

Tiburon | warranty

*When you blur the line
between performance and style,
you win*

THE ONLY WARRANTY THAT CAN KEEP UP WITH THE TIBURON: AMERICA'S BEST WARRANTY.™

The 2004 Tiburon is sleek, a blast, and built to last with a high-powered warranty that protects you mile after invigorating mile. We call it the Hyundai Advantage.™ Our competition calls it unfair. America's Best Warranty is proof that Hyundai stands behind the quality of its products to save you money on the overall cost and maintenance of your car. And for added peace of mind, our warranty includes 24-hour Roadside Assistance. So whether you're cruising along the coast, or zip-ping through commuter traffic, you'll be covered.

<i>10 year</i>	100,000-MILE POWERTRAIN PROTECTION
<i>5 year</i>	60,000-MILE BUMPER-TO-BUMPER COVERAGE
<i>5 year</i>	100,000-MILE ANTI-PERFORATION WARRANTY
<i>5 year</i>	UNLIMITED MILES 24-HOUR ROADSIDE ASSISTANCE

*See dealer for LIMITED WARRANTY details.

Tiburon | comfort

THE CABIN OF THE TIBURON DOUBLES AS A DECOMPRESSION CHAMBER WITH ITS AVAILABLE 360-WATT INFINITY[®] AM/FM/CD/CASSETTE STEREO SYSTEM WITH 6 SPEAKERS AND AN 8" SUBWOOFER.

THE AVAILABLE DUAL-MODE TRANSMISSION COMES WITH SHIFTRONIC,[™] WHICH OFFERS FULLY AUTOMATIC OR MANUAL SPORT SHIFTING.

THE TIBURON'S CLUSTER OF INSTRUMENT GAUGES FEATURES HIGH-CONTRAST BACKLIGHTING FOR EASY READABILITY AND REDUCED EYESTRAIN AT NIGHT.

Any similarity to a cockpit is purely intentional.

The Hyundai Tiburon's high-tech interior is designed to make you feel almost as if you're cleared for take-off. Take the multi-adjustable front bucket seats. They are ergonomically contoured, and molded from special shape-retaining foam for added comfort and support. The steering wheel and shift knob can be wrapped in leather¹ for maximum grip. Other features include an instrument panel with high-contrast backlighting, metalgrain trim and a handy 50/50 split fold-down rear seatback to accommodate plus-sized cargo. And to carry your everyday essentials, there's a center console with beverage holders and a storage compartment, door and seatback map pockets and an overhead sunglass holder. Get ready for a radical departure.

¹ Leather-wrapped shift knob not available with 6-speed transmission.

Tiburon | comfort

Tiburon | performance

Designed to handle the smoothest asphalt, tightest curves, and the occasional trip to the corner store.

The 2004 Tiburon really moves. It can take you from 0-60 in just 7.1 seconds¹, and make your heart race before you ever step on the accelerator. Anyone who's watching you will also get a thrill. Take a look at the Tiburon GT V6 pictured here, for example. With its 2.7-liter, 24-valve V6 engine, 17-inch aluminum alloy wheels, and rear spoiler, this sports car commands attention, whether it's parked in front of your favorite restaurant or cruising around town. To heat things up even more, try adding a performance option like a 6-speed manual transmission with sporty aluminum foot pedals. If you've ever wondered what it's like to own a car that makes you want to volunteer to run errands, you're ready for a Tiburon.

¹ Car and Driver, May 2002 Road Test; 6-speed M/T.

BOTH OF THE TIBURON'S ENGINES ARE POTENT PERFORMERS. CHOOSE FROM THE STANDARD 2.0-LITER ENGINE WITH CONTINUOUS VARIABLE VALVE TIMING OR THE GT V6 2.7-LITER, 24-VALVE ENGINE.

THE OPTIONAL SMOOTH-SHIFTING, 6-SPEED MANUAL TRANSMISSION IS A PERFECT MATCH FOR THE TIBURON GT V6 ENGINE. IN FACT, YOU COULD SAY THAT THEY WERE MADE FOR EACH OTHER.

