ENGINES WITH OIL CONTROL SYSTEM (OCS)

- PETROL 1.2 TCe 100 & 115, 1.4 TCe 130, 2.0 TCe 180, 1.6 VWT 133, Renaultsport 133 & 250/265

- All DIESEL engines

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your engine from excessive wear and possible bearing failure. Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to Driver's Handbook for details).

WHY RENAULT? WE'RE DRIVEN BY A PASSION TO MEET AND EXCEED PEOPLE'S NEEDS, AND THAT'S WHAT DRIVES THE INDUSTRY FORWARD. IT'S BEEN THAT WAY WITH US FOR OVER A HUNDRED YEARS. BUT IN TODAY'S RAPIDLY-CHANGING ENVIRONMENT, IT'S MORE IMPORTANT THAN EVER THAT WE SOURCE NEW SOLUTIONS THAT WILL SAFEGUARD ALL OUR FUTURES.

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

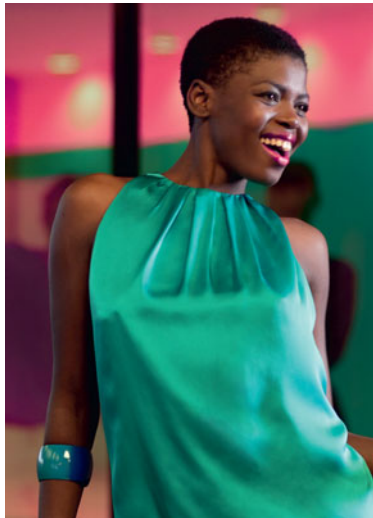

At Renault we are working to create more affordable cars, with radically lower CO₂ emissions. For the widest possible audience. Today that's our collection of 'eco²' models. eco² indicates that the vehicle produces CO₂ emissions lower than 120 g/km, it includes at least 7% recycled plastic in its plastic mass, and has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy). In addition, eco² means that our factories are ISO 14001 certified.

Starting this year there will be a groundbreaking range of electric vehicles, from a nippy town car to a comfortable family saloon and a small van. They will be affordable to run – you will be able to drive up to 100 miles using a battery that costs typically £3 to charge, and a lot less using cheaper tariffs. And parking and congestion charges should all be lower too.

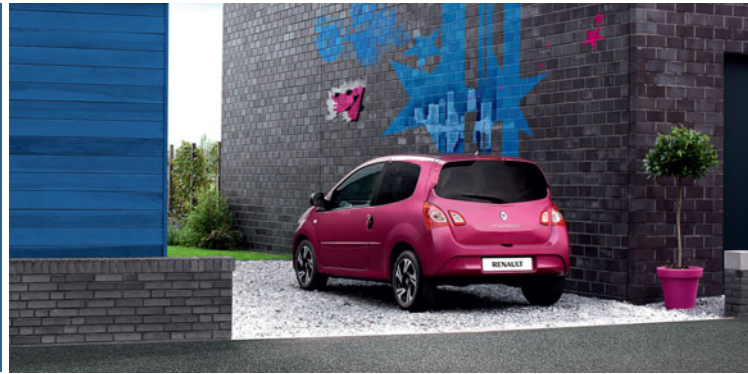

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

RENAULT. DRIVE THE CHANGE.

TAKES A NEW
TWINGO
TWIST.**

**TWINGO.
CAPITAL CITY OF
BRIGHTLAND.**

**HERE
COMES COLOUR!**

**IN TOWN,

IT'S A REAL CHARACTER

VIBRANT, UNDERSTANDING...TOTALLY PASSIONATE.

With its cheeky, knowing looks and brimful of personality, the new Renault Twingo radiates an infectious *joie de vivre*. Take in that dramatic front end... the round fog lights set high on the grille... seductive rounded lines, and a huge range of shades... new Twingo raises the bar to a life full of colour.

