## Staff Report – TBID Renewal

**Staff Report  
November 20, 2020**

**To: JPA Executive Committee**  
**From: John Lambeth, Civitas Advisors**  
**Lena D. Wade, Deputy Counsel**  
**Re: Resolution Declaring Results of Majority Protest Proceedings and  
Renewing the Greater Palm Springs Tourism Business Improvement  
District (GPSTBID)**

*RECOMMENDATION:*

That the JPA Executive Committee, serving as the governing body of the Greater Palm Springs Convention & Visitors Bureau (CVB), adopt and approve Resolution No. JPA 2020-005, resulting in the renewal of the GPSTBID levying an assessment of three percent (3%) of hotels' gross short-term room rental revenue and (1%) of vacation rentals' gross short-term rental revenue.

*BACKGROUND:*

The GPSTBID is a benefit assessment district proposed to continue a revenue source to help fund marketing and sales promotion efforts, as well as key priority projects each year including rail development, work force development, research and analytics, educational support, and more for assessed Greater Palm Springs lodging businesses. This approach has been used successfully in other destination areas throughout the state to improve tourism and drive additional room nights to assessed lodging businesses. The renewed GPSTBID includes all lodging businesses with fifty (50) rooms or more and all vacation rentals located within the boundaries of the GPSTBID, including the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio, and portions of the unincorporated area of Riverside County in the Coachella Valley.

Lodging businesses decided to pursue renewal of the GPSTBID in order to continue a revenue source devoted to marketing Greater Palm Springs as a tourist, meeting and event destination. If renewed, the GPSTBID would generate approximately \$17,000,000 on an annual basis for promotion of travel and tourism specific to Greater Palm Springs.

The CVB is recommending that the JPA Executive Committee reduce the boundaries of the GPSTBID to ensure the highest value of benefits delivered to the assessed businesses within the district. Pursuant to §36624 of the Property and Business Improvement District Law of 1994 (94 Law), the JPA may, "make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities." A new Management District Plan (MDP) has been prepared to reflect these changes. The JPA may adopt the modified MDP at the conclusion of the public hearing.

Additionally, the CVB recently conducted a study to determine the benefit generated by the TBID programs. That study is also incorporated into the modified MDP.

*DISCUSSION:*

This effort seeks to renew the GPSTBID to include vacation rentals in addition to continuing the revenue stream created by the three percent (3%) assessment on hotels' gross short-term rental revenue. The CVB's Joint Powers Agreement authorizes the CVB to form a business improvement district for the vacation rental industry at 1%, in addition to the current 3% assessment on hotels. If renewed, the GPSTBID will be effective July 1, 2021, to prevent any interruption of funding upon the expiration of the current GPSTBID on June 30, 2021.

*MANAGEMENT DISTRICT PLAN:*

The Management District Plan (Attachment 1) includes the proposed boundary of the GPSTBID, a service plan, budget and a proposed means of governance. The GPSTBID will include all lodging businesses with fifty (50) rooms or more and all vacation rentals, existing and in the future, available for public occupancy within the boundaries of the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, Indio, and portions of the unincorporated area of Riverside County in the Coachella Valley.

The proposed GPSTBID will have a ten (10) year life. The assessment will be implemented beginning July 1, 2021. Once per year beginning on the anniversary of district renewal there is a thirty (30) day period in which business owners paying fifty percent (50%) or more of the assessment may protest and begin proceedings to terminate the district.

The CVB, Cities and/or County will be responsible for collecting the assessment on a monthly basis from each assessed lodging business. The CVB will have the responsibility of managing GPSTBID programs as provided in the Management District Plan.

*DISTRICT RENEWAL PROCESS:*

June 26, 2020

**RESOLUTION OF INTENTION HEARING [COMPLETED]**

Upon the submission of a written petition, signed by the business owners in the district who will pay more than 50 percent (50%) of the assessments proposed to be levied, the Executive Committee may initiate proceedings to renew the GPSTBID by the adoption of a resolution expressing its intention to renew the GPSTBID.

*Petition Status:* Petitions in favor of district renewal were submitted representing 462 hotel and vacation rental properties, which represent well over 50% of the total GPTBID assessment. This majority petition allows the Committee to initiate proceedings for GPSTBID renewal at the June 26, 2020 meeting.

September 1, 2020

**NOTICE [COMPLETED]**

The Property and Business Improvement District Law of 1994 requires the Executive Committee mail written notice to the owners of all businesses proposed to be within the GPSTBID. Mailing the notice

begins a mandatory forty-five (45) day period in which owners may protest district renewal.

September 25, 2020 PUBLIC MEETING **[COMPLETED]**

Allow public testimony on the renewal of the GPSTBID and levy of assessments. No Executive Committee action required.

November 20, 2020 FINAL PUBLIC HEARING

If written protests are received from the owners of businesses in the proposed GPSTBID which will pay 50 percent (50%) or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent (50%), no further proceedings to levy the proposed assessment against such businesses shall be taken for a period of one (1) year from the date of the finding of a majority protest by the Executive Committee.

At the conclusion of the public hearing to renew the GPSTBID, the Executive Committee may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them.

If the Executive Committee, following the public hearing, decides to renew the proposed GPSTBID, the Executive Committee shall adopt a resolution of formation.

*FISCAL IMPACT:*

None immediately. The CVB will incur some expense in the collection of the assessment. The Management District Plan provides three percent (3%) of the annual budget for administration of the GPSTBID.

## I. OVERVIEW

Developed by the Greater Palm Springs Convention & Visitors Bureau (CVB) and Greater Palm Springs lodging businesses, the Greater Palm Springs Tourism Business Improvement District (TBID) is an assessment district proposed to provide specific benefits to payors, by funding tourism marketing and sales promotion efforts for assessed businesses. This approach has been used successfully in other destination areas throughout the country to provide the benefit of increased overnight visitors and additional room night sales directly to payors.

*Location:* The renewed TBID includes all lodging businesses with fifty (50) rooms or more and all vacation rentals located within the boundaries of the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio and portions of the unincorporated area of Riverside County in the Western Coachella Valley, as shown on the map in Section IV. A detailed map series can be found in Appendix 4.

*Services:* The TBID is designed to provide specific benefits directly to payors by creating sales and marketing programs with the goal of increasing overnight visitation and room night sales. In addition to sales and marketing programs, the CVB Board of Directors will establish key priorities each year. For example: key programs may include air service and rail development, work force development, research and analytics, educational support, and more.

*Budget:* The total TBID annual assessment budget for the initial year of its ten (10) year operation is anticipated to be approximately \$17,000,000. The assessment funds will be supplemented with non-assessment funds, so that the total budget for the initial year is estimated at \$20,732,000. A similar budget is expected to apply to subsequent years, but this budget is expected to fluctuate as room sales do.

*Cost:* The annual assessment rate is three percent (3%) of hotels' gross short-term room rental revenue, and one percent (1%) of vacation rentals' gross short-term room rental revenue. Based on the benefit received, assessments will not be collected on stays of more than twenty-seven (27) consecutive days.

*Collection:* The CVB, Cities and/or County will be responsible for collecting the assessment on a monthly basis (including any delinquencies, penalties and interest) from each lodging business with fifty (50) rooms or more and each vacation rental located in the boundaries of the TBID. The CVB, Cities and/or County shall take all reasonable efforts to collect the assessments from each assessed business.

*Duration:* The renewed TBID will have a ten (10) year life, beginning July 1, 2021 through June 30, 2031. Once per year, beginning on the anniversary of TBID renewal, there is a thirty (30) day period in which owners paying fifty

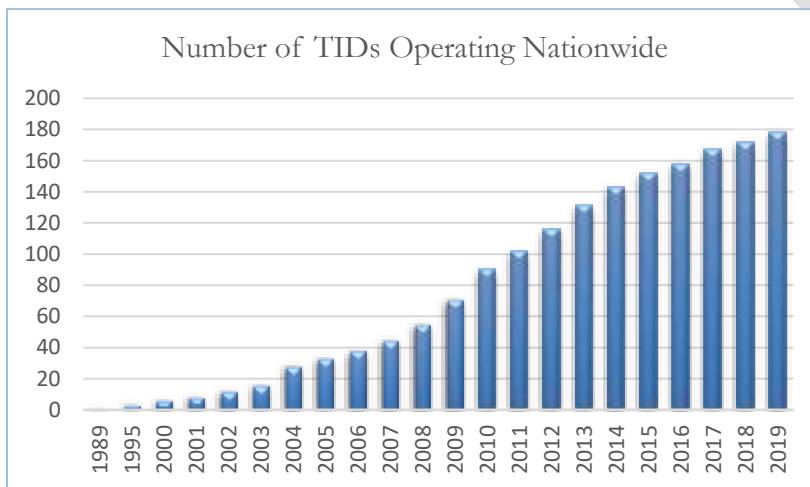

percent (50%) or more of the assessment may protest and initiate a hearing on TBID termination.

*Management:* The CVB is charged with managing funds and implementing programs in accordance with this Plan.

DRAFT

## II. BACKGROUND

TBIDs are an evolution of the traditional Business Improvement District. The first TBID was formed in West Hollywood, California in 1989. Since then, over 100 California destinations have followed suit. In recent years, other states have begun adopting the California model – Montana, South Dakota, Washington, Colorado, Texas and Louisiana have adopted TBID laws. Several other states are in the process of adopting their own legislation. The cities of Wichita, Kansas and Newark, New Jersey used an existing business improvement district law to form a TBID. And, some cities, like Portland, Oregon and Memphis, Tennessee have utilized their home rule powers to create TBIDs without a state law.

California's TBIDs collectively raise over \$427 million annually for local destination marketing. With competitors raising their budgets, and increasing rivalry for visitor dollars, it is important that Greater Palm Springs lodging businesses and vacation rentals invest in stable, industry-specific programs.

TBIDs utilize the efficiencies of private sector operation in

the market-based promotion of tourism districts. TBIDs allow assessed business owners to organize their efforts to increase demand for overnight visitation and room night sales. Assessed business owners within the TBID pay an assessment and those funds are used to provide services that increase demand for overnight visitation and room night sales.

In California, TBIDs are formed pursuant to the Property and Business Improvement District Law of 1994. This law allows for the creation of a benefit assessment district to raise funds within a specific geographic area. *The key difference between TBIDs and other benefit assessment districts is that funds raised are returned to the private non-profit corporation governing the district.*

There are many benefits to TBIDs:

- Funds must be spent on services and improvements that provide a specific benefit to those who pay;
- Funds cannot be diverted to general government programs;
- They are customized to fit the needs of payors in each destination;
- They allow for a wide range of services;
- They are **designed, created and governed by those who will pay** the assessment; and
- They provide a stable, long-term funding source for tourism promotion.

### III. ACCOMPLISHMENTS

The following examples demonstrate how the CVB has utilized Tourism Business Improvement District funds to create ongoing increased demand for overnight visitation and room night sales.

**Improved Brand Image** - According to SMARI's 2018 Image Awareness Study, significant gains were seen since the 2011 study in perceptions of Greater Palm Springs across all image attributes, from safety and atmosphere to natural beauty and affordability.

**Increased Demand for Lodging** - In 2009, the annual occupancy was 50%. Since the Tourism Business Improvement District went into effect in 2009, assessed lodging businesses in Greater Palm Springs have seen a steady increase in demand, stimulating sustained economic development and growth. And CVB-generated lodging revenues grew from \$984 million in 2013 to \$1.735 billion in 2019. Average annual hotel occupancy grew from 58% in 2013 to over 62% in 2019.

**Increased Average Daily Rate and RevPAR** - The average daily rate grew 27% from \$129.00 in 2013 to over \$165.00 in 2019. RevPAR grew 38% from \$77.43 in 2013 to \$107.04 in 2019.

**Growth of Air Service** - Air service (number of airlines and flights serving PSP) increased 53% from 2013 to 2019 in Greater Palm Springs. The current 29,096 annual flights into Palm Springs International Airport (PSP) equates to a capacity of 3,274,729 annual passenger seats in and out of PSP. Improved accessibility translates to visitation growth from both nonstop and connecting fly (vacation) markets. There are currently more than 20 cities with nonstop air service to PSP. Notable flight additions in 2019 include Alaska Airlines' Everett (WA) service, Contour Airlines' Sacramento flight and Delta's Atlanta flight offered 4 times per week.

**Event Attraction** - Tourism Business Improvement District marketing funds enabled the CVB to attract large-scale, high-profile events such as IRONMAN 70.3 Indian Wells-La Quinta, as well as help manage Greater Palm Springs Restaurant Week which is promoted in the Southern California drive markets. Events of this nature help grow overnight visitation in shoulder seasons and increase awareness of the destination.

**Convention Sales** - The CVB's convention sales team secured 2,269 meetings for assessed lodging businesses between 2013 and 2019, accounting for 1,580,613 room nights and an estimated economic impact of \$1.2 billion.

**Tourism Development** - Between 2013 and 2019, the Tourism Development team connected with 51,405 travel professionals in the top 15 countries sending the most visitors to California. These agents and tour operators are particularly influential in converting off-peak and shoulder season bookings.

**Building Awareness** - Paid advertising raised awareness from 1.7 billion annual impressions in 2014 to 43 billion annual impressions in 2019. The Greater Palm Springs brand reached prospective travelers on television, online, out-of-home and in print via regional and national distribution channels.

**Media Buzz** - The CVB's media relations program secured feature stories to complement paid advertising and content initiatives while amplifying the region's new product developments. Since 2013, the destination benefitted from 2,780 placements yielding more than 8.45 billion impressions in influential editorial outlets, including leading wire services, newspapers, lifestyle magazines, websites, podcasts, broadcast television programs and radio networks.

