felts, lock knob ferrules and correct mylar striping. See page 10 for year, model and color applications. Door panels and seat covers are subject to UPS Oversize shipping charges.

1959-'87 Tonneau Covers — Protect your cargo and give your car a sleek new look at the same time. These top quality elk grain vinyl tonneau covers meet OEM standards for weatherability, colorfastness, and stability. The tonneau covers come with snaps, bows, instructions, and all the necessary hardware for installation. Snaps install directly on the bed chrome on the 1959-'60 models, and just over the edge past the bed chrome on the 1964-'87 models. Tonneau covers can be ordered without the snaps installed if you want to match them up to previously installed snaps on your bed, and they can be special ordered with cutouts for cargo bed rails. See page 147 for year and model applications.

Vinyl Roof Covering — This high-quality levant-style vinyl makes an excellent replacement for that worn out vinyl top on your 1964-'84 El Camino. The tops are custom-made to fit your year model. See page 149 for year and model applications. Vinyl top moldings are also available for 1968-'72 El Caminos on page 54.

PLEASE NOTE: Due to the limitations of the four-color printing process, some samples shown in this catalog may differ slightly in color from actual products. For questions regarding exact color matches, please contact us.

1978-'87 Sunvisor and Headliner Kits (Foam Backed) — These foam backed headliners are excellent reproductions of the headliner material that came originally in your car. To save time and headaches, the headliners are available already installed on the backing board, or you can order the material by itself. See page 23 for year, model and color applications. See below for 1959-'77 samples.

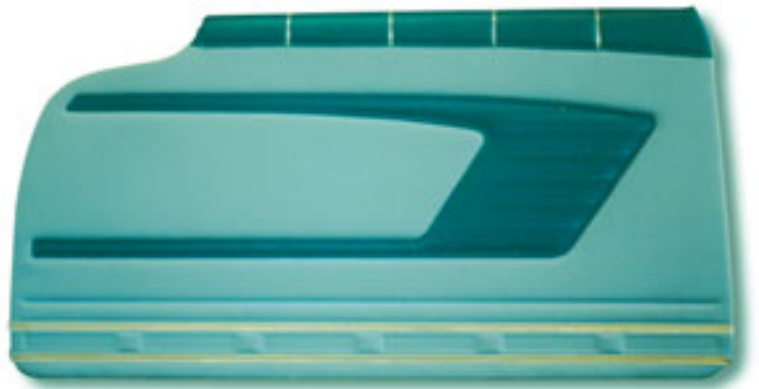

1959-'77 Sunvisor and Headliner Kits — Our reproduction headliners and sunvisors are made to original factory specifications from matching duplicates of the original grain and colors used. The headliners are stitched with loop on the backside, just as the originals. The sunvisors have double fold binding and attachment pins. See page 23 for year, model and color applications.

1959-'60 Seat Covers and Door Panels

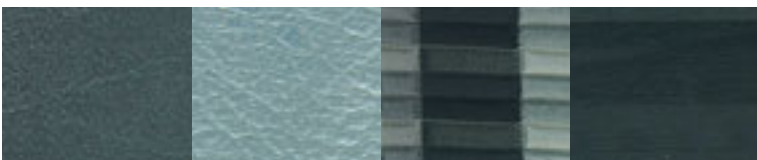

These seat covers are sewn using NOS cloth and vinyl. They come complete with mylar stripes diaelectrically heat sealed to the seat caps. These covers are sold in color groups only, colors cannot be mixed. See pages 9, 10 and 12 for color applications and ordering information. All door panel kits are subject to UPS Oversize 2 shipping charges. These door panels are built around your clean top metal rails, which must be received at the time you place your order.

Split Bench with 60/40 split back, center armrest and headrests.

◀ **Style M**

European Reclining Bucket with headrest.

Seat Covers ①

We offer a variety of choices for your seat covers. The "OEM style" covers are manufactured by PUI Interiors, a manufacturer of quality automotive interior restoration components for over 25 years. PUI takes great pains to reproduce upholstery in the exact material grains, colors and patterns as the original. If you are purchasing new upper door panels, the "OEM style" seat covers are highly recommended because they will be an absolute match. The 73-80 "OEM style" seat covers are only available in vinyl. The 81-87 "OEM style" seat covers come in Empress cloth and feature Sierra grain vinyl subassemblies. The vinyl and vinyl w/velour seat covers that we offer are high quality seat covers made for your vehicle. These seat covers are offered in a wider variety of colors and styles, but are not exact to your original color. When in doubt, please ask us for color samples. We would be happy to provide them.

(See color samples on pages 4, 5, 6 and 8 and application table on page 10. Please specify color group when ordering)

All items in this section are subject to Oversize 1 shipping charges.

Spills happen in your car. To clean vinyl, use mild soap and water. Do not use alcohol based cleaners. If you're trying to clean a simple liquid stain from cloth, allow stain to dry and clean with a sponge and a common household cleaner such as Tide. If you have a dirty oil or grease stain, spot should first be cleaned with a cleaning fluid containing Naptha to remove the solvent soluble matter Any stain residue should then be shampooed with a household upholstery cleaner, such as Carbona upholstery and rug shampoo or Woolite upholstery shampoo.

Wondering what to do about the chrome strip that's peeling off your 1978-'87 door panels? Some folks buy mylar tape and apply that to replace the peeling strip. Others, who are steady with the hand, use chrome paint and a fine paint brush to paint the strip back in place. Or, purchase new upper door panels on page 9 which include new strips!

Interior Dyes, 1978-87

This proprietary formula penetrates the surface and molecularly bonds to permanently seal in color. Dries to the touch in 45 seconds. Forms a complete molecular bond in 10 minutes. UV stable and color fast, it will not crack, flake or peel. Other benefits include heat deflectors for dark colors. Works on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass and recycled plastics. All 1978-87 plastic interior moldings must use 00-6250 Adhesion Promoter. These items can only be shipped via ground—no air delivery.

The Body Number Plate, also known as the trim tag, gives complete identification of each body and in 1959-1985 can be found on a plate riveted to the top of the cowl usually on the left side of the car. In 1986-1987 it was called the Service Parts Identification Label and is located on the glovebox door or behind the seat. This identifying label/plate will tell you the production number and birth-place of your car as well the paint, trim and option codes.

GM shop manuals can provide tons of useful information and answer most questions you may have about a particular rebuild job.

Make your life easier with our collection of special upholstery and interior tools. See page 156.

The GMC Sprint was first introduced in 1971. There was even an SS version marketed as the "Sprint SP". Except for the emblem in front of the doors, the '71 Sprint was identical to the El Camino. 3,963 Sprints were sold that year. In 1975, the Sprint equivalent of the Conquista model was the Sierra Madre Del Sur. In 1978, the Sprint was replaced by the GMC Caballero.

Visit our new and improved website where you can not only browse our extensive catalog of parts, but you can also place and track your order. We're at

Acoustic Insulation Kits

Turn your El Camino into "Quiet Riding Comfort"! Introducing a multi-stage, automotive insulation and sound damping system to give older El Camino's the "quiet riding comfort" found in today's new cars. These kits are designed on current state of the art auto acoustic technology, to insulate and control the noise, vibration and heat in the passenger cabin. Kits are pre-cut and installed in a couple of hours with easy to follow illustrated instructions - everything you need to do the job right! All kits listed below cannot be shipped by air.

Carpet Kits

See color samples on pages 2-3 and applications in chart at left. For Tuxedo colors add 50 to prices shown below. "Mass Backing" is a part of the manufacturing process, a special latex coating is thermo-bonded to the back of the carpet to substantially increase the insulating and sound deadening properties of the basic carpet set. These carpet kits most closely resemble the original carpet that was used with cut pile kits. All items in this section are subject to Oversize 1 shipping charges.

"SS" did not appear on the El Camino until 1968. Prior to that, 1964-67 models with all the Chevelle SS options were called El Camino Customs. There were 5,190 SS El Caminos sold in 1968.

Headliner material orders for 1959-'77 come with enough material to cover your sunvisors, too!

We recommend using a 3M adhesive spray to attach the headliner material to the backing board and /or side panels.

