BRITPART

The quality parts for Land Rovers

Our commitment to you!

For 30 years Britpart has been supplying quality parts and accessories for Land Rover users across the world and now

we are very proud to announce that from 1st October 2010 all* Britpart parts and accessories will be backed by an industry leading **24 month guarantee**.

With a recent multi-million pound investment in the best Land Rover products and with extensive investment in new staff, equipment and procedures we are convinced this new guarantee will give consumers more confidence in Britpart products. This is backed up with our approval by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

This pioneering guarantee will cover over 12,000 parts from our extensive parts catalogue, from springs to clutches and from winches to shock absorbers, confidence in the products we supply is assured. If any part is found to be defective following an inspection by our quality team due to faulty materials or workmanship then that part will be replaced free of charge.

With this significant development in Britpart's philosophy we are now confident that the parts the end users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by the same 24 month guarantee.

Look out for the Britpart Guarantee Logo which will be gracing all our products in the forthcoming months as a constant remind to the customer they are fitting the best available parts and accessories to their Land Rover.

*Subject to our standard terms and conditions. Proof of purchase required by the original point of purchase. Excludes Genuine Land Rovers parts, reconditioned gearboxes & engines. This guarantee does not affect your statutory rights.

Welcome to Version 5 of the Britpart Accessory Catalogue. Since the last issue we have added plenty of new products and now offer an industry leading guarantee - **24 months!** Full details in the panel opposite.

At Britpart we are always adding new and exciting products to our accessories range, so remember to look at www.britpart.com for all the latest additions. Also worth remembering is that if there is no picture in the catalogue of a product in the catalogue, go to our website as there are plenty more product pictures on-line.

ABOUT BRITPART

*innovation, quality
& style on demand*

Picture courtesy of Pascal Perrier

The Marque

Britpart is the leading independent wholesaler of parts and accessories for Land Rover vehicles, supplying in excess of 800 customers worldwide from government agencies to trade outlets.

The name 'Britpart' is synonymous with quality parts for Land Rovers and the company has earned a truly enviable reputation around the globe. For 30 years, Land Rover enthusiasts the world over have come to identify Britpart as a brand to be trusted.

The Britpart logo has become a widely recognised and highly respected marque; it embodies excellence in the field, both in quality and commitment to meeting the needs of the customer.

Products

Britpart has always reacted swiftly to the demands of the parts market for all Land Rover vehicles, aiming to provide customers with exactly what they want, when they want it. Parts have long been the mainstay of Britpart's business, with many parts simply being unavailable from other sources; however, accessories are now becoming a major part of the business as owners of Land Rovers, old and new, are customising their vehicles to suit their individual tastes and lifestyles; everything they need is now available from Britpart.

The vast array of Britpart accessories ensures that no two Land Rovers are ever identical!

Land Rover appointed Britpart as an 'Approved European Parts Distributor' for all Land Rover Genuine Parts; this, together with Britpart's own vast range of parts and accessories, along with their extensive inventory of O.E.M. product, has resulted in Britpart becoming the ultimate 'One-Stop-Shop' providing everything its customers could possibly require, all ordered and delivered from one dedicated source.

Quality

Britpart is approved by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

Britpart is renowned for quality parts at very competitive prices and takes pride in its excellent customer service, maintaining high stock levels with the aim of fulfilling orders promptly.

Distribution

Parts and accessories for Land Rover vehicles continually flow in and out of the massive state-of-the-art warehouse. Britpart's fleet of vans and trucks all sport the undeniably eye-catching Britpart blue and white livery. Between them they cover the length and breadth of the United Kingdom, including Northern Ireland, delivering directly to Britpart customers on a regular basis, adding to the personal touch that customers have come to associate with Britpart.

Service

Britpart has an enthusiastic and highly knowledgeable team so that you deal with people who have in-depth knowledge of the business. In addition to major government contracts, we successfully support individual parts retailers, supplying spares for Land Rover models old and new including Series, Defender, Range Rover, Discovery and Freelander.

The lively Sales operation boasts three highly trained teams; one each for Home Sales, European Sales and Export Sales with technical experts and sales advisors in each, eager to answer the telephone and organise despatch of goods to their customers within the shortest possible time.

Handmade

The highly skilled team in the Trim Shop make a wide range of seats, seat covers, bases, backs and benches etc for Land Rover vehicles by hand.

Equally skilled is the team in the Lock Shop where a wide range of light engineering work is carried out.

In keeping with the Britpart philosophy, all products leaving the Trim Shop and the Lock Shop are produced to the highest standards and meet with the strictest safety regulations.

Global

When Land Rover finally severed its association with Santana Motor SA it was Britpart who bought up all the existing stock from the factory in Spain and shipped it to their UK headquarters in Shropshire. The shipment included everything from small components to body panels and new engines, along with all the original drawings and tooling. Some of the stock was found to be interchangeable with Land Rover parts and a proportion of the rest is gradually making the journey back home with the assistance of our partner in Spain, Britpart España, Estanfi Automoción.

Britpart's other partners around the globe include: Britpart France, Britpart Belgium, Britpart Brazil, Britpart USA and Britpart Poland.

Britpart is seeking to further expand its comprehensive customer base overseas and is continually looking for well established independent stockists of Land Rover parts to work closely with.

Picture courtesy of Darren Whiley

Quality Parts

Britpart hold in excess of 17,000 stock items from o-rings and oil seals to engines and exhaust systems. Customers can choose from Britpart quality parts, O.E.M. products and Land Rover Genuine Parts; all delivered promptly at competitive prices.

Everything required for servicing, repairing, restoring or even rebuilding any Land Rover can be supplied by Britpart, thus enabling customers to order all they need on just one order sheet making it easy to keep track of stock and take delivery.

Quality Accessories

Britpart have all the latest accessories you need to customise your Land Rover; whatever the model, to look great on the road and work better off it! From wheels to roof racks, Britpart have everything to ensure that no two Land Rovers need ever look identical.

STEERING / SUMP GUARDS

Added **protection** from those hidden dangers when off-roading!

These guards from Britpart are manufactured from high-quality, hard-wearing and corrosion resistant materials to counteract any unforeseen obstacles your Land Rover may encounter whilst off-roading. All fixings are supplied and the guards fit into the vehicle's pre-existing holes. Each guard has holes at the front to allow for water drainage and also to help with ventilation for the cooling system.

DA4315

DA4316

DA4317

Rails not included

DA4318

Carriers

DA4315 Discovery - cycle carrier
 • Roof mounted with stylish aluminium profile • Wheels fit into moulded profile which holds the cycle upright leaving both hands free to secure the frame and wheels • Locking the cycle into frame holder secures carrier to load carrier • Black-painted frame holder tube in special steel • Base unit made of aluminium and UV-resistant composite material • Takes frame diameters from 20 up to 80mm • Max. tyre width 2.2 inches • Manufactured in accordance with DIN75302 • Will fit to both standard and aluminium bars • Weight: 4.2 kg

DA4316 Scott - cycle carrier
 • Stable easy-to-use roof mounted cycle holder • Frame holder with quick attachment for easy fitting without tools • Takes frame diameters from 25 up to 80mm • Wheels rest in adjustable wheel holders and are fastened with strong securing straps • Lockable to roof rack as well as bicycle • Can be fitted on all standard load bars and aluminium profiles.

DA4317 Barracuda - cycle carrier
 • Wheels locate in a moulded profile, which holds the cycle in an upright position - you can use both hands when securing the wheels and the frame
 • When the cycle is attached to the frame holder, the cycle holder is secured to the load carrier • Cycle is secured in the frame holder • Chromium-plated frame holder tube in special steel • Base unit made of UV-resistant composite material • Takes frame diameters from 20 up to 80mm • Max tyre width 2.2 inches • Manufactured in accordance with DIN 75302 • Max weight capacity 17kg

DA4318 Tahiti 6 - surfboard and canoe carrier
 • Stable and gentle holder for surfboards, canoes, kayaks, etc. • Holder comes complete with cradles, straps and a holder for a mast or paddle
 • Rubber-covered cradles are kind to the hull and allow the boat/surfboard to lie steadily during transport

ROOF RACKS & BARS

All aluminium construction, fully welded

- > All aluminium construction, fully welded
- > Powder coated finish
- > Patented slat, with grooves to accommodate 8mm bolt head
- > Modular design – allow accessories to be mounted and removed as need without drilling
- > Rail towards the rear, open in the front
- > Gutter mount stainless steel clamps

Carrier

STC7969 Cycle carrier

- > The smartest, most elegant solution for loading and transporting a bike on the roof
- > The self-adjusting and upright frame holder into which the bike automatically slides, makes bike loading easy
- > Adjusting and securing is done comfortably and quickly, with a turning knob, at roof height
- > Quick-release straps, adjustable for different wheel sizes, hold the wheels securely in place
- > Light and convenient aluminium design
- > Can easily be fitted on either side of the car roof
- > Lockable - bike to bike carrier, bike carrier to load carrier
- > Best in test
- > Fits frame dimensions up to 100mm

TYRE PRESSURE MONITORING SYSTEM

Are your tyres at the right pressure?

DA4512

This system is an advanced monitoring & alert system of tyre conditions. It monitors tyre pressure and temperature then relays the state of each tyre to a display unit. When any abnormalities are detected, the system will display the status of the affected tyre and sound an alarm to ensure you take action to remedy the problem. Keeping your tyres in good condition at the right pressure can extend the life of your tyres, reduce fuel consumption and improve handling.

- Tyres that are at the right pressure will -
- > Improve fuel consumption
 - > Increase the tyre life span
 - > Help enhance vehicle handling & braking
 - > Reduce susceptibility to hydroplaning

System contents -

- 1 x Display
- 1 x Receiver
- 4 x Tyre sensors
- 3 x Display brackets
- 2 x 3M stickers
- 1 x Instruction manual

Note - This system will only measure up to a maximum of 3.5 bar.

TYRE REPAIR KIT & AIR COMPRESSORS

Don't get caught out with a flat tyre or two!

