Internet use, depending on your mobile contract, may incur costs.

THE BMW X6. LIMITLESS. POWERFUL. AGILE.

THE MODEL SHOWN.

- 04 BMW X6 xDRIVE50i WITH PURE EXTRAVAGANCE DESIGN PACKAGE:** BMW TwinPower Turbo V8 petrol engine, 450hp (330kW), 20" light alloy V-spoke style 597 with mixed tyres, exterior in Sparkling Storm Xirallic paint, Adaptive LED Headlights, Ivory White/Black Bi-colour Exclusive Nappa leather upholstery with Grey contrast stitching, American Oak, High-gloss interior trim.

This model is unavailable for the UK market. However M Sport and M50d models available.

INNOVATION AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:** At the heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:** Making light work of lower fuel consumption.
- 22 BMW CONNECTED DRIVE:** In touch with your world.
- 24 SUSPENSION:** Innovative systems for more driving pleasure.
- 25 SAFETY:** Technology at the highest level.

INDIVIDUALITY AND CHOICE.

- 28 EQUIPMENT:** M Sport and M50d, BMW Individual, Equipment highlights, Genuine BMW Accessories.
- 40 COLOURS:** Exterior and interior colours.
- 44 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

BREAKS

ALL RULES AND CONVENTIONS AND HEARTS.

A way of life: the BMW X6. The striking Sports Activity Coupé from BMW confidently rules the road and is destined to stand out everywhere it goes. Its unique concept – a blend of the very best of an athletic coupé coupled with the powerful dynamism of a BMW – breaks all existing conventions, instantly propelling this exceptional vehicle to its rightful position as the king of the road.

EXCEPTIONAL
BY NATURE.

The mark of a true athlete: The rear of the BMW X6 makes no secret of its powerful X pedigree. Horizontal contours highlight its broad stance, making the quintessential L-shaped rear lights with LED technology appear even more tantalising.

BEND **THE LAWS OF PHYSICS.**

At the heart of the action: Thanks to its superior handling and dynamic driving characteristics, in the BMW X6 you'll always be ahead. The powerful V8 petrol engine with BMW TwinPower Turbo technology and eight-speed Sport transmission with Steptronic means that the BMW xDrive50i accelerates from 0 to 62mph in an astounding 4.8 seconds.

The BMW S 1000 R is just as dynamic when it commands its space on the road: With 160hp (118kW) and a maximum torque of 112Nm at 11,000rpm, this roadster is poised to meet any challenge. The uncompromising design and highly advanced technology also ensure that the BMW S 1000 R is always in the lead.

**MARK THE SPOT
WITH AN X.**

Your seat awaits you: The interior of the BMW X6 was designed with the driver in mind. Thanks to the vehicle's elevated seating position, you are guaranteed a superior overview of your surrounds. Expertly crafted materials create an exclusive interior atmosphere, while the elegant contours that sweep from the cockpit to the rear express the coupé-style personality of the BMW X6.

Wherever life may take you, the BMW X6 will bring you to your destination. The design is extravagant and the driving dynamics are thrilling to the extreme. What makes it different is what makes it so irresistible. Discover it for yourself: the BMW X6.

IT WILL SUIT YOU
TO A TEE.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Making light work of lower fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines. At the heart of BMW EfficientDynamics.

Thanks to BMW TwinPower Turbo technology, the innovative new generation of BMW petrol and diesel engines from the BMW EfficientDynamics engine range guarantee even more thrilling power delivery and excellent responsiveness even at low engine speeds, while also keeping fuel consumption and emissions to a minimum. Increased efficiency and optimal dynamics make driving a BMW more enjoyable than ever.

BMW TWIN POWER TURBO V8 PETROL ENGINE.

The powerful BMW TwinPower Turbo V8 petrol engine in the BMW X6 xDrive50i combines two turbochargers with Double-VANOS. It is also extremely fuel efficient, thanks to High-precision direct injection. With an output of 450hp (330kW), it can accelerate from 0 to 62mph in an incredible 4.8 seconds. The result is a massive maximum torque of 650Nm at engine speeds between 2000–4500rpm.

