

FordMondeo

Feel the difference

The Ford Mondeo

Don't think. Feel

"I want a go"

Premium quality and innovation:

- 'Ford Power' starter button • Human Machine Interface (HMI) with Ford Convers+
- Blue glass • Ambient and submarine lighting
- 'Piano black' styling accents

Some features available as option only.

"I had to look twice"

New Ford kinetic design:

- Dynamic lines • Three-plane plan view
- Muscular shoulder-line • Sharp edges
- Distinctive front and rear lights

Some features available as option only.

"I'd like to stay here, please"

Ford Intelligent Protection System (IPS):
• Seven individual airbags including driver's knee airbag • Horizontal-stroking steering column • ISOFIX child seat attachments
• Electronic Stability Programme (ESP)
• Thatcham approved security
Some features available as option only.

“Can I go around again?”

Refinement and outstanding driving dynamics:

- Interactive Vehicle Dynamics Control (IVDC) with Continuously Controlled Damping (CCD)
- MacPherson front suspension system
- 'Control Blade' multi-link rear suspension system • Durashift 6-speed manual gearbox

Some features available as option only.

“No, it’s OK, I’ll drive”

- Driver-oriented cockpit:
- Ford Key-Free System • Advanced Bluetooth® Hands-Free and Voice Control
 - State-of-the-art touchscreen DVD navigation system • Flow-through centre console • Dual-zone Electronic Automatic Temperature Control (DEATC) • Driver’s seat 8-way power height adjust
- Some features available as option only.

“Why? Because I can”

Technology to assist you:

- Auto lighting with bi-xenon headlights
- Autowipers with rain sensor
- Adaptive Front lighting System (AFS) with static cornering lamps
- Ford Easy Fuel capless refuelling system
- Adaptive Cruise Control with Forward Alert

Some features available as option only.

"My needs change"

Ability without compromise:

- Up to 1,733-litre luggage capacity • 60:40 split rear seatback and cushion • Sliding load floor (estate) • Hill Launch Assist • Sport Pack with 18" alloy wheels

Some features available as option only.

"I trust my instincts"

Your choice of:

- 4-door • 5-door • Estate • Edge • Zetec
- Ghia • Titanium (late 2007) • Titanium X
- 110 PS to 220 PS petrol engines • 100 PS to 140 PS diesel engines

The Ford Mondeo

Don't think. Feel

Titanium X shown finished in Thunder. Features Halogen Adaptive Front lighting System (AFS) with static cornering lamps. (Standard; option on other models)

Ford Mondeo is a bold expression of our unique 'kinetic design' language. Kinetic design emphasises the use of complex surfaces and athletic, sculptural forms to create an impression of 'energy in motion' – a taut, muscular stance that makes the car look as though it is moving even when it is standing still.

Energetic

Bi-Xenon Front Lighting System

Bi-xenon headlights deliver around twice the intensity and project a far longer beam of light than conventional halogen headlights, whilst using only two-thirds of the energy. (Option)

"I believe new Mondeo will challenge everyone's perceptions of Ford in this important segment of the market and prove that we can once again deliver compelling style with substance in a desirable form."

Martin Smith
Executive Director Design
Ford of Europe

Electronic Stability Programme (ESP) is designed to detect and automatically compensate for loss of control under extreme conditions, using brakes and throttle to keep your vehicle firmly on track.

The Ford Mondeo is a true driver's car. The steering, suspension and braking systems, though hidden from view, come into their own when called upon to perform on challenging roads.

Involving

Suspension

The Ford Mondeo's independent MacPherson front suspension system and independent 'Control Blade' multi-link rear suspension system deliver sporty driving dynamics with a refined ride.

