1.4L MultiAir® Turbo engine

Cabrio retractable soft top*

BeatsAudio™ Premium Sound System*

THE FIAT® 500 REVS THINGS UP FOR 2018 WITH THE 1.4L 16V MULTI-AIR® TURBO ENGINE THAT'S NOW STANDARD ON EVERY MODEL. CHARMING THE WORLD WITH ITS SIGNATURE ITALIAN MINIMALIST DESIGN, FIAT 500 IMPRESSES WITH INNOVATIVE COMFORT, STORAGE AND SAFETY FEATURES. THE POPULAR CABRIO OPTION LETS YOU EFFORTLESSLY DROP THE TOP TO INVITE THE SUN AND WIND ALONG FOR THE SPIRITED RIDE.

*Available.

135 HP

*ADD SOME TURBO
TO YOUR LIFE.*

New for 2018, the entire FIAT® 500 lineup will feature as standard, the innovative 1.4L 16V MultiAir® Turbo I-4 engine. This eyebrow-raiser produces 135 horsepower, 150 lb-ft of torque and heart-stopping bursts of acceleration — all while delivering up to 7.0 L/100 km highway/ 8.4 L/100 km city!*

7.0 L/100
KM HWY!
1.4L MULTI-AIR TURBO I-4

*A note about this brochure: all disclaimers and disclosures can be found on page 27.

500 Lounge shown in Luminosa Orange and 500 Pop shown in Metallo Grey.

*FAST, NIMBLE
AND FUN, THE
FIAT® 500 LINEUP
ALSO QUICKLY
CONVEYS TRUE
INDIVIDUALITY.*

Heading down the highway doesn't have to mean going mainstream, thanks to FIAT 500. With a minimalist Italian design philosophy that packs loads of personality per square inch, the 2018 lineup is enhanced with new standard features and improved power. Look for an aggressive lower front and rear fascia design, front fog lamps, Sport spoiler and side sills, performance brakes, sport-tuned suspension, rear back-up camera² and a 5-inch touchscreen with Bluetooth® on every model.

*MADE
YOU LOOK.*

*THE FIAT® 500
CABRIO LOUNGE:
WHERE THE
VENUE IS AS
IMPRESSIVE
AS THE SHOW.*

While the FIAT 500 Cabrio makes the most of the great outdoors by providing spectacular vistas, it also focuses inward to include driver and passenger amenities that make any trip special.

An innovative three-position power-folding retractable soft top opens on the fly — even at speeds up to 96 km/h. Its preset positions offer a range of stopping points from slightly open to fully dropped. This dual-layer cloth top is available in a choice of three colours — Nero, Beige and Bordeaux — improving views from both inside and out.

The Cabrio Lounge only adds to the splendour with the luxury of leather-trimmed seating, a leather-wrapped steering wheel, state-of-the-art technology, premium audio options and more. Clearly, this convertible doesn't just rely on good views alone.

IT'S EVEN MORE "YOU"

The collection of authentic Mopar® accessories will pack your FIAT® vehicle with even more punch. From custom graphics like the available Premier Edition Bodyside Stripe (shown) to unique wheels like the 16-inch Gloss Black Painted Wheel (shown) to equipment carriers and storage solutions, Mopar has what you need to get the most out of your vehicle. See a full listing of accessories at mopar.ca

*SMART
INTERIOR
SOLUTIONS
FOR BOTH
FRIENDS
AND FREIGHT.*

Properly secure all cargo.

Uconnect®

Uconnect® is an advanced multimedia system that gives drivers and passengers essential links to keep up with their changing-by-the-minute day — right from the seat of their FIAT® 500.

The Uconnect 3 — with a 5-inch touchscreen, Integrated Voice Command³ and Bluetooth® streaming audio — is standard on all models. With available SiriusXM satellite radio,⁴ get music, talk, sports, weather and traffic stations with a one-year trial subscription.

Superior sound options are generated either by the standard Alpine® Premium Audio System or the available BeatsAudio™ Premium Sound System, which features an 8-channel, 368-watt amplifier with BeatsAudio Digital Sound Processing (DSP), 1-inch tweeters in the A-pillars, two 6.5-inch woofers located in the doors and two 3.5-inch speakers in the rear quarter, and an 8-inch Dual-Voice Coil (DVC) subwoofer mounted in the trunk.

500 Lounge interior shown with Nero leather-trimmed seats.

*FIAT® 500 ABARTH®:
REVEL IN THAT
“SMALL BUT
WICKED” KARL
ABARTH RUSH.*

TRACK-WORTHY PERFORMANCE

True to the extraordinary vision of its namesake, Karl Abarth, this 500 demonstrates its extreme performance talents both on the track and the street. A short wheelbase and sport-tuned suspension work with a tight chassis to produce wonderfully aggressive handling. Every part of the 500 Abarth® framework melds with the road and shrugs off resistance air as it harnesses its turbo power. It's the latest generation of the race-ready Abarth vehicles that have established a roguish reputation and formidable marque ... behold the Scorpion.