Secretaudio SST Stealth Sound Technology

- The Ultimate 'Hideaway' Audio Solution
- 'RF' Remote Control
- USB/iPOD/CD/Satellite Radio

Secretaudio SST is the third generation of Custom Autosound's hideaway audio system. Leave your original radio intact if you have one! The SST LCD display unit can be mounted almost anywhere and be controlled by RF wireless remote from up to 40 feet away. This breakthrough car audio system offers great flexibility for mounting in any type of vehicle. The main receiver/amplifier unit is usually hidden under the seat, or behind the dash. A 10ft cord from the receiver/amplifier plugs into the small LCD display. This display is only 5" wide by 2" high and 3/4" deep. Mount it in an ashtray, glove box, under dash or flush mount it with the included bezel. This unit has all the latest modern features. These include USB flash drive MP3/WMA player, built in iPod interface with included iPod docking cable, CD changer control for the optional CD changer. Want a satellite radio? This system will control an optional Sirius satellite tuner and give you all the information on the LCD screen. For iPods just plug the included docking cable into your iPod and all control of the iPod is done through the LCD control panel of the SST. All song and artist information is shown on the LCD display. You can search your iPod by playlist/artist/song title/album and use the control knob on the LCD to scroll through each category to find the exact song you want to hear. This all new SST system has a built in 200 watt (4 x 50) amp which is more than enough power for most people. Want to blow the doors off your vehicle? The SST has two pair of 3 volt RCA line out jacks and a subwoofer RCA line out. These jacks may be used for optional amplifiers or amplified subwoofers.

- AM/FM Stereo • 200 (4x50)
- USB MP3/WMA Flash Drive Player
- iPod® Direct Control Interface (docking cable included)
- Alpha Numeric LCD Display for Artist / Song Titles
- Satellite radio Input for Optional Sirius Tuner
- CD Changer Control • Auxiliary Input
- 4 Channel RCA Pre-outs (for optional amplifiers)
- Subwoofer Pre-Out (for optional amplified subwoofer)
- 0 Memory Current Draw (Maintains Pre-set memory with Car Battery Disconnected)
- Flush Mount Trim Bezel Included
- Universal Swivel Bracket Included

Window Felt Sets (Inner and Outer)

Each kit comes ready to install. Most kits are also available in either Standard or Original. Standard have what some folks like to consider "improvements" to the originals, or at the very least, modifications encouraged by design or materials. However, our original style felts are produced with materials supplied by the original supplier to GM, and this material matches original specifications and profiles.

02-0150	59-60	Standard, #5	42.99
02-0160	59-60	Deluxe Kit, w/All Glass Run Channels	149.99

1959 and 1960 were the only years the El Camino had windshield rubber. All other El Camino windshields were installed with an adhesive or caulking.

See the Window Sealants section on this page for the just the right stuff to do your windshield reinstallation.

Originally called Upper Belt Moldings by GM, window felts are actually made of rubber and in some years, have a felt flocking. These are the parts that clean the window when you roll it up and down.

This 1960 El Camino is part of the Harold LeMay Museum collection. We at the El Camino Store are happy to have assisted in the restoration of this classic. The LeMay Museum in Tacoma, Washington was founded in 1999. The museum holds the world's largest private car collection. Harold LeMay, a modest businessman who amassed vehicles ranging from a 1907 Pierce-Arrow to double decker buses over a period of decades, passed away in 2000.

The Body Number Plate, also known as the trim tag, gives complete identification of each El Camino's body. In 1959-1985 it can be found on a plate riveted to the top of the cowl usually on the left side of the car. In 1986-1987 it was called the Service Parts Identification Label and is located on the glovebox door or behind the seat. This identifying label/plate will tell you the production number and birthplace of your car as well the paint, trim and option codes.

Part # Year Description Price

Retro Headlight Bulbs

Great looks and safer lighting make these D.O.T. approved lamps a smart upgrade. The H4 bulb with diamond cut reflector delivers unsurpassed illumination. We have six brilliant styles to accommodate any taste. Each lamp comes with a H4 55/60 watt xenon filled bulb.

Our 7" headlamps for 1971-1975 are able to be installed directly into your original buckets. The 5 3/4" headlamps for 1959-1970 also fit in original buckets with minor modifications. Please inquire with one of our sales reps for further tech information.

Many emblems take nuts on the back which are hard to get to, especially inside the fenders. If you don't want to take your car apart just to install a new emblem, we have barrel nuts that can be used in place of these hard to reach fasteners. Ask one of our sales representatives for more information or see page 120 for barrel nuts.

A 50/50 mixture of denatured alcohol and water does a great job of cleaning buffing compound or wax out of cracks, around emblems and trim, and other hard to clean areas. Simply spray it on and watch it dissolve the residue away. More stubborn areas may require a gentle brushing.

www.elcaminostore.com

The "SS" emblem did not appear on the El Camino until 1968. Prior to that, 1964-'67 models with all the Chevelle SS options were called El Camino Customs. There were 5,190 SS El Caminos sold in 1968.

05-0638	69	RH Inner and Outer, pair	79.99

The billet grille gives your car a modern new look. It comes with easy installation instructions. Don't get rid of the old grille yet! You will need to use the upper edge from your old grille for the installation.

To make a standard 1968-'72 grille look like an SS grille, paint it black.

Moldings

Rocker Molding Caps

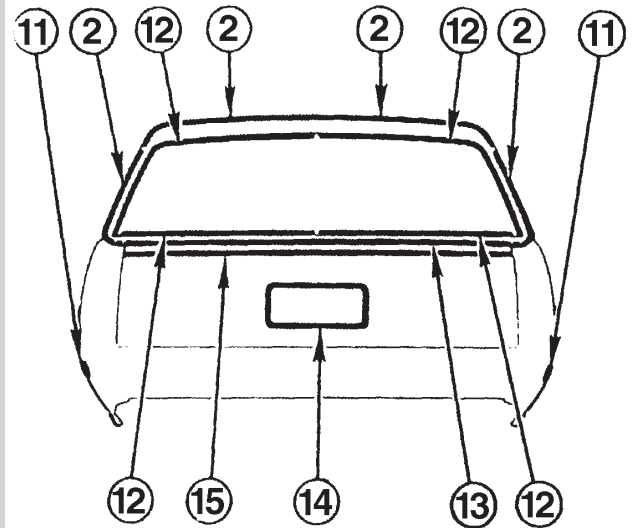

05-1590	64	Front, pair	30.99
05-1600	64	Rear, pair	30.99

The difference between two-tone and non two-tone body side moldings is, two-tone cars originally came with the shiny chrome body side moldings. Your car may be painted only one color, but if you have chrome body side moldings, it is referred to as a two-tone car for purposes of body side molding identification. Non two-tone cars had black rubber body side moldings. This distinction is critical when it comes to wheel opening moldings. The wheel opening on the two-tone cars does not span the entire wheel opening. It comes down short of the full opening so it can connect to the rest of the body side moldings. The non two-tone wheel opening moldings span the entire wheel opening.

1959-60 owners, STOP, don't throw away any clips. Original clips for your car are sometimes very hard to find. Retain all clips as you are removing your moldings. They can be precious items.

Turn signal cancel cams don't usually break. If your turn signal arm does not return to the off position after completing a turn, it's usually the turn signal upper actuating plate that needs to be replaced.

We welcome visitors to our showroom. See page 182 for directions.

GM used both Casco and Rochester lighters during 1959-'87. The Casco lighter has movable parts and when pushed into the housing, the element goes through a sleeve. The Rochester lighter has no movable parts. Both lighters pop out when heated. You must have the corresponding housing for your particular lighter, but either will work in your car.

Junction Blocks

Dash Harnesses

For our 1959-'60 customers, if ordering original style harnesses, just order out of our catalog. If you are running an alternator or HEI, you can order the harness modified to fit those applications and still look like factory wiring. We will also need to know what side your alternator is on and what type of alternator it is, i.e. one wire, etc. Please inquire with one of our sales reps.

Dash Harnesses (continued)

ABOUT OUR ATO TYPE HARNESSSES FOR 1968-72 EL CAMINOS

Our new Classic Auto Fuse Series Dash Harnesses allow the professional restorer to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. The Classic Auto Fuse Series Dash Harnesses give restorers the flexibility to add additional power circuits, without the installation headaches normally associated with this type of fuse box conversion.