*Pack and leave an easy to use Britpart tyre repair kit in your vehicle**

DA2390 - Tyre repair kit in travel case

How It Works

1. Find and remove the item that caused the puncture
2. Apply rubber solution to the reamer tool then push the reamer into the puncture and work up and down until the reamer moves easily in the hole
3. Thread one rubber tyre plug in the hook tool
4. Push the rubber tyre plug into the hole until 1/2" of the tyre plug remains outside the tyre then turn the hook tool a quarter turn and pull out slowly
5. Cut off the excess tyre plug as close to the tyre as possible
6. If the puncture is too big have the tyre fixed by a professional

DA2390

**Recommended for off-road use only*

It's no good being able to repair your tyre if you can't inflate it!

DA2392 Double-pump air compressor

> Air flow - 150ltr/min

DA2354 Single-pump air compressor

> Air flow - 72ltr/min

See the off-road section for more details on the portable air compressors from Britpart.

EXTENDED SLIDE SEAT RAILS & BULKHEAD BARS

DA2148

DA2148

Give your Defender seats 3" of extra slide with a pair of these seat rails. Ideal for the taller driver to give a more practical and comfortable driving position. One pair of rails is suitable for one seat.

- > Ideal for the taller driver
- > A more practical and comfortable driving position

DA2351

DA2351

Up until recently, Land Rover hasn't catered (in the Defender) for the people with stature. The bulk head removal bar alleviates the problem without compromising strength. The bulk head removal bar allows an extra 105mm of seat rake at the top and 50mm of travel on the seat base. The tubular bar creates a rigid bracing for the front of the Defender tub. As well as the added benefits of extra room in the vehicle due to the seats been more manoeuvrable, access to the rear of the Defender is now not compromised by a higher bulk head. Powder coated and supplied complete with all the necessary fixings.

All products leaving the Trim Shop are produced to the highest standards!

The skilled team in the Trim Shop make a wide range of seats and seat covers for Land Rover vehicles by hand. The material arrives in vast reams and has to be cut with great precision before being stitched together and then assembled into seat bases, seat backs, seat benches etc. In keeping with the Britpart philosophy, all products leaving the Trim Shop are produced to the highest standards and meet with the strictest safety regulations.

RE-TRIM KITS

DA5628

Going off-road? Got a working Land Rover? Well the chances are your seats won't be in showroom condition, luckily here at Britpart we have the answer - a Defender re-trim kit.

Outer Seats - Defender - up to 2007

An outer Britpart re-trim kit includes:

1 x Fitment guide CD - This 20 minute tutorial will give you a detailed step-by-step guide to disassembling and assembling your Defender seat and information on the correct use of the included parts.

- 1 x Can of contact adhesive spray
- 1 x Squab foam
- 1 x Squab cover
- 6 x Plastic nails
- 3 x Cable ties
- 1 x Cushion foam
- 1 x Cushion cover
- 1 x Headrest cover
- 2 x Metal rods
- 1 x Rubber retainer

DA5627	Vinyl twill
DA5628	Techno
DA5629	Black
DA5630	Grey
DA5636	XS style Outer - Black / Inner - Charcoal

Centre Seats - Defender - 1990 onwards

A centre Britpart re-trim kit includes:

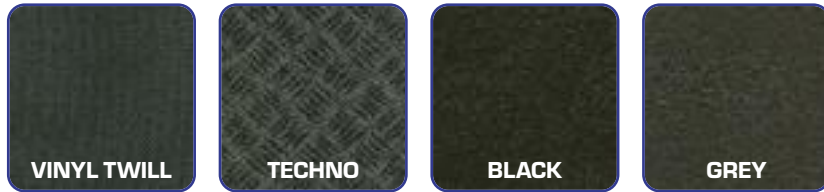

- 1 x Can of contact adhesive spray
- 1 x Squab foam
- 1 x Squab cover
- 1 x Metal rods
- 1 x Cushion foam
- 1 x Cushion cover
- 6 x Plastic nails
- 1 x Rubber retainer

DA5632	Vinyl twill
DA5633	Techno
DA5634	Black
DA5635	Grey

DA5634

Breathe life back into your old saggy Defender seats with a Britpart re-trim kit.

Swatches

Material colours are an approximate match. Sample swatches of the actual material are available on request.

AIR COMPRESSORS & TYRE REPAIR KIT

Double pump

DA2392

DA2392 - double-pump
> Air flow - 150ltr/min

DA2354 - single-pump
> Air flow - 72ltr/min

Features for both air compressors

- > 12 volt / 30 amp
- > Max. pressure - 150psi
- > Automatic cut off to prevent overheating
- > 2 metre electric hose with heavy-duty clamps
- > 10 metre air hose with heavy-duty gauge and brass fittings
- > Integrated sand tray
- > Blow moulded carrying case
- > Also great for camping and outdoor use

DA2394

Replacement cap and filter for DA2392 & DA2354

Ideal for 4x4 use!

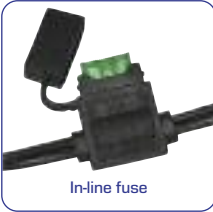

Great features...

Heavy-duty gauge

3 nozzles

In-line fuse

DA2354

Single pump

Screw in air filter
DA2394

Built-in sand tray

Anti-vibration rubber feet

10m coiled hose

Heavy-duty battery clips

Blow moulded case

Don't get caught out with a flat tyre or two!

*Pack and leave an easy to use Britpart tyre repair kit in your vehicle.**

DIFF LOCKERS

ARB

ARB Diff Lockers

- > Provides 100% traction on demand without affecting on road driveability or driveline wear
- > Vastly improved traction means less reliance on momentum, thus reducing the likelihood of vehicle damage and environmental impact
- > Easy, convenient operation allows the driver to concentrate on the terrain without leaving the comfort and safety of their seat
- > Ultra durable and extremely strong - only the highest quality materials used in construction
- > Incredibly simple yet effective design that employs minimal moving parts, thereby ensuring maximum reliability
- > Thoroughly tested and proven design - trusted and used in over 80 countries around the world
- > Easy installation and maintenance - no special tools, skills or additives required
- > Two year warranty guarantees the Air Locker will be free of defects in materials

Air Locker locking differentials allow you to tackle the toughest terrain. As the world's premier traction aid, ARB Air Lockers keep you moving in all conditions.

DA4191

Ultra durable and extremely strong - only the highest quality materials used in construction

DA4344 ⁵	Range Rover P38	1996 - 2002	Rear	Rover type, P38A	31.5 (1.24")	24	3.54

Notes - 1 If vehicle was manufactured during 1993, check spline count. 2 Air Locker not available for vehicles equipped with high load option. 3 Ring gear spacer required. Longer ring gear bolts (not supplied) are also necessary - (Land Rover part no. 576521). 4 When an DA4191 Air Locker is to be installed in Range Rovers manufactured prior to 1980 (approx.), special carrier bearings (No. K11300/K11162) may also be necessary - Land Rover part no. RTC3426. 5 Some vehicles have crown wheel bolts which cannot be reused and must be replaced. Consult service manual. 6 P38A is most commonly found in traction control equipped vehicles. Identify P38A type diff by large 205mm [8.07"] flange diameter. P38A was not used on North American delivered Discoverys - use DA4193.

ARB Compressor

- > Designed for Air Locker use
- > High flow, compact 12v compressor
- > Sealed for moisture and dust resistance
- > Hard anodised cylinder bore and Teflon impregnated carbon fibre piston seal for reduced friction and maximum trouble free life
- > Heavy-duty maxi-fuse equipped for professional in-line circuit protection
- > Quality components for quiet operation and extra long life
- > Anodised mounting brackets dissipates motor heat and allows compressor to be repositioned 180°
- > Constructed entirely of lightweight, high strength engineering grade materials
- > Over-pressure safety valve equipped
- > Motor is internally thermal protected against extreme temperature damage

DETROIT

"The choice of professional racers and off-road enthusiasts around the world!"

Detroit Locker

- > 100% locking differential
- > Legendary traction
- > Ultimate performance

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker is the most durable and dependable locking differential available. The Detroit Locker maximises traction by delivering 100% of the torque to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required. No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world! The durability of the Detroit Locker is unmatched!

Detroit Truetrac

- > Smooth operation
- > Performs open until needed
- > Fully automatic limited slip

Note - When fitting to non-metric diff casings 2 x RTC3095 bearings are required

The Detroit Truetrac was the first helical gear differential ever introduced into the automotive aftermarket as an Eaton brand. It remains the leading helical gear-type limited slip differential in the industry. Detroit Truetrac's proven helical gear design eliminates the need for wearable parts, resulting in maintenance free traction. Recognised not only for its toughness but also it's smooth and quiet operation. Engineered to work efficiently in front and rear axles, semi-floating (C-clip axles) and transfer cases. Power transfer is so smooth, it literally goes unnoticed by the driver - even in front wheel drive axles. Proven design, low cost and effective performance, all make the Detroit Truetrac limited slip differential the ideal choice for a wide variety of vehicle applications. No maintenance - just traction!

"Recognised not only for its toughness but also it's smooth and quiet operation."

JACKS

HI-LIFT

*rugged,
highly versatile jack*

DA3120

- DA2243 48" Jack (4ft)
- DA3120 60" Jack (5ft)

The Hi-Lift jack is a rugged, highly versatile jack that puts you in command of situations requiring lifting, pushing, pulling, winching, and clamping. Although light in weight and easy to manoeuvre, the Hi-Lift jack offers a rated lifting capacity of 2¹/₃ tons (2,114kgs).