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

BMW X6 xDrive50i.

- BMW TwinPower Turbo V8 petrol engine with 450hp (330kW) and 650Nm of torque
- Acceleration 0–62mph: 4.8 seconds
- Top speed: 155mph (250km/h)
- Combined fuel consumption: 29.1mpg (9.7l/100km)
- CO₂ emissions: 227g/km

BMW X6 xDrive30d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 258hp (190kW) and 560Nm of torque
- Acceleration 0–62mph: 6.7 seconds
- Top speed: 143mph (230km/h)
- Combined fuel consumption: 47.1mpg (6.0l/100km)
- CO₂ emissions: 159g/km

BMW X6 xDrive40d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 313hp (230kW) and 630Nm of torque
- Acceleration 0–62mph: 5.8 seconds
- Top speed: 149mph (240km/h)
- Combined fuel consumption: 44.8mpg (6.3l/100km)
- CO₂ emissions: 165g/km

BMW X6 M50d.

This M Performance TwinPower Turbo six-cylinder in-line diesel engine combines Common-rail direct injection and a unique three-stage turbocharger with Variable Vane Geometry. **More information can be found on pages 30/31.**

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 381hp (280kW) and 740Nm of torque
- Acceleration 0–62mph: 5.2 seconds
- Top speed: 155mph (250km/h)
- Combined fuel consumption: 42.8mpg (6.6l/100km)
- CO₂ emissions: 174g/km

BMW EfficientDynamics

Making light work of lower fuel consumption.

BMW EfficientDynamics is the BMW Group strategy that comprises all measures aimed at improving efficiency while simultaneously enhancing dynamics in every BMW vehicle. Since 1995, it has led to a 30% reduction in CO₂ output across the European new-vehicle fleet, a figure that will fall by a further 25% by the summer of 2020.

SPORTY AND EFFICIENT: EIGHT-SPEED SPORT AUTOMATIC TRANSMISSION WITH STEPTRONIC.

The **eight-speed Sport automatic transmission with Steptronic** adapts to suit your individual driving style. It is perfect for comfortable cruising or highly dynamic driving. In addition to automatic gear selection, it is of course possible to shift gears manually at any time. You can change gears by using the dynamically designed gear lever or the gearshift paddles on the steering wheel.

OVERALL CONCEPT.

BMW has been utilising **intelligent lightweight construction** since the 1930s. Exceptionally lightweight materials are used for individual, carefully selected parts – for example, aluminium in the suspension system and at the front of the car and magnesium in the dashboard mount. This reduces the weight of the car and fuel consumption while complying with the strictest safety standards and maximising performance.

DRIVE TRAIN.

BMW TwinPower Turbo petrol engines feature remarkably agile power delivery and excellent responsiveness, even at low engine speeds. At the same time they are more efficient, with lower emissions and better performance than their predecessors.

BMW TwinPower Turbo diesel engines are notable for their outstanding responsiveness and agile power delivery at any engine speed. At the same time, they are highly efficient, featuring low emissions and great dynamics.

ENERGY MANAGEMENT.

ECO PRO mode. This mode enables fuel consumption to be reduced by up to 20% depending on your individual driving style. For example, ECO PRO will advise the driver to accelerate less aggressively, the eight-speed Sport automatic transmission shifts even faster to higher gears and the automatic air conditioning is subject to energy optimised settings.

Auto Start-Stop. Automatically switches off the engine when the vehicle is stationary. As soon as you take your foot off the brake, the engine immediately starts up again and your journey continues. And without any effort on your part, you've saved fuel and helped protect the environment.