- Upgraded Main Power Circuits
- Three Constant Battery Power Accessory Ports
- One Instrument Cluster Lamps Accessory Port

The main power circuits have been upgraded to ensure the extra capacity of the new Classic Auto Fuse Series fuse block. No need to worry about splicing onto existing fuses and circuits for aftermarket type accessories and overloading the fuse. Original Glass Series fuse boxes have only one port. These three ports supply constant battery power regardless of the ignition switch position. Each of these ports has a maximum fuse capacity of 10 amps. Original Glass Series fuse boxes have only one port. This port is used to access the rheostat circuit on the headlamp switch, so the optional lamps connected to this port will dim and brighten with the dash lamps. This port has a maximum fuse capacity of 1 amp which is perfect for night lights in tachs and gauges etc.

- Two Accessory Power Accessory Ports
- Three Spare Fuse Ports

Original Glass Series fuse boxes have only one port. These two ports supply switched battery power when the ignition switch is in the run position only. Each of these ports has a maximum fuse capacity of 5 amps. Original Glass Series fuse boxes have only one port. These two ports supply switched battery power when the ignition switch is in the run or accessory position only. Each of these ports has a maximum fuse capacity of 5 amps. These three Spare Fuse Ports have an undefined fuse rating that can be designed by the customer based on the individual need and each port can handle up to 20 amps per cavity. If all three are not used, restorers may increase the remaining individual fuse ratings up to 30 amps for the remaining one to two cavities. In order to use these spare fuses, the optional kit part number 06-1868 "Spare Fuse Power Wiring Extension Harness" will be required. Instructions are included with this kit.

Windshield Wiper Motors - Select-A-Speed

This kit contains a low profile, seven speed wiper motor with five delays, low speed and high speed, a rotary switch with a billet knob to match your vehicle, adapter plate and wiring harness. The CNC hard-coated aluminum adapter plate mounts the wiper motor to the stock firewall bolt pattern. The low profile wiper motor mounts to the firewall and clears the valve cover and brake booster.

Air Conditioning Evaporators			
07-2650	77	All	179.99
07-2652	78-87	All (gas only)	159.99

Air Conditioning Accumulators			
<i>These are only used in orifice tube systems and contain a dessicant bag as well. The accumulator provides a similar function as the dryer in the expansion valve system, but is located in the evaporator outlet instead. This positioning allows the accumulator to collect any un-evaporated refrigerant that may still be in the liquid state, hence protecting the compressor from liquid lock damage.</i>			
07-2670	65-67	231, 283, 327	24.99

1964-'72 Power Steering

07-5249	65-68	Remote Power Steering Cannister to Pump Hose	26.99
07-5250	66	Remote Power Steering Reservoir Cap, first design	34.99
07-5253	66	Remote Power Steering Reservoir Bracket	26.99
07-5246	66-67	Remote Power Steering Reservoir	62.99
07-5254	67-68	Remote Power Steering Reservoir Bracket	26.99
07-5247	68	Remote Power Steering Reservoir	62.99
07-5251	68	Remote Power Steering Reservoir Cap, second design	34.99

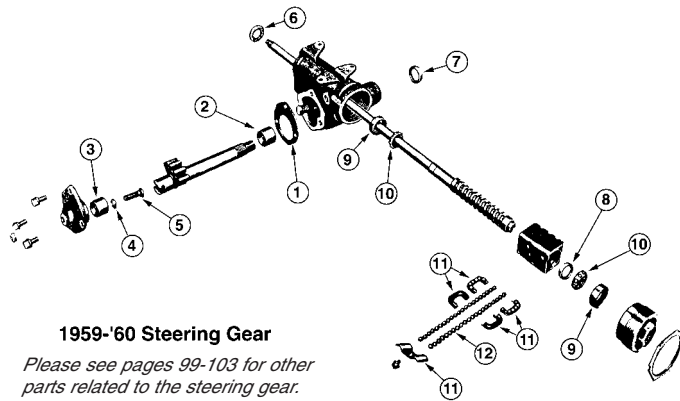

Steering Conversion Kits

Convert over to power steering with one of our 605 kits designed to be a direct bolt-on for your car. Kit includes: Quick Ratio Power Steering Box, Steering Rag Joint, Power Steering Pitman Arm and Power Steering Pump.

07-6020	59-60	Stock Column 605 Conversion with Rag Joint	59.99
07-6021	59-60	605 Conversion Mounting Bracket Kit with Hardware	109.99
07-6022	59-60	Power Steering Box with Mounting Plate	359.99
07-6024	59-60	Hose Kit for 605 Box	67.99
07-6026	59-60	Power Steering Pump Bracket with Adjuster	87.99
07-6028	59-60	605 Power Steering Conversion Kit, Complete	650.99
07-6030	64-67	605 Power Steering Conversion Kit, Complete	650.99

Mechanical

Part #	Year	Description	Price
Steering Conversion Kits (continued)			
The Delphi 600 series Power Steering Gear utilizes the latest in steering technology including a rack and pinion style servo and specifically tuned effort characteristics. The gear provides quick response and precise control. The recirculating ball gear offers low friction with smooth and quiet operation throughout the entire steering range. This produces excellent road feel and driver feedback just like that found in modern day cars and trucks. Kit includes gear, coupler and adapter fittings.			
07-6040	64-77	Delphi 600 Conversion Kit, 12.7:1 Ratio, Complete	497.99
07-6042	64-77	Delphi 600 Conversion Kit, 14:1 Ratio, Complete	497.99
07-6044	64-77	Delphi 600 Conversion Kit, 16:1 Ratio, Complete	650.99
07-6032	68-72	605 Power Steering Conversion Kit, Complete	650.99
07-6052	81-87	Delphi 600 Gear Box Only, 12.7:1 Ratio, Complete	497.99
07-6054	81-87	Delphi 600 Gear Box Only, 14:1 Ratio, Complete	497.99
07-6056	81-87	Delphi 600 Gear Box Only, 16:1 Ratio, Complete	497.99

1959-60 Steering Box Rebuild Parts

Numbers listed after part numbers refer to above diagram numbers.

07-2426	#1	Gasket	49.99
07-2428	#2	Bushing	19.99
07-2430	#3	Bronze Bushing for Lid	17.99
07-2436	#6	Seal	14.99
07-2438	#7	Seal	18.99
07-2444	#10	Bearing (need two)	8.99

1959-60 Lower Steering Column Bearing Upgrade Kit

- For Cars With Column Shift
- Upgrade Design From The Original
- Superior Ball Bearing Design, Not A Bushing

07-4872	Manual Trans, 1/4 -20 Bolts Included	89.99
07-4873	Auto Trans, 1/4 -28 Bolts Included	89.99

Idler Arms

07-2336	59-60		119.99
07-2340	64	13/16" Diameter	39.99
07-2338	64-67	7/8" Diameter	59.99
07-2342	68-72	13/16" Diameter	39.99
07-2346	78-87		39.99

Part #	Year	Description	Price
Ididit Replacement Steering Columns			

For twenty years ididit has been the industry leader in steering column innovation. They are proud to say that each of the more than 100,000 steering columns that

they have produced have been built right here in the U.S.A. While the size and shape may have changed, the quality has always stayed the same. Ididit did not spend their time or money reinventing the wheel (or the column in this case), instead they expanded on a design that engineers at GM have been using for more than 35 years.

Although only replacement columns for 1959-'68 are listed here, please inquire if you are interested in another column. We may be able to assist you.

Floor Shift Column with Tilt, Specify:

- Paintable Steel - 359.95 each
- Chrome - 469.95 each
- Brushed Aluminum - 689.95 each
- Polished Aluminum - 689.95 each

1968-72 Steering Steroids Rack & Pinion Steering Conversion Kit

- Makes Your Classic El Camino Steer & Drive Like A Modern Car
- 14:1 Steering Ratio
- Bolts-On, No Drilling, Cutting Or Welding Required
- Eliminates Bump Steer
- Kit Weighs 25 Pounds Less Than Stock System
- Will Work With Stock Or Aftermarket Headers
- For Small Or Big Block Applications
- Installs In Approximately 4 Hours With Basic Hand Tools
- Includes; Hoses, Steering Column Adapter, Steering U-Joint Heavy Duty Rack & Instructions

The Steroids rack and pinion kit offers improved road feel and maximum performance by addressing steering geometry and bump steer issues. Steroids Rack & Pinion kit includes a heavy duty rack to handle the weight of a Chevelle, aluminum steering arms, mounting hardware, hoses, steering column adapter and u-joint assembly and can be installed with simple hand tools.

