

2007 SUBARU
B9 TRIBECA

THINK

WHAT MAKES A SUBARU, A SUBARU?

It is a heritage of innovation and spirited performance. A dedication to keeping you safe, with the control to avoid an accident and the protection to survive one. A commitment to building smart and efficient vehicles that fit your life. In designing an SUV that is pleasing to the eye and touch, with comfort and practicality in mind, we remain focused on these ideals. Because we never stop thinking of vehicles that go beyond your expectations.

B9 Tribeca Limited shown in Diamond Gray Metallic with Special Edition Package.

5-SPEED AUTOMATIC TRANSMISSION Delivers smooth shifting and a seamless supply of power. For enhanced performance, it was engineered with a lateral sensor to hold a lower gear to power out of corners, a Sport mode to make the most of the engine's power before upshifting and a SPORTSHIFT manual mode that puts you in control of gear selection.

2-POSITION DRIVER'S SEAT MEMORY The B9 Tribeca provides thoughtful features to enhance every drive. Find your perfect driving position—and keep it. Standard on the B9 Tribeca Limited models, this feature memorizes the settings for you and another driver and automatically reverts the seats at the push of a button, so that you don't have to.

DUAL-ZONE CLIMATE CONTROL In an interior crafted to offer maximum comfort for everyone inside, the dual-zone climate control provides independent temperature adjustments for both the driver and front passenger. And there's an available rear-cabin air conditioner with multiple fan speed settings for passengers in the back.

The Subaru B9 TRIBECA Innovation, in a most dynamic form.

It's the progressive sport utility that adapts to your life as eagerly as it takes to the road. With high levels of refinement, flexible seating for up to seven, and available features like a navigation system and a rear-seat DVD entertainment system. Still, it's every inch a Subaru, giving you assurance behind the wheel with the safety and control of Subaru Symmetrical All-Wheel Drive, a balanced boxer engine and class-leading safety scores.

B9 TRIBECA | 5-passenger

Seemingly endless versatility with 5-passenger capability. Get front bucket seats and tri-split, reclining/sliding/folding second row. In the cargo area is a sizable under-floor storage tray.

B9 TRIBECA | 7-passenger

Room for seven, in a cabin trimmed with premium cloth upholstery and equipped with a power moonroof. Seating includes a third row that splits and folds.

B9 TRIBECA LIMITED | 5-passenger

Seating for five upholstered in luxurious leather, plus a premium audio system, two-position driver's seat memory and a power moonroof. Also equipped with the cargo-area under-floor storage tray.

B9 TRIBECA LIMITED | 7-passenger

Full 7-passenger capacity with the split/folding second and third rows, plus luxurious leather-trimmed seating, a premium audio system and a power moonroof.

B9 TRIBECA SPECIAL EDITION PACKAGE | 5- and 7-passenger

Available on all B9 Tribeca models in both the 5- and 7-passenger versions, the Special Edition Package is outfitted with a distinctive chrome mesh grille and unique chrome-finished 18-inch alloy wheels. Inside, you'll find standard XM® Satellite Radio enjoyed through the high-quality audio system.

5-SPEED AUTOMATIC TRANSMISSION Delivers smooth shifting and a seamless supply of power. For enhanced performance, it was engineered with a lateral sensor to hold a lower gear to power out of corners, a Sport mode to make the most of the engine's power before upshifting and a SPORTSHIFT manual mode that puts you in control of gear selection.

2-POSITION DRIVER'S SEAT MEMORY The B9 Tribeca provides thoughtful features to enhance every drive. Find your perfect driving position—and keep it. Standard on the B9 Tribeca Limited models, this feature memorizes the settings for you and another driver and automatically reverts the seats at the push of a button, so that you don't have to.

DUAL-ZONE CLIMATE CONTROL In an interior crafted to offer maximum comfort for everyone inside, the dual-zone climate control provides independent temperature adjustments for both the driver and front passenger. And there's an available rear-cabin air conditioner with multiple fan speed settings for passengers in the back.