**Social Media** - Between 2014 and 2019, the CVB's social media audience grew 350% to over 425,000 followers across Facebook, Instagram and Twitter. Since 2013, destination and attraction videos posted by the CVB received over 20 million views. Seasonal campaigns further increased engagement and drove off-season bookings. New channels have also been introduced, including a Weibo account to reach the lucrative, high-volume China market; a meetings awareness campaign; and Instagram and Twitter accounts dedicated to the culinary scene in Greater Palm Springs.

**Website Optimization** - In 2018, the CVB relaunched the destination website on a new platform to better optimize SEO, facilitate mobile-first response and ensure the website offers an improved user experience. Organic traffic increased 96% over 2017 and mobile use increased by 171%.

**Tourism Ambassador Program** - The CVB debuted a Certified Tourism Ambassador (CTA) program with the aim of increasing tourism by providing training for any individual who comes into contact with visitors. These front-line destination ambassadors help to ensure all visitors have a positive experience in the destination. This is critical for driving repeat overnight visitation and word-of-mouth promotion of the destination. As of February 29, 2020, 500 CTAs have been trained.

**TOT Growth** - The CVB's marketing efforts attract more overnight visitors to the destination, increasing TOT collections for the cities and counties served by the Tourism Business Improvement District. Growing TOT translates to increased budgets for important public services such as police, firefighters, education and more.

#### **IV. BOUNDARY**

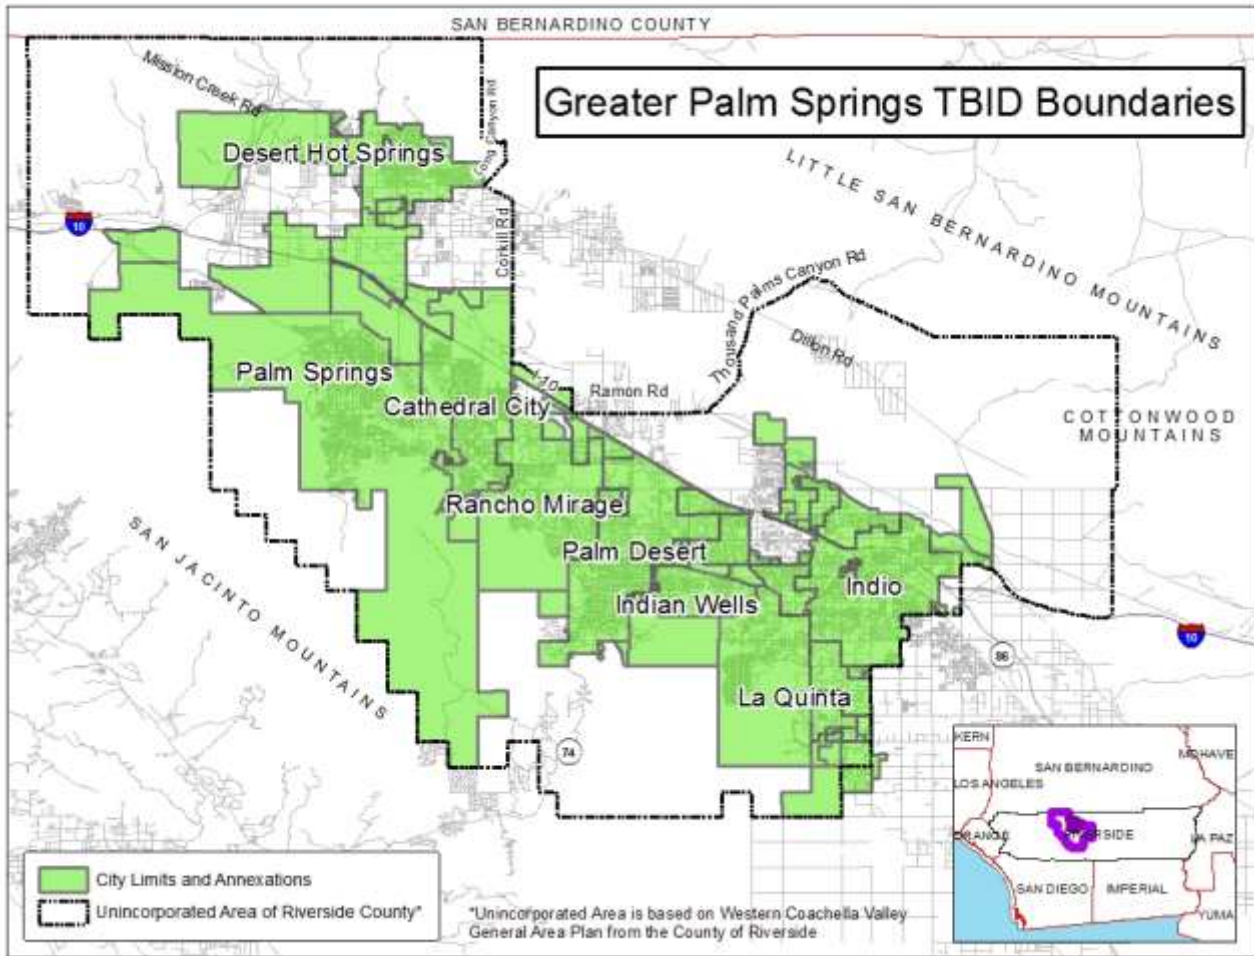

The TBID will include all lodging businesses with fifty (50) rooms or more and all vacation rentals, existing and in the future, available for public occupancy within the boundaries of the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio and portions of the unincorporated area of Riverside County in the Western Coachella Valley.

Lodging business means: any structure, which is occupied or intended or designed for use or occupancy by transients, including but not limited to hotels, resorts, motels, inns, and time-shares.

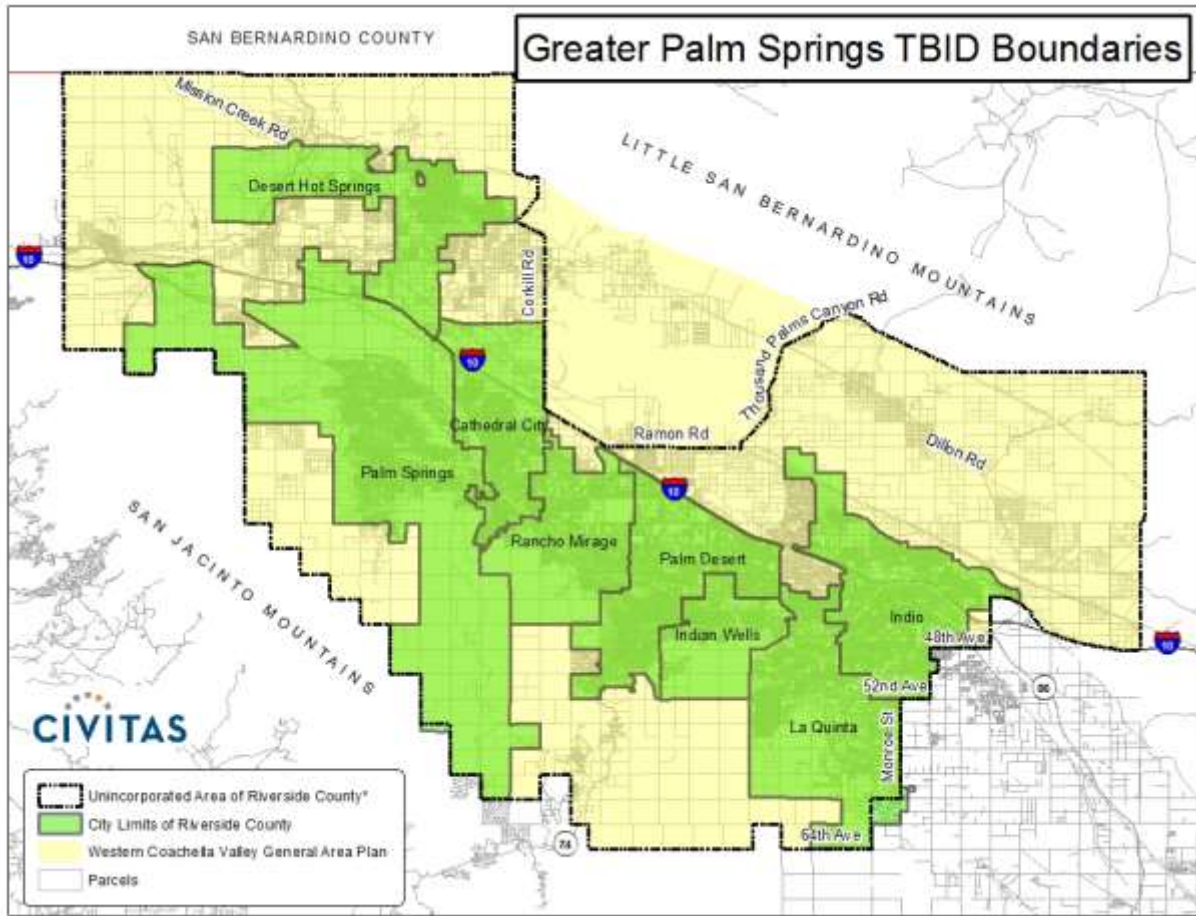

Vacation rental means: any privately-owned dwelling, rented for occupancy, lodging, or sleeping purposes and in possession of a valid permit or certificate within its jurisdiction to authorize operation as a vacation rental, vacation rental unit, short-term vacation rental, or short-term rental business.

The boundary is shown in the map below. A complete listing of lodging businesses with fifty (50) rooms or more and all vacation rentals within the renewed TBID can be found in Appendix 2. A detailed map series can be found in Appendix 4.

The lodging business list was compiled from records provided by each jurisdiction. The list was developed with the most reliable information provided, however, the list may contain discrepancies due to any of the following reasons: 1) The short-term vacation rentals included in the list are businesses that have obtained a permit or license to operate as a short-term vacation rental at the time of formation, and does not include short-term vacation rentals that are not permitted or licensed to operate as a short-term vacation rental; 2) Vacation rentals may cease operation with little or no notice, and may no longer be operating as a short-term rental; and 3) the short-term vacation rental list was compiled based on the dates shown in Appendix 2, and may not include short-term vacation rentals that began operation after the dates listed.

DRAFT

## V. BUDGET AND SERVICES

### A. Annual Service Plan

Assessment funds will be spent to provide specific benefits conferred or privileges granted directly to the payors that are not provided to those not charged, and which do not exceed the reasonable cost to the CVB of conferring the benefits or granting the privileges. The privileges and services provided with the TBID funds are sales and marketing programs available only to assessed businesses. The assessment rate for each lodging business type will be commensurate with privileges and services provided to assessed businesses as detailed in Appendix 3.

A service plan budget has been developed to deliver services that benefit the assessed businesses. A detailed annual budget will be developed and approved by the CVB. The table below illustrates the initial annual assessment budget allocations. The total initial assessment budget is \$17,000,000.

### Initial Annual Assessment Budget - \$17,000,000

Although actual revenues will fluctuate due to market conditions, the proportional allocations of the budget shall remain the same. However, the CVB shall have the authority to adjust budget allocations between the categories by no more than twenty-five percent (25%) of the total budget per year. A description of the proposed improvements and activities for the initial year of operation is below. The same activities are proposed for subsequent years. In the event of a legal challenge against the TBID, any and all assessment funds may be used for the costs of defending the TBID.

Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the sales and marketing budget includes the cost of staff time dedicated to overseeing and implementing the sales and marketing program. Staff time dedicated purely to administrative tasks is allocated to the administrative portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as

appropriate in accordance with GAAP. The staffing levels necessary to provide the services below will be determined by the CVB on an as-needed basis.

### **Sales and Marketing**

Develop an annual sales and marketing program designed to generate demand for the assessed businesses targeting leisure, meetings and events. Develop marketing programs to attract visitors for the shoulder and summer months. Based on the Strategic Plan, develop programs to support transportation (air service / rail), workforce development and hospitality educational schools. Position the destination as sustainable and relevant to the modern traveler. Assessed businesses will receive services commensurate with the benefit received as shown in Appendix 3. The sales and marketing plan may include, without limitation, the following activities:

- Ongoing development and implementation of a Destination Development Plan. This plan outlines a strategy for attracting visitors to Greater Palm Springs and is implemented through geographic, demographic and behavioral targeting designed to reach the right people at the right time with the right message.
- Free and paid co-op marketing opportunities will be available to assessed business to further support and promote visitation to Greater Palm Springs.
- Destination industry advocacy and communications to educate elected officials, affected stakeholders and the public on initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Internet marketing efforts to increase awareness and optimize internet presence to drive demand for overnight visitation and room sales to assessed businesses.
- Media placement in print, TV, audio, billboard, and digital platforms targeted at potential visitors to drive demand for overnight visitation and room sales to assessed businesses.
- Event and attraction promotion and marketing sponsorship initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Industry research designed to increase the effectiveness of District media and marketing programs.
- Convention sales programs and initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Air and rail service development and strategic marketing partnerships designed to increase demand for overnight visitation and room sales to assessed businesses.
- Attendance of trade shows to promote assessed businesses.
- Sales missions and client events for assessed businesses.
- Familiarization tours and site visits of assessed businesses;
- Preparation and production of collateral promotional materials such as brochures, flyers and maps featuring assessed businesses.
- Attendance of professional industry conferences and affiliation events to promote assessed businesses.
- Lead generation activities designed to attract tourists and group events to assessed businesses.
- Educational meetings to plan and coordinate tourism promotion efforts for assessed businesses.
- Workforce development strategies, research and/or programs designed to improvement the visitor experience and increase demand for overnight visitation and room sales to assessed businesses.
- Hospitality education and training support aimed at improving the visitor experience leading to increased demand for overnight visitation and room sales

to assessed businesses.