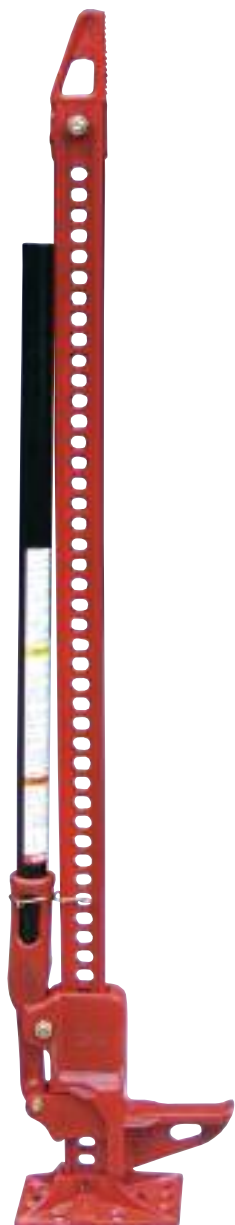

Specifications

- > Approximate weight: 30lbs (14 kg)
- > 4,660lbs (2,113kgs) rated capacity
- > Climbing pins of specially processed steel with 125,000psi tensile strength and 100,000psi yield
- > Steel bar is manufactured of specially rolled extra high carbon steel with 80,000lbs minimum tensile and carbon 0.69 to 0.82
- > Steel handle of 14-gauge high-yield structural tubing with minimum yield of 55,000psi - 1⁵/₁₆" diameter x 30" long

Features

- > Every jack comes complete with an adjustable top clam clevis for use in clamping and winching
- > For speedy disengaging, lifting unity automatically drops away when load is removed
- > 4¹/₂" (11cm) long lifting nose for positive contact with load
- > Safety bolt is designed to shear at 7,000lbs (3,175 kg)
- > Steel bar can be reversed for extra long life
- > Low pickup of 4¹/₂" (11cm)
- > 28" square base plate

Accessories

DA2174	Off-road base	Alleviates jack sinkage on soft surfaces - suits all models
DA2243EYE	Jacking eye	Spare jacking eye
DA2248	Fix-it-kit	The maintenance kit contains all the key components for servicing all Hi-Lift jacks
DA4350	4XRAC	Heavy-duty mounting system for the serious off-roader
DA4351	Loc-Rac	Conveniently mounts and locks your Hi-Lift jack. Includes lock and suits all models
DA4352	Jack protector	The jack protector vinyl bag protects your jack from the elements - one size fits all
DA4353	Lift mate	Designed to provide a lift point from most wheels for quick and easy lifting - Lifting capacity is 5,000lbs/2,273kgs
DA4354	Off-road kit	The Hi-Lift winching kit includes a winch attachment, winch tensioner, tree strap, d-ring shackle, Hi-Lift gloves and gear bag. Winch time is reduced significantly using the winch attachment and tensioner together.
DA4355	Bumper lift	Designed to fit curved steel bumpers. Rugged design of the bumper lift has a lifting capacity of 3,000lbs/1,361kgs
DA4356	Neoprene jack cover	This jack cover offers a level of mud and dirt protection for the main lifting mechanism of the jack when not in use. It zips on easily over the foot of the jack and provides a tight fit.
DA4357	Adjustable tube jack mount Small set	Designed for mounting a Hi-Lift jack to round and square tube bumpers, bull bars, roll cages and roof racks, this accessory allows for easy and adjustable mounting on tubes from 1" to 3" in diameter Is for use on round tubes from 1 to 2" in diameter, which works on many roof racks. It can also be used on ATV/UTV bars, bumpers and roll cages
DA4358	Large set	Is intended for round tubes from 2 to 3" in diameter that will work on most vehicle bull bars and roll cages

8,000lbs capacity Jacks - Versatile! Rugged! Pow'R-ful!

Built with a patented 'Safety Link', the Maasdam Jackall is the 'Jack with More!' Larger base for greater stability. 'Safety Link' mechanism that prevents abuse, misuse and makes operations safer. Jacks come with a lifetime warranty and are built to current ANSI/ASME specifications. When safety and dependability matter most, continue to rely on Jackall.

Features

- > Patented "safety link" mechanism
- > Heavy ribbed, extra large base
- > Cast components
- > Hot roll-formed, alloy steel beam
- > Steel handle locks against beam
- > Powder coated through and through

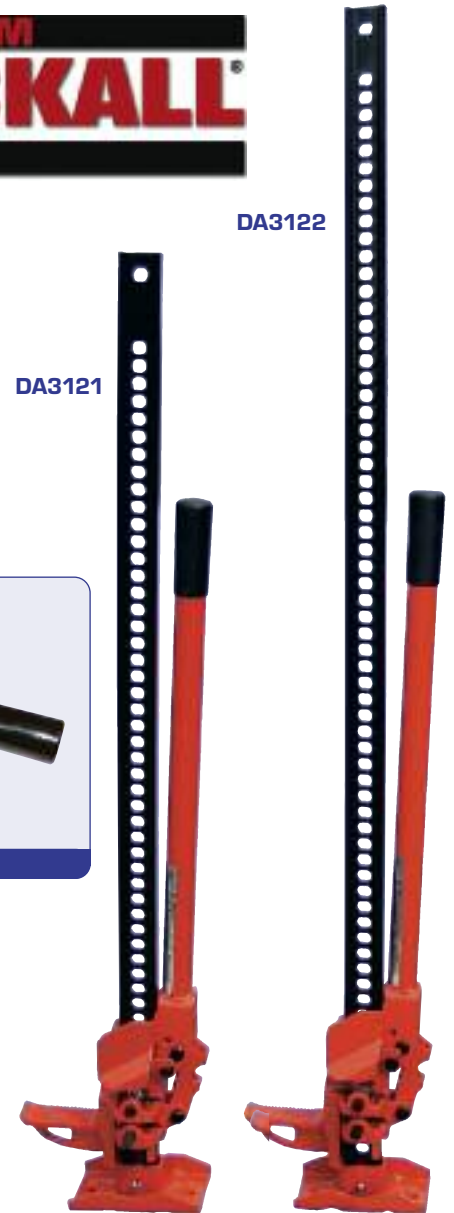

Benefits

- > Prevents abuse and misuse
- > Provides strength and greater load stability
- > Assures long life, trouble free operation
- > Strong and reliable
- > For convenient storage
- > Reduces scratching, greater corrosive resistance

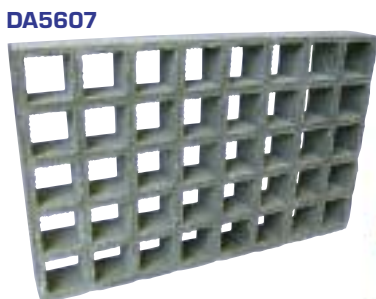

DA3121	48" Jack (4ft)	DA3122	60" Jack (5ft)
DA3130	Top clamp	DA4058	Maintenance kit
DA4059	Jacking point adaptor	DA4061	Mounting kit jack rack

Patented "Safety Link" pitman mechanism prevents abuse and misuse. "Safety Link" yields when capacity exceeded — load can no longer be lifted. Operational safety at its best.

SAFARI

Pioneered in Australia in the early 1980's, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off road applications. Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material, using stainless steel hardware where appropriate. Each system includes quality fixtures and fittings, which offer superior sealing, presentation and long-term durability.

In arguably the best, if not toughest environment, Safari Snorkel Systems are thoroughly researched, tested and tooled for each model of Land Rover. The Safari Snorkel delivers a continuous and cooler supply of air for maximum engine performance. It is positively sealed as well to ensure the best protection against deep water crossings and dust.

OPTIMA

DB1018

DB1020

DB1019

DB1021

With its patented Spiralcell® Technology, Optima batteries offer 15 times the vibration resistance and up to twice the life of ordinary batteries. The Optima is like no other battery found in today's market. Optima's unique patented Spiralcell® design offers the best technology by providing a strong and clean power source that far surpasses any of today's traditional lead acid batteries. With Optima as your choice, you can count on a longer lasting battery.

**SPIRALCELL®
TECHNOLOGY**

OPTIMA®
BATTERIES
THE ULTIMATE POWER SOURCE™

> Twice the life of ordinary batteries

> 15 times the vibration resistance

Yellow Top

Demand more from your vehicle? Then get more from your battery. Optima Yellow Top batteries are made for the extremes. If your vehicle is designed to take the abuse of off-road driving, you need increased performance and reliability from your battery. Optima batteries combine patented Spiralcell® Technology to deliver that performance. The deep cycle characteristics of this technology coupled with its extreme resistance to vibration provides performance vehicles with the repetitive power they need, packaged in a spill-proof compact design.

If your vehicle is fitted with high drain accessories such as additional lighting, tracking devices, ICE systems, winches, hydraulics etc, then this ultimately demands more from your battery. Optima Yellow Top batteries provide the extra performance and deep cycling capability that your vehicle demands.

Voltage - 12v Capacity - 55Ah Cold Cranking Amps (CCA) - 765

DB1018	Yellow Top	Top terminals
DB1020	Yellow Top	Side terminals

Red Top

Optima Red Top batteries are built to withstand the abuse 4x4's experience on and off-road. Spiralcell® Technology immobilises the internal components of the battery, enabling Optima batteries to withstand incredible amounts of vibration.

Vehicles modified for improved engine performance demand more from a battery. Optima batteries withstand the high engine bay temperatures associated with these performance vehicles. The sealed construction makes the battery spill-proof, even if you install it on its side! This prevents external gassing and leaking which can damage engine components and reduce battery performance.

If your battery is used in applications that demand extra reliability endurance and performance, or if you just take pride in getting the best performance out of your vehicle, Optima Red Top batteries deliver the performance you demand.

Voltage - 12v Capacity - 50Ah Cold Cranking Amps (CCA) - 815

DB1019	Red Top	Top terminals
DB1021	Red Top	Side terminals

BRITPART PULLING POWER WINCHES

DB12000i - 12 & 24 VOLT WINCH

Features

- > 3.6Kw (4.8Hp) heavy duty series wound DC motor
- > Weather and dustproof contactor controls for longer life and improved amperage draw
- > Planetary gear system for fast line speed
- > Automatic load-holding brake
- > Free spooling
- > Power in and power out
- > Low electric current
- > Hardened drum
- > Thermal overload protection

Don't forget a DB1014!
When fitting a winch to a Defender don't forget to order the extended winch wiring kit with cut-off switch.

Specification

> Rated line pull - single line	5,443kgs	12,000lbs
> Gear reduction ratio	294:1	
> Motor (series wound)	3.6Kw	4.8Hp
> Drum size (D x L)	63 x 228mm	2 1/2" x 9"
> Cable supplied	9.53mm x 30.5m	3/8" x 100'
	<i>(Galvanised aircraft cable with minimum break force 14,400lbs)</i>	
> Overall dimension (L x W x H)	548 x 160 x 254mm	21.57 x 6.3 x 10"
> Net weight	41.7kgs	92.0lbs
> Mounting bolt pattern	254 x 114.3mm	10 x 4 1/2"

BATTERY CHARGER NEW

DA3185

Universal battery charger
MULTI XS 7000 is a charger that provides complete battery care for those needing to charge normal size and slightly larger batteries, for example, in caravans, boats and cars.