Interactive Vehicle Dynamics Control (IVDC) with Continuously Controlled Damping (CCD)

IVDC delivers notable improvements to handling, stability and braking performance. Each damper is adjusted five times per second to guarantee the best possible occupant comfort and road contact. You can also switch between suspension modes – sport, normal and comfort – as the mood takes you. (Option)

1. Independent front suspension
2. Rear independent Control Blade multi-link suspension
3. Hill Launch Assist (Option, included with Adaptive Cruise Control or Interactive Vehicle Dynamics Control)
4. Lowered sports suspension (Option)
5. Cruise control

18" Y-spoke alloy wheels with low-profile tyres

Adaptive Cruise Control (ACC) with Forward Alert (FA) automatically adjusts your speed if the car in front is travelling at a slower speed. Forward Alert offers an audible and visual warning when there's a risk of colliding with the vehicle ahead – plus it includes Brake Support, which helps to reduce stopping distances.
(Option; not available on Edge)

Why do some cars feel safer than others? Is it the number of airbags? The way it feels planted to the road? Or is it the reassuring 'thunk' when you close the doors? The Ford Intelligent Protection System, together with active and passive safety technologies, helps deliver that feeling.

Safe

Halogen Adaptive Front lighting System (AFS) with static cornering lamps

Swivels the low beam headlights by up to 15 degrees to aim in the direction you are heading, with static cornering lamps providing extra light for sharp bends and junctions.
(Standard on Titanium X; option on other models)

1. Driver's and front passenger's airbags*
2. Driver's and front passenger's side airbags
3. Side curtain airbags
4. Driver's inflatable knee airbag
5. Horizontal stroking steering column and retractable pedals
6. Side impact door beams
7. ISOFIX fixing points for child seats on rear outer seats
8. Rigid steel safety cage
9. Hazard lights activated under heavy braking
10. Engine compartment cross-beam and energy-absorbing subframe
11. Electronically-controlled anti-lock brakes (ABS) with Electronic Brake-force Distribution (EBD)
12. Electronic Stability Programme (ESP) with Traction Assist and Emergency Brake Assist (EBA)
13. Front and rear disc brakes
14. Adaptive Cruise Control (ACC) with Forward Alert (FA)
(Option, not available on Edge)

*Note: A child seat should never be placed on the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seats.

Driver's knee airbag

The driver's knee airbag helps prevent injuries through contact with the steering column.

Control at the touch of a button – minimising distractions from the road ahead.

Every model comes with the Human Machine Interface (HMI) system, featuring either a Standard, Enhanced or Ford Convers+ cluster display, enabling you to monitor and control key functions with your thumbs.

Intuitive

The left toggle switch controls volume, seek, change radio station preset, as well as mode. The right toggle switch controls the cluster display (vehicle settings, trip computer). For cars equipped with Ford Convers+, the right toggle switch allows scrolling through multimedia lists (phone*, radio, CD, MP3).

Ford Convers+

This advanced instrumentation provides an exceptional interface between you and your car, with high-quality, easy-to-read graphics on a 5" colour TFT screen. It allows you to control the in-car radio, CD player, MP3 and your Bluetooth* enabled mobile phone*.

Requires Advanced Bluetooth Hands-Free and Voice Control System. (Option)

The human ear can distinguish between up to 330,000 different tones – how will you entertain yours?

Ford Mondeo offers you a wide range of optional premium quality audio, navigation and communication systems to enhance your driving experience.

Entertaining

Human Machine Interface (HMI) with Enhanced cluster display

The HMI system with Enhanced cluster display puts you in control of optional features such as Adaptive Cruise Control (ACC) with Forward Alert (FA) and Tyre Pressure Monitoring System (TPMS). In addition, it provides the turn-by-turn icons of the navigation system and displays a message when the setting of the Interactive Vehicle Dynamics Control (IVDC) is changed.

Advanced Bluetooth® Hands-Free and Voice Control System

Bluetooth® wireless technology enables you to make hands-free calls, while the Voice Control technology lets you control your Bluetooth® enabled mobile phone, audio, DVD navigation* and climate control (DEATC*) systems. (Option)

*Where specified.