- Development and maintenance of a website designed to promote assessed businesses.
- Development and maintenance of a website for visitors or prospective vacation rental home owners with the regulations and education explained for each area within the GPSTBID; and
- Develop media or marketing efforts to educate the public on the guidelines around renting and managing a vacation rental within the GPSTBID.

### **Administration and Operations**

The administration and operations portion of the budget shall be utilized for administrative staffing costs, office costs, and other general administrative costs such as insurance, legal, and accounting fees. A portion of this budget may also be utilized to support tracking and reporting of illegal vacation rentals to the areas within the GPSTBID.

### **Contingency/Reserve**

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the CVB. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the CVB. The reserve fund may also be used for the costs of renewing the TBID.

### **B. Annual Assessment Budget**

The total ten (10) year improvement and service plan assessment budget is projected at approximately \$17,000,000 annually, or \$170,000,000 through 2031. This amount may fluctuate as sales and revenue increase at assessed businesses.

### **C. California Constitutional Compliance**

The TBID assessment is not a property-based assessment subject to the requirements of Proposition 218. The Court has found, "Proposition 218 limited the term 'assessments' to levies on real property."<sup>1</sup> Rather, the TBID assessment is a business-based assessment, and is subject to Proposition 26. Pursuant to Proposition 26 all levies are a tax unless they fit one of seven exceptions. Two of these exceptions apply to the TBID, a "specific benefit" and a "specific government service." Both require that the costs of benefits or services do not exceed the reasonable costs to the local government, in this case the CVB, of conferring the benefits or providing the services.

#### **1. Specific Benefit**

Proposition 26 requires that assessment funds be expended on, "a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege."<sup>2</sup> The services in this Plan are designed to provide targeted benefits directly to assessed businesses, and are intended only to provide benefits and services directly to those businesses paying the assessment. These services are tailored not to serve the general public, businesses in general, or parcels of land, but rather to serve the specific assessed businesses within the TBID. The activities

<sup>1</sup> *Jarvis v. the City of San Diego* 72 Cal App. 4<sup>th</sup> 230

<sup>2</sup> Cal. Const. art XIII C § 1(e)(1)

described in this Plan are specifically targeted to increase room night sales for assessed businesses within the boundaries of the TBID, and are narrowly tailored. TBID funds will be used exclusively to provide the specific benefit of increased demand for overnight visitation and room night sales directly to the assessed businesses. Assessment funds shall not be used to feature non-assessed lodging businesses and non-assessed vacation rentals in TBID programs, or to directly generate sales for non-assessed businesses. The activities paid for from assessment revenues are for business services constituting and providing specific benefits to the assessed businesses.

The assessment imposed by this TBID is for a specific benefit conferred directly to the payors that is not provided to those not charged. The specific benefit conferred directly to the payors is an increase in demand for overnight visitation and room night sales. The specific benefit of an increase in demand for overnight visitation and room night sales for assessed businesses will be provided only to businesses paying the district assessment, with sales and marketing programs promoting businesses paying the district assessment. The sales and marketing programs will be designed to increase demand for overnight visitation and room night sales at each assessed business. Because they are necessary to provide the sales and marketing programs that specifically benefit the assessed businesses, the administration and contingency/reserve services also provide the specific benefit of increased demand for overnight visitation and room night sales to the assessed businesses.

Although the TBID, in providing specific benefits to payors, may produce incidental benefits to non-paying businesses, the incidental benefit does not preclude the services from being considered a specific benefit. The legislature has found that, "A specific benefit is not excluded from classification as a 'specific benefit' merely because an indirect benefit to a nonpayer occurs incidentally and without cost to the payor as a consequence of providing the specific benefit to the payor."<sup>3</sup>

## **2. Specific Government Service**

The assessment may also be utilized to provide, "a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product."<sup>4</sup> The legislature has recognized that marketing and promotions services like those to be provided by the TBID are government services within the meaning of Proposition 26<sup>5</sup>. Further, the services provided with TBID funds will be implemented by the CVB which is a California Joint Powers Authority. Further, the legislature has determined that "a specific government service is not excluded from classification as a 'specific government service' merely because an indirect benefit to a nonpayer occurs incidentally and without cost to the payor as a consequence of providing the specific government service to the payor."<sup>6</sup>

## **3. Reasonable Cost**

TBID services will be implemented carefully to ensure they do not exceed the reasonable cost to the local government of such services. The full amount assessed will be used to

<sup>3</sup> Government Code § 53758(a)

<sup>4</sup> Cal. Const. art XIII C § 1(e)(2)

<sup>5</sup> Government Code § 53758(b)

<sup>6</sup> Government Code § 53758(b)

provide the services described herein. Only assessed businesses will be featured in marketing materials, receive sales leads generated from district-funded activities, be featured in advertising campaigns, and benefit from other district-funded services. Non-assessed businesses will not receive these, nor any other, district-funded services and benefits.

The TBID-funded programs are all targeted directly at and feature only assessed businesses. It is, however, possible that there will be a spill over benefit to non-assessed businesses. If non-assessed businesses receive incremental room nights, that portion of the promotion or program generating those room nights shall be paid with non-TBID funds. TBID funds shall only be spent to benefit the assessed businesses, and shall not be spent on that portion of any program which directly generates incidental room nights for non-assessed businesses.

#### **4. . Benefit to NonPayors**

The specific benefits provided by the TBID will only be directly provided to the assessed businesses; they will not be directly provided to non-assessed businesses. Possible indirect benefit does not preclude the TBID services from being considered a specific benefit. The legislature has directly indicated, in the context of tourism business improvement districts, that services are not precluded from classification as a specific benefit merely because an indirect benefit to a nonpayor occurs as a consequence of providing the service and without cost to the payor.<sup>7</sup>

Although the legislature does not require the cost of any incidental benefit to non-payors be separated from the assessment, out of an abundance of caution a study was conducted on benefit generated by the TBID programs. The study is attached as Appendix 5. The study found that eighty-two percent (82%) of marketing programs generate incidental room night sales at non-assessed lodging businesses. Although it is not required, the portion of programs that generate this benefit will be paid for with non-assessment funds. Assessment funds will only fund that portion of the programs (eighty-two percent (82%)) which represents a specific benefit to the assessed businesses. For example, if a program costs \$100,000 total, the TBID will fund \$82,000 and the remaining \$18,000 will be sourced from non-assessment funds.

The amount of the assessment is no more than necessary to cover the reasonable costs of the proposed activities, and the manner in which the costs are allocated to a business owner bear a fair share or reasonable relationship to the businesses' benefits received from the proposed activities. The benefit study in Appendix 5 found that the benefits provided by the TBID do not exceed the reasonable cost.

The programs provided with TBID funding receive additional non-assessment funding in the form of grants, corporate sponsorships, event income, transient occupancy tax, and other funds. These funding sources shall be equal to or exceed the amount of benefit conferred to non-payors annually by the TBID-'s services. These non-assessment funds will be used to pay for the benefit to non-payors provided by the proposed services, ensuring that assessments will only be used to provide benefits to assessed businesses.

#### D. Assessment

The annual assessment rate is three percent (3%) of gross short-term room rental revenue of all lodging businesses within the boundaries of the TBID with fifty (50) rooms or more, and one percent (1%) of gross short-term room rental revenue of all vacation rentals. Based on the benefit received, assessments will not be collected on stays of more than twenty-seven (27) consecutive days. Every vacation rental, listing a property or room for rent, operating on a Hosting Platform shall be subject to the 1% assessment.

The determination of the assessment rates of 3% on hotels and 1% on vacation rentals was calculated based on benefit received by the payors. The services provided are targeted to benefit payors, however not all programs benefit payors equally. The extensive convention sales and meetings program included in the budget is designed to benefit hotels and not provide benefit to vacation rentals. The marketing program benefits both hotels and vacation rentals. TBID payors include approximately 6,200 vacation rentals and approximately 15,900 hotel rooms. Vacation rental tracking in the TBID area indicates that vacation rentals have approximately 2.8 rooms per rental, totaling 17,360 rooms. Because several of the jurisdictions within the TBID are banning vacation rentals in parts of their communities, we expect the number of vacation rental rooms to decline and parallel the number of hotel rooms. As a result, the approximate ratio of hotel rooms to vacation rental rooms is 1:1.

The detailed funding analysis provide by Tourism Economics in Appendix 5 found that the total revenue raised, because of the TBID programs, for all lodging properties within the TBID is \$458m million per year. Of the \$458 million, \$245 million is raised because of the marketing program and \$213.3m is raised because of the convention sales program. The marketing program benefits vacation rentals and hotels. Based on the 1:1 relationship of room counts, we estimate that the marketing program will benefit hotels and vacation rentals at approximately the same rate. The convention sales program benefits are targeted to hotels only. Based on the nature of the programs and the Tourism Economics calculations, the hotel benefit from the convention sales would be \$213.3 million. The half of the benefit flowing to hotels from the marketing program totals \$122.7 million. These two figures added together total \$336m. The half of the benefit flowing to vacation rentals is \$122.27 million. The ratio of these benefits is approximately 3:1, matching the ratio of the assessment rates.

The term "gross short-term room rental revenue" as used herein means: the consideration charged, whether or not received, for the occupancy of space in a lodging business or vacation rental valued in money, whether to be received in money, goods, labor or otherwise, including all receipts, cash, credits and property and services of any kind or nature, without any deduction therefrom whatsoever. Gross short-term room rental revenue shall not include any federal, state or local taxes collected, including but not limited to transient occupancy taxes.

The assessment revenue collected from hotels and short-term vacation rentals will be tracked separately by the CVB. The funds will be allocated on a percentage basis for each sales and marketing program, CVB staff, administrative expenses, research and management of the TBID to reflect the separate benefit received by hotels and short-term vacation rentals. Additionally, an advisory group will be established for each lodging business type; hotels and short-term vacation rentals. The advisory group(s) will set priorities, marketing strategies, budgets and metrics for evaluation.

The assessment rate for each lodging business type will be commensurate with privileges and services provided to assessed businesses. Hotels will have the exclusive privilege to participate or be represented in, and receive a specific benefit from, but not limited to, convention sales programs and initiatives, Hotel General Manager and Director of Sales meetings to plan and coordinate tourism promotion efforts, lead generation activities designed to attract group business and events, and sales blitzes, as detailed in Appendix 3.

The assessment is levied upon and is a direct obligation of the assessed business. However, the assessed business may, at its discretion, pass the assessment on to transients. The amount of assessment, if passed on to each transient, shall be disclosed in advance and separately stated from the amount of rent charged and any other applicable taxes, and each transient shall receive a receipt for payment from the business. If the TBID assessment is identified separately, it shall be disclosed as the "Tourism Business Improvement District Assessment." As an alternative, the disclosure may include the amount of the TBID assessment and the amount of the assessment imposed pursuant to the California Tourism Marketing Act, Government Code § 13995 et seq. and shall be disclosed as the "Tourism Assessment." The assessment is imposed solely upon, and is the sole obligation of the assessed business even if it is passed on to transients. The assessment shall not be considered revenue for any purpose, including calculation of transient occupancy taxes.

An assessed business may use a hosting platform to list their vacation rental. "Hosting Platform" means a natural person, joint venture, joint stock company, partnership, association, club, company corporation, business trust, or organization of any kind who participates in the short-term rental business by facilitating a booking transaction using any medium of facilitation. If a hosting platform is used to facilitate a booking transaction, the business owner is still solely responsible for ensuring the assessment is remitted for each short-term stay.

Bonds shall not be issued.

#### **E. Penalties and Interest**

The TBID shall reimburse the CVB, Cities and/or County for any costs associated with collecting unpaid assessments. Assessed businesses which are delinquent in paying the assessment shall be responsible for paying:

1. Original Delinquency: Any assessed business which fails to remit any assessment within the time required shall pay a penalty of ten percent (10%) of the amount of the assessment in addition to the amount of the assessment; provided, however, that if such ten percent (10%) penalty should exceed the maximum penalty permitted by law, then the penalty shall be the highest amount permitted by law.
2. Penalty Delinquency: Any assessed business which fails to remit any penalty within ten (10) days after receipt of notice thereof shall pay interest on the penalty at the rate of one percent (1%) per month or fraction thereof on the amount of the penalty from the date on which the penalty first became due until full and complete payment of the outstanding penalty; provided, however, that if such one percent (1%) interest should exceed the maximum rate permitted by law, then the interest rate shall be the highest rate permitted by law.

3. Interest: In addition to the penalties imposed, any assessed business which fails to remit any assessment shall pay interest at the rate of one percent (1%) per month or fraction thereof on the amount of the assessment from the date on which the assessment first became delinquent until paid; provided, however, that if such one percent (1%) interest should exceed the maximum rate permitted by law, then the interest rate shall be the highest rate permitted by law.
4. Costs of Collecting Delinquencies: Any assessed business shall also be subject to the payment of the costs of collecting any delinquent assessment and/or penalty, including but not limited to sending notices and initiating collection actions, which shall become a part of the assessment required to be paid. All delinquent assessments and penalties shall constitute a civil debt to the CVB and shall be subject to collection by the CVB, Cities and/or County by any means permitted by law.
5. Penalties Capped: Notwithstanding anything to the contrary, in no event shall the total penalties, including any original delinquency penalties and interest thereon exceed the maximum amount permitted by law.

#### **F. Time and Manner for Collecting Assessments**

The TBID assessment will be implemented beginning July 1, 2021 and will continue for ten (10) years through June 30, 2031. The CVB, Cities and/or County will be responsible for collecting the assessment on a monthly basis (including any delinquencies, penalties and interest) from each assessed business. The CVB, Cities and/or County shall take all reasonable efforts to collect the assessments from each assessed business.

