Renault KOLEOS

1 October 2018

Exceptional. Renault Koleos.

Bigger. Bolder. Better.

Renault Koleos is a bold step forward in automotive design and technology. With space that exceeds expectations and levels of comfort and finish that make every journey a pleasure.

KOLEOS

The art of drawing attention

Renault Koleos embodies new aspirations. Charismatic, with a sense of detail and personality enhanced by its sleek appearance and athletic curves. The chrome accents that start at the headlights underline the vehicle's style and strength of character in an elegant and singular fashion. The striking forms of the full LED lighting signature* and 19 inch alloy wheels create a lasting impression, Renault Koleos reflects your desire to get ahead.

The journey starts here

Relax as you settle on board. Satin chrome touches and finely stitched leather† exude quality and refinement. A panoramic sunroof^ fills the cabin with light for driver and passengers alike while the seats envelope you in total comfort. Drive an SUV that offers you all of the advantages of a premium saloon with the presence and raised driving position of an SUV for you to master all roads.

† Part leather, synthetic leather on the sides *Standard from GT Line
^ Standard on GT Line 2WD

Take a seat

Renault's meticulous design philosophy and attention to detail applies to every aspect of Renault Koleos, including the cabin.

The interior design and standard of finish are exceptional. For the driver, the 8.7" instrument display* is amongst the largest in its class.

The screen itself is a dynamic TFT (Thin-Film Transistor). With more depth and colour than a regular screen, driver information is delivered with brilliant clarity – even for moving imagery.

Satin chrome finishes across the dash and throughout the cabin look and feel fantastic. The electric panoramic sunroof† with an electric sunblind, extends over the rear seats. To maximise refinement and reduce wind noise it opens underneath the cabin roof.

Choose between 5 different colour display options for both the multimedia, instrument display, and the cabin ambient lighting.

Ergonomically designed heated leather upholstery† (in a choice of two colours^) combine with the rich sound provided by the state of the art 3D sound system, for your pleasure on every journey.

* Standard from GT Line † Standard on GT Line 2WD † Optional on GT Line
^Part leather, synthetic leather on the sides

Intuitive technology

Central to the Renault Koleos technology is an 8.7" portrait touchscreen* - one of the largest in its class. With the easy to use, capacitive touchscreen, simply drag, pinch or swipe to navigate - the same way you would on a tablet or smartphone. After all, good technology makes life simpler, not more complicated.

Renault Koleos allows you to customise a home screen by choosing the size and position of the maps, radio, favourite contacts, navigation and more. Voice control activated from the steering wheel provides even greater ease of use and safety while driving.

Take advantage of compatibility with Android Auto™ and Apple CarPlay™. You can now access selected smartphone apps^ from the R-Link 2 touchscreen multimedia system.

And when you have created the interior ambience to match your mood, thanks to the choice of ambient lighting colours, engage the rich, acoustic experience delivered via the premium 3D Sound System.

High-performance speakers create your own personal concert hall. High notes are crystal clear and the deep bass is delivered without distortion. It's a complete, immersive experience controlled via the touchscreen tablet or steering wheel controls.

* Standard from GT Line

^ **Compatibility:** An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS 7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of The Highway Code. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle.

Leather upholstery optional on GT Line only

Every aspect of comfort

Renault Koleos is ambitious just like you, and takes every aspect of you and your passengers' comfort into account, offering them more generous legroom. A compartment for keeping your drinks hot or cold can be found at the front and rear whilst the inviting and enveloping seats relax you. Welcome to comfort that goes the extra mile.

Leather upholstery optional on GT Line only

Superior space

If there is one feature that sums up Renault Koleos' 'total comfort', it's the room for occupants sitting in the back.

Rear passengers in the Renault Koleos enjoy dual air vents, dual USB charging ports* and rear seat nets to keep things neat and tidy. Pull down the centre armrest upholstered in stitched leather** if you need somewhere to put your drinks. Enjoy the ambience of LED cabin lighting, this could be the first SUV where everyone squabbles over who gets to sit in the back!

