

RENAULT LATITUDE

DRIVE THE CHANGE

FOR OVER A HUNDRED YEARS RENAULT HAS BEEN DRIVEN BY AN URGE TO DO THINGS DIFFERENTLY.

WITH THIS PASSION FOR PROGRESS, WE HAVE CREATED A WHOLE NEW APPROACH TO MOTORING FOR WHATEVER ROAD YOU WANT TO TRAVEL.

MILESTONES

1898

First Renault, **Type A** was built. Featured an innovative direct-drive gearbox which was more reliable and less dangerous than chain belts used at that time.

1899

Less than a year after Louis Renault launched his first car, he won his first race – from Paris to Trouville.

1902

Marcel Renault wins the Paris-Vienna road race; the race of races; in the **K-type** voiturette.

1906

Renault invented the compressed air starter and made it available on company models. Automobile Club de France Renault **Type AK** won the first ACF Grand Prix, the predecessor of today's F1 races.

1926

The **40 CV** breaks the world 24-hour record: 4,167 km at an average speed of 173.6 km/h!

1956

A world speed record for the **Etoile Filante**; 308.9 km/h on the Great Salt Lake in the USA. The record still stands today!

1964

Renault 8 Wheels
“Car of the Year”.

1965

Renault launched the world's first front-wheel drive hatchback – The **Renault 16** voted European “Car of the Year”.

1970

Produced in Australia from 1970-1980, **Renault 12** was voted Wheels “Car of the Year”.

1972

The first “urban” vehicle, **Renault 5** was an immediate success with its sleek modern design. Best-seller in France and all over Europe.

1973

Renault Alpine won the first World Rally Championships.

1977

Renault made its debut in the Formula 1 World Championship.

1979

Renault claims its first F1 victory at the Dijon Grand Prix.

1982

Renault 9 voted “Car of the Year” in France.

1983

Renault Fuego was the first car in the world to have a remote keyless entry system with central locking.

1984

Renault Espace birth of the world's first mini multi-purpose vehicle (MPV).

1990

Clio voted European “Car of the Year”.

1992 - 1996

The Williams-Renault team win five consecutive F1 Championships.

2001

Laguna the first car to be awarded 5-Star safety rating by EuroNCAP.

Renault Scénic first mini MPV launched in Australia.

2002

Laguna voted “Australia’s best luxury car under \$57,000”.
Clio voted “Australia’s best small car”.

2005 - 2006

Renault claims the constructors' and drivers' titles in the Formula 1 World Championship.

2008

Koleos awarded “Best 4WD under \$40,000” in Drive Car of the Year Awards.

2009

Renault Sport awarded the Top Gear (UK) “Manufacturer of the Year”.

2010

DeZir EV Concept illustrates Renault's new design language. Powered by an electric motor, DeZir is proof that environmental concern and a love for cars are by no means incompatible.

Mégane Renault Sport 250 - voted TopGear Australia magazine's 2010 “Car of the Year”.

2011

Captur Concept continues the rebirth of Renault design.

**RENAULT LATITUDE
BIG ON THE OUTSIDE,
UNEXPECTEDLY HUGE ON
THE INSIDE.**

**RENAULT LATITUDE –
BECAUSE TO US LUXURY
COMES AS STANDARD.**

IMMEASURABLE SPACE

BIG ON THE OUTSIDE.

When you drive a Renault Latitude, you travel business class. Inside and out, Renault has stopped at nothing to give you a luxurious experience. A distinguished front end with fluid, elegant lines symbolises the full power of the engine. The rear LED lamps give a sneak preview of the advanced technology awaiting the driver and passengers on their spacious journey. The inside is more than a car interior, it is a proper business lounge where the finest materials meet the highest level of innovation for exceptional comfort.

ENDLESSLY APPRECIATED
HUGE ON THE INSIDE.

TRUE LUXURY SHOULD APPEAL TO ALL SENSES

AN INTERNAL SOURCE OF WELL-BEING.

TAKECARE BY RENAULT.

When you drive a Renault Latitude, every moment you spend in your car is me-time; time to recharge and forget the stress of daily life. It offers you a complete sense of well-being, with a driver's seat that has multiple settings for optimal comfort. Thanks to its pneumatic air-cushion system, it will massage your back in the mode and intensity of your choice. Latitude also offers an innovative system of air quality management. Its toxicity sensor prevents polluted air from entering the passenger compartment, while

its combined pollen and active carbon filter removes these particles from the air. The system also includes a Samsung Super Plasma® bi-mode ioniser, which ensures clean and calming air, as well as a fragrance diffuser for a subtle ambience. Finally, the tri-zone air-conditioning gives each passenger personalised thermal comfort while the retractable panoramic sunroof conveys a cabriolet-like feeling that lets you enjoy the sky above to the fullest.