1. The CVB, Cities and/or County shall make all reasonable efforts to enter into an agreement with all Hosting Platforms to collect and remit the TBID assessment on behalf of assessed businesses using the hosting platform.
2. An assessed business, using a Hosting Platform, reserves the right to have the Hosting Platform collect the assessment based on information supplied by the assessed business, and remit such assessment to the assessed business for ultimate reporting and remittance by the assessed business to the CVB, Cities and/or County. In such case, the Hosting Platform, upon request from the CVB, Cities, and/or County, and not more than once per consecutive twelve-month period, shall provide the CVB, Cities and/or County with copies of documentation related to assessed business which have provided acknowledgement of its obligation to collect all assessments owed on a gross short-term room rental revenue and to remit and report any assessments collected directly to the CVB, Cities, and/or County.

## **VI. GOVERNANCE**

### **A. GPSTBID Management**

The JPA, through adoption of this Management District Plan, has determined that the Greater Palm Springs Convention & Visitors Bureau (CVB) shall administer the GPSTBID.

### **B. Brown Act and California Public Records Act Compliance**

The CVB is subject to government regulations relating to transparency, including the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The CVB is also subject to the record keeping and disclosure requirements of the California Public Records Act.

### **C. Annual Report**

The CVB shall present an annual report at the end of each year of operation to the JPA in accordance with the requirements outlined in Streets and Highways Code §36650 (see Appendix 1). The annual report shall include:

- Any proposed changes in the boundaries of the improvement district or in any benefit zones or classification of businesses within the district.
- The improvements and activities to be provided for that fiscal year.
- An estimate of the cost of providing the improvements and the activities for that fiscal year.
- The method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for that fiscal year.
- The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
- The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(ALL 2017 LEGISLATION)

## STREETS AND HIGHWAYS CODE DIVISION 18. PARKING PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

### CHAPTER 1. General Provisions

#### ARTICLE 1. Declarations

##### **36600. Citation of part**

This part shall be known and may be cited as the “Property and Business Improvement District Law of 1994.”

##### **36601. Legislative findings and declarations; Legislative guidance**

The Legislature finds and declares all of the following:

- (a) Businesses located and operating within business districts in some of this state’s communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.
- (b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.
- (c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.
- (d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.
- (e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:
  - (1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.
  - (2) Job creation.
  - (3) Business attraction.
  - (4) Business retention.
  - (5) Economic growth.
  - (6) New investments.
- (f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.
- (g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.
- (h) The act amending this section is intended to provide the Legislature’s guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.
  - (1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.
  - (2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the

incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.

(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

### **36602. Purpose of part**

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

### **36603. Preemption of authority or charter city to adopt ordinances levying assessments**

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

### **36603.5. Part prevails over conflicting provisions**

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

### **36604. Severability**

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

## **ARTICLE 2. Definitions**

### **36606. “Activities”**

“Activities” means, but is not limited to, all of the following that benefit businesses or real property in the district:

- (a) Promotion of public events.
- (b) Furnishing of music in any public place.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
- (f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

### **36606.5. “Assessment”**

“Assessment” means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

### **36607. “Business”**

“Business” means all types of businesses and includes financial institutions and professions.

**36608. “City”**

“City” means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

**36609. “City council”**

“City council” means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

**36609.4. “Clerk”**

“Clerk” means the clerk of the legislative body.

**36609.5. “General benefit”**

“General benefit” means, for purposes of a property-based district, any benefit that is not a “special benefit” as defined in Section 36615.5.

**36610. “Improvement”**

“Improvement” means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

- (a) Parking facilities.
- (b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
- (c) Trash receptacles and public restrooms.
- (d) Lighting and heating facilities.
- (e) Decorations.
- (f) Parks.
- (g) Fountains.
- (h) Planting areas.
- (i) Closing, opening, widening, or narrowing of existing streets.
- (j) Facilities or equipment, or both, to enhance security of persons and property within the district.
- (k) Ramps, sidewalks, plazas, and pedestrian malls.
- (l) Rehabilitation or removal of existing structures.

**36611. “Management district plan”; “Plan”**

“Management district plan” or “plan” means a proposal as defined in Section 36622.

**36612. “Owners’ association”**

“Owners’ association” means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners’ association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners’ association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners’ association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

**36614. “Property”**

“Property” means real property situated within a district.

**36614.5. “Property and business improvement district”; “District”**

“Property and business improvement district,” or “district,” means a property and business improvement district established pursuant to this part.

**36614.6. “Property-based assessment”**

“Property-based assessment” means any assessment made pursuant to this part upon real property.

**36614.7. “Property-based district”**

“Property-based district” means any district in which a city levies a property-based assessment.

**36615. “Property owner”; “Business owner”; “Owner”**

“Property owner” means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. “Business owner” means any person recognized by the city as the owner of the business. “Owner” means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

**36615.5. “Special benefit”**

“Special benefit” means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

**36616. “Tenant”**

“Tenant” means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

**ARTICLE 3. Prior Law**

**36617. Alternate method of financing certain improvements and activities; Effect on other provisions**

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

**CHAPTER 2. Establishment**

**36620. Establishment of property and business improvement district**

A property and business improvement district may be established as provided in this chapter.

**36620.5. Requirement of consent of city council**

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board

of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

### **36621. Initiation of proceedings; Petition of property or business owners in proposed district**

- (a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.
- (b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:
  - (1) A map showing the boundaries of the district.
  - (2) Information specifying where the complete management district plan can be obtained.
  - (3) Information specifying that the complete management district plan shall be furnished upon request.
- (c) The resolution of intention described in subdivision (a) shall contain all of the following:
  - (1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.
  - (2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

### **36622. Contents of management district plan**

The management district plan shall include, but is not limited to, all of the following:

- (a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.
- (b) The name of the proposed district.
- (c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.
- (d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

- (e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.
- (f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.
- (g) The time and manner of collecting the assessments.
- (h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.
- (i) The proposed time for implementation and completion of the management district plan.
- (j) Any proposed rules and regulations to be applicable to the district.
- (k)
  - (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.
  - (2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.
- (l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.
- (m) In a property-based district, the total amount of general benefits, if any.
- (n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.
- (o) Any other item or matter required to be incorporated therein by the city council.

### **36623. Procedure to levy assessment**

- (a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.
- (b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay

50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

#### **36624. Changes to proposed assessments**

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

#### **36625. Resolution of formation**

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

### **36626. Resolution establishing district**

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

### **36627. Notice and assessment diagram**

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

### **36628. Establishment of separate benefit zones within district; Categories of businesses**

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

#### **36628.5. Assessments on businesses or property owners**

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

### **36629. Provisions and procedures applicable to benefit zones and business categories**

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

### **36630. Expiration of district; Creation of new district**

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

## **CHAPTER 3. Assessments**

### **36631. Time and manner of collection of assessments; Delinquent payments**

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

### **36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property**

- (a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may

classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.

(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

### **36633. Time for contesting validity of assessment**

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

### **36634. Service contracts authorized to establish levels of city services**

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

### **36635. Request to modify management district plan**

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

### **36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention**

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:

- (1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
- (2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

### **36637. Reflection of modification in notices recorded and maps**

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

## **CHAPTER 3.5. Financing**

### **36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments**

(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500))

or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

## CHAPTER 4. Governance

### **36650. Report by owners' association; Approval or modification by city council**

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.

(2) The improvements, maintenance, and activities to be provided for that fiscal year.

(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.

(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.

(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.

(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

### **36651. Designation of owners' association to provide improvements, maintenance, and activities**

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

## CHAPTER 5. Renewal

### **36660. Renewal of district; Transfer or refund of remaining revenues; District term limit**

- (a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
- (b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
- (c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

## **CHAPTER 6. Disestablishment**

### **36670. Circumstances permitting disestablishment of district; Procedure**

- (a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:
  - (1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.
  - (2) During the operation of the district, there shall be a 30-day period each year in which assesseses may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.
- (b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

### **36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district**

- (a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
- (b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

# EXECUTIVE SUMMARY

# EXECUTIVE SUMMARY

Tourism Business Improvement Districts are an increasingly important source of marketing funding that enable the cities to compete effectively with regional destinations. Developed by the Greater Palm Springs Convention & Visitors Bureau (CVB) and Greater Palm Springs lodging businesses, the Greater Palm Springs Tourism Business Improvement District (TBID) is an assessment district that provides specific benefits to payors by funding tourism marketing and sales promotion efforts for assessed businesses. This approach has been used successfully in other destination areas throughout the country to provide the benefit of increased overnight visitors and additional room night sales directly to payors.

The renewed TBID includes all lodging businesses with fifty (50) rooms or more and all vacation rentals located within the boundaries of the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio and portions of the unincorporated area of Riverside County in the Western Coachella Valley.

Tourism Business Improvement Districts in California are subject to Proposition 26, which states the assessments must be

“imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged.”

This implies that the portion of sales and marketing investments of the CVB that are funded by the TBID must produce benefits that are exclusively realized by paying hotels.

Tourism Economics conducted an in-depth analysis on behalf of the CVB to identify the proportion of lodging spending generated by CVB sales and marketing that accrues to paying hotels.

# EXECUTIVE SUMMARY

The benefits of TBID funding accrue overwhelmingly to TBID hotels. TBID marketing efforts draw visitors to Greater Palm Springs, and there is potential for some non-payers in Greater Palm Springs or in neighboring cities to benefit, however that share is estimated to be small.

Assuming benefits are distributed evenly across the hotel inventory, the TBID share of the room inventory is used as a proxy for the benefits of sales efforts. Based on visitor survey data from SMARI, STR hotel room census data, and TBID hotel room data provided by the CVB, we estimate that approximately 82% of total lodging revenues driven by CVB sales and marketing efforts accrue to TBID hotels.

As shown, the benefits of TBID funding accrue overwhelmingly to TBID hotels. Overall, convention sales program expenses and marketing expenses incurred by the CVB generated \$561.0 million in total lodging revenue. We estimate that approximately 82%, or \$458.7 million, of this lodging revenue was realized by TBID properties. Just 18%, or \$102.3 million, of lodging revenue accrued to non-TBID properties.

## Summary lodging revenue attributable to CVB sales and marketing (2019)

Amounts as indicated

	Amount (2019)	Share
Room nights generated by CVB sales and marketing (000s)	2,443	
Total lodging revenue attributable to CVB sales and marketing (\$ millions)	\$561.0	100%
Lodging revenue to TBID properties (\$ millions)	\$458.7	82%
Lodging revenue to non-TBID properties (\$ millions)	\$102.3	18%

# EXECUTIVE SUMMARY

As shown, the benefits of TBID funding accrue overwhelmingly to TBID hotels. Overall, convention sales and marketing expenses incurred by the CVB generated a combined \$561.0 million in total lodging revenue, including \$213.3 million in lodging revenue attributable to convention sales program expenses and \$347.8 million in lodging revenue generated by marking and paid media campaigns.

We assume that 100% of the \$213.3 million in lodging revenue attributable to convention sales is realized by TBID properties since hotel rooms booked through the CVB sales team are at TBID properties.

The CVB partners with Strategic Marketing & Research Insights to measure awareness and effectiveness of paid media campaigns. This research is invaluable for formulating and adjusting the advertising strategy. According to the 2019 research, paid advertising generated 2.0 million incremental room nights in 2019. In addition, Greater Palm Springs marketing programs, including Expedia and Travelzoo digital campaigns, generated an additional 0.2 million room nights, resulting in nearly 2.2 million total room nights and \$347.8 million in incremental lodging revenue influenced by paid media ad campaigns.

Total incremental lodging revenue attributable to the CVB's combined convention sales program expenses and paid marketing expenses amounted to \$561.0 million. TBD properties received \$458.7 million, representing 82% of total incremental lodging revenue.

# TBID BACKGROUND

# TBID BACKGROUND

TBIDs are an evolution of the traditional Business Improvement District. The first TBID was formed in West Hollywood, California in 1989. Since then, over 100 California destinations have followed suit. In recent years, other states have begun adopting the California model – Montana, South Dakota, Washington, Colorado, Texas and Louisiana have adopted TBID laws. Several other states are in the process of adopting their own legislation. The cities of Wichita, Kansas and Newark, New Jersey used an existing business improvement district law to form a TBID. And, some cities, like Portland, Oregon and Memphis, Tennessee have utilized their home rule powers to create TBIDs without a state law.

California's TBIDs collectively raise over \$427 million annually for local destination marketing. With competitors raising their budgets, and increasing rivalry for visitor dollars, it is important that Greater Palm Springs lodging businesses and vacation rentals invest in stable, industry-specific programs. TBIDs utilize the efficiencies of private sector operation in the market-based promotion of tourism districts. TBIDs allow assessed business owners to organize their efforts to increase demand for overnight visitation and room night sales. Assessed business owners within the TBID pay an assessment and those funds are used to provide services that increase demand for overnight visitation and room night sales.

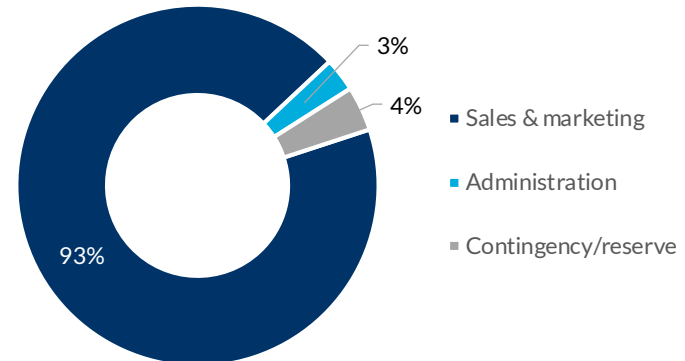

# BUDGET AND SERVICES

Assessment funds will be spent to provide specific benefits conferred or privileges granted directly to the payors that are not provided to those not charged, and which do not exceed the reasonable cost to the CVB of conferring the benefits or granting the privileges. The privileges and services provided with the TBID funds are sales and marketing programs available only to assessed businesses. The assessment rate for each lodging business type will be commensurate with privileges and services provided to assessed businesses.

