

**Captiva 7**

**THINK  HOLDEN**

## Family life made easy

Designed to accommodate every family member, every situation and every destination, the Captiva 7 comes with the option of Two Wheel Drive or Active All Wheel Drive, petrol and diesel engines, plus high levels of safety and technology. Big on space, comfort and flexibility, its high driving position and dynamic yet refined handling make day-to-day travelling every bit as easy and enjoyable as weekend getaways.

## Stand out design

Boldly individual and irresistibly sporty, the Captiva 7 possesses a compelling on-road presence. Planted, purposeful and dynamically proportioned, streamlined contours flow from its sculpted nose across muscular bodywork, raked windows and a sweeping roofline to create an aerodynamic form unlike any other SUV.

Captiva 7 LX in Smokey Eye (pack model shown)

Standard on CX and LX  
\* Standard on LX

### Eye-catching detail

It's not just the athletic stance and sweeping lines of the Captiva 7 exterior that catch the eye – it's attention to detail. Like the distinctive alloy wheels, front fog lamps\*, power side mirrors with integrated turn indicators, satin silver roof rails# and clear lens tail lamps.

Captiva 7 LX in Moulan Rouge (pack model shown)

## Packed and ready

With abundant space and a standard equipment list to match, the stylish Captiva 7 cabin will please every member of your family. There's an MP3 compatible CD player, USB with iPod® connectivity, auxiliary input, Bluetooth® for hands-free calling or music streaming, leather wrap steering wheel, cruise control and Rear Park Assist. The CX model ups the luxury factor even further with electronic climate control, Driver Information Display and Sportec seat bolsters, while the range-topping LX adds leather heated front seats, Rear View Camera, Front Park Assist, Satellite Navigation and a 7-inch multifunction touch-screen.

Captiva 7 LX interior

The Captiva 7 offers a choice of three state-of-the-art engines from Holden's range of advanced fuel-saving technologies – all teamed with a 6-speed automatic transmission.

Whether it's the extra power of the 3.0 litre SIDI Direct Injection V6 you opt for, the fuel-efficiency of the 2.4 litre petrol engine or the extra torque of the 2.2 litre turbo diesel, you can expect the pleasure of uncompromising Holden performance, without the pain of large fuel bills or frequent trips to the bowser.

## 3.0 litre SIDI Direct Injection V6

A breakthrough in V6 engine design, Holden's Spark Ignition Direct Injection (SIDI) technology in the CX and LX models produces greater power and smoother power delivery over a broader rev range, with increased fuel economy and lower CO<sub>2</sub> emissions.

Able to haul a 2,000kg tow load (braked trailer), the 3.0 litre SIDI Direct Injection will reward you with effortless performance under all driving conditions.

Maximum power: 190kW @ 6900rpm\*  
Maximum torque: 288Nm @ 5800rpm\*

Key SIDI engine features include:

- More precisely controlled fuel delivery
- Increased cylinder compression ratio
- Aluminium engine block and cylinder heads
- Quad cam phasing with variable timing on both inlet and outlet valves
- Optimised exhaust manifolds with close coupled catalytic converters

## 2.4 litre petrol engine

A high output, 4-cylinder engine with variable valve timing, this dual overhead cam powerplant for the two wheel drive SX model is smooth, reliable and provides linear delivery of torque, with near-peak levels over a broad range of revs. Fast to respond, slow to 'empty', its spirited performance makes driving a joy, while its exceptional economy makes the Captiva SX one of the most fuel-efficient petrol 7-seaters in its class.

Maximum power: 123kW @ 5600rpm\*  
Maximum torque: 230Nm @ 4600rpm\*

Key engine features include:

- Advanced digital sensors enable more efficient engine operation
- Rigid engine structure ensures quieter operation and improved engine durability
- Optimised piston skirts help reduce operational noise
- Aluminium construction improves the engine's power-to-weight ratio, optimising efficiency and reduced tail pipe emissions

## 2.2 litre turbo diesel

The Captiva 7's 4-cylinder turbo diesel engine is equipped with high-pressure common rail fuel injection, it delivers thrilling performance-smoothly and quietly.

Maximum power: 135kW @ 3800rpm\*  
Maximum torque: 400Nm @ 2000rpm\*

Key engine features include:

- The advanced, electronically controlled turbocharger with intercooler improves driveability and fuel economy
- A DOHC cylinder head and chain-timed camshaft drive enhance durability
- The high efficiency exhaust gas recirculation cooler improves engine robustness and results in reduced tail pipe emissions

## 6-speed automatic transmission with Active Shift Control and Active Select

Designed with optimised gear ratios to maximise acceleration, optimise fuel economy at cruising speeds and minimise engine noise, this sophisticated 6-speed automatic transmission shifts with impressive speed and almost imperceptible smoothness.

