**NAVIGATOR**

STRENGTH RADIATES  
FROM DEEP WITHIN

## EMPOWERING YOU TO RISE TO NEW HEIGHTS

### NAVIGATOR PERFORMS ON COMMAND.

Exuding a quiet confidence, the design of Lincoln Navigator is inspired by a very particular sort of power. One to which many of us aspire. It's a steadfast strength that radiates outward, silently encircling those around you. From its distinctive satin-finish grille to its graceful wraparound tail lights, Navigator embraces you and your passengers, surrounding each of you in exquisitely crafted, luxurious comfort.

Inside its spacious sanctuary, you'll enjoy seating for up to 8,<sup>1</sup> plus responsive technologies designed to elevate your travels and guide you through each day. Beneath its hood, a 3.5-litre GTDI engine uses twin-turbocharging and direct-injection technology to give Navigator 380 horsepower.<sup>2</sup> It also produces 460 lb.-ft. of torque<sup>2</sup> – with plenty available at lower rpm for on-ramps, passing and towing.

<sup>1</sup>Available feature. <sup>2</sup>Horsepower and torque ratings achieved with 93-octane fuel. <sup>3</sup>When properly equipped. <sup>4</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

### PROCEED WITH POISE.

An 8,600-lb. (3,900-kg) towing capacity<sup>3</sup> and standard trailer sway control help make towing look easy. By monitoring the motions of the vehicle to detect trailer sway, and selectively braking individual wheels as needed, this sophisticated technology helps you maintain control of your trailer and your Navigator while towing.<sup>4</sup> Hill Start Assist helps hold the vehicle in place as you move your foot toward the accelerator after having stopped on a hill. It's especially useful on boat ramps.

## RESPONSIVE RIDE WITH AN INDEPENDENT SIDE

Even the most tranquil road can surprise you with the unexpected, thankfully you'll be prepared with Lincoln Drive Control featuring Continuously Controlled Damping (CCD). Using sophisticated sensors, the system reads the road and your driving input 500 times per second. Then, it adjusts to help deliver a smooth ride and responsive handling.

Depending on your mood, feel free to select between 3 drive modes – Comfort, Normal or Sport. With any of them, Electric Power-Assisted Steering (EPAS) constantly adapts to provide the kind of steering response and feedback that make you feel confident behind the wheel.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

## COMMANDING VIEWS

## FROM EVERY VANTAGE POINT

### GIVE THEM EACH THEIR OWN SPACE.

Some are naturally adept at caring for the people in their lives. Lincoln Navigator is designed to help you raise it to an art form. Start with the roomy leather-trimmed, heated 2nd-row bucket seats that feature reclining seat backs, and add a 2nd-row centre floor console<sup>1</sup> if you would like.

### PLUS, THE POWER TO ADAPT.

At the touch of a button, the PowerFold<sup>®</sup> 3rd-row 60/40 split bench seat can be folded flat to make way for long cargo. In its upright position, the seat treats your passengers to best-in-class<sup>2</sup> 3rd-row leg room, an added benefit of the independent rear suspension.

### AND PUT EVERYTHING IN ITS PLACE.

The long-wheelbase Navigator L provides you with a Cargo Management System and 1,207 litres (42.6 cu. ft.) of cargo space behind its 3rd row, so you can bring your loved ones and their favourite things along for the ride.

<sup>1</sup>Available feature. <sup>2</sup>Class is Luxury Premium Utilities based on Lincoln segmentation.

**TREAT YOURSELF TO LIFE'S RICH REWARDS.**

Navigator commends your efforts and honours your accomplishments with a luxuriously appointed cabin. Relax into its premium leather-trimmed seating – heated and cooled up front for year-round comfort. Note the precise stitching on the leather-trimmed instrument panel<sup>1</sup> and steering wheel. Genuine wood inlays satisfy your penchant for attention to detail. Navigator even recalls settings for your driver's seat, sideview mirrors, brake and accelerator pedals, and tilt/telescoping steering column – all at the touch of a button.

Outside, the power liftgate provides one-touch access to the spacious rear cargo area. Power-deployable running boards lower themselves to ease your entry and exit from the vehicle any time a door is opened. When the doors are closed, the running boards tuck beneath the vehicle for a streamlined appearance. Navigator is filled with thoughtful features designed to help make your life easy and beautiful.

In order to provide this highly refined environment, the Lincoln Luxury Validation Centre meticulously inspects the materials, craftsmanship, fit and finish, and function of each Navigator that leaves our facility. This process ensures that it meets Lincoln standards in every way, before you see that it meets yours.