A service plan budget has been developed to deliver services that benefit the assessed businesses. The initial budget is allocated 93% to sales & marketing, 3% to administration, and 4% to contingency and reserve.

## Initial Greater Palm Springs TBID annual budget allocation

Amounts in percentages

# BUDGET AND SERVICES

As previously shown, sales and marketing costs comprise 93% of the TBID's total annual budget. The goal of sales and marketing efforts is to generate demand for the assessed businesses targeting leisure, meetings and events. Develop marketing programs to attract visitors for the shoulder and summer months. Based on the Strategic Plan, develop programs to support transportation (air service / rail), workforce development and hospitality educational schools. Position the destination as sustainable and relevant to the modern traveler. Assessed businesses will receive services commensurate with the benefit received. The sales and marketing plan may include, without limitation, the following activities:

- Ongoing development and implementation of a Destination Development Plan. This plan outlines a strategy for attracting visitors to Greater Palm Springs and is implemented through geographic, demographic and behavioral targeting designed to reach the right people at the right time with the right message.
- Free and paid co-op marketing opportunities will be available to assessed business to further support and promote visitation to Greater Palm Springs.
- Destination industry advocacy and communications to educate elected officials, affected stakeholders and the public on initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Internet marketing efforts to increase awareness and optimize internet presence to drive demand for overnight visitation and room sales to assessed businesses.
- Media placement in print, TV, audio, billboard, and digital platforms targeted at potential visitors to drive demand for overnight visitation and room sales to assessed businesses.
- Event and attraction promotion and marketing sponsorship initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Industry research designed to increase the effectiveness of District media and marketing programs.
- Convention sales programs and initiatives designed to increase overnight visitation and room sales to assessed businesses.
- Air and rail service development and strategic marketing partnerships designed to increase demand for overnight visitation and room sales to assessed businesses.
- Attendance of trade shows to promote assessed businesses.
- Sales missions and client events for assessed businesses.
- Familiarization tours and site visits of assessed businesses;
- Preparation and production of collateral promotional materials such as brochures, flyers and maps featuring assessed businesses.
- Attendance of professional industry conferences

# TBID CALIFORNIA CONSTITUTIONAL COMPLIANCE

The TBID assessment is not a property-based assessment subject to the requirements of Proposition 218. The Court has found, “Proposition 218 limited the term ‘assessments’ to levies on real property.”<sup>1</sup> Rather, the TBID assessment is a business-based assessment, and is subject to Proposition 26. Pursuant to Proposition 26 all levies are a tax unless they fit one of seven exceptions. Two of these exceptions apply to the TBID, a “specific benefit” and a “specific government service.” Both require that the costs of benefits or services do not exceed the reasonable costs to the local government, in this case the CVB, of conferring the benefits or providing the services.

## **Specific Benefit**

Proposition 26 requires that assessment funds be expended on, “a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.”

The services in this Plan are designed to provide targeted benefits directly to assessed businesses and are intended only to provide benefits and services directly to those businesses paying the assessment. These services are tailored not to serve the general public, businesses in general, or parcels of land, but rather to serve the specific assessed businesses within the TBID.

TBID funds will be used exclusively to provide the specific benefit of increased demand for overnight visitation and room night sales directly to the assessed businesses. Assessment funds shall not be used to feature non-assessed lodging businesses and non-assessed vacation rentals in TBID programs, or to directly generate sales for non-assessed businesses.

The imposed assessment is for a specific benefit conferred directly to the payors that is not provided to those not charged. The specific benefit conferred directly to the payors is an increase in demand for overnight visitation and room night sales. The specific benefit of an increase in demand for overnight visitation and room night sales for assessed businesses will be provided only to businesses paying the district assessment, with sales and marketing programs promoting businesses paying the district assessment.

Although the TBID, in providing specific benefits to payors, may produce incidental benefits to non-paying businesses, the incidental benefit does not preclude the services from being considered a specific benefit. The legislature has found that, “A specific benefit is not excluded from classification as a ‘specific benefit’ merely because an indirect benefit to a nonpayor occurs incidentally and without cost to the payor as a consequence of providing the specific benefit to the payor.”

# ACCOMPLISHMENTS

# GREATER PALM SPRINGS TBID ACCOMPLISHMENTS

The following examples demonstrate how the Greater Palm Springs CVB has utilized Tourism Business Improvement District funds to create ongoing increased demand for overnight visitation and room night sales.

- **Tourism Development** - Between 2013 and 2019, the Tourism Development team connected with 51,405 travel professionals in the top 15 countries sending the most visitors to California. These agents and tour operators are particularly influential in converting offpeak and shoulder season bookings.
- **Improved Brand Image** - According to SMARI's 2018 Image Awareness Study, significant gains were seen since the 2011 study in perceptions of Greater Palm Springs across all image attributes, from safety and atmosphere to natural beauty and affordability.
- **Growth of Air Service** - Air service (number of airlines and flights serving PSP) increased 53% from 2013 to 2019 in Greater Palm Springs. The current 29,096 annual flights into Palm Springs International Airport (PSP) equates to a capacity of 3,274,729 annual passenger seats in and out of PSP. Improved accessibility translates to visitation growth from both nonstop and connecting fly (vacation) markets. There are currently more than 20 cities with nonstop air service to PSP. Notable flight additions in 2019 include Alaska Airlines' Everett (WA) service, Contour Airlines' Sacramento flight and Delta's Atlanta flight
- **Event Attraction** - Tourism Business Improvement District marketing funds enabled the CVB to attract large-scale, high-profile events such as IRONMAN 70.3 Indian Wells-La Quinta, as well as help manage Greater Palm Springs Restaurant Week which is promoted in the Southern California drive markets. Events of this nature help grow overnight visitation in shoulder seasons and increase awareness of the destination.
- **Building Awareness** - Paid advertising raised awareness from 1.7 billion annual impressions in 2014 to 43 billion annual impressions in 2019. The Greater Palm Springs brand reached prospective travelers on television, online, out-of-home and in print via regional and national distribution channels.
- **Media Buzz** - The CVB's media relations program secured feature stories to complement paid advertising and content initiatives while amplifying the region's new product developments. Since 2013, the destination benefitted from 2,780 placements yielding more than 8.45 billion impressions in influential editorial outlets, including leading wire services, newspapers, lifestyle magazines, websites, podcasts, broadcast television programs and radio networks.

# GREATER PALM SPRINGS TBID ACCOMPLISHMENTS

The following examples demonstrate how the CVB has utilized Tourism Business Improvement District funds to create ongoing increased demand for overnight visitation and room night sales.

- **Social Media** - Between 2014 and 2019, the CVB's social media audience grew 350% to over 425,000 followers across Facebook, Instagram and Twitter. Since 2013, destination and attraction videos posted by the CVB received over 20 million views. Seasonal campaigns further increased engagement and drove off-season bookings. New channels have also been introduced, including a Weibo account to reach the lucrative, high-volume China market; a meetings awareness campaign; and Instagram and Twitter accounts dedicated to the culinary scene in Greater Palm Springs.
- **Website Optimization** - In 2018, the CVB relaunched the destination website on a new platform to better optimize SEO, facilitate mobile-first response and ensure the website offers an improved user experience. Organic traffic increased 96% over 2017 and mobile use increased by 171%.
- **Tourism Ambassador Program** - The CVB debuted a Certified Tourism Ambassador (CTA) program with the aim of increasing tourism by providing training for any individual who comes into contact with visitors. These front-line destination ambassadors help to ensure all visitors have a positive experience in the destination. This is critical for driving repeat overnight visitation and word-of-mouth promotion of the destination. As of February 29, 2020, 500 CTAs have been trained.
- **TOT Growth** - The CVB's marketing efforts attract more overnight visitors to the destination, increasing TOT collections for the cities and counties served by the Tourism Business Improvement District. Growing TOT translates to increased budgets for important public services such as police, firefighters, education and more.

# METHODS

The following examples demonstrate how the Greater Palm Springs CVB has utilized Tourism Business Improvement District funds to create ongoing increased demand for overnight visitation and room night sales.

- **Improved Brand Image** - According to SMARI's 2018 Image Awareness Study, significant gains were seen since the 2011 study in perceptions of Greater Palm Springs across all image attributes, from safety and atmosphere to natural beauty and affordability.
- **Increased Demand for Lodging** - In 2009, the annual occupancy was 50%. Since the Tourism Business Improvement District went into effect in 2009, assessed lodging businesses in Greater Palm Springs have seen a steady increase in demand, stimulating sustained economic development and growth. And CVB-generated lodging revenues grew from \$984 million in 2013 to \$1.735 billion in 2019. Average annual hotel occupancy grew from 58% in 2013 to over 62% in 2019.
- **Increased Average Daily Rate and RevPAR** - The average daily rate grew 27% from \$129.00 in 2013 to over \$165.00 in 2019. RevPAR grew 38% from \$77.43 in 2013 to \$107.04 in 2019.
- **Convention Sales** - The CVB's convention sales team secured 2,269 meetings for assessed lodging businesses between 2013 and 2019, accounting for 1,580,613 room nights and an estimated economic impact of \$1.2 billion.

Tourism Business Improvement Districts in California are subject to Proposition 26, which states the assessments must be "imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged."

This implies that the portion of sales and marketing investments of the CVB that are funded by the TBID must produce benefits that are exclusively realized by paying hotels.

Tourism Economics utilized a two-step approach to identify the proportion of lodging spending generated by CVB sales and marketing that accrues to paying hotels.

1. Analyzed group sales data to quantify the hotel guest spending associated with CVB spending on convention sales
2. Analyzed transient hotel demand based on SMARI research on incremental travel generated by CVB marketing to quantify lodging revenue generated by lodging category (including hotels, boutique hotels/inns, vacation rentals/timeshares, RV resorts/rentals, and Airbnb and other travel sharing programs).

# MEETINGS & CONVENTIONS

# METHODOLOGY

Tourism Economics utilized a two-step approach to identify the proportion of lodging spending generated by CVB sales and marketing program expenses that accrues to paying hotels.

1. Analyzed group sales data to quantify the hotel guest spending associated with CVB spending on convention sales
2. Analyzed transient hotel demand based on data from the CVB and SMARI research on incremental travel generated by CVB marketing to quantify lodging revenue generated by lodging category (including hotels, boutique hotels/inns, vacation rentals/timeshares, RV resorts/rentals, and Airbnb and other travel sharing programs).

# MEETINGS & CONVENTIONS

The conventions sales team is comprised 8 selling positions with remote offices in southern CA, the Midwest, and on the east coast. In 2018 and 2019, the convention sales team at the CVB sold an average of nearly 262,000 room nights and booked an average of 381 meetings each year, resulting in an average of \$213.3 million in total lodging revenue each year

Based on STR group data or Greater Palm Springs, occupancy in 2019 grew 0.3%. ADR expanded 4.3%, and RevPAR grew 4.6% over 2018 levels.

To further increase awareness of the destination to meeting professionals, the CVB Brand team executed a marketing campaign which resulted in 3.6M Impressions, up 23% from the previous year. Additionally, 24 videos were created focusing on individual properties, unique venues, culinary experiences, group outdoor activities and the ambiance of our eight unique cities. These videos, along with destination photography, have been the centerpiece of our social media and advertising and awareness campaigns.

We assume that 100% of the \$213.3 million in average lodging revenue in 2018 and 2019 accrued to paying hotels in the TBID. In order to generate the \$213.3 million in revenue, the CVB invested more than \$4.0 million in convention sales expenses, including \$2.2 million in labor expenses and nearly \$1.8 million in non-labor expenses. Non-labor expenses included \$0.6 million in costs to attend domestic tradeshow, more than \$0.3 million in event hosting costs, \$0.3 million in domestic FAMs, and \$0.1 million in special promotions.

# CVB MARKETING BUDGET

The Greater Palm Springs CVB had a total marketing budget of \$7.8 million in FY 2020. Labor expenses totaled \$1.1 million, while non-labor expenses totaled nearly \$6.7 million.

Ad placement (\$5.1 million) and digital marketing expenses (\$0.3 million), which primarily drive incremental business and revenue at TBID properties, amounted to a combined \$5.5 million, comprising 82% of non-labor expenses and 70% of total marketing expenses. Ad placement and digital marketing expenses fund the CVB's various marketing campaigns which directly benefit TBID partner hotels through website deals and partnerships, travel resource partnerships, and billboard/audio/TV co-ops.

# MARKETING CAMPAIGNS

The Greater Palm Springs (GPS) Convention & Visitors Bureau (CVB) offers TBID partners various marketing programs to increase exposure and drive room demand in the local market. These programs include deals through the CVB website, travel resource partnerships, billboard deals through the CVB website, travel resource partnerships, billboard co-ops, and audio co-ops. Specific examples included

- Chill deals through the CVB's Summer Chill campaign, which generated 522,617 Chill Deal views in 2019.
- The Expedia digital campaign, which promoted CVB partner deals on Expedia products. In 2019, the CVB's campaign performance resulted in 19.4M impressions, booked 218,500 room nights and led to 109,000 airline tickets being purchased for a strong ROI of \$223.40 to \$1.
- The TripAdvisor digital campaign, which included digital display advertisements across TripAdvisor direct-to-hotel listings on the CVB website. The 2019 campaign resulted in more than 11 million impressions and nearly 17,000 arrivals to the destination.
- The Travelzoo campaign, which featured a destination landing page on the Travelzoo website and offered partner deals and adventure, wellness, and destination pillars. The CVB's most recent fall campaign (September to December 2019) generated 28.8 million impressions and 57,000 page views. This campaign resulted in 8,994 room nights and an ROI of \$5.56:1.

