

# GENESIS G90

Meet the all-new Genesis G90 with unprecedented design and unified international naming.

Its elegant presence is recognizable from a far distance and the meticulous details delineate great tension and athleticism.

We present to you the most luxurious addition to Genesis, the embodiment of the perfect proportion.

It is the culmination of Genesis' timeless permanence and originality.

Genesis G90 is the next step of the refined elegance.

(Obsidian Black/Vanilla Beige Two-tone(Vanilla Beige seats) and Gray Ash)

# EXTERIOR

Genesis G90 elevates "athletic elegance", the design identity of GENESIS to another level. G90 represents the originality and beauty of its essence by delivering stabilized Horizontal Architecture with enhanced posture.

**Quadlamps** – Quadlamps, a set of four separate headlamps on each side, is a design heritage unique to GENESIS along with the crest grille shaped like a coat of arms reflecting G-Matrix, both embodying the dynamic soul of GENESIS.

**Side repeaters** – The elegant, voluminous lines are an expression of GENESIS's attention to detail, design consistency, and focus on the achievement of sophistication.

**Lettering emblem** – The GENESIS lettering emblem placed on the trunk adds to the understated elegance and progressive look of the rear.

**Dish-type wheels** – The dish-type wheels are inspired by the way diamonds reflect light. It is a proud design signature of GENESIS that represents G-Matrix, reinforcing the overall design language.

3.3T Prestige with full options (Vik Black)

# INTERIOR

Genesis G90 pursues beauty of simplicity. Applying simplified design elements such as materials and colors, we completed elegant and sophisticated interior with a touch of luxurious details.

(Maroon Brown/Havana Brown Two-tone(Havana Brown seats) and Olive Ash)

**Prime Nappa leather-appointed interior** – The interior is appointed with Nappa leather created with the highest craftsmanship with refined stitching and piping details. The Nappa leather upholstery boasts an unrivalled luxurious texture.

**Chrome-plated buttons** – The number of buttons on the center fascia has been dramatically reduced, and the remaining buttons are chrome-plated to make them both aesthetically pleasing and functionally convenient.

(Maroon Brown/Havana Brown Two-tone(Havana Brown seats) and Olive Ash)

(Obsidian Black/Maroon Brown Two-tone(Maroon Brown seats) and Olive Ash)

**Quilted Nappa leather-upholstered seats with piping details** – Prime full-grain Nappa leather with minimum processing is used for the upholstery to deliver a natural feel and the G-Matrix-inspired quilting detail is applied for maximum sophistication.

**Open-pore real wood** – Leading wood shaping techniques are employed to accentuate the patterns and colors unique to hardwood and create a warm, inviting ambience.

# ERGONOMIC AESTHETICS – DRIVE-ENHANCING TECHNOLOGIES

## 01.

**12.3" panoramic full-touch display** – The Copper GUI (graphical user interface) exclusively developed for GENESIS is first applied to create a sophisticated vibe. The Navigation OTA (over-the-air) update feature has been added to ensure that the navigation system is up to date at all times. G90 is also equipped with SoundHound – an app that identifies the specific music or song playing – and vehicle voice control that recognizes voice input, to ensure an optimal driving experience.

\* Terrestrial DMB can be viewed in standard (320X240) and high (1,280X720) display resolutions, however, reception may not be possible due to transmission conditions, DMB broadcasting regulations, or changes in the transmission methods used by DMB providers.

\* The Navigation OTA, SoundHound, and the vehicle voice control features are available only upon subscription to Genesis Connected Services.

## 02. 03.

**Head-up display** – Copper graphics exclusively developed for GENESIS are applied to provide a wide spectrum of vehicle and driving information and ensure outstanding visibility.

**Smart posture optimizer** – Just enter the driver's height, sitting height, and weight, and the optimal positions of the driver's seat, steering wheel, side view mirrors, and head-up display are automatically adjusted based on the input information.

## 04.

**Surround view monitor** – The four cameras installed on the exterior of the vehicle provide a much wider view for monitoring on the display and ensure parking and driving convenience through such features as the front and rear obstacle detection and warning system, the trajectory estimation while in reverse, and the rear-view display while driving.

