WITH A HUGE WINDSCREEN, OPTIONAL MODUTOP® AND DEEP SIDE WINDOWS, THIS INTERIOR MAXIMISES LIGHT AND SPACE. IN OTHER WORDS, IT'S A GREAT PLACE TO BE FOR PEOPLE OF ALL AGES: YOUR HOME FROM HOME.

› SAFE HOUSE

Thanks to its secure tilt opening rear windows, children can enjoy plenty of fresh air in safety.

CREATED FOR LIFE AND WHERE IT TAKES YOU, THE CITROËN BERLINGO MULTISPACE THINKS OF EVERYTHING. THERE ARE USEFUL, EASY ACCESS STORAGE SPACES EVERYWHERE, SO NOTHING USEFUL GETS LEFT OUT AND YOU CAN RELAX – WE'VE DONE THE HARD WORK FOR YOU!

› EASY LOADING

The roof bars that come with the optional Modutop® are really easy to use and can quickly be changed from transversal to longitudinal. Carry what you want without hassle.

› SPACE INNOVATION

Pure original thinking: the optional split opening tailgate window gives you access to the Modutop®. You can also get at this easily from the second row seats.

› INSIDE STORY

Clever interior roof bars on XTR models are perfect for carrying light but long loads. Safe and practical, the rack also improves fuel efficiency, because there's nothing on the roof. A securing strap is also provided.

› SLIDING DOORS

Two sliding doors make getting into the Citroën Berlingo Multispace a breeze.

Berlingo

GENEROUS DIMENSIONS PACKED WITH TECHNOLOGY AND CLEVER FEATURES. STEP INTO THE CITROËN BERLINGO MULTISPACE AND YOU'LL FIND ALL KINDS OF USEFUL TECHNOLOGY...

NOT FOR ITS OWN SAKE BUT FOR YOURS. EVERY FEATURE IS EASY TO USE AND PART OF THE CITROËN BERLINGO MULTISPACE'S ETHOS – FREEDOM WITHOUT COMPROMISE.

A multi-function on-board trip computer, an MP3 compatible CD player and an optional speed limiter function are all designed to make life enjoyable and safe for everyone on board.

Please note: Trim shown is not available in the UK.

> A GENEROUS BOOT

A low threshold means loading the cavernous boot is effortless. Everything is then safely concealed under the rigid parcel shelf.

> ALL HOBBIES WELCOME

If your leisure pursuits involve awkward or bulky gear, relax. By using one of the Citroën Berlingo Multispace's seat folding combinations, you can free up the right space for your free time. A rechargeable boot torch, available as part of the Modularity Pack on XTR sheds light on your loadspace after dark.

> SET SPEED

An effective safety feature, the optional speed limiter keeps the Citroën Berlingo Multispace at a set speed. Press the accelerator down to return to normal driving.

> ROLL WITH IT

No detail has been overlooked with the Citroën Berlingo Multispace. Even the tyres fitted as standard are the latest Energy Saver® designs from Michelin. By having incredibly low rolling resistance as you drive, the fuel consumption is reduced by up to 4%.

> HAVE A GOOD TRIP

The multi-function on-board trip computer feeds you vital information such as distance travelled and average fuel consumption. Scrolling through the computer menu is really easy, thanks to the control beneath the steering wheel.

> MOVING MUSIC

The auxiliary socket, as part of the Modularity Pack on XTR models, lets you connect other equipment to the audio system.

ONE OF THE FAMILY. INSIDE THE CITROËN BERLINGO MULTISPACE, EVERYONE CAN CLAIM THEIR OWN SPACE.

All those easily accessible storage places such as the overhead parcel shelf, pockets, the Modutop® and even under-floor stowage spaces will soon be home to the things that other cars simply leave behind.

> DRIVER'S GLOVE BOX

Who decided that one glove box was enough for everyone? The Citroën Berlingo Multispace gives the driver a roomy one too, located cleverly behind the steering wheel.

> UNDERFLOOR STORES

The Citroën Berlingo Multispace is packed with essential space – even under the floor by the second row seats of VTR and XTR models you'll find two generous compartments.