# MARKETING CAMPAIGN RESEARCH

As the official tourism agency of the nine cities within the Coachella Valley, the Greater Palm Springs (GPS) Convention & Visitors Bureau (CVB) conducts advertising to promote the destination to travelers in key markets throughout the United States and Canada.

The CVB has partnered with Strategic Marketing & Research Insights (SMARI) to measure the effectiveness of its campaigns since 2014. SMARI surveyed travelers from Tier 2 markets (including travelers who take overnight leisure trips involving air travel and travelers from Getaway markets (including travelers from drive markets).

This research measures the reach and impacts of the CVB's paid advertising campaign in the seasonal/vacation markets. This campaign has made a significant shift in the past two years toward digital, with the goal of focusing on high-value sociographic targets which generally means affluent travelers, whom other research has identified as the best audience for the GPS product.

As in 2018, the 2019 ads featured more tactical calls-to-action, with less brand building. In addition, there is once again a significant decrease in print investment.

# PAID ADVERTISING INVESTMENT RESEARCH

In 2019, the CVB spent more than \$2.9 million on paid advertising. Digital advertising comprised the majority of spending on paid advertising, amounting to \$1.4 million and representing 47% of total spending. TV advertising including broadcast and connected TV followed with nearly \$1.2 million in spending, representing 39% of total spending. OOH and print advertising amounted to approximately to \$241,000 and \$152,000, respectively.

# INCREMENTAL LODGING SPENDING ANALYSIS

According to the 2019 SMARI research, the CVB's paid advertising investment in 2019 generated a 40.8% awareness rate, resulting in 12.7 million aware households and nearly 0.8 million incremental trips. These incremental trips spent an average of \$1,155 per trip, resulting in \$912 million in visitor spending directly influenced by the CVB's media campaigns.

Overall, the \$912 million in incremental visitor spending and \$2.9 million in CVB media expenditures resulted in a net ROI of \$312 among Tier 2 and Getaway travelers in 2019, representing a 23% increase over the \$254 ROI in 2018.

# INCREMENTAL LODGING ANALYSIS

According to 2019 SMARI research, approximately 86% of ad-influenced trips stayed in paid lodging accommodations. These 0.68 million trips in paid lodging stayed an average of 2.56 days, resulting in nearly 2.0 million total paid lodging room nights in paid accommodations. In addition, Greater Palm Springs marketing programs, including Expedia and Travelzoo digital campaigns, generated in an additional 0.2 million room nights, resulting in nearly 2.2 million total room nights influenced by ad campaigns.

At an average daily rate of \$160, these room nights generated \$347.8 million in incremental lodging revenue attributable to the CVB's spending on paid advertising.

# INCREMENTAL LODGING REVENUE BY LODGING TYPE

Based on existing research and visitor survey data from SMARI, the accompanying figure shows the estimated share of lodging revenue by type of lodging. As shown, the majority of incremental lodging revenue attributable to the CVB's paid media campaigns is realized by hotels and other types of lodging establishments that pay to be part of the TBID.

We estimate that hotels/resorts received \$255.2 million in incremental lodging revenue as a result of the CVB's paid advertising in 2019. This \$255.2 million represented more than 73% of total incremental lodging revenues. Airbnb and other travel sharing properties, along with vacation rentals and timeshare properties, received \$75.6 million, representing 21.7% of total incremental lodging revenue. Boutique hotels and inns received \$12.8 million in incremental lodging revenue.

# PROPORTIONAL BENEFITS

The benefits of TBID funding accrue overwhelmingly to TBID hotels. TBID marketing efforts draw visitors to Greater Palm Springs, and there is potential for some non-payers in Greater Palm Springs or in neighboring cities to benefit, however that share is estimated to be small.

Assuming benefits are distributed evenly across the hotel inventory, the TBID share of the room inventory is used as a proxy for the benefits of sales efforts. Based on visitor survey data from SMARI, STR hotel room census data, and TBID hotel room data provided by the CVB, we estimate that approximately 80% of total lodging revenues driven by CVB sales and marketing efforts accrue to TBID hotels.

As shown, the benefits of TBID funding accrue overwhelmingly to TBID hotels. Overall, convention sales program expenses and marketing costs incurred by the CVB generated \$561.0 million in total lodging revenue. We estimate that approximately 82%, or \$458.7 million, of this lodging revenue was realized by TBID properties. Just 18%, or \$102.3 million, of lodging revenue accrued to non-TBID properties.

# PROPORTIONAL BENEFITS

As shown, the benefits of TBID funding accrue overwhelmingly to TBID hotels. Overall, convention sales and marketing costs incurred by the CVB generated \$561.0 million in total lodging revenue, including \$213.3 million in lodging revenue attributable to convention sales and \$347.8 million in lodging revenue generating by marketing and paid media campaigns.

We assume that 100% of the \$213.3 million in lodging revenue attributable to convention sales is realized by TBID properties since hotel rooms booked through the CVB sales team are at TBID properties.

TBID properties received \$255.2 million in incremental revenues from the CVB's marketing and paid media campaigns, representing 73% of the total \$347.8 million in incremental lodging revenues attributable to this channel. The accompanying table provides a breakdown of the incremental lodging revenue by lodging type and TBID designation.

Total incremental lodging revenue attributable to the CVB's combined convention sales expenditures and paid marketing expenditures amounted to \$561.0 million. TBID properties received \$458.7 million, representing 82% of total incremental lodging revenue.

**WHEREAS**, the Property and Business Improvement District Law of 1994 (Streets and Highways Code §36600 et. seq.) authorizes the Joint Powers Authority Executive Committee of the Greater Palm Springs Convention and Visitors Bureau (JPA Executive Committee) to renew business improvement districts upon petition by a weighted majority of the business owners located within the boundaries of the district; and

**WHEREAS**, lodging business owners who will pay more than fifty percent (50%) of the proposed assessment, as weighted according to the amount of the assessment to be paid by the petitioner, within the boundaries of the GPSTBID have petitioned the JPA Executive Committee to renew the GPSTBID; and

**WHEREAS**, included with the petitions was a Management District Plan (Plan) summary that describes the proposed assessment to be levied on lodging businesses with fifty (50) rooms or more and all vacation rentals within the GPSTBID to pay for sales promotion and marketing programs, and other improvements and activities set forth in the Plan; and

**WHEREAS**, the assessed lodging businesses within the GPSTBID will receive a specific benefit from the activities and improvements set forth in the Plan; and

**WHEREAS**, on June 26, 2020 at 8:30 AM at 70100 Highway 111, Rancho Mirage, CA 92270, the JPA Executive Committee adopted a Resolution of Intention, Resolution No. 2020-002; and

**WHEREAS**, the public meeting and public hearing to consider the renewal of the GPSTBID have been properly noticed in accordance with Streets and Highways Code §36623; and

**WHEREAS**, on September 25, 2020, at 8:30 AM at 70100 Highway 111, Rancho Mirage, CA 92270, the JPA Executive Committee held a public meeting regarding the renewal of the GPSTBID, and the JPA Executive Committee heard and received objections and protests, if any, to the renewal of the GPSTBID and the levy of the proposed assessment; and

**WHEREAS**, on November 20, 2020, at 8:30 AM, at 70100 Highway 111, Rancho Mirage, CA 92270, the JPA Executive Committee held a public hearing regarding the renewal of the GPSTBID, and the JPA Executive Committee heard and received all objections and protests, if any, to the renewal of the GPSTBID and the levy of the proposed assessment; and

**WHEREAS**, the Clerk of the JPA Executive Committee has determined that there was no majority protest. A majority protest is defined as written protests received

from owners of assessed businesses in the renewed GPSTBID which would pay fifty percent (50%) or more of the assessments proposed to be levied. Protests are weighted based on the assessment proposed to be levied on each lodging business; and

**WHEREAS**, the JPA Executive Committee bears the burden of proving by a preponderance of the evidence that an assessment imposed for a specific benefit or specific government service is not a tax, that the amount is no more than necessary to cover the costs to the JPA Executive Committee in providing the specific benefit or specific government service, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the specific benefits or specific government services received by the payor.

**NOW, THEREFORE, BE IT RESOLVED** BY THE COMMITTEE THAT:

1. The recitals set forth herein are adopted by the JPA Executive Committee as findings and they are true and correct.

2. The GPSTBID is hereby renewed for a ten (10) year term, beginning July 1, 2021 through June 30, 2031.

3. The Plan dated November 19, 2020, is hereby adopted and approved.

4. The activities to be provided to benefit businesses in the GPSTBID will be funded by the levy of the assessment. The revenue from the assessment levy shall not be used: to provide activities that directly benefit businesses outside the GPSTBID; to provide activities or improvements outside the GPSTBID; or for any purpose other than the purposes specified in this Resolution, the Resolution of Intention, and the Plan. Notwithstanding the foregoing, improvements and activities that must be provided outside the GPSTBID boundaries to create a specific benefit to the assessed businesses may be provided, but shall be limited to marketing or signage pointing to the GPSTBID.

5. The JPA Executive Committee finds as follows:

a) The activities funded by the assessment will provide a specific benefit to assessed businesses within the GPSTBID that is not provided to those not paying the assessment.

b) The assessment is a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.

c) The assessment is a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.

d) Assessments imposed pursuant to the GPSTBID are levied solely upon the assessed business, and the business owner is solely responsible for payment of the assessment when due. If the owner chooses to collect any portion of the assessment from a transient, that portion shall be specifically called out and identified for the transient in any and all communications from the business owner as the "Tourism Business Improvement District Assessment." As an alternative, the disclosure may include the amount of the TBID assessment and the amount of the assessment imposed pursuant to the California Tourism Marketing Act, Government Code §13995 et seq. and shall be disclosed as the "Tourism Assessment" as specified in the Plan.

6. The assessments levied for the GPSTBID shall be applied toward sales promotion and marketing programs to market assessed businesses, as well as key priority projects established annually by the Greater Palm Springs Convention & Visitors Bureau (CVB), including air service and rail development, work force development, research and analytics, educational support, and more, in the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio, and portions of the unincorporated area of Riverside County in the Coachella Valley, as described in the Plan.

7. The annual assessment rate is three percent (3%) of hotels' gross short-term room rental revenue and one percent (1%) of vacation rentals' gross short-term rental revenue. Based on the benefit received, assessments will not be collected on stays of more than twenty-seven (27) consecutive days.

8. Assessments levied on lodging businesses pursuant to this Resolution shall be levied on the basis of benefit. Because the services provided are intended to increase demand for room rentals, an assessment based on room rentals is the best measure of benefit.

9. The assessments for the entire GPSTBID will total approximately \$17,000,000 in year one (1).

10. Bonds shall not be issued to fund the GPSTBID.

11. The GPSTBID shall include all lodging businesses with fifty (50) rooms or more and all vacation rentals located within the boundaries of the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, and Indio, and portions of the unincorporated area of Riverside County in the Coachella Valley, as shown in the map in the Management District Plan.

12. Funds remaining at the end of any year may be used in subsequent years in which GPSTBID assessments are levied as long as they are used consistent with the requirements of this Resolution, the Resolution declaring results of majority protest proceedings and renewing the GPSTBID, and the Plan.

13. The CVB, Cities and/or County will be responsible for collecting the assessment on a monthly basis (including any delinquencies, penalties and interest) from each lodging business with fifty (50) rooms or more and each vacation rental located in the boundaries of the GPSTBID. The CVB, Cities and/or County shall take all reasonable efforts to collect the assessments from each assessed business.

14. The JPA Executive Committee, through adoption of this Resolution and the Plan, has the right pursuant to Streets and Highways Code §36651, to identify the body that shall implement the proposed program, which shall be the Owners' Association of the GPSTBID as defined in Streets and Highways Code §36612. The JPA Executive Committee has determined that the CVB shall be the GPSTBID Owners' Association.

15. The CVB, pursuant to Streets and Highways Code §36650, shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvement and activities described in the report. The first report shall be due after the first year of operation of the GPSTBID.

16. The GPSTBID established pursuant to this Resolution will be subject to any amendments to the Property and Business Improvement District Law of 1994 (California Streets and Highways Code §36600 et. seq.).

17. The Clerk of the JPA Executive Committee, or his or her designee, is directed to take all necessary actions to complete the renewal of the GPSTBID and to levy the assessments.

18. This Resolution shall take effect immediately upon its adoption by the JPA Executive Committee.

19. The agenda was approved unanimously as amended.

## CEO/PRESIDENT'S REPORT

### CVB UPDATE

#### Air Service:

Scott White reported that Southwest Airlines will begin service to Palm Springs in November. They have not announced the cities yet. The CVB has been meeting with the airline regularly over the last five years at the airline conferences Routes America and Jump Start, and their headquarters in Dallas. The CVB generated research for them to evaluate their service choices. Alaska Airlines recently announced service from Palm Springs to San Jose, Reno and Boise. The expectation is for San Jose to be year-round. The CVB has been targeting this service over the last four years. The access is strategic with

respect to technology development. JetBlue has added Ft. Lauderdale and American added Philadelphia for Saturday only. It does connect with international routes and the service may grow in the future as Delta did with service to Atlanta. With these various new air service options, the airlines are recognizing our destination as a viable leisure option.

#### Marketing

Colleen Pace reported that the Marketing Department will create plans to address the new fly markets. Those campaigns will start in October, earlier than planned, but the interest justifies the change.

