Missouri State Auditor

December 2007

Review of 2007 Property Tax Rates

Office Of The
State Auditor Of Missouri
Susan Montee, CPA

December 2007

The following report contains certification information on taxing authorities throughout Missouri.

State law requires the Missouri State Auditor to annually check all taxing jurisdictions throughout Missouri as to their compliance with the tax limitation provisions of Missouri's Hancock Amendment and with Section 137.073, RSMo. The following report shows whether or not a taxing jurisdiction has met its constitutional and statutory obligation to set an overall tax rate at a level approved by voters and within the bounds of limits set by Missouri's Constitution and the State Legislature.

IMPORTANT: The State Auditor's Office has no authority to determine or review individual tax assessments. Chapter 138, RSMo governs the appeals process for assessed valuations as they pertain to individual taxpayers.

All individual tax assessment matters are the responsibility of each county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

All reports are available on our Web site: www.auditor.mo.gov

STATE AUDITOR'S REPORT

SUSAN MONTEE, CPA
Missouri State Auditor

Honorable Matt Blunt, Governor
and
Members of the General Assembly
Jefferson City, MO 65102

The State Auditor's Office is required to review local property tax rates of all taxing authorities in the state annually. The primary objectives of this review were to determine (1) whether local governing boards have levied taxes in accordance with state law, and (2) in particular, whether local property tax rates have been adjusted to ensure that property reassessments are revenue neutral. Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2007, we received substantiating data and issued a finding on 4,854 property tax rates of 2,737 taxing authorities. Fifteen taxing authorities levied tax rates that exceeded the tax rate certified, resulting in over \$1.3 million in excess tax levies. Although non-compliant tax rates have increased over last year, the number of taxing authorities levying a non-compliant tax rate is only approximately 0.5 percent of all taxing authorities.

Property taxes are often the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund our public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices is often eroded.

A handwritten signature in cursive script that reads "Susan Montee".

RESULTS

RESULTS

Taxing Authorities Generally Complied with State Property Tax Laws

The State Auditor received substantiating data and reviewed 4,854 property tax rates for 2,737 taxing authorities. Of the rates reviewed, 518 were debt service levies, 168 were new property tax rates approved by voters and, 55 were for existing property tax rates that were increased by voter approval. The remaining 4,113 levies reviewed are general types of levies. Fifteen taxing authorities (approximately one half of a percent of all taxing authorities) levied nineteen tax rates that were non-compliant. While varying factors contributed to these violations, the majority of non-compliant rates and excess revenue generated were from St. Louis County. See Table 1.2 below for a listing of the non-compliant tax rates levied. Taxing Authorities wholly in St. Louis County were required to use the four-rate system of levying a separate rate for each subclass of property. Uncertainty with the implementation of the four-rate system originates from a lack of statutory guidance on the handling of elections, recouplements, voluntary reductions, and debt service levies which were not addressed by the legislation implementing the four-rate system. In the absence of statutory guidance specifically addressing ballots posed under the four-rate system, the State Auditor's Office has reviewed all ballots under the assumption that all elections apply to all property.

The following graphs illustrate the 5 year history of non-compliant rates and revenue.

Background

The State Auditor's Office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file data supporting the proposed property tax rates with the county, using forms prescribed by the Auditor. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

Review methodology

The 2007 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Article X, Section 22 of the Missouri Constitution (commonly referred to as the Hancock Amendment). The tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of the tax rate ceiling is based on the assessed valuation for the entire

political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, our review of property tax rates begins with the prior year allowed revenue. This is the maximum amount of revenue a taxing authority would have received in the prior year. Current year tax levies must be set to yield the same gross revenue as allowed in the prior year, in addition, an adjustment is made for additional revenue permitted for assessment growth that is the lower of, (1) the actual growth rate or, (2) the inflation rate, or (3) five percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also have an effect on the tax rate ceiling calculation. The county uses this rate to collect taxes on all property including new construction and improvements.

Voters may authorize increases beyond the set limits. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. The State Auditor's Office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is generally viewed as reasonable if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

The total assessed valuation of a taxing authority that is submitted by the County Clerk or a representative of the political subdivision is used in the State Auditor's Office review of property taxes. The State Auditor's Office does not review the assessed valuation of individual pieces of property, as Section 138, RSMo governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the County Assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase, tax rate ceilings generally decrease depending on the amount of the increase to produce substantially the same amount of revenue as allowed in the prior year. See *Appendixes IA & IB* for a more detailed summary of the changes in assessed valuation, by type of taxing authority and see *Appendixes IIA & IIB* for a more detailed summary of changes in tax rate ceilings, by type of taxing authority.