Brake Hardware Kits

07-1136	59-60	Front Only - For Original Brakes	31.99
07-1137	59-60	Rear Only - For Original Brakes	31.99
07-1140	64-87	each	9.99

Brake Proportioning Valves

07-1215*	59-70	Disc Front, Drum Rear	109.99
<i>*Not an OE proportioning valve, for use in cars that are undergoing a disc brake conversion. Proportioning valves didn't appear in El Caminos until 1967. METRIC THREAD 1.25</i>			

07-1225	59-72	Bracket, Holds Prop Valve by Booster	19.99
07-1224**	68-69	Hold-off Valve (secondary proportioning valve)	99.99
07-1227**	70	Hold-off Valve (secondary proportioning valve)	47.99

***This bracket may also be used if converting a '64-'70 A-body to disc brakes using the GM five port valve. Although not correct, because '64-'66 cars were not available with disc brakes and '67-'70 used a two-part valve one piece mounting on the frame and a second piece at the master cylinder, this bracket does mount the valve in the proper location on the frame instead of up by the master cylinder.*

07-1214	71-72	Disc Front, Drum Rear	67.99
07-1226***	71-72	Proportioning Valve Bracket on Frame	69.99

****This item is an exact reproduction of the '71-'72 A-body disc brake bracket. All factory disc brake cars had this bracket to hold the proportioning valve to the frame. Drum brake cars did not have this bracket only the front disc cars. If the car is being converted to disc brakes this item is a must to place the valve in the right location so the factory lines will bolt into the correct location. All '68-'72 A-body cars mount the valve at the frame. The valve will only mount correctly with the use of this bracket. This bracket may also be used if converting a '64-'70 A-body to disc brakes using the GM five port valve. Although not correct, because '64-'66 cars were not available with disc brakes and '67-'70 used a two-part valve one piece mounting on the frame and a second piece at the master cylinder, this bracket does mount the valve in the proper location on the frame instead of up by the master cylinder.*

Big Brake Kits
 The front system uses a 13" cross-drilled, gas slotted and zinc washed rotor mounted to a 2024 T6 billet aluminum CNC machined anodized hub and a PBR C15 caliper that attaches to the spindle with custom caliper mounting brackets. PBR C15 calipers have twin 52mm pistons and a larger brake pad surface area that offers about 60% more stopping power in the caliper than the popular C5 caliper at half the cost. These kits include all the bearings, seals, dust caps, brackets, cables, hoses, clips, instructions and necessary hardware to assure a hassle free installation. Does not include stock spindles, and the 64-72 cars will require disc spindles or machined drum spindles.

The rear system uses a 12" cross-drilled, gas slotted and zinc washed rotor that mounts to the factory axle with the longer studs supplied, and mates up to a Lincoln Continental emergency brake style caliper mounted to the rear axle housing with a custom caliper mounting bracket. This kit includes all the rotors, calipers, brake lines, brackets, cables, hoses, instructions and necessary hardware to assure a hassle-free installation. This kit requires larger diameter disc brake type 15" wheels. (easy-to-use wheel template available).

Complete front and rear kits also include a 4-wheel disc manual/power brake master cylinder and proportioning valve kit.

07-3000	64-72	Stock Spindle 13" Front Big Brake Kit	799.99

Disc Brake Kits

Improve your vehicles stopping power, while retaining stock ride height with our complete stock spindle disc brake kit. Nobody should come up short when it comes to braking performance. The spindle kit accepts factory ball joints and tie rod ends, thus minimizing the modifications required for installation. We even let you pick the size of the power brake booster! Moves wheels out an 1/8" on each side and works with most 15" wheels. Kit includes: disc brake bracket kit, rotors, loaded calipers, bearings, seals, dust caps, spindle nuts, hoses, 7", 8" or 9" booster, (11" booster available for 67-72), master cylinder and pre-bent hard line kit, and proportioning valve. Does not include stock spindles.

07-3014	64-72	Stock Spindle Disc Brake Kit, choose 7", 8" or 9" booster	649.99
07-3016	64-66	Stock Spindle Disc Brake Kit, choose 7", 8" or 9" booster	649.99
07-3016	67	Stock Spindle Disc Brake Kit, choose 7", 8", 9" or 11" booster	649.99

07-3012	64-66	Drop Spindle Disc Brake Kit, (Includes 2" drop spindles) choose 7", 8", or 9" booster	749.99
07-3012	67	Drop Spindle Disc Brake Kit, (Includes 2" drop spindles) choose 7", 8", 9" or 11" booster	749.99

Part #	Year	Description	Price
07-3012	68-72	Drop Spindle Disc Brake Kit, (Includes 2" drop spindles) choose 7", 8", 9" or 11" booster	749.99

Ⓝ These items are subject to Oversize 3 shipping charges.

Disc Brake Conversion Kits

Convert your car to disc brakes without having to change your spindles or lower your vehicle. This kit bolts right onto your existing spindle for a quick and hassle free installation. Moves wheels out 3/8" and works with most 14" and 15" wheels. Kit includes: disc brake bracket kit, rotors, loaded calipers, bearings, seals, dust caps, spindle nuts and hoses. Brake Booster not included.

07-3022	59-60	Stock Spindle Disc Brake Conversion Kit	349.99

07-1432	68-72	#14 Front with TH350 or Manual Trans	59.99
07-1450	73-77	#14 Front, All	79.99
07-1441	64-77	#15 Cable Clips, need 3, each	2.99
07-1435	64-72	#17 Guide, large hook for front	9.99
07-1436	64-72	#17 Guide, large hook for front	13.99
07-1437	64-72	#18 Guide, small hook, need two	6.99
07-1483	73-77	#18 Side Hook, need two	10.99

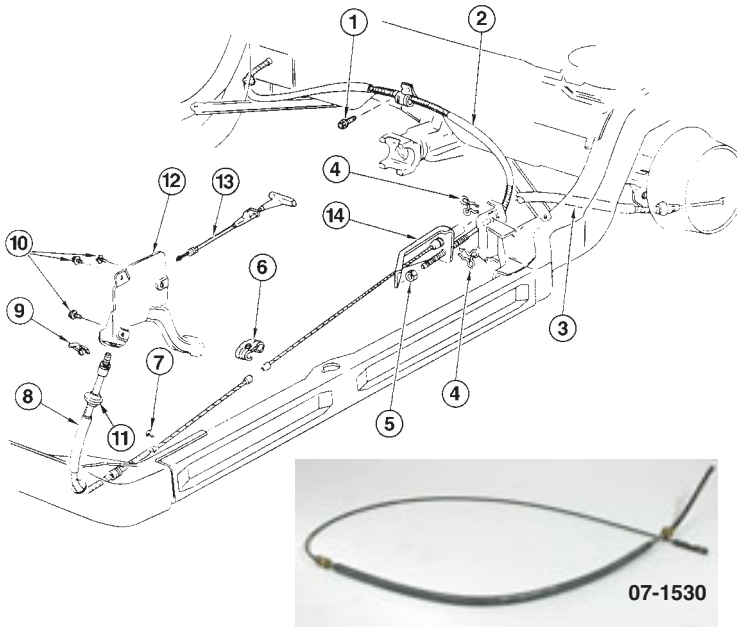

1959-'60 Parking Brake Cables and Hardware

07-1421	59-60	Front	23.99
07-1422	59-60	Intermediate	22.99
07-1422S	59-60	Intermediate, Stainless Steel	31.99
07-1423	59-60	Rear, each	59.99
07-1423S	59-60	Rear, each, Stainless Steel	89.99
07-1425	59-60	Parking Brake Cable Adjusting Rod	27.99
07-1424	59-60	Cable Clip Kit (2 clips)	4.99
07-1462	59-60	Rollers, Plastic, pair	9.99
07-1463	59-60	Vertical Rod to Upper Bracket Clip	1.99
07-1464	59-60	Bolts for Rollers, pair	5.99
07-1461	59-60	Rollers and Bolts, Steel, set	5.99

The most common problem with cables not fitting properly is that they are incorrectly installed or missing hooks. The large hook mounts to the transmission crossbrace to the passenger side of the car. The small hooks are located one on each side of the floor brace in the center of the car. For exact location see your service shop manual.

Genuine big-blocks with TurboHydramatic 400s should have a kick-down switch for the transmission located just above the accelerator pedal.

