

THE CHEVROLET
SPARK

CHEVROLET
MAKE IT HAPPEN

**LIFE IS FULL OF OPPORTUNITIES -
WITH THE CHEVROLET SPARK YOU
CAN MAKE THE MOST OF THEM**

IT ALL STARTS WITH A ...

SPARK

When you give a designer a blank sheet of paper, you should be prepared for fireworks. By starting from scratch, our designers were able to take stock, look at things from a different angle, and reassess their own beliefs. Ultimately, what they created was more than just a Spark. They ignited something far more powerful ... their own imagination.

A SHIFT OF THINKING

More than just the sum of its parts, the Chevrolet Spark is a shift of thinking – an inspiration, that looks at the conventional and turns the other way.

The Spark is a real car built for real people. With this in mind, perhaps it's only fitting that our designers decided to ask themselves some very real questions ...

DO CITY CARS HAVE TO LOOK BORING?

The Spark's sculpted headlights, integrated rear spoiler and muscular wheel arches, prove that they don't.

But it's not just about looks. Those raised wheel arches do far more than just give the car a sporty, aggressive stance. They also help to improve the car's aerodynamics, reducing drag and increasing fuel efficiency.

Raising the wheel arches also got us thinking about the rear door handles – where best to put them? We love little questions like these – we see them as opportunities ...

FUN ON FOUR WHEELS

Ask an owner what the Spark is like to drive and they probably won't mention the vehicle's MacPherson struts or modern 1.0 litre and 1.2 litre engines.

The grin on their face will tell you all you need to know, though. Take it for a test drive and you'll understand – the Spark is simply great fun to drive.

Whichever way you look at it, the Spark isn't just your average city car. It's an inspirational little vehicle that refuses to follow the beaten track – a car that creates a whole new path for itself and goes its own way ...

**CHEVROLET SPARK
WHAT WILL IT INSPIRE IN YOU?**

Just like a spark, it's often the smallest of things that lead to something truly remarkable.

We're not saying that the slimline mp3 player-ready stereo had any major impact on the Spark's handling. Nor are we saying that the climate control* system had anything to do with improving the car's 0-60mph time. However, by taking all of these things and placing them into one integrated centre stack we were able to create one of the most uncluttered and well thought out instrument panels around.

IT'S ALL IN THE DETAILS

* standard on LT.

SMALL CAR? WHAT SMALL CAR?

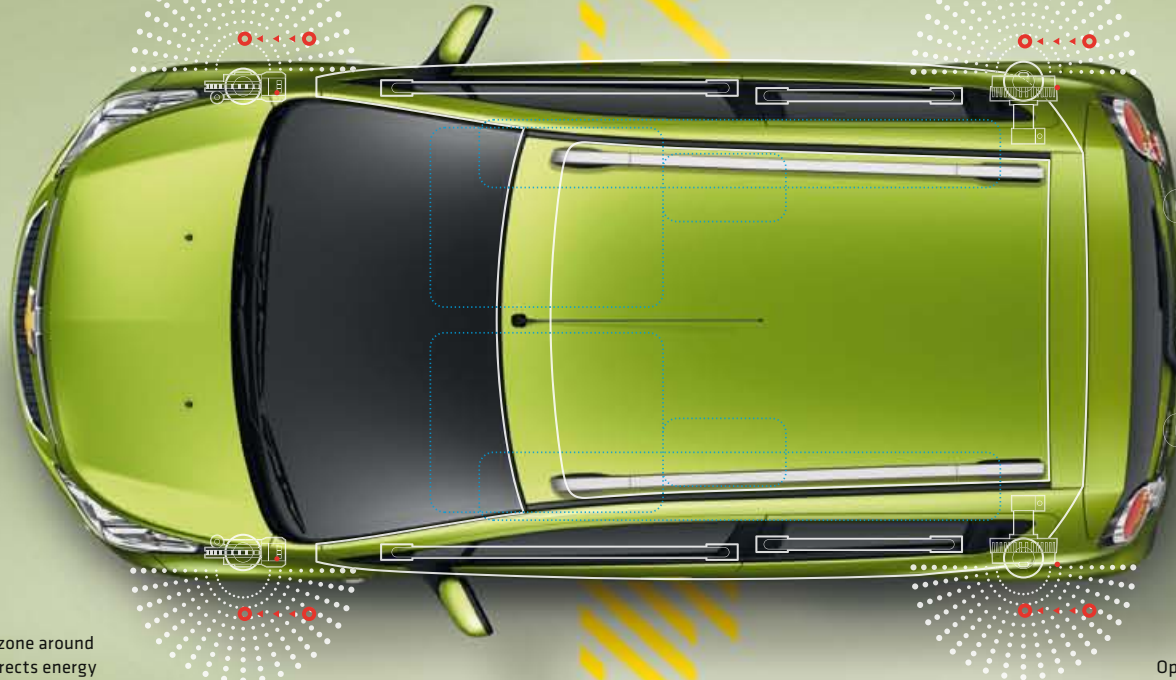

So much space, that it allows five adults to be seated in comfort. Your friends will appreciate the extra room, and so will you. When it comes to loading the weekly shopping, the Spark's generous interior boasts an impressively flexible 60/40 split-fold seating arrangement and over 568 litres of luggage space (VDA) when the seats are folded.