It is fully-automatic with unique 8-step charging that supplies 7A and which is suitable for 12V batteries between 14-150Ah and is suitable for maintenance charging up to 225 Ah.

The MULTI XS 7000 analyses whether the battery can accept and retain the charge, it removes harmful lead sulphate crystals, charges quickly and efficiently and automatically switches to maintenance charging when the battery is fully charged.

It also has a practical Recond mode that balances the acid concentration in deep discharged batteries. It features a special cold mode to give optimal charging on cold winter days and to demanding AGM batteries (type Optima).

Supply mode allows the charger to be used as a power supply if you need to disconnect batteries from the vehicle. It is fully protected from producing voltages that can damage the vehicle's electronics. It is also non-sparking and features reverse polarity and short circuit protection.

DA3185

Specification

Input voltage	220 - 240VAC, 50 - 60Hz
Output voltage	14.4V, 14.7V, 13.6V/Supply, 15.8V/Recond
Charging current	7A
Ripple	Max 150mV rms, 0.3A
Ambient temperature	-20°C to +50°C, output power is reduced automatically at higher temperatures
Charger type	Eight step, fully automatic switch mode with pulse maintenance
Batteries	12V lead-acid batteries (Wet, MF, AGM, Calcium/Calcium and GEL)
Battery size	14 - 150Ah (14 - 225Ah maintenance charging)
Dimensions	191mm long x 89mm wide x 48mm high
Insulation	IP 65
Weight	0.8kg

DB1000	Wheel chocks - pair
DB1010	Gloves - for protection winch operation
DB1016	Winch blanket - manufactured from heavy-duty vinyl, the blanket will absorb most of the recoil in the unlikely event of the cable breaking. It's also very useful to kneel on in the mud!
DB1308	Winch remote control - operate your winch from a safe distance with this wireless remote control <ul style="list-style-type: none"> > High frequency circuit using SMD design for reliability > The transmitter uses FM technology for frequency stability and greater control distance > Receiver output is protected against voltage spikes

Other Essential Winching Accessories

- DB1001** Winch bag - a heavy-duty black and green bag
- DB1014** Extended winch wiring kit - 1 x red, 1 x black wire, each 1.8m in length with end connectors and cut-off switch for Defender vehicles
- DB1309** 'Dyneema Bowrope' - 12 strand synthetic fibre replacement winch rope - 11mm x 90ft
- > For use with DB9000C, DB9500i and DB12000i winches
 - > CE certified
 - > Easy to handle
 - > Floats
 - > Does not kink
 - > Very light
 - > Easily spliced
 - > Highly visible
 - > Less effort in use
 - > Very strong
 - > Does not curl
 - > Compact
 - > Safety in use
- DB1314** Ground anchor set
- DB1318** Ground anchor bag set - 2 x Pulling Power bags, ground anchor not included (DA1314)
- DB1328** Replacement winch cable with hook - 30.5m x 9.5mm

BRAKING

BRAKE ANTI-SQUEAL PADS

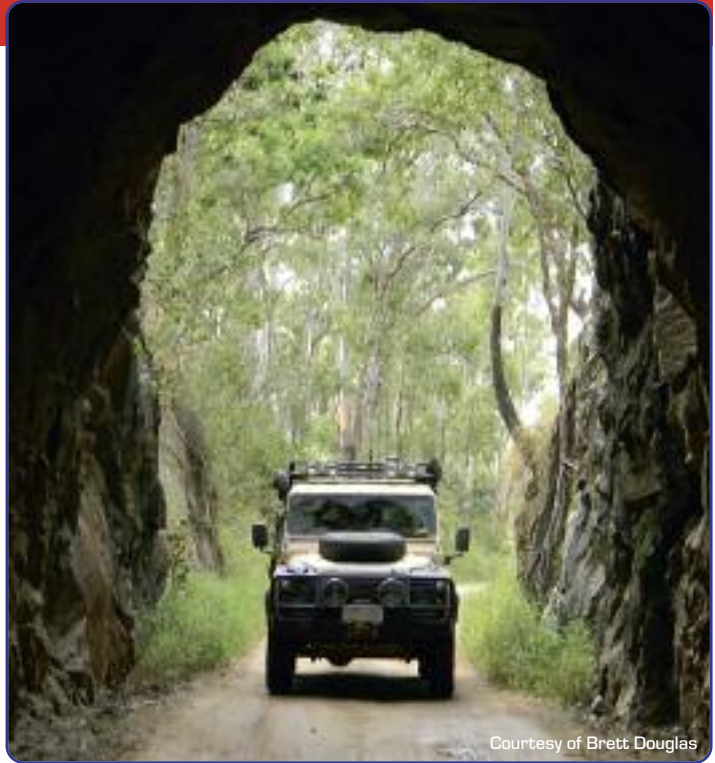

Universal self adhesive noise dampening shims

DA1141

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the Brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated. Pack quantity 4

Courtesy of Brett Douglas

BRAKE DISCS - BRITPART PERFORMANCE

- > Slotted design to increase braking efficiency by reducing dust, debris, water and gas on the disc
- > To improve brake cooling, reduce weight and to offer an escape route for dirt and gasses these performance discs are drilled with rows of holes
- > Excellent upgrade for your Land Rover to aid braking, especially under a heavy load
- > Ideal for off-road use
- > Manufactured to British Standard BS1452 Grade 220 and DIN1691 GG20
- > Supplied in pairs

- > New AF42/66 friction material which completely eliminates brake judder and produces a high friction long lasting brake pad
- > Unique powder coat finish to both pad and back plate gives lifetime resistance to corrosion and prevents moisture ingress
- > Unique Brake-In surface coating provides instant brake efficiency on installation and conditions the brake rotor removing glaze, black spotting etc from disc surface
- > All pads feature centre line slot which prevents heat expansion cracks and reduces brake noise
- > All pads feature edge chamfers which have major technical benefits;
 - Significant reduction in brake noise
 - Prevents 'edge lifting' under left and right extremities of pad which can cause corrosion ingress and eventual pad de-bond
 - Can extend pad life by virtue of improved pad efficiency
- > Most pads in the Ultimax range features factory fitted noise reduction shims

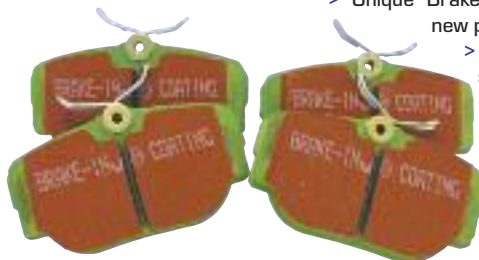

*pad sets excludes shims

GREEN STUFF

- > 100% British design and manufacture
- > Superb gloss powder coat paint finish to reduce corrosion
- > Unique engineering finish with noise reduction slots and edge chamfers
- > Extra high friction compounds for better stops, these pads will improve your stopping power by up to three vehicle lengths
- > Special compound ingredients that prevent "Outline Etching" eliminating brake stiction onto the rotor in damp conditions
- > Unique "Brake-In" surface coating to accelerate pad bed in after installing new pads which also guarantees brake efficiency from install
 - > Super quiet braking with rubber-steel-rubber noise reduction shims on the reverse, this dampens all possible noise
 - > Extra heavy duty compound lasts longer than low cost standard pads
 - > Fully ECE R 90 approved and legal for road and off road use

Yellow STUFF

- EBC Yellowstuff brake pads are British made with Aramid fibres such as Kevlar and Twaron and are one of the highest friction brake pad compounds on today's market. Not only high in friction from first application when brakes are cold but extremely effective at higher brake temperatures as encountered in faster driving and towing/trailing. These pads are a favourite with the military and are used on armoured vehicles in several countries to handle the higher loads and heat and offer a good brake upgrade. Fitted with shims chamfers, centre slots and the unique EBC Brake in coating for fast bedding in of new brakes these pads are also long lasting and silent in operation.
- > High friction compound which is effective from cold up to high heat
 - > Effective brake upgrade for heavy-duty braking
 - > Long lasting powerful brakes
 - > Shims, edge chamfers and slots for silent braking

BRITPART

The quality parts for Land Rovers

*Increase your
braking efficiency*

These brakelines are constructed from the finest quality hose, consisting of a PTFE inner and stainless steel overbraid and both the Britpart and Goodridge brands offer -

- > Eliminates sponginess under heavy braking
- > Increases braking efficiency
- > Abrasion and corrosion resistant

GOODRIDGE

BRAKE LUBRICATION

Cera-Tec Advanced Lubricant

Mintex Cera TEC is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

DA2389

- > Non-metallic content - ABS and ESP friendly
- > Operates to a high temperature (1,000°C)
- > Non-conductive
- > Free of copper and acid
- > More effective at reducing any brake squeal
- > Protects against corrosion and dirt
- > Neutral colour prevents any visible residue or staining

HANDBRAKE CONVERSION KITS

Beef up your handbrake!

DA5526

DA5513 Defender - 1987 - 2006

DA5526 Discovery 1/Discovery 2 & Range Rover Classic

Note - Will not fit a Range Rover Classic with a Borg Warner or LT95 transfer box.

The standard Land Rover hand brake can easily get bunged up with dirt if you drive off-road a lot and once the mechanism gets clogged up it doesn't work as efficiently as it should. Britpart now offer a solution to that problem - a drum to disc conversion kit.

DA5513

This kit uses a powerful caliper whose mechanism is sealed to prevent the access of mud! The special pads provide greater friction than the standard ones and are resistant from abrasion from mud.

