

2016 | **C-MAX HYBRID**
C-MAX ENERGI

Go Further

Maximize every ride.

Style. Spirit. Space to spare. Enjoy them all in C-MAX Hybrid and C-MAX Energi Plug-In Hybrid. With a versatile interior, ready for people or cargo, you've found the perfect place to enjoy new SYNC® 3 – our next generation of voice-activated technology.¹ Fuel-efficient.² Fun to drive. It's easy to go further in a 2016 Ford C-MAX.

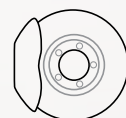

Truly engaging to drive, both C-MAX Hybrid and C-MAX Energi Plug-In Hybrid offer 188 combined horsepower. Transfer this power and 129 lb.-ft. of torque to the road with an eCVT (electronically controlled continuously variable transmission).

Switching seamlessly between its 88-kw electric traction motor and 2.0L Atkinson-cycle gasoline engine, the C-MAX power-split hybrid architecture is powered by an advanced lithium-ion battery.

All-electric mode works even at highway speeds, since C-MAX engages its engine only as needed to power the battery and to enhance performance. An invigorating drive. Excellent efficiency. The 2016 family of Ford C-MAX Hybrids brings it all together.

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. SYNC voice recognition and screens available in English, French and Spanish. Some features may be locked out while vehicle is in motion. ²Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary.

C-MAX HYBRID
5.6 L/100 km (**50** MPG) CITY²
6.4 L/100 km (**44** MPG) HWY²

REGENERATIVE BRAKING SYSTEM

HIGHWAY SPEEDS
IN ELECTRIC MODE

C-MAX Hybrid SEL. Kona Blue Metallic. Available equipment.

Choose to plug in and charge up.

C-MAX Energi is a progressive hybrid that gives you the choice to plug in or not. As you drive, it can decide whether to run on battery power or to turn on its gas engine as needed. Plugging in helps it offer a rating of 2.7L_e/100 km (88 MPG_e) city/hwy combined (electricity + gas), an all-electric driving range of 32 km, and a gas-plus-electric driving range of 869 km.¹

Recharge at home in about 2.5 hours using its LED-illuminated charge port and a Ford-recommended 240V home charging station² (shown). A 240V TurboCord² is another option. With the standard 120V convenience charge cord, charge time is about 7 hours. Please see your Ford of Canada Dealer to help facilitate a professional installation of your home charging station.

Easily monitor and schedule charging at one of the growing number of public charging stations near you, with the MyFord™ Mobile app³ and website – featuring a charging station locator powered by PlugShare.[®] From the web browser on your smartphone or through the new MyFord Mobile app³ for smartwatches – developed by Ford engineers to fit various smartwatch displays – you can access your battery charge status, lock and unlock your doors, initiate preconditioning of your vehicle cabin, and even locate your vehicle in a crowded parking lot. Find the app on the App Store and Google Play.[™]

C-MAX Energi. Ruby Red Metallic Tinted Clearcoat. Available equipment.

¹Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. 52.9-litre fuel tank. L_e/100 km is the Government of Canada equivalent measure of gasoline fuel efficiency for electric mode operation. Based on Government of Canada range calculation guidance. ²Available feature. ³MyFord Mobile subscription complimentary for 5 years from the vehicle sale date as recorded by the dealer. Subscription fees apply after 5 years. MyFord Mobile requires a compatible 2.5G independent cellular network. Evolving technology and cellular networks may affect future availability and functionality. Text and data rates apply to usage.

C-MAX ENERGI PLUG-IN HYBRID
2.7L_e/100 km (88MPG_e)
city/hwy combined (electricity + gas)¹

SYNC® 3. The next generation is here.

Standard on C-MAX Energi Plug-In Hybrid and C-MAX Hybrid SEL, and optional on C-MAX Hybrid SE, new SYNC 3 technology^{1,2} brings enhanced next-level connectivity to the C-MAX family. In addition to all the voice-activated benefits of the base SYNC system – placing and answering calls, and controlling music from your USB or smartphone – you'll love the innovative new features and easy-to-use new interface of SYNC 3.

New hardware meets new software on the easy-to-read 8" colour LCD touch screen that displays phone, audio and navigation² functions.

High-speed performance, including a capacitive touch screen with a convenient swipe feature, means you'll experience quick responses to your touch or voice commands.