Overseas Model Shown

INNOVATION AT THE SERVICE OF COMFORT

TOP RANGE EQUIPMENT.

When innovation is intelligent, driving becomes simpler. That's why Renault Latitude comes equipped with an integrated satellite navigation system, a solution as efficient as it is easy to use. The hands-free card lets you open and close the doors and start the engine whilst having the key in your pocket. Bluetooth® technology allows you to make calls in perfect safety, and for easy manoeuvring, the reverse parking camera displays obstacles on a colour screen while the parking brake activates automatically when the engine is turned off. The Renault Latitude technology also provides you with a larger-than-life Bose® audio system.

1

1. REAR VIEW CAMERA

The rear view camera provides extra safety and visibility when reversing. The camera activates when the car is engaged in reverse gear and enables you to see things that you might not normally see when using a rear view mirror.

2A

2A. INTEGRATED SATELLITE NAVIGATION SYSTEM

A fully integrated Satellite Navigation system, Radio/ MP3 CD (with auxiliary & USB input) and Bluetooth® handsfree system featuring voice guidance, 2D/3D mapping and dynamic intersection views displayed on an ultra-fast 5.8" full colour screen.

2B

2B. INTEGRATED CONTROL STICK IN CENTRE CONSOLE

Safe and convenient fingertip control using the console joystick.

3

3. COMBIMETER WITH TFT (THIN FILM TRANSISTOR) SCREEN

Latitudes' dash features a purpose-designed Thin Film Transistor (TFT) screen combination meter. The dashboard's unique TFT combination meter includes a display that measures your fuel economy as you drive giving you relevant feedback on your driving performance and average fuel consumption.

4

4. HANDS-FREE RENAULT CARD

It will never leave your pocket again! All you have to do is press the "start" button on the dashboard and you are off. When you get out of the car, the doors lock automatically.

5

5. MULTIMEDIA CONNECTION BOX

Hook up your digital music player via the USB/iPod® socket and control the system using the buttons behind the steering wheel.

6

6. ELECTRIC PANORAMIC GLASS SUNROOF

Two panels in anti-UV glass, one with a choice of four positions and the other fixed, provide excellent light inside the vehicle.

7

7. FRONT AND REAR PARKING SENSORS

To make parking easier, the parking distance control system alerts you to obstacles in front or behind with a series of increasingly rapid beeps.

SAFETY

1

1. ELECTROCHROME REAR VIEW MIRROR

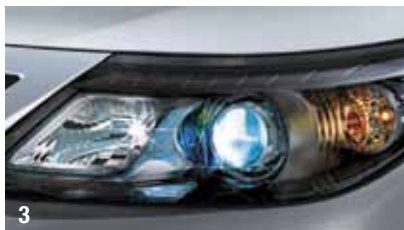

The mirror automatically grows darker at night to avoid glare from the headlights of the car behind.

2

2. ELECTRONIC STABILITY PROGRAMME (ESP)

Coupled with Anti-Slip Regulation (ASR) and understeer control logic (UCL), ESP steering control ensures the stability of your vehicle when swerving to avoid an obstacle or in poor grip conditions.

3

3. XENON DIRECTIONAL HEADLIGHTS

They offer deep-penetrating and comfortable light close to that of daylight, ensuring safety and comfort. They match the curve of the road perfectly, thus optimising anticipation and control.

4

4. FOGLIGHTS

They improve your visibility in the event of fog.

5

5. FRONT HEADRESTS

Height and tilt adjustable, they help reduce the risks of whiplash type injuries.

6

6. AIRBAGS

Latitude reinforces your passive safety with a full set of airbags: two adaptive frontal airbags, two side thorax-pelvis airbags in front and two head curtain airbags.

7

7. CRUISE CONTROL/SPEED LIMITER

The cruise control-speed limiter lets you set a cruising speed or a maximum speed.

A control button on the steering wheel allows you to adjust the chosen speed.

8

8. TYRE PRESSURE MONITORING SYSTEM

Constantly monitors tyre pressures to ensure optimum grip, fuel economy and tyre life.

QUALITY INTERIOR
