TOYOTA

AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY.

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

YOUR BIG LIFE DESERVES A CAR TO MATCH

DESIGNED FOR LIFE ON THE GO.

For the driver who's constantly moving from one place to the next, you'll be amazed at how well the 2019 Yaris Sedan keeps up with your ever-changing everyday. That starts with the way this striking modern vehicle was designed to fit your lifestyle, with 4 doors and a sporty exterior that features sculpted, angular lines. Inside you'll find thoughtful touches and convenient tech that allows you to stay connected to the car, road, and the people and places that matter to you most. So no matter what your next destination is, Yaris Sedan can keep you one step ahead.

SERIOUS ABOUT STYLE AND FUN

READY TO RAISE A FEW EYEBROWS.

The 2019 Yaris Sedan cranks up the style with its streamlined silhouette and athletic new race-inspired honeycomb-style grille. The available integrated fog lights perfectly accentuate the aggressive front end while adding extra visibility when conditions become less than ideal. Upgrades on the XLE help you stay in tune with your sporty side with standard features like a rear spoiler, new distinctive 16" dark gunmetal finish alloy wheels, and XLE badging.

FITS IN WHEREVER YOU GO

A SMART INTERIOR THAT INSPIRES BIG IDEAS.

Getting from A to B is important, but with the 2019 Yaris Sedan, our focus was on everywhere in between. Whether you're chasing passions, connecting with friends in comfort, or making room for everything life requires, Yaris Sedan is the vehicle that gives you the freedom to get around the way you want. And because it's designed with urban roads in mind, the drive isn't only convenient – it's also fun. With smart tech that comes standard, such as Push Button Start, Backup Camera, 7" touch-screen multimedia system, and steering wheel mounted audio and Bluetooth® controls, Yaris Sedan brings plenty of amenities along for every ride.

THE PERFECT CHOICE FOR FREE SPIRITS

FUN TIMES WITH FEWER FILL-UPS.

Yaris delivers the right combination of efficiency and fun. With a direct-injection 1.5-litre engine, paired with the available 6-speed automatic transmission, Yaris produces a combined city/highway rating of 6.6 L/100km,¹ while the 6-speed manual transmission delivers a rating of 6.8 L/100km.¹ Find excitement around every corner thanks to a lightweight body and MacPherson strut front suspension and torsion beam rear suspension that are finely tuned to deliver a smooth ride and agile handling.

SAFETY INSIDE AND OUT

CONFIDENCE COMES STANDARD.

Yaris Sedan offers an array of active and passive safety technology designed to give you peace of mind and reassurance with every drive. It comes standard with 6 airbags, Heated Power Side Mirrors with LED Turn Signals, Dynamic Stability Control, Traction Control, Anti-Lock Brake System, Electronic Brake-force Distribution, Brake Assist, and Brake Override System. No matter where you go in the 2019 Yaris Sedan, safety goes with you.

LOW-SPEED PRE-COLLISION SYSTEM²

The Low-Speed Pre-Collision System is designed to detect certain objects on the road ahead of you and can, under certain conditions, apply the brakes to help avoid a collision.

RAIN-SENSING WIPERS

The available rain-sensing wipers use sensors to detect when it's raining and the amount of rainfall, then adjusts the wiper interval and speed automatically so that you can concentrate on the road, not the windshield.

DISCLAIMERS

(1) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (2) Low-Speed Pre-Collision System operates at speeds between about 4 to 30 km/h. It is intended to assist the driver, but it is the driver's responsibility to be aware of the vehicle's surroundings. The system cannot prevent all collisions, and performance is dependent upon road, weather and vehicle conditions.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.
