LAND ROVER DEFENDER NEW FEATURES FOR 2015

EXTERIOR DESIGN CHANGES

Brand new editions feature the availability of two stylish packs including the purposeful Black Design Pack and a Silver Design Pack.

INTERIOR DESIGN CHANGES

With even higher levels of quality materials and craftsmanship, 2015 will see the introduction of contrast leather premium seats. With Windsor leather inserts, these seats will be available in a choice of three colours; Ebony/Pimento, Ebony/Tan or Ebony/Lunar. To complete the look, when these seats are selected, the front centre stowage compartment will feature contrast leather highlights.

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Born of a lineage stretching back to the debut of the first Land Rover in 1948, today's Defender has capability at its heart and takes pride of place as the most capable and adaptable vehicle in the Land Rover range. Over six decades of experience in designing and building one of the world's most renowned four-wheel drive vehicles have shaped Defender.

ABOVE & BEYOND

> FIND A DEALERSHIP

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Immensely strong, Defender's chassis is probably the single most important component in the vehicle's design and contributes to its strength, capability, versatility and durability. The box section, ladder frame design is far stronger than an open channel design and more adaptable than a unibody design.

Defender's simple body architecture lends itself perfectly to functionality and versatility. It is available in thirteen body styles including Station Wagon, Hard Top, Pick Up, Double Cab Pick Up and Chassis Cabs with a choice of three different wheelbases (90, 110 and 130).

The lightweight aluminium body* not only helps to improve fuel consumption, it also increases payload, the vehicle's renowned capability and gives an optimum trade-off between form and function. Indeed, the corrosion-resistant aluminium body panels have evolved directly from those on the original 1948 Land Rover. Even the cargo bed is made of aluminium so it won't rust.

*Doors and bonnet are made from corrosion-resistant steel.

ABOVE & BEYOND

> FIND A DEALERSHIP

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Inspired by 21st century industrial design, the Defender fascia is simple, robust and practical but not without its creature comforts. Optional features include premium leather front seats, leather steering wheel and air conditioning. There is a choice of two entertainment systems, with the second system having the added benefit of Bluetooth® wireless connectivity with audio streaming. For a further enhanced in-car sound experience, an upgraded system with superior speakers and subwoofer (150W) is also available.

The legendary Land Rover Command Driving Position is now a central feature of every Land Rover vehicle. It gives greater visibility of the way ahead and the surrounding environment, adding to the driver's control and security.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under license.

Superb towing power. And the power to help keep occupants out of trouble. With a state-of-the-art 2.2 litre diesel engine with an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200rpm to over 4,350rpm, it provides maximum muscle for tough working environments.

ABOVE & BEYOND

> FIND A DEALERSHIP

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Specially developed for heavy-duty applications, Defender's six-speed transmission is light, strong and provides smooth on-road performance. With 12 forward gears across high and low ratios, whether towing, on-road or in rough terrain, you're always in command. Added to which, all Defenders have an impressive braked towing capacity of 3,500kg.

OVERVIEW

SPECIFICATION

ABOVE & BEYOND

> FIND A DEALERSHIP

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Defender has permanent four-wheel drive with the centre differential distributing torque evenly between front and rear axles to give optimum performance on all terrains. On tarmac, the vehicle's drive is composed and acceleration is assured. Defender comes with an ABS System featuring Electronic Traction Control and Dynamic Stability Control as standard.

ABOVE & BEYOND

> FIND A DEALERSHIP

> BUILD YOUR OWN

OVERVIEW

SPECIFICATION

Defender is designed to tackle extreme climbs and descents with ease. The engine's impressive 360Nm of torque can be fully utilised through the dual-range transfer box and six-speed gearbox. This provides an additional six forward and one reverse low-range gears for extreme conditions and gradients as steep as 45 degrees. What's more, the centre differential can be locked to help minimise wheel spin and maximise traction on slippery surfaces.

OVERVIEW

SPECIFICATION

Form follows function in the Defender interior. Tough working vehicles demand robust materials such as the scuff-resistant facia and durable seat coverings. The facia is a one-piece moulding for improved refinement, its distinctive lines providing Land Rover's traditional commanding view of the ground ahead.

