### MUSTANG FENDER FLARES KIT . . . M-50000-A61

Look fast when you're standing still. Give your Mustang that competition look you see at IMSA and SCAA road races. These Hi-Tech, contemporary, European-styled fender flares fit all 1979-86 Mustangs . . . except GT models with front spoiler and 1984 Mustang SVO. Convertibles require modification to the rear panels.

- The fender flares are OEM quality fiberglass . . . ready for priming and finish painting.
- They are designed for 15 x 8 wheels with 1-inch offset and 60-Series tires.
- The kit includes:
  - Two "bolt-on" flared front fenders
  - Two "adhesive-mounted" rear fender flares. Installation may require assistance of an experienced auto body technician. **Bonding material is not included.** It is readily available at local body shop outlets.
  - One fuel inlet door
  - Complete instructions with photos

### FORD MOTORSPORT SEAT

This seat is basically the same as the one designed for the Mustang SVO, except it features the "Ford Motorsport" logo on the upper seat back and has a "halo" headrest. The seat comes complete with a bulb-type inflatable lumbar support. Available in charcoal cloth only. Fits Ford corporate bucket seat track systems (1979-87 Mustang/Capri, 1980-87 Thunderbird/Cougar, 1981-87 Escort/Lynx/EXP/LN-7 and 1984-87 Tempo/Topaz).

**M-60000-B**  
(passenger's side)

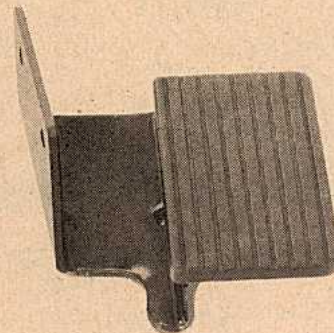

### M-3600-A FORD EMBOSSED MOTORSPORTS STEERING WHEEL

- Premium quality dark charcoal color.
- Leather-wrapped with "Ford" logo.
- Similar to 1984-86 Mustang SVO original equipment wheel.
- Fits most 1983 and later Ford-built vehicles without cruise control.
- Retains center horn blow feature for those vehicles so equipped.

### M-61120-A DRIVER'S LEFT FOOTREST

Footrest bracket, rubber pad, screws and installation instructions. Original equipment in Mustang SVO — adaptable to most vehicles.

## THUNDERBIRD BODY KITS FOR NASCAR AND DRAG RACING

These body kits are designed for "off-highway" use only by the racer who wants the advantage and convenience of constructing his own race car at low cost. Package contains sheet metal necessary to skin a

custom-built chassis including window moldings. Panels are unpainted without inner reinforcements and sound deadeners.