The car's interior dimensions also allowed us to add a whole host of other little luxuries. The height-adjustable driver's seat being one such example. More importantly, however, the added space meant we weren't forced to compromise on the REALLY important things ...

Engine subframe is designed to absorb energy, while maintaining high loads.

CRUMPLE ZONE

Transition zone around A-pillars directs energy away from passengers.

SAFETY FIRST

Traction control system (TCS) and (ESC) electronic stability control additional safety features are available in certain Chevrolet models, both as standard equipment as well as optional. Please check with you local Dealer for further information.

Got any questions about the Spark's safety credentials? The car's four star EURO NCAP rating should answer them once and for all. Combined with four independent crumple zones, electronic stability control (ESC) and advanced steel construction, it's enough to make other cars in this class blush.

For good reason achieving outstanding safety levels was always absolutely paramount in the development of the Spark. With an Anti-lock Braking System (ABS), sophisticated electronic brake force distribution (EBD) and emergency brake assist system (BAS) on your side, you can trust you'll be kept out of harm's way.

After all, you've got far too much left to experience. A whole lot more still to accomplish and just too many exciting places left to go ...

INDIVIDUALITY

It all starts with a Spark. But it goes so much further ...

The Spark was created for individuals that go their own way – for those that stand apart from the crowd and do their own thing. And, for that very reason, it's perhaps only fitting that we choose to develop a whole host of extra products to help you REALLY express your individuality.

It's time to accessorize ...

- 01 **BASE CARRIER:** If the Spark's ample boot space is not enough for you, and you're looking for a little additional storage, then one of our lockable base carriers should fit the bill.
- 02 **THULE® SKI/SNOWBOARD CARRIER:** Everyone likes to ski or snowboard. But, no one likes a car full of snow. Keep the elements outside with this lockable carrier. Extra wide push-buttons on selected models make opening easy, even in thick gloves.
- 03 **THULE® INTEGRATED BICYCLE SYSTEM:** This convenient bike rack fixes to the back of the Spark and allows for easy installation and removal.
- 04 **THULE® BICYCLE CARRIER:** Whether you're a fair-weather cyclist or a Tour de France competitor, get your bike from A to B with this smart carrier.

* Accessories shown do not come standard with the vehicle but can be purchased at your local Chevrolet dealer. A full and updated accessories list can be found at www.chevrolet.co.uk

- 05 **FRONT SEAT NET:** The Spark has tight effective brakes. Which is great until your map or handbag end up in the floorwells. Avoid this by easily attaching the passenger seat net, keeping everything safe and at arm's length.
- 06 **CARGO TRAY:** Keep your Chevrolet Spark looking brand new with the tailored cargo tray.

06

05

07

08

- 07 **CARGO ORGANIZER:** With abundant storage space, the handy cargo organizer, with 3 dividers and an anti-slip mat, should make arranging your boot much easier.
- 08 **SMOKER'S PACKAGE:** This practical solution for smokers includes a removable ashtray and cigarette lighter.

NO MORE MISSED OPPORTUNITIES

Whether you're an individual driver or large family, driving anywhere from the city streets to the open road, every model in the Chevrolet range delivers on our promise of quality and satisfaction – and always at an affordable price. We're already shaping the future by enhancing our cars to offer new fuel alternatives, added versatility and an even greater driving experience. To date, more than 1 million drivers across Europe have made the Chevrolet legend their own. With our network of 2,500 service stations, we look forward to welcoming you and your family to ours. For a century, the name Chevrolet has stood for great cars built to meet the demands of real life: cars which offer expressive style, but also more practical features, with proven reliability to help you make the most of every day. So there really will be no more missed opportunities.

CHEVROLET OWNER PRIVILEGES

Every Chevrolet comes with a comprehensive warranty and commitment from us to you:

- ▷ 3 years or 60,000 miles comprehensive warranty FREE
- ▷ 6 year anti-perforation corrosion warranty with no mileage restrictions FREE

EXTENDED VEHICLE WARRANTY

EXTENDED WARRANTY: For complete peace of mind Chevrolet offers an extended warranty that can be purchased on an annual basis following the expiry of the original new car warranty. It covers most mechanical and electrical components. Terms and conditions apply. For further details please contact your local Chevrolet retailer.

IMPORTANT NOTICE: The information contained in this brochure was accurate at the time of going to press. Chevrolet UK Limited is constantly seeking ways to improve the specification, design and production of its vehicles and accessories, and alterations take place continually. Whilst every effort is made to produce up to date literature, this UK market brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for sale of any particular vehicle and accessories. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary from one market to another and may change without prior notice. Owing to the print limitations of reproducing paint colours on paper, the colours shown here can only be taken as a general guide to the range of colours available.
