44 IMPORTANT NOTICES

## AN ICON OF BEAUTIFUL

A spectacular standard-bearer for the elegance of grand touring, DB11 is the most powerful and efficient 'DB' production model in Aston Martin's history.

Available with the 5.2-litre twin-turbocharged V12 or the 4.0-litre twin-turbocharged V8 engine at its heart, DB11 takes our grand touring heritage to unprecedented heights. The sophisticated DB11 Volante completes the DB11 family in this prestigious line-up of next-generation cars. Powered by the 4.0-litre twin turbo V8, it offers a stunning and intense open-topped GT experience.

Phenomenal performance, pioneering aerodynamics, exceptional stability, agility and strength combine with vastly reduced fuel consumption and emissions to make the Aston Martin DB11 uniquely compelling.

## A DESIGN EVOLUTION

To preserve our world-renowned design purity and honour the 'DB' legacy, we distilled Aston Martin design down to its very essence and used it to create something evolved and fresh. Something called DB11.

Instantly recognisable, its design looks inherently right, yet strikingly different. From a structure of beautifully classical proportion, its shape develops organically, surface lines emanating from nose to tail. DB11 is an immaculate expression of true automotive art.

"PROPORTION IS THE  
BEDROCK OF THIS CAR. DB11 IS  
A PIECE OF SCULPTURE TO ME"

Marek Reichman, Chief Creative Officer

## POWERFUL SYMBOLS

Familiar elements have evolved and developed to create new and distinctive features for DB11. A truly iconic signature, the striking front grille has been reinvented, its lines amplified into a markedly dominant feature, a powerful symbol of the extent to which DB11 has moved the game on. Bringing harmony of form and function, the new innovative airflow systems, the Curlicue and Aston Martin Aeroblade™ are key to the car's aerodynamics, channelling the wind to reduce aerodynamic lift and enhance stability.

The clamshell bonnet is a continuation of this fearless design philosophy. Its wraparound form minimises unsightly shut-lines for a pure, sculptural quality rarely seen. In a delightful spectacle, the entire bonnet hinges forwards to provide an exceptional view of the magnificent engine beneath.

## NEXT-GENERATION STRUCTURE

DB11's body structure was designed to be stronger, safer and more dynamic than its predecessor. An increased wheelbase enables the engine to be positioned further back for near-perfect weight distribution. Underpinned by a new bonded aluminium body structure that combines lightness and strength, DB11 sets a formidable new standard for sporting Grand Tourers.

DB11 exploits its inner strength and immense performance with a completely redefined chassis, suspension, steering and electronics. Revised suspension with adaptive damping and multiple driver-selectable dynamics enrich DB11's adaptability.

BEAUTIFUL IS A WORLD ABOVE

Continuing Aston Martin's beautiful legacy of exquisite convertible cars is the DB11 Volante. It encompasses everything that makes the DB11 the epitome of luxury sports grand tourers, with the addition of open-top driving pleasure.

The high performance 4.0-litre V8 twin-turbo engine is a powerhouse, generating an impressive 503 bhp and reaching a top speed of 187 mph. The DB11 Volante has been engineered to deliver a broad scope of abilities. Great levels of performance and handling accentuate the sporting side of its character, while its refinement and exceptionally crafted interior space ensure it remains a consummate Grand Tourer.

On mountain pass or tree-lined boulevard, under blue sky or night sky, the DB11 Volante presents the perfect space to appreciate an exhilarating drive on the open road – roof up or down.

ALL-ENCOMPASSING BEAUTY

Opening the advanced fabric 'K-fold' system lifts the lid on the beauty around both driver and passenger. Designed with a highly advanced roof system, the DB11 Volante is utterly uncompromised with its beautiful, faultlessly flowing roof line seamlessly integrated.

The Volante roof can be operated from the driver's seat or, for added convenience, can be remotely opened or closed from the key. When closed, eight layers of insulation materials engineered into the design ensure that the roof canopy is acoustically enhanced and offers complete cabin comfort. New styling features enhance its visual appeal too, with the choice of a bright or dark tonneau finisher.

