

The ŠKODA AllDrive vehicles represent special edition models of the Octavia, Superb and Yeti, which, in addition to the benefits of 4-wheel drive, bring you a generous range of standard equipment. At the same time, they all offer outstanding driving comfort, economical operation during everyday use and safety in demanding conditions.

The rear axle of all ŠKODA AllDrive vehicles is controlled by the 4th generation Haldex clutch control unit, which immediately reacts to driving conditions and prevents the front wheels slipping. As a result, you retain complete control over your car under all circumstances. You will feel more confident on loose or slippery surfaces as well as delighted on city roads. A ŠKODA AllDrive vehicle will enable you to have an active lifestyle while being a reliable partner for everyday life.

The **ŠKODA Octavia Combi AllDrive** is a spacious and safe family vehicle, with which you can also enjoy trips to less accessible places. At the same time, you'll be pleased with the low fuel consumption when simply driving to work, going shopping or dropping off the kids at school. The special model is based on the Ambition version and, in addition, offers equipment such as **hill hold control, rough road package, removable woven carpets** with special stitching and **decorative door sill strips** with the AllDrive inscription.

The **AllDrive logo** on the front mudguards is an original mark of all three special models.

The longitudinal **roof railings** come in an exclusive silver colour.

16" Draconis alloy wheels.

The **noble steel foot pedal covers** amplify the sports style of the vehicle.

The **AllDrive interior** in Onyx with high-quality upholstery on the middle section of the seats is available with Onyx/Onyx or Onyx/grey dashboard.

The **ŠKODA Yeti AllDrive** will gladly take you for any track. You will feel perfectly comfortable driving this compact SUV in the city but you'll only discover its true colours when driving on terrain. Whether you set off to high mountains, deep valleys, on snow, sand or gravel, you can always completely rely on the vehicle. The special model is based on the Ambition version and, in addition, brings equipment such as **hill hold control, rough road package, AllDrive logo** on front mudguards and **decorative door sill strips** with the AllDrive inscription.

The silver longitudinal **roof railings** increase the practicality of the vehicle.

The **noble steel foot pedal covers** accentuate the sense of comfort.

The removable woven carpets with special stitching come as standard for the entire AllDrive special range.

The 17" **Annapurna alloy wheels** are in a distinctive 2-colour design.

The **AllDrive interior** in Onyx with high-quality upholstery on the middle section of the seats is available with Onyx/Onyx or Onyx/grey dashboard.

The silver longitudinal roof railings emphasise the elegance of the Superb Combi.

The ŠKODA Superb and Superb
Combi AllDrive offer an exceptional
combination of excellent driving
characteristics and impressive interior
space. That's why they satisfy even
the highest requirements of comfort
and presentability and at the same
time ensure driving pleasure to
dynamic-loving drivers. The special
model is based on the Ambition
version and, on top of it, includes
equipment such as hill hold control,
rough road package, AllDrive logo
on front mudguards and removable
woven carpets with special stitching.

Original equipment of all three special models includes decorative **door sill strips** with AllDrive inscription.

The 17" **Callisto alloy wheels** are in an attractive 2-colour design.

General information

ŠKODA Service

Put your car in good hands. We give you good reasons to choose an authorised ŠKODA service partner.

We offer you first-class quality

Your car requires advanced technology. For this reason, all the ŠKODA authorised service partners have special tools and quality diagnostic systems at their disposal, which, in combination with the technological procedures prescribed by the manufacturer, ensure the perfect functionality and reliability of your car.

Professionally trained staff by the manufacturer

The ever-rising standard of the technology used in the car requires corresponding professional qualifications on the part of the staff. To meet this requirement, the manufacturer organises regular training for the staff of the authorised service partners in order to provide them with up-to-date information important for their activities.

Our motto: be fair and open with our customers

Careful, professional and friendly counselling for the customers upon acceptance of orders is of great importance to us in the same manner as diligence and completeness with respect to repairs and maintenance work. All this is continuously monitored by internal quality control of the provided services.

