

GMC **CABALLERO**

RUGGED QUALITY TRUCKS

GMC CABALLERO, AMARILLO, AND DIABLO . . . 3 ELEGANT PICKUPS FROM GMC

INSIDE—AN AURA OF LUXURY

GMC Caballero lets you enjoy passenger car comfort in a pickup truck. Standard interior features include: color-keyed trim for the headliner, newly styled instrument panel, sunshades, steering column, steering wheel, seat trim and cut-pile carpeting. Also standard are lighted ashtray and glove compartment, door-activated courtesy lights, Deluxe-air heater/defroster, cigarette lighter, door trim panels with integral armrests and door pull straps, and concealed storage for luggage and spare tire behind the driver's seat.

Standard deep-foam bench seats are upholstered in Dark Blue, Camel, or Maroon cloth—or vinyl in the same colors plus Champagne (Champagne not available for Diablo). Seats include color-keyed safety belts.

Available cloth or vinyl Strato bucket seats come in the same color selection as standard bench seats. To complete the sporty picture, you can add available gage package with available simulated wood-grain-trimmed console with transmission shift lever and storage compartment.

New available 55/45 split bench seat, in the same color cloth or vinyl material as standard bench seat, includes an upholstered fold-down armrest at the split.

Available bucket seats with console option

A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your GMC dealer for complete information.

New available 55/45 split bench seat with folding armrest

Cover: Shown is GMC Caballero. Caballero and Caballero Amarillo are shown on Page 5 and Caballero Diablo on Pages 3 and 4.

GMC Caballero Diablo for '81

Tires are supplied by various tire manufacturers.

NEW FRONT END STYLING, NEW VALUE FOR '81

Caballero's traditional imposing beauty is enhanced by a new grille design, new parking lamps, new headlamp bezels and a new design for the standard wheel covers. Inside there is a new-style instrument panel, new international symbols for instrument control knobs and control panel. There is new seat trim for '81 and door pull straps are now standard.

The new Freedom II battery is standard. A handy side lift jack replaces the bumper type. And new high-pressure P205/75R radial tires help reduce rolling resistance.

CABALLERO STANDARD FEATURES

Caballero is loaded with standard features. Ask your GMC Dealer to give you an idea of what is standard for Caballero in '81!

Outside: Rectangular headlamps; bright moldings; recessed windshield wipers; bright roof drip moldings; new-style full wheel covers; rear-bumper-mounted tail and backup lamps; Caballero identification; double-panel construction of door, hood, front fenders, pickup box sides and tailgate; acrylic lacquer finish, bright chromed bumpers and more.

Inside: Full carpet floor covering; controlled power flow-through ventilation system; foam-cushioned seat; ashtray; heater/

defroster system; dual padded sunvisors; energy-absorbing steering column; new-style, color-coordinated instrument panel pad; anti-theft ignition key warning buzzer and steering column lock; and inside hood release.

Operating and chassis features: Tough exhaust system; Freedom II battery; Delcotron alternator; computer-selected, full-coil suspension system with wear indicator on front lower ball joints; self-adjusting, power assisted disc/drum power brakes with audible wear indicator, power steering and engine coolant recovery system.

Capacity: Caballero can carry a payload of 1,250 lbs.

NEW COMPUTER COMMAND CONTROL EMISSION SYSTEM

All 1981 engines for GMC Caballero are equipped with this exciting new computer-controlled system that reduces Caballero's emissions to the lowest level in GMC history. Space-age technology employs an on-board computer, an oxygen sensor, other engine sensors, and an electromechanical fuel metering system in the carburetor to control the ratio of fuel/air induction. The system is also engineered so the engine will continue to function in the event of a computer malfunction.

GM Continuous Protection Plan. This option offers service protection in addition to that provided by GM's new vehicle limited warranty. Ask your dealer about it. (Available only in USA and Canada during the 1981 model year.)

A WORD ABOUT ENGINES

GMC Caballeros are equipped with GM-built engines produced by various divisions. See your GMC Truck dealer for details.

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE GMC PRODUCTS

The GMC Caballeros described in this brochure are assembled at facilities of General Motors Corporation operated by GM Chevrolet Motor Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce GMC products with different components or differently sourced components than initially scheduled. All such components have been approved for use in GMC products and will provide the

quality performance associated with the GMC name.

With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your truck is built. Your dealer receives advice regarding current availability of options. You may ask the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your truck includes the optional equipment you ordered, or if there are changes that they are acceptable to you.

These vehicles are also available from Chevrolet dealer under the Chevrolet nameplate (Chevrolet El Camino).

GMC Caballero

GMC Caballero Amarillo

Tires are supplied by various tire manufacturers.

Caballero brings a bright styling flair into '81 with new exterior and interior colors, newly styled instrument panel, front end design and more. Read-on and see why it may be your pickup truck for '81!

CABALLERO AMARILLO

The definitive sport or executive pickup. Elegant two-tone paint in a choice of 15 luscious color combinations, plus bright paint-break moldings on the body sides and tailgate. Amarillo identification appears on the upper right tailgate.

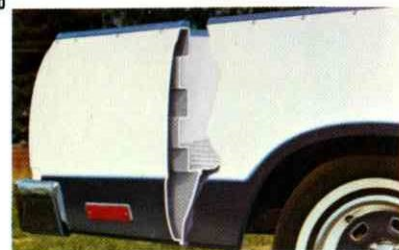

CABALLERO DIABLO

Exciting to look at . . . fun to drive . . . in-

terior luxury of a sporty car . . . that's GMC Diablo! Up front there's a newly styled chromed grille; the hood top displays a striking devil's head. Diablo identification appears on lower door panels, tailgate, and in Red lettering with devil's head on the instrument panel pad. Two-tone exterior in a choice of 15 color combinations; interiors are Dark Blue, Camel, or Maroon. Sport mirrors are upper body color. Rally wheels with a new-style GMC center emblem are standard.

CABALLERO PICKUP BOX

Double-wall construction helps keep minor

nicks or dents on the inner box from marring the outer finish. Up to 35.5-cu.-ft., 1,250-lb.-payload capacity. Box handles 4' x 8' panels . . . interior length is 6 1/2 feet.