B9 Tribeca shown in Titanium Silver Metallic with accessory reverse assist sensors.

FEEL

The journey is enhanced

when every touch is rewarded

and form enriches function.

B9 Tribeca Limited shown with Desert Beige leather and optional navigation system.

NAVIGATION SYSTEM The available navigation system guides the way, whether it is to that out-of-the-way diner or the amusement park across the country. And you can access it all with some simple taps on the easy-to-use touch-screen.

REAR VISION CAMERA See exactly what's behind you with the help of the rear vision camera, included with the optional navigation system. It transmits real-time images from the camera mounted above the license plate area, providing a rearward view while you're in reverse.

MULTIFUNCTION DISPLAY The in-dash screen offers audio readouts and a trip computer with info on fuel economy, driving distance and more. If you opt for the navigation system, the color display adds maintenance reminders, a calendar, calculator and controls for vehicle settings.

AUDIO | ENTERTAINMENT With its numerous entertainment features, passengers can have as enjoyable a time as the driver of the Subaru B9 Tribeca. Listen to your favorite playlist. Check out the latest DVD release. Keep the laughter rolling with the comedy channel without losing the signal, no matter how many state lines you cross. Planning that extended road trip just became much more appealing.

AUDIO SYSTEMS Find your groove with the 6-speaker audio/single-disc CD player. Or be dazzled by the premium 9-speaker system of the B9 Tribeca Limited with its 6-disc in-dash CD changer to keep the music flowing. Both can read MP3-formatted discs. Control it all with the steering-wheel-mounted controls that let you keep your hands in their proper driving positions.

XM® SATELLITE RADIO Listen to rock, jazz, classical or any channel, without signal loss and in digital-quality sound, wherever your journey may take you. Every B9 Tribeca is prewired for satellite radio, while the Special Edition Package provides installed equipment that lets you access XM feed (with your paid subscription) at the touch of a button.

DVD ENTERTAINMENT SYSTEM Your passengers can enjoy their favorite movie on the road with the available rear-seat DVD entertainment system, offering a large 9-inch screen and wireless headphones. You can also plug in a video camera or a console to play video games, or simply play an audio CD. When you put the vehicle in park, you can even watch the movie on the multifunction screen in the dashboard.¹

AUXILIARY AUDIO JACK FOR MEDIA PLAYERS Keep your playlists handy accessible with the new auxiliary audio jack, which will accommodate your iPod® or virtually any portable media player. Located in the center console next to the 12V powerpoints, it can be tucked away when not in use.

¹ When equipped with available navigation system.

7
PASSENGER SEATING
 Take everything you need.
 Leave no one behind.

64

SEATING CONFIGURATIONS Some numbers that may make your day easier: 64 unique seating and cargo configurations in the 7-passenger version. Up to 74.4 cu. ft. of cargo volume in both 5- and 7-passenger versions with all seats folded. Ten cupholders. Four 12V power outlets. Four cargo tiedowns. Two grocery hooks. And a low load height to save your back.

VERSATILITY | REAL-WORLD FUNCTIONALITY

It's the biggest, most versatile Subaru ever. With room for up to seven, a second row that slides, reclines and folds, an available split third row and plenty of cargo and storage space, the interior of the Subaru B9 Tribeca is intelligently designed to accommodate your life. Seven passengers. Over 74 cu. ft. of cargo capacity. 64 variations in between. Imagine the possibilities.

B9 Tribeca Limited shown in Seacrest Green Metallic.

40/20/40

SECOND ROW With a seatback split three ways, the flexible design lets you easily configure the space. Seat three across. Or fold down one or two seatbacks to carry longer cargo. The second row also reclines for comfort, and slides for easy access to the third row.

50/50

THIRD ROW The even split for the third-row seatback lets you utilize the entire row for full 7-passenger capability. Or fold one or both seats for access to the 37.6 cu. ft. cargo space. With the second-row seats folded, you'll have up to 74.4 cubic feet of capacity.

B9 Tribeca shown in Newport Blue Pearl with accessory roof-mounted crossbars.

