

2020 Mirai

LIFESTYLE

# Power to start something bigger.

At Toyota, we remain steadfast in our commitment to providing better mobility for all. Powered by hydrogen, the 2020 Toyota Mirai Fuel Cell Electric Vehicle (FCEV) only emits water. It refuels in about five minutes.<sup>44</sup> Mirai also comes packed with the advanced tech you want. Plus, its forward-thinking design ensures it looks like nothing else on the road. This is the next generation of mobility, available right now.

Mirai shown in Nautical Blue Metallic. Prototype shown.

—  
“When good ideas are shared,  
great things can happen.”  
—

# Buying into clean energy doesn't mean buying into the unknown.

As with Prius, we proved that alternative-fuel vehicles can be mainstream as well as fashionable. Now we're doing the same with Mirai. Toyota engineers have spent decades developing Mirai's fuel cell powertrain to deliver the quality, reliability and dependability expected from Toyota. This means that Mirai operates just like a regular passenger car, while creating zero emissions. Since its hydrogen fuel can be created from renewable resources like solar, wind and biowaste, Mirai is helping to usher in a new era powered by clean energy.

Learn More at: [Toyota.com/Mirai/Safety](https://toyota.com/mirai/safety)

## FIRST COMES AIR

The FCEV's front intake grilles deliver the outside air to the fuel cell system.

## WHICH MAKES ELECTRICITY

Hydrogen travels from the tanks to the fuel cell system. In the fuel cell system, hydrogen and oxygen from the air combine in a chemical reaction that creates electricity to power the vehicle.

## MOVING YOU FORWARD

When you put your foot on the accelerator, electricity from the fuel cell system is sent to the motor.

## LEAVING NOTHING BUT WATER

In the end, the only by-product of creating electricity with hydrogen and oxygen in our fuel cell system is water, which leaves through a hatch located on the bottom of Mirai.

DESIGN

“If the name of your car means ‘the future’...  
it better look futuristic.”

— Satoshi Ogiso, Former Managing Officer,  
Toyota Motor Corporation

Mirai shown in Nautical Blue Metallic. Prototype shown.

# Advanced design. One powerful statement.

Mirai means “future” in Japanese, so we made sure it lives up to its name. Multi-LED lighting in the front and rear accent the highly aerodynamic shape. Color-keyed front bumpers feature black inserts for a touch of sportiness, with the chrome garnish bringing just the right amount of sophistication. As if its forward-thinking shape didn’t give things away, exclusive FUEL CELL badging reminds others that this sedan is like no other.

See more at: [Toyota.com/Mirai/Gallery](https://toyota.com/mirai/gallery)

#### LED HEADLIGHTS

Efficiency can be seen throughout Mirai, including the lighting. Multi-LED headlights help enhance driving comfort at night while requiring very little power. Standard Automatic High Beams (AHB)<sup>30</sup> enhance driving comfort at night, too.

#### STANDARD ALLOY WHEELS

Designed exclusively for Mirai, standard 17-in. engraved alloy wheels bring the perfect amount of sophistication and style.

EXTERIOR STYLING

#### AN AERODYNAMIC SHAPE

Mirai's sleek lines do more than just look good; they help give it an ultra-low coefficient of drag. This means that Mirai's shape helps it slip through the air for a quieter ride and increased efficiency.

Mirai shown in Nautical Blue Metallic. Prototype shown.

# Innovation at every corner.

Oftentimes it's the thoughtful touches that make the biggest difference. That's why Mirai comes standard with a host of high-tech features designed to bring more convenience to every drive. The integrated backup camera<sup>20</sup> includes a projected path feature, making it easier to back into those tight spots. A heated steering wheel and windshield wiper de-icer help bring warmth when things get chilly. And the frameless auto-dimming rearview mirror includes a HomeLink<sup>®24</sup> universal transceiver for easier access to your compatible gates, garages and more.

## WIDE-ANGLE FOG LIGHTS

One of Mirai's most striking visual elements is vertically integrated, wide-angle LED fog lights. With their wide beam of light, these color-calibrated fog lights help provide an exceptionally clear view of the road at night.

## HEATED OUTSIDE MIRRORS

The simple push of a button warms up Mirai's outside power mirrors, helping to clear moisture and fog. These mirrors also include a power-folding feature to help minimize this FCEV's footprint when parked.

