SENTRA®**

WHAT IF.

YOU COULD HAVE YOUR “SOMEDAY” CAR TODAY?

Some say patience is a virtue. We say you've waited long enough. Sentra® completely redefines what an affordable car can be and proves the good life is well within reach. With tasteful styling inside and out. Enjoy standard features like Bluetooth® hands-free calling,¹ cruise control and USB connectivity, all with illuminated steering-wheel mounted controls. Advanced features you'll love, including a Bose® Premium Audio System² and a huge interior with surprising luxuries like Dual Zone Automatic Temperature Control (ATC)² and Push Button Ignition.² With a super-smooth Xtronic CVT® transmission and up to 6.1 L/100 km (46 MPG),³ you'll feel the difference in the ride, too. The 2015 Nissan Sentra.® You've arrived, and well ahead of schedule.

¹Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ²Available feature. ³2015 Fuel consumption estimate 6.1 L/100 km (46 MPG) highway with CVT transmission. Actual mileage may vary with driving conditions – use for comparison only. 2015 Sentra® fuel economy estimates based on new Transportation Canada 5-cycle fuel economy testing regulations. Nissan Sentra® SL shown in Graphite Blue.

What if your car had a purpose in life? More than just a pretty face, Sentra®'s design was perfected in the wind tunnel, to create a ride that's as refined as it is fuel-efficient. The SV grade adds exterior and interior touches like 16" aluminum-alloy wheels, heated front seats and a RearView Monitor viewable on the 127 mm (5.0") colour display.¹ As enticing as each detail is, Sentra® was designed as a complete vision of what a modern compact sedan should be.

¹Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.

DESIGNED JUST FOR YOU.

It's important to be surrounded by things you love. Like a flowing dashboard design inspired by a bird's wing. Soft-touch materials throughout the cabin, and unexpected luxuries like rich wood-tone trim,¹ heated front seats,¹ and perforated leather-appointed seating¹ throughout that come together to create a very personal space. Even little touches, like convenient storage pockets on the front of the driver and passenger lower-seat cushions, and a sliding centre armrest¹ for a perfect fit. This is Sentra,[®] exactly the way you want it.

NissanConnect^{SM1,2} YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnectSM with Mobile Apps, your Sentra[®] becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook[®] news feed, latest tweets, TripAdvisor[®] tips, and more all come along for the ride, working seamlessly together through your smartphone and Sentra[®]'s colour monitor.^{1,2} And it keeps on getting better: the basic app package is complimentary for the first three years.^{1,2}

Your Sentra[®] also keeps you in the loop with the Nissan Navigation System (featuring Voice Recognition),^{2,3} hands-free text messaging assistant,^{2,4} standard Bluetooth[®] hands-free calling⁵ and streaming audio,^{2,5} plus an iPod[®]/USB input.⁶

Plenty of room for your loved ones. Pack it up and bring it in with Sentra®'s smart storage, including a cavernous trunk with 428 litres (15.1 cubic feet) of cargo space – that's comparable to some midsize sedans and 59 litres (2.1 cu. ft.) more than Corolla®. Need more room? The 60/40 split fold-down rear seats give you space that would make a hatchback jealous, with room to hold four golf bags, a bike, or just about anything you want to bring along.¹

4 Low rolling resistance tires that use less energy to roll, so you use less fuel

6.1 L Impressive highway fuel economy, so you can breeze past the pump with ease²
/100 km

Wouldn't it be cool if you didn't need a cramped car, a tiny engine or a hybrid powertrain to save fuel? With Sentra®, you get excellent fuel economy in a roomy, comfortable car that's lots of fun to drive. We got there by developing everything from exterior aerodynamics that whisper through the wind to a powerful, 1.8-litre engine teamed with a virtually gearless CVT transmission that helps maximize efficiency and performance. And best of all, Sentra® is just one of a family of PUREDRIVE™ vehicles, reflecting Nissan's commitment to developing more environmentally friendly transportation for all of us.

ECO PEDAL INDICATOR

A smarter way to drive. In Sentra®, an Eco Pedal Indicator in the instrument cluster gives you instant feedback on how you're driving, helping you become a smarter, more efficient driver.

LIKE HAVING THREE DIFFERENT CARS AT YOUR FINGERTIPS.

With the simple push of a button, you can custom-tailor Sentra® to match your mood. So what will it be today? Eco, Normal or Sport?

ECO

Feeling thrifty? In Eco mode, Sentra® adjusts engine and transmission response to maximize fuel efficiency, and even adjusts the air conditioning for less draw on the engine power.

NORMAL

Something for everybody. Normal mode gives you a perfect blend of efficiency and response.

SPORT

Curvy roads ahead? Sport mode sharpens engine and CVT transmission response to rev up your senses.

IMPORTANT: Starting with 2015 model year vehicles, the Government of Canada has mandated new fuel economy test methods to better approximate typical driving conditions and styles. These new 5-cycle test methods are more representative of a vehicle's on road fuel consumption compared to the previous 2-cycle testing methodology, and can produce fuel consumption ratings that are up to 20 percent higher than the previous ratings. Fuel Economy estimates for the Nissan 2015 model year vehicles may seem less favourable compared to previous years and some competing vehicles that have not yet reported based on new testing criteria. 2015 vehicles do not consume more fuel than the comparable 2014 vehicle under the same driving conditions.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield Technologies™ are a comprehensive approach to safety that guides the engineering and development of every vehicle we make. The features described here are just some of many on your Nissan, helping to protect you and yours by focusing on three key areas: keeping an eye on your vehicle's systems and the surroundings, assisting in handling unexpected situations, and helping to keep you safe in the unfortunate event of an accident.

6 Standard Airbags. When a collision is unavoidable, Nissan's Zone Body Construction helps absorb the impact, while the advanced seat belt and airbag systems help protect passengers!

RearView Monitor. This available feature helps you see what's directly behind you when you engage Reverse?

Vehicle Dynamic Control (VDC). Also known as stability control, VDC monitors your steering and braking to help you maintain your steered path under certain conditions by reducing engine output and/or applying brake pressure to specific wheels.³

Traction Control System (TCS). When TCS senses drive-wheel spin, it responds by reducing throttle input or applying brake pressure to help maintain traction.

snug4kids®. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/owners/en.

Electronic Brake force Distribution (EBD)/Brake Assist (BA). EBD is designed to send extra force to the rear brakes when there's additional weight in the back. If you need to slam on the brakes, BA detects how hard you're braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force.⁴

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. ²Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ³VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁴Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ⁵Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. All other trademarks are the property of their respective owners. ²Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Standard text rates and/or data usage may apply. ³Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁴Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁵Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ⁶Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents. See your Owner's Manual for more details. ⁷VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Actual mileage may vary with driving conditions – use for comparison only. IMPORTANT: Starting with 2015 model year vehicles, the Government of Canada has mandated new fuel economy test methods to better approximate typical driving conditions and styles. These new 5-cycle test methods are more representative of a vehicle's on road fuel consumption compared to the previous 2-cycle testing methodology, and can produce fuel consumption ratings that are up to 20 percent higher than the previous ratings. Fuel Economy estimates for the Nissan 2015 model year vehicles may seem less favourable compared to previous years and some competing vehicles that have not yet reported based on new testing criteria. 2015 vehicles do not consume more fuel than the comparable 2014 vehicle under the same driving conditions.
