

2011 NISSAN
SENTRA

IT'S A WHOLE NEW WAY TO MOVE.

So it's time to get out there. In a car that's got you and yours in mind. The Nissan Sentra[®], with plenty of room for real life, and the fuel economy to take you there and back. With advanced technology leading the way, like an available touch-screen navigation system[†]. With Sentra, the possibilities are all yours. It's a whole new way to move through the world. And you're invited.

Nissan Sentra 2.0 SL shown in Carmine.

Surprising comfort meets remarkable detail.

The spacious Sentra interior will knock your socks off. Maybe your shoes, too. There's plenty of room to stretch out those legs, even in the back seat. Take a moment to notice the attention to detail. Like an easy-to-reach shifter and buttons that feel "just right" when pressed. Even available leather seating surfaces. This is unique style that kicks your expectations up a notch.

Nissan Sentra 2.0 SL shown in Beige Leather with Moonroof Package.

Nissan Sentra 2.0 SL shown in Steel Leather with Moonroof Package. U.S. instrumentation shown.

Your search is over. Sentra's available navigation system does more than just give directions!¹ Tap away at the touch-screen controls on the 127 mm (5") colour display. Find the closest ATM and the restaurant a friend recommended with Points of Interest. Then chart your progress with the system's 3-D perspective mapping feature or check out the info for your stereo and incoming calls on the centre-mounted display screen. Then when it's time for updated mapping info, an SD card lets you purchase it yourself online.

Points of Interest

Interface System for iPod®⁴

¹Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²The optional RearView Monitor is a convenience, but is not a substitute, for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you. ³XM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. Subscription subject to terms and conditions at xmradio.ca. All fees and programming subject to change. © 2010 XM Satellite Radio Inc. The XM name and related logos are registered trademarks of XM Satellite Radio Inc. All other trademarks are the property of their respective owners. ⁴Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during

Technology for all.

You've always wanted it. Now you can have it. Things like a navigation system¹ that serves up directions to the show and locates gas stations along the way. An audio system that pumps out amazing sound from all of the latest music sources. And a camera that helps show a view of what's directly behind you.² Everything that makes your trip exceptionally easy, not to mention enjoyable.

Rockford Fosgate The available Rockford Fosgate audio system is ready to amp you up with MP3/WMA CD playback capability and eight speakers, including two subwoofers. It's even already set up to receive XM[®] Satellite Radio.³

iPod[®] Connectivity Load your iPod[®] up with your favourite playlists and podcasts from home and listen to them on the go. The available USB Interface System for iPod[®] puts song info up on the dash display and lets you browse through your collection with the vehicle's regular audio controls.⁴ Or you can plug any MP3 player into the standard auxiliary audio input jack mounted front and centre.⁵

USB Input No MP3 player? No worries. Fill up a USB flash drive with MP3s, plug it right into the available USB jack in the dash and play away. The 109 mm (4.3") colour display will keep you well-informed on everything you hear. Sentra makes enjoying your digital music on the road easier than ever.

Bluetooth[®] The available Bluetooth[®] Hands-Free Phone System can answer your compatible cell phone even if it's buried in that bag in the trunk. Just press a button on the steering wheel to pick up incoming calls or dial your friends.⁶

Incoming Phone Calls

Nissan Intelligent Key[®] Your days of hide-and-seek are over. With this available feature, the key never has to leave your pocket. Sentra senses your approach so you can open the doors or the trunk, let your friends in and start the engine, all without taking out the key.

RearView Monitor

It's like having eyes in the back of your head. Put the transmission in "Reverse" and get a glimpse of what's directly behind your Sentra on the screen. The available RearView Monitor is particularly useful when parallel parking or manoeuvring in a crowded parking lot.²

Amazing space.

Of course you can bring it along. Sentra understands that real life can be complicated. But taking it with you doesn't have to be. Presenting unbelievable room and everyday conveniences for almost every occasion. Bike trek, day at the beach, week with your family. With up to 371 L (13 cubic feet) in the trunk alone and plenty more with the available 60/40-split fold-flat rear seats, problem solved.