THE DESIRE  
TO CONNECT  
IS HUMAN NATURE

| SYNC

Staying connected should be second nature. That's the thinking behind the design and high-speed performance of our SYNC® 3 enhanced voice-activated technology.<sup>1</sup> Audio, phone, navigation and other features are concisely presented on the capacitive touchscreen. Steering wheel-mounted controls and simple voice commands let you place and answer calls, plus control music from your devices.

Seamless integration with Siri® Eyes Free brings the power of your paired iPhone® into your vehicle. The Navigation System features easy destination entry and maps with pinch-to-zoom capability, plus it makes it simple to find a new restaurant and much more. With SYNC AppLink,<sup>2</sup>™ you can use your voice to control select compatible mobile apps while driving, too.<sup>3</sup> Automatic updates over Wi-Fi<sup>®3</sup> help keep the system running at its best.

<sup>1</sup>Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. SYNC 3 voice recognition and screens available in English, French and Spanish. <sup>2</sup>SYNC AppLink is compatible with select smartphone platforms and requires compatible apps to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. <sup>3</sup>Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply.

THX

The 14-speaker THX® II Certified Audio System with patented THX Slot Speaker™ technology and specialized digital sound processing fills the cabin with studio-quality sound, ensuring you experience music exactly as the artist intended.

«SiriusXM»

Whenever you roam, SiriusXM® lets you listen to your favourites all across Canada. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment. Plus listen anywhere online and on the SiriusXM app.<sup>4</sup>

<sup>4</sup>SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see [siriusxm.ca](http://siriusxm.ca). Data rates may apply.

## A SENSE OF CALM IN A HECTIC WORLD

### PLAN AHEAD.

As you drive your Navigator into or out of a parking space, the Forward Sensing System helps by alerting you with audible tones if it detects an object near your front bumper.

### DON'T BE CAUGHT OFF GUARD.

Some vehicles may be out of your line of sight, but they can be detected by BLIS® (Blind Spot Information System) with cross-traffic alert. If the system's radar sensors detect a vehicle in either blind spot while you're driving forward, the system can alert you with a light in the corresponding sideview mirror. While backing up, it can also detect a vehicle approaching from either side, then notify you with a warning light and an audible tone.

### MAINTAIN CLARITY.

When wet weather blows your way, Navigator keeps the view ahead clear by automatically activating its rain-sensing, speed-sensitive intermittent windshield wipers.

### BACK UP YOUR SENSES.

As you back your Navigator into or out of tight spaces, the rear view camera provides full-colour visuals, and the Reverse Sensing System emits audible tones to help.

CONFIDENCE CAN  
EXPAND HORIZONS

**GIVE THEM A SENSE OF SECURITY.**

Navigator surrounds you and your loved ones with its structural safety cage, dual-stage front airbags and front-seat side airbags for the driver and front passenger, plus side-curtain airbags for outboard passengers in all 3 rows. In addition, the SOS Post-Crash Alert System™ can unlock doors and flash lights to let others know you may need help.<sup>1</sup>

**REMARKABLE COMPOSURE.**

Slippery surfaces and emergency manoeuvres often require a bit more from your vehicle. Fortunately, Navigator provides just the help you need. AdvanceTrac® with RSC® (Roll Stability Control™) can selectively apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.<sup>2</sup>

**BRILLIANT VISION.**

As you guide Navigator through curves, the bright white beams of its adaptive HID headlights move in the same direction as your steering wheel. Providing better visibility than conventional halogen lights, the HID headlights combine with LED signature lights and LED daytime running lights to beautifully illuminate your path.

**OUTSTANDING DRIVE.**

As conditions change, the Control Trac® 4-Wheel-Drive (4WD) System helps improve your grip at the turn of a dial. When you choose 4x4 Auto mode, the system can send power to all 4 wheels as required. Select 4x4 mode for optimal traction in snow, ice, shallow sand and other off-road conditions.

<sup>1</sup>SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

<sup>2</sup>Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

When you're away, your Navigator patiently awaits your return, then welcomes you by illuminating your path in the darkness.

As you approach, Navigator senses your key fob from up to 2.5 metres away and graciously casts a luminous welcome mat with the Lincoln logo upon the ground beneath each sideview mirror.

Take your seat inside the cabin as the warmth of ambient lighting surrounds you, and Navigator adjusts the sideview mirrors with memory to your personalized settings. It's been expecting you.