Brake Energy Regeneration. Now when you brake, you won't just be slowing yourself down, you'll be helping to keep your car moving. It sounds counter-intuitive, but whenever you apply the brakes or take your foot off the accelerator, you recycle energy instead of wasting it. Brake Energy Regeneration then uses this energy to recharge the battery. In the process, it reduces the demand on your engine, means you consume less fuel and keeps down your CO₂ emissions.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of ConnectedDrive technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:

➔ www.bmw.co.uk/connecteddrive
 ➔ www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside – anytime, anywhere. The comprehensive range of advanced driver assistance systems seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

Head-up Display. The optional full colour Head-up Display projects important driving information onto the windscreen, in your direct field of vision. The information displayed can be customised in the vehicle settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.¹

Intelligent Headlights. A tailored combination of advanced headlight technologies combine to ensure optimum illumination of the road ahead without glaring on-coming traffic or other road users. The independent beam distribution of Adaptive Headlights combine with High-beam Assistant. The intelligent system monitors the road ahead and controls the beam distribution of the headlights to improve visibility during night time and poor weather driving conditions. Xenon Headlights include bi-xenon and LED technology to enhance the visual styling appeal in all conditions.

Surround-view. Optional Surround-view offers the driver a bird's-eye-view of the area around the vehicle, clearly shown in the Control Display, providing extra confidence in tight manoeuvres and when parking.

¹ Image also shows optional Speed-limit information.

Actual screen may differ from the images shown.

Suspension.

Innovative systems for more driving pleasure.

xDrive, the intelligent BMW four-wheel-drive system, adapts outstandingly to even the most challenging road surface conditions, always offering ample traction. With xDrive and Dynamic Stability Control (DSC) as standard, your car remains directionally stable and controllable. xDrive flexibly distributes drive power to the front and rear wheels, performing lightning-fast adjustments to ensure optimum ground contact at all times. This allows xDrive to combine the advantages of a four-wheel-drive – traction, directional stability and safety – with typical BMW agility.

Adaptive Comfort suspension (optional) combines Variable Damper Control with self-levelling air suspension on the rear axle for the ultimate in driving comfort. Whenever you want more athletic suspension settings, you can use the Drive Performance Control button to activate one of the two more dynamic modes.

Adaptive Dynamic suspension (optional) allows drivers to optimise the vehicle's full dynamic potential. Encompassing both Dynamic Performance Control and Dynamic Drive, Adaptive Dynamic suspension is guaranteed to deliver driving dynamics that are intrinsically sporty, while maintaining superior driving comfort. Dynamic Performance Control optimises traction, directional stability and agility by distributing drive power to the outer rear wheel when driving through bends.

Professional Adaptive Suspension package (optional) combines the components of both the Adaptive Comfort suspension and Adaptive Dynamic suspension options, thereby providing the ultimate in driving comfort while maximising the driving dynamics. You can adjust your vehicle's suspension settings to suit your individual driving style at any time using the Drive Performance Control button.

Adaptive M suspension (standard for M Sport models) includes Variable Damper Control and self-levelling air suspension on the rear axle. Its dynamic basic configuration can be changed using the Drive Performance Control button, with Sport and Sport+ modes for an even sportier setting.

Safety.

Technology at the highest level.

■ **Dynamic Stability Control Plus (DSC+)** constantly assesses the vehicle's movements and optimises directional stability and traction.

□ **Adaptive Headlights** with variable light distribution, including cornering lights for optimal illumination of the road ahead and BMW Selective Beam (available with High-beam Assistant).

■ **Tyre pressure monitoring** measures the air pressure and temperature via a sensor, and notifies the driver of pressure loss.

■ **Passenger cell** optimises passive safety in the event of a crash with its specialised system of beams and nodal connections as well as high-strength materials.

■ **Hill Descent Control (HDC)**. When activated, this system ensures that the vehicle can negotiate the steepest downhill runs automatically and safely at just above walking pace, without the driver having to brake.

□ **Dynamic Safety** is a preventive passenger protection system developed by BMW. It triggers precautionary measures in potentially dangerous situations and brakes the vehicle after an accident has occurred. Includes Attentiveness Assistant.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: M Sport and M50d, BMW Individual, Equipment highlights, Genuine BMW Accessories.

COLOURS: Exterior and interior colours.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

M SPORT.

