

Mii

ENJOYNEERING

Welcome to a new world where everything revolves around you. Where innovation and engineering exist to serve your driving pleasure. A world where technology is committed to helping you fully enjoy life. We call it: **ENJOYNEERING.**

MY Mii

And now this new world has brought us the New SEAT Mii, a car that will make you see things differently. Once you sit behind the wheel, nothing will ever be the same again.

Starting now, parking spaces will be bigger. Rush hour traffic lighter. Even your favourite restaurants will suddenly seem closer.

The new SEAT Mii has been designed to optimize space and efficiency for day-to-day city driving. It's equipped with the latest and best safety technology, and endowed with a surprisingly spacious boot. So it's ready to travel when you are.

Life has so much more life with the new SEAT Mii.

KEEP YOUR OPTIONS OPEN

3 or 5-door. Your choice

The SEAT Mii fits effortlessly into its environment. And you'll fit into the SEAT Mii just as easily. Whether you opt for the three-door or five-door model, intelligent interior design optimises every inch of space.

On the three door, you have the easy entry system*. At the flick of a lever the front seats smoothly fold and slide, so your passengers can hop in and out with ease. But sometimes you need to turn that easy access dial right up to five. For picking up friends, dropping off kids or taking the dog for a 'walk', the five-door Mii is where compact charisma meets practical city living.

*In the optional Seat Pack on S models, standard on all others.

BURSTING WITH ENERGY

Meet the Mii Ecomotive

Super compact. Super efficient. Super car. Our unique Ecomotive engines deliver reassuringly low CO₂ emissions and wallet friendly fuel consumption. In fact the SEAT Mii Ecomotive is one of the most environmentally friendly, fuel-efficient cars on the market. This version is one of the cleanest cars in its segment with CO₂ emissions of only 96 g/km. We've achieved this by incorporating cutting edge technology, like our innovative energy recovery system.

Braking creates energy. Energy that's usually wasted. But clever engineering allows this energy to be recovered and used to top up your car's electrical systems, which reduces fuel consumption and CO₂ emissions.

And there's more. The Start/Stop System automatically switches off the engine when your car is idling, again saving fuel and reducing emissions. When you press the clutch, it springs back into life. All this, without ever compromising the essential SEAT driving experience. The Mii is all about living.

Mii

0098 ECO

PLENTY OF SPACE

Fit it all in

The finish of the new SEAT Mii offers the quality of a larger car and a higher category. Choose from a range of upholstery options to match your model. And finish the look with the leather covered steering wheel and gear knob and glossy dashboard finishes on the SE and Sport versions.

But if there's one thing that makes a big impression in the SEAT Mii, it's the interior capacity. The spacious cabin has comfortable seating for four, and there's a choice of five-door or easy entry three-door models. The generous boot offers 251 litres of capacity, plenty of room to pack for a weekend getaway. But if you need even more space, just fold down the back seats.

NO NEED TO CUT CORNERS

Be bold. Be agile. Be Mii

The new SEAT Mii brings an innovative concept into your life: “Fun to Drive”. It’s great performance, excellent handling, and perfect adaptability to both the city and the open road that will make you see driving in a new light. And here’s how...

The SEAT Mii range includes two power outputs from one efficient engine size – 1.0 60PS or 75PS – designed to achieve maximum performance with amazingly low fuel consumption. And the latest Ecomotive treatments allow you to enjoy more miles with even lower fuel consumption and CO₂ emissions.

A choice of automatic or manual transmission combined with a compact and robust design makes the Mii a nimble and surefooted city driver.

And to ensure you enjoy its extraordinary manoeuvrability at every turn, the new SEAT Mii comes equipped with a range of active and passive safety systems. For example, optional City Safety Assist scans the traffic ahead and brakes automatically in the event of a potential collision.

When it comes to stopping power, ABS is standard-fit, combined with Electronic Stability Control (ESC) on higher trims, making for assured, progressive braking. Which is one less thing for you to worry about, and one more reason why the new SEAT Mii really is “fun to drive”.

portu...

HAVE THE LATEST THING, FIRST

Technologically fun

NAVIGATION SCREEN.

The SEAT Portable System is equipped with a navigator that allows you, using the 5" touch screen, to select alternative routes based on the current traffic situation. You can also use voice commands to enter your destination, and personalise the colour of the map and icons to suit you.

RADIO/CD/MP3.

The Portable System also enhances the standard audio system and gives you complete control of your SEAT Mii audio environment. Not only can you select radio stations by name and assign symbols for each one, but you can also view a diagram of the car's interior and adjust the volume, bass and treble for each individual area. Activate the CD and MP3 option to navigate your CD collection song by song, or search for tracks by folder. The Portable System includes a MicroSD card slot, and an AUX-in connection for your MP3 player is on every car, so it's easy to keep your SEAT Mii music library up to date. And while you listen, the album cover will be displayed right there on the screen, naturally.

BLUETOOTH®.