A breath of
fresh air
for your
Land Rover

> A range of performance filters tailored to fit your Land Rover

> Maximum breathing efficiency for your engine means more power or better fuel mileage

> No compromise on quality - the engine gets more air but the dirt particles are trapped by the quality filters

> No need to replace as easy cleaning means maximum performance guaranteed

> Easy fit, directly replaces standard air filter

> Ideal for use in hot dusty conditions to reduce engine wear

> Compatible with snorkels, ideal for use in conjunction with other performance modifications

> Filters don't need pre-oiling and if the filter gets dirty there is no need to use a cleaner to clear the dirt on the filter - just use air, water or detergent

"breathing efficiency for your engine means more power or better fuel mileage"

FILTER GUARDS NEW

Britpart Filter Guard removes potential engine damaging metal particles from your oil.

DA6081

Clean oil works better than dirty oil with reduced friction and less wear.

Britpart's Filter Guard is an inexpensive way of removing the harmful contaminants that conventional oil filters can miss. The contaminants are fine metal particles which act like an abrasive on the fast moving parts in your vehicle's engine - dramatically shortening engine life.

Filter Guard works by magnetic filtration technology resulting in cleaner oil which your engine will thank you for by running better now and in years to come. The Filter Guard will never clog or restrict the all important oil flow.

Note - Filter not included with Filter Guard

- > Improves fuel economy
- > Extends engine life
- > No vehicle modification needed
- > Added protection for stop & go driving and towing
- > Cleans engine oil for 50,000 miles/80,000kms
- > Does not effect your Land Rover's warranty

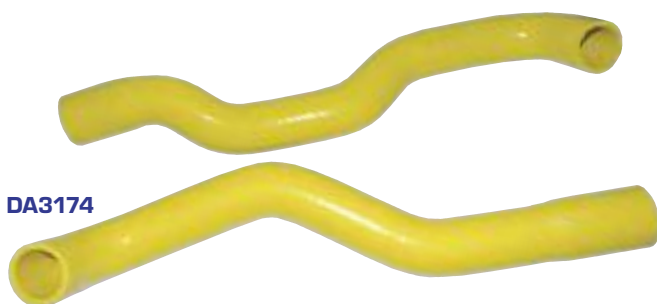

Added protection for your engine!

DA3173

INTERCOOLERS - PERFORMANCE

These high performance and robust units are constructed from polished aluminium and are 30% larger than the standard intercooler. As a result air has a chance to cool before entering the engine. This cooler air can increase engine power by up to 25bhp (subject to

Defender comparison - performance vs standard

application). Other benefits include better throttle response and reduction in fuel consumption depending on driving conditions. Ideal for on or off road use. Fully pressure tested, capped and sealed. Manufactured in the UK

PSI POWER TUNING PRODUCTS

The Power Box houses a digital microprocessor which intercepts the fuelling signals being transmitted from the ECU to the fuel pump; it then modifies them to ensure the exact amount of diesel required for enhanced performance. Such efficient use of the fuel optimises consumption, reduces smoke emissions and there is less engine stress, enhancing engine life in many cases.

The Power Box improves torque enabling the vehicle to change gears earlier and hold higher gears at lower speeds, making driving more pleasurable.

The unit fits using the original manufacturers plugs; these existing plugs are opened and the Power Box is secured in between. Full fitting instructions are included with every unit.

DA4419

Benefits

- > Can be removed prior to sale or used as a selling point
- > Traceless
- > Peace of mind
- > Quality product which is legal & safe
- > Unobtrusive in interior of vehicle
- > No worries off road
- > A good investment

WEBER CARBURETTORS

DA3049

V8 4-Barrel conversion kit including manifold
 The Webcon 4 barrel replacement carburettor kit is a direct replacement for the twin Stromberg or SU carbs fitted to the Rover V8. Calibrated to work perfectly on the 3.5 and 3.9 engines, the Webcon kit is the most complete on the market and features a Webcon modified Weber 4 barrel 500cfm carburettor, intake manifold, air filter and every single nut, bolt washer, gasket and hose that could possibly be needed. The kit adds up to 20bhp at the wheels and transforms the driveability and economy. Starting becomes instant either hot or cold and with no balance adjustment to worry about with twin carbs, the engine is simply superbly smooth as indeed a V8 should be.

- > Britpart are proud to present an exclusive range of Yellow and Black polyurethane bushes
- > Manufactured exclusively for Britpart using the latest Vulkollan™ polyurethane technology
- > Machined to exact tolerances once cast to produce the highest finish available
- > Produced in both yellow and black they are both the same compound which gives similar ride characteristics to the standard rubber bushes, but they offer improved articulation, vibration damping and last longer
- > The black bushes are ideal for replacing individual bushes as they can be fitted without a press
- > The DC range of kits include shock absorber and A-frame bushes

Manufactured exclusively for Britpart using the latest Vulkollan™ polyurethane technology

also available in **black**

SHOCK ABSORBERS

BRITPART CELLULAR DYNAMIC

including

BRITPART

CELLULAR DYNAMIC

- > cellular technology tube
- > sintered 18mm rod
- > piston diameter 41mm
- > polyurethane bush
- > teflon piston with multi-lip seal
- > single piece eye ring

The Britpart Cellular Dynamic Shock Absorber represents a significant advance in Land Rover suspension systems. It features a cellular foam insert instead of a normal nitrogen gas or air; this is to stop the oil from boiling. The foam takes up less room which means more room for oil, 50% more, which offers maximum heat dispersion. This heat dispersion translates to a very subtle but controlled ride that will not fade no matter how hard you push them. They are ideal for a driver who needs more control to complement performance improvements or to enhance a standard vehicle.

The unique design ensures ride comfort and cornering ability is maximised and of course they are superb off-road.

** +/- 5mm

Britpart Super Gaz Shock Absorbers offer a 35mm bore tube filled with Fuchs shock absorber fluid, using the best seal available, single piece eye rings, polyurethane bush mounts and a very durable powder coated finish. These offer a vast improvement in ride quality and damping performance. They are ideal for use with either of the Britpart Yellow Spring range or standard Land Rover Springs. Please ask for a CD of the shock absorbers in use or see the suspension section on the Britpart website!

Kit includes nuts, bolts & washers

DA6324

DA6323L

Any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers.

Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover to its maximum. One of the critical components that takes most of the abuse is the suspension system. When using the standard single shock absorber configuration it is not unknown for the shock absorber to break the factory fitted turret mount. These new shock absorber brackets from Britpart give you confidence that your vehicles suspension will tackle the terrain you take it through with greater ease.

The single shock absorber bracket is manufactured from heavy-duty steel and replaces the existing turret mount which is susceptible to corrosion by allowing a build up of dirt inside which is hard to clean thoroughly. The new design is harder wearing and easier to clean.

The twin shock absorber bracket is manufactured from the same quality steel as the single shock absorber bracket but allows for the fitment of an additional shock absorber. The benefits of having extra shock absorbers fitted to your Land Rover is that any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers. Using twin shocks is also beneficial when carrying loads both on and off-road as it improves the load carrying ability of the vehicle. An additional benefit is that when changing shock absorbers there is no need to remove the brackets. **Note** - Rear brackets involve some welding to fit.

*Note - Fitting shock absorber brackets may require some vehicle modification, please ask distributor for full details.

NEW ANCILLARY SUSPENSION PRODUCTS

STOP PRESS...

DA6337

- > Long travel rear shocker absorber mounting kit
- > Suitable for Defender 90/110/130 / Discovery 1 & Range Rover Classic
- > To be used in conjunction with DC6000LL
- > Laser cut, jigged and computer welded with zinc plated and powder coated finish

The standard pin and eye shock absorbers don't have the necessary articulation for extreme off road conditions and the answer is to use pin and pin shock absorbers. If you use our Cellular Dynamic Plus 5 shock absorbers they offer better articulation. **Note** - On Defender Td5 the fuel filter must be moved

DA6338

- > Heavy-duty front shock absorber turret rings
- > Suitable for Defender/Discovery 1 & Range Rover Classic

These robust & heavy-duty turret rings are made to replace the existing standard turret rings.

DA6339

- > 15mm prop shaft spacer kit
- > Suitable for Defender/Discovery 1 & Range Rover Classic
- > Machined from billet aluminium and anodised deep blue

When suspension lift kit is fitted it increases the distance between the transfer box flange and the diff flange. This increased distance can cause the prop shaft to run out of spline travel. Fitting this 15mm prop spacer helps return the prop shaft to its normal operating length therefore allowing full spline travel which also helps reduce the characteristic "binding" of the yokes when a prop shaft is over extended.

DA6341

- > +2" Spacer blocks
- > Front
- > Discovery 2
- > Machined from high quality aluminium and anodised deep blue
- > With this kit you are able to retain the standard springs and shock absorbers
- > Use in conjunction with DA6342

DA6342

- > +2" Spacer blocks
- > Rear
- > Discovery 2
- > Machined from high quality aluminium and anodised deep blue
- > Use in conjunction with DA6341

This kit enables you to retain your air springs yet give your vehicle the desired 2" lift. This kit is complete with everything needed to convert; it even includes the tap and die set! We recommend that this kit be fitted in conjunction with DA6341, DA4198 or DA4199. Please look at the shock absorbers suitable for this vehicle and at 40mm braided brake hoses.

DA6342

SPRINGS

AIR LIFT KITS

Adjustable Air Helper Springs

The load and towing problem solver

Air adjustability is the difference! Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't carry heavy loads; heavy springs ride rough, especially when the vehicle is unloaded. Air Lift adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions. Just add air when towing or hauling and then remove air for a softer ride when unloaded.

Features and benefits of Air Lift 1000

- > Improve ride, handling and stability by reducing roll, sway and "bottoming out"
- > Fits open coil springs, front or rear
- > Up to 1,000lbs of levelling capacity
- > Tough long-lasting moulded polyurethane construction
- > Quick connecting easy-to-use engineered polymer air fittings

Air Lift 1000

AIR SPRING CONVERSION KITS

Discovery 2

It is a sad fact that it's likely the air suspension on your Discovery 2 will fail - probably at the most inconvenient time possible. You then have a choice to make. Do you replace it with a new air spring system which is comfortable but not so comfortable on your wallet or replace with an equally comfortable but much more affordable and reliable coil spring system? Well Britpart have the complete kit for air to coil spring conversion making your decision that little bit easier.