## 05. 06.

**Outside air intake control** – This feature automatically controls the windows and air-conditioning system before entering a tunnel and automatically activates the air-recirculation mode when driving through a section presumed to be polluted.

**Automatic driver's seat optimization system** – This system automatically controls and activates seat heating, seat ventilation, and steering wheel heating based on the indoor and outdoor temperatures, sunlight, and preset air-conditioning temperatures in order to help the driver better focus on driving.

## ERGONOMIC AESTHETICS – INNOVATIONS ENSURING PASSENGER COMFORT

01.

**Modern ERGO Seats** – G90 is equipped with Modern ERGO Seats recognized by Germany's Aktion Gesunder Rücken e.V. (Campaign for Healthier Backs) for ergonomic design that minimizes fatigue and ensures maximum lumbar comfort (available on the driver seat and right rear seat only).

02.

**Rear-seat dual monitors** – Passengers can comfortably watch DMB and movies and use the navigation in the rear seats.

03.

**Rear-seat configuration** – The rear seats can be reconfigured into set positions with just the press of a button.

04.

**Air purifier mode** – The outside air intake is blocked and the air recirculation mode is automatically activated, recirculating interior air through micro air filters to remove fine dust and improve the quality of interior air.

05.

**Rear-seat wireless smartphone charger** – Simply place your smartphone in the tray in front of the rear-seat armrest console without the need to connect it to a cable.

\*Make sure to check whether the wireless smartphone charging system works with your smartphone model.

\*This feature is available when selecting the first-class VIP seat option.

06.

**Seat adjustment and relax mode switch** – The rear seats can be automatically adjusted in 14 ways to create the posture optimized for each passenger.

(Havana Brown/Vanilla Beige Two-tone (Vanilla Beige seats) and Birch)

# G90 LIMOUSINE

G90 Limousine redefines the ultimate in luxury sedans powered by its wealth of elegant and exuberant design elements and convenience features that bring each ride to perfection.

5.0 Limousine Prestige with full options (Vik Black)

**Semi-aniline leather seating** – Semi-aniline leather, with minimized synthetic surface treatment to better deliver the feel of genuine leather, was used for the seating upholstery, adding greater sophistication to the interior than prime Nappa leather.

**B pillar mood lamps** – Make driving even more refined with the comfortable, cool ambience of 7 color ambient mood lamps.

**Power leg support** – The meticulously designed four-way power leg support ensures a higher level of comfort and helps you stay relaxed.

(Ultra Marine blue/Havana Brown Two-tone(Limousine only/Havana Brown seats) and Walnut Burl)

\* Interior options available exclusively on the G90 LIMOUSINE.

# PERFORMANCE

Genesis G90 pursues comfortable and athletic driving experience. The harmony of comfort and athleticism serves more balanced and highly safe driving.

# INNOVATIVE HARMONY OF STUNNING PERFORMANCE AND A CALM, RELAXED INTERIOR

## POWERTRAIN

The lineup of three engine types for rear-wheel drive, including the Lambda 3.3 V6 twin turbo engine that demonstrates outstanding acceleration based on its efficient layout, enables responsive performance under diverse conditions and increases the joy of driving.

### 01. Tau 5.0 V8 GDi engine

425 Maximum output PS/6,000rpm  
53.0 Maximum torque kgf-m/5,000rpm

### 02. Lambda 3.3 V6 T-GDi engine

370 Maximum output PS/6,000rpm  
52.0 Maximum torque kgf-m/1,300-4,500rpm

### 03. Lambda 3.8 V6 GDi engine

315 Maximum output PS/6,000rpm  
40.5 Maximum torque kgf-m/5,000rpm

## N.V.H (noise, vibration, and harshness)

The active noise control feature is applied to collect engine noise flowing in through a microphone in real time, generate anti-phase sound waves in response, and reduce noise. The triple-sealed doors and noise-reduction window glass also work to prevent outside noise and vibration entering the vehicle.