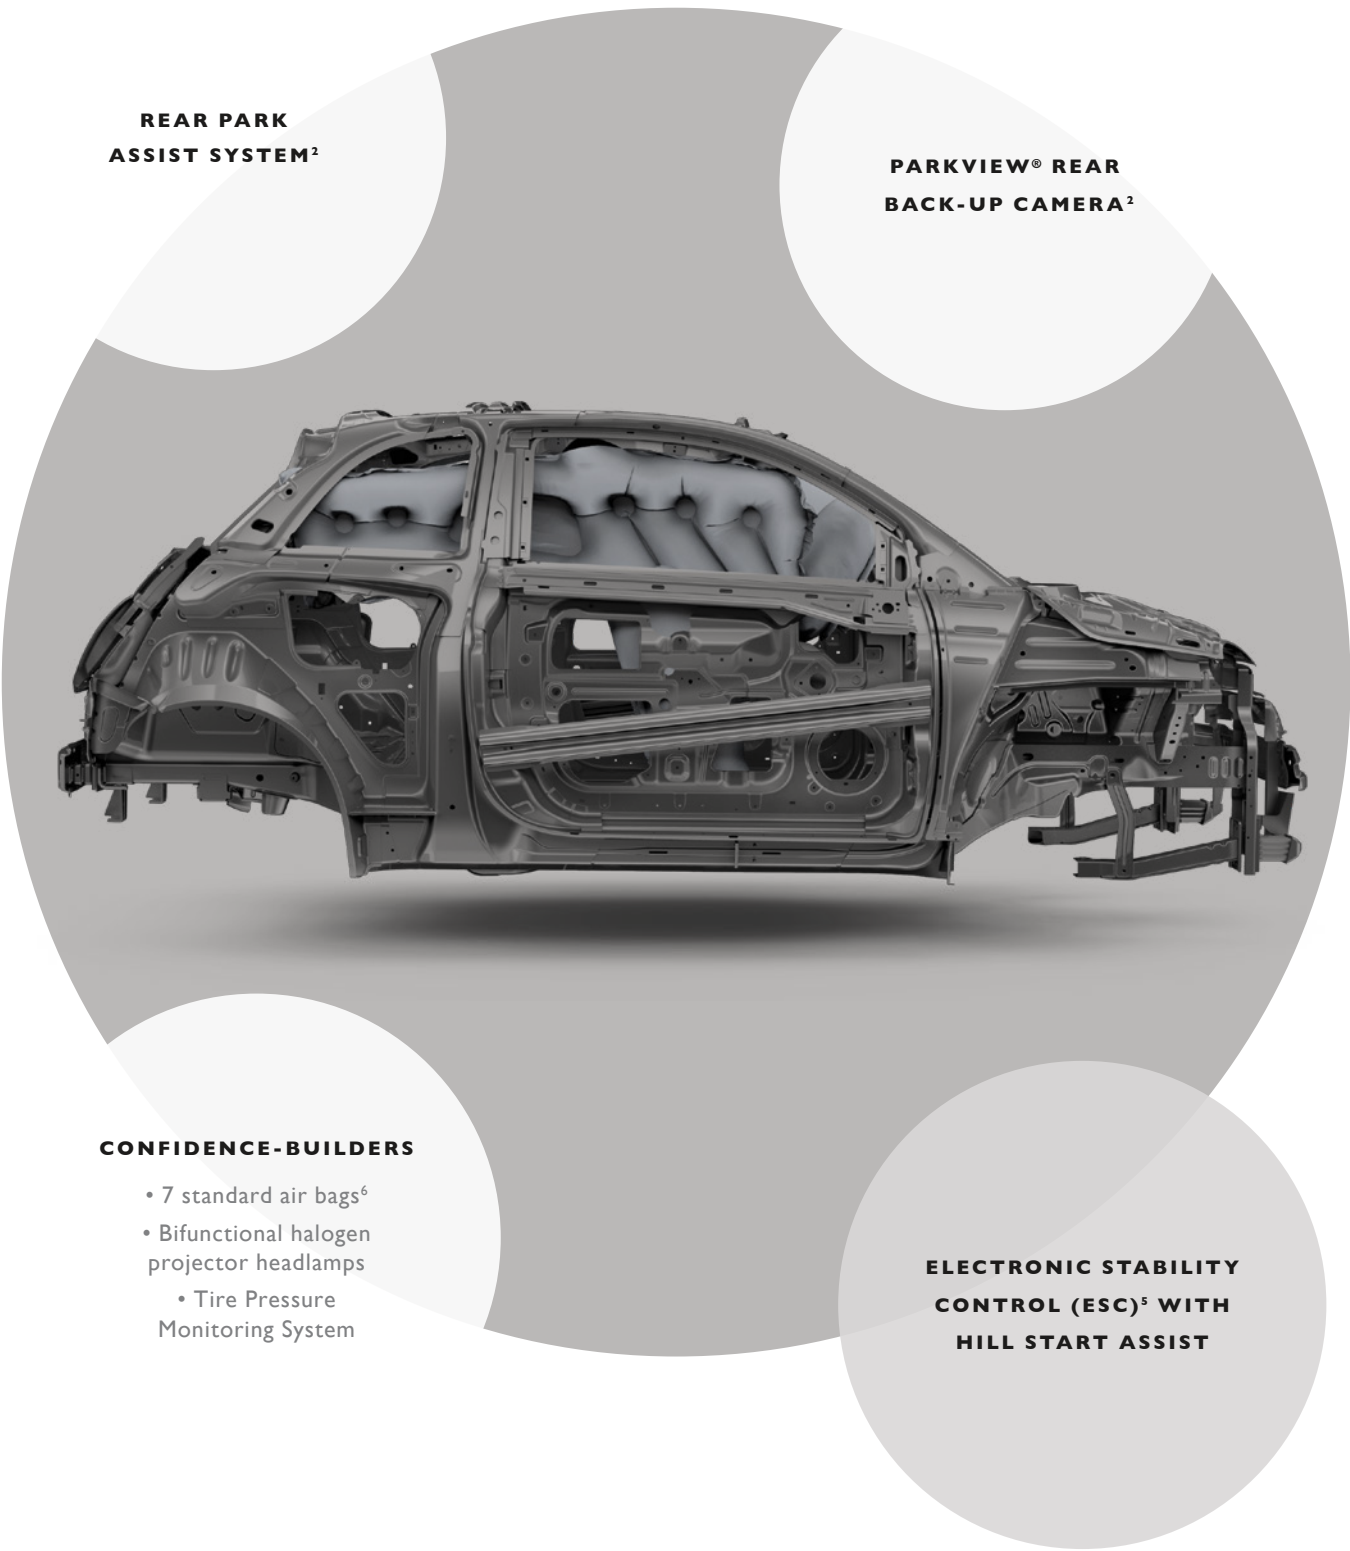

A DOMINANCE GENE

It was born from the vision of Karl Abarth almost a century ago. Now the latest generation of the FIAT® 500 Abarth® brings its own brand of outstanding performance, aggressive styling and technological advancement. A union of highly engineered components and exclusive design elements makes for track-worthy performance, on or off the course. Look to the available heavy-duty six-speed automatic transmission with Abarth-tuned Sport mode to provide a gutsy alternative to manual shifting.

When this groundbreaking automatic transmission is mated to the track-tested 1.4L MultiAir® Turbo engine, it kicks out 157 horsepower and 183 lb-ft of torque. Torque Transfer Control (TTC) is a dynamic feature that keeps all that power in check by transferring power to the drive wheels for improved at-the-limit handling. It operates in conjunction with the Electronic Stability Control (ESC)⁵ system to transfer torque from a front wheel that slips to one that grips.

Surroundings designed to reassure.

REAR PARK ASSIST SYSTEM²

PARKVIEW® REAR BACK-UP CAMERA²

CONFIDENCE-BUILDERS

- 7 standard air bags⁶
- Bifunctional halogen projector headlamps
 - Tire Pressure Monitoring System

ELECTRONIC STABILITY CONTROL (ESC)⁵ WITH HILL START ASSIST

Here are just some of the advanced FIAT 500 features that will offer extra peace of mind:

Electronic Stability Control (ESC)⁵

This feature assists drivers in maintaining control of their vehicles during extreme steering manoeuvres. Standard.

Rear Park Assist System²

When the vehicle is in Reverse, these available sensors detect objects in the rear pathway, providing an audible and visual warning. Available.

Remote Keyless Entry