DA5136 Discovery 2 - standard ride height Rear kit

DA5137 Discovery 2 - 2" lift ride height **NEW** Rear kit

DA5007 Discovery 2 - 2" lift ride height - **heavy-duty**

NEW Ideal if winch is fitted Front & rear kit

DA5008 Discovery 2 - 2" lift ride height **NEW** Front & rear kit

Air to coil spring conversion kits from Britpart - get a reliable and maintenance-free ride for your Land Rover!

Range Rover

The EAS (Electronic Air Suspension) System found on Range Rover 4.0 and 4.6 vehicles can present expensive, recurring maintenance problems. If you've had an air spring failure before, you know this first hand. Britpart now has a coil spring conversion kit for Range Rover 4.0 and 4.6 that makes switching to coil springs seamless and error-free. Conversion to coil springs provides a better, maintenance-free ride that will save you significant money over time. The EAS Override Module suppresses all typical false dashboard display errors and buzzers seen when converting to coil springs. Any mechanic or Range Rover owner can install this coil spring conversion kit without having to go to a Land Rover dealer or Autologic-equipped repair shop to eliminate false dash warning light errors. The kit features:

- > Detailed step-by-step instructions
- > The EAS Override Module overrides all typical computer errors seen when converting to a coil springs
- > Eliminates the need for a costly shop visit
- > Aluminium spring perch adapters
- > Britpart custom made coil springs provide standard ride height and maximum articulation
- > Affordable alternative to expensive, recurring air suspension failures
- > Trip computer compatibility - maintains operation of your vehicle's trip computer
- > Kit provides everything needed to complete a professional installation

High quality replacement parabolic springs from Britpart. Designed to match the original Santana specification, giving a very comfortable and controlled ride.
Note - Includes 'U' bolts and nuts.

SPRINGS - COIL

Britpart Performance - Lifted Springs

Britpart performance springs are high quality, versatile and competitively priced - the right choice when replacing the old sagging original springs.

Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind. Britpart performance lifted springs have the added benefit of improving your vehicles approach and departure angles which in turn allows you to overcome more obstacles when off-roading.

As Land Rovers are often working vehicles as well as the family car, uprated springs must offer the ability to carry loads, handle off-road terrain and provide a good ride on road. The progressive springs offer a compliant ride when lightly loaded, but firm up as the load increases.

Note - Spring quantity 1 = 1 pair

The right choice when replacing the old sagging original springs!

Britpart Performance - Standard Height Springs

Britpart yellow springs are designed for the enthusiast who wants a performance spring without having to raise the vehicle. They offer a firmer ride with less body roll, ideal for a vehicle with uprated performance or one used for carrying heavy loads. The springs are designed to offer full articulation off-road with a compliant ride. Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind.

WIDE ANGLE PROPSHAFTS

If your Land Rover has raised suspension or been modified for extreme axle articulation then the joints on the existing prop shaft will become strained. This will cause the prop shaft to lock up or vibrate and wear the universal joints prematurely.

reduces vibration, universal joint 'bind-up' and premature wear

DA6353

Dropping the axle further away from the chassis is great for looks, articulation and off-road performance - a neat solution is to fit a wide angle prop shaft. This allows drivetrain angles of up to 32 degrees which reduces vibration, universal joint 'bind-up' and premature wear on the joints. These wide angle shafts have greasable universal joints which are more desirable where longer life is required.

EXHAUSTS - STAINLESS STEEL

Double 'S' is recognised as one of Europe's leading manufacturers of stainless steel automotive components with a wide selection of systems for off-road.

Using only the finest austenitic and ferritic stainless steels and employing the latest in CNC mandrel and empty tube bending, measuring and inspection equipment, means increasingly high levels of product quality.

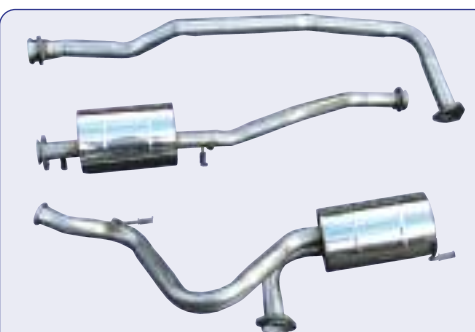

All Double 'S' exhaust systems carry a lifetime guarantee. Double 'S' will replace or repair any part of their Stainless Steel Exhaust Systems found defective through corrosion during the period that the system remains the property of the original owner. Provided that the system is inspected by a garage or exhaust fitting centre annually to ensure that the rubber and other mountings are in good condition.

Quick and easy
to install with
more power

These stainless steel exhaust silencer replacement pipes. They are designed to directly replace the front silencer in your exhaust system.

Once replaced the pipe will give your vehicle more power or reduced fuel consumption with only a small increase in cabin noise. CNC mandrel formed for a perfect fit with laser cut flanges, the pipes have a sateen finish, deep luster appearance. Quick and easy to install.

Reduced fuel
consumption

HAND BARRIER CREAM

DA5650

Britpart Liquid Gloves Hand Barrier Cream. No need to use hot water, soap or chemicals, easily removed with cold water!
 Biodegradable. Protects hands from grease and grime.
 Prevents ingrained dirt, cracks and calluses. Moisturises and softens hands. Specially designed for the automotive industry. Viable alternative to latex gloves.
 1 litre bottle.

No need to use hot water, soap or chemicals to protect your hands!

FLUIDS NEW

DA1122

Castrol - 1 litre - A1 5W-20

SLX Professional Fuel Saver

Co-engineered in partnership with Land Rover for new engine applications. Over the full service interval it keeps the engine clean and provides outstanding fuel economy.

LRO03156

Castrol - 1 litre - SAE 80W-90

Differential EPX

Mineral based multi-grade extreme pressure gear oil for the lubrication of spiral bevel and hypoid differentials. The product is also suitable for the lubrication of manual transmissions where the manufacturer recommends the use of an oil to API GL5.

TYK500010

Castrol - 1 litre - SAE 75W-90

Differential SAF-XO

Fully synthetic final drive lubricant recommended for most passenger car final drives.

TYK500070

Castrol - 1 litre - SAE 75W-90

Differential SAF Carbon Mod Plus

Fully synthetic gear oil which can be used for axles with limited slip differentials.

STC4862

Texamatic 7045E - 1 litre

Automatic transmission fluid

Provides top-tier protection to all applications where Dexron IIG type products are specified, offering excellent protection to automatic transmission and power steering systems.

STC4863

Mobil - 1 litre

ATF LT 71141

Automatic transmission fluid

Suitable for use in automatic transmissions and power steering systems.

HYLOMAR SEALANTS & COMPOUNDS

RTC3347

Hylomar Universal Blue - gasket & jointing compound - 100g tube

- > Non setting universal jointing compound
- > Resistant to fuels, coolants and lubricants
- > Use on gaskets and machined metal surfaces
- > High temperature capability up to 250°C
- > Unlimited assembly time
- > Easy disassembly for service maintenance
- > Allows for differential thermal expansion of components
- > Excellent vibration resistance

RTC3254

Hylomar 101 Silicone Sealant - gasketing, sealing & bonding compound - 85g tube

- > Engineering grade
- > Forms any size or shape of gasket instantly
- > Remains flexible, will not shrink
- > Bonds to metal, glass, ceramics, plastics, fibres and wood
- > Resists most solvents
- > Electrical insulator
- > Maximum constant operating temperature 250°C
- > Neutral curing
- > Ensure surfaces are free from oil and grease

STC4404

Hylomar 607 Silicone Sealant - 300ml cartridge

- > Excellent gap filling properties
- > Engineering grade
- > Forms any size or shape of gasket instantly
- > Remains flexible, will not shrink
- > Bonds to metal, glass, ceramics, plastics, fibres and wood
- > Resists most solvents
- > Good fluid resistance - not petrol or diesel
- > Electrical insulator
- > Maximum constant operating temperature 250°C
- > Neutral curing
- > Tolerant of some oil and grease, ensure surfaces are clean

STC4600

Hylomar 3400 Anaerobic Gasket Compound - 300ml cartridge

- > Excellent resistance to automotive fluids including fuels
- > Operating temperature -40°C to 150°C
- > Machined metal to metal surface only, not suitable for pressed steel
- > No gap filling
- > Latest generation anaerobic gasket compound
- > Single part product
- > Suitable for K-series engines
- > Ensure surfaces are free of oil and grease

DA6305	Lock 'N Seal	24ml bottle	Fast acting thread lock and sealant. Replaces traditional locking methods.
DA6306	Stud 'N Bearing Fit	24ml bottle	Locks and seals studs into position. Seals against leaks and vibration.
DA6307	Lock 'N Seal 243	50ml bottle	Fast-acting thread lock and sealant. Prevents bolts, screws & nuts from vibrating loose.
DA6308	Stud 'N Bearing Fit 2701	50ml bottle	Retains bearings into new and used housings
DA6309	Instant Adhesive 401	20g tube	Surface insensitive formulation creates a permanent bond with virtually any material
DA6310	Freeze and Release	400ml aerosol	Shock freezing (-43°C) is a quick and convenient method for releasing seized and corroded parts
DA6311	Quick Gasket	200ml aerosol	Permanently flexible flange sealant for non-rigid flanges and for plastic-to-plastic and metal-to-metal assemblies
DA6312	Chemical Metal	Mini blister pack	The original rock-hard multi-purpose repair paste
DA6313	Leak Fix	Mini blister pack	Seals and repairs leaks in petrol tanks, radiators and sumps
DA6314	Super Steel Epoxy-Weld	2 x 25g tube	Sets like steel. Seals, repairs, bonds, fixes and replaces
DA6316	Terodicht Elastic Window Sealant	310ml cartridge	Ideal for re-sealing rubber mounted windscreens
DA6317	Terolon Special Sealant	1.4kg can & brush	Vehicle body sealant for application with special brush
DA6318	Fast Set Epoxy 3430	24ml syringe	Two part general purpose epoxy adhesive
DA6319	Terolon Etch Primer	500ml aerosol	Provides excellent adhesion to steel, galvanised steel and aluminium
DA6320	Glass Adhesive	3ml tube	Glass to glass or glass to metal. Adhesive is triggered by UV rays in normal daylight. Clear bond line, water and detergent resistant.
DA6326	Zinc Spray	400ml aerosol	Sprayable anti-corrosion primer paint for vehicle body repairs. Electrically conductive (wet and dry). Allow to cure for 8-12 hours before over painting.
DA6327	Terotex HV 350	1 litre bottle	A solvent containing anticorrosive agent based on waxes, polymers and anti-corrosive additives. Contains high percentage of rust-proofing additives. Good creeping qualities. Penetrates to a depth of >35mm. Mild odour.
DA6328	Terotex Record 2000	1 litre bottle	Non-bituminous coating material for permanently flexible corrosion protection of under bodies. To complement factory-applied under body sealant coats. For coating replacement parts like bumpers or wheel arches and for anti-drum coating.