In addition, *Appendix III* is a map that provides a statewide geographical perspective of county valuation growth due to new construction growth and reassessment from 2006 to 2007. And *Appendix IV*, is a map that reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred.

Organization of Report Content

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright, followed by the City of St. Louis). When a taxing authority is located in more than one county, it is listed under the primary county only. The assessed valuations presented for taxing authorities, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for the school districts include only taxable locally assessed property. The abated portions of property valuations

that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling.

Sales tax rollbacks required by law for some county levies were not reviewed as part of this report. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review where it appeared the district waived all or part of the rollback without voter approval to generate additional local revenues. A majority of school districts have obtained voter approved waivers of the required sales tax rollback of their property tax. *Appendix XII* lists the 475 schools with full or partial waivers of Proposition C (sales tax) reductions. These school districts obtained voter approval to not roll back part or all of the required amount for Proposition C. The list includes 48 schools with partial Proposition C waivers and 427 schools with full Proposition C waivers. The remaining 47 school districts have not obtained voter approved waivers of the sales tax rollback and therefore are required to rollback their property tax rate.

Notable Issues in 2007

No changes in legislation or procedures occurred during 2007, however, there was an increase in non-compliant rates this year. While varying factors contributed to these violations, increased awareness of Missouri law should help alleviate them. See Table 1.2 below for a listing of the non-compliant tax rates levied.

The statutes allow the tax rate ceiling to be revised to compensate for reductions in assessments from decisions of the State Tax Commission or a judicial court or are from clerical corrections. After making revisions, a political subdivision may be permitted to levy an additional tax for up to three years to recoup the revenues it was entitled to receive for the preceding one to three year period affected by the revisions. There were two taxing authorities that recalculated and recouped lost revenues for their levies for the prior three years as allowed by the statutes.

Table 1.1 summarizes voluntary reductions taken under the four-rate system. Although the majority of levies imposed under the four-rate system did not voluntarily reduce their levy, under current statutory guidance available any and all voluntary reductions are allowable.

Table 1.1 Summary of Voluntary Reductions Taken Under the Four-Rate System

Description	# of Levies	Percentage
Voluntarily Rolled Back Each Subclass to Zero	7	3%
Voluntarily Rolled Back to Levy a Single Rate on All Property	39	15%
Voluntarily Rolled Back But Did Not Levy a Single Rate on All Property	52	20%
No Voluntary Reduction Taken on Any Subclass of Property	163	62%
Total	261	100%

Tax Rates Levied in Excess of the Tax Rate Certified

Table 1.2 lists 15 taxing authorities that levied 19 tax rates in excess of the legally permissible tax levy as provided by state law. Excess revenues collected totaled \$1,394,315.

Source: Tax Rate Computational Forms Submitted by Taxing Entities

- (1) The Certified Rate column represents the rates determined to be legally permissible based on the information submitted by the taxing authority. The excess tax revenue is computed by multiplying the excess tax rate (actual rate levied – certified rate) by the assessed valuation and dividing by 100.
- (2) Iberia Fire Protection District has assessed valuation in Miller and Maries Counties. The district levied a compliant tax rate in Maries County but levied \$0.2856 in Miller County. The non-compliant revenue is calculated using the Miller County assessed valuation only since the Maries County's portion was compliant.

- (3) Clayton School District disputes the State Auditor's implementation of the Missouri Attorney General's (AG) Opinion 107-2003 as applied to the recalculation and recoupment of lost revenues from the 2003 tax rates. The School District had a voter approved increase to their tax rate that was added to the tax rate ceiling valid on the date of the election as per the AG Opinion 107-2003, but School District contends that the increase should be added to the revised tax rate that would have been valid on the date of the election.
- (4) Also levied an excessive tax rate in 2006.
- (5) Twenty eight taxing authorities levied a non-compliant rate due to a dispute in ballot interpretation. Each had a ballot approving a rate equal to a fraction of a cent instead of one approved in whole cents.

(1) This column includes levies that existed in prior years and were revised due to an election, see Apendix XI. This column also includes school levies that increased due to the school board's election to implement Missouri Constitutional Amendment No. 2 approved by voters on November 3, 1998 which allows school districts to levy a minimum of \$2.7500 by school board action alone.

(2) This column includes all newly voted levies which adjustments were made based on information received from the taxing authorities (see Appendix X) or to rename levies for consistency purposes.

(3) See Appendix IX for a listing of taxing authorities levying a property tax rate to pay the annual debt service requirements for general obligation bonds outstanding.