The seats are arranged stadium style, their position maximising exterior vision and easing access. Designed to be comfortable and supportive whatever the task or terrain, each seat has a three-point safety harness, but can be folded to optimise the Defender's load-carrying versatility. There's space for smaller items too, in trays on the facia or between the front seats. The optional cubby box provides extra storage and includes two cup holders.

90 HT/PU* Two seats

Rear cabin line applicable to PU only

90 SW* Four seats

110 HT/PU/HCPU* Two seats

Rear cabin line applicable to PU only

110 SW/UW/DCPU* Five seats**

Rear cabin line applicable to DCPU only

110 SW* Seven seats** (optional extra)

Third row rear seats optional

130 DCHCPU* Five seats

HT = Hard Top PU = Pick Up HCPU = High Capacity Pick Up DCPU = Double Cab Pick Up SW = Station Wagon UW = Utility Wagon DCHCPU = Double Cab High Capacity Pick Up

*Optional Cubby Box shown.

**60:40 split folding middle bench seat (Station Wagon and Utility Wagon only).

Please note: Forward-facing seats can carry up to seven adults in comfort. A third row of seats is an optional extra on 110 SW derivatives, standard on 110 SW XS.

OVERVIEW

SPECIFICATION

TECHNICAL SPECIFICATION, PERFORMANCE AND KEY DATA

Vehicle Loading

Incorrect vehicle and trailer loading can give poor vehicle handling and braking performance and a generally unstable and inefficient vehicle.

Payload and Weight Distribution

A correct weight distribution is achieved by considering several simple points:

- Payload is calculated by GVW – EEC kerb weight and must not be exceeded
- This payload should be distributed as evenly as possible along the vehicle's loadbed length
- The height of the payload should be kept to a minimum to keep the centre of gravity as low as possible
- Additional effects of a trailer should be taken into consideration (see towing section below).

Please refer to the Weights table opposite and the dimensions section to assess the most appropriate vehicle configuration for the loads you are likely to carry.

Towing

Choosing the correct equipment

Land Rover offers a range of towing equipment to suit different applications, both as optional original equipment and accessories. Multi-height tow bars enable the tow ball to be fitted in three different positions to suit different trailer towing requirements.

Adjustable tow bars enable the tow ball to be readily adjusted to different heights and are suitable for users who are likely to tow a variety of different trailers, or where the rear height of the vehicle may vary significantly with different payloads.

Roof Racks

Any load on the roof of the vehicle will affect vehicle handling and significant or tall loads should be avoided. Land Rover recommends a maximum of 150kg including the roof rack. Land Rover Accessories and Land Rover Professional Vehicles offer a range of roof rack systems to ensure roof loads are carried as safely as possible.

Please refer to the accessories section of this brochure or your Land Rover Dealership for more information.

Engine and Transmission

2.2 LITRE DIESEL

ENGINE DATA

Location	Longitudinal
Capacity (cc)	2,198
No. of cylinders	4
Valves per cylinder	4
Cylinder layout	North-South
Bore (mm)	86
Stroke (mm)	94.6
Compression ratio (:1)	15.64
Cylinder head material	Aluminium
Cylinder block material	Cast Iron
Maximum power kW (PS) @ rpm	90 (122) @ 3,500
Maximum torque Nm @ rpm	360 @ 2,000

FUEL TANK CAPACITY	90	90 SW	110	130
Litres	60	60	75	75

FUEL ECONOMY	90	90 SW	110	130
Urban mpg (L/100km)	24.6 (11.5)	24.1(11.7)	20.8 (13.6)	20.8 (13.6)
Extra Urban mpg (L/100km)	31.0 (9.1)	30.1 (9.4)	29.1 (9.7)	29.1 (9.7)
Combined mpg (L/100km)	28.3 (10.0)	27.7 (10.2)	25.5 (11.1)	25.5 (11.1)
Drive by noise	75dB (A)	75dB (A)	75dB (A)	75dB (A)
CO ₂ Combined emissions (g/km)	266	269	295	295
Certifiable emissions	EU5	EU5	EU5	EU5
Maximum speed mph (kph)	90 (145)	90 (145)	90 (145)	90 (145)
Acceleration 0-60mph in seconds	14.7	14.7	14.7	15.7
Acceleration 0-100kph in seconds	15.8	15.8	15.8	17

The figures provided are as a result of official manufacturer's tests in accordance with EU legislation. A vehicle's actual fuel consumption may differ from that achieved in such tests and these figures are for comparative purposes only. Vehicles are not individually tested, and there are inevitably differences between individual vehicles of the same model. Furthermore, the incorporation of particular modifications, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance will all affect its fuel consumption.