Standard with all three engine options, it features Active Shift Control, which monitors the way you drive and adapts shift changes accordingly, and Active Select, which lets you switch to manual gear shifting for a more 'hands on' driving experience.

## Economy Drive mode

ECO Drive mode is designed to improve the vehicle's fuel economy. When selected, the transmission will up-shift sooner and downshift later, the torque converter will lock up sooner and stay on longer, and the accelerator pedal will be less sensitive.

## Active All Wheel Drive<sup>#</sup>

The Active All Wheel Drive System automatically divides engine torque between the front and rear wheels, depending upon driving conditions.

Normally, the vehicle is driven from the front wheels only, resulting in greatly improved fuel economy compared with traditional four wheel drive systems. However, the moment the vehicle's sensors detect a situation where four wheel drive would be preferable, up to 50% of engine torque is directed to the rear wheels.

As a result, the vehicle's full power is transferred to the road, even in tight corners, during hill starts or on slippery surfaces, such as wet or icy roads.

The Captiva's Active All Wheel Drive is also fully integrated with the vehicle's Electronic Stability Control (ESC) and Anti-lock Braking System (ABS), and can be deployed automatically to counteract vehicle instability in a range of situations.

## Self-levelling suspension

The Captiva 7's advanced self-levelling suspension system detects the amount of cargo being carried in the vehicle and automatically adjusts itself to maintain optimum ride, control and aerodynamics. Fully loaded, or with only yourself on board, you can look forward to the same high standard of comfort and performance.

## Storage

### Your every need accommodated

Courtesy of flush fold second and third row split seating, the Captiva 7 transforms from spacious 7-seat people mover to capacious cargo carrier at the flick of a wrist. Everyday trip essentials are also kept at the ready by a cabin load of clever storage spaces, including centre console and second row armrest compartments, front and rear cup holders, and front and rear door pockets.

### 50/50 split fold third row seats

Need to carry extra cargo? Fold down one or both third row seats as needed and the Captiva 7's cargo area instantly grows from 85 litres up to 465 litres.

### 60/40 split fold second row seats

More cargo than passengers? Fold down both second and third row seats and you now have a massive 930 litre space at your disposal.

### Flat cargo space

Flat folding third and second row seats means a flat cargo space. So regardless of the seating configuration, you can easily move items into place.

### Folding front passenger seat

Need to bring home something big? Something really big? Fold down the front passenger seat as well, and your Captiva 7 will safely carry objects up to 2.7 metres in length.

### Remote controlled opening tailgate glass

Want to access the cargo area without unlocking the entire vehicle? Just click the tailgate button on your remote key.

### Three 12 volt power outlets

Conveniently located 12 volt power outlets in the front, second row and cargo area ensure everyone's electronic devices can be kept fully charged.

### Wide tailgate opening

The Captiva 7's high loading height and wide tailgate opening make it easy to access the vehicle's cargo area, and less stressful on your lower back.

Flexible storage options

# Safety

**Every time you get behind the wheel, everywhere you drive, the advanced safety technology of the Captiva 7 will be watching over you and your family.**

To help prevent an accident, the vehicle's active safety systems feature everything from Electronic Stability Control (ESC) and Anti-lock Braking System (ABS), to Traction Control System (TCS), Electronic Brake Assist (EBA) and Electronic Brakeforce Distribution (EBD).

To that already long list you can also add Active Rollover Protection, which constantly monitors body roll and automatically initiates braking counter measures if required; Hill Start Assist, which prevents unintentional roll away; and a Descent Control System for hassle free driving down steep gradients.

Should a collision occur, the Captiva 7's passive safety systems instantly determine the severity and direction of impact, then activates the required occupant protection features, including seatbelt pretensioners and six airbags – front airbags for the driver and front passenger, side impact airbags for the driver and front passenger, and side curtain airbags.

## How ESC helps you avoid accidents

Imagine you have to avoid an unexpected obstacle in the road. You end up with two wheels on the gravel verge and need to brake suddenly...

Front and rear crumple zones further maximise your family's safety in a collision, as do the multiple chassis load paths that help channel away impact energy. The vehicle is further complemented by a rigid safety cell which consists of high strength steel. Reinforced B pillars and door anti-intrusion beams provide added protection to the occupants involved in side impacts.