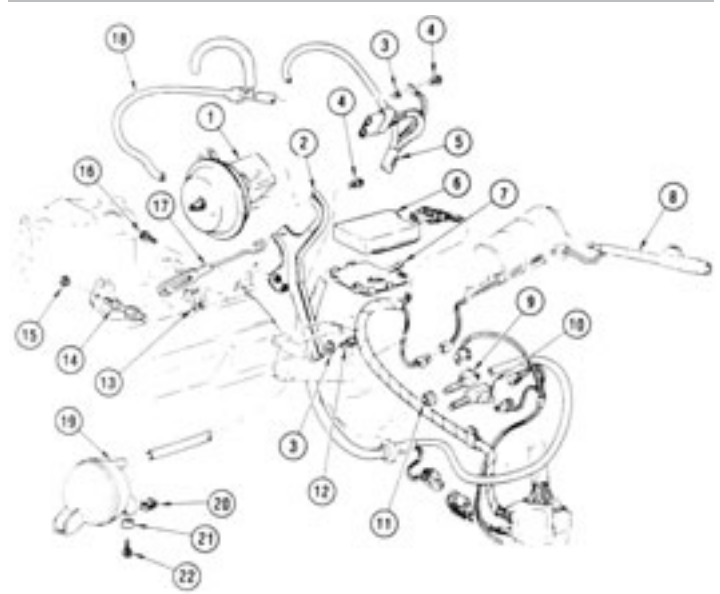

To convert from millimeters to inches for your speedo cable, divide the millimeters by 25.4.

There were two different tachometers used from 1978-'87. The 1978-'85 had what was commonly called a 'tic-toc tach', there was a little clock in the tach. In 1986-'87, the clock moved to the radio and the tach was by itself.

What is a Speed Sensor?

The Speed Sensor senses how fast the speedometer magnet shaft is turning, with relation to possible pollution control/monitor. This was a failed attempt for improved emissions that was eventually discontinued. The sensor appears as a connector behind the dash and plugs into an opening in the back of the speedometer. If you plan on using this system, please specify that you have the speed sensor when ordering a rebuilt speedometer.

HORSEPOWER FOR YOUR SUSPENSION

HOTCHKIS TOTAL VEHICLE SYSTEM (TVS)

The Hotchkis TVS (Total Vehicle System) concept was designed for the driving enthusiast who demands the ultimate in vehicle handling and performance without sacrificing a comfortable ride. Using our TVS system guarantees that all the suspension components for your vehicle have been thoroughly engineered and designed to work together as a complete suspension system. This completely tuned suspension package eliminates the poor ride quality that often results from the use of components produced by different manufacturers.

THE HOTCHKIS PERFORMANCE ADVANTAGE

The obvious Hotchkis Performance advantage is improved traction and handling for your performance vehicle. We go a step further giving you the additional advantage of convenience and product longevity with the inclusion of all necessary heavy duty hardware. This ensures our products live up to what performance magazine articles have described about Hotchkis Performance suspension: "Install on Saturday, drive on Saturday!"

REAR SUSPENSION PACKAGES for 1959-1960 EI CAMINOS

Improve handling and traction on your El Camino by upgrading your flimsy stock suspension.

07-5300 ①	59-60	Rear Control Arm Package with Double Upper Arms	1,079.99
07-5302 ①	59-60	Rear Control Arm Package with Single Upper Arms	880.99

REAR SUSPENSION PACKAGES for 1964--87 EI CAMINOS

Our upper and lower trailing arms work together to positively locate and control the rear axle. Launches are quicker, smoother and more consistent by eliminating wheel hop. Cornering and overall stability are dramatically improved through increased roll stiffness and sway bar effectiveness. The fabricated trailing arms are constructed from one piece of .120" wall TIG welded steel tubing and include greasable polyurethane bushings. Trailing arm mount braces and hardware are also included.

07-5336 ①	64-67	Rear Suspension Package	802.99
07-5358	68-72	Rear Suspension Package	802.99
07-5420 ①	78-87	Rear Suspension Package	799.99

ADJUSTABLE REAR SUSPENSION PACKAGES

Our Adjustable upper and lower trailing arms work together to positively locate and control the rear axle. Launches are quicker, smoother and more consistent by eliminating wheel hop. The adjustable upper arms allow for easy pinion angle changes to better tune your vehicle. Cornering and overall stability are dramatically improved through increased roll stiffness and sway bar effectiveness. The fabricated trailing arms are constructed from one piece of .120" wall TIG welded steel tubing and include greasable polyurethane bushings. Trailing arm mount braces and hardware are also included.

07-5332 ①	64-67	Adjustable Rear Suspension Package	872.99
07-5354 ①	68-72	Adjustable Rear Suspension Package	872.99
07-5418 ①	78-87	Adjustable Rear Suspension Package	872.99

PANHARD BARS

Improve handling and traction on your El Camino by upgrading your flimsy stock pan hard rod with our adjustable model. Pan hard rods positively locate the rear axle and control lateral, side-to-side movement. Our adjustable pan hard rod features greasable bushings, grade 8 hardware, TIG welded construction and a durable powder coated finish.

07-5424	78-87	Adjustable Upper Trailing Arms	379.99

UPPER TRAILING ARMS

Hotchkis Performance upper trailing arms improve traction, reduce wheel hop, and improve handling and stability. Designed as direct replacements for weak stock trailing arms, Hotchkis trailing arms feature TIG welded construction from one piece of parent material, quiet operating greasable polyurethane bushings, and a powder coated finish. Black Powder coat

07-5352	64-67	Upper Trailing Arms	310.99

LOWER TRAILING ARMS

Hotchkis Performance lower trailing arms improve traction, reduce wheel hop, and improve handling and stability. Designed as direct replacements for weak stock trailing arms, Hotchkis trailing arms feature Tig welded construction from one piece of parent material, quiet operating greasable polyurethane bushings, sway bar mounts and a powder coated finish. Black Powder coat.

TRAILING ARM MOUNT BRACES

Hotchkis Performance Trailing Arm Mount braces are designed to reinforce the upper cross member of your vehicle for added strength and performance. High horsepower cars can bend or break the upper frame cross member. Protect your vehicle and your performance with this simple bolt in application. Braces include grade 8 hardware, and feature TIG welded construction, durable black powder coat, and an adjustable design.

07-5338	64-67	Trailing Arm Mount Braces	160.99
07-5360	68-72	Trailing Arm Mount Braces	160.99
07-5430	78-87	Trailing Arm Mount Braces	160.99

AIRBAG KITS

Improve launches and weight capacity by inserting these air bags inside your rear springs. Air bags work much better than air shocks offering a better ride by still allowing a performance shock to be used. A must for wagons or El Caminos. Sold as a pair with air lines.

07-5342	64-77	Air Bag Kit	132.99
07-5432	78-87	Air Bag Kit	132.99

HPS 1000 SHOCKS

The HPS 1000 shock is designed like all other Hotchkis Performance parts, it's designed to perform. Shocks need to be tuned with spring rates and vehicle weights in mind, that's why one valve fits all or universal shocks just don't optimize performance often sacrificing ride comfort for performance. Tuned in house and manufactured by Bilstein TM this shock offers a seamless transition between comfort and control. Each shock is specifically engineered and tuned to offer the ultimate performance and ride. HPS 1000 shocks make a great addition to the Hotchkis TVS packages. Shocks are sold each.

07-5344	64-72	HPS 1000 Front Shock, each	101.99
07-5346	64-72	HPS 1000 Rear Shock, each	126.99
07-5434	78-87	HPS 1000 Front Shock, each	96.99
07-5438	78-87	HPS 1000 Rear Shock, each	126.99

TUBULAR UPPER A-ARMS

Upgrade your El Camino's front suspension with the use of our Tubular A-Arms. Our Tubular A-Arms are designed to adapt the use of taller GM F or B-Body spindles allowing for improved suspension geometry by creating a negative camber curve and increased caster. Disc brakes are easily upgraded with factory 11" or 12" rotors available from F or B Body vehicles. These arms feature TIG welded construction, and greasable polyurethane bushings, upper and lower ball joints, and chromoly off-set cross shafts. Note: Arms do not work with factory spindles! Spindles required are 1970-'76 GM F-Body, or 1978+ GM B-Body. Spindles will lower vehicle 3/4" and widen track width 3/8" per side. Please consult an El Camino Store Representative with any specific questions regarding this conversion.