The "Safer Together. Greater Together" pledge launched in June. To date, there are 440 businesses who have taken the pledge. It has been promoted in the drive market since June and has 160M impressions. The purpose was to show consumer confidence in our destination and it has generated 2,600 room nights and \$490,000 in bookings. There was a local campaign that every pledge counts. There are 21M impressions from The Desert Sun, TV, billboard, and digital.

Safer Travel Initiatives – The CVB is capturing video and photography for a marketing campaign to highlight safety and best practices, mask wearing, etc., to build more confidence in the consumer. Thank you to all who have participated.

Television ads have been playing in the drive markets like Seattle, Portland, Phoenix, and Las Vegas. Billboards have been on display in Los Angeles, Orange County and San Diego since June.

Expedia & Trip Advisor – Expedia has been a very successful campaign. It launched in June when not all hotels were open. In July, numbers were better. August was at \$1.7M, so we are building momentum. The CVB has been focusing on the drive market and will add the fly market soon. October pacing on bookings looks good, ahead of last year. The campaign on TripAdvisor launched this month.

Travelzoo has a "deal" feature. You can participate at no cost. There is no commission. All are encouraged to submit an offer, launching in early October.

Edge Media is a campaign targeted to the LGBTQ sector that will start in October.

The Visit California Co-op runs from July through December on Expedia, Adara, and Pandora. It is focused on in-state marketing.

Beginning in October, the CVB will relaunch the Adara campaign which is sold out, so we created another digital offer through Centro to a targeted audience. The last co-op the CVB just relaunched is the Billboard co-op which runs year-round. Contact Colleen to discuss your desired target markets and number of boards.

#### Website

Pace announced the launch of the CVB's redesigned website to take place on Tuesday, September 29, at 1pm. It is a "mobile first" design to make navigating easier on one's smart phone. There is an increase in member/partner referrals. The Partner Portal is also updated.

#### Social Media

Pace reported that the CVB is pushing out content on safe travel, al fresco dining, field trips, families, and distance learning. Total impressions are at 700,000.

#### Convention Sales

The CVB is hosting an online meeting series called GPS Reboot, a VirtuWell series, to stay engaged with our clients. So far, 158 clients have attended events on July 14, July 29, Aug. 18 and Sept. 16. Each has a wellness theme. The next one is scheduled for Oct. 14. The CVB has connected with local experts to participate in these panel discussions. The next series will launch in Fall 2020 and focus on Arts & Culture.

Leads and bookings in June, July and August were markedly lower compared to last year.

Cancellations on the GPS books due to COVID-19 amount to 138,015 room nights with an economic impact of over \$82M. The time period is March 2020-December 2021. Cancellation data was also shared for the convention center and hotels. Leisure travel is up, but it does not make up for the group cancellations.

#### Communications

Media coverage regarding the new air service has led to ad value of over \$1.5 million, with total impressions over 1.34 billion. Leisure travel and California travel articles are including GPS for good coverage. Stories will appear soon in Fodor's, EnCompass, Spectrum News, American Way, Departures, Essence and Travel + Leisure.

---

Sunset Magazine has chosen its annual "Holiday House" and it is in Palm Springs. They will be in destination this week with early preparations.

#### **MONTHLY SUMMARY FINANCIAL REPORT & TREASURER'S REPORT – JULY 2020**

Scott reported that the financial documents were provided in the board meeting materials. If you have any questions, feel free to contact Scott or Bill Judson.

#### **PUBLIC COMMENT**

This Public Comment period is for items that appear within the Consent Calendar or matters that are not listed on the Agenda.

Linda Evans called on Brad Anderson who reported that he would like to speak on the Public Hearing item later in the meeting.

#### **APPROVAL OF MINUTES (All Vote)**

**JPA-CVB BOARD OF DIRECTORS JOINT MEETING MINUTES DATED JUNE 26, 2020** (all vote).

The JPA Executive Committee and CVB Board of Directors Joint Meeting Minutes dated June 26, 2020, were approved with two changes. The reference to Vacation Rental Owners of Palm Springs was corrected to Vacation Rental Owners and Neighbors of Palm Springs. The reference to Margaritaville as a sponsor at the Tennis Gardens was corrected to reflect their sponsorship of the Pickleball Tournament. Evans asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so the vote was unanimous based on the roll call taken at the beginning of the meeting ( Gardner / Kors ).

#### **CONSENT CALENDAR (JPA Exec Committee Only Votes)**

**WARRANTS AND DEMANDS DATED JUNE 30, JULY 31, AND AGUST 31, 2020**

Regarding the Consent Calendar, Evans asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so the Consent Calendar was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Kors / Gardner ).

#### **PUBLIC MEETING**

##### **TBID PUBLIC MEETING**

A Public Meeting will be held pursuant to Government Code section 54954.6 to allow public testimony regarding the Renewal of the Greater Palm Springs Tourism Business Improvement District (GPSTBID) and the levy of assessments therein as set forth in the Resolution of Intent (approved by the JPA Executive Committee on June 26, 2020) and pursuant to Government Code section 54954.6.

Chair Evans gave a brief update on COVID-19 hospitalizations in Riverside County District 4 from April to the present. She noted that our local health institutions report COVID statistics daily. These numbers are average daily sums for each month. In July, the numbers increased and stressed the system, but we have been in the single digits most of the last few weeks.

Chair Evans then introduced the next topic – the TBID Renewal Public Meeting.

Scott White gave an overview of the Staff Report included in the Board packet.

White reported that the vacation rental industry, represented by Michael McLean, approached the CVB a few years ago to create a TBID for vacation rentals. The CVB held some meetings with vacation rental representatives, consulted with Civitas who worked on the hotel TBID, explored options, but it wasn't the right timing. The vacation rental group approached the CVB again more recently and the CVB was able to integrate the vacation rentals (VR) into the renewal of the hotel TBID. White noted this is an assessment, not a tax. The difference is that the assessment can only be spent on the activities outlined in the Management District Plan (MDP). The CVB would use the assessment money for air service development, promotions for vacation rentals (as it does for the hotels), workforce development, among other activities. The CVB would create a Vacation Rental Advisory Group to assist with prioritization of activities and expenditures. The CVB would expand its board of directors and add four more board positions representing the VR industry. White encouraged nominations to be sent to him. The 1% assessment would begin July 1, 2021, and would be submitted to your city on the TOT form; then the city remits it to the CVB.

The Tourism Business Improvement District (TBID) was established in 2009. The CVB had completed an assessment study that revealed: those who had not visited GPS thought we were too hot, we had no airport, we were a destination for the wealthy, and we were not concerned about the environment. Those who had visited thought we were an oasis, we were relaxing, and sustainable, so clearly there was a disconnect between those who had been here and those who had not. From this information, the CVB rebranded and developed pillars of focus: outdoor adventure, health and wellness, and arts and culture. The TBID was increased to 3% and now GPS is marketing to the drive market year-round, we have expanded our summer marketing, created the Chill campaign, promoted GPS more on an international level, especially the non-stop air service markets. The CVB was able to work more on air service development and hired a consultant to move air service forward. The CVB also works toward rail service in the destination, working with entities for rail service from Los Angeles, at least a few times per day. Regional collaboration is also an opportunity for the cities to work together and create co-op programs. The CVB is working on growing the off season. The CVB uses credit card data that shows that people indeed stop on their way through the Coachella Valley on I-10. The Brand team is creating world-class video campaigns and TV spots. The CVB has a campaign with Expedia and has expanded campaigns internationally. The TBID allows the CVB to do research about the Salton Sea, the risks of non-development and the benefits to the Coachella Valley if it can be restored. Various research projects help us solidify our position and strategies to benefit the tourism industry, businesses, and the economic development of the Coachella Valley. The CVB supports the Hospitality program at CSU San Bernardino, Palm Desert Campus, and College of the Desert. When Southwest Airlines asked for data, the CVB conducted economic impact studies to bolster the position of GPS in their decision-making. The CVB subscribes to services such as Uber Media, visitor phone data, and geofence data, to fine-tune its marketing programs. All of these efforts benefit the TBID hotels, and now vacation rentals starting July 1, 2021. The TBID is a 3% assessment on rental agreements in hotels with 50 rooms or more and 1% on vacation rental stays less than 28 days throughout the valley.

#### Questions:

Lee Morcus asked what the revenue would be from vacation rentals. White said, based on 2019 numbers, approximately \$1.2M to \$1.7M annually. Since it doesn't start until July 1, 2021, he hopes business will be back up to 75% of the pre-pandemic levels by then.

Aftab Dada added that for June-August 2020 and to the end of the year, in Palm Springs, the vacation rental business is up 100% over last year.

Linda Evans noted that some cities are phasing out their vacation rental permits. In the City of La Quinta, short-term rentals are a \$3.5M revenue source. She is not in support of a ban, but there needs to be a balance with enforcement.

Lee Morcus added that a ban would not stop people from renting their properties.

#### Public Comment:

Brad Anderson

Mr. Anderson is a resident of Rancho Mirage and is opposed to the TBID. He noted that he has no "skin in the game," but has experience with benefit assessment districts and hopes all the protocol is in place so that everything is legal. He believes 1% is too high and that public safety is "an issue." He is opposed to the TBID as written.

Bruce Hoban

Mr. Hoban is co-founder and board member of Vacation Rental Owners and Neighbors (VRON) in Palm Springs, which was founded in 2017 to represent homeowners. They added property managers to their membership in 2019. VRON is a non-profit and works with cities to keep regulations and enforcement at acceptable levels so vacation rentals are a positive entity. Cooperation like this has been a goal of theirs. Over the last few months, they have worked with the CVB on how this will work, identify the needs, and how it will benefit vacation rentals. Scott White and Davis Meyer have been a great help. They have provided helpful input and meaningful answers. Mr. Hoban said that TBIDs can be confusing and many owners think of this as a tax, but this is just in addition to the TOT and is paid by the guest. This proposed TBID combines the hotels and vacation rentals into one united group, encouraging tourism. The TBID allows the vacation rental industry to educate citizens

---

that regulated vacation rentals can fit into the valley. It is important to market to visitors that there are regulations and they are encouraged to abide by them. VRON endorses the TBID. Their Board of Directors voted unanimously to support this proposal.

David Feltman

Mr. Feltman also wanted to commend the CVB staff. VRON (Vacation Rental Owners and Neighbors of Palm Springs) and the vacation rental industry have been working with the CVB. He is impressed with the staff at all levels at the CVB. They are an impressive team. With respect to the TBID, Mr. Feltman reported that our tourism economy has been hurt by the lack of group and convention business. Leisure business is hanging in there. The TBID allows us to look to the horizon so we can support the entire tourism economy when the TBID is inclusive of vacation rentals, looking into the next decade for the development of our tourism economy. The vision to include vacation rentals in the TBID is critical to the future of the tourism economy. He compliments and supports the efforts of the CVB to be inclusive. He noted that the CVB is a "best of breed" marketing organization. Noting the presentation today by Colleen Pace, he believes the evidence is there, demonstrating the benefit of the TBID and the CVB's work. He supports the TBID enthusiastically.

Frank Weiser

Mr. Weiser is an attorney representing Motel 6 in Thousand Palms. He reported that he had a 14-page letter delivered to the CVB a few days ago which outlines his various constitutional objections to the TBID. He wanted to add that most of the arguments as to due process and taking of property are standard arguments. The essential issue for Motel 6 is not to harm the CVB and its noble goals. From a legal standpoint, forcing someone to join the organization and engage in "buying a product" as cited in a federal case, the government can't force someone to buy a product. If someone doesn't want to join, the government should not be able to force membership. Mr. Patel (owner of the hotel) claims he does not receive benefits from the TBID. Mr. Weiser claimed this is a type of tax and requested the letter be placed into the record. Linda Evans replied in the affirmative.

James Halper

Mr. Halper noted that he is a 78-year-old, partially disabled veteran. He has known the Patel family for over 20 years. The past three years, Mr. Patel has been taking care of Mr. Halper and is a charitable man. Mr. Halper noted that his father was one of the founders of the Coachella Valley. The hotel in question is not a destination for vacationers. Their clientele is truckers who stop on their way to somewhere else. Any CVB advertising is of no benefit for this hotel. He stated that this hotel in Thousand Palms has never been mentioned in CVB advertising. The owners have only this one hotel and their business will not change whether they pay into a TBID or not. He said the CVB is telling them they have to give the CVB money in order to do business. He said the CVB should do the right thing. Linda Evans thanked Mr. Halper for his service to our country.

William Stetz

Mr. Stetz reported that he is a resident of Palm Springs. He is a short-term rental owner where he lives in his home and rents part of his house through AirBnB. When he received the resolution in the mail that he was going to be assessed 1%, he felt challenged. There was no introduction as to what the CVB does for him. He benefits the community by providing a space for people to rent and then they go out to restaurants, etc. Although he is impressed by Colleen Pace and Scott White's presentations, they did not show how the promotions will benefit a specific AirBnB home-share like his. He still feels the assessment is an expense. He is opposed to the assessment levied against his choice. One size does not fit all. He believes he cannot be assessed for a service that he doesn't want and cannot see the benefits to him.

Bryan Patel

Mr. Patel noted that he is thankful for the opportunity to speak. He is the owner of Motel 6 in Thousand Palms. He noted these unprecedented times with the ongoing pandemic and believes the worst is yet to come. He noted that hoteliers are one of the hardest impacted industries and some are unable to stay afloat. His customers consist of I-10 truckers and locals. He has had to hire 24/7 security, enhance his cleaning protocols to protect customers and employees. He does not receive any benefit from the TBID and is politely requesting to withdraw from the assessment. He thanked the JPA for the opportunity to speak.