Need to talk on the phone while driving? It's easy with hands-free Bluetooth®. You'll be able to hear the conversation loud and clear through the car's speakers while seeing the caller ID on screen. You can also access your complete contact list, and even listen to those SMS messages you can't usually read while on the road. No need to squabble with your passenger over the connection either, as two devices can be paired simultaneously.

ONBOARD COMPUTER.

All the information you need at the touch of a button. The onboard computer monitors the status of your Mii and the SEAT Portable System gives you a heads-up display of the information. For example, instantly check current fuel consumption and projected mileage, so you'll know exactly when the next refill is due and avoid surprises. And if you haven't planned ahead, no worries. The fuel level warning is directly hooked up to the navigation function, so the Mii can gently prompt and then guide you to the nearest petrol station.

EVERYTHING YOU MIGHT NEED

Making life easier

ELECTRIC AND HEATED MIRRORS.

Everything looks different from the new SEAT Mii. Adjustable from inside the car, the electric and heated wing mirrors on SE and Sport models mean you'll soon forget what a fogged mirror looks like.

HALOGEN HEADLIGHTS.

Night driving, bad weather, or poor light are not a problem. The SEAT Mii's angular headlamps light the way, whatever the conditions, wherever you're headed.

CRUISE CONTROL.

The new SEAT Mii isn't only a city car. Thanks to cruise control, long-distance travel is now just as comfortable. Set the speed and take your foot off the pedal. It's that easy.

SEAT SOUND SYSTEM.

Radio plus CD player with MP3 compatibility and an AUX-in port. Drive your car accompanied by your perfect soundtrack. Your new SEAT Mii can handle your favourite music whatever the format.

CITY SAFETY ASSIST.

City driving has its challenges, but safety shouldn't be one of them. If the car in front of you suddenly hits the brakes, City Safety Assist is there to protect you.

SIT BACK AND ENJOY

Making every journey a pleasure

CARING FOR YOU AND THE ENVIRONMENT

Efficient engines

At SEAT we take our commitment to protecting the environment seriously. And we've developed the technology to prove it, without sacrificing power or performance.

Thanks to SEAT Ecomotive engines, you can enjoy driving one of the most fuel-efficient, environmentally friendly vehicles on the market today. Cutting edge technology helps reduce CO₂ emissions, fuel consumption and costs without compromising the excitement of driving a SEAT.

Combined fuel consumption: 60.1-68.9 mpg. Combined CO₂ emissions: 108-96 g/km.

E ECOMOTIVE

START/STOP SYSTEM.

This system allows you to save fuel and cut down on CO₂ emissions.

Start/Stop System activates when you are in a neutral gear position. The engine turns off completely and remains stopped until you put your foot on the clutch.

To be on the move again, you only need to step on the clutch, and the engine will start automatically by the time you've shifted into first gear.

TOTAL SAFETY

Leave it to us

The new SEAT Mii is equipped with the most advanced active and passive safety systems, and has been awarded the maximum five-star Euro NCAP safety rating*. So you can enjoy every trip worry free.

ESC for stability control, City Safety Assist for urban driving, and ABS as standard all help assure a safer driving experience, in any situation.

Sit at the wheel of your SEAT Mii and you'll find driver and passenger head and chest airbags. And the seatbelt warning means no one will ever forget to buckle up.

In the back, child safety seats are secured by the ISOFIX and Top Tether anchorage systems, keeping everything tightly in place, right where it should be.

*For detailed information go to www.euroncap.com

REAR PARKING SENSORS.

When you own such a beautiful car, naturally you won't want others to get too close. No problem. The rear parking sensors will help you keep a safe distance between your Mii and the car parked behind you.

CITY SAFETY ASSIST.

City Safety Assist system scans the front of the vehicle with a laser. It then identifies and calculates the distance between the car and any object ahead.

If the system senses it is getting too close to anything, it automatically activates the brake system to avoid any collision, or at least limit its effects.

AIRBAGS.

Whether you're taking a long trip or a short one, in company or alone, you'll always be prepared for whatever might happen on the road. Feel totally protected inside your new SEAT Mii with twin front head and chest airbags.

LOVE AT FIRST SIGHT

There's a Mii for everyone

S

- / MP3-compatible CD player with AUX-in
- / Two speakers
- / Pre-installation for SEAT Portable System
- / Driver and front passenger airbags
- / Combined head-thorax front side airbags
- / Front seatbelt reminders
- / Folding rear bench seat
- / ISOFIX points with Top Tether in rear seats
- / Height-adjustable steering wheel
- / Speed-sensitive power steering
- / 14" steel wheels
- / Emergency tyre repair kit
- / Door handles and mirrors in black plastic
- / Body-coloured bumpers
- / 12v socket in centre console
- / Daytime running lights

Model shown includes optional Colour Pack.

ECOMOTIVE

IN ADDITION TO THE S TRIM

- / Air conditioning
- / Electric front windows
- / 14" steel wheels with 'Efa' covers
- / Body-coloured door handles and mirrors
- / ESC (Electronic Stability Control)
- / Remote central locking
- / Height-adjustable driver's seat
- / Split folding rear seats
- / Six speakers

¹The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS by 1.0139.

²Where law permits.

³Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated within this standard.