With safety features you will hopefully never need, there are also many others that will be of benefit every day. Like the vehicle's high driving position, which gives you a commanding view of the road; the push button convenience of an Electric Park Brake instead of the traditional lever style; and the added comfort of height adjustable front seatbelts and front and rear headrests.

## Hill Start Assist

Hill Start Assist prevents the Captiva 7 unintentionally rolling backwards or forwards down a slope. Engaging automatically on gradients, it keeps the vehicle stationary after the brake is released, giving you time to use the accelerator to pull away.

## Descent Control System

Activated with the touch of a button, the Captiva 7's Descent Control System uses engine control and automatic braking to limit downhill speed. It enables smooth, controlled hill descents and allows the driver to concentrate primarily on steering.

## Active Rollover Protection

Should it detect excessive body roll during cornering or a lane change, Active Rollover Protection applies braking to each wheel as required, with extra brakeforce directed to those wheels with most grip. The vehicle's speed reduces, and with it, the amount of roll.

## Rear View Camera

Great precautionary safety. Select Reverse gear and the view behind your vehicle automatically appears on the 7" multifunction colour touch-screen. Standard on the LX model.

## Curtain airbags

Curtain airbags provide head and upper body protection for front seat occupants and left and right second row passengers in certain side-on collisions

## Driver and front passenger side impact airbags

Side impact airbags, mounted in the outboard wing of both front seats, help to protect against chest injury

**Driver and front passenger airbags**  
For maximum protection in certain frontal collisions, Captiva 7 will deploy front airbags for the driver and passenger

SX

The SUV, just the way you want it, available in either a turbo diesel or an economical 4-cylinder petrol engine, the boldly styled Captiva 7 SX comes with all the safety and technology 'must haves', plus premium luxury inclusions like a 6-speed automatic transmission, Electric Park Brake, Rear Park Assist, Bluetooth® with audio streaming and a USB input with iPod® connectivity.

Captiva 7 SX in Ironite (pack model shown)

SX Seat trim – Jet Black 'Megan' cloth

Electric sunroof

Sidestep

**Standard features include:**

- 2.4 litre 4-cylinder petrol engine
- Optional 2.2 litre 4-cylinder common rail turbo diesel engine
- 6-speed automatic transmission with Active Select
- Two Wheel Drive
- Electronic Stability Control
- Six airbags
- Auxiliary input
- CD audio player with MP3 compatibility
- USB input with iPod® connectivity
- Bluetooth® connectivity, including audio streaming
- Leather wrap steering wheel with audio controls
- Cloth seat trim
- Power windows, front and rear
- 17" alloy wheels (4)

- Chrome exhaust tips
- Rear Park Assist
- Electric Park Brake
- ECO Drive (fuel economy mode)
- Hill Start Assist
- Level ride rear suspension

**Pack features include:**

- Electric sunroof
- Sidesteps

CX

With the option of turbo diesel or SIDI Direct Injection V6 under the bonnet, the Captiva 7 CX offers a huge step up with Active All Wheel Drive performance, and even more luxury features, including 18-inch alloy wheels (4), Sportec seat bolsters, front fog lamps and roof rails.

Captiva 7 CX in Summit White (pack model shown)

CX Seat trim – Jet Black 'Mark' cloth with Sportec bolsters

18" alloy wheels (4)

Rear Park Assist

Electronic climate control

**Standard features include:**

- 3.0 litre V6 SIDI Direct Injection petrol engine
- Optional 2.2 litre 4-cylinder common rail turbo diesel engine
- 6-speed automatic transmission with Active Select
- Electronic Stability Control
- Six airbags
- Active All Wheel Drive
- Auxiliary input
- CD audio player with MP3 compatibility
- USB input with iPod® connectivity
- Bluetooth® connectivity, including audio streaming
- Leather wrap steering wheel with audio and air-conditioning controls
- Multifunction Driver Information Display, including electronic compass and outside temperature display

- Cloth seat trim with Sportec bolsters
- Dual zone electronic climate control
- 18" alloy wheels (4)
- Front fog lamps
- Rear Park Assist
- Roof rails (charcoal)
- Electric Park Brake
- Hill Start Assist

**Pack features include:**

- Electric sunroof
- Sidesteps

LX

In the range-topping Captiva 7 LX, you'll be surrounded by a wish list of sophisticated luxuries and state-of-the-art technology, including 19-inch alloy wheels (4), satin silver roof rails, heated front leather seats, Satellite Navigation, Rear View Camera, and a 7-inch multifunction touch-screen display.