Affords easy access by remotely locking and unlocking doors and turning on interior lamps. For vehicles equipped with the optional security alarm, this device also arms and disarms that system. Standard.

ParkView® Rear Back-Up Camera²

Provides a wide-angle view with dynamic grid lines on a colour touchscreen, aiding the driver when the vehicle is in Reverse. Standard.

7 Standard Air Bags⁶

Front, rear, side, knee and advanced multistage air bags all work together, providing encompassing protection.

Bifunctional Halogen Projector Headlamps

Provide more controlled illumination for increased visibility. Standard.

Front-Seat Reactive Head Restraints⁷

In the event of a rear collision, these restraints activate to help reduce injuries by minimizing the gap between the driver and front-passenger head restraint and the occupant's head. Standard.

Tire Pressure Monitoring System

Gives crucial, pinpointed information on the Electronic Vehicle Information Centre (EVIC) at the moment any tire pressure falls below safe driving criteria. Standard.

Hill Start Assist

Maintains brake pressure during stop/start moments to help prevent rollback — for a smooth start every time. Standard.

High-Strength Steel

An innovative safety cage body structure is made with high-strength steel to create energy-absorbing crumple zones. Standard.

THERE ARE A LOT OF REASONS WHY FIAT 500 LOOKS AND FEELS SO UNIQUE, NOT THE LEAST OF WHICH ARE THE CAREFULLY RESEARCHED MATERIALS THAT SERVE AS TOUCHPOINTS FOR DRIVERS AND OCCUPANTS. A MANDATE TO PROVIDE TACTILE AND DURABLE OPTIONS INSPIRED DESIGNERS TO OFFER A RANGE OF PREMIUM CLOTH AND LEATHER CHOICES. EACH ONE SERVES AS A POINT OF DIFFERENCE AND DELIGHT.

Grigio/Avorio cloth seats with Avorio headrests