Enhanced voice recognition lets you talk with simple, real-world commands and the system responds naturally to your voice, making hands-free calling that much easier.

Siri® seamless integration brings the power of Siri Eyes Free³ and your iPhone^{®3} into your vehicle.

Automatic updates over Wi-Fi^{®4} let you keep SYNC 3 up to date with the latest software as new updates become available.

SYNC. Say the word.™

Standard on C-MAX Hybrid SE, Ford SYNC¹ with a 4.2" screen delivers many of the great features found on SYNC 3, including:

Hands-free calling that lets you make a call with the simple push of a button along with the sound of your voice.

Automatic phone book download that transfers the names and numbers in your compatible phone automatically, once paired.

Voice-activated music commands that let you say what music you want to hear and listen to it easily with voice-activated search, or say "Bluetooth[®] audio" to stream content from your phone.

Plug-in capability with your MP3 player, USB or iPod.[®]

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. SYNC voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²Available feature. ³You must have a Bluetooth-enabled phone paired to your SYNC system. ⁴Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply.

A new capacitive touch screen with SYNC 3 has impressive responsiveness like a smartphone's swipe feature, as well as pinch-to-zoom functionality within navigation.²

Simple music access helps you find your favourite music fast. Through intelligent voice commands, SYNC 3 can automatically switch between music sources.²

Easy destination entry within navigation² helps you locate your favourite restaurants, nearest ATM, closest fuel station and more.

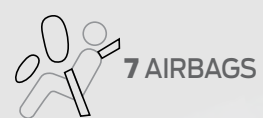

Enjoy an accommodating driving environment.

C-MAX accentuates its comfortable seating for 5 and 2,823 litres (99.7 cu. ft.) of passenger volume with appealing amenities like a 10-way power-adjustable driver's seat¹ (class-exclusive² on C-MAX Energi) and smart standard features like a driver's knee airbag.

So you can breathe easy, a cabin air filter helps prevent pollen from entering the vehicle through the class-exclusive dual-zone electronic automatic temperature control.

Listen to your favourites all across Canada with SiriusXM.^{®1} Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.³

C-MAX Hybrid SEL. Medium Light Stone leather trim. Available equipment.

¹Available feature. ²C-MAX Hybrid class is Small Hybrid Vehicles based on Ford segmentation. C-MAX Energi class is Small Plug-In Hybrid Vehicles based on Ford segmentation. ³SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

Maximize the possibilities with best-in-class versatility.

Loading cargo into your multi-activity vehicle is easy with the class-exclusive, foot-activated hands-free power liftgate¹ on C-MAX. You can even program its fully opened height to the position that works best for you.

Just kick your foot under the rear bumper with your Intelligent Access¹ key fob tucked in a pocket or purse. Sensors detect your foot, the motion and the proximity of the fob, triggering the liftgate to open or close.

The standard 60/40 split rear seat folds down to provide a flat load floor on C-MAX Hybrid. And you'll find that cargo space is abundant – up to 1,489 litres (52.6 cu. ft.) inside C-MAX Hybrid and 1,211 litres (42.8 cu. ft.) inside C-MAX Energi.

In-floor compartments behind the front seats are perfect for discreetly stowing your tablet or other small items. C-MAX is thoughtfully designed for your on-the-go lifestyle.

C-MAX Hybrid SEL. Ingot Silver Metallic. Available equipment.

¹Available feature.

Empower your drive with smart tech.

C-MAX can help with curbside parking, backing up, maximizing your efficiency and more.

Make parallel parking easier with active park assist.¹ This system not only helps you find a spot, it actually steers the vehicle into place while you control the gear shifter, and brake and accelerator pedals.

Help gauge how close something is to the back of your vehicle using the rear view camera,¹ which displays a full-colour image on the 8" screen¹ of SYNC[®] 3. It even offers you conveniently colour-coded distance guidelines and a dotted centre line for quick reference.

Empower yourself with real-time feedback from the vibrant green leaves on the standard SmartGauge™ with EcoGuide. The more efficiently you drive, the more lush your vine will be – giving you coaching, guidance and confirmation with every drive. The system also includes a Brake Coach to help you optimize your driving range (and grow more leaves) with regenerative braking. Together with EcoSelect² which allows C-MAX Hybrid to operate more efficiently by reducing the amount of power drawn from the vehicle, you can help maximize fuel efficiency. EcoCruise is also included. Steering wheel-mounted controls and a built-in tutorial make it easy to use.