### 04. Active noise control microphone

### 05. Triple weatherstrip seal on the door

### 06. Double-jointed soundproof glass (front, rear, full door)

# TECHNOLOGICAL ADVANCEMENT THAT ELEVATES SAFETY TO NEW HEIGHTS

**AWD system** - This system automatically senses slippery or unstable driving conditions that even the driver may not detect and proactively balances power between the front and rear wheels to ensure stability at all times.

## 01.

**10-airbag system** - Advanced airbags are applied to deploy in accordance with the magnitude of a collision and the presence of passengers. The vehicle is mounted with a total of ten airbags, including front advanced air bag system, front and rear side airbags, and curtain airbags for a rollover crash.

## 02.

**Front-seat pre-active seat belt** - The seat belt is tightened to protect the passenger against a potential collision when sudden braking and a tire skid are detected. It also retracts when the vehicle makes a sharp turn to prevent the driver from leaning to one side.

## 03.

**Ghost Door Closing** - The doors close themselves tightly even when passengers fail to shut them completely, thereby ensuring that passengers feel fully protected.

# INTELLIGENT

Our intelligent technologies are aimed at achieving human-focused innovation, through which a suite of meticulously designed safety features is realized to help the driver stay safe at all times as a true companion on the road.

**Blind Spot Monitor** – Clear views of the side and rear of the vehicle appear on the cluster monitor whenever the turn signal indicator is switched on.

**Lane Following Assist** – Lane Following Assist helps detect lane markers on the road with a front-view camera and alerts the driver if the vehicle steers outside the lane without the turn signal indicator switched on. It will also assist with driver steering, if necessary, to help keep the vehicle centered within the lane.

# EVOLUTION OF MOBILITY – GENESIS ACTIVE SAFETY CONTROL

01.

**Blind Spot Collision Prevention Assist** – This system alerts the driver when detecting vehicles approaching at high speeds or from blind spots that are not reflected in the side view mirrors. It also assists steering to keep the vehicle centered in its lane.

02.

**Driver Attention Alert** – This system monitors driving patterns and the vehicle's position within the lane in a comprehensive manner and alerts the driver in five steps via a message and warning sound if any inattentive or fatigued driving pattern is detected.

03.

**Intelligent headlamps** – Intelligent headlamps ensure good visibility by keeping the high beams on, while partially blocking the beams for approaching vehicles to avoid blinding oncoming traffic or the driver in front of you. Without the need to manually adjust your lights for greater visibility, driving at night just got safer.

04.

**Smart cruise control with stop & go** – This system automatically adjusts the vehicle speed and maintains the distance preset by the driver from vehicles in front without the need to press the accelerator. The vehicle speed and distance are automatically controlled when vehicles ahead start within 30 seconds after the vehicle has come to a complete stop.

**Navigation-Based Smart Cruise Control** – This system automatically reduces the vehicle speed within a safety section or curved section on highways and motorways through navigation connectivity and adjusts it back to the speed preset by the driver to ensure convenience.

05.

**Highway Driving Assist** – This cutting-edge driving assist system represents the next step towards future mobility. The driver can preset this feature to automatically adjust the vehicle speed and distance from vehicles in front on the highway. It eliminates the need to operate the brakes or accelerator during long-distance travel or traffic congestion. The vehicle speed and distance are automatically controlled when the vehicles in front start within 30 seconds after the vehicle has come to a complete stop. It also assists steering to keep the vehicle centered in its lane.

06.

**Steering Wheel with Vibration Sensor** – When a potential collision is detected or the vehicle begins to depart from its lane, an alarm sound goes off or the steering wheel vibrates, in addition to a warning message on the cluster display, to call the driver's attention.

## TECHNOLOGIES ENSURING THE MAXIMUM SAFETY OF ALL

01.

**Forward Collision Prevention Assist** – This system detects vehicles and pedestrians in front using front-facing cameras and radar, alerts the driver of a potential collision, and activates the brakes when needed to reduce the severity of a collision.

02.

**Safety Exit Assist** – This system provides a warning with a message and sound to the driver by sensing vehicles approaching from the side after the vehicle comes to a stop to prevent passengers from opening their door into oncoming traffic.

03.