ADD YOUR SIGNATURE, INSIDE AND OUT

Make your Mii as individual as you are. Add your own personal style with the diverse range of decorative decals. And discover the latest technology in the navigation and multimedia systems on offer.

NOKIA CK200 INTEGRATED BLUETOOTH® KIT.

Hands-free kit integrates seamlessly with your SEAT. Stylish design includes wireless remote control and embedded microphone in the 2.5" TFT removable display. Can connect 2 phones simultaneously and store up to 1,000 contacts.

SEAT PORTABLE SYSTEM.
An innovative portable navigation system integrated into your Mii (includes a support to attach the system to your dashboard). A navigation programme for 44 countries and is equipped with voice recognition, lane assistance, Bluetooth®, SMS reading and map updates. Connect your mobile or iPod® to listen to your favourite music – and at the same time, you'll be updated with information via the Trip Computer and the navigation system.

SPORT PEDALS.

You can personalise your Mii even more with Mii, Smile and Space decorative accessories. All styles come with decals for the car's exterior, two interior doorsills, mats, key covers and a dashboard decal that matches the rest of the set.

SEAT FINANCE

Your simplest route to a thrilling drive

Before you settle on a model, spec and finish, Solutions from SEAT Finance can help create an effortlessly affordable drive that's tailored just for you.

Solutions is different because you defer a proportion of the car's value until the end of the agreement, giving you significantly lower monthly repayments than if you'd taken out a loan....ever heard of a bank being so imaginative?

Want a higher spec SEAT? Our Solutions personal contract plan could help you drive off with more of a SEAT than you were expecting.

Totally flexible, you get to choose the size of your deposit (from as little as one monthly payment), and a repayment period which suits you and at the end of the term you have three options to choose from.

1. Part-exchange your car for a brand new SEAT on a new Solutions contract.
2. If you love your SEAT and can't bare to part from it, pay the optional final payment and keep the car.*
3. Or return the car to us (subject to terms and conditions).

Ask your local dealer's financial expert what Solutions can do for you and for a personalised quotation – it's more rewarding than you think.

*Subject to terms and conditions and payment of the option to purchase fee. An offer of finance depends on certain conditions. Subject to status. Indemnities may be required. Available to over 18s in the UK only. SEAT Finance.

THE SEAT WARRANTY

THREE-YEAR WARRANTY.

All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 0,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

THREE-YEAR PAINT WARRANTY.

The paintwork of the Mii is covered against manufacturing defects for a period of three years. Naturally, the Mii must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

TWELVE-YEAR BODY PROTECTION WARRANTY.

The internal body sections and panels of the Mii is covered against rusting through from the inside for a period of twelve years. Naturally, the Mii must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

SEAT PARTS WARRANTY.

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

SEAT ACCESSORIES.

Every accessory is designed specifically for SEAT and is fully tested to our high quality standards. All accessories unless otherwise stated come with a two year warranty, extended to three years when purchased and fitted prior to delivery of a brand new vehicle, and what's more, they can be fitted by SEAT approved technicians.

SPECIFICATIONS.

Specifications for the Mii refer to Model Year 2012. While SEAT makes every effort to make sure that specifications are accurate at time of going to press (03/12), you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this brochure can therefore be given as guidance only.

SEAT ASSISTANCE (INCLUDING EUROPEAN COVER).

Any new SEAT purchased and registered in the UK from an authorised SEAT dealer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Your member of the SEAT authorised network will ensure that all servicing and repairs are carried out in accordance with the manufacturer's instructions. Terms and conditions apply.

SEAT FINANCE.

SEAT Finance specialises in providing funding solutions for SEAT drivers. Whether your SEAT is for private or business use, you can choose from a range of funding options.

Here is our full range of finance products.

- / Solutions – a personal contract plan
- / Hire purchase
- / Finance lease
- / Lease purchase
- / Contract hire

With all of our finance products you can choose one of our fixed-cost maintenance plans designed to help you budget accurately. No matter what finance product you choose, your local SEAT dealer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. SEAT Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

TEST-DRIVE A SEAT.

To arrange a test drive at your nearest dealer, or for any questions you may have about SEAT, visit our website at seat.co.uk or call us on FREEPHONE 0500 22 22 22.

FUEL CONSUMPTION INFORMATION.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The individual vehicles have not been tested and there are inevitable differences between individual examples of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driving style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.

VEHICLE EXCISE DUTY AND CO₂ EMISSIONS.

All vehicles first registered on or after 1st March 2001 are subject to a form of Vehicle Excise Duty (Road Fund Licence) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km).

OPTIONAL EQUIPMENT.

Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

ENJOYNEERING

We are Spanish and German. We are passionate perfectionists. We are emotional technologists. Everything we know, is everything you feel. We give design a purpose. We bring technology to life. We call it ENJOYNEERING. We are SEAT.

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication (**March '12**), you should always check with your authorised SEAT dealership for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. These vehicles and all their parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0845 257 32 33 or browse to www.cartakeback.com.

*Since 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%. This brochure has been produced from Hello Silk paper which is Forest Stewardship Council certified.
