DRIVE THE CHANGE

LIFE TAKES A NEW TWINGO TWIST

With its cheeky, knowing looks and brimful of personality, the Renault Twingo radiates an infectious joie de vivre. Take in that dramatic front end... the round fog lights set high on the grille... seductive rounded lines, and a huge range of shades... Twingo raises the bar to a life full of colour.

Fetchingly feminine or spot-on sporting? It's your call with the Twingo. Get carried away with more customisable options than ever – like a collection of 15 special roof and side decal graphics and a range of painted alloy wheels. You can personalise down to the last little detail, mixing and matching colours of wing mirrors and side strips, choosing contrasting or complementary, as the mood takes you. Want to open up real inner happiness? Go for panoramic electric sunroofs in glass or fabric. Above all, let yourself go – because it's just got to be your Twingo.

Four seats and luggage too? Too right. But that's not all. Compact it may be on the outside, but inside, Renault Twingo is the very model of modular layouts. Independent sliding rear seats let you adjust interior space with impeccable ease. Easy to live with, Twingo comfortably takes two adults in the back. And as for the boot – it can go from 230 to 959 litres in an instant. Add in carefully designed storage spaces to go with this generous capacity, and you're ready to run, anywhere. Practical and oh-so-smart, Twingo cleverly adapts to suit your needs, your ambitions, and whatever you want from your life.

(1) Tyres 175/65 R14 (2) Tyres 185/55 R15 *Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk.