OVERVIEW

SPECIFICATION

Whatever your sport, this collection of invaluable accessories converts your Defender to the ultimate sports vehicle and gives you all the extra storage space you need for your kit.

Side Protection Runners – Twin Tube*

VPLDP0006 – Stainless Steel – Defender 90

VPLDP0067 – Black Finish – Defender 110SW and Double Cab (not shown)

VPLDP0068 – Black Finish – Defender 90SW (not shown)

**Raised Air Intake
LR008383**

Ideal for dusty conditions, this raised air intake secures to the vehicle's 'A' post and also utilises the existing air intake vent fixings. Suitable for Td5, 2.4 and current 2.2 diesel engines.

Please note: Not compatible with SVX Soft Top model.

Sports Bar System
STC7582**

A high leg design which extends the carrying potential for a variety of equipment. The sports bars can accommodate a range of attachments, including roof boxes and special carriers for various sports equipment. Vehicle height when fitted 2,088mm (90SW) and 2,141mm (110SW). Maximum payload 75kg**.

Luggage Box
VPLVR0062**

Opens from both sides. Lockable for security. Volume 410 litres. Maximum payload 75kg**.

**Folding Side Step
STC7631**

Spring-loaded folding step helps makes access to the interior of your Defender easier. Supplied with fitting kit. For all Defender models.

Rear Step Bumper

Makes access to the loadspace easy as well as helping to provide added protection from minor knocks, and also incorporates a dual height tow bracket.

STC50269AA – Defender 90

STC50301 – Defender 110 (not shown)

*Maximum permissible load capacity minus the weight of the roof mounted accessory.

**Sports Bar System (STC7582) is required for all Land Rover roof-mounted accessories.

OVERVIEW

SPECIFICATION

If you need your Defender to be ready for the toughest tasks, you'd do well to order this collection of accessories which includes a powerful winch and essential floodlight.

**9.5CTI Electric Winch
VPLDP0113**

Rated capacity of 9,500lb/4,310kg. 38 metres x 8mm diameter wire rope. This powerful electric winch is designed to fit easily to the front of your Defender, even if the air conditioning option is fitted. Offering maximum reliability for all general winching and self recovery requirements, the winch is available as a complete vehicle kit, ensuring specification and installation are straightforward.

Chequer Plate Protection Kit

Features sill edge and rear corner protectors and two front bumper step plates.
STC50245 – Defender 90SW, Silver
STC50381 – Defender 110SW – except HCPU – Silver (not shown)
Please note: Front bumper step plates are not compatible with PIAA Driving Lamp Kit (LR006815).

Wing Top Protectors

Manufactured in an aluminium chequer plate design, these enable access to roof racks and a potential viewing height advantage.
LR005230 – Silver (2007 Model Year vehicles onwards)

**Worklight
RTC8921AA**

Enables your Defender to provide floodlight style illumination when working in reduced lighting conditions. Fits both 90 and 110 models. Switches, cables and brackets are supplied in the kit.

**A-Frame Protection Bar – Non winch version
VPLPP0060†**

**A-Frame Protection Bar – Winch version (not shown)
VPLPP0061†**

Manufactured from durable polymer, suitable for models with or without air conditioning.

**Front Mudflaps
RTC9479**

Heavy duty moulded Mudflaps reduce spray and help protect vehicle paintwork. Mudflaps, front pair for 90 and 110 models only.

†Compliant to EEC Directive 2005/66.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailer within one month or 1,600 kilometres/ 1,000 miles (whichever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Retailer.

Castrol EDGE Professional exclusively recommended by Land Rover.