Not your average 60/40-split fold-flat seats. You don't even need to remove the head restraints. This available feature was designed with SUV-style functionality in mind. First the bottom cushion flips forward, then the seatbacks fold down to create an ultra-useful flat surface. Combined with an extra-large trunk pass-thru, Sentra maximizes your flexibility and your fun.

The massive glove compartment is so deep, it can easily hold a purse, sunglasses and plenty of other necessities.

Clever cup holders have a sliding divider, so they can hold cups of different sizes or items you want to keep handy.

Available Divide-N-Hide™ trunk system. Keeping convenience a top priority, the available Divide-N-Hide™ trunk system helps you organize what's what. There's plenty of cargo room with the divider up, plus helpful bag hooks to help keep things from sliding around. But hold on – a secret storage space is revealed when you press the release handle and drop the panel. Providing more room than you expected and a hidden spot to stash your swag, it's also a way to corral bigger items and prevent them from rolling across the trunk. You can even access it from inside the cabin.

Make the drive the smoothest part of your day.

With so much advanced engineering in its engine, transmission choices and suspension components, the last thing you'll experience in a Sentra is a rough ride. Its smart 2.0-litre engine offers the best of both worlds – an impressive 140 horsepower and an exceptional 5.7 L/100 km (50 mpg)! With a lightweight, all-aluminum core, weight is down and muscle is up. Performance-enhancing technologies, like continuously variable valve timing and microfinished components, make for more power and more fuel efficiency, all while increasing your smooth factor. Enjoy bold performance with a practical side – over 800 km (497 miles) between fill-ups.¹ And that's just the beginning.

Intelligent CVT (Continuously Variable Transmission)² If you're into not just the latest, but the smartest, intelligent CVT takes you there. Different from ordinary automatics, CVT is virtually "gearless." It keeps the engine performing at optimal rpm for efficient cruising and fast response. You're in for one quick rush of acceleration and a super-smooth drive.

6-speed manual transmission. If it's full control of six gears that does it for you, the 6-speed manual keeps you close to the action. Triple-cone synchronizers in first and second gear make for brisk and precise shifting. While a smaller rpm drop with each upshift means a more seamless response to your demands.

Speed-sensitive steering. Sentra is sensitive to your needs. Its electric power steering system senses how fast you're going, so it provides a natural, solid feel at higher speeds and more power assist at low speeds for effortless manoeuvres.

Nissan Sentra 2.0 S shown in Snow Cap White.

Ripple control. When conventional shock absorbers hit a bump, they send little “ripples” through the suspension. Sentra uses technologies developed for premium luxury sedans and sports cars, with “ripple-control” shocks that improve handling and help dampen vibrations to better the ride.

Normal Shock Absorber

Ripple-control Shock Absorber

Rebound spring. Maybe you're one of those people who has never met a curve you didn't like. In that case, let us introduce the rebound springs on Sentra. They help control motion during cornering and curves to hook you up with more confident handling.

Have a safe trip.

Safety is the ultimate must-have on any journey, and it comes along with Sentra. With active safety technologies like an Anti-lock Braking System and available Vehicle Dynamic Control,¹ Sentra does its best to help you avoid incidents. But if the unthinkable happens, six standard airbags are always at the ready.²

Vehicle Dynamic Control (VDC). Should Sentra happen to oversteer (fishtail) or understeer (plow forward) while you're driving, available VDC reduces engine output and/or applies brake pressure to specific wheels to help you stay on your steered path.¹

Anti-lock Braking System (ABS). Nearly everyone gets caught in a panic-braking situation at some point. If you do, 4-wheel ABS can prevent your wheels from locking up, helping you maintain steering control.

¹VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ²Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat.

Nissan Sentra 2.0 S shown in Airstream.