> STORE AND SEE

The full-length overhead parcel shelf at the front is roomy and accessible. On XTR models there's also a handy mirror that lets you keep an eye on back seat 'drivers' while you're stowing things...

> PERSONAL AIRSPACE

Standard air conditioning on XTR models enables the whole family to stay chilled and a heat-reflecting windscreen can cool the interior further still. Air conditioning is also available as an option on VT and VTR models.

> FRESH THINKING

An air freshener is built into the Modutop® and works with the vents to spread a subtly scented atmosphere.

> OVERHEAD INSPIRATION

The optional Modutop® on VTR and XTR models is a perfect example of how the Citroën Berlingo Multispace is special. Clever, useful and easy to use, it's also elegantly designed, with flowing lines that complement the whole cabin. It lets in more light but brings more intelligent storage options too. As well as the overhead parcel shelf and central compartments, it now has 60 litres of rear compartment that you can access from the second row seats and the boot.

CITROËN BERLINGO MULTISPACE SEATING

PRACTICAL IS COMFORTABLE IS FLEXIBLE. THERE'S NO 'EITHER OR' WITH THE CITROËN BERLINGO MULTISPACE. THERE'S REAL SPACE FOR REAL PEOPLE AND THEIR BELONGINGS.

COMFORTABLE, HIGH QUALITY SEATS, WITH FRONT ARMRESTS ON VTR AND XTR MODELS, A REMOVABLE STORAGE BOX BETWEEN THE FRONT SEATS, ENDLESS FOLDING COMBINATIONS... IT ALL ADDS UP TO A NO-COMPROMISE CAR THAT HAPPILY ACCOMMODATES FAMILY, FRIENDS OR SERIOUS LOADS. IT'S UP TO YOU.

The choices on offer make everything possible. Modular seating means the back bench can be completely folded, two thirds folded or one third folded, or become three independently folded seats on XTR models. The backs also recline. The Citroën Berlingo Multispace has an interior that shifts as your priorities shift. It's endlessly adaptable. Naturally this comfort zone is also highly practical. From the glove box to an under seat drawer, you'll find there's a place for everything.

> IN-FLIGHT

For long trips or short concentration spans, the front seat backs on XTR models are equipped with aircraft style tables and cup holders.

> MAKE ROOM FOR SPACE

The individual, folding back seats on XTR models can be removed one by one to reveal up to 3m³ of useful load space.

> MORE THAN JUST SEATS

The three independent foldable, tiltable and removable rear seats on XTR models offer so many configurations. For example, the backrest can be tilted and the centre backrest folds forward to form a table with two cup holders.

> MORE SEATS

With the optional Family Pack on 1.6i 16V 110hp and 1.6HDi 16V 90hp VTR models you get two additional foldable and removable rear seats allowing you to carry an additional two passengers. The Family Pack also brings three separate foldable and removable seats in row 2 allowing easy access to the seats in row 3.

Please note: Trim shown is not available in the UK.

This can be attributed to the use of new materials and to a rational design process using a smaller number of parts. Citroën C-Cactus is an essential vehicle reflecting a new vision of the car, many of its thoughts and themes will appear in modern Citroën vehicles to come.

To qualify for the Airdream signature, vehicles must meet three standards:

1. a) CO₂ emissions of 120g/km or less

CITROËN BERLINGO MULTISPACE GLOSSARY

› HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO₂ emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engined cars.

› DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550 degrees C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

› ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the vehicle to continue being steered and therefore controlled during this braking incident.

› ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

› EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

› ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën Berlingo Multispace, Isofix is installed on the two outer rear seats and the front passenger seat.

› ELECTRONIC STABILITY PROGRAMME (ESP)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESP's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

› ON-BOARD TRIP COMPUTER

Citroën Berlingo Multispace's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

› BLUETOOTH® SYSTEM WITH USB BOX

Integrated Bluetooth® hands-free phone function with dashboard-integrated USB socket and jack to plug in a portable MP3 player. Menu navigation and music selection via steering-mounted and dashboard radio controls, with song titles displayed on the radio screen.