Comprehensive range of services:

Service inspections

For your car to remain in top condition and functional for a long time it is essential to conduct all regular service inspections in accordance with the manufacturer's instructions, which can only be quaranteed if performed by an authorised ŠKODA service partner. The service schedule informs you when the service inspection must be done.

> Body and paintwork service

Damage to the body and painted areas following an accident will be fixed by your authorised ŠKODA service partner in an expert manner, in accordance with information from the manufacturer, using

ŠKODA Genuine Parts. This is important not only for your safety, but also for functionality and maintaining your car's value.

> Courtesy car

The authorised ŠKODA service partner can provide you with a courtesy car for the period of repair or service inspection.

> Pick-up and delivery service

If you are unable to take your vehicle to the ŠKODA Service, an authorised ŠKODA service partner will arrange a date with you to pick up the car. The car will be delivered back after the service work has been completed.

The listed services represent only a part of the wide range of ŠKODA Service offers, which may vary from country to country. Please contact your authorised ŠKODA service partner for further details and information on the range and specific conditions of services they offer.

* Available until September 2012.

ŠKODA Genuine Accessories

ŠKODA Genuine Accessories offer you child safety seats, roof rails, alloy wheels, sunblinds and more. For more detailed information on the complete ŠKODA Genuine Accessories range see the individual ŠKODA model catalogues.

ŠKODA Genuine Parts

ŠKODA Genuine Parts are identical to those used during the assembly of ŠKODA vehicles. The use of first-class materials and technologies guarantees safe and worry-free driving.

Availability

ŠKODA AUTO offers a complete range of parts and equipment items that are used in the vehicle's batch production and does not merely focus on high-turnover Information is available at www.skoda-auto.com to parts. ŠKODA ensures the provision of genuine parts

even after the relevant model is discontinued, and not thanks to the detailed descriptions and photographs only for the duration of the statutory period but for at least 15 years for the essential operational parts.

Long service life

The use of first-rate materials and production technologies in the manufacture of ŠKODA Genuine Parts ensure their maximum reliability and long life. As proof, we have extended the genuine batteries warranty to three years.

Environment protection

The ŠKODA Genuine Parts range includes exchange parts whose production has a low environmental impact in terms of waste, excess heat and water contamination.

Information on the internet

assist you in deciding which vehicle suits your needs,

of all our models.

ŠKODA Finance

ŠkoFIN offers solutions for both individuals and businesses. You can learn about the current offer through any authorised ŠKODA partner. The credit or lease contract can also be concluded directly with the car dealer.

Global fleet

The ŠKODA AUTO Global Fleet Services offer B2B fleet solutions to customers with all kinds of requirements. A fleet made up of ŠKODA cars offers unmatched roominess, long-lasting quality, safety, low total costs of ownership and, as a result, excellent value for money. You can find more information about our products and services at www.skoda-auto.com/fleet.

One of the most important goals of ŠKODA AUTO is the development and manufacture of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our ŠKODA cars are produced using progressive types of technology in modern production facilities that meet the strictest criteria. Anticorrosive protection of the cars' painted parts is based exclusively on lead-free cataphoresis (KTL) and water-soluable paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines we offer meet the current emission regulations. All ŠKODA products are made using manufacturing processes that adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, ŠKODA cars meet technical, safety, quality and environmental requirements. ŠKODA AUTO contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

and environmental requirements. ŠKODA AUTO contributes to the preservation of a clean environment and provides mobility and comfort to its customers. The environmental logo expresses ŠKODA AUTO's awareness of, responsibility for and attempts at the sustainable development of the company and a friendly approach to life and nature. Your ŠKODA partner: Some models in this catalogue are shown fitted with optional or extra equipment not necessarily included in the standard equipment. All details of technical specifications, design, equipment, materials, guarantees and appearance were accurate at the time of going to print. However, the manufacturer reserves the right to make any changes without prior notice. The information included in this catalogue is for guidance only. Due to printing technology limitations, the colours of paints or other materials shown in this catalogue may differ from reality. For up-to-date information and further details on standard and optional equipment, current prices and delivery terms and conditions contact your authorised ŠKODA partner.