Captiva 7 LX in Moulan Rouge (pack model shown)

LX Seat trim – Jet Black leather appointed

Electric 8-way adjustment of driver's seat

Rear View Camera touch-screen

Satellite Navigation touch-screen

Heated front seats

**Standard features include:**

- 3.0 litre V6 SIDI Direct Injection petrol engine
- Optional 2.2 litre 4-cylinder common rail turbo diesel engine
- 6-speed automatic transmission with Active Select
- Electronic Stability Control
- Six airbags
- Active All Wheel Drive
- Touch-screen 7" multifunction colour display
- Integrated Satellite Navigation
- Rear View Camera
- Front and Rear Park Assist
- Auxiliary input jack
- CD audio player with MP3 compatibility
- USB input with iPod® connectivity
- Bluetooth® connectivity, including audio streaming
- Leather wrap steering wheel with audio and air-conditioning controls

- Heated front seats
- Leather appointed seat trim
- Electric 8-way adjustment of driver's seat
- Flexible cargo net
- 19" alloy wheels (4)
- Chrome exterior door handles
- Roof rails (satin silver)
- Electric Park Brake
- Hill Start Assist

**Pack features include:**

- Electric sunroof
- Sidesteps

# Holdenwise

**More choices. More benefits. More reasons to drive a Holden.**

For more than 60 years, Holden has been giving Australians the confidence of knowing they're behind the wheel of a quality vehicle, backed by a nationwide network of dealers. With HoldenWise, we're now giving you even more reasons to feel good about driving home in a Holden. You can pick and choose from the solutions you want, giving you complete peace of mind long after you've left the showroom.

**For more information visit [www.holden.com.au/holdenwise](http://www.holden.com.au/holdenwise)**

	<b>Customer Care</b>	With more than 240 dealerships Australia-wide, a Holden Dealer is never far away. Our Holden Customer Assistance Centre is also available to answer any questions over the phone. <p><b>Call 1800 033 349 8am – 7pm Mon-Fri, 9am – 1pm on Sat (EST).</b></p>		<b>Capped Price Servicing</b>	With Capped Price Servicing, you'll know exactly what your standard service costs will be in advance. You're guaranteed to pay a maximum low price for the first four standard scheduled log book services <sup>‡</sup> for the first three years or 60,000km, whichever comes first.
	<b>New Vehicle Warranty</b>	Every new Holden comes with a generous New Vehicle Warranty. Refer to your Owner's Handbook, the Holden website or see your Holden Dealer for full terms, conditions and exclusions.		<b>Holden Leasing</b>	Holden Leasing looks after fleet management and vehicle leasing for commercial, SME and public sector businesses. We source the right vehicles at a competitive price and arrange finance, delivery, maintenance and repairs.
	<b>Genuine Service</b>	Holden has one of Australia's largest service networks. Servicing your Holden at an authorised Holden Service Centre gives you complete confidence, knowing that only Holden Dealership Technicians have access to regular Holden factory training and equipment.		<b>Holden Insurance</b>	Holden Insurance arranges a number of competitively priced insurance products, providing tailor-made protection. With a unique mix of standard features and policy options, you can customise your policy to find the right level of protection. <p><b>For more information, call the Holden Insurance hotline on 1300 784 026.</b></p>
	<b>Genuine Parts</b>	Holden Genuine Parts are designed and built to our exacting standards, ensuring your Holden continues to perform to its full potential. Holden Genuine Parts are made to meet our rigorous specifications and every single one is covered by a manufacturer warranty.		<b>Holden Rental</b>	If you want an extra vehicle, Holden Rental can keep you on the road. There are no minimum or maximum rental periods. And with no limit on the kilometres you can drive. All Holden Rental vehicles we offer are less than six months old and have low kilometres.
	<b>Genuine Accessories</b>	Add an individual touch to your Holden with our extensive range of Genuine Holden Accessories. Each one is tested by Holden or GM Engineers in accordance with Holden's own demanding standards and Australian Design Rules (ADRs) <sup>†</sup> .		<b>Service Express</b>	Holden's Service Express is a fast, convenient way to have your car serviced. No more leaving your car at a dealership all day – you can get it done in around an hour.
	<b>Roadside Assistance</b>	Every new Holden comes with Holden Roadside Assistance. It's one of Australia's most comprehensive assistance packages, with more than 3,000 Roadside Assistance patrols nationwide. Or, for even more benefits, membership can be upgraded to Holden Ultra Roadside Assistance.		<b>Pitstop Tyre Service</b>	Pitstop Tyre Service is a competitive, convenient way to maintain the safety of your vehicle. Trained Holden Technicians will inspect or replace your tyres using state-of-the-art precision equipment and check other components like brakes, giving you complete confidence.
	<b>Extended Warranty</b>	The Holden Extended Factory Warranty covers all parts and workmanship originally covered by the New Vehicle Warranty, which is not already covered under the statutory Australian consumer laws. Holden Extended Factory Warranty is issued, fully supported & endorsed by Holden and its Dealer network.	<sup>†</sup> Where ADRs apply for the product	<sup>‡</sup> Subject to the Capped Price Servicing terms and conditions, this will be a maximum capped amount for each service, up to four standard scheduled services (as specified in the Service Warranty Booklet).	