07-5350	64-72	Tubular Upper A-Arms	727.99
07-5422	78-87	Tubular Upper A-Arms	708.99

PERFORMANCE SPRINGS

Lower your El Camino 1" Below stock ride height to give it the right look, with an aggressive stance and a lower center of gravity. Our springs provide a firm, but not harsh ride. Each gray powder coated spring is precision wound using the highest quality steel. Specs: 1" Lowered Front 500 lb/in, Rear 135 lb/in. Motor: Small Block, Pontiac 400 or Big Block with Aluminum Heads and Aluminum Manifold. Applications: GM A-Body Sedans Note: Wagons and El Caminos should not use rear springs without the use of 07-5342 air bag kit. Set of 4.

PERFORMANCE SWAY BARS

Improve cornering by reducing body roll with a set of Hotchkis Performance Sway Bars. Hotchkis bars are CNC bent for a precise fit and feature lightweight hollow construction and include greasable polyurethane bushings, end links, brackets, and all necessary hardware. Hotchkis bars are powder coated for durability, and tested and tuned to ensure the best performance possible. 1 3/8" Hollow Front, 1" Solid Rear.

The Body Number Plate, also known as the trim tag, gives complete identification of each El Camino's body. In 1959-1985 it can be found on a plate riveted to the top of the cowl usually on the left side of the car. In 1986-1987 it was called the Service Parts Identification Label and is located on the glovebox door or behind the seat. This identifying label/plate will tell you the production number and birthplace of your car as well the paint, trim and option codes.

Is your car a true SS? All genuine Super Sports in 1968 have an "8" as the third digit of the VIN. A "W" as the 5th character in the VIN of a 1972 El Camino also indicates a genuine SS model. This represented the 454 engine which was only available as part of the SS package that year.

Cowl induction was an option with the SS packages of 1970-'72. When the accelerator was pressed down a wide scoop opened to direct air from the high pressure area at the base of the windshield into the engine air intake. The SS package of those years included a special hood with a non-functional air scoop if cowl induction was not purchased.

Measuring wheel diameter is a two-step process. First, measure overall diameter from the outside edges. Next measure the depth of the bead seat. Wheel overall diameter minus bead seat depth times two equals rim diameter. Rim diameter is measured at the bead seat surface. A 15 inch wheel may actually measure 16 1/2 inches at its overall diameter. Backspace is the distance from the hub face to the rear outer edge of the rim. Use a straightedge and 90 degree ruler to easily and accurately determine this distance.

11-0835	78-87	Stainless Steel w/anti-squeak kit, pair	74.99

What is EEC? EEC is an acronym for Evaporation Emission Control. It usually appears as a second and third vent port at the front of the gas tank. These ports act as a return line from the charcoal canister, fuel pump and vapor separator. EEC usually appeared on vehicles produced for sale in California and other emissions control states.

Firing orders for El Camino engines:

L6: 1-5-3-6-2-4

V6: 1-6-5-4-3-2

V8: 1-8-4-3-6-5-7-2

Where are the engine ID numbers?

L6: On a machined pad on the right side of the block behind the distributor.

V8: On both small and big block V8s, found on a machined pad on the front passenger side of the block just below the head. This pad is actually an extension of the block deck surface.

1978-'87 Double Hump Crossmembers ①

The 200R4 transmission was factory installed by GM, beginning with the 1984 model of the El Camino. GM altered the common frame configuration to accommodate the longer 200R4. Because the 200R4 crossmember mounting pad is further back than the TH350, a newly designed, stock crossmember was installed also. This stock crossmember mounts in a new set of holes in the frame on the driver side. The new holes in the frame can be identified as 14 inches rearward of the first set on the driver side frame rail. Therefore, pre-1984 vehicles will require the frame extension kit to install a 200R4 or a TH400 transmission. (The TH400 has the same mounting distance as the 200R4)

Part #11-3604 — Kit includes crossmember, frame extension, and the installation kit for 1978 through '83 G-Body cars using a 200R4 or TH400 transmissions. The kit requires the installer to drill two holes with the provided template.

Part #11-3602 — Crossmember is designed for short tail TH400 transmissions only. Long tail TH400 crossmembers are available as custom orders and require additional time for delivery.

11-3604	78-83	200R4, TH400 Short Tail and Frame Extension Kit	313.99
11-3600	78-87	TH350, PG, Saginaw, T-10 and Muncie	268.99
11-3606	78-87	700R4 (4L60, 4L60E thru 1996)	268.99
11-3602	84-87	200R4, TH400 Short Tail	268.99
11-3608	84-87	1984 and on only, for 1993-'97 F-Body T56 Transmission	313.99
11-3610	84-87	1984 and on only, for 1998 and up LS1/4L60E Transmission	313.99

Hurst Shifter and Parts

The industry standard for over 30 years, the Hurst Competition/Plus shifters offer state-of-the-art control for popular four, five, and six-speed manual transmissions. Dedicated applications assure a custom fit on a wide variety of vehicles with factory consoles without any floor pan modifications. Other features include race track proven design and reliability, adjustable gear stops to prevent overshifting and prolong transmission life. Comes with a chrome knob and an easy-to-follow installation guide.

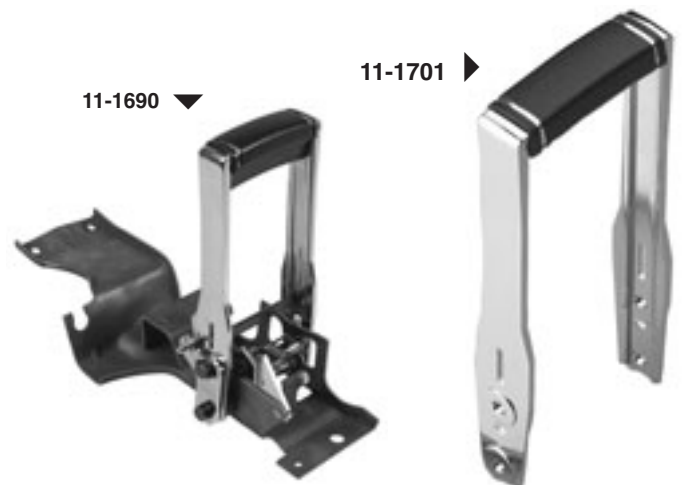

The shifter installation kits are designed to go with each of the shifters available for a specific application. These kits are vehicle, transmission, and shifter specific. Get the right fit. Hardware is included. Not for console mounted shifters.

For correct appearing shift handle for Hurst shifters, see part number #11-8200 or #11-8204. This handle can not use the shift ball supplied with the original Hurst shifter. Must use our part # 01-4018 shift knob, not included.

11-8234	78-80	Installation Kit Only, Saginaw, without Console	159.99

The Muncie 4-speed transmission was used on GM models from 1963 through 1974. To distinguish the Muncie from a Saginaw 4-speed, check the reverse lever. On a Muncie, the reverse lever is mounted in the extension housing, where the Saginaw reverse lever is mounted in the side cover.

CUSTOM FIBERGLASS BED LIDS

Available with a smooth finish (shown) or a textured finish. primed, ready for paint.

FEATURES

- **Drainage Trough** — Water that collects and is trapped behind the rear window is drained through the wheel wells via a special drainage trough.

- **Hinge System** —

The unique hinge and gas shock system allows smooth, easy access to the bed.

- **Weather-Resistant Seal** — Lid shape and special weather-stripping keeps water out.

- **Secure Locking System** — Two "cylinder-type" locks are used to provide the security you want.

Custom Fiberglass Bed Lids

This item must be shipped truck freight collect.

¹ Items with this icon require Oversize 1 shipping at an additional cost of 8.99 per item.

² Items with this icon require Oversize 2 shipping at an additional cost of 17.98 per item.

Stage I Ground Effects ²

All items in this section are subject to UPS Oversize 2 shipping charges.

▲ 08-3950

Stage I Ground Effects Kit

This six-piece package consists of two main rockers, two door pieces, and two rear quarter panels. Puts that finishing touch on any El Camino. Fits 1978-87.

08-3950² 329.99

Stage II Ground Effects ²

All items in this section are subject to UPS Oversize 2 shipping charges.

▲ 08-4010

Stage II Ground Effects Kit

This package consists of two Stage II main rockers, two Stage II door pieces, and two rear quarter panels. Includes all hardware and instructions. Entire package can be installed with basic hand tools. Fits 1978-87.