C-MAX Energi. Ruby Red Metallic Tinted Clearcoat. Available equipment.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ¹Available feature. ²C-MAX Hybrid only.

Dramatization. Actual results will vary.

C-MAX Specifications

C-MAX Hybrid SEL, Magnetic Metallic.
C-MAX Energi, Ruby Red Metallic Tinted Clearcoat.
Available equipment.

Standard Features

Mechanical

- 4-wheel disc brakes with Anti-Lock Brake System (ABS)
- Active Grille Shutters
- Electric power-assisted steering
- Electronically controlled continuously variable transmission (eCVT)
- Front-wheel drive (FWD)
- Independent front and rear suspension with stabilizer bars
- Intelligent Oil-Life Monitor™
- Regenerative Braking System
- Tire mobility kit

Seating

- 5-passenger seating
- Front bucket seats with 4-way adjustable head restraints
- Heated front seats
- Rear 60/40 split-folding bench seat with 2-way adjustable head restraints for all 3 seating positions

Interior

- 12-volt powerpoints (2)
- 110-volt power outlet
- Active noise cancellation
- Adjustable driver and front-passenger sun visors with illuminated vanity mirrors
- Cabin air filter
- Cargo area tie-down hooks
- Centre console with armrest, storage and 2 cupholders
- Compass
- Cruise control
- Dual-zone electronic automatic temperature control
- EcoSelect button (Hybrid only)
- Front and rear carpeted floor mats
- Front and rear dome lights
- Front-door storage bins
- Front seat back map pockets
- Illuminated glove compartment
- Instrument panel and door trim in simulated metal finish
- Leather-wrapped shifter
- Leather-wrapped steering wheel with cruise and audio controls
- Manual tilt/telescoping steering column
- Next-generation SmartGauge™ with EcoGuide

Exterior

- Outside temperature display
- Overhead storage console
- Power door locks
- Power windows with one-touch-up/-down for all windows and illuminated switches
- Rear grab handles with integrated coat hooks
- Rear in-floor storage compartments
- Rear-seat heat ducts
- Remote liftgate release
- Trip computer
- 17" machined aluminum wheels with P225/50R17 tires
- Black rocker panel mouldings
- Body-colour door handles
- Body-colour front and rear bumpers
- Body-colour, power, heated, manually folding sideview mirrors with turn signal indicators, security approach lamps and integrated blind spot mirrors
- Easy Fuel® capless fuel filler
- Halogen headlamps with autolamp
- Rear spoiler
- Rear-window defroster
- Windshield wipers – Front: variable-intermittent (speed-sensitive) with washer; rear: fixed 2-speed with washer

Safety & Security

- Personal Safety System™ for driver and front passenger includes dual-stage front airbags,¹ safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver's seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
- 3-point safety belts for all seating positions
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Battery saver with headlamps-off delay
- Child-safety rear door locks
- Daytime running lamps
- Driver's knee airbag¹
- Front-seat side airbags¹
- Integrated key transmitter remotes (2)
- Latch – Lower Anchors and Tether Anchors for Children
- MyKey®
- Safety Canopy® System with side-curtain airbags¹ and rollover sensor
- SecuriLock® Passive Anti-Theft Engine Immobilizer System
- SOS Post-Crash Alert System™
- Tire Pressure Monitoring System

Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Perforation Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Your vehicle's unique hybrid/electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 160,000 km, whichever occurs first.

The following hybrid parts are covered during this extended coverage period: high-voltage battery, hybrid continuously variable transmission, Inverter System Controller (ISC), DC/DC converter, high-voltage battery connector, battery pack fan assembly, thermistor probe, Hybrid Battery Pack Sensor Module (HBPSM), Battery Energy Control Module (BECM), and PHEV onboard charger.

See your Owner's Guide for important tips on how to maximize the life and capacity of the lithium-ion battery.

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.

Ford Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 3-year/60,000-km New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details and/or a copy of all limited warranties.

For prompt, courteous answers to your questions: Ford Customer Relationship Centre 1-800-565-3673; Ford Credit Customer Service Centre 1-877-636-7346.