Six standard airbags. The Nissan Advanced Airbag System (AABS) includes dual-stage supplemental front airbags with seat belt sensors and an occupant-classification sensor. The inflation rate of these dual-stage airbags adjusts depending on crash severity and seat belt usage. If the front seat is empty, a sensor will deactivate the airbag. For side-impact protection, supplemental airbags are actually built into the front seats, so they move with you as you adjust your seating position. And roof-mounted curtain side-impact supplemental airbags help provide head protection for front and rear outboard passengers in side-impact collisions.²

Front-seat Active Head Restraints. By moving up and forward in the event of a rear-end collision, Active Head Restraints help reduce whiplash-type injuries to front-seat occupants.

Electronic Brake force Distribution (EBD). Working in tandem with ABS, EBD sends additional braking power to the rear wheels to compensate for extra weight in the car, whether it's passengers, luggage or both.

Protecting the little ones. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at nissan.ca/owners/en

Sentra SE-R: Extreme sport comes factory-installed.

200 horsepower

For some, the regular Sentra satisfies their appetites. Others may be hungry for more. So we offer all the ingredients the ultimate sport compact car enthusiast could want. Start with 177 horses and intelligent CVT (Continuously Variable Transmission) with steering-wheel-mounted paddle shifters on SE-R, or 200 horses and a close-ratio 6-speed manual transmission on SE-R Spec V. Lowered sport-tuned suspension? Check. High-performance intake and exhaust systems? Check. Aluminum-alloy wheels that are both lightweight and stylish? You're getting the idea.

Sentra Trim Levels

Sentra 2.0

- 140 HP 2.0-litre 4-cylinder engine
- 6-speed manual transmission or Xtronic CVT®
- 4-wheel Anti-lock Braking System (ABS)
- AM/FM/CD audio system with auxiliary audio input jack
- Power door locks
- Six standard airbags, including roof-mounted curtain side-impact supplemental airbags
- Front-seat Active Head Restraints

Sentra 2.0 S

Includes Sentra 2.0 equipment, plus:

- 16" Aluminum-alloy wheels
- Power heated outside mirrors
- Chrome accent body side mouldings
- Remote keyless entry
- Premium AM/FM/CD audio system with 109 mm (4.3") colour display
- USB connection port for iPod® interface and other compatible devices
- Illuminated steering-wheel-mounted cruise control
- Power windows
- Heated front seats and height-adjustable driver's seat
- Trip computer and outside temperature display

Sentra 2.0 SL

Includes Sentra 2.0 S equipment, plus:

- Xtronic CVT®
- Leather-appointed seats
- Leather-wrapped steering wheel
- Nissan Intelligent Key® keyless entry and ignition system
- Bluetooth® Hands-Free Phone System
- XM® Satellite Radio
- Vehicle Dynamic Control (VDC) and Traction Control System (TCS)

Sentra SE-R

- 177 HP 2.5-litre 4-cylinder engine with a sport-tuned Xtronic CVT® and steering-wheel-mounted paddle shifters
- Sport-tuned springs
- 17" Aluminum-alloy wheels
- Twin pod meters with oil pressure and G-sensor displays
- Front sport bucket seats with SE-R logos
- Aluminum pedal pads

Sentra SE-R Spec V

Includes SE-R equipment, plus:

- 200 HP 2.5-litre 4-cylinder engine with a 6-speed close-ratio manual transmission
- Sport-tuned suspension with lowered height, sport-tuned shocks and struts
- Reinforced upper cowl and trunk-mounted V-brace
- P225/45WR17 summer performance tires