Stereo CD/radio – Model 6000CD

This stereo radio/CD player features 'Keycode' anti-theft coding, 24 programmable stations, eight speakers and remote control via the left steering wheel toggle switch. (Standard on Edge and Zetec)

Sony CD audio system

The Sony CD stereo radio/CD player features MP3 compatibility, 40 programmable stations, Programme Type and Digital Sound Processing, plus eight premium speakers for enhanced sound quality. (Option on Edge and Zetec)

Sony 6CD audio system

With its front-loading 6-disc in-dash CD autochanger, MP3 compatibility, 40 programmable stations and eight premium speakers, the Sony 6CD stereo radio/CD delivers hours of unbroken, pure sound. (Standard on Ghia, Titanium (late 2007) and Titanium X; option on Edge and Zetec)

CD navigation system

This system features a 4" monochrome display, stereo radio and CD player with MP3 capability, allowing CD audio listening once your route is calculated. (Option)

DVD navigation system

This state-of-the-art system uses a 7" colour touchscreen, which allows simple navigation within the menus or control of the CD, MP3, radio and phone* functionality. (Option)

*Requires Advanced Bluetooth® Hands-Free and Voice Control System. (Option)

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

MultiMedia DVD system

MultiMedia DVD system allows rear seat passengers to watch movies or play computer games (auxiliary leads required). Includes two headphone sets and infrared remote control. (Option)

The facia-mounted 'Ford Power' starter button adds an extra touch of convenience and style. (Standard on Titanium X; option as part of Technology Pack on other series)

The advanced Duratec petrol and Duratorq diesel engines powering Ford Mondeo are at the heart of its dynamic excellence. And the wide range of engines to choose from means that you can find the perfect blend of power and economy to meet your needs.

Intelligent

6-speed Durashift automatic transmission

This advanced automatic transmission includes a 'Sportsmode', and also allows you to adjust to your individual driving style by changing to manual mode for more involved driving.

Transmissions

Durashift 5-speed manual
Durashift 6-speed manual
Durashift 6-speed automatic with 'Sportsmode'

Petrol engines

1.6 Duratec (110 PS)
1.6 Duratec (125 PS)
2.0 Duratec (145 PS)
2.3 Duratec (161 PS)
2.5 Duratec (220 PS)

Diesel engines

1.8 Duratorq TDCi (100 PS)
1.8 Duratorq TDCi (125 PS)
2.0 Duratorq TDCi (130 PS)
2.0 Duratorq TDCi (140 PS)

2.5-litre Duratec engine

The turbocharged 2.5-litre Duratec 5-cylinder engine is powerful yet smooth-revving, with 220 PS and, demonstrating its flexibility, 320 Nm of torque at just 1500 rpm.

Ford Easy Fuel

The Ford Easy Fuel capless refuelling system features a mis-fuelling inhibitor that can tell the difference between the fuel pump nozzles used for petrol and diesel, only accepting the correct type of nozzle for your car.

Durashift 6-speed manual

Engineered for the extra torque of our more powerful diesel and petrol engines, the Durashift 6-speed provides added in-gear flexibility, fuel economy and refinement.

Human Machine Interface (HMI), air conditioning, 'Quickclear' heated windscreen, stereo CD/radio, cruise control, trip computer, power-operated front windows and mirrors – all standard with Edge.

Generous levels of equipment and a stylish and spacious package start with Edge.

Edge

Model shown above is finished in Sea Grey metallic paint. (Option)

Top right: Electronic Stability Programme (ESP) is designed to detect and automatically compensate for loss of control under extreme conditions, using brakes and throttle to keep your car firmly on track. (Standard)

Features

- 16" 7-spoke design wheel covers
- Air conditioning
- Electronic Stability Programme (ESP) with Traction Assist and Emergency Brake Assist (EBA)
- Seven airbags, including driver's knee airbag
- Thatcham approved alarm
- Ford Easy Fuel capless refuelling
- Human Machine Interface (HMI) with Standard cluster display
- Cruise control
- Trip computer
- Stereo CD/radio
- 'Quickclear' heated front windscreen
- Power-operated front windows
- Power-operated and heated door mirrors
- 'Follow-me-home' lighting
- Remote control central locking
- Leather steering wheel
- Body colour bumpers

Human Machine Interface (HMI) with Standard cluster display

The right-hand steering wheel-mounted toggle switch lets you move easily through the menus that are displayed on the cluster display, providing simple, logical control of the vehicle settings and trip computer.

Dual-zone Electronic Automatic Temperature Control (DEATC), driver's seat power height adjust and leather gearshift knob reflect higher levels of refinement on Zetec.

Zetec benefits from extra interior and exterior styling cues and additional comfort and convenience features.