The Loctite® brand, is renowned for the excellence of its adhesives and sealants. Since the original development of a unique anaerobic technology more than fifty years ago, Loctite® products have become vital components in many of the machines and products that are at the core of everyday life.

SWIVEL HOUSING GREASE

STC3435

STC3435S

- STC3435** 370gm bottle
- STC3435S** 370ml sachet
- > Formulated for all leaf & coil spring Land Rover, Discovery and Range Rover models - 1951 - to date
- > Lubricates swivel pins and housing seals, protects spheres
- > A semi-fluid grease designed to withstand shock loading in oscillating joints
- > Reinforced with solid lubricants, highly resistant to water and salt corrosion
- > Better lubrication while driving, less leaks while standing
- > One shot gives 'filled for life' protection

TOUCH UP PAINT PENS

Exclusive to Britpart in the UK!!

The best you can get without repainting!

These superior touch up pens are made in the US and are as easy to use as a fine felt tip marker. They use a quality urethane paint for a superior colour match. The AutoSharp Pen has many unique features not otherwise available:

The Pen - Paint is held in a barrel and automatically dispensed through a fine felt tip, providing the user unparalleled control over their painting instrument.

The Paint - High quality urethane paint is used which is the same as your vehicles manufacturer. This paint provides the user with a much closer colour match than other companies which primarily use lacquer (old technology) paints.

The Results - The best you can get without refinishing the damaged areas.

More details and FAQs can be found at www.britpart.com/paintpens

Note - If your colour is not listed then please contact us.

ELECTRICS

ELECTRONIC CONVERSION KITS

ERC4536K

ERC4536K

This electronic conversion kit is for V8 points and has built in dwell adjustment with rpm protection when not running.

ETC5835K

ETC5835K

The Britpart electronic conversion kit replaces the existing points and condenser with a new reliable electronic module. For 4-cylinder petrol engines the Britpart electronic ignition module has been developed to work with the standard ignition coil and provides service free and accurate ignition timing. The kit can be easily fitted to standard points type 45D4 distributors without having to fit a new electronic ignition coil.

We'd recommend fitting a new coil at the same time - PRC9858. Also available a new distributor with points to which this kit can be fitted - ETC5835.

Dodgy points and condenser?

HEATER PLUG UPGRADE KIT

DA1057
Series - 2¹/₄ diesel engine

DA1057

Complete Engines

Include fuel pump, injectors, injector pipes, timing assembly and bell housing. Complete engines are tested prior to despatch. Once tested the flywheel and manifolds are removed and the engine is packed without these parts. Outer timing covers, pulleys, manifolds, flywheel and turbo charger are not included.

Stripped Engines

Include sump, block, cylinder head, rocker cover, inner timing cover, camshaft and crankshaft gear.

Short Engines

Consist of block, crank, con-rods and pistons only.

A full range of engines available from Britpart

Re-conditioned Engines

These engines have been through the following rigorous processes:

- > Complete strip down
- > Removal of all core plugs
- > Thorough cleaning in environmentally-friendly, solvent-free washing machines
- > Removal of all parts subject to wear
- > Inspection of casings for signs of damage and corrosion
- > Crack-testing of camshafts before and after re-grinding
- > Re-boring of blocks and machining of decks to the correct surface finishes
- > Fitting of perfectly-balanced, machined con-rods in accordance with manufacturers recommended piston protrusions
- > Meticulous re-building of engines in individual, contaminant-free workstations
- > Renewal of all bearings and gaskets throughout the engine
- > Renewal/overhaul of oil pumps
- > Replacement of all core plugs
- > Dyno-testing of complete engines
- > Final inspection
- > Wrapping in cellophane and fitting into rigid, steel transportation frames

HEATING

HEATER BLOWER MOTOR KIT & RESISTOR KIT

DA4178

DA4178
Range Rover Classic 1990 - 1994 & Discovery 1 - 200Tdi with air con
Atlantic British has developed this all inclusive kit designed and engineered
to replace failed heater motors. The kit includes heater blower motor;
blower wheel, motor mounting bracket and mounting screws, heater
assembly seals, nylon ties, solder, shrink tubing (for soldered connections)
and complete instructions.

Note - When replacing the heater blower motor the vehicle's resistor must
be upgraded to DA4178RESISTOR

DA4178RESISTOR

The air con blower motor resistor controls the speed of the blower motor
and the force of the airflow out of the dash vents, it features a thermal-sink
aluminium mounting plate that dissipates circuit heat effectively.

TOOLS & PROTECTION

TOOLS

Prop shaft fastener tools

Specialist socket for prop shaft fasteners on most Land Rovers. The 9/16" socket end is a perfect hexagon with rounded tip profiles to ensure the whole turning power is transferred onto the flanks of the nuts instead of on the corners. The socket's slim wall construction and wine glass profile, coupled to an integral slimline extension means it fits perfectly between the UJ yokes and over the prop shaft nuts without fouling. The 9/16" AF nuts are common to Series Land Rovers, Defenders (90 & 110 up to latest vehicles), Discoverys (up to and including Discovery 2 model) and Range Rovers (up to and including P38 model).

- > Size: 9/16" 6 point (hexagon)
- > Total length: 150mm
- > Outside diameter: 20mm

CV JOINT KITS

Britpart has put together these boxed kits to help the fitter have all the necessary parts to do the job in one hit, saving time and money trying to find the necessary parts to do the job. These kits are also helpful to pass over the trade counter instead of having to hunt for the individual parts. One kit does one CV joint.

Save time and money with a Britpart CV Joint kit

DAMPER KIT

DA2352

Freelander 1
- pre-2006 4-cylinder

Not all viscous coupling problems are the fault of the unit itself, sometimes the damper is at fault, this kit prevents buying the whole coupling, just to replace the damper.

DIFF COUPLING SHAFT

We are now able to offer a cheaper alternative!

**DA2355**

The Range Rover L322 - 2002 onwards, suffer from a common problem with the coupling shaft spline wearing between the front propshaft and front differential, thus losing drive to the differential. The problem purely relates to the coupling shaft and the differential itself is not affected. Currently the only solution offered by Land Rover is to replace the propshaft and the whole complete front differential assembly - a very expensive option! Using this new coupling shaft will enable you to replace just the propshaft and coupling shaft and leave the differential in place, therefore reducing both time (the differential need not be removed from the vehicle) and cost.

Changing your clutch?

- > As OE fitment, no drilling required
- > Once fitted the system is indistinguishable from factory fitted units
- > Plugs straight into the existing Land Rover wiring loom and fuse board
- > Easy to install as components are pre-assembled
- > Kit uses high performance condenser which eliminates need for an extended nose cone
- > Parts interchangeable with Land Rover parts

ORIGINAL TECHNICAL PUBLICATIONS

These are a range of original technical publications on DVD. On the DVD you'll get original parts books, workshop manuals and handbooks. Each DVD focuses on one model as shown and each has the same format:

the original parts catalogues (from parts book and/or microfiche, as appropriate) are followed by the workshop manuals and driver's handbooks, all reproduced in an easy-to-use and easy-to-print PDF format.

Handy and easy to use!

Screen shot for illustrative purposes only

Note - Minimum system requirements - Compatible with Windows operating systems from 2000 through to Seven as well as all versions of Adobe Acrobat from version 6 through 9. The DVDs can also be run on Apple Macs ONLY when running Windows. A virtualization software like VMware Fusion 3 will need to be used to do this.

INDEX

A Bars	7	Brake discs	94 - 95	Chassis & body components - Discovery 1	127
Accessories, winching	89 - 91	Brake fluid	131	Chassis & body components - Freelander	127
Adaptor kits, wheel	35	Brake hose kits	96	Chassis & body components - Range Rover Classic	128
Air compressors	33 & 72	Brake kits	125	Chassis & body components - Series 2 & 3	129
Air compressors & tyre repair kit	72	Brake lubrication	96	Chequer plate	6
Air conditioning kits	158	Brake pads	95	Clamps, exhaust	130
Air filters - Britpart	98	Brake parts	94 - 95	Cleaners	131
Air filters - K&N consumables	97	Bridging ladders	78	Clips, clamps & nipples	130
Air filters - Performance	98	Britpart bulk filters	144	Clips, Jubilee	130
Air intake grilles	154 - 155	Britpart Cellular Dynamic shock absorbers	107	Clothing	160 - 162
Air lift kits	110	Britpart clothing	160	Clutch kits	139
Air spring conversion kits	111	Britpart merchandise	160	Coil springs	113
Air springs	112	Britpart Super Gaz shock absorbers	108	Compounds, Hylomar	131
Alloy wheels	36	Britpart winches	83 - 85	Compressors, air	33 & 72
Antifreeze	131	Bulkhead bars	66	Cones, dislocation	111
Anti-roll bar kit	104	Bump stops	105	Consumables, Land Rover	131
Anti-squeal brake pads	94	Bumper	8	Consumables, Loctite	131
ARB diff lockers	73	Bumper kits, winch	87	Conversion kit, handbrake	97
Automatic transmission service kit	138	Bumperettes	8	Conversion kit, light	43
Batteries	82	Bumpers, winch	88	Conversion kits, air spring	111
Battery charger	86	Bush fitting tool	105	Conversion kits, electronic	133
Bearing, wheel	124	Bush sets - Britpart other	105	Cosmetic enhancements	154 - 155
Bearings, propshaft	140	Bush sets - Britpart polyurethane	106	Covers, waterproof seat	61 - 62
Bike racks	26, 28 & 30	Bushes	105 - 106	Covers, wheel	33
Bilstein, shock absorbers	109	Cans, Jerry	75	Cubby boxes	64 - 65
Blanking kits	97	Carburettors, Weber	100	Cup holder	64 - 65
Blocks, spacer	110	Carpet mats	58 - 60	CV joint kits	138
Books	158 - 159	Carriers, wheel	32	Cycle carrier	26, 28 & 30
Boot liner	56 - 57	Cellular Dynamic shock absorbers	107	Cylinder heads	134
Boxes, cubby	64 - 65	Charger, battery	86	Cylinder liner kit	134
Boxes, roof	28	Chassis - complete	125	Damper kit	138
Brake anti-squeal pads	94	Chassis & body components - Defender	126	Dash trim	70