B9 Tribeca Limited shown in Diamond Gray Metallic.

CONFIDENCE

TO GO EXACTLY WHERE YOU WANT TO GO.

What makes B9 Tribeca so compelling to drive also helps keep you safe. Because innovations like our standard Subaru Symmetrical All-Wheel Drive and boxer engine deliver dynamics to inspire active driving, and active safety to possibly avoid an accident altogether. With advancements to protect you in an unavoidable impact, it's the kind of safety that lets you drive with freedom. **It's what makes a Subaru, a Subaru.**

Every Subaru was designed to achieve the highest crash test scores in its class. But to help keep you from having to test it out yourself, we've engineered the B9 Tribeca to provide control and agile handling characteristics. Then we equipped it with active safety features that help you to negotiate an

unexpected situation. In the event of an impact, its numerous passive safety systems help to minimize the results of the encounter. It all adds up to a multidimensional approach to safety that results not only from selected features, but every aspect of the vehicle.

Achieved "Best Rollover Rating" in SUV testing!
★★★★★ for front and side impact collisions!

- National Highway Traffic Safety Administration

1 Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit safercar.gov for more information.

Subaru Symmetrical All-Wheel Drive

Predictability can be a very good thing. Take tire grip, for instance. You want to know that the rubber will adhere to the road, no matter what your drive may hold. The unique Subaru Symmetrical All-Wheel Drive system delivers traction that you can depend on. Its ideal balance helps to ensure stability and poise. And its efficiency at transmitting power delivers greater grip and quick response to slippage. Providing you with better handling in slick conditions, and enhanced performance in any condition. It's a system that puts you in control of the road, and possibly your well-being.

MORE PREDICTABLE TRACTION

IT'S WHAT MAKES A SUBARU, A SUBARU.

ALL-WHEEL DRIVE The Symmetrical All-Wheel Drive system, with its fore, aft and lateral balance, results in neutral cornering and superior handling. Unlike two-wheel-drive vehicles, which may be more prone to understeer or oversteer, the full-time AWD automatically transfers power to all four wheels. This results in greater traction and cohesion for more predictable handling, despite what the road surface or the weather has in store.

VEHICLE DYNAMIC CONTROL This stability control system helps keep you on your intended path by measuring variables such as steering input, braking and vehicle angle. Sensing any slide that causes the vehicle to deviate from your intended course, VDC applies individual brakes and/or reduces engine power to counteract the slide and help keep you safely in control.

B9 Tribeca Limited shown in Titanium Silver Metallic.

HANDLING Under normal driving conditions, the Variable Torque Distribution (VTD) system of the B9 Tribeca splits power 45% front and 55% rear to deliver a sporty feel and crisp handling. When a wheel slips, the system adjusts power delivery between the front and rear wheels for maximum traction. In addition, every drivetrain component and chassis part has been engineered to optimally blend athletic performance and comfort. From the precise rack-and-pinion steering to the 4-wheel ventilated disc brakes and fully independent suspension, it's all geared to provide control, responsiveness and ultimately, safety, with no compromise to driving pleasure.

SUSPENSION Between you and the road is the performance-tuned B9 Tribeca 4-wheel independent suspension. The double-wishbone rear suspension supplies a fluid yet responsive ride. And its ground clearance of 8.4 inches gives you access over rougher paths.

ALUMINUM WHEELS Large 18-inch wheels and wide tires, standard on the B9 Tribeca, help increase handling limits with their generous contact patch. The aluminum-alloy construction reduces unsprung weight for more precise and controlled wheel movement.

BODY STRENGTH The B9 Tribeca is built on an extremely rigid platform, which not only aids its considerable handling abilities, but also provides a solid, smooth, quiet ride.

REFINED RIDE For 2007, the suspension of the B9 Tribeca has been recalibrated to provide an even more supple ride quality, increasing its comfort level without sacrificing spirited performance.

Subaru Boxer Engine It's what makes a Subaru, a Subaru.