THE GT V6 IS OUTFITTED WITH 17-INCH ALUMINUM ALLOY WHEELS AND 215/45R17 MICHELIN[®] TIRES FOR RESPONSIVE HANDLING AND UNDENIABLE GOOD LOOKS.

Tiburon | style

*Stand out from the crowd,
or just leave it behind.*

Thanks to our designers, the Tiburon is invisible to the wind, yet it never blends in. Its sleek shape may remind you of the sports cars seen negotiating the passing lane of the Autobahn. Stylish 16" aluminum alloy wheels and 205/55R16 Michelin® tires help smooth out the ride on straight-aways. And since vehicle aerodynamics affect performance as well as stability, we made the exterior elements work in Tiburon's favor — and yours. The body-color rear spoiler, aerodynamic projector-type headlights, deep front air dam and sculptured rocker panels are all engineered to be as functional as they are pleasing to the eye. The result: a clean profile that slices through the air like a world-class sprinter while commanding the attention of everyone within sight.

Win

Tiburon | safety

Our engineers expect the best but prepare for the worst.

AN ANTI-LOCK BRAKING SYSTEM (ABS) IS AVAILABLE ON THE GTV6, TO PROVIDE EXTRA HELP IN TOUGH BRAKING SITUATIONS.

THE STYLISH FOG LIGHTS ARE INTEGRATED INTO THE BODY-COLOR AIR DAM AND PROVIDE ENHANCED DRIVER VISIBILITY AS WELL AS INCREASED ROAD PRESENCE DURING INCLEMENT WEATHER.

WE DON'T COMPROMISE ON YOUR SAFETY, WHICH IS WHY STANDARD DUAL FRONT AIRBAGS AND FRONT SIDE-IMPACT AIR BAGS PROTECT BOTH THE DRIVER AND THE FRONT PASSENGER.

The Tiburon proves that a car doesn't have to be boring to be safe. Our engineers try to anticipate every possibility, without ever cramping the Tiburon's fun-loving style. The driver and front passenger are protected by dual front airbags¹ and front side-impact airbags, as well as 3-point front seatbelts with pretensioners and force limiters.