**Rear Cross-Traffic Collision Prevention Assist** – This system monitors the areas to the right and left when the vehicle reverses out of a parking space and alerts the driver of any approaching traffic on either side using the blind spot radar sensors. It takes over braking when needed to prevent potential accidents.

04.

**Reverse Guiding Lamps** – Light is projected onto the ground surface in the rear when in reverse to clearly demonstrate that the vehicle is reversing and thus ensure the safety of nearby vehicles and pedestrians.

# FEATURES

245/50R18 Michelin tires and 18" multi-spoke wheels  
 245/45R19 (front) and 275/40R19 (rear) Continental tires and 19" multi-spoke wheels  
 245/45R19 (front) and 275/40R19 (rear) Continental tires and 19" dish-type wheels

3.3T Prestige with full options (Savile silver)

5.0 Prestige with full options (Vik Black)

Full LED headlamps and LED daytime running lights

Puddle lamps appointed with the G90 logo

Privacy window glass for rear seats

Hands-free smart trunk

Card-type smart key

Front-seat wireless smartphone charger

Lexicon premium sound system

Headrests adorned with emblem

Compartmented console (first-class VIP seats)

Ventilated rear seats

Paddle shifter

7" TFT LCD cluster

ISG system (idle control)

Smart air-conditioning system

Advanced 3-zone air-conditioning (including B-pillar ducts)

22-way automatically adjustable driver's seat (Modern ERGO Seat)

DVD player

Wing-out headrests for rear seats

Neck pillows for rear seats

Automatically operated door curtains and rear windshield curtain for rear seats

\*Make sure to check whether the wireless smartphone charger works with your smartphone model.

\*The features introduced in this brochure may vary from model to model. Please refer to the monthly price table for more detailed features of each model.

# GENESIS G90 / G90 L COLOR COMBINATIONS

\* The color combinations offered for the interior, including the seating, vary by leather type. Please check the available color combinations using "360 VIEW" on the GENESIS website.

# SERVICE PROGRAM

## HONORS G

### MOBILITY CARE (VEHICLE MANAGEMENT)

**Guaranteed for up to five years or 120,000km (warranty expires when either condition is reached)**  
 - Applicable to the car body, general parts and engine, and major powertrain components

**Free replacement of disposable parts (engine oil set and four major disposable parts within the warranty period)**  
 - Notification on the proper time for the replacement of each disposable part is made by Honors G Concierge and the replacement service is carried out through an on-site visit  
(the manufacturer's replacement and exchange criteria shall apply to each replacement, and details of the replacement service may vary by engine type).

#### GENESIS Connected Services

- Complimentary, 5-year subscription to remote control, safety & security, maintenance, navigation and wireless update services upon initial enrollment after purchase.  
 - Inquiries: KakaoTalk Genesis Connected Services Customer Center  
(enter "제네시스 커넥티드 서비스" in the KakaoTalk search window and add as a friend)

#### GENESIS Autocare Service

- Free vehicle inspection and Genesis mobility care service at a requested time and location.  
 - Eligibility: Genesis owners (G90/EQ900, G80, G70)

\*For itemized service details, please refer to the Genesis homepage or contact customer service.

### PRIVILEGES (LIFESTYLE BENEFITS)

#### Haevichi Hotel & Resort Jeju

- An exclusive lounge within Haevichi Hotel & Resort Jeju  
 - Two nights (including breakfast) on the Honors G Floor  
 - Honors G Lounge services (exclusive check-in and check-out service, Hotel Concierge Service, and food and beverage service)  
\*Hotel Concierge Service: Guidance on and reservations for nearby tourist destinations  
 - Discount on on-site facilities of Haevichi Hotel & Resort Jeju and on a round of golf at Haevichi Country Club Jeju  
 - Booking can be made via Honors G Concierge.

#### G90 Premium golf bag

- Exclusively designed caddy bag, Boston bag, pouch, and travel kit are offered.

\*Choose 1 out of the 2 choices according to preference.