## SPACIOUS COMFORT

With an increased wheelbase compared to its predecessor, DB11 offers luxurious space for both driver and passengers alike. In the Coupe, front seat occupants enjoy 10 mm of extra headroom while rearwards, a 54 mm increase in headroom and 87 mm more legroom make DB11 a truly comfortable space. With a luggage compartment that has room for two golf bags and rear ISOFIX points for the fitment of two child seats, DB11 delivers on space.

For Volante, our engineers worked hard to ensure the roof mechanism is both stylish and durable. The stack height of the fully folded roof is a class-leading 260 mm, enabling a smooth seamless rear profile and maximised luggage capacity. The design frees up more rear occupancy space and, like its Coupe counterpart, also conveniently includes rear seat ISOFIX as standard.

## ELEGANTLY CRAFTED

Inside DB11 you're met with a beautiful, calm and private space. Sumptuous natural materials, the highest levels of craftsmanship, comprehensive climate control and infotainment technology provide the ultimate in comfort and convenience. The interior can be perfectly tailored to you, thanks to an inspiring palette of colours and a vast array of detailing options. Seat back veneers are available in a choice of woods or carbon fibre, allowing a continuation of the design inspiration from the front centre console and inner door veneers to be mirrored into the rear environment of the car. Nexus quilting and Celestial perforation add layers of beauty, while ornate leatherwork, such as intricate brogue detailing, demonstrates the exceptional standard of craftsmanship in the cabin.

／ DISTINGUISHED CONVENIENCE

A full-colour 12" TFT LCD display presents primary vehicle information with absolute clarity, while a second, centrally-mounted 8" TFT screen is dedicated to media. The integrated satellite navigation and audio systems have never been easier to operate.

The DB11 makes technology strides with new infotainment, Auto Park Assist and a fully digital instrument cluster. With further optional advancements such as a heated steering wheel and blind spot assistance, these features combine to ensure driver comfort and convenience has never been better from Aston Martin.

ENGINEERED TO EXHILARATE

DB11's V8 and V12 twin-turbo engine choices produce 503 bhp and 600 bhp respectively, both offering a combination of exceptional performance and improved efficiency. The intelligent cylinder bank activation featured on the V12 engine is an advanced system that ensures the DB11's appetite for the open road is not matched by thirst. The engine cleverly alternates between banks of cylinders during low demand periods, restoring immediately to full performance on driver demand. Such are the tremendous advances made by this landmark car that the DB11 is the cleanest and most fuel-efficient DB ever produced.

DB11 V8 COUPE STATISTICS

503 bhp | 675 Nm | 4.0s 0-62mph

DB11 V8 VOLANTE STATISTICS

503 bhp | 675 Nm | 4.1s 0-62mph

DB11 V12 COUPE STATISTICS

600 bhp | 700 Nm | 3.9s 0-62 mph

AN EXEMPLARY RIDE

Effortlessly potent, DB11's range of engines deliver a rich and characterful sound all the way to 7000 rpm. Three driver-selectable dynamic modes are at your fingertips and truly enrich DB11's scintillating performance and adaptability; switching between GT, Sport and Sport Plus completely adjusts the intensity of the drive.

Select GT mode for exemplary ride quality, or switch to Sport for added firmness and agility. Switching to Sport Plus entirely turns-up the intensity; suspension, steering, 8-speed automatic transmission and Torque Vectoring system work in unison to truly awaken the sports car within.

INSPIRED AERODYNAMICS

Innovative aerodynamics allow DB11 to benefit dynamically through the direction of airflow both over and through the bodywork. The Curlicue, derived directly from our race cars, is a gill-like vent incorporated into each front wheel arch lining, extracting high-pressure air and reducing unwanted front-end aerodynamic lift.

On the DB11 Coupe, the Aston Martin Aeroblade™ harnesses airflow along its flanks and through its integral C-duct feature to enhance stability at the rear. While the Volante's design does not carry the aerodynamic C-duct of the DB11 Coupe, the innovative deployable active spoiler remains a feature on the rear deck lid, automatically activating when required to provide high-speed stability in similar fashion to the Coupe.

NEW HERITAGE

A contemporary twist on classic style, hi-tech materials like Carbon Fibre are used alongside traditional leather trim in Copper Tan and Bitter Chocolate. Arden Green evokes past glories of Racing Green for a modern look steeped in history.