## INTELLIGENT CLEARANCE SONAR<sup>42</sup> WITH REAR CROSS-TRAFFIC BRAKING<sup>56</sup>

Available Intelligent Clearance Sonar (ICS) warns you both audibly and visually when it detects nearby pedestrians or vehicles. Under certain low-speed conditions, Rear Cross-Traffic Braking (RCTB) is designed to reduce engine power and apply the brakes if necessary.

## TOUCH-SENSOR DOORS

With the Smart Key<sup>23</sup> fob in your pocket or bag, you can lock and unlock the doors of Mirai using only your touch.

INTERIOR

Mirai interior shown in Deep Ocean Blue. Prototype shown.

# It's impressive on the inside, too.

Mirai's cabin is as refined as it is advanced. Acoustically treated glass helps keep outside noises outside, allowing occupants to glide in comfort as they relax in the standard, heated SofTex®-trimmed<sup>22</sup> seats. Carbon-fiber-style interior accents perfectly complement the futuristic interior design. The premium JBL®<sup>3</sup> audio system is tuned specifically to Mirai for rich, full sound performance. Multiple charging points, including one 12V rear auxiliary power outlet, two rear USB 2.1A charging ports<sup>5</sup> and one USB media port<sup>5</sup> help to ensure that everyone's mobile tech can stay powered through the day.

View more at: [Toyota.com/Mirai/InteriorTour](https://Toyota.com/Mirai/InteriorTour)

## INTELLIGENT TOUCH CONTROLS

Tech that's as intuitive as it is beautiful. Mirai's Intelligent Touch controls feature a sleek design and a low, minimalist profile, allowing the driver to fine-tune the audio and climate control systems.

## PREMIUM AUDIO WITH JBL® w/CLARI-Fi<sup>3</sup> AND DYNAMIC NAVIGATION<sup>4</sup>

Connectivity just got better. Mirai's standard multimedia system includes a host of great new features like a 4G LTE hotspot via Wi-Fi Connect Powered by Verizon<sup>16</sup> and Dynamic Navigation. Its intelligent map can help direct you to the closest hydrogen filling station.<sup>48</sup>

## Qi-COMPATIBLE WIRELESS CHARGING<sup>25</sup>

Mirai features standard Qi-compatible wireless smartphone charging. Just place your Qi-compatible smartphone onto the nonslip surface in the integrated eBin®, and charge up wirelessly.

EXTERIOR

Mirai shown in Nautical Blue Metallic. Prototype shown.

# Taking an active role in safety.

Mirai's suite of active safety technologies helps you keep a watchful eye on the road ahead — and behind you, too. It has an advanced array of sensors and cameras that are designed to help you look out for traffic and alert you, so you can stay focused on your drive. Smart safety innovations were created for the fuel cell system, too.<sup>47</sup> In the event of a collision, for example, special sensors are designed to deactivate Mirai's high-voltage battery and close the H<sub>2</sub> tank valves.

## BLIND SPOT MONITOR<sup>2</sup> WITH REAR CROSS-TRAFFIC ALERT<sup>41</sup>

When the Blind Spot Monitor (BSM) detects a vehicle, it illuminates a warning indicator on the appropriate sideview mirror to let you know it's not safe to change lanes. And when backing out of a driveway or parking spot, Rear Cross-Traffic Alert (RCTA) is designed to provide audible and visual indicators to warn of approaching vehicles.

# Designed for safety.

Toyota Safety Sense™ 2.0 (TSS 2.0)<sup>27</sup> is a bundle of active safety features standard on every 2020 Mirai. These innovative features were designed to help protect you and your passengers from harm.

## PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION<sup>28</sup>

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle, pedestrian or bicyclist in certain situations. The latest system has enhanced low-light capabilities for pedestrian detection. By combining millimeter-wave radar with a camera capable of certain shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don't react, the system is designed for automatic braking support to help mitigate the potential for a collision.

See numbered footnotes in Disclosures section.

## LANE DEPARTURE ALERT WITH STEERING ASSIST<sup>21</sup> AND ROAD EDGE DETECTION

Using Road Edge Detection or by detecting visible lane markings, Lane Departure Alert with Steering Assist (LDA w/SA) is designed to issue both an audible alert and visual warning on the MID screen if an inadvertent lane departure is detected at speeds above 32 mph. If the system determines that the driver is not taking corrective steering action, the Steering Assist function is designed to initiate and provide gentle corrective steering to help keep the vehicle in the lane.

