In Appreciation

The North Carolina Sheriffs' Association Directory is compiled and published as a public service, and made possible through the support and generosity of our Honorary Members and Directory advertisers.

This directory is a valuable tool, not only to Sheriffs, but to all law enforcement officials in North Carolina as an instant reference guide. It contains biographical data of federal, state, county, city and town public officials.

To those businesses and individuals who support and believe in quality and professional law enforcement, our sincere appreciation.

Eliminate Manual-Payment Processing — At No Cost to Your Facility

Manual payment processing is a labor-intensive and costly activity, and in the current economic environment where the bottom line counts—automation pays.

Your facility can gain the numerous benefits of automation, including:

- Increasing deposit revenues
- Eliminating the costs of manual-payment processing and cash handling
- Reducing facility time spent on customer care issues
- Validating account information in real time

TouchPay offers electronic-funding solutions for the duration of an inmate's custody—from booking to deposits to release. Cash and credit/debit cards are accepted through multiple collection points for inmate deposits and government-mandated payments, and TouchPay's Intake Kiosk is the **only solution that processes bulk coin and bills at booking.**