Press the accelerator to get outstanding power, along with a healthy dose of innovation. At the heart of the B9 Tribeca is our 3.0-liter 24-valve 6-cylinder SUBARU BOXER engine that produces a potent 245 horsepower and 215 lb-ft of torque. With

pistons laid flat in horizontal opposition, this design lowers the center of gravity, providing more precise handling and enhanced stability. It's the force that gives you greater control, and greater safety.

LESS VIBRATION The 180-degree boxer engine layout allows the pistons to move in exact horizontal opposition, effectively negating the vibrations of the opposing pistons. Its smoothness not only sweetens power delivery, it helps increase longevity as well.

SUBARU BOXER ENGINE

INLINE ENGINE

V-TYPE ENGINE

GREATER STABILITY The SUBARU BOXER engine's lightweight, compact design lowers the vehicle center of gravity. Providing more stable handling characteristics to better keep the car along its intended path, especially when changing direction quickly.

UNCOMPROMISING SAFETY

ACTIVE SAFETY Our approach to keeping you safe only begins with the traction of Symmetrical AWD and responsive handling to keep you in control. These are supported by a comprehensive array of features to help you in an emergency. To help avoid an impending accident, ventilated 4-wheel antilock disc brakes (ABS) are enhanced with Electronic Brake-force Distribution (EBD) and Brake Assist to maximize stopping power sooner. A Traction Control System (TCS) enhances grip, and Vehicle Dynamics Control (VDC) helps your B9 Tribeca stay true to your intended path.

PASSIVE SAFETY Subaru innovations not only help you avoid a collision. They help you and your passengers survive one, thanks to features like front seat belt pretensioners and load limiters, side-impact beams and a Ring-Shaped Reinforcement Frame around the cabin to help dissipate the impact of a crash. Active front-seat head restraints help reduce the chances of whiplash. And an extensive array of air bags helps offer protection from the front and sides.¹ Together, they help the B9 Tribeca achieve the highest results in government crash tests.²

TIRE PRESSURE MONITORING SYSTEM Maintaining proper pressure is key in preserving optimal driving dynamics and control in handling. The tire pressure system alerts you when one or more of your tires loses air pressure so that you may correct the situation as soon as possible.

BRAKE ASSIST This feature helps provide safer braking in a panic stop. By sensing the speed with which the brake pedal is depressed, maximum brake pressure is immediately applied even if your right foot doesn't supply enough force.

REINFORCED CONSTRUCTION Engineered for exceptional strength to help maintain the integrity of the cabin structure, the innovative Subaru ring-shaped reinforcements around the passenger compartment also help dissipate crash-impact energy away from occupants.

FRONT, SIDE AND CURTAIN AIR BAGS An intelligent front air bag system senses driver's seat position and front-passenger seat occupancy to determine the safest deployment level for each. A new rollover sensor detects an imminent rollover and activates the seat belt pretensioners and deploys the side-curtain air bags.

¹ Always wear seat belts. Children should be properly restrained in the rear seat.

² Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit Safecar.gov for more information.

Accessories

Outfit your Subaru to be as unique as your adventures. Backed by a 3-year/36,000-mile limited warranty,¹ Genuine Subaru Accessories give you the ability to take everything—and anything—you need.

B9 Tribeca Limited shown in Harvest Gold Metallic.

EXTENDED ROOF CARGO CARRIER AND AERO CROSSBAR KIT

Mounted to the accessory crossbars, this cargo carrier (shown above) provides 16 cubic feet and up to 100 pounds of lockable storage capacity, and may be opened on either the right or left side. Holds skis of up to 180 cm in length. Vehicle also shown with accessory rear bumper cover.

REMOTE STARTER Available on all models, the remote starter lets you start your B9 Tribeca from the convenience of your living room, so that the interior temperature is comfortable when you begin your drive.

CARGO COVER Protect the contents of your cargo area from prying eyes. This available cargo cover retracts with a spring-loaded mechanism for ease of use, and is easily removed and installed. It enhances the already versatile interior of the Tribeca.