* Standard from GT Line
^ Synthetic leather

Explore its performance

Drive the Renault Koleos and experience its all-terrain ALL MODE 4x4-i technology, the 2.0 dCi 175 engine, the Auto X-Tronic gearbox and its numerous driver assistance technologies. It's the kind of performance that will always take you further, be it on an urban adventure or off the beaten track.

Complete performance

Renault capitalises on know-how forged in competition for the engines in Renault Koleos.

dCi 175

The power of pleasure

The diesel dCi 175 engine, which generates an impressive 380 N.m torque from 2000 revolutions/minute, delivers even more powerful acceleration for unequalled performance and driving pleasure.

Auto X-Tronic

The X-Tronic automatic continuously variable transmission offers fluid, responsive driving without without delay. X-Tronic adjusts continuously whilst maintaining optimal engine speed and can also simulate gear shifts, producing even more powerful acceleration.

ALL MODE 4x4-i:

The four-wheel-drive versions of the Renault Koleos come equipped with the ALL MODE 4x4-i technology. Select your driving mode – AUTO, LOCK or 2WD – to ensure you have the appropriate traction for the terrain ahead.

Rise to every challenge

Behind its chic urban styling, Renault Koleos has the DNA of a true 4X4. Experience each day as a new adventure and go off the beaten track with ALL MODE 4x4-i technology[†]. Simply press the button located next to the steering wheel to change from 2WD to LOCK mode and benefit from permanent traction to help deal with every situation. Push the boundaries!

Freedom of movement

To open the boot, either use your remote key card or the powered automatic tailgate* by placing your foot underneath the rear bumper. Sensors underneath the car will detect your foot and engage the powered automatic tailgate*, revealing 579 litres of luggage space in seconds.

The 'quick-folding' rear seats fold down easily to create one colossal luggage area. Even better, it's storage that's easily accessible with a low loading sill that makes it easier to pack cumbersome items inside. Even a rear boot cover hides your load and rear privacy glass protects it from prying eyes.

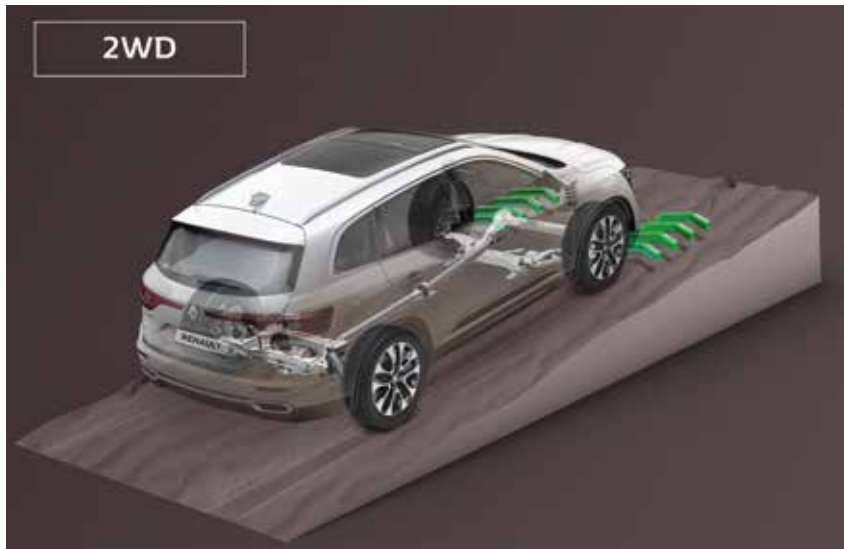

* Standard from GT Line

Maximum versatility

The leather† wrapped grab handles for both driver and front passenger aren't there for show. With its high ground clearance and off road ability, Renault Koleos is a genuine 4WD vehicle. Renault Koleos offers a range of driving options so you can confidently traverse a variety of surfaces and driving conditions. Introducing Renault ALL MODE 4x4-i Technology. With the push of a button, you can switch between three different driving modes to suit the conditions you're driving in.

