M5 HIGHLIGHTS

MUSCULAR STANCE.

The rear styling of the M5 Competition delivers a statement like no other through the use of clean horizontal lines and a prominent rear diffuser that houses the colossal (85mm) quad tailpipes finished in High-gloss Black.

POWERFUL EXPRESSION.

The revised grille is now connected by a seamless one-piece frame finished in High-gloss Black. The purposely angled double-slat kidney bars are also finished in Black crowned with the 'M5 Competition' signature emblem.

CLASSY CARBON.

The contoured body lines flow seamlessly into the striking, aero-optimised Carbon Fibre (CFRP) roofline then down through to the sculptured M Sport rear spoiler.

FINGERTIP CONTROL.

The Double-spoke design M leather steering wheel includes multifunction buttons, the M emblem, chrome detailing, M1 and M2 buttons and an integrated driver-side airbag. Featuring a steering wheel rim in black leather with colour contrast stitching and contoured thumb rests, it feels great in the hand.

INTELLIGENT INSTRUMENTS.

The M specific instrument cluster allows you to display additional information for particularly sporty driving. If you have selected the TRACK driving mode for race track use, you can view the boost pressure, tyre pressures and temperatures as well as the G-force of lateral and longitudinal acceleration on the instrument cluster.

THE BMW CONNECTED DRIVE

DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the BMW Connected app and shared with family and friends. The term is one year.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