REVERSE ASSIST SENSORS Backing up and parallel parking can be done with more confidence with the available reverse assist sensors. They provide audible warnings as you approach objects in your path when reversing. As you get closer to the object, the intermittent tone increases in frequency.

AVAILABLE ACCESSORIES

- XM® Satellite Radio
- Heavy-duty Roof Cargo Basket
- Moonroof Air Deflector
- Autodimming Mirror with Compass
- Aero Crossbar Kit
- Roof-mounted Bike Attachment (single)
- Kayak Carrier
- Ski Attachment (6 pair)
- Hitch-mounted Bike Attachment
- Puddle Lights
- Trailer Towing Kit
- Cargo-area Compartment Cover
- Compartment Separator/Dog Guard
- Cargo-area Nets
- Severe Weather Companion
- Cargo-area Spotlight
- Security System Shock Sensor
- Subwoofer/Amplifier
- Car Cover
- All-weather Floor Mats
- Hood Protector
- Front Bumper Underguard
- Splash Guards (black)
- Rear Bumper Cover
- Wheel Locks
- Battery Warmer
- Engine Block Heater

¹ Accessories backed by 3-year/36,000-mile New Car Limited Warranty when installed at time of vehicle purchase. For complete details on warranty coverage and exclusions, see your Subaru dealer or log on to www.subaru.com.

Ownership Benefits

Enjoying your Subaru for years to come—that's the promise of our comprehensive warranties and roadside assistance program. It's a fact attested by the 96% of Subaru vehicles sold in the past 10 years that are still on the road today.¹ It's the confidence you feel when you get behind the wheel.

NEW CAR LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first.

POWERTRAIN LIMITED WARRANTY

5 years or 60,000 miles, whichever comes first.

WEAR ITEM LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first.

RUST PERFORATION LIMITED WARRANTY

5 years, unlimited mileage.

THE SUBARU ROADSIDE ASSISTANCE PROGRAM covers all 2007 Subaru vehicles during the first 3 years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner's Information Kit, Subaru owners can take advantage of any of the following benefits:

24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the United States.

Emergency Towing Service to the nearest authorized Subaru dealer.

Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

SUBARU ADDED SECURITY[®] could be the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the **only** one backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that's best for you, up to 7 years or 100,000 miles.

SUBARU.COM begins your Subaru experience. Here, you can find extensive information including specs, photos and reviews. Build your own Subaru, locate dealers and schedule a test drive. After your purchase, activate your free My.Subaru site, where Subaru owners can track their vehicle's service history, schedule service appointments, receive special offers exclusive to My.Subaru members and much more.

For complete warranty and program information, including coverage and exclusions, see your Subaru dealer. ¹ Based on R. L. Polk & Co. vehicle registration statistics for period ending 6/30/04.

B9 Tribeca Specifications

ENGINE AND DRIVETRAIN

B9 TRIBECA AND B9 TRIBECA LIMITED

Engine	3.0-liter DOHC aluminum-alloy 24-valve 6-cylinder horizontally opposed SUBARU BOXER engine with Active Valve Control System (AVCS) and Active Valve Lift System (AVLS). Iridium spark plugs.
Power ¹	245 hp @ 6,600 rpm
Torque ¹	215 lb-ft @ 4,200 rpm
Compression ratio	10.7:1
Bore and stroke	89.2 x 80 mm
Intake system	Composite-resin intake manifold
Fuel and ignition system	Sequential multiport fuel injection. Electronic Throttle Control (ETC). Engine management with integrated self-diagnostics and adaptive driving habits capability. Direct ignition.
Transmission	Standard 5-speed adaptive electronic direct-control automatic with SPORTSHIFT manual control
Emissions	Certified Low Emission Vehicle (LEV2 LDT2)

FUEL

Fuel economy (city/highway)	18/23 mpg
Fuel requirement	Premium unleaded gasoline (91 octane) recommended ²