08-4010² 409.99

When Ordering Stage I or II Ground Effects the Following Rocker Panel Dimensions Should be Considered:

Width - The amount the rocker panel ground effect extends perpendicular from the side of the body.

Sill Measurement - The amount the rocker panel ground effect extends above or below the centerline of the door sill parallel to the body. This includes the fender, quarter panel and door portions.

Type	Width	Above Door	Below Door
Stage I	2.5"	3.5"	3.5"
Stage II	5.5"*	4"	3.5"

* Please note that the Stage II rocker panel ground effects have a width or profile that is twice as wide as the Stage I units.

Accessories

Part #	Year	Description	Price
Tonneau Covers			
All tonneau covers, except the Deluxe Cover, are made with Elk Grain Vinyl. The Deluxe Cover uses a matte-finish, canvas-type material that is typically used on fine European convertible tops and is waterproofed on the inside. Please tell us if you have cargo bed rails or if you currently have snaps from an old tonneau cover on your car. For no additional charge we can supply the tonneau cover without the snaps installed and/or with cutouts to fit around the cargo bed rails. On all tonneau covers, please specify black or silver snaps. On 1959-60, The snaps install directly on the bed rails. For all other years, the tonneau covers are designed to snap to the quarter panels. (See color samples on page 6 and codes at right.)

Race Ramps

- Accommodates Low Front Ends
- Holds 1500 Lbs. Each
- Lightweight Polystyrene 1-Piece and 2-Piece Construction
- 2-Piece Design Allow Easier Side Access Under Car

Race Ramps allow you to get under your car quickly, safely and without any frustrating hassles. Race Ramps will not slide across your garage floor, dig into your asphalt driveway or scratch your painted floors. They will raise your car 8" and you never have to worry about rust. Another beauty of Race Ramps will accommodate tires up to 10" in width. Race Ramps are lightweight, easy to transport and they are supplied with straps for easy carrying and you can use the straps to hang them on the wall when you're done.

88-0125-3 14.99 ea.

Flat Stoppers

Cars that sit for months in one place will create flat spot tires, it's a fact. You can prevent tire flat spotting by placing Flat Stoppers underneath your tires to insulate them from temperature extremes. The special lightweight polystyrene construction eliminates uneven pressure points regardless of how long your car sits. Put an end to ruining expensive tires.

88-0122 Set of 4 259.99 set

Battery Tender

- Safe, Reliable, Trouble-Free Battery Care
- Developed To Maintain Batteries Not In Constant Use Or Storage

Automatically switches off after fully charging to storage charge constantly monitors the battery without the damaging effects of trickle charging. The initial charge cycle of the Battery Tender brings a battery to a full charge at approximately 14.4 volts about 1.25 amps. After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts. Although there is a constant voltage of 13.6 volts being applied to the battery, it is doing so at very little or no current. What this means to the user is safe, reliable, trouble free battery care. Equipped with 6' power cord, and 6' output cord with clamps, 5 year warranty.

88-0160-3

59.99 ea.

Battery Tender Waterproof 800 Charger

- Charges Battery & Maintains Proper Storage Voltage Without Damaging Effects Caused By Trickle Chargers

The Battery Tender Waterproof 800 is perfect for outdoor use. Its circuitry is totally epoxy encapsulated so it will perform even while submersed under water. The unit packs 800 milliamps of pure charging power yet it is no larger than the size of a standard computer mouse. You can use Battery Tender anywhere in the world (100-240VAC 50/60 Hz) and the unit is reverse polarity protected, spark proof and it complies to international safety standards (UL/CSA/CE). Like all Battery Tenders, it has a microprocessor (brain) that controls the charging of each battery so that your battery doesn't get "cooked" the way conventional chargers can do. This lightweight unit weighs only 1 lb. and carries a manufacturers' 2 year warranty.

Dual Chamber Master Cylinder Brake Pressure Bleeder

- Bleeds Brakes Like The Professionals
- Pressurized Brake Fluid Forces Trapped Air From The Brake System
- Fits All Dual Chamber Master Cylinders

Finally an affordable and easy-to-use brake pressure bleeder for the do-it-yourself mechanic is now available. This tool uses air pressure to force brake fluid through the system during the brake bleeding process. Pressurized fluid forces all the trapped air in the hydraulic system out, providing the most efficient way to have a firm brake pedal. **This kit will work on any dual master cylinder and eliminates the need for a second person during the bleeding process.**

88-0309-3 74.99 ea.

Vacuum Brake Bleeders

Make brake bleeding a one man job. The vacuum reservoir draws air out of the caliper, collecting it and excess fluid for mess free operation. Step-by-step instructions included.

88-0166-1 Standard Bleeder 49.99 kit
88-0167-1 Heavy Duty Metal Bleeder w/Case 89.99 kit

175-Piece Socket & Wrench Set

This set is supplied in a 20-1/2" x 14-1/2" molded storage case with a convenient flip-out carrying handle. The wrenches are made of forged steel and the sockets have handy rapid access indexes. This set carries the tools most commonly used on a Corvette.

88-0328-01 59.99 set

Catch Bottle Kit

- The Perfect Companion To The Power Bleeder

These bleeder bottles feature a stainless lanyard to hold the bottle to a suspension component and a return nipple to prevent spills. Set of two 500 ml polyethylene bottles.

88-0311-3 74.99 set

Motive Products Power Extractor

- 10 Quart High Density Polyethylene Tank (Resistant To All-Chemicals)
- Chemical Resistant Tubing
- Integrated Dual Vacuum/Pressure Gauge
- Firm Polyethylene Tube For Oil Changing
- Flexible Tube For Brake Bleeding

Allows easy evacuation of engine oil, transmission fluid, brake fluid and other vehicle fluids. Pumping the intergrated hand pump creates a vacuum in the tank and fluid is pulled into the unit through the attached tubing. Comes with dipstick tube for oil changing and stretchable tubing for vacuum brake bleeding.

88-0310-3 10 Quart Fluid Extractor 69.99 ea.

39.99 gal.

Cannot be sold to California or Canadian customers

Rear Axle Gear Lubricant

GM's "special formula" gear lubricant is a must if quiet, life long service is expected! Use 2 containers per car.

88-0322-3 19.99 ea.

Positraction Differential Additive

Specially formulated by GM to stop the chattering and clunking frequently encountered in positraction rear ends. Use 1 container per car. Cannot ship by air.

88-0321-3 4 oz.

13.99 ea.

Calyx® Exhaust Manifold Dressing

To keep your cast iron exhaust manifolds looking concours-prepared perfect, use Calyx® Manifold Dressing. It applies with a flannel cloth and polishes to a silver shine in seconds. After the manifold is prepared with Calyx®, apply when necessary, very little upkeep is required. Application of the dressing does not require removal of the manifolds. Calyx® Manifold Dressing will not burn and is non-toxic. One container, 3 ounces, will do up to 3 sets of cast iron exhaust manifolds.

88-0260-3

18.99 ea.

40 Below Coolant Additive

- Stops Overheating
- Reduces Water Temperature

Instant results. Add 32 oz - 64 oz per 4 gallons of water (or coolant). Product does not need to be applied every time the system is flushed, but 64 ounces are needed to reduce temperatures 40°. Perfect for racing, towing and daily drivers with air conditioning.

88-0206-3 32 oz.

24.99 ea.

Pro Blend Automatic Transmission Fluid Additive

Reduces transmission wear by reducing metal to metal friction. Reduces transmission fluid temperature up to 57 degrees. Dramatically improves shifting

88-0205-3

10.99 ea.

Cannot ship by air.

Water Wetter

- Reduces Coolant Temperatures

A unique wetting agent for cooling systems, Water Wetter reduces coolant temperatures by as much as 20 degrees Fahrenheit. It can be added to new or used antifreeze to improve the heat transfer in your cooling system. Water Wetter also reduces scale buildup in cylinder heads for better cooling and keeps water pump seal lubricated for longer life. It also provides excellent corrosion protection for modern cast iron, aluminum, and brass cooling systems.

88-0191-3 12 oz

10.99 ea.

Fuel Fresh Multi-Functional Gasoline Additive

- Prevents Gum & Varnish Formation

Fuel Fresh is effective for safe storage protection up to 24 months. One self-measuring bottle treats approximately 200 gallons for everyday use, and 100 gallons for storage. 32 oz. Cannot ship by air.