CONNECTED PACKAGE PROFESSIONAL

Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

THE INTELLIGENT ALL-WHEEL DRIVE SYSTEM FROM BMW

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

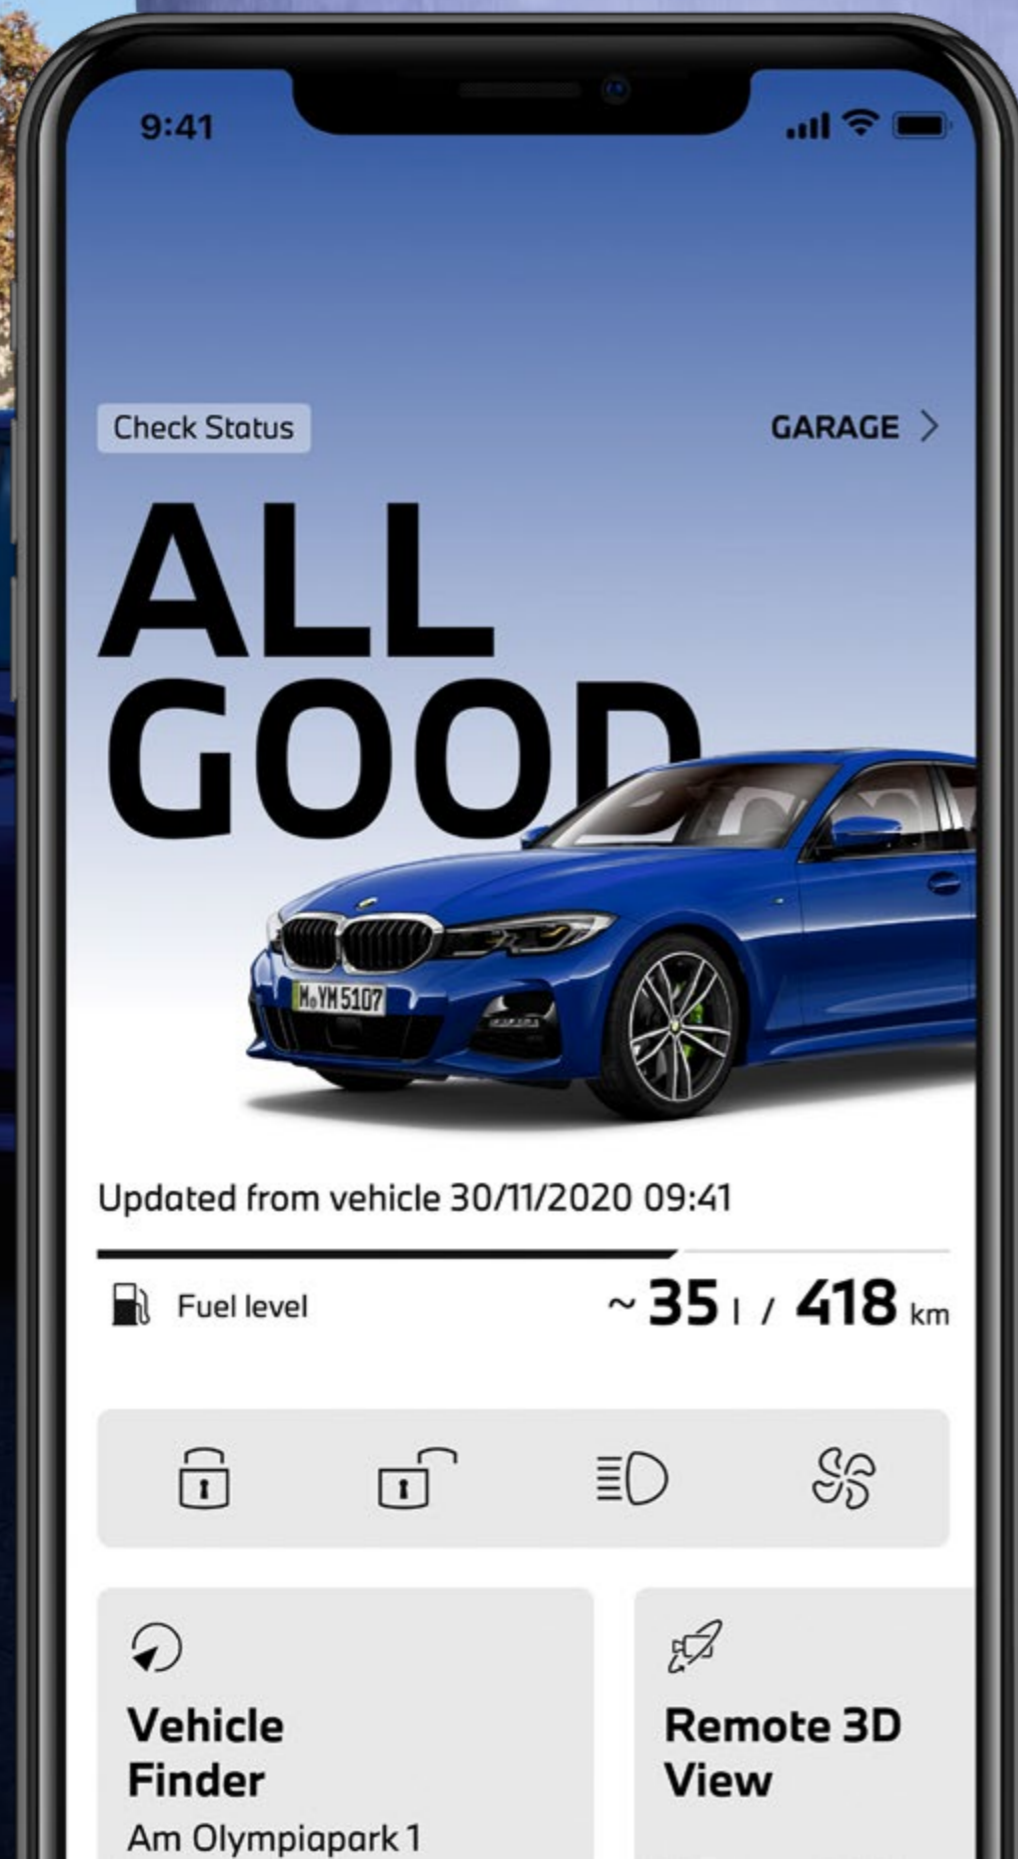

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

STANDARD
EQUIPMENT

STANDARD EQUIPMENT

M5 PURE EDITION

ENGINE, POWERTRAIN AND TECHNOLOGY

- 8-speed automatic sport transmission, Steptronic
- Brake Energy Regeneration
- Dynamic Damper Control
- Integral rear axle
- Gearshift paddles on the steering wheel
- M Servotronic
- M TwinPower Turbo 8-cylinder petrol engine
- M xDrive, all-wheel drive system
- Preparation for tow bar
- Start/Stop button

- Speed Limit Info
- Steering and lane control assistant

STANDARD EQUIPMENT

CONNECTED DRIVE FEATURES

- Connected Package Professional incl. Remote Services*, Real Time Traffic Information (RTTI)* and Apple CarPlay/Android Auto, ConnectedDrive Services* incl. BMW Connected+ and includes free usage of vehicles apps via BMW Online (News and Weather) Connectivity via in-built SIM card, 4G LTE network compatible
- Intelligent Emergency Call TeleServices (*3 year subscription)