Zetec

Model shown above is finished in Tonic metallic paint. (Option)

Top right: Air conditioning with Dual Zone Electronic Automatic Temperature Control (DEATC).

Additional to Edge

- 16" 24-spoke alloy wheels
- Front fog lights
- Air conditioning with Dual-zone Electronic Automatic Temperature Control (DEATC)
- Power-operated rear windows
- Driver's seat power height adjust with manual lumbar adjustment
- Leather gearshift knob
- Body colour door handles
- Illumination of driver and passenger sunvisor mirrors

Front fog lamps for increased visibility in poor driving conditions.

Leather and wood detailing, and premium features such as Sony 6CD audio system and automatic headlights are standard features on Ghia.

Ghia offers traditional luxury together with new technologies to further assist and pamper the driver.

Ghia

Ghia is distinguished from the exterior by body colour door handles with a chrome strip.

Model shown above is a Ghia finished in Panther Black metallic paint. (Option)

Ghia

Additional to Zetec

- 17" 7x3 spoke alloy wheels
- Automatic headlights and rain-sensing wipers
- Rear seat air conditioning vents
- Sony 6CD audio system
- Power-operated, heated and folding door mirrors with puddle lamps
- Front passenger's seat manual height adjust with manual lumbar adjustment
- Auto-dimming rear-view mirror
- Wood-effect interior trim details
- Leather-wrapped handbrake
- Front interior ambient lighting
- Front and rear map reading lights
- Front footwell lights
- Front and rear carpet mats
- Bright finish front-door-opening scuff plates
- Chrome upper grille, self-colour lower grille with chrome surround
- Chrome finish on upper doorline
- Body colour door handles with chrome strip

Premium quality Napoli leather seat trim. (Option on Ghia)

Driver's seat with 8-way power height adjustment. (Option, not available on Edge)

Titanium (shown) and Titanium X feature the high-level Ford Convers+ cluster with colour screen.

Titanium offers the ultimate in modern, contemporary styling and innovative technological features.

Titanium

Model shown above is a Titanium finished in Machine Silver metallic paint. (Option)

Titanium

Additional to Zetec

Available from late 2007

- 17" 15-spoke alloy wheels
- Ford Convers+ instrument cluster with colour screen
- Rear seat air conditioning vents
- Sony 6CD audio system
- Power-operated, heated and folding door mirrors with puddle lamps
- Front passenger's seat manual lumbar adjustment
- Sculpted front seats
- Auto-dimming rear-view mirror
- 'Titanium' finish interior trim details
- Leather-wrapped handbrake
- Front interior ambient lighting
- Front and rear map reading lights
- Front footwell lights
- Brushed finished front-door-opening scuff plates
- Front and rear carpet mats
- Blue glass
- Silver painted upper and lower grilles, lower grille with chrome surround
- Chrome finish on upper doorline

Titanium X

Additional to Titanium

- Halogen Adaptive Front lighting System (AFS) with static cornering lamps
- Automatic headlights and rain-sensing wipers
- 'Ford Power' starter button
- Alcantara/leather seat trim
- Variable heated front seats
- Rear seat centre armrest with cup holders and stowage

The halogen Adaptive Front lighting System (AFS) with swivelling low beam and static cornering lamps on Titanium X is typical of its advanced technical specification.

18" Y-spoke alloy wheel.
(Option; also available as part of Sport Pack
or as an accessory)

A range of distinctive alloy wheels designed to be the perfect complement to the dynamic styling of your Ford Mondeo.

Wheels

1. 16" Y-spoke lightweight alloy wheel
(Option on Edge)
2. 16" 24-spoke alloy wheel
(Standard on Zetec; also available as an accessory)
3. 17" Y-spoke alloy wheel
(Option as part of Zetec Sport Pack; also available as an accessory)
4. 17" 7x3-spoke alloy wheel
(Standard on Ghia; option with runflat tyres on Ghia; also available as an accessory)
5. 17" 15-spoke machined alloy wheel
(Standard on Titanium (late 2007) and Titanium X; option with runflat tyres on all series except Ghia; also available as an accessory)
6. 18" Y-spoke alloy wheel
(Option; also available as part of Sport Pack or as an accessory)
7. 16" 7-spoke wheel cover
(Standard on Edge)

Standard = Standard on your vehicle.
Option = Can be ordered only together with your new vehicle.
Accessory = Available from your Ford Dealer.