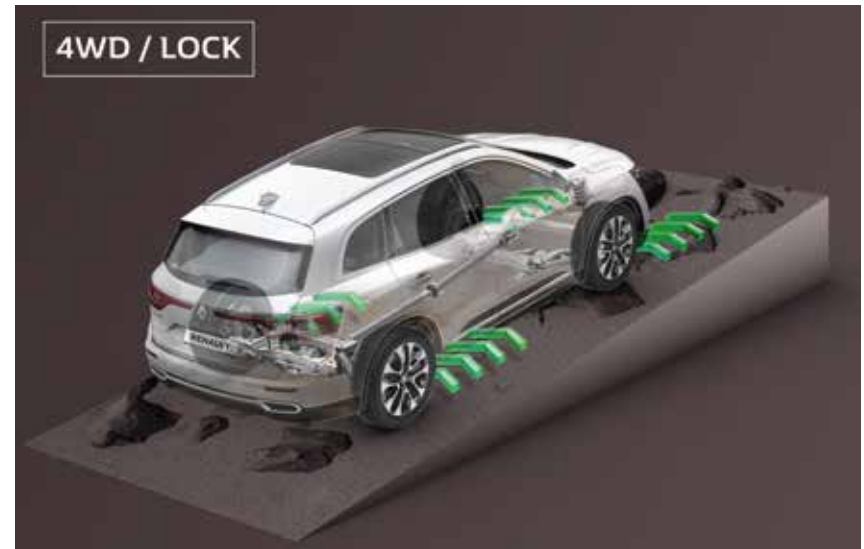

2WD mode

In this mode, only the front wheels will power the vehicle. It's designed for driving on sealed roads, manoeuvring through city traffic or cruising down a motorway. This mode delivers maximum fuel efficiency in safe driving conditions.

Auto mode

Use this mode when conditions are wet, slippery or the road surface is unsealed. Sensors will distribute torque between the front and rear wheels to match road conditions, reducing the chance of wheel spin. In tight cornering or braking situations, this mode will deliver optimum torque to the rear wheels.

4WD/Lock mode

Lock Renault Koleos in 4WD when driving on unsealed roads, slippery roads, snowy roads, off road or steep hills.

Front and rear wheel torque distribution is fixed, ensuring permanent transmission between the four wheels to maximise the vehicles clearance capability and stability. When LOCK mode is selected, Renault Koleos will switch automatically to AUTO mode when your speed increases above 25 mph.

Driver assistance

Renault engineers have long studied and re-imagined different driving situations to develop new technologies and systems to assist the driver. And not just in case of an emergency. They can help prevent emergencies from happening in the first place.

Hill Start Assist

When starting the vehicle on a slope, brake pressure is automatically maintained for two seconds, giving you time to move away.

Front and rear parking sensors with rear parking camera

Renault Koleos has you covered from all directions with sensors that give you an audible warning when moving or static objects are too close, as well as visual guidelines displayed on the touchscreen let you know exactly how close you are to an obstacle.

Automatic high and low beam

The Pure Vision LED headlights[^] will automatically switch from main to dipped beams when your Renault Koleos enters a built-up area or approaches another vehicle from the front or behind. Cornering foglights automatically switch on when turning corners at low speeds.

Blind spot warning system

The Renault Koleos detects vehicles entering your blind spot. An indicator light located on each wing mirror will warn you of potential hazards.

[^] Standard on GT Line

Safety

Driving safety is a cornerstone of Renault's corporate culture and builds on 50 years of research and development into accident protection and prevention.

Active Emergency Braking

If you have to brake in an emergency, this system complements the ABS and ESC to reduce stopping distances and collision risks. If a vehicle suddenly stops in front of you, a forward collision warning light and tone alerts you. Simultaneously, the vehicle is actively preparing for emergency braking by bringing the brake pads and discs closer together for maximum braking power in the minimum response time. If you don't react and step on the brakes, the car will activate braking for you.