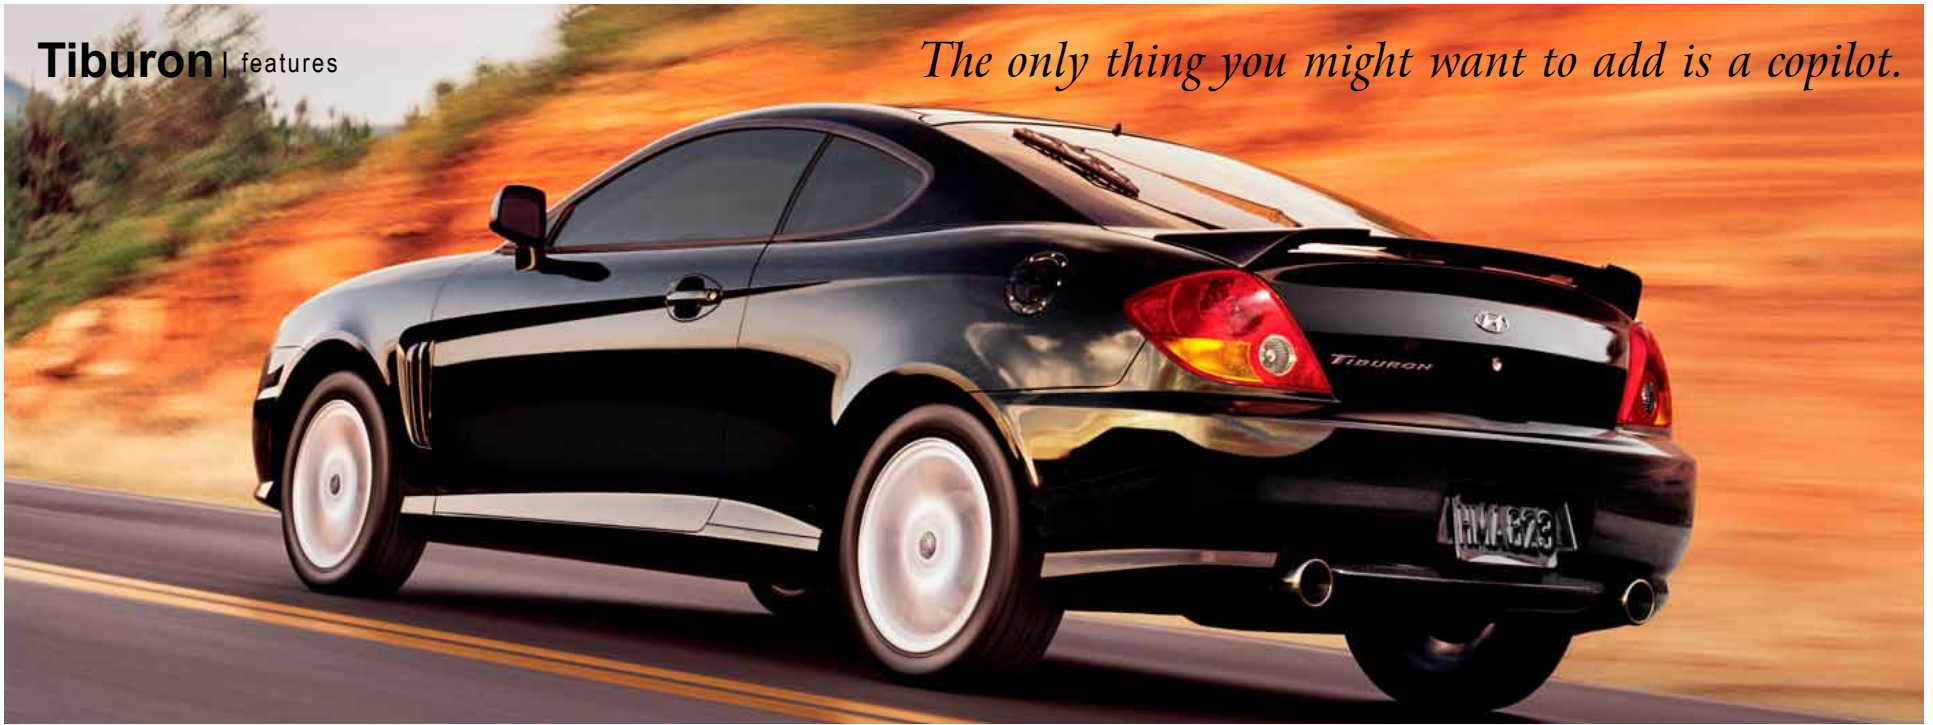

What's more, Tiburon's structure itself is designed to protect against impacts, with built-in energy-absorbing front and rear crumple zones and steel side-impact beams. And because it's best to avoid an accident in the first place, Tiburon's standard four-wheel power disc brakes, rack-and-pinion power steering and Michelin® tires provide quick, responsive handling that can help you out of a precarious situation. Because you can never be too prepared.

¹ The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely.

The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

Tiburon | features

The only thing you might want to add is a copilot.

STANDARD ON THE GT V6 IS A HIGH BODY-COLOR REAR SPOILER THAT CONTRIBUTES TO THE TIBURON'S AERODYNAMICS AND SPORTY GOOD LOOKS.

THE AVAILABLE TILT-AND-SLIDE MOONROOF OPENS AT THE TOUCH OF A BUTTON. IT'S PERFECT FOR STARGAZING OR ENJOYING THE WARMTH OF THE SUN.

STANDARD CHROME-TIPPED DUAL EXHAUST OUTLETS ADD AN EXTRA DEGREE OF EFFICIENCY AND STYLE.

Your copilot and passengers will appreciate the long list of standard cabin amenities, starting with air conditioning, power windows, power door locks and heated mirrors. Other features that help make your trip a pleasant one include cruise control, tilt steering column, remote keyless entry system with alarm and a powerful AM/FM/CD stereo system with six speakers. Every Tiburon is generously outfitted with standard equipment. But just in case you crave more, there are many choices available, including a premium 360-watt Infinity® audio system with six speakers and an 8" subwoofer, and a tilt-and-slide moonroof with sunshade. Another popular option is the dual-mode automatic transmission with SHIFTRONIC.™ GTV6 drivers may also choose a leather-trimmed interior. Now that's traveling first class.