Runflat tyres

These let you continue your journey after a loss of tyre pressure at speeds of up to 50 mph. You are alerted to the loss of pressure by the Tyre Pressure Monitoring System (TPMS).

Stylish body colour rear spoiler for the estate.
(Option, as part of any Sport Pack; also available
as an accessory)

Choose from a wide range of purpose-designed transportation and
stowage options and accessories to further enhance your Mondeo's
exceptional versatility and load-carrying capacity.

Intelligent stowage

Estate dog guard

Fits behind the rear seats.
Meets European ECE-17 safety requirements.
(Accessory)

Roof base carrier

Lockable cross bars to fit all body
styles. Can be used alone, or in
conjunction with specialised roof
transportation accessories such as
roof boxes, bike carriers, ski racks etc.
(Accessory)

Waeco coolbox

High-performance 35-litre
capacity box cools down to 30°C
below the ambient temperature
or down to a minimum of 1°C.
Integrated 230V AC connector.
(Accessory)

Britax Römer child seat

Various child seats available
for all ages, also with ISOFIX.
(Accessory)

Thule roof box

Designed to carry a wide variety
of loads and protect them from
weather conditions and theft.
Available in a wide range of sizes.
(Accessory)

Carpet floor mats

Premium velour front and rear
mats, tailored to suit your chosen
interior. Driver's mat is fixed to
prevent slippage.
(Accessory)

Sliding load floor

Allows far easier loading and
unloading of heavy or awkward
items. Can carry loads of up
to 200kg.
(Option on estate)

Mudflaps

Help to protect your bodywork from
unsightly stone chips and road spray.
(Accessory. Not suitable for vehicles
with full bodystyling kit)

Centre console storage

Perfect for drinks or other items you may need while
on the move.

Stamp your own personality on your Ford Mondeo by choosing the full bodystyling kit including unique front grille, front bumper skirt, rear bumper skirt with integrated diffuser and side skirts. Available from autumn 2007. (Accessory)

Further enhance your Ford Mondeo's appearance or better protect it from the rigours of everyday use by choosing from our wide range of options and accessories.

Personal style

Scuff plate

These polished stainless steel scuff plates offer refined styling and help protect your vehicle. (Accessory)

Alloy pedal set

Add a sporting cue to any model. This pedal set covers all foot pedals including the driver's footrest. (Accessory)

Rear spoiler

Aerodynamic body colour rear spoiler for 5-door and estate models. (Option, as part of any Sport Pack; also available as an accessory)

Front fog lamp kit

Carefully sculpted into the front bumper design for increased safety in low visibility driving conditions. Part of full bodystyling kit. (Accessory)

Ford accessories are designed to help you get the most out of your lifestyle.

Thule ProRide bike carrier

Smart, lightweight aluminium, lockable bike carrier with self adjusting frame holder for bikes up to 80mm in diameter. (Accessory)

Ford Boutique is a wide range of high-quality merchandise designed to help you get the most from your Ford Mondeo. More items can be found in the Ford Boutique catalogue or at your local Ford Dealer.

Ford Boutique

Ford Boutique sunglasses

Enjoy the sunshine with these contemporary sunglasses. (Accessory)

Ford Boutique leather wallet

Black leather wallet with Ford embossed logo. (Accessory)

1. Mont Blanc 'Baracuda' bicycle carrier

Specially designed to carry modern bikes with frames up to 80 mm in diameter. Also features integral locks to keep bikes safe and secure. (Accessory)

2. Ford Boutique Mountain Bike

For off-road and fun excursions, choose the Ford Boutique Mountain Bike, which features an 18-speed Shimano shift and a 26" frame. (Accessory)

3. Load protection net

Keeps your items secure in the luggage compartment while you're on the move. Meets European ECE-17 safety requirement. (Option and accessory on estate only)

4. Luggage compartment protection

Anti-slip mat (4/5-door) or boot space liner (estate) moulded to fit perfectly into the vehicle. Protects your luggage compartment from dirt and wet. (Accessory)

5. Tow bar

Available as fixed or detachable version. To be used in combination with an electrical connector kit. (Option and accessory)

Ford Boutique watch

Classical multi-dial bracelet watch. (Accessory)

Finance and services

Across the UK, a dedicated network of Ford Dealers is equipped and trained to meet the needs of today's drivers. Because of our coveted reputation for quality and reliability, from the moment your new vehicle leaves the showroom, you are assured of lasting, attentive service in many ways. Ford not only cares through Dealers, we also offer a variety of finance and leasing schemes to suit the needs of both the private and business customer. With our wide choice of plans and services no one is more committed to delivering complete motoring confidence and total peace of mind than Ford.