## AUTOMATIC HIGH BEAMS<sup>30</sup>

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

**DYNAMIC RADAR CRUISE CONTROL<sup>31</sup>**

Intended for highway use and similar to “constant speed” cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC is designed to function at speeds of 25-110 mph and uses vehicle-to-vehicle distance control, which is designed to adjust your speed, to help you maintain a preset distance from the vehicle ahead of you that is driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC is designed to automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied. When there’s no longer a vehicle driving slower than your set speed in front of you, DRCC will then accelerate to the preset speed and regular cruise control will resume.

See numbered footnotes in Disclosures section.

**ROAD SIGN ASSIST<sup>32</sup>**

Road Sign Assist (RSA) is designed to help keep the road safe. Using a forward-facing intelligent camera, Road Sign Assist is designed to detect speed limit signs, stop signs, yield signs and Do Not Enter signs, and display them on the MID.

EXTERIOR

Mirai shown in Nautical Blue Metallic. Prototype shown.

# Proven peace of mind.

Over the years, Mirai prototypes have been meticulously evaluated — including rigorous in-house crash testing and more than 10,000 miles of extreme climate testing — helping to ensure the same world-class safety you'll find in any Toyota vehicle. The cabin is equipped with a driver and front passenger Advanced Airbag System,<sup>36</sup> front seat-mounted side airbags for the driver and front passenger, front and rear side curtain airbags, plus driver knee and front passenger seat-cushion airbags. They're all part of a system designed to help keep you safe.

## BODY STRUCTURE AND DESIGN

Mirai features a unique frame designed to distribute crash forces efficiently. In the event of a collision, the impact force is distributed around the passenger cabin and the Toyota fuel cell system and hydrogen tanks, reducing body deformation and helping to reduce the chance of injury. The collapsible steering column also helps protect the driver by absorbing force during impact.

## SAFETY CONNECT<sup>®14</sup>

With available Safety Connect,<sup>®</sup> emergency assistance is within your reach. Safety Connect<sup>®</sup> offers subscribers helpful features such as Emergency Assistance, Stolen Vehicle Locator,<sup>39</sup> Roadside Assistance<sup>40</sup> and Automatic Collision Notification. Three-year trial included.<sup>15</sup>

## ADVANCED SAFETY SYSTEM

Mirai is equipped with Toyota's Star Safety System,<sup>™</sup> a suite of safety features for braking, stability and traction control. These include Enhanced Vehicle Stability Control (VSC),<sup>33</sup> Traction Control (TRAC), 4-wheel Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)<sup>34</sup> and Smart Stop Technology<sup>®</sup> (SST).<sup>35</sup>

# Fuel a more sustainable tomorrow.

More than 5000 fuel cell vehicles have been purchased or leased: Hydrogen fuel is a proven, eco-friendly alternative to gas and diesel. There are currently more than 35 public hydrogen fueling stations in California.<sup>48, 49</sup> Since it takes approximately 5 minutes to refuel,<sup>44</sup> these stations mean that Mirai can take you further than you ever thought possible.

Find stations at: [Toyota.com/Mirai/Stations](https://Toyota.com/Mirai/Stations)<sup>57</sup>

Mirai shown in Nautical Blue Metallic. Prototype shown.

See numbered footnotes in Disclosures section.

## One comprehensive benefits package.

The Mirai experience includes a number of exceptional services, including enhanced ToyotaCare<sup>50</sup> for 3 years or 35,000 miles, whichever comes first, and enhanced roadside assistance<sup>51</sup> for 3 years, unlimited mileage. Also included is a Complimentary Rental Experience, with use of a rental Toyota for up to 21 days within three years.<sup>52</sup> An 8-year/100,000-mile warranty of the fuel cell components<sup>53</sup> helps to ensure that this FCEV is ready to go the distance. And with 3 years or up to \$15,000 worth of complimentary fuel,<sup>54</sup> Mirai makes it even easier to embrace sustainability.