## ASTON MARTIN ACCESSORIES

As the definitive GT, DB11 was styled to take your breath away and crafted to delight the senses but above all it was designed to be driven. To complete your ownership experience, we've developed an extensive range of Aston Martin Accessories. Designed in-house, the range has been created to perfectly complement your DB11, offering luxurious enhancements for every need.

Making your own selection of exceptionally crafted Accessories from our bespoke range is all it takes to truly complement the potent performance and seductive character of the DB11.

Image shows Carbon Fibre Wings Badge (Dealer fit accessory)

### CARBON FIBRE ENHANCEMENTS

From the open clamshell bonnet, the delightful spectacle of the DB11's magnificent engine is an experience to be savoured. This impressive vista can be enhanced further with the Carbon Fibre Engine Cover, a stunning carbon mould fitted perfectly to the engine.

It augments the powerful and sporting aesthetic of the under-bonnet area and is further complemented by an additional Aston Martin wings badge that sits harmoniously in the carbon fibre. Yet further statements can be made with standalone enhancements such as Carbon Fibre Exhaust Tip Finishers and a deployable Carbon Fibre Aeroblade™ creating an even sportier finish to your DB11.

### TAILORED LUGGAGE SET

This four-piece luggage set is hand-made in England by highly skilled craftsmen with the same care and attention to detail that goes into every Aston Martin.

Two large holdalls and two flight cases make up the impressively tailored set, which has been exclusively designed for DB11 to ensure you maximise the boot space. Available as a Q by Aston Martin set, the luggage can even be personalised to match the interior leather of your DB11.

### CARE AND CONVENIENCE

Designed to provide a range of protective, travel and driving accessories, our selection of convenience packs offers the finishing touches to complement and make the most of your DB11 owner experience.

Specially designed to add the flair of finishing touches, the DB11 Signature Pack goes all the way to the addition of your own signature on the sill plaque. The pack includes a rechargeable flashlight, Aston Martin umbrella, leather key pouch and valve caps, along with the signed sill plaque.

For the discerning traveller we offer a collection of accessories within the DB11 Travel Pack. Designed to cover all the essential travel necessities, each pack is made up of the four-piece luggage set, a Touring Pack and a First Aid kit.

## Q by ASTON MARTIN – COLLECTION

When you enter the world of Q by Aston Martin – Collection, you discover a range defined by detail, a collection of unique enhancements created to allow you to personalise your DB11. Bringing distinctive design features to your DB11, Aston Martin's in-house bespoke division has specially designed and engineered exclusive elements to add even further refinement and sporting character to our quintessential Grand Tourer.

The Q by Aston Martin – Collection for DB11 includes an extensive range of carbon fibre enhancements as well as an extended palette of exclusive new paint and leather colours.

Every element of the Q by Aston Martin – Collection for DB11 is available to select for new cars, with many options also available to order as aftermarket accessories.

### Q CARBON BODY PACK

In addition to the exterior Gloss Black and Graphite options, the Carbon Fibre Body Pack allows you to add striking carbon fibre features to the exterior of the DB11. The pack includes the front splitter, rear diffuser and side sills. Finished in 2x2 twill pattern with centreline herringbone pattern. The carbon pack comes in a gloss finish, with a satin derivative available through Q Commission.

### Q INTERLOCKED QUILT PATTERN

Applied to the seats and headliner, the exclusive Interlocked Quilt pattern takes over 13 hours to embroider per car. The quilt stitch is available to select in either a leather matched or contrast colour, to create either a subtle effect or a bold statement.

### Q CARBON EXTERIOR PACK

In addition to the Carbon Body Pack, the additional Q Carbon Exterior Pack adds carbon fibre to the wing mirror caps, side strakes and bonnet blades.\* Similarly, this is finished in gloss, with a satin finish available through Q Commission. \*Applicable to the V12 engine only.

### Q BY ASTON MARTIN COMMISSION SERVICE

For those looking for the ultimate personalisation for their DB11, the Q by Aston Martin Commission Service is the place to start. This unique process takes you on a journey of inspiration, art and design with our dedicated Q design team to craft a bespoke Aston Martin that truly reflects you.