To us, environmental care comes naturally

Care for the environment is one of Ford's oldest concerns. Long before it became fashionable or required by law, we were questioning established practices and searching for better, more efficient alternatives. Like so much of our philosophy, the concept of sustainability dates right back to our founder, Henry Ford, a man who could not abide unnecessary waste.

Driving into the future

Lighter, quieter, and using less fuel with lower emissions, today's Ford engines create less impact on the environment than ever before. Our smooth, quiet and economical passenger car diesel engines comply with the strict Euro IV-emissions regulations while, at the same time, improve the overall performance. Indeed, our new Galaxy 2.0 Duratorq TDCi 140 PS diesel engine develops higher torque than its predecessor, while producing even less carbon dioxide (CO₂) emissions.

A natural approach to alternative fuel

Imagine a car that runs on renewable fuel derived from sugar beet, cereal or wood shavings. Impossible? Then think again. Ford has been successfully selling the Focus Flexi-fuel in Europe since 2001. The 1.8-litre car, which can run on petrol, bioethanol, or a mixture of the two, offers a 70% reduction in carbon dioxide emissions compared to a petrol model, without any loss in performance. Because bioethanol fuel is plant-based, the CO₂ emitted at the tailpipe is broadly equal to the CO₂ absorbed while the plants were growing.

Recycling for good

Legend has it that Henry Ford used timber from old packing cases to build floors for the Model T. Today, the average Ford vehicle includes more recycled material than ever. Across our European vehicle range, more than 300 parts are made from recycled non-metallic materials. This helps to safeguard raw materials and diverts unwanted waste from landfill sites. Combined, our use of parts manufactured from recycled and renewable materials kept almost 35,000 tonnes* of waste out of landfills.

*2004 figures.

A breath of fresh air

In our bid to provide the healthiest car interiors possible, the Ford Focus and Ford C-MAX, along with the Ford S-MAX and Galaxy, were the first cars worldwide to receive the 'Allergy-Tested Interior' seal of approval from the TÜV; the German independent testing and assessment organisation. Not only that, but the certification has also been confirmed by the British Allergy Foundation. By combining materials that are free from harmful emissions, together with pollen and dust filters, the interiors provide the perfect allergy-friendly environment for sufferers of asthma, hay fever or contact allergies, such as eczema.

When less means more

What impact does a new vehicle have on air quality over its lifetime? How much noise will it produce when it drives down the street? Using a new tool called the Product Sustainability Index, Ford is taking a leading role by addressing the environmental, social and economic impact of its vehicles from the early stages of their development. As one of the key issues facing society in the 21st century, sustainable development presents an enormous global challenge and reinforces our message that 'business as usual' is not an option.

Ford Credit

As part of Ford Motor Company Limited, Ford Credit offers convenient and competitive financial services to Ford customers. Choose, try, finance and insure your Ford – without having to leave the showroom.

Ford Options

Ford Options is the flexible way to finance your Ford. If you are looking to renew your vehicle more often, this is the ideal plan. At the end of the agreement, choose which option suits you best – own the vehicle, return it or choose a new one.

Ford Acquire

Ford Acquire is a simple method of vehicle finance for private customers and business users. Convenient to arrange, and with flexible terms to suit your needs, owning your Ford has never been so easy.

Ford Business Partner

As a specialist division of Ford Credit dedicated to partnering businesses, Ford Business Partner will work with you to achieve a complete Contract Hire transport solution.

Ford Insure

Ford Insure offers a wide range of great value products for you and your Ford including Comprehensive Motor Insurance, Payment Protection Plan* and Guaranteed Asset Protection*. When you purchase a Ford from a Ford Dealer, you will receive 7 days' Driveaway cover** free when you call Ford Insure for a no-obligation annual quotation.