INTERIOR DESIGN, COMFORT AND EQUIPMENT

- Additional 12V power socket
- Automatic air conditioning with 4-zone control
- BMW Individual headliner Alcantara anthracite
- Comfort Access System, keyless entry
- Door Sill Strips illuminated, with M5 lettering
- Floor mats in velour
- Interior trim finishers Aluminium Carbon structure dark with highlight trim finisher Chrome dark
- M leather steering wheel
- M multifunctional seats for driver and front passenger
- M seat belts
- Roller sunblinds for rear side windows (mechanical) and rear window (electric)
- Seat adjustment, electric, with memory
- Seat heating for driver and front passenger
- Soft-Close function for doors

- Through-loading system
- Upholstery in Full leather 'Merino'

M5 COMPETITION

IN ADDITION TO M5 PURE EDITION

- 20" M light alloy wheels Double-spoke style 706 M
- Ambient Air Package
- BMW Individual Lights Shadow Line
- Carbon engine cover
- Ceramic surround for controls
- M multifunctional seats with ventilation and massage function
- Seat heating, rear
- Special badging and door sills
- Steering wheel heating

OPTIONAL EQUIPMENT

			M5 Pure	M5 Competition
1MD	M CARBON ENGINE COVER Made painstakingly by hand from Carbon-fibre reinforced plastic (CFRP), the M Carbon engine cover gives the M5 an individual, motorsport and high-quality look.	\$2,500	<input type="radio"/>	<input checked="" type="radio"/>
248	STEERING-WHEEL HEATING	\$500	<input type="radio"/>	<input checked="" type="radio"/>
2NK	M CARBON CERAMIC BRAKE An advanced motorsport derived braking system. Powerful braking performance is complimented by aesthetic appeal with perforated brake discs housed behind a unique calliper finished in matt Gold, with M lettering at the front. <small>Dependent on conditions and usage, features specific to the materials used can lead to operational noises particularly in wet conditions just before the vehicle comes to a halt. The impact of moisture and road salt can cause the braking action to be equivalent to a conventional brake system. This can for a short time be experienced as a reduction in braking action and can be balanced out by greater pressure on the pedal where necessary.</small>	\$15,000	<input type="radio"/>	<input type="radio"/>
3AC	TOWBAR, ELECTRICALLY FOLDING The towbar with electrically adjustable tow ball is extremely easy to fold under the rear apron, where it is not visible during rides without a trailer. This feature also includes trailer stability control. The maximum trailer load is 2,000kg	\$2,400	<input type="radio"/>	<input type="radio"/>
3M5	M COMPOUND BRAKE, RED HIGH-GLOSS Thanks to the use of various materials, the M Compound brakes achieve outstanding deceleration values and are extremely stable and highly durable.	NCO	<input type="radio"/>	<input type="radio"/>
3M6	M COMPOUND BRAKE, BLACK HIGH-GLOSS Thanks to the use of various materials, the M Compound brakes achieve outstanding deceleration values and are extremely stable and highly durable.	NCO	<input type="radio"/>	<input type="radio"/>
3MF	BMW INDIVIDUAL LIGHTS SHADOWLINE The BMW Individual lights Shadowline include a Black border above the headlights, creating an unmistakable design.	\$700	<input type="radio"/>	<input checked="" type="radio"/>
3MQ	BMW M 50 YEARS BADGING EMBLEMS To celebrate 50 Years of BMW M – special commemorative badging applied to bonnet, tailgate and wheel centre caps <small>*Only available until February 2023 production</small>	NCO	<input type="radio"/>	<input type="radio"/>
403	GLASS ROOF, ELECTRICAL with electrically operated headliner Not in conjunction with Carbon fibre roof	NCO	<input type="radio"/>	<input type="radio"/>

