### TOURAN

#### FOR EVERYONE AND EVERYTHING.

Life is about choices and the Touran gives you the freedom to make choices. The spacious interior, versatile seating combinations and multiple storage compartments give you room to be flexible and mean that you're always ready for anything. The Touran's contemporary exterior

is handsome, dynamic and sporty, clearly showing off the new face of Volkswagen, giving you a car that is both versatile and good-looking. The Touran is a car made for everyone and everything.

# SEATS THAT BEND OVER BACKWARDS FOR YOU.

\* All models come standard with a multi-function steering-wheel.

With its incredibly spacious interior, abundance of storage compartments and versatile seating arrangements, including a 7-seater option, the Touran has space for everything. Whether you're carrying the whole family and some friends, or all the bits and pieces you need for a

long vacation, you'll find it all fits in, with ease. All three seats in the middle row can be easily adjusted, moved forwards and backwards, folded down or completely removed if necessary. The middle seat in the second row folds flat and has a robust plastic back with a protective

In total, the Touran offers numerous different seating

luggage space, depending on your seating arrangement. Now that is versatility!

## SUNNY DAYS.

#### IT'S PRACTICALLY STUNNING.

From the first glance, it is clear that the Touran is a harmonious blend of elegant design and a functional use of space. With its distinctive new chrome-plated radiator grille featuring the new face of Volkswagen, the Touran's dynamic new look is stylish and sporty.

The rear of the Touran has been remodelled to reflect more contemporary styling. A body-coloured bumper, gently curved tail gate and integrated roof spoiler contribute towards a more defined body, enhancing the car's exterior dynamics. The new, two part tail-lights

complete the rear styling, adding a refined touch to the overall appearance.

#### **BLUE SKY DAYS.**

The spacious interior of the Touran is nicely complemented by the optional panoramic glass sunroof that gives you an uninterrupted view of the sky above. It fills the cabin with natural light and adds an extra dimension to the considerable space inside. The sunroof is easily operated from the ergonomically located control panel and includes a wind deflector, that allows you to enjoy the sun and fresh air at higher speeds. If you want to stay out of the sun, but still enjoy the fresh air, then you simply close the built-in roller blind when the sunroof is open.

#### SPACE IS ITS OWN LUXURY.

The Touran is comfortable, spacious and versatile.

Inside you'll find a luxurious, premium quality interior,
conveniently located storage compartments and
controls, and only the highest quality materials.

From the refined seat upholstery, to the robust and

soft-touch plastics, you'll find that the Touran doesn't compromise when it comes to quality. Adding to your driving pleasure are standard features such as a 3-spoke leather multi-function steering-wheel, height and reach adjustable steering column, onboard computer, RCD-310

radio/MP3 with an eight speaker sound system, 'Climatic' air conditioning, front centre armrest and cruise control.

## LIVE, WORK AND PLAY.

#### PUSH THE BUTTON.

Now you can please the whole family with the 'Climatronic' air conditioning system (standard on the 1.4 103kW TSI Highline). It creates individual comfort zones within the car, allowing you to control the temperature and air supply in each climatic zone. The temperature can be set on the display for precise climate

control, while quality sensors measure the quality of outdoor air and, if necessary, switch on recirculation mode to prevent polluted air entering the cabin. Gone are the days of struggling into tight parking spots. The innovative optional "Park Assist" programme (only available in 1.4 TSI 103kW Highline) takes all the

stress out of parallel parking by automatically sensing parking spots as you drive and then manoeuvring your car into the bay automatically. All you need to do is take your hands off the steering-wheel, control the accelerator and brake and clutch when necessary. Rear Park Distance Control is optional across the Touran

range. The optional Bi-Xenon headlights with LED daytime running lights and dynamic cornering lights let you know what's around the corner before you take it (only available in 1.4 TSI 103kW Highline).

#### THINK GREEN. LESS IS MORE.

You don't have to sacrifice your love of driving for an environmentally friendly car. The new 1.2 77kW TSI engine uses the genius of TSI technology to give you reduced fuel consumption and lower CO<sub>2</sub> emissions, just 149 g/km, without having to compromise on engine performance. The 2.0 TDI model is responsive with an

efficient common rail injection engine. The new common rail TDI engine is better for you and the environment, using less fuel and producing lower emissions whilst maintaining the high torque and excellent driveability for which Volkswagen TDI technology is renowned.

#### SAFETY FIRST, SECOND AND THIRD.

Engineered to be one of the safest People Movers on the road, there is no compromise when it comes to safety in the Touran. In the second row, all three seats have head restraints and three-point inertia-reel safety belts and two seats have ISOFIX attachments for easy and secure mounting of child seats. The versatile

braking assist systems, such as ABS (Anti-Lock Braking System), EBD (Electronic Brake-force Distribution), ASR (Anti-Spin Regulation), EDL (Electronic Differential Lock) and hill-hold control, work seamlessly with the Electronic Stabilisation Programme to correct oversteer and understeer and prevent any loss of control

With head restraints and three-point intertia-reel safety belts, you'll be firmly secured in the Touran.

The Touran's daytime running lights and Bi-xenon headlights with cornering lights will make sure you see every danger on the road

#### THINK TOMORROW. THINK BLUE.

In a world where environmental issues have become everyone's concern, it's important that we all do our bit to be kinder to the environment. This is the philosophy behind Volkswagen's Think Blue campaign. Pioneering technologies like Turbo Stratified Injection (TSI), Direct Shift Gearbox

(DSG)<sup>®</sup> and Turbocharged Direct Injection (TDI) are the pillars of Think Blue – Volkswagen's vision of creating efficient and sustainable vehicles for all. In the Touran, the engineering dynamics employed in common rail diesel injection technology produces cleaner, more refined and efficient

combustion, for improved performance and fuel consumption. There's no need to choose between performance and economy; the 2.0 TDI engine has less of an impact on the environment and is kinder to your pocket. Best of all, this engine offers outstanding performance and value for money.

Economical fuel consumption, longer service and maintenance intervals and lower emissions all combine to keep running costs low and contribute to a better tomorrow for all.

Think Blue.

#### DAS AUTO. THE CAR.

Only when a car defines an era. Only when a car becomes a way of life. Only when a car gives its name to an entire generation. Only when a car possesses both size and stature. Only when a car provides a

home for the whole family. Only when a car invites everyone to share its innovations. Only when a car creates technologies that break new ground. Only when a car delivers a miracle of performance.

Only when today's car is already anticipating tomorrow. Only then can it be called *The* Car (Das Auto). The Touran is the ultimate expression of Das Auto – redefining the multi-purpose vehicle and offering

customers world-class quality, safety, technology and performance. That's why it's *The* Car for people going places. Touran. For everyone and everything.