What's the next step?

Your local Ford Dealer will be pleased to help if you have any further queries and advise you of current special promotions. Your Dealer can also supply a personalised quotation for the finance plan and vehicle of your choice.

To find your local Ford Dealer, please call 0845 7111 888.

Services

Company Car Drivers

Talkback – the company car drivers' club offers members extended test drives, tax and buying advice as well as special offers and invitations to special driver events. To join, log on to www.talkbackclub.com or call 0845 605 55 66 – it's free and you don't even have to drive a Ford.

Ford Mobility

MAGIC (Mobility and General Information Centre) is a Ford-dedicated care centre created to provide free and comprehensive information on all motoring and mobility issues to anyone requiring such assistance. MAGIC has many special offers for HRDLA recipients, or Motability scheme users, call free on 0800 240 241.

Ford Protect

Every new Ford car sold is protected by a 3-year/60,000 miles Ford Protect Classic Plan Warranty. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in the UK and throughout Europe. You can also upgrade to a Ford Protect Premium Plan, giving you the option of scheduled servicing and extended Ford Assistance.

Ford Rapid Fit

The national fast-fit network backed by Ford, offering you the convenience of a 'no-appointment-necessary, while-you-wait' service covering tyres, exhausts, brakes, batteries and much more. There are over 240 sites nationwide.

Ford Accident Repair Centres

Should your Ford require accident repair, an approved Ford Accident Repair Centre is the best place to return your vehicle to its pre-accident condition. Repairers displaying the Ford Accident Repair Centre sign meet the rigorous customer service, technical and quality standards demanded by Ford. Ford trained technicians, the latest repair equipment and the use of original parts mean that the future safety and value of your vehicle are assured.

Ford Customer Relationship Centre

In the unlikely event that your Ford Dealer can't help you or you need to speak to Ford directly, the Ford Customer Relationship Centre is just a phone call away. Call local rate 0845 841 1111. Ford Rental – local service nationwide Providing quality car and van rental from Ford's latest model range. For further information contact your local Ford Dealer.

All Mondeo engines are Stage IV emissions level. *In 4th gear. Ford test figures. ⁹⁰All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a car of the class in question (see back cover). All the figures are based on tests conducted on vehicles with Edge equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Urban:** An engine started from cold in laboratory conditions operated at varying speeds, maximum 50km/h, average 19km/h over a theoretical distance of 4km. **Extra Urban:** Conducted immediately after the Urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 120km/h over a distance of 7km. **Combined:** This is an average of the two parts of the test, weighted by the distances covered in each part. **Note:** All vehicles are Durashift 5-speed manual except where shown.

All Mondeo engines are Stage IV emissions level. ⁸Represents the minimum kerbweight assuming full fluid levels and 90% fuel levels, including driver at 75 kg; subject to manufacturing tolerances and options etc., fitted. **Key** This table shows the availability of engine and gearbox combinations on Ford Mondeo models and resulting kerbweights. **Note:** All vehicles are 5-speed Durashift manual except where shown. **Towing limits** Figures quoted represent the maximum braked trailer towing mass, with ability for the vehicle to restart on a 12% gradient, either a) max. permissible or b) at Gross Vehicle Mass. The performance and economy of all models will be reduced when used for towing. For further guidance, refer to the National Caravan Council's Towing Code. **Roof rack load** is a maximum of 75 kg.

Electronic Stability Programme (ESP)

ESP is designed to detect and automatically compensate for loss of control under extreme situations, using the brakes to help restore control.

Anti-lock brakes

The anti-lock braking system (ABS) with Electronic Brake-force Distribution (EBD) prevents the wheels from locking up under braking, thereby reducing the risk of skidding.

Ford Key-Free System

The Ford Key-Free System automatically unlocks the car and allows you to start the engine without using a key; the system operates by you simply carrying the keyfob on your person. (Option on Titanium X)

The **Government fuel figures** do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitable differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation. **Illustrations, descriptions and specifications.** This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. ***Ford Information Service.** Calls are charged at national rate and may be recorded for training purposes.