## DB11 V12 COUPE SPECIFICATION:

### BODY

- Two door body style with decklid and 2 GT seats
- Extruded bonded aluminium body structure including Hot Form Quenched (HFQ) aluminium
- Cast magnesium door structures
- LED headlamps with integrated daytime running, side lights and cornering lights
- LED light blade taillamps
- Deployable spoiler with Aston Martin Aeroblade™ system
- One-piece clamshell with soft-close latches
- Curlicue aero feature in front fender

### ENGINE – V12

- All-alloy quad overhead camshaft, 48 valve, 5.2l twin turbo, V12 with stop/start and cylinder deactivation
- Front mid-mounted engine, rear wheel drive
- Fully catalysed stainless steel exhaust system with cross pipes
- Compression ratio 9.3:1
- Dual Variable Camshaft Timing
- Electronically controlled exhaust
- Fully CNC machined combustion chambers
- Knock-sensing
- Water-to-air charge cooling

### PERFORMANCE – V12

- Maximum engine speed: 7200rpm
- Maximum power: 447kW (600 bhp / 608 PS) at 6500 rpm
- Maximum torque: 700 Nm (516 lb ft) from 1500 rpm
- Maximum speed: 200 mph (322 km/h)
- Acceleration:
  - 0-62 mph (0-100 km/h) in 3.9 seconds
  - 0-60 mph in 3.7 seconds

### EUROPEAN FUEL ECONOMY FIGURES (NEDC) – V12

- Fuel consumption:
 

Litres / 100km (mpg)	
Urban	16.6 (17)
Extra Urban	8.5 (33.2)
Combined	11.4 (24.8)
Combined CO <sub>2</sub>	265g /km

## TRANSMISSION

- Rear mid-mounted eight-speed automatic gearbox with electronic shift-by-wire control system
- Alloy torque tube with carbon fibre propeller shaft
- Limited-slip differential
- Final Drive Ratio 2.703:1
- Launch Control

## STEERING

- Electric power assisted steering rack with 13:1 steering ratio
- Speed dependent rack and pinion power-assisted steering, 2.4 turns lock-to-lock
- Electric column tilt and reach adjustment

## SUSPENSION

- Front independent double wishbone, coil springs, anti-roll bar and adaptive dampers
- Rear multi-link, coil springs, anti-roll bar and adaptive dampers
- Adaptive Damping System (ADS) with Skyhook technology modes GT, Sport & Sport +

## WHEELS AND TYRES

- 20" 10-spoke Silver Diamond Turned wheels
- Front 9J x 20" Bridgestone S007 255/40 ZR20
- Rear 11.0J x 20" Bridgestone S007 295/35 ZR20

## BRAKES AND STABILITY SYSTEMS

- Front ventilated two-piece steel brake discs Ø400 X 36mm with six-piston calipers
- Rear ventilated co-cast steel brake discs Ø360 x 32mm with four-piston calipers
- Electric park brake
- Dynamic Stability Control (DSC)
- Anti-lock braking system (ABS)
- Electronic Brakeforce Distribution (EBD)
- Emergency Brake Assist (EBA)
- Traction Control (TC)
- Hydraulic Brake Assist (HBA)
- Positive Torque Control (PTC)
- Dynamic Torque Vectoring (DTV)

## DIMENSIONS

Length:	4750mm (including number plate plinth)
Width:	1950mm (excluding door mirrors)
	2060mm (including door mirrors)
Height:	1290mm
Wheelbase:	2805mm
Fuel tank capacity:	78 litres (17.2 Imp. Gal. /20.5 US Gal)
Weight:	1870 kg (EU Kerb Weight)
	1875 kg (US Kerb Weight)
Weight Distribution:	51% / 49% (front / rear)

## V12 COUPE STANDARD SPECIFICATION

- Primary exterior paint colour
- Graphite splitter, diffuser and sills
- Body coloured roof strake
- Body coloured roof panel
- Bonnet meshes in Black (four)
- Bright Aluminium front grille
- Bright side strakes and tailpipe finishers
- 20" 10-spoke Silver Diamond Turned wheels
- Dark Anodised brake calipers
- Aston Martin script badging on rear decklid
- V12 fender badge
- 2+2 seating configuration
- Strathmore monotone leather interior
- Fine stitching matched to leather colour
- Alcantara® headlining
- Satin Silver Jewellery Pack<sup>5</sup>
- Leather wrapped trim inlay
- Memory front seats and exterior mirrors (three memory positions)
- Heated front seats
- Warm Charcoal seatbelts
- 360° surround view parking cameras (includes front & rear cameras)
- Automatic temperature control with dual zone climate control
- Front and rear parking sensors
- Cruise control & speed limiter
- Heated rear screen
- Power fold exterior heated mirrors
- Keyless entry and go
- Powered stowage
- Remote control central door locking and boot release