Emergency braking lights

In the case of heavy braking, the Renault KOLEOS activates its hazard lights to warn other vehicles around you.

Adaptive airbags

Renault KOLEOS protects occupants with multi-stage, variable force deployment airbags. This variable deployment is determined by the severity of the accident and proximity of the driver and front passenger to the dash or steering wheel. Renault KOLEOS also features lateral pelvis and chest level airbags for front occupants, and curtain airbags for the entire cabin.

Automatic locking

When driving[^], or leaving the car, Renault KOLEOS will automatically engage the door locks, never leaving you exposed.

Standard features

ICONIC

Synthetic leather and cloth upholstery

19" GALIKI

SAFETY AND SECURITY

- ABS and Emergency Brake Assist
- Airbags – driver and front passenger
- Airbag – front passenger deactivation facility
- Airbags curtain front and rear
- Tyre pressure monitor
- Inflation kit
- Cruise Control and Speed Limiter
- Lane Departure Warning
- AEBS – Active Emergency Braking System
- ESP
- Hill Start Assist
- Over-speed Prevention with Traffic Sign Recognition
- Automatic headlights and wipers
- Blind spot warning
- Auto-dimming rear-view mirror
- Rear parking camera with front and rear sensors

EXTERIOR

- GALIKI 19" Alloys
- Halogen Headlights
- Longitudinal roof bars
- Door mirrors – Electrically adjustable heated and folding
- Extra tinted windows

INTERIOR

- Black synthetic leather and cloth upholstery
- Heated/cooled cup holders
- "Quick-folding" rear seats
- Ambient lighting
- 2 USB + 1 AUX front and rear
- Heated rear window

COMFORT AND CONVENIENCE

- Seats – rear 60:40 split folding
- Automatic Dual Zone Climate Control
- Digital Speedometer (7" TFT screen)
- Front and Rear electric windows
- Rear central armrest with cup holders
- Hands free keycard

CONNECTIVITY AND SOUND SYSTEM

- Compatible with Apple CarPlay™ & Android Auto™ ^
- R-Link 2 multimedia system: 7" touchscreen, TomTom® LIVE services with Western European mapping, FM/AM/DAB tuner, Bluetooth®* audio streaming and hands free calls, USB and AUX sockets, voice control, vehicle applications
- Arkamys sound system 4x35W DAB Radio with Bluetooth®* and USB connection

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html> ^ Compatibility: An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of The Highway Code. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle

KOLEOS

RENAULT

Renault Services

3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 60,000). Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years.

For Warranty Terms and Conditions please visit www.renault.co.uk/warranty

3 Years Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration. Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Assistance applies to mechanical or electrical defects which are covered by warranty.

For Renault Assistance Terms and Conditions please visit www.renault.co.uk/assistance

EasyLife Pack - £299*

Renault's EasyLife Pack is the ultimate package to provide care free servicing for the first 3 years or 30,000 miles (which ever is sooner). It really is the hassle free way to take care of our Renault and benefits from;

- Inflation Proof Servicing - You know exactly what you'll pay and there are no hidden costs
- Peace of Mind - No matter where life takes you, we'll be there in over 5000 workshops across Europe
- Renault Expertise & Quality - Our highly trained technicians know your Renault inside out

The EasyLife Pack contains Renault services in-line with the manufacturer's service schedule, plus comes with a complimentary vehicle health check to ensure your Renault is in the best condition possible.

Finance options**

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault car insurance option¹

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance comes with a 5 Star Defaqto⁴ rating and has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault approved parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Renault car insurance:

0330 102 8833[†]

www.renaultcarinsurance.co.uk

Lines are open Monday - Thursday 8.30am - 7.30pm, Friday 9am - 6pm, Saturday 9am - 5pm.

Renault iCare

Is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package. Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
 - Tyres can be included within the contract at an additional fixed cost