### Exterior Features

- LED low- and high-beam headlights with Automatic High Beams (AHB)<sup>30</sup> with auto on/off feature
- LED Daytime Running Lights (DRL)
- LED stop lights
- Black sport front grille
- Exclusive fuel cell vehicle badging
- Color-keyed heated power auto-dimming outside mirrors with turn signal and blind spot warning indicators;<sup>2</sup> reverse tilt and power-folding features with 2-position memory function
- Color-keyed outside door handles (with touch-sensor lock/unlock feature on front doors)
- 17-in. silver-painted, machined, engraved alloy wheels with black-painted accents and P215/55R17 tires
- Rain-sensing, washer-linked, variable intermittent windshield wiper with heated windshield wiper de-icer
- Acoustic noise-reducing windshield and front/rear side glass

### Interior Features

- Dual zone automatic climate control with Intelligent Touch controls, cabin air filter and individually controlled rear-seat vents
- Intelligent Touch controls for heated seats, heated steering wheel and windshield wiper de-icer
- Premium Audio with JBL® w/Clari-Fi<sup>®3</sup> and Dynamic Navigation<sup>4</sup> — includes 11 speakers including subwoofer, amplifier, 7-in. touch-screen, CD player, auxiliary port, USB media port,<sup>5</sup> Dynamic Navigation<sup>4</sup> with up to a 3-year trial,<sup>6</sup> Dynamic POI Search, Dynamic Voice Recognition,<sup>7</sup> hands-free phone capability and music streaming<sup>8</sup> via Bluetooth<sup>®8</sup> wireless technology, Siri<sup>®</sup> Eyes Free<sup>9</sup> HD Radio<sup>™10</sup> SiriusXM<sup>®11</sup> with 3-month All Access trial,<sup>12</sup> Connected Services<sup>13</sup> — Safety Connect<sup>®14</sup> with 3-year trial,<sup>15</sup> Wi-Fi Connect Powered by Verizon<sup>16</sup> with up to 2GB within 6-month trial<sup>17</sup> and Destination Assist<sup>18</sup> with 6-month trial.<sup>19</sup> See [toyota.com/audio-multimedia](http://toyota.com/audio-multimedia) for details.
- Integrated backup camera<sup>20</sup> display with projected path
- TFT Multi-Information Display (MID), trip performance score, fuel consumption history, average fuel economy, fuel economy history, fuel cell system power level, Lane Departure Alert (LDA);<sup>21</sup> clock settings, trip history
- Water release control

### Interior Features (cont.)

- SofTex<sup>®</sup>-trimmed<sup>22</sup> two-stage heated front seats with contrasting inserts and seatback pockets; 8-way power-adjustable driver's seat with 2-position memory function and power lumbar support; 8-way power adjustable front passenger seat with power lumbar support
- SofTex<sup>®</sup>-trimmed<sup>22</sup> two-stage heated rear seats
- Smart Key System<sup>23</sup> on front doors and trunk with Push Button Start and remote illuminated entry
- Power door locks with shift-linked automatic lock/unlock feature and anti-lockout feature
- Multi-function front seat center console with carbon-fiber-style accents, sliding cover and armrest, two front cup holders, Qi-compatible wireless smartphone charging,<sup>25</sup> USB 2.0 port<sup>5</sup> with iPod<sup>®26</sup> connectivity and control
- One 12V rear auxiliary power outlet and two USB 2.1A charging ports<sup>5</sup>
- Four cup holders and two front bottle holders

### Safety Features

- Toyota Safety Sense<sup>™</sup> 2.0 (TSS 2.0)<sup>27</sup> — Pre-Collision System with Pedestrian Detection (PCS w/PD)<sup>28</sup> with bicyclist detection and improved low-light capabilities, Lane Departure Alert with Steering Assist (LDA w/SA)<sup>21</sup> and Road Edge Detection, Sway Warning System (SWS),<sup>29</sup> Automatic High Beams (AHB)<sup>30</sup> Dynamic Radar Cruise Control (DRCC),<sup>31</sup> Road Sign Assist (RSA)<sup>32</sup>
- Star Safety System<sup>™</sup> — includes Vehicle Stability Control (VSC)<sup>33</sup> Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)<sup>34</sup> and Smart Stop Technology<sup>®</sup> (SST)<sup>35</sup>
- Eight airbags<sup>36</sup> — includes driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver knee airbag, passenger seat-cushion airbag, and front and rear side curtain airbags
- LATCH (Lower Anchors and Tethers for CHildren) includes lower anchors and upper tether anchors on rear seats
- Child-protector rear door locks
- Energy-absorbing collapsible steering column
- Front and rear energy-absorbing crumple zones
- Tire Pressure Monitor System (TPMS)<sup>37</sup>
- Collision sensors: deactivate high-voltage battery and close H<sub>2</sub> tank valves
- Vehicle Proximity Notification System (VPNS)<sup>38</sup>
- Safety Connect<sup>®14</sup> — includes Emergency Assistance, Stolen Vehicle Locator,<sup>39</sup> Roadside Assistance<sup>40</sup> and Automatic Collision Notification; with three-year trial subscription.<sup>15</sup>
- Blind Spot Monitor (BSM)<sup>2</sup> with Rear Cross-Traffic Alert (RCTA)<sup>41</sup>
- Intelligent Clearance Sonar (ICS)<sup>42</sup> with Rear Cross-Traffic Braking (RCTB)<sup>56</sup>
- LED Daytime Running Lights (DRL) with on/off feature
- Anti-theft system with engine immobilizer<sup>43</sup>

## CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live.

## DISCLOSURES

**1.** Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). **2.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. **3.** JBL® and Clari-Fi® are registered trademarks of Harman International Industries, Inc. **4.** Dynamic Navigation depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors outside of Toyota's control, which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms and conditions of subscription services agreement apply. See *Owner's Manual* and <https://toyota.com/connected-services> for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **5.** May not be compatible with all mobile phones, MP3/WMA players and like models. **6.** The Dynamic Navigation three-year trial begins the earlier of when the vehicle hits 100 miles or a year after the multimedia system manufacture date, regardless of when you purchase or lease the vehicle. Terms and conditions of subscription service agreement apply. **7.** Dynamic voice recognition capabilities vary by head unit. **8.** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. **9.** Always focus on the road while driving. Siri® is available on select iPhone®/iPad® models and requires Internet access. Siri® is not available in all languages or all areas and features vary by area. Some Siri® functionality and commands are not accessible in the vehicle. See [apple.com](http://apple.com) and phone carrier for details. Data charges may apply. Siri® is a registered trademark of Apple Inc. **10.** HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **11.** SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2019 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. **12.** SiriusXM All Access trial length and service availability may vary by model, model year or trim. **13.** Connected Services depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. See [toyota.com/connected-services](https://toyota.com/connected-services) for details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. Stolen vehicle police report required to use Stolen Vehicle Locator. **14.** Toyota Safety Connect® depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and at [toyota.com/connected-services/](https://toyota.com/connected-services/) for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **15.** The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. **16.** Wi-Fi Connect is available on select 2018 and newer Toyota vehicles. Visit [toyota.com](https://toyota.com) for vehicle availability. Verizon Wireless is the network provider for Wi-Fi Connect, which uses Verizon's 4G LTE network to transmit data. Data usage and charges apply. Coverage not available everywhere; see [vzw.com](http://vzw.com). See [verizonwireless.com/bestnetwork](http://verizonwireless.com/bestnetwork) for details. LTE is a trademark of ETSI. Other terms apply. Up to 5 devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 6-month trial period or use of 2-GB data (whichever comes first). Use of Wi-Fi Connect subject to Verizon Wireless' Customer Agreement ([verizonwireless.com/legal/notices/customer-agreement/](http://verizonwireless.com/legal/notices/customer-agreement/)), Privacy Policy ([verizon.com/about/privacy/privacy-policy-summary](http://verizon.com/about/privacy/privacy-policy-summary)), and data use policies ([verizonwireless.com/support/vz-email-legal/](http://verizonwireless.com/support/vz-email-legal/)). Apps and services subject to change at any time without notice. **17.** The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. **18.** Destination Assist depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, which can limit system ability functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms and conditions of subscription services agreement apply. See *Owner's Manual* and [toyota.com/connected-services](https://toyota.com/connected-services) for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit <https://www.toyota.com/privacyvts/>. **19.** The Destination Assist Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. **20.** The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. **21.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **22.** SofTex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. **23.** The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **24.** HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. **25.** Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. **26.** iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. **27.** Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details. **28.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. **29.** Sway Warning is designed to provide a visual and audible alert if it detects a pattern of vehicle movement that might indicate driver inattention or drowsiness. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **30.** Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. **31.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. **32.** Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See *Owner's Manual* for additional limitations and details. **33.** Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. **34.** Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details. **35.** Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact