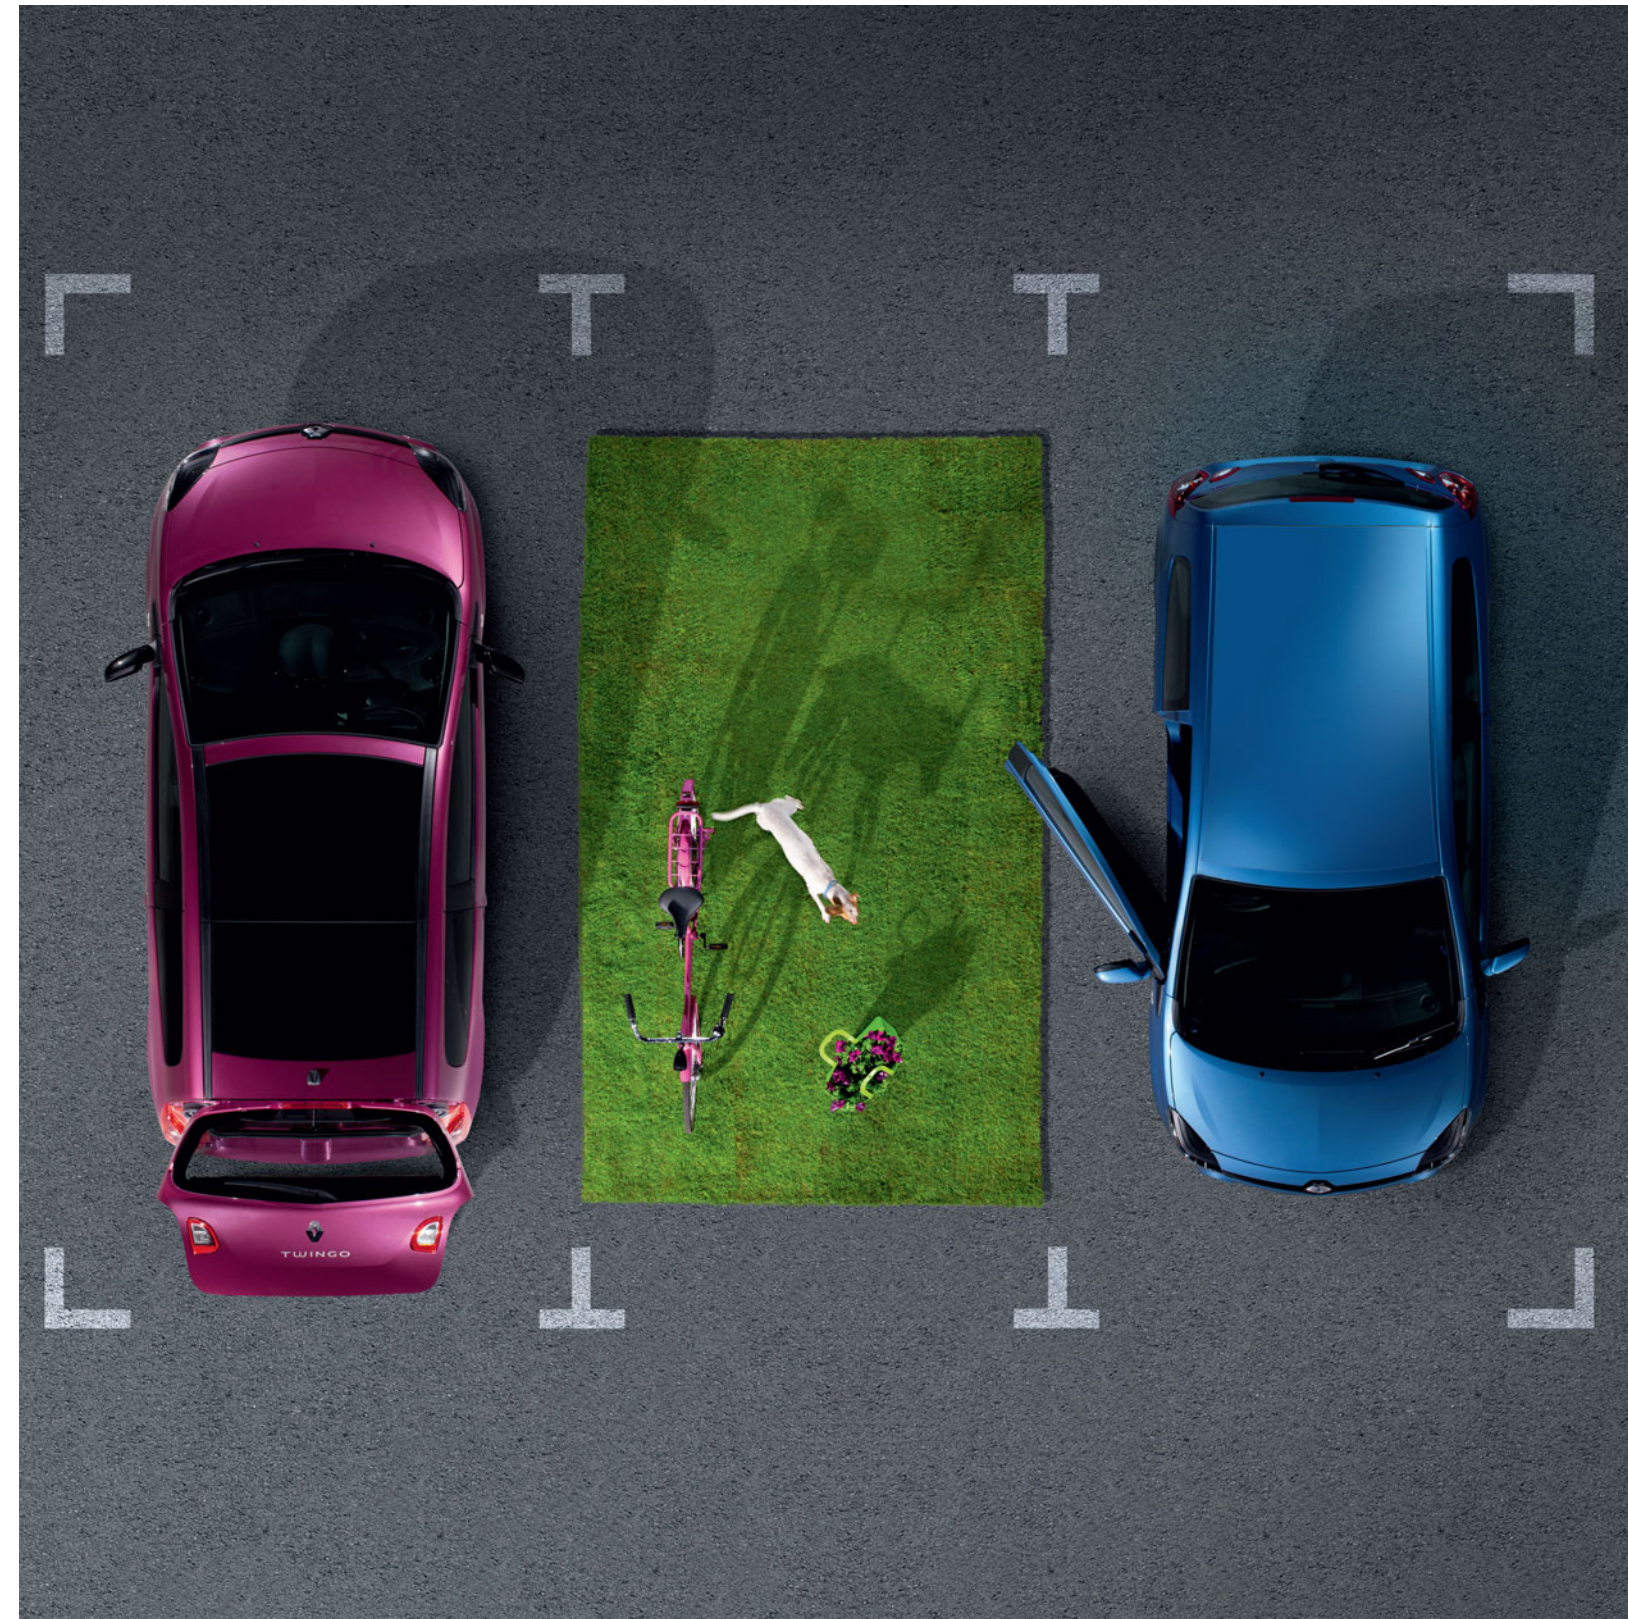

COMPLETELY YOURS

CREATE A TWINGO THAT'S YOURS TO A 'T'.

Fetchingly feminine or spot-on sporting? It's your call with the new Twingo. Get carried away with more customisable options than ever – like a collection of 15 special roof and side decal graphics and a range of painted alloy wheels. You can personalise down to the last little detail, mixing and matching colours of wing mirrors and side strips, choosing contrasting or complementary, as the mood takes you. Want to open up real inner happiness? Go for panoramic electric sunroofs in glass or fabric. Above all, let yourself go – because it's just got to be your Twingo.

GENEROSITY

NEW TWINGO, YOU'RE WELCOME.

Four seats and luggage too? Too right. But that's not all. Compact it may be on the outside, but inside, Renault Twingo is the very model of modular layouts. Independent sliding rear seats let you adjust interior space with impeccable ease. Easy to live with, new Twingo comfortably takes two adults in the back. And as for the boot – it can go from 230 to 959 m³ in an instant. Add in carefully designed storage spaces to go with this generous capacity, and you're ready to run, anywhere. Practical and oh-so-smart, Twingo cleverly adapts to suit your needs, your ambitions, and whatever you want from your life.

SO WELL-BEHAVED
FOR CITY, READ PLAYGROUND.

City living's so much more pleasure than pain in a Twingo. Lively, responsive and agile, it simply slips through the streets. Thanks to its tight turning circle and compact size, parking's never been easier (once you find a space!). Streetwise? Naturally. That's why it's best in class for security and safety, too. So, you have peace of mind on the journey, with standard features like front and side airbags, cruise control for the longer run, and speed limiter for your town journeys. Which is how new Twingo manages to give you not only the freedom of the city, but the open road as well.

ALWAYS ON TRACK
THE ROAD AHEAD? IT'S LIKE HOME GROUND.

Stimulating, economical and eco-friendly, new Renault Twingo is full of a life lived in safe surroundings, cleverly combining energy with versatility, comfort with performance. The 1.2 16V engine offers excellent performance and economy, and is exempt from Vehicle Exise Duty in the first year (£30 a year from year two) - a great reason for looking forward and going out to explore new adventures on the road.