■ Standard equipment □ Optional equipment

Interior equipment features:

- Adaptive M suspension
- Door sill finishers with M designation
- Headlining, Anthracite
- Interior trim, Aluminium Hexagon
- Interior trim, Poplar wood, High-gloss (xDrive50i M Sport)
- M leather steering wheel with gearshift paddles
- Remote control, including integrated key, with M designation
- Seat adjustment - front, electric with driver memory
- Sport seats, front

Exterior equipment features:

- 20" light alloy Double-spoke style 469 M wheels with run-flat tyres
- Air Breather with Black, High-gloss finisher
- Exhaust tailpipes - single, left and right, Chrome, quadrilateral
- Exterior trim, High-gloss Shadowline
- M aerodynamic bodystyling
- M designation on front side panels, left and right

M Sport Plus package:

- 20" light alloy M Double-spoke style 469 M wheels
- Head-up Display
- Loudspeaker system – harman/kardon
- Speed-limit display
- Sun protection glass

Ask your BMW Retailer for further information

BMW Individual

The expression of personality.

BMW Individual Pyrite Brown metallic paint and 20" light alloy V-spoke style 551 I.

The BMW X6. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless opportunities for differentiation.

Precisely in tune with each model, the BMW Individual Collection offers a highly exclusive selection of equipment options and fascinating exterior paint which refracts the light. Leather, unique in colour and scope of application, perfected with clever contrasts and decorative stitching. Interior trims in the most exclusive fine woods, the immaculate Piano Black and the finest leather.

And yet even this can be surpassed – thanks to the BMW Individual Manufaktur. Here, there is only one goal: realising almost any request, even the most personal, with stylish, hand-crafted perfection.

BMW Individual Extended Merino leather in Taupe with decorative perforation, piping and contrast stitching.

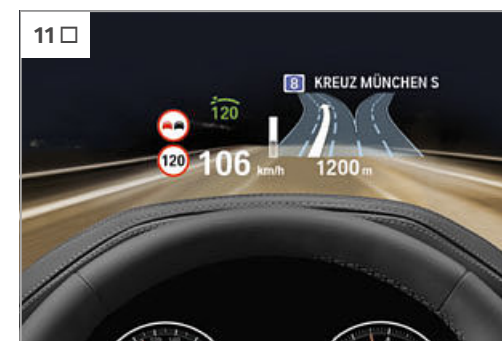

BMW Individual Extended Merino leather in Taupe with BMW Individual Instrument panel, leather, BMW Individual Light Sen wood, High-gloss interior trim and BMW Individual leather steering wheel with wood inlay.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE
WITH THE BMW INDIVIDUAL APP FOR iOS AND ANDROID.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The electric glass sunroof creates a pleasant climate. The integrated wind deflector guarantees a high level of acoustic comfort.¹

[02] Towbar, fully electric, can be electronically folded away under the rear apron and can support a trailer load of up to 3.5 tonnes.

[03] The M leather steering wheel offers a firm grip and exceptional convenience thanks to multi-function buttons and gearshift paddles.

[04] Adaptive LED Headlights produce light which is similar to daylight. The light distribution is automatically adjusted depending on the vehicle's steering angle and speed.

[05] Soft-close doors – an electric motor pulls the door securely and quietly closed.

[06] Roof rails, shown here in Black, High-gloss, match harmoniously to the car's design and provide the foundation for a BMW multi-functional roof rack system available from BMW Genuine Accessories.

[07] BMW Individual leather steering wheel with wood inlay complements each BMW Individual interior trim.

[08] BMW Individual Instrument panel, leather. The top is finished in Nappa leather while the bottom is in Merino leather to match chosen upholstery colour.²

[09] Driving Assistant Plus, including Active Cruise Control (ACC) with Stop&Go function, provides the most modern warning and collision protection functions available and supports the driver in dangerous or monotonous traffic situations.

[10] Multi-functional Instrument panel provides an impressive visualisation of the gauges with a high-resolution 10.25" display using Black panel technology.

[11] Head-up Display projects all information relevant to the journey directly into the driver's field of vision.³

[12] Drive Performance Control lets the driver choose between standard Comfort mode, ECO PRO mode, which is geared towards efficiency, and Sport mode.

[13] The iDrive Touch Controller allows intuitive control via the iDrive Controller touchpad.

[14] Cup holders in front of the gear lever, along with storage for other objects.

[15] Ceramic finish for controls, such as the gear lever and temperature and volume dials, give an especially high-quality appearance.