OPTIONAL EQUIPMENT

			M5 Pure	M5 Competition
453	ACTIVE SEAT VENTILATION IN THE FRONT SEATS Ventilation of seat base and seat backrest.	\$1,500	<input type="radio"/>	<input checked="" type="radio"/>
4HA	SEAT HEATING FRONT AND REAR makes for comfortably warm seats in cool temperatures	\$800	<input type="radio"/>	<input checked="" type="radio"/>
4M8	BMW INDIVIDUAL REAR-SEAT READING LIGHTS Two reading lights, adjustable by cardan joint, in the headliner	\$800	<input type="radio"/>	<input type="radio"/>
4NM	AMBIENT AIR PACKAGE Two selectable scent cartridges in the glove compartment, durability approx. six months with average use. Can be ordered via BMW accessories.	\$750	<input type="radio"/>	<input checked="" type="radio"/>
4T7	MASSAGE FUNCTION FRONT Eight massage programs, each with three intensity levels for muscle activation and relaxation	\$1,750	<input type="radio"/>	<input checked="" type="radio"/>
4U0	GALVANIC EMBELLISHER FOR CONTROLS	NCO	<input type="radio"/>	<input type="radio"/>
4U1	CERAMIC SURROUND FOR CONTROLS Details in ceramic: gear selection lever, surround for iDrive controller, audio and A/C controls	\$1,000	<input type="radio"/>	<input checked="" type="radio"/>
4UY	SKI AND SNOWBOARD BAG The Ski and snowboard bag makes it possible to transport skis or snowboards cleanly and safely. Practical carabiner ensure that it is securely fastened. The bag can be easily removed and used outside the car.	\$800	<input type="radio"/>	<input type="radio"/>
601	TV FUNCTION Enables the reception of digital broadcasts when the car is stationary.	\$2,500	<input type="radio"/>	<input type="radio"/>
6FH	REAR-SEAT ENTERTAINMENT PROFESSIONAL 2 tiltable independent 10.2" screens in the rear.	\$5,000	<input type="radio"/>	<input type="radio"/>

BMW OFFERS & SERVICES.

BMW GROUP FINANCIAL SERVICES

BMW Group Financial Services is your one stop shop for all your Finance, Leasing and Insurance needs.

Each BMW dealership has a dedicated Business Manager who can put together a tailored finance and insurance package, to make getting into your next BMW even easier.

Speak to your Business Manager today about our Finance and Insurance products.

GENUINE BMW SERVICE

Quality and safety are the essence of a Genuine BMW Service. When you buy a BMW, you can look forward to superb service and comprehensive customer care.

FURTHER INFORMATION ON CO₂ DATA

The values of fuel consumptions, CO₂ emissions and energy consumptions shown were determined according to the European Regulation (EC) 715/2007 in the version applicable at the time of type approval. The figures refer to a vehicle with basic configuration in Germany and the range shown considers optional equipment and the different size of wheels and tires available on the selected model.

The CO₂ efficiency specifications are determined according to Directive 1999/94/EC and the European Regulation in its current version applicable. The values shown are based on the fuel consumption, CO₂ values and energy consumptions according to the NEDC cycle for the classification.

When charging times are shown they can be affected by a number of factors such as type of charger, voltage supplied to the charger/car and type of current (AC or DC) supplied to the charger/car. The car also plays a role in charging times as it can be set by the driver to accept various different amperage and should preconditioning be used to heat or cool the vehicle while charging this will also affect the charging time.

The basis for the calculation of the charging times for 100 km range is the electric consumption of the vehicle based on the use of a high-Powered Charging station (HPC) or charging type and current as indicted in the literature above. The testing procedure measures are based on a 23 degrees Celsius battery start and ambient temperature with certification values excluding additional auxiliary consuming devices and systems within the vehicle such as seat heating, displays, air conditioning.

Individual consumption (fuel economy) may differ due to driving profile, vehicle load profile, auxiliary consumer usage, temperature, and ambient conditions. Consumption is based on WLTP or NEDC (whichever is indicated) best case conditions and is independently tested for BMW Group. If you are comparing this range with other models or brands make sure they are stating the same WLTP or NEDC testing regime. These results can be used to compare vehicles on a close to "like for like" basis but are unlikely to be achieved in real world conditions for reasons including temperature variation, driving conditions and the use of the auxiliary systems referred to above.

Information provided and images displayed in this brochure include overseas models and may show some features not available in New Zealand. Please contact an authorised BMW dealer for specific information on vehicles and features available in New Zealand. Product changes may have been made since production of this content.

Note: To obtain NZ CO₂ figures for vehicles imported by BMW Group NZ in relation to the NZ Clean Car discount or "FeeBate" you will need to contact your preferred dealer. The Clean Car discount figures sourced from your dealer will differ from those listed in the BMW owner's handbook and reported figures as they have been converted by the NZ government to WLTP3 from figures derived through one of the following testing procedures: WLTP4 or NEDC.

For more information on the New Zealand Clean Car Programme, please visit www.nzta.govt.nz/vehicles/clean-car-programme