## DISCLOSURES (continued)

stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for additional limitations and details. **36.** Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. **37.** The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for additional limitations and details. **38.** This device is not a substitute for safe and attentive driving practices. It is the driver's responsibility to maintain a lookout for pedestrians, cyclists, other cars and objects, and to drive the vehicle in a safe and attentive manner to avoid making contact. **39.** Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331. **40.** Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions. **41.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. **42.** Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. **43.** The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to [www.aloa.org](http://www.aloa.org) to find a qualified locksmith in your area who can perform high-security key service. **44.** Fueling time varies with hydrogen fueling pressure and ambient temperature. **45.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **46.** 2020 EPA-estimated 67 city/67 highway/67 combined MPGe for Mirai and 312-mile driving range. Actual mileage will vary for many reasons including driving conditions and how you drive and maintain your vehicle. Range measurement pursuant to SAE J2601 standards (ambient temperature: 20°C; hydrogen tank pressure when fueled: 70 MPa). Fueling time varies with hydrogen fueling pressure and ambient temperature. **47.** The Mirai meets all applicable Federal Motor Vehicle Safety Standards requirements, almost all of which apply equally to similar gasoline powered vehicles. In addition, Toyota has engineered the Mirai and its hydrogen tanks to meet international Global Technical Regulations. **48.** TMS U.S.A. is not responsible for operability of stations, whether any station has available fuel at any time, or their progress in construction. Projected operational dates are estimates and subject to change as a result of permit application/approval process, construction process and station certification process. Because hydrogen is a new fuel source, shortages can occur. There is a current hydrogen fuel shortage in California. **49.** Projected hydrogen station operational dates are TMS U.S.A.'s best estimates for when stations will be available for use by Mirai customers according to representation of construction progress by California Governor's Office of Business and Economic Development (Go-Biz). Operational date estimates are based on construction start date. **50.** Standard ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first and also includes 24-hour roadside assistance for two years, regardless of mileage. The Mirai enhancement of ToyotaCare—a total of 3 years or 35,000 miles, whichever comes first—is valid only at authorized Mirai Fuel Cell dealers in the continental United States. See an Authorized Mirai Fuel Cell dealer for details and exclusions. **51.** Roadside Assistance coverage is 3 years unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota Dealer for details and exclusions. Valid only in the continental U.S. and Alaska. **52.** The twenty-one complimentary days will expire after the third year and any unused days will not carry over. **53.** Valid only at Authorized Mirai Fuel Cell Dealers in the continental United States. See dealer for details and exclusions. **54.** Complimentary fuel for three years or \$15,000 maximum, whichever comes first. The three year period starts on the date of card activation or 90 days after vehicle sale or lease commencement date, whichever is earlier. Fuel card is nontransferable. The Mirai is a hydrogen-powered fuel cell electric vehicle that must be fueled at hydrogen stations conforming to the latest Society of Automotive Engineers (SAE) hydrogen fueling interface protocol standards or laws that may supersede such SAE standards. Refer to the Mirai Hydrogen Stations Locator in the Fuel Station Function on the multimedia display, [www.toyota.com](http://www.toyota.com), or call Toyota customer service at 1-800-331-4331 for information on hydrogen fueling stations available to Mirai. **55.** Extra-cost color. **56.** Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. **57.** A station listed as "Open Now" is not a guarantee of available fuel.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See [toyota.com](http://toyota.com) for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes and/or shown with options. Actual models may vary.

## WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Fuel-Cell-System-Related Component Coverage:** Fuel Cell System components, including the Battery ECU, FC Air Compressor, FC Boost Converter, FC ECU, H2 tanks, FC PCU (Power Control Unit), FC System, HF ECU (H2 Fueling ECU), and Power Management ECU (HV ECU).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

**FC Battery:** FC battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is

subject to terms and conditions. Refer to applicable *Warranty and Maintenance Guide* for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit [www.toyota.com](http://www.toyota.com), refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

Toyota drivers love to embrace new things and find new adventures. They just can't sit still. And proper vehicle maintenance is key to helping keep your Toyota safe, dependable and ready to explore. That's why we include a no cost maintenance plan with the purchase or lease of every new Mirai for 3 years or 35,000 miles, whichever comes first. 24-hour roadside assistance is also included for 2 years and unlimited miles. For all the details and exclusions, please call, visit online or stop by your local Toyota dealer today. Valid only in the continental U.S. and Alaska. Let's drive with confidence. Welcome to the ToyotaCare advantage.

For Toyota Mobility program details, go to [www.toyota.com/mobility](http://www.toyota.com/mobility) or call the Toyota Customer Assistance Center at 1-800-331-4331
