

# New Dacia Sandero

1 January 2017

# Welcome to Dacia

You've probably realised by now, but we're not your usual car brand. We began with the dream that more people should have the opportunity to own a new car. To make it a reality we created a range that combines space and quality at an unbelievable price. We believe in function over frivolity and that by being simple, reliable and smart we can make a real difference.

Dacias are cleverly designed, reassuringly robust and incredibly reliable. They're also shockingly affordable because we only ask drivers to pay for what they need, not the fancy extras they'll never use. It's an approach that has rewarded us with incredible growth across Europe since 2004 and won us more awards than we know what to do with.

We hope you like what you see and will join us in the Dacia family.

# Our awards

We don't tend to make a song and dance about our cars. It's not our way. But that's fine, because lots of people are happy to do it for us.

When it launched in the UK in 2013, the Dacia Sandero won the What Car? Best Small Car Under £12,000 award. It's gone on to win it every single year since.

Dacia's been voted 4th best car brand from 32 other brands in the most recent Auto Express, Driver Power Survey, and has been in the top five since 2014. In the same survey, Dacia Logan MCV was voted the best family car. Not too shabby eh?

Dacia was also voted the 4th most reliable car brand in the 2016 Which? Car Survey – receiving a 90% satisfaction score based on feedback from more than 59,000 UK car owners reliability survey.

Dacia was awarded a Silver Award in the recent Auto Express Driver Power survey for Dealer Aftersales Service Satisfaction showing our commitment to customer service.

It just goes to show – if you refuse to compromise, anything is possible.

# Engines

At Dacia, we believe that having an affordable car shouldn't mean having to compromise on engine quality. Rigorous testing of Dacia engines is carried out at our state-of-the-art test centres, with each variant undergoing 20,000 hours of running on the test bench and 800,000 kilometres of test driving.

The Dacia Sandero offers you three types of engine.

The new SCe 75 engine offers you 73 hp from its 3-cylinder, 1,000cc engine achieving 54.3 mpg combined and CO<sub>2</sub> emissions of 117g/km\*.

The TCe engine brings you more performance without excessive price. Thanks to turbocharging technology, the TCe 90 produces 90 hp from its 3-cylinder, 900cc engine, yet still achieves 57.7 mpg combined and CO<sub>2</sub> emissions of 109g/km\*.

For those seeking ultimate fuel efficiency, the dCi 90 diesel engine achieves 80.7 mpg combined and only 90g/km CO<sub>2</sub>\*.