### CONCIERGE

#### Honors G Concierge (080-900-6000)

- Honors G Concierge is a customer center dedicated to G90 owners.  
 - Expert support is offered for all related inquiries, from the use of vehicle features to application for services.  
 - Concierge offers Intelligent Car Care, through which the driver is notified of the proper time for disposable part replacement and of vehicle failures identified via the GENESIS cutting-edge IT system.

#### GENESIS Global Lifestyle Concierge

- Global Lifestyle Concierge caters to your lifestyle, no matter where you are in the world.  
 - Consultation services and recommendations across diverse areas from hotels and airlines, dining, golf and healthcare are offered.  
 - Global Lifestyle Concierge offers a wide range of member benefits and services through a global network.

\*Members will be responsible for any charges that may be incurred from services other than consultations, information provision, and bookings.

\*Dedicated number to be provided via the membership guide.

\*All services, excluding the standard vehicle management service, are available exclusively for registered GENESIS members (individual and corporate customers who have purchased or are renting or leasing G90).  
 \*You can join GENESIS membership by visiting your nearest Hyundai Motor Company branch or dealership. Please refer to the required documents on the GENESIS website (www.genesis.com).

### GENESIS CONNECTED SERVICE

Experience the unique value of Genesis Connected Services.  
 Drive safely and comfortably 24 hours a day, 365 days a year with advanced, connected car services.

#### Remote control

Check the status and control certain car functions anytime, anywhere using your smartphone.

#### Safety & security

Emergency assistance in case of accidents and emergencies.

#### Maintenance

Keep your car safe at all times by upgrading the navigation system wirelessly for free or getting assistance remotely on the maintenance and regular servicing of your car.

#### Navigation

Discover a new driving experience by getting accurate, realtime traffic information and setting destinations quickly and easily by voice.

#### Wireless update

Quickly updates navigation maps and software automatically wirelessly.

### GENESIS BODY CARE SERVICE

Alleviates concerns about unexpected repair costs and car insurance premium increases resulting from damage to the vehicle's exterior after purchase.

**Eligibility** : Individuals and private businesses that purchase a new GENESIS G90 directly from an authorized dealer (excludes vehicles used for rental, lease, and business operations).

**Application deadline** : Before delivery — Apply through the dealer's office; After delivery — Apply through the Genesis Boutique within 30 days, including the day of delivery.

**Repair locations** : Authorized service network (service centers operated directly by the company or bluehands)

Program	Points Requirement	Coverage & Limits	Non-reimbursable cost	Coverage Period from the Time of Enrollment	Frequency Limits
Smart I	250,000	Body (Top/Bottom/Sides): Up to ₩1,600,000	-	1 year or 20,000 km, whichever comes first	Within the coverage period: - Body: Up to 2 times (1 time only per area)

#### Please follow the designated speed limit on the road for maximum fuel efficiency.

\*The above fuel economy was calculated based on standard driving conditions. Actual fuel efficiency may vary depending on road conditions, driving style, cargo weight, maintenance conditions, and outside temperature. \*Some of the photographed vehicles in this brochure depict optional features for illustrative purposes and may differ from the actual vehicles purchased. \*The features, colors, and specifications stated in this brochure are subject to change based on improvements in the vehicle's exterior or performance. \*The above engine performance data is based on the net value, which is a legal requirement applied by the Ministry of Land, Infrastructure and Transport from 1997 onwards. To produce the data, an advanced measurement method that takes into account the resistance of vehicle emissions was used. This method may generate results slightly lower than those generated by existing methods based on the gross value. \*The leather upholstery partially consists of synthetic leather. \*The vehicle colors printed in this brochure may differ from the actual colors. \*GENESIS models are sold by Car Masters at Hyundai Motor Company's branches and dealers at prices uniformly applied everywhere across the country to promote fair business practices. \*The failure to use authentic parts and oil products (including engine oil and transmission fluid) recommended by Hyundai Motor Company and/or the use of defective fuel may critically damage your vehicle. \*Please refer to the owner's manual for details about new technologies and features stated in this brochure.

The images used in this brochure are intended to enhance customers' understanding and are focused on high-end models and optional features.

The features introduced in this brochure may vary by trim model, package, powertrain, and exterior color. Please refer to the monthly price table for more detailed features of each model.