Safety/Security	2.0	2.0 S	2.0 SL	SE-R	SE-R Spec V
Nissan Advanced Airbag System with dual-stage supplemental front airbags with seat belt and occupant-classification sensors					
Driver and front-passenger seat-mounted side-impact supplemental airbags					
Roof-mounted curtain side-impact supplemental airbags for front and rear-seat outboard occupants head protection					
Vehicle Dynamic Control (VDC)	V	C L			
Traction Control System (TCS)	V	C L			
3-point ALR/ELR passenger seat belt system (ELR for driver)					
Front seat belts with pre-tensioners, load limiters and adjustable upper anchors					
LATCH System (Lower Anchors and Tethers for CHildren)					
Front-seat Active Head Restraints					
Child-safety rear door locks					
Zone Body construction with front and rear crumple zones					
Energy-absorbing steering column					
Hood-buckling creases					
Pipe-style steel side-door guard beams					
Immobilizer Key System					
Anti-theft system					

Packages

VO Value Option Package (2.0)

16" Tires and aluminum-alloy wheels • Air conditioning with in-cabin microfilter • Power heated outside mirrors • Trunk lid trim • Remote keyless entry • Power windows with driver's auto-up/down feature • 60/40 Split fold-flat rear seat • Rear centre armrest with cup holders

V VDC Package (2.0)

Vehicle Dynamic Control (VDC) • Traction Control System (TCS)
This package requires Value Option Package.

C Convenience Package (2.0 S 6MT)

Power sliding glass moonroof with tilt feature • Bluetooth® Hands-Free Phone System • Leather-wrapped steering wheel • Illuminated steering-wheel-mounted audio controls • Dual illuminated visor vanity mirrors • Vehicle Dynamic Control (VDC) • Traction Control System (TCS) • Divide-N-Hide™ trunk system • Cargo net and hooks

L Luxury Package (2.0 S CVT)

Power sliding glass moonroof with tilt feature • Nissan Intelligent Key® keyless entry and ignition system • Bluetooth® Hands-Free Phone System • Leather-wrapped steering wheel • Illuminated steering-wheel-mounted audio controls • Dual illuminated visor vanity mirrors • Vehicle Dynamic Control (VDC) • Traction Control System (TCS) • Divide-N-Hide™ trunk system • Cargo net and hooks

M Moonroof Package (2.0 SL)

Power sliding glass moonroof with tilt feature • Dual illuminated visor vanity mirrors • Divide-N-Hide™ trunk system • Cargo net and hooks • Nissan Navigation System with 127 mm (5") colour touch-screen display • RearView Monitor • Rockford Fosgate 8-speaker system, including two 203 mm (8") subwoofers

S Sport Package (SE-R, SE-R Spec V)

Helical limited-slip differential (SE-R Spec V only) • Power sliding glass moonroof with tilt feature • Dual illuminated visor vanity mirrors • Nissan Navigation System with 127 mm (5") colour touch-screen display • RearView Monitor • XM® Satellite Radio² • Rockford Fosgate 8-speaker system, including two 203 mm (8") subwoofers

10 REASONS TO CHOOSE SENTRA®

OF COURSE, NISSAN QUALITY ALWAYS COMES ALONG FOR THE RIDE.

Choose smooth CVT
(Continuously Vari-
able Transmission)
or 6-speed manual.
Hard decision.

An exceptional 5.7
L/100 km (50 mpg)
for over 800 km (497
miles) between fill-ups
means fewer stops!¹

An advanced
suspension knows
just how to keep your
ride smooth.

New bike? No problem,
thanks to the 60/40-split
fold-flat rear seats.

Rock on with an
available premium
audio and Interface
System for iPod.²

Find it all thanks to a
navigation system
that gives more than
just directions.³

Class-exclusive available
Nissan Intelligent Key®
and Bluetooth® compati-
bility.^{4,5} No fumbling for
keys or phone.

So many clever storage
compartments, so much
organization.

Feel reassured. The
RearView Monitor
helps you see what's
directly behind you.⁶

Enjoy standard
heated seats and 16"
aluminum-alloy wheels
on Sentra 2.0 S.

¹Based on fuel consumption estimate for 2011 Sentra 2.0-L with Xtronic CVT®. Actual mileage may vary with driving conditions – use for comparison only. ²Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. ³Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ⁴WardsAuto.com's Upper Small segment, November 2009. ⁵Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁶The optional RearView Monitor is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you.