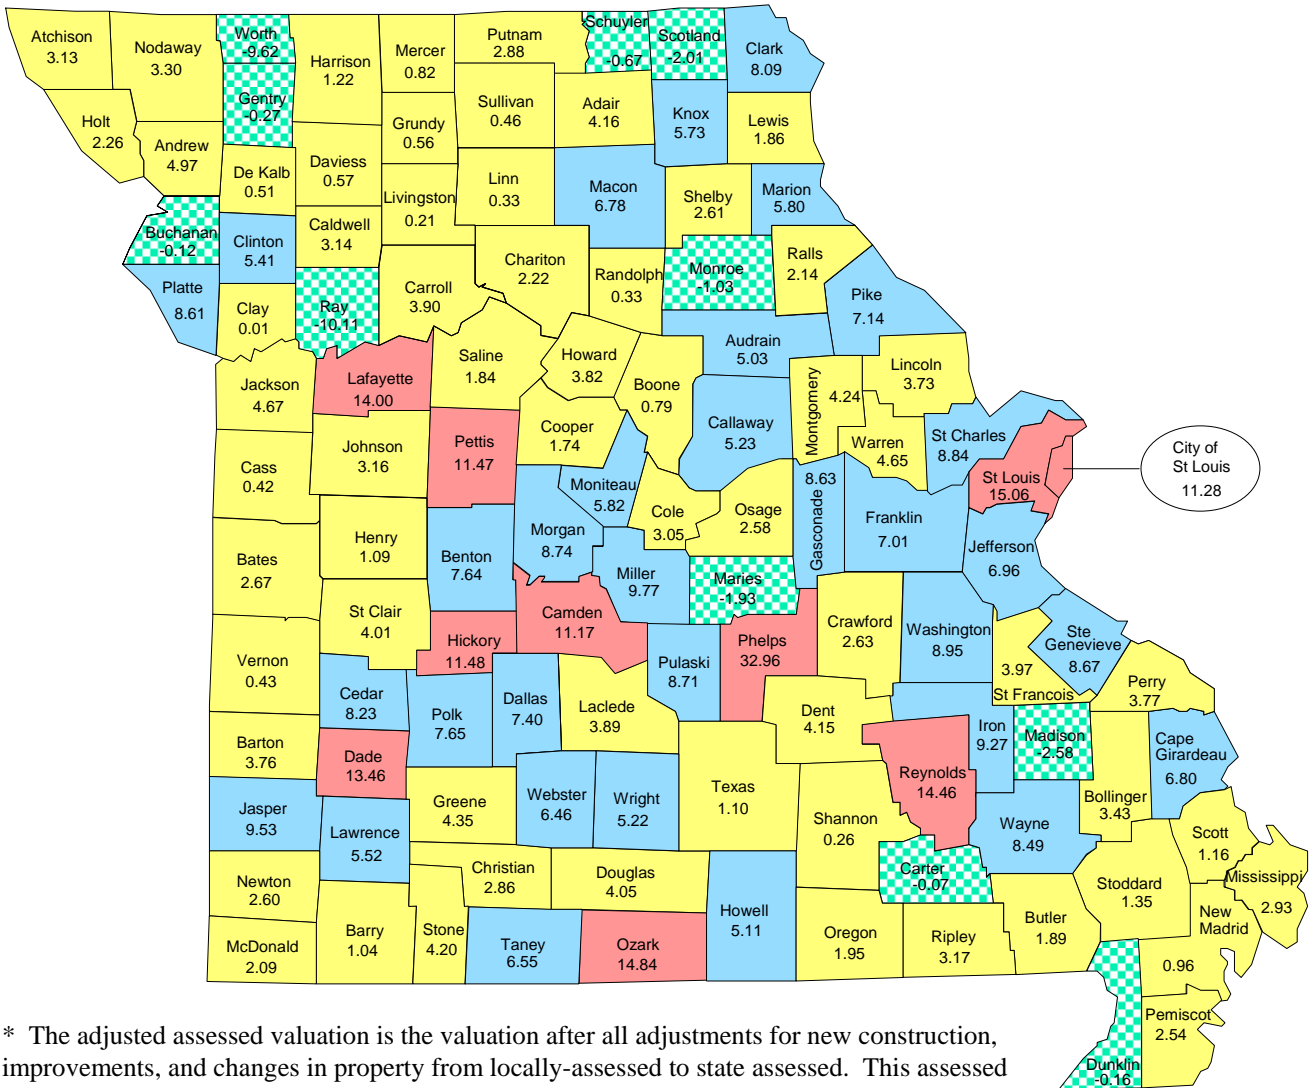

2006 – 2007 PERCENTAGE CHANGE IN TOTAL ASSESSED VALUATIONS
 OVERALL COUNTY VALUATION CHANGES PRIOR TO ADJUSTMENTS

High County: McDonald 80.02

Low County: Ray -8.77

2006 – 2007 PERCENTAGE CHANGE IN ADJUSTED ASSESSED VALUATIONS*

* The adjusted assessed valuation is the valuation after all adjustments for new construction, improvements, and changes in property from locally-assessed to state assessed. This assessed valuation is compared to the total prior assessed valuation in the calculation for compliance with the Hancock Amendment.