INDEX - continued

Defender service kits	142	Kits, CV joint	138	Sealants, Hylomar	131
Defender vehicle enhancements	154 - 155	Kits, electronic conversion	133	Seat covers	61 - 62
Deflectors, wind	18	Kits, re-trim	68	Seat rails	66
De-icer	131	Kits, suspension	115	Seats	67
Delphi, shock absorbers	109	Kits, swivel housing gaiter	17	Seats - Defender & Series	67
Detroit diff lockers	74	Kits, swivel pin	124	Seats - Techno style	69
Diff coupling shaft	138	Kits, timing	136	Seats - XS style	69
Diff guard - bolt on	17	Kits, wheel bearing	124	Sensors, parking	15
Diff lockers - uprated - ARB	73	Ladders - off-road	78	Series service kits	144
Diff lockers - uprated - Detroit	74	Ladders - roof	26	Service kits	142
Diff repair pans	140	Lamp guards	9 - 13	Shackle	89 - 91
Discovery 3 vehicle enhancements	150 - 151	Land meters	78	Shock absorber brackets	109
Discovery service kits	142	Land Rover gear	161 - 162	Shock absorbers - Bilstein	109
Dislocation cones	111	Land Rover genuine consumables	131	Shock absorbers - Cellular Dynamic	107
Dog guards	54 - 55	Lead sets, ignition	133	Shock absorbers - Delphi De Carbon	109
Door hinge kits	130	Light bar	43	Shock absorbers - heavy-duty	109
Door trim	70, 126 & 129	Light conversion kits	43	Shock absorbers - Super Gaz	108
Down pipes	122	Light kits	41	Side & rear steps	20 - 23
Driving lights	40	Light mounting kits	43	Side runners	20 - 23
Dyneema rope	89 - 91	Light upgrade kits	43	Side steps	20 - 23
EBC brake parts	95	Lights - driving	40	Silencers	122
EGR blanking kits	97	Lights - fog	41	Silicone hoses	99
Electronic conversion kits	133	Lights - NAS	41	Snatch block	89 - 91
Emergency hammer	75	Lights - Roo-lites	42	Snorkels	78 & 79
Engines - new	135	Liner kit, cylinder	134	Spacer blocks	110
Engines - reconditioned	135	Liner, boot	56 - 57	Spare parts, winch	86
Exhaust clamps	130	Link lead	134	Spare wheel carriers	32
Exhausts - stainless steel	120	Loadspace liners	56 - 57	Spare wheel covers	33
Exhausts - stainless steel sports systems	121	Loadspace nets & retention kit	58	Spring retainers	112
Extended slide seat rails & bulkhead bars	66	Locking wheel nuts, keys & caps	34	Springs - air	112
Extinguishers, fire	74	Loctite consumables	131	Springs - coil	113
Fairleads	89 - 91	Lubrication, brake	96	Springs - parabolic	112
Filter Guards	99	Lucas batteries	82	Steel wheels	37
Filters	144	Manuals	158	Steering arms - heavy-duty	114
Fire extinguishers	74	Map reading lamp	42	Steering guards	17
First aid kit	74	Matrix, heater	136	Steering wheels	154 - 155
Fluids	131	Mats	58 - 60	Stops	105
Fog lights	41	Merchandise	160 - 162	Sump guards	17
Freelander 2 vehicle enhancements	152 - 153	Mirrors & fittings	13	Super Gaz shock absorbers	108
Freelander service kits	142	Mud flaps	14	Suspension kits - Britpart	115
Front bumper	8	Muffs, radiator	163	Swivel housing gaiter kits	17
Front bumperettes	8	NAS lights	41	Swivel housing grease	131
Fuel tanks	75	Net, loadspace	58	Swivel housing kits	124
Fume curtain	66	Nipples, grease	130	Swivel pin kits	124
Gaiter kits	17	Oil	131	Tanks, fuel tanks	75
Gaiters, gear box	55	Oil pump gear set	136	Techno style seats	69
Gasket kits	134	Optima batteries	82	Timing kits	136
Gear box gaiters	55	Original technical publications	159	Tools	105 & 137
Gear boxes - new	140	Paints	131 & 133	Touch up paint pens	133
Gear boxes - reconditioned	140	Panhard rod	104	Tow bars	46 - 51
Gear lever set	154 - 155	Pans, diff repair	140	Tow electrics	46 - 51
Gloves	89 - 91	Parabolic springs	112	Tow hitches	46 - 51
Glue	131	Parking sensors	15	Tow kits	46 - 51
Grease nipples	130	Parts & general interest books	159	Tow ropes	89 - 91
Grilles	154 - 155	Pens, touch up	131 & 133	Towing equipment	46 - 51
Guard, transmission	18	Performance brake discs	94	Transfer boxes	140
Guards, dog	54 - 55	Polybush sets	105	Transmission fluid	131
Guards, lamp	9 - 13	Premium mats	58 - 60	Transmission guard	18
Guards, steering	17	Pressure relief valve kit	136	Tree straps	89 - 91
Guards, sump	17	Prop shaft spacer kit	110	Trim, dash	70
Hammer - emergency	75	Propshaft bearings	140	Trim, door	70, 126 & 129
Hand barrier cream	130	Propshaft kit	140	Tuning products	100
Handbrake conversion kits	97	Propshafts, wide angle	118	Turret rings	110
Haynes internal combustion engine	162	Protection tubes	20 - 23	Tyre pressure monitoring system	32
Haynes manuals & books	158	PSI power tuning products	100	Tyre repair kit & air compressors	33
Head bolt sets	134	Radiator muffs	163	Utility link and rear pipes	122
Heads, cylinder	134	Radius arms	104	Vehicle enhancements	146 - 155
Heater blower motor kit & resistor kit	136	Raised air intakes	78 - 79	Vents	154 - 155
Heater matrixes	136	Range Rover L322 vehicle enhancements	146 - 147	Waterproof seat covers	61 - 62
Heater plug upgrade kit	134	Range Rover service kits	143	Weber carburettors	100
Hi-Lift jacks	76	Range Rover Sport vehicle enhancements	148 - 149	Wheel arch kits	16
Hinge kits, door	130	Rear bumper	15	Wheel bearing kits	124
Hoods	66	Rear bumperettes	15	Wheel carriers	32
Hoses	99	Rear exhaust pipes	122	Wheel covers	33
Hylomar sealants & compounds	131	Rear steps	20 - 23	Wheel hub & bearing	124
Ignition lead sets	133	Recovery eye	89 - 91	Wheel keys	34
Ignition module	134	Remote control	89 - 91	Wheel nuts & caps	34
Inner tube	32	Repair kit, tyre	33 & 72	Wheel spacers & adaptor kits	35
Intercooler silicone hoses	99	Retainers, spring	112	Wheel wrenches	34
Intercoolers - performance	100	Re-trim kits	68	Wheels, alloy	36
Interior lamp	42	Rims	38	Wheels, steel	37
Jackall jacks	77	Rings, turret	110	Wide angle propshafts	118
Jacking equipment	77	Roof boxes	29 & 30	Winch bumper kits	87
Jacks - Hi-Lift	76	Roof rack ladder	26	Winch bumpers	88
Jacks - Jackall	77	Roof racks	28 - 30	Winch spare parts	86
Jerry cans	75	Roof racks - galvanised flat pack kits	27	Winches	83 - 85
Jubilee clips	130	Roof racks & boxes - Mont Blanc	28	Winching accessories	89 - 91
K&N consumables	97	Roof racks & boxes - Thule	30	Winching accessory kits	91
Keys, wheel nut	34	Roof rails	28 - 30	Wind deflectors	18
Kit, automatic transmission service	138	Roo-lites	42	Window kits	130
Kit, damper	138	Ropes, tow	89 - 91	Wing protectors	137
Kit, heater plug upgrade	134	Rubber mats	58 - 60	Wiper blades - heavy-duty	163
Kit, tyre repair	33 & 72	Rubbing strips	16	Wrenches	34
Kits, brake hose	96	Sand ladders	78	XS style seats	69
Kits, clutch	139	Screen wash	131	Zu rims	38

KEEP UP TO DATE

Keep up to date with all the latest developments from Britpart by e-mail.

Simply log on to www.britpart.com and register your details in the 'Mailing List' section or simply send an e-mail to - marketing@britpart.co.uk

WE'D LOVE TO SEE YOUR PICTURES

If you have a great picture of your Land Rover and would like to see it featured in the next Britpart catalogue, then please send it to marketing@britpart.co.uk with all your details. We look forward to seeing them and for each one we feature we'll send you a small thank you gift! Freelander 2 picture courtesy of Darren Whiley

THE SMALL PRINT

- > Part numbers used for identification purposes only and do not imply or indicate the identity of a manufacturer.
- > Genuine Land Rover parts and accessories are for sale in EU countries only.
- > Parts are subject to stock and supply.
- > Pictures are for reference only and specifications may alter without notice.
- > Colour swatches are for reference only - samples are available on request.
- > All products available at time of printing and we reserve the right to withdraw any product at any time.
- > Land Rover logos and trade names are for reference only.
- > No part of this catalogue may be used or reproduced by any means without the express permission of Britpart.
- > Product specifications are given but it is up to the end user to ensure that the product is fit for that purpose.
- > E&OE