## Technical specifications

	123kW <sup>‡</sup> , 2.4 litre 4-cylinder petrol engine	135kW <sup>‡</sup> , 2.2 litre 4-cylinder common rail turbo diesel engine	190kW <sup>‡</sup> , 3.0 litre SIDI Direct Injection V6 engine
Engine	2.4 litre Double Overhead Cam 4-cylinder multi-point fuel injection with four valves per cylinder	2.2 litre Double Overhead Cam 4-cylinder with four valves per cylinder. Cast iron block, aluminium head. High-Pressure Common Rail Direct Injection	3.0 litre 60-degree Double Overhead Cam V6 with four valves per cylinder. Twin knock control sensors with individual cylinder adaptive control. On board diagnostics. Spark Ignition Direct Injection (SIDI)
Capacity (cc)	2384	2231	2997
Compression ratio	10.4	16.3	11.7
Maximum power (ECE, kW)*	123 @ 5600rpm	135 @ 3800rpm	190 @ 6900rpm
Maximum torque (ECE, Nm)*	230 @ 4600rpm	400 @ 2000rpm	288 @ 5800rpm
Recommended fuel	91 RON (ULP), 95 RON (PULP or higher may result in improved engine performance and efficiency)	Diesel	91 RON (ULP), 95 RON (PULP or higher may result in improved engine performance and efficiency)
Fuel tank (L)	65		
Active All Wheel Drive (AWD)*	The All Wheel Drive system is 'Active Torque on Demand'. An electronically controlled electro-hydraulic differential ensures the best possible torque distribution between the front and rear axles. As driving conditions dictate, the rear axle is employed via an electronically controlled electro-magnetic coupling to give increased traction. The torque split ratio between front and rear wheels is variable in real time depending on the driving conditions		

Brakes (mm)	Four wheel disc. Ventilated discs – front and rear	
<span> </span>	<span> </span>	
<span> </span>	Front diameter	296
<span> </span>	Rear diameter	303
Anti-lock Braking System (ABS)	4-channel, 4 sensor	
Traction Control System (TCS)	When sensors detect imminent wheel spin, engine torque is reduced. If one wheel starts to spin, braking is applied to transfer torque to the wheel(s) with better traction	

Brake Assist (BA)	Provides additional braking assistance by allowing the driver to reach the ABS threshold sooner and therefore help to reduce stopping distances
Electronic Stability Control (ESC)	Assists the driver in emergency situations by providing correction to the intended vehicle path, which may help the driver avoid obstacles and reduce slides. This is accomplished via individual brake application and engine torque management control
Descent Control System (DCS)	Utilises the active braking capability of the ESC to maintain a controlled speed when travelling down hill
Active Rollover Protection (ARP)	ARP is designed to reduce the risk of rollover when lane changing and cornering; working in conjunction with the ESC system
Hill Start Assist (HSA)	HSA prevents the car from rolling away when trying to pull away on an upward or downward gradient. The system engages automatically when a gradient is detected; it then acts to hold the car stationary after the brake is released giving the driver time to apply the throttle

Suspension	Front: MacPherson strut, gas pressurised dampers, stabiliser bar. Rear: Independent four-link, gas pressurised dampers, stabiliser bar		
Steering	Rack and pinion power steering		
Roof Load (kg)	100		
Turn circle (curb to curb, m)	11.87		
Cargo volume (L)			
<span> </span>	All seats up/folded	85	
<span> </span>	3rd row seats folded	465	
<span> </span>	All rear seats folded	930	
<span> </span>	Front passenger, all rear seats folded	1565	
Towing (kg)	Braked	1500	1700
<span> </span>	Unbraked	750	750

Service	The complimentary inspection is due at 3000km or three months (whichever occurs first). The first service is due at 15,000km or 9 months (whichever occurs first) and then every 15,000km or 9 months (whichever occurs first) since the last service. Additional services may be required under certain driving conditions such as when towing (refer to Owner's Handbook)		
---------	---	--	--

Track (mm)	Front	1569

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and / or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request. Copyright GM Holden Ltd.