- Electrically operated front seats with side airbags
- Curtain side, knee and head airbags
- Dual stage driver and passenger front airbags
- Pelvis and thorax seat mounted airbags
- Alarm and immobiliser
- Electronic instrument cluster with mode specific displays
- Laminated windscreen with clear noise insulation layer
- Seat belt dual-pretensioners and digressive load limiters
- Trip computer
- Tyre pressure monitoring

## IN CAR ENTERTAINMENT

- Infotainment system with capacitive switching
- 400-watt Aston Martin Audio System<sup>1</sup>
- 8.0" LCD screen
- iPod® and iPhone® Integration and USB playback<sup>4</sup>
- Satellite radio system (USA only)
- DAB & AM/FM radio<sup>1</sup>
- A2DP Bluetooth® audio and phone streaming
- Integrated satellite navigation system<sup>2</sup>
- Touchpad control<sup>11</sup>

## OPTIONAL FEATURES

## INTERIOR

- Duotone leather environment
- Caithness or Balmoral leather
- Brogue detailing
- Celestial perforation
- Nexus quilt
- Full leather headlining
- Colour keyed steering wheel
- Contrast stitch colours
- Dark Chrome Interior Jewellery Pack<sup>3</sup>
- Optional trim inlays - Dyed Tamo Ash Open Pore, Light Ash Open Pore, Piano Black, Satin 2x2 Twill Carbon Fibre, Satin Chopped Carbon Fibre
- Embossed DB11 or Aston Martin wings headrest
- Embroidered DB11 or Aston Martin wings headrest
- Floor mats<sup>9</sup>
- Heavy pile floor mats
- Colour keyed boot carpet

- Match to trim inlay seat back veneers (driver and front passenger seat)<sup>7</sup>
- Personalised sill plaques
- Alternative seat belt colours – Flint, Champagne, Spicy Red Mocha, Graphite

## IN CAR ENTERTAINMENT

- Aston Martin Premium Audio system<sup>1,9</sup>
- Bang & Olufsen BeoSound Audio system<sup>8</sup>

## INTERIOR FUNCTIONAL

- Aston Martin tracking<sup>1,6,8</sup>
- Auto park assist
- Blind spot monitoring<sup>9</sup>
- First aid kit
- Front seat ISOFIX<sup>1</sup>
- Garage door opener<sup>1,10</sup>
- Heated steering wheel
- Ventilated seats
- Power seat bolsters
- Touchpad control<sup>11</sup>
- Umbrella and holder

## EXTERIOR

- Contemporary, Special and Q paint palette
- Gloss Black roof panel
- Gloss Silver or Gloss Black roof strake
- Gloss Black splitter, diffuser and sills
- 2x2 Twill Carbon Fibre splitter, diffuser and sills
- 2x2 Twill Carbon Fibre side strakes and wing mirror caps
- 2x2 Twill Carbon Fibre exterior door release
- Bright bonnet blades and Dark meshes
- Dark bonnet blades and Dark meshes
- Gloss Black front grille, side strakes and Dark tailpipe finisher
- Gloss Black wing mirror caps
- Machined Carbon wings badges
- Smoked tail lamps
- 20" 10-spoke Shadow Chrome wheels

IMPORTANT NOTICES

ILLUSTRATIONS

The cars illustrated in this brochure may include additional options and accessories not featured in this brochure or that are only available at extra cost.

UPDATES

Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same. This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited’s business as a whole. Text and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available.

PERFORMANCE RESULTS

Performance results, fuel consumption figures and CO<sub>2</sub> emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, ride comfort and handling. Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results. Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times. All petrol engines are fitted with a catalytic converter.

COPYRIGHT AND OTHER INTELLECTUAL PROPERTY RIGHTS

This brochure and its contents are protected by various intellectual property rights, including without limitation, copyright, design rights and trademarks that are owned or licensed by Aston Martin. You may not copy or use this brochure or any of its contents for any commercial purpose without our prior written consent.

DISTRIBUTORS AND DEALERS

Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