[16] B&O Advanced audio system enthral listeners with full sound and 16 loudspeakers with extendable centre speaker.

[17] Automatic air conditioning with four-zone control comes with an additional control unit for individual temperature control in the rear.

¹ Steering wheel shown is not available in the UK.

² The top is in Black with Amaro Brown, Nutmeg or Criollo Brown upholstery and in Dark Scotch with Smoke White or Taupe upholstery.

³ The upper and lower parts of the instrument panel and the door panels feature contrast stitching. Only available in conjunction with corresponding BMW Individual Merino leather upholstery.

³ Image also shows optional Speed-limit information.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Surround-view is a visual parking aid that includes the 360° camera systems, Top-view and Side-view.

[04] Navigation system - BMW Professional Multimedia, shown here with Real Time Traffic Information (RTTI) which delivers traffic information about motorways, country roads and main roads, as well as numerous urban routes.

[02] Park Assist provides the driver with maximum support when parallel parking – by taking charge of selecting the correct gear, as well as steering, acceleration and braking.

[05] Night Vision with Dynamic Light Spot makes it easy to identify people and large animals at night – even at a significant distance.

[03] Rear-seat entertainment - BMW Professional with remote-control offers the best entertainment options for passengers sitting in the rear thanks to two 9.2" colour displays.

[06] Speed limit display including no-overtaking indicator provides information on speed limits as well as no-overtaking zones.

[07] When driving off-road, xDrive Status offers an overview of information such as the cross slope and angle of incline, as well as a compass.

[08] Seat ventilation, front, in warmer weather this option ensures a cool and pleasant seat temperature for a more comfortable driving experience.

[09] Comfort Access for keyless locking, unlocking and ignition provided the remote key is on your person. Includes smart-opener for contactless opening and closing of the tailgate.¹

[10] Seat adjustment, front, electric with driver memory features two programmable settings for driver seat, steering wheel column and exterior mirror.

[11] Sport seats for the driver and front passenger provide optimal support, along with numerous electrical adjustment options.

[12] Extended storage includes a number of clever solutions that allow large and small objects, as well as luggage, to be secured and stowed.

[13] The 5 seats, which include two visually contoured individual rear seats, lend the car a dynamic coupé-style character (shown here in optional Bi-colour Exclusive Nappa leather).

[14] Through-loading ski bag ensures there is still room in the rear for up to two passengers.

[15] Knee pads on the centre console for both the driver and front passenger provide comfortable lateral support for legs – especially when driving round bends.

[16] Ambient interior lighting with colour selection includes additional light sources positioned throughout the interior for a particularly pleasant atmosphere.

GENUINE BMW ACCESSORIES.

[01] Bicycle holder for transporting up to two bikes (max. 60kg). Securely mounts to the trailer tow hitch. Tilting function for easy access to the luggage compartment.¹

[02] 21" BMW M Performance light alloy in Double-spoke style 599 M, bi-colour matt Orbit Grey, gloss-lathed on the visible side, with a rolled-steel rim bed and M designation. RDC complete wheel set with run-flat mixed tyres.

[03] The perfectly fitted, durable mat with a raised border and stainless steel metal inlay protects the footwell and feet from moisture and dirt.

[04] The impressive non-slip luggage mat is hard wearing and perfectly fitted.

[05] BMW junior seat, group 1. Seat, Black/Anthracite, for children from approx. 12 months to 4 years old (approx. 9–18kg), for mounting on the ISOFIX base (to be ordered separately). Includes air pads for more side impact protection.

[07] The premium quality black leather case with a stylish stainless steel clasp prevents the buttons from being accidentally pressed and protects the key against scratches and dirt.

¹ Model shown is not available in the UK.

⁶ Standard on xDrive50i M Sport.

⁷ Only available in conjunction with BMW Individual Extended Merino leather in Amaro Brown, Criollo Brown or Smoke White.

⁸ Only available in conjunction with BMW Individual Extended Merino leather in Taupe or Nutmeg.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹ which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

Finance is provided by BMW Financial Services (Ireland) Limited, Swift Square, Santry Demesne, Santry, D09 R802, Dublin, Ireland.

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