High County: Phelps 32.96

Low County: Ray -10.11

LISTING OF TAX RATES FOR LOCAL GOVERNMENTS LEVYING A SINGLE TAX RATE ON ALL PROPERTY

County	Political Subdivision	Purpose	2005			2006			2007		
			Assessed Value	Ceiling	Levied	Assessed Value	Ceiling	Levied	Assessed Value	Ceiling	Levied

LEGEND:

- ** Levy did not exist in the given year or was not certified due to insufficient substantiating data
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Appendix X for 2007 levies.
- B A voter approved increase to an existing levy, see Appendix XI for 2007 levies.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.2 for 2007 levies.
- E Levied a tax rate that was in excess of the legally permissible tax levy due to a dispute in ballot interpretation. A ballot was passed approving a rate equal to a fraction of a cent instead of one approved in whole cents.
- F Article X, Section 11(g) of the Missouri Constitution allows the school board of the Kansas City 33 School District to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the school board of the district.

NOTE:

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

In 2003, all political subdivisions in St. Louis County were required to levy a separate tax rate for each subclass of property per section 137.073 RSMo as revised by House Bill 1150 passed in 2002. This statute and the tax rate calculation was revised again by Senate Bill 960 (SB960) passed in 2004. Due to SB960's effective date of October 1, 2004 for all political subdivisions not within St. Louis County, all political subdivisions partially in St. Louis County and partially in another county levied a single tax rate applied to all property in 2004. Political subdivisions partially in St. Louis County and partially in another county(ies) were required by SB 267 passed in 2005 to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions of SB 960.

LEGEND:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Appendix X.
- B A voter approved increase to an existing levy, see Appendix XI.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.2.

NOTE:

This Appendix contains levy information for political subdivisions wholly in St. Louis County. Political subdivisions partially in St. Louis County and partially in another county(ies) were required by Senate Bill 267 passed in 2005 to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions of Senate Bill 960. Additionally, Senate Bill 22 passed in 2007 allowed the City of Gladstone in Clay County to opt into the four-rate system.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

LEGEND:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Report No. 2006-88.
 B A voter approved increase to an existing levy, see Report No. 2006-88.
 C Levy includes a recoupment rate authorized by state law.
 D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Report No. 2006-88.

NOTE:

This Appendix only contains levy information for political subdivisions wholly in St. Louis County. Political subdivisions partially in St. Louis County and partially in another county(ies) were required by Senate Bill 267 passed in 2005 to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions of Senate Bill 960.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

LEGEND:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Report No. 2005-103.
- B A voter approved increase to an existing levy, see Report No. 2005-103.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Report No. 2005-103.

NOTE:

This Appendix only contains levy information for political subdivisions wholly in St. Louis County. Political subdivisions partially in St. Louis County and partially in another county(ies) were required by Senate Bill 267 passed in 2005 to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions of Senate Bill 960.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

LISTING OF DEBT SERVICE LEVIES

County	Name of Political Subdivision	Assessed Valuation	Actual Rate Levied	Revenue
Total Revenue Generated from Debt Service Levies				\$608,902,253

LEGEND:

- A The tax rate ceiling calculated equals zero because the bank balance reported by the taxing authority is sufficient to meet the bond's current needs.
- B The taxing authority voluntarily reduced the debt service levy to zero.

NOTE:

This Appendix contains levy information for all debt service levies reported by taxing authorities in 2007.

Assessed value column presents only the assessed valuation that the property tax is levied against.

The revenue generated is computed by multiplying the tax rate by the assessed valuation and dividing by 100.

Total Revenue Generated from New Levies					<u>\$23,058,476</u>	

NOTE:

The tax rates listed above were approved by voters at an election held after 2006 tax rates were set and, thus, 2007 was the first year the additional voter approved increases were levied.

Assessed valuation column presents only the assessed valuation that the property is levied against.

The revenue generated is computed by multiplying the tax rate by the assessed valuation and dividing by 100.

NOTE:

All school districts listed above have a voter approval for either a full or partial. If a school district is not included on this list, then the school district does not have a voter approved proposition C waiver.

A partial waiver allows a school district to partially waive its required proposition C (sales tax) reduction to the extent necessary to collect \$2.7500 or waive the amount stated on the ballot. A full waiver allows a school district to reduce its required proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