SUBARU SYMMETRICAL ALL-WHEEL DRIVE

Variable Torque Distribution (VTD)	VTD All-Wheel Drive utilizes an electronically controlled variable transfer clutch in conjunction with a planetary-type center differential. Torque distribution is normally configured at a performance-oriented rear-wheel-biased 45/55-split front-to-rear. Utilizing Vehicle Dynamics Control (VDC) sensors, VTD All-Wheel Drive evaluates road conditions by continually estimating surface friction and adjusts torque distribution accordingly front-to-rear for optimum traction.
------------------------------------	---

STABILITY AND TRACTION

Vehicle Dynamics Control (VDC)	Integrated with VTD All-Wheel Drive, standard VDC stability control utilizes sensors which constantly monitor wheel speed, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path.
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

CHASSIS

Steering	Engine-speed-sensitive power-assisted rack-and-pinion. Turns lock-to-lock: 3.4. Turning circle: 37.4 ft.
Suspension	Performance-tuned 4-wheel independent raised suspension. Front: Strut-type with lower L-arm. Stabilizer bar. Rear: Double-wishbone with upper A-arm. Stabilizer bar.
Brakes	4-wheel disc, ventilated front and rear. 4-channel, 4-sensor ABS with Electronic Brake-force Distribution (EBD).
Brake Assist	When emergency braking is detected by how quickly the brake pedal is applied, maximum brake pressure is immediately applied.
Brake discs	Front: 12.3 in./Rear: 12.4 in.

WHEELS AND TIRES

Wheels	18 x 8.0-inch 7-spoke aluminum-alloy
Tires	255/55 R18 104H M+S all-season

EXTERIOR DIMENSIONS

Length	189.8 in.
Height	66.4 in.
Width	73.9 in.
Wheelbase	108.2 in.
Track (front/rear)	62.2 in./62.1 in.
Curb weight ³	4,130 lbs.
Coefficient of drag (cd)	0.38
Ground clearance	8.4 in.
Angle of approach	18.0°
Breakover angle	18.5°
Angle of departure	21.1°
Towing capacity (Class I)	2,000 lbs. (3,500 lbs. with accessory trailer towing kit including auxiliary transmission oil cooler)

INTERIOR DIMENSIONS

Headroom (front/2nd row/available 3rd row)	40.3 in./38.2 in./36.2 in. (with moonroof: 38.9 in./38.2 in./36.2 in.)
Legroom (front/2nd row/available 3rd row)	42.3 in./34.3 in./30.9 in.
Shoulder room (front/2nd row/available 3rd row)	58.1 in./57.5 in./51.3 in.
Passenger volume (5-passenger/7-passenger)	104.2 cu. ft./133.5 cu. ft.
Cargo volume (5-passenger/7-passenger)	37.6 cu. ft. with rear seats raised/8.3 cu. ft. with 2nd- and 3rd-row seats raised
Maximum cargo volume (5-passenger/7-passenger)	74.4 cu. ft. with rear seats lowered/74.4 cu. ft. with 2nd- and 3rd-row seats lowered

● Standard ○ Optional – Not available

¹ Subaru has applied the new SAE method for measuring horsepower and torque. ² Regular unleaded gasoline with an octane rating of 87 AKI or greater may be used. Using regular unleaded gasoline could result in reduced engine performance. See Owner's Manual for more detailed information. ³ Curb weight figure based on base B9 Tribeca 5-passenger model. ⁴ On front and 2nd-row seats. ⁵ Remote starter and XM Satellite Radio are available as accessories. Satellite radio hardware and required monthly subscription sold separately. See your dealer. ⁶ The Supplemental Restraint System (SRS) (air bags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions, and outboard 2nd-row passengers additional protection in moderate to severe side-impact collisions. This system provides supplemental protection only, and seat belts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat. ⁷ Available only with optional navigation system. ⁸ Required monthly subscription sold separately after trial period ends. Installation costs and other fees and taxes may apply, including a one-time activation fee. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement included with the XM Welcome Kit and available at xmradio.com. Only available in the 48 contiguous United States. ©2006 XM Satellite Radio Inc.