88-0219-2

RAGGTOPP Vinyl Convertible Top Care Kit

- Contains Cleaner & Vinyl Protectant
- Also Excellent For Vinyl Covered Hardtops, Tonneau & Spare Tire Covers

88-0250-3 6 oz. Spray 28.99 kit
Cannot ship by air.

Plexus Plastic Protector

This stuff was originally developed for use on expensive aircraft windshields, but a funny thing happened. People realized it worked great on all kinds of plastics. It cleans the surface and leaves a shiny, protective layer of wax to guard the vulnerable, porous surfaces. Also works great on plastic-based acrylic paints and clear coated aluminum wheels.

88-0261-3 13 oz. Spray 14.99 ea.

RAGGTOPP Cloth Convertible Top Care Kit

- Contains 16 Oz Cleaner & Fabric Protectant
- Buy The Kit & Save

88-0251-3 16 oz. Spray 32.99 kit
Cannot ship by air.

Connolly Hide Care

Hide Care is a concentrated cleaner that feeds the leather to achieve a rich, polished finish, and to help prevent cracking. Great for vinyl, as well.

88-0232-2 13 oz. 26.99 ea.

RAGGTOPP Convertible Top Cleaner

Safely removes even the toughest soils & stains.

88-0253-3 16 oz. Spray 13.99 ea.
Cannot ship by air.

Connolly Leather Care Kit

The leather care kit contains leather cleaner (17 oz), and leather conditioner (10 oz). Specially blended with lanolin conditioners that will penetrate and soften all the leathers.

88-0233-2 59.99 kit

RAGGTOPP Cloth Convertible Top Protectant

- Ideal For Protecting New Tops
- Renews & Extends The Life Of Older Tops

Ragg Topp is for the topcloth and plastic windows of all convertible tops. Ragg Topp just sprays on to keep water, oil and stains off the top. It also provides UV protection and can be reapplied as needed.

88-0252-3 14 oz. 19.99 ea.
Cannot ship by air.

Cloth Convertible Top Care Kit

This kit will protect and preserve your costly cloth top from weather as harsh as northern Europe winters. A two-step process first cleans and deposits a powerful ultraviolet inhibitor then the water-proofer will extend the life of your top and improve color retention.

The kit also contains non-abrasive plastic cleaner/ polisher to help prevent hazing and yellowing of rear windows.

88-0200-3 54.99 ea.

Autosol Metal Polish

Bring out the shine and luster in aluminum, copper, magnesium, and brass with this polishing paste. Goes on and comes off quickly and easily.

88-0199-3 7.99 ea.

P21S Chrome Polish

A unique multi-surface polish specifically formulated for the variety of surfaces found on today's automobiles. P21S Chrome Polish and Finish Restorer easily renews badly tarnished metals to a brilliant shine, yet remains mild enough to use on paintwork and plastics.

88-0224-3 3.56 oz 72.99 ea.

P21S Paintwork Cleanser

This thick gloss-enhancing liquid removes water acid spots, swirl marks and other minor imperfections without scratching. Easy to apply without leaving powder residue; ideal for all modern clearcoats.

88-0221-3 11.8oz 15.99 ea.

P21S Window Wash Boost

High performance detergent eliminates dangerous windshield streaking. Easy to use. Concentrated mixture makes 6-1/2 gallons.

88-0220-3 18oz 29.99 ea.

P21S Paste Wax

Give your car the ultimate concours shine in minutes! A rich blend of pure Brazilian #1 yellow carnauba and beeswax delivers a dynamite shine that lasts and lasts. A paste wax that's virtually as easy to use as liquid, P21S wax goes on and comes off with incredible ease and no powder residue.

88-0222-3 6.2 oz.

33.99 ea.

P21S 100% Carnauba Paste Wax

P21S breaks the 'carnauba barrier' with its 100% carnauba-based Paste Wax.

88-0223-3 54.99 ea.

P21S Polishing Soap

The power of a polish, with the ease of a soap. Wet the sponge, rub it across the soap, scrub, then rinse with water. Use on chrome, stainless & aluminum to remove rust, oxidation and dulling in seconds!

88-0225-3 10.6oz 10.99 ea.

Zymol Concours Glaze

For those who demand "show-car" gloss and depth of shine.

88-0226-2 8 oz 179.99 ea.

Zymol Glasur™ Glaze

The Glasur Glaze contains 56% Brazilian Yellow Carnauba Wax (100% by volume), and other natural oils and ingredients to bring out your car's paint finish.

88-0230-2 8 oz

101.99 ea.

Surf City Garage Car Care Products

1959-74 PerTronix Ignitor Electronic Distributor Conversion Kit

Say goodbye to the old-fashioned, temperamental breaker points & condenser when you convert your Chevelle's distributor to modern electronic operation. These Ignitor components install in place of the points and use a simple two-wire hook-up. Everything is contained within the original cap, it never requires adjustment and there's a huge improvement in ignition dwell accuracy. This conversion works with any ignition coil, but we recommend the chrome case PerTronix Flame-Thrower coil, P/N 07-5709 for 40,000 volts of power and a dressed-up look. Note: Once the ignition switch is turned on, it takes four seconds to charge the electronic pick-up before starting the engine.

Prices Subject to Change

During the length of time our catalogs circulate, the price or availability of items sometimes changes without notice. While every effort is made to ensure accuracy, Eckler's El Camino Store is not responsible for errors or omissions in this catalog.

Eckler's El Camino Store Accepts Credit and Debit Cards, Checks, Money Orders and C.O.D.

Eckler's El Camino Store accepts first party, preprinted checks from U.S. Banks with your mail order. C.O.D. method of payment applies only to shipments within the Continental U.S. Eckler's El Camino Store reserves the right to request a deposit on large orders. \$10.99 C.O.D. fee will be applied.

Return Checks Policy

A \$35.00 returned check charge will be assessed for all checks returned for insufficient funds.

Eckler's El Camino Store Gift Certificates

Let them make their own choice with an El Camino Store gift certificate available in any denomination.

Limited Warranty

Eckler's El Camino Store will not be responsible for any damage or loss caused by delays, failures or other consequential damage, nor for labor, transportation or any other charges incurred in the replacement or repair of a defective item. Eckler's El Camino Store accepts no responsibility for any consequences resulting from installation of any parts.

Returns

To be eligible for return, the product must be in like-new condition, in original packaging and accompanied by a copy of the invoice. Special order parts are non-returnable. Shipping charges are not refundable. Product must be received within 30 days of the date of the invoice to be eligible for a full refund. Products received within 31 to 60 days are subject to a 25% restocking charge and will be issued a credit on account.

No returns allowed beyond 60 days of invoice date. All returns must be sent prepaid. It is suggested to insure the returned item for its full value to protect against loss. Allow up to 3 weeks from date of shipment for processing refunds, credits and exchanges.

Package Protection Plan Rates

Eckler's El Camino Store allows total peace of mind by eliminating any hassle or risk in the event of loss or damage of parts during shipment. If a problem arises, call our Customer Service representatives for a quick resolution.

Christmas: Friday-Saturday, December 25, 26.

New Years Day: Saturday, January 1, 2011

Same Day Processing Only \$3.95

Eckler's El Camino Store standard order processing time is 24 hours.

If you need your order processed same day, call us Monday thru Friday before 1:00 p.m. (EST) and request same day processing. For just \$3.95 we'll provide special processing of all in-stock parts through the warehouse same day. Next day delivery is available, see Express Shipping requirements below or call our Sales Representative for rates.

Need It Fast? Use EXPRESS SHIPPING!

Utilize Express Shipping, U.S. only, and have your order delivered the next business day or day after. Express Shipping is limited to in-stock, non-oversize items with a total order weight of less than 20 lbs. Add \$14.99 to Shipping and Handling Rates for two-day delivery. Add \$24.99 to Shipping and Handling Rates for next day delivery. For next day delivery of oversize parts and heavier orders, call our Sales Representative for rates. Orders must be received by 1:00 p.m. EST.

Shipping and Handling Rates

Rates apply to ground service shipping within the 48 contiguous states, excluding truck shipped parts. Rates for Alaska, Hawaii and Puerto Rico may vary. International shipping rates are calculated on weights and dimensions, call for estimate.

Orders up to \$50.00	add.....	\$9.99
50.01 to 100.00	add.....	14.99
100.01 to 200.00	add.....	19.99