Jerry Keller

Mr. Keller wanted to thank everyone at the CVB for the wonderful work. It is very impressive. He noted that he is eager to see the new website. He noted that when he travels, he makes sure the hotel is addressing sanitation. Palm Springs just opened for indoor seating at restaurants. Palm Canyon Drive is an open, walking street. Customers are happy, business has been brisk, and the future looks brighter than a few months ago.

---

Mr. \_\_\_\_ Patel

(Note: audio connection was poor). Mr. Patel represents Motel 6 in Thousand Palms. This hotel receives no marketing or advertising from the CVB. It is located in Thousand Palms and its customer base is primarily truckers traveling along Interstate 10. The hotel wishes to withdraw from the CVB. Mr. Patel requested of the Board of Directors and the JPA to allow the hotel to withdraw. He thanked all for their time and for allowing him to speak.

Aftab Dada

Mr. Dada represents the Hilton Palm Springs. He complimented White's presentation regarding the history of the TBID. He wanted to make clear that the TBID assessment is levied on the customer. Management companies and owners do not have to foot this bill. That goes for both hotels and vacation rentals.

White noted that questions can also be directed to Davis Meyer, Director of Partnership at the CVB. She can be reached via email: [dmeyer@gpscvc.com](mailto:dmeyer@gpscvc.com). There is also a website with more information and FAQs: [gpsTBID.com](http://gpsTBID.com). He noted that owners have the option to pass the assessment on to the guest, and most do. There are over 100 of these TBID arrangements in California.

Evans asked for any additional speakers. Seeing none, she noted that there is no decision for the JPA Executive Committee to make today. The final public meeting is Nov. 20, 2020. She thanked all participants for speaking.

Evans called the Public Meeting to a close.

#### JPA EXECUTIVE COMMITTEE ITEMS (JPA Executive Committee Only Votes)

#### **APPROVAL OF CONFLICT OF INTEREST CODE (amended September 25, 2020)**

Evans noted that Conflict of Interest Codes require periodic updating. The redline version (showing changes) and the updated version were both provided in the meeting materials. Evans asked for questions and comments. Hearing none, Evans asked for those in favor, opposed and abstaining.

There were no abstentions or opposed, so the Amended Conflict of Interest Code was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Kors / Harnik ).

#### **OFFICER NOMINATIONS (vote at November meeting)**

Evans noted that at the next meeting, the JPA Executive Committee will take nominations and approve the Chair and Vice Chair. Evans is honored to have served as Chair for the last six years. It is customary to move the Vice Chair to the Chair position and Gary Gardner has expressed interest in the Vice Chair position. Evans reported that she is impressed with the work of the CVB, its Board of Directors and the cities. Any additional nominations can be sent to Scott White via email.

#### **RESOLUTION NO. JPA 2020-003 – MEETING DATES FOR 2021**

The list of meeting dates for 2021 was included in the meeting materials. There were no questions or comments. Evans asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so Resolution No. JPA 2020-003 regarding meeting dates for 2021 was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Holmes / Kors ).

#### **RESOLUTION NO. JPA 2020-004 – REOPENING GUIDELINES FOR LOCAL MEETINGS**

Evans invited Scott White to provide the background on this resolution.

White reported that meetings generate good business mid-week. Leisure travelers are in the destination primarily on the weekends. To ease the negative impact of the pandemic, Greater Palm Springs really needs at least small gatherings to be allowed. There is a Convention Center coalition in the state. The Governor's re-opening guidelines do not address indoor meetings. Other states are allowing indoor meetings, similar to guidelines for indoor restaurants. The CVB participates on a task force working to lobby at the state level in favor of meetings. Group meetings are planned well in advance; groups already booked for 2021 need guidance. The CVB is working at three levels - Riverside County Health Department, and economic development (at local, county and state levels) and with the California Travel Association. The recommendation, at a minimum, would be to allow meetings and have them follow the guidelines similar to restaurants with respect to indoor capacity according to the color zones. The goal is to save the business that is already booked and to give confidence to

future bookings. To approve this resolution is to support these guidelines with respect to allowing meetings. White asked for any questions.

Kors reported that the suggestion to tie group business to the four stages was a good way to go. Kors noted that we need to balance the economic impact of the pandemic with the knowledge we now have about stopping the spread. He noted the new air service to Palm Springs and the importance of keeping the interest of those airlines. He added that the Palm Springs Convention Center has done a great job on sanitizing and health protocols.

Supervisor Perez noted that this is a well-designed plan that makes sense. He reported that he had a quick conversation with the Governor's office and it seems they will be agreeable if we follow this approach. This is the type of guidance that lawmakers need. Perez said he supported this approach 100% and will work to advance it.

Evans asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so the Resolution No. JPA 2020-004 regarding reopening guidelines for local meetings was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Perez / Kors ).

#### **UPDATES FROM THE JPA MEMBERS AND CHAIR**

Linda Evans welcomed Lena Wade of Slovak, Baron, Empey, Murphy & Pinkney (SBEMP), the CVB's new legal counsel. She noted that the firm has been in the Coachella Valley a long time. Scott White also welcomed Wade and noted she is a native of the destination and is involved in a number of charitable organizations. He complimented her expertise. Wade expressed gratitude for the introduction. She has been very busy so far and looks forward to meeting everyone.

**Linda Evans** reported that construction on the new Residence Inn (108 rooms) on Highway 111 in La Quinta, near Costco, is moving right along. This project is part of the city's "re-envisioning" of the 111 corridor. Evans reported that city council is considering scheduling a possible study session on the Montage and Pendry projects. Finalization of the planning and infrastructure will come soon. Mosaic, the financier, is committed to the project. The city has been working on roundabouts and other infrastructure projects. She reported on the safe conclusion to the recent incident at city hall where a Riverside County Sheriff deputy detained a gunman approaching city hall and the police substation, minimizing a potential tragedy.

**Geoff Kors** reported on the new flights coming into the Palm Springs airport and the status of the concessions. A new RFP (request for proposals) was distributed by the city and they are looking forward to new businesses opening at the airport. He noted that business owners in Palm Springs are investing in their properties. The outdoor seating arrangements on Palm Canyon were good for the city in September - for residents and visitors alike. He appreciates all the work of staff and businesses. The city will have three days of COVID testing at the convention center, whether you have symptoms or not, to keep the positivity percentage lower. The city budget was finalized; last year's numbers were better than the conservative projections and sales tax revenue was better than projected. The city was able to put some money back into reserves. One industry doing very well is residential real estate. Offers are coming in above asking price and people are moving here because they are working from home and can live anywhere. This helps our local businesses, prices are rising, and low-cost housing projects are also being developed. We should acknowledge that tourism helps all of us.

**Charles Townsend** reported that Rancho Mirage city hall will have a ballot drop off box in the lobby starting October 5. The lobby is open from 8:00am to 4:30pm, Monday through Thursday. He wished everyone a safe weekend.

**Ernesto Gutierrez** thanked the CVB staff for all their hard work. He reported that Scott White recently presented the resolution regarding reopening guidelines for groups to the Cathedral City city council and it passed unanimously. With respect to short-term rentals in Cathedral City, the council recently approved a phase-out in R1 and R2 areas. Neighborhoods with HOAs and CC&Rs will be allowed to have rentals and home-sharing. The phasing will take about 2.5 years and will reduce the number of short-term rentals in the city by about 50%. Other updates in Cathedral City: the new Best Western north of I-10 near the corner of Bob Hope and Varner is open. The new \$22 million Lexus dealership is operational. Toyota of the Desert is spending \$8-10 million to take over the site of the former Desert Lexus location. The new Agua Caliente casino will be operational late this year. The Cathedral Canyon bridge is under construction with a budget of about \$25 million. It will take about two years to complete. On October 24<sup>th</sup>, the city will dedicate a new fire station on Date Palm Drive, just north of the casino location. The old station will be torn down. The amphitheater on Cathedral Canyon is completed and the city issued a conditional use permit for CV Repertory Theater to hold functions there December 2020 through March 2021, if allowed by the state. City council approved a final map for 110 homes north of Ramon Road, east of Date Palm. The Planning Commission approved the development of 144 homes in one project and 325 homes in another. The permitting office is busy and empty lots are filling.

---

**Jan Harnik** reported that the City of Palm Desert has a rental assistance program for residents in need. They also heard from people who are not residents of Palm Desert and had to refer them to the County. There is also a "third night free" program with hotels: stay two nights and the third night is free. She thanked Tom Tabler for his involvement. All of these business assistance programs are part of the Unite Palm Desert program: the city has designated up to \$3 million in aid from the city to help residents and businesses. "Carpool Cinema" is happening at Westfield mall for Halloween, with drive-in scary movies in the parking structure. The Gardens on El Paseo will have a haunted house on the 29<sup>th</sup> and 30<sup>th</sup>, \$10 per car. For more information, go to DiscoverPalmDesert.com. On October 31, Cruise Night on El Paseo is working with Carter Elementary School to promote decorating your car for Halloween and participate in Cruise Night. The San Pablo "downtown" project is complete, much of it paid for by grants. It is the "family room" for Palm Desert. With respect to COVID-19, the city is moving forward in "disaster mode" working to provide clear guidelines for businesses to keep commerce moving forward, safely.

**Gary Gardner** reported that business in the small spas in Desert Hot Springs is picking up. The parking lots are full and visitors are returning. The city continues to work with the Coachella Valley Mountain Conservancy and the new Long Canyon Trail will open soon. The city will have a grand opening when the pandemic situation allows it. There is a resolution pending before the San Bernardino and Riverside County Boards of Supervisors for the Sand to Snow designation for the Visitors Center. It will be on their agendas in a week or so. The former CJ Grand Hotel, which was 50-60 rooms, is being redeveloped into Azure Palms, potentially a 5-star property. Looking to open this fall. Housing starts are up. The city opened a new city hall, but meetings are without an audience due to the pandemic. Gardner welcomed Lena Wade and noted he has worked with her on legal matters over the years.

**Supervisor Manuel Perez** reported that he received the letter from CVB regarding COVID funding. The Board of Supervisors recently discussed how to spend the COVID money, so the timing was perfect. He appreciated the way the letter was written; the county needs to be held accountable, but so does the tourism industry. He will work to get this on the Supervisors' agenda in a couple of weeks. He would like to see the request approved. He noted there has been much talk of re-opening. The County is carefully balancing the concerns of businesses with that of public health. The topic is controversial.

Linda Evans offered to supply the county with amendments or information for their meeting in October to achieve balance between both interests.

Linda Evans noted that the State of the City for La Quinta will be Oct. 15.

#### CVB BOARD OF DIRECTORS UPDATE (CVB Board of Directors Only Vote)

#### **NOMINATING COMMITTEE (vote) - Todd Hooks, Agua Caliente Band of Cahuilla Indians (Kate Anderson, alternate)**

Chair Tom Tabler thanked the JPA and CVB staff for the reopening guidelines. He also thanked Palm Desert City Council for their hospitality assistance program.

Tim Ellis, Chair of the Nominating Committee, introduced Todd Hooks, the Economic Development Director for Agua Caliente Band of Cahuilla Indians. Todd is very well established in the Coachella Valley. He has been nominated to join the Board. As his alternate, Kate Anderson, was also introduced. She is Director of Public Relations for the tribe. Both had to drop off this call, but have decades of experience with government and the private sector.

Jan Harnik moved to accept their nomination and Rolf Hoehn seconded.

Tabler called for the vote. There were none opposed and no abstentions, so the nomination was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Harnik / Hoehn ).

#### **RESOLUTION NO. BOD 2020-001 – MEETING DATES FOR 2021 (vote)**

There was no discussion regarding the meeting dates for 2021.

Tabler asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so the Resolution No. BOD 2020-001 regarding meeting dates for 2021 was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Hoehn / Ellis ).

#### **RESOLUTION NO. BOD 2020-002 – REOPENING GUIDELINES FOR LOCAL MEETINGS (vote)**

There was no discussion regarding the reopening guidelines for local meetings.

Tabler asked for those in favor, opposed and abstaining. There were no abstentions or opposed, so the Resolution No. BOD 2020-002 regarding reopening guidelines for local meetings was approved and the vote was unanimous based on the roll call taken at the beginning of the meeting ( Ellis / Hoehn ).

#### **BOARD LIAISONS CONTINUING**

The CVB Board members who are serving as liaisons for the various departments of the CVB are continuing in their respective roles for the coming year.

#### **UPDATES FROM THE CHAIR**

Tabler thanked the CVB team for their hard work and noted that the additional air service is wonderful. He shared that all of the CVB's marketing work is so essential in these unprecedented times. He reported that weekends are starting to pick up, there is somewhat strong demand, and they are getting high rates for September. Weekdays are struggling a bit, but better temperatures are in our future. Groups, which are 60% of their business, are planning now and they need to know whether they can come here, or they will go elsewhere. He thanked the CVB for advocating for safe meetings.

#### **UPDATES FROM THE CVB BOARD MEMBERS**

**Rolf Hoehn** had no specific update from the Indian Wells Tennis Garden.

**Aftab Dada** had no specific update from the Hilton Palm Springs.

**Tony Bruggemans** noted that there is a rumor that Le Vallauris is for sale. It is not. They will be open the end of October.

Linda Evans asked about what the travel trends are – would Canadians (or other snowbirds) be returning? Scott replied that he had a call yesterday with Vancouver and WestJet is doing rapid testing at airports. They thought the border would stay closed until the end of the year. He is having a conversation next week with our airport and legislators; Palm Springs would be a great beta test to open Canada/Palm Springs, with rapid testing at the airport. Air Canada is having the same conversations. Testing could be on departure or arrival. Hopefully, our statistics will continue to go down and we'll get borders open. Actually, one can travel, but you have to quarantine for two weeks when you return.

#### **FUTURE MEETING DATE**
